The areas described aggregate 2,762.73 acres.

The lands are primarily suitable for grazing.

No applications for these lands may be allowed under the homestead, small tract, desert-land, or any other nonmineral public-land laws, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 662a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Portland, Oregon, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Portland, Oregon.

WILLIAM ZIMMERMAN, JR., *Acting Director.*

[Docket No. G-1436]

MANUFACTURERS LIGHT AND HEAT CO. ET AL.

NOTICE OF APPLICATION

JULY 17, 1950.

In the matter of the Manufacturers Light and Heat Company, Natural Gas Company of West Virginia, Cumberland and Allegheny Gas Company, Home Gas Company; Docket No. G-1436.

Take notice that the Manufacturers Light and Heat Company (Manufacturers), a Pennsylvania corporation, the Natural Gas Company of West Virginia (Natural Gas), a West Virginia corporation, Cumberland and Allegheny Gas Company (Cumberland), a West Virginia corporation, and Home Gas Company (Home), a New York corporation, all with principal offices at Pittsburgh, Pennsylvania, filed on July 3, 1950, a joint application for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing applicants to construct, operate and retire certain natural gas transmission pipeline facilities described in the application.

The application covers 19 miscellaneous items of improvements and abandonments over the system of the Pittsburgh group of operating companies of the Columbia Gas System. The proposed improvements are designed to adjust the system to changes in sources of supply of gas, to provide more flexible operating conditions, to eliminate certain items of outmoded equipment, to provide more adequate, reliable and increased service to present consumers, and to increase deliveries to Home Gas Company for service to a new market.

Manufacturers proposes to install 10 items of new facilities, the aggregate cost of which is estimated at $1,313,900. Three new connections to the Buffalo extension of the Tennessee Gas Transmission Company now under construction are proposed aggregating 6.54 miles of 8 and 16-inch pipelines, including 5.7 miles of 8-inch line for improvement of service to New Castle, Pa. Seven proposed items cover 37.4 miles of 4-, 6-, and 8-inch pipeline installations designed to improve service to York, Gettysburg, Hanover, Waynesboro, and Bradford, Pennsylvania, Calcutta and East Liverpool, Ohio, and New Martinsville, West Virginia. Two compressors aggregating 1,000 horsepower are proposed to be installed at the Eagle Compressor Station to improve deliveries to the Home Gas Company in the Port Jervis area.

Manufacturers proposes to retire a total of 7.8 miles of 4- to 10-inch field lines in McKean and Elk Counties, Pa., compressors aggregating 650 horsepower at the McKinely Compressor Station and 320 horsepower at Rimersburg Compressor Station. These abandonments are occasioned by depletion of local wells.

Natural Gas proposes to install facilities estimated to cost $110,400 including one mile of 8-inch connection with the new Tennessee Gas Transmission Company line in Columbiana County, Ohio, and 3.53 miles of 6- and 8-inch pipelines designed to improve service to Salem, Alliance, Sebring, Beloit and neighboring communities in Ohio.

Cumberland proposes to install facilities estimated to cost $230,200 including 10.3 miles of 6- and 8-inch pipeline connection to the new Cobb-Rockville supply line of the Atlantic Seaboard Corporation for the improvement of service on the central part of its system, and the installation of a 65 horsepower compressor near Rowlesburg, West Virginia, for the purpose of improving service to Kingwood and Albright, West Virginia.

Home proposes to install metering and regulating facilities near Ramapo, New York, costing $16,000 for the purposes of selling gas to Rockland Gas Company for resale in Sloatsburg, Tuxedo and other communities in New York now being served with bottled gas. Estimated demands of this new market are stated to be 351 Mcf. on a peak day and 43,291 Mcf annually.

The estimated cost of the total program aggregating $1,670,500 is expected to be financed by the parent company, the Columbia Gas System, Inc., with the exception of Home's construction estimated to cost $16,000, which will be financed from funds on hand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 4th day of August 1950. The application is on file with the Commission for public inspection.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 9683]

STATION KFTM

ORDER DESIGNATING REVOCATION OF LICENSE FOR HEARING

In the matter of revocation of license of station KFTM, Fort Morgan, Colorado.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 6th day of July 1950;

The Commission having under consideration a request for hearing filed on June 5, 1950, by Robert Dolph and Robert McCollum, d/b as The Fort Morgan Broadcasting Company, requesting a hearing in accordance with section 312 (a) of the Communications Act of 1934, as amended, upon the Commission's order of revocation adopted with respect to station KFTM on May 23, 1950; and

It appearing, that the action of this Commission in suspending its order of revocation in the above entitled proceeding, and ordering a hearing thereon, is not a finding that any present operation of station KFTM is in accordance with the Communications Act or the rules and regulations of this Commission;

It is ordered, That, pursuant to section 312 (a) of the Communications Act of 1934, as amended, the above entitled matter is designated for hearing, on all matters pertinent to Commission's order of revocation, dated May 23, 1950;

It is further ordered, That the said hearing shall be held commencing at 10:00 a. m., September 20, 1950, at Fort Morgan, Colorado, before Commissioner George E. Sterling, presiding Commissioner.

Released: July 14, 1950.

STATION WXLT

ORDER DESIGNATING REVOCATION OF LICENSE FOR HEARING

In the matter of revocation of license of station WXLT, Ely, Minnesota.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 6th day of July 1950;

The Commission having under consideration an application filed May 31, 1950, by the Ely Broadcasting Company, requesting a hearing, under the authority of section 312 (a) of the Communications Act of 1934, as amended, upon the Commission's order of revocation adopted with respect to station WXLT on May 23, 1950; and

It appearing, that the parties presently in control of the Ely Broadcasting Company and station WXLT were operating the station in contravention of section 301 of the Communications Act of 1934, as amended, in that they acquired such control without the written consent of the Commission, as required by section 310 (b) of the Communications Act of 1934, as amended; and

It further appearing, that in view of the above facts the Commission on May 23, 1950, ordered the parties in control of the station to cease their illegal operation; and

It further appearing, that in view of the above facts the Commission is not satisfied that the application filed by the Ely Broadcasting Company is legally sufficient under section 312 (a) of the Communications Act of 1934, as amended, inasmuch as the parties now controlling the corporation attained such control without the consent of the Commission; and

It further appearing, that because of practical difficulties no individual may be in a position to request a hearing in

the proceeding, and that the Commission is of the opinion that a hearing should be afforded the parties upon the revocation of license of station WXLT; and

It further appearing, that the action of this Commission in suspending its order of revocation in the above-entitled proceeding, and ordering a hearing thereon, is not a finding that any present operation of station WXLT is in accordance with the Communications Act or the Rules and Regulations of this Commission;

It is ordered, On the Commission's own motion, that pursuant to section 312 (a) of the Communications Act of 1934, as amended, the above-entitled matter is designated for hearing, on all matters pertinent to Commission's order of revocation, dated May 23, 1950, and further, upon the following issue:

1. To determine whether the application filed on May 31, 1950, by the Ely Broadcasting Company is legally sufficient under the provisions of section 312 (a) of the Communications Act of 1934, as amended, to suspend our order of revocation, dated May 23, 1950; and

It is further ordered, That the said hearing shall be held commencing at 10:00 a. m., September 27, 1950, at Ely, Minnesota, before Commissioner George E. Sterling, presiding Commissioner.

Released: July 14, 1950.

[Docket No. 5773]

APPLETON-CENTURY-CROFTS, INC.

ORDER APPOINTING TRIAL EXAMINER AND FIXING TIME AND PLACE FOR TAKING TESTIMONY

This matter being at issue and ready for the taking of testimony and the receipt of evidence, and pursuant to authority vested in the Federal Trade Commission,

It is ordered, That Frank Hier, a Trial Examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony and the receipt of evidence begin on Monday, September 25, 1950, at two o'clock in the afternoon of that day, e. d. s. t., in Room 500, 45 Broadway, New York, New York.

Upon completion of the taking of testimony and receipt of evidence in support of the allegations of the complaint, the Trial Examiner is directed to proceed immediately to take testimony and evidence on behalf of the respondent. The Trial Examiner will then close the taking of testimony and evidence and, after all intervening procedure as required by law, will close the case and make and serve on the parties at issue an initial decision which shall include findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and an appropriate order; all of which shall become a part of the record in said proceeding.

Issued: July 13, 1950.

VOLUME 15 NUMBER 141

Washington, Saturday, July 22, 1950

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10144

AMENDMENT OF EXECUTIVE ORDER NO. 10062 OF JUNE 6, 1949,[1] ESTABLISHING THE POSITION OF UNITED STATES HIGH COMMISSIONER FOR GERMANY

By virtue of the authority vested in me by the Constitution and the statutes, and as President of the United States and Commander in Chief of the armed forces of the United States, Executive Order No. 10062 of June 6, 1949, entitled "Establishing the Position of United States High Commissioner for Germany", is hereby amended as follows:

1. The following paragraphs are added to the said order at the end thereof:

"5. The High Commissioner, as representative of the United States, shall share the four-power responsibility for the custody, care, and execution of sentences and disposition (including pardon, clemency, parole, or release) of war criminals confined in Germany as a result of conviction by the International Military Tribunal, Nuremberg, and shall be responsible for the custody, care, and execution of sentences and disposition (including pardon, clemency, parole, or release) of war criminals confined in Germany as a result of conviction by military tribunals established by the United States Military Governor pursuant to Control Council Law No. 10.

"6. The Commander in Chief, European Command, shall be responsible for the custody, care, and execution of sentences and disposition (including pardon, clemency, parole, or release) of war criminals confined in Germany under sentences adjudged by military tribunals established by United States Military Commanders in Germany and elsewhere, other than those referred to in paragraph 5 hereof. On the request of the High Commissioner, the Commander in Chief, European Command, shall take necessary measures for carrying into execution any sentences adjudged against war criminals as to whom the High Commissioner has responsibility and control, namely: war criminals convicted and sentenced by military tribunals established pursuant to Control Council Law No. 10."

2. The term "Commander of the United States Armed Forces in Germany", occurring in paragraph 3 of the said order, is changed to read "Commander in Chief, European Command".

This order shall be effective as of June 6, 1949.

Subchapter B—Export and Diversion Programs

[Amdt. 1]

PART 524—HONEY

SUBPART A—HONEY DIVERSION PROGRAM (MARKETING SEASON 1950)

1. Section 524.105 is hereby amended to read as follows:

§ 524.105 *Rate of payment.* The rate of payment applicable to U. S. Grade B honey diverted in accordance with the terms and conditions contained herein shall be 3.75 cents per pound. If the moisture content of the honey is in excess of 18.6 percent but not in excess of 20.0 percent, the specified rate of payment shall be reduced by 0.008 cent per pound for each one-tenth (0.10) of one percent by which the moisture content is in excess of 18.6 percent but not in excess of 20.0 percent.

2. Section 524.107 is hereby amended to read as follows:

§ 524.107 *Minimum grade and inspection.* Honey diverted under this program shall be equal to or better than U. S. Grade B, except that honey with a moisture content in excess of 18.6 percent, but not in excess of 20.0 percent shall, if agreed to between seller and diverter, be eligible on the basis of the payment differential set forth in § 524.-105, reflecting the cost of reducing the moisture content to 18.6 percent. PART 524—HONEY

SUBPART B—HONEY EXPORT PROGRAM (MARKETING SEASON 1950)

1. Section 524.133 is hereby amended to read as follows:

§ 524.133 *Period for export sales.* Sales contracts for the exportation of honey under this program must be entered into within one of the following periods: (a) On or after the effective date hereof and prior to 12 o'clock midnight, e. s. t., June 30, 1950, or (b) on or after July 1, 1950, and prior to 12 o'clock midnight, e. s. t., December 31, 1950. Separate funds are available in each of these periods for payments under this program.

Approval may be given to any application based on a sales contract entered into pursuant to the issuance of the press release dated March 30, 1950, entitled "U. S. Department of Agriculture to Assist in Expanding Honey Outlets," and prior to May 9, 1950, notwithstanding provisions to the contrary §§ 524.132 and 524.145 of this public announcement, if (a) an application is filed prior to July 31, 1950, with the Authorized Representative of the Secretary, (b) the sale and exportation are otherwise in conformity with this public announcement, and (c) evidence satisfactory to the Authorized Representative of the Secretary is submitted by the exporter that such sale was induced by the press release referred to above.

2. Section 524.138 is hereby amended to read as follows:

§ 524.138 *Minimum grade and inspection.* Honey exported under this offer shall be equal to or better than U. S. Grade B: Except that, honey with a moisture content in excess of 18.6 percent, but not in excess of 20.0 percent, shall, if agreed to between exporter and buyer, be eligible on the basis of the payment differential set forth in § 524.136 reflecting the cost of reducing the moisture content to 18.6 percent. Such honey shall be inspected not more than 10 calendar days prior to shipment from a packing plant or warehouse to the port of exportation. The inspection shall be performed by an inspector of the Processed Products Standardization and Inspection Division, United States Department of Agriculture. The cost of the inspection and issuance of certificates shall be borne by the exporter.

CCC may, in its discretion, waive compliance on the part of the applicant with regard to the place of inspection specified above. To be effective such waiver must be in writing and signed by the Director.

Effective date. Section 524.133, as amended herein, shall be effective as of 12:01 a. m., e. s. t., May 18, 1950; § 524.138, as amended herein, shall be effective as of 12:01 a. m., e. s. t., July 14, 1950.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Plum Order 9, Amdt. 2]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

Findings. 1. Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936; 14 F. R. 2684), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; and this amendment relieves restrictions on the handling of Duarte plums grown in the State of California.

Order, as amended. During the period beginning at 12:01 a. m., P. s. t., July 19, 1950, and ending at 12:01 a. m., P. s. t., October 1, 1950, the provisions in paragraph (b) (1) (i) of § 936.378, as amended (Plum Order 9, 15 F. R. 4075, 4437), shall read as follows:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the tolerances permitted for such grade;

Nothing contained herein shall be construed (1) as affecting or waiving any right or liability which has arisen or which, prior to the effective time of the provisions hereof, may arise in connection with any provisions of said Plum Order 9, as amended, or (2) as releasing or extinguishing any violation of said Plum Order 9, as amended, which has occurred or which, prior to the effective time of the provisions hereof, may occur.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 18th day of July 1950.

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

Findings. 1. Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936; 14 F. R. 2684), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; and this amendment relieves restrictions on the handling of Burbank plums grown in the State of California.

Order, as amended. During the period beginning at 12:01 a. m., P. s. t., July 19, 1950, and ending at 12:01 a. m., P. s. t., October 1, 1950, the provisions in paragraph (b) (1) (i) of § 936.379 (Plum Order 10, 15 F. R. 4076) shall read as follows:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the tolerances permitted for such grade;

Nothing contained herein shall be construed (1) as affecting or waiving any right or liability which has arisen or which, prior to the effective time of the provisions hereof, may arise in connection with any provisions of said Plum Order 10, or (2) as releasing or extinguishing any violation of said plum Order 10, which has occurred or which, prior to the effective time of the provisions hereof, may occur.

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

Findings. 1. Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936; 14 F. R. 2684), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the Amador, Apex, California Blue, Earliana, Emily, Satsuma, Improved Satsuma, Shiro, Splendor, and Standard varieties (hereinafter referred to as "miscellaneous varieties of plums"), in the manner herein provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; and this amendment relieves restrictions on the handling of miscellaneous varieties of plums grown in the State of California.

Order, as amended. During the period beginning at 12:01 a. m., P. s. t., July 19, 1950, and ending at 12:01 a. m., P. s. t., October 1, 1950, the provisions in paragraph (b) (1) of § 936.381 (Plum Order 12, 15 F. R. 4077) shall read as follows:

(1) During the period beginning at 12:01 a. m., P. s. t., July 19, 1950, and ending at 12:01 a. m., P. s. t., October 1, 1950, no shipper shall ship any package or container of miscellaneous varieties of plums unless such plums grade at least U. S. No. 1 with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the tolerances permitted for such grade.

Nothing contained herein shall be construed (1) as affecting or waiving any right or liability which has arisen or which, prior to the effective time of the provisions hereof, may arise in connection with any provisions of said Plum Order 12, or (2) as releasing or extinguishing any violation of said Plum Order 12, which has occurred or which, prior to the effective time of the provisions hereof, may occur.

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.392 *Plum Order 22*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936; 14 F. R. 2684), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than July 23, 1950. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 17, 1950, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 17, 1950, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 23, 1950, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 23, 1950, and ending at 12:01 a. m., P. s. t., November 1, 1950, no shipper shall ship from any shipping point during any day any package or container of Gros Hungarian plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the tolerances permitted for such grade.

(2) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting, or causing to be submitted, promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection; but such shipper shall comply with all grade regulations applicable to such shipment.

(3) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," and "serious damage," shall have the same meaning as set forth in the revised United States Standards for plums and prunes (fresh), 7 CFR 51.360.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.393 *Plum Order 23*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936; 14 F. R. 2684), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than July 23, 1950. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 17, 1950, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 17, 1950, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 23, 1950, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 23, 1950, and ending at 12:01 a. m., P. s. t., November 1, 1950, no shipper shall ship from any shipping point during any day any package or container of Late Duarte plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) per-

cent for defects not considered serious damage in addition to the tolerances permitted for such grade; and

(ii) The plums are, except to the extent otherwise specified in this paragraph, of a size not smaller than a size that will pack a 4 x 5 standard pack in a standard basket.

(2) During each day of the aforesaid period, however, any shipper may ship from any shipping point a quantity of such plums, by number of packages or containers, which are of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, but are not of a size smaller than a size that will pack a 5 x 5 standard pack in a standard basket if said quantity does not exceed fifty (50) percent of the number of the same type of packages or containers of plums which are of a size not smaller than a size that will pack a 4 x 5 standard pack, as aforesaid: *Provided*, That, in computing such quantity, three (3) California peach boxes (including other packages and containers of comparable capacity) shall be deemed to be the equivalent of two (2) standard 4-basket crates. The aforesaid 4 x 5 standard pack and 5 x 5 standard pack are defined more specifically in subparagraphs (4) and (5), respectively, of this paragraph.

(3) If any shipper, during any two (2) consecutive days of the aforesaid period, ships from any shipping point less than the maximum allowable quantity of such plums that may be of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, the aggregate amount of the undershipment of such plums may be shipped by such shipper only from such shipping point during the next succeeding calendar day in addition to the quantity of such plums of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, that such shipper could have shipped from such shipping point on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(4) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{11}{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1\frac{9}{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1\frac{7}{16}$ inches in diameter.

(5) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{9}{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1\frac{7}{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1\frac{5}{16}$ inches in diameter.

(6) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(7) Terms used in the amended marketing agreement and order shall, when used in this section, have the same meanings as when used in said amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

PART 936—FRESH BARLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.394 *Plum Order 24*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936; 14 F. R. 2684), regulating the handling of fresh Barlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety hereinafter set forth, and in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than July 23, 1950. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 17, 1950, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 17, 1950, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 23, 1950, this section should be applicable to all such shipments in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 23, 1950, and ending at 12:01 a. m., P. s. t., November 1, 1950, no shipper shall ship any package or container of Grand Duke plums unless:

(i) Such plums grade at least U. S. No. 1; and

(ii) Such plums are of a size not smaller than a size that will pack a 5 x 5 standard pack in a standard basket. The aforesaid 5 x 5 standard pack is defined more specifically in subparagraph (2) of this paragraph.

(2) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{9}{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1\frac{7}{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1\frac{5}{16}$ inches in diameter.

(3) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting, or causing to be submitted promptly, such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection; but such shipper shall comply with all grade and size regulations applicable to such shipment.

(4) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for plums and prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

[Lemon Reg. 340]

PART 953—LEMONS GROWN IN THE STATES OF CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.447 *Lemon Regulation 340*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as set forth in paragraph (b) (1). Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on July 19, 1950, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period specified in paragraph (b) (1); and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., July 23, 1950, and ending at 12:01 a. m., P. s. t., July 30, 1950, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 475 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation No. 339 (15 F. R. 4486), and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2" and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of Industry and Commerce

[5th Gen. Rev. of Export Regs., Amdt. 8[1]]

PART 371—GENERAL LICENSES

PART 372—PROVISIONS FOR INDIVIDUAL AND OTHER VALIDATED LICENSES

MISCELLANEOUS AMENDMENTS

1. Section 372.12 *Weight and volume tolerance* is amended in the following particulars:

Paragraph (a) *10 percent tolerance; excepted commodities* is amended to read as follows:

(a) *10 percent tolerance.* For all commodities requiring an export license, unless otherwise specified in such license, a 10 percent tolerance by weight or volume over the amount specified in the license is allowed.

This amendment shall become effective as of June 15, 1950.

2. Section 371.9 *General in-transit license GIT* is amended in the following particulars:

Paragraph (c) *Excepted commodity list* is amended by (1) revising the entries on the list for pipe valves, Schedule B Nos. 774430 and 774470, and (2) adding entries for non-metal valves, Schedule B No. 774480, and automatic control or regulating valves, Schedule B No. 774490, as follows:

Commodity	Schedule B No.	Schedule S No.[1]
Other industrial machinery:		
Pipe valves except automatic control or regulating:		
Iron or steel:		
Valves designed for working pressures of 300 or more pounds per square inch, gage reading, ASA rating, or valves designed for working pressures over 600 pounds per square inch, gage reading, W. O. G. rating	774450	745
Valves made of or internally lined with an alloy containing 10% or more of chromium and/or nickel and/or silicon	774450	745
Valves internally lined with glass, ceramics, plastics, or other nonmetallic material of mineral origin, or rubber	774450	745
Brass, bronze, or other nonferrous metals:		
Valves designed for working pressures over 600 pounds per square inch, gage reading, W. O. G. rating	774460	745
Valves internally lined with an alloy containing 10% or more of chromium and/or nickel, and/or silicon, glass, ceramics, plastics, or other nonmetallic material of mineral origin, or rubber	774460	745

[1] The Department of Commerce Schedule S number is shown for each commodity. All shipments of merchandise for which the shipper's export declaration for in-transit goods is required must be reported in terms of Schedule S, as well as Schedule B.

[1] Items 1 and 2 of this amendment were published in Current Export Bulletin No. 575 dated June 15, 1950, and Item 3 thereof in Current Export Bulletin No. 577 dated July 6, 1950.

Commodity	Schedule B No.	Schedule S No.[1]
Other industrial machinery—Con.		
Pipe valves except automatic control or regulating—Con.		
Nonmetal valves:		
Valves designed for working pressures over 600 pounds per square inch, gage reading, W. O. G. rating	774480	745
Valves internally lined with an alloy containing 10% or more of chromium and/or nickel, and/or silicon, glass, ceramics, plastics, or other nonmetallic material of mineral origin, or rubber	774480	745
Automatic control or regulating valves, n. e. s. (Any pipe valve having partially or wholly integral with it a mechanism which automatically regulates or controls its operation):		
Automatic control valves except (a) check, nonreturn, and float valves, (b) pressure relief valves designed for working pressures of less than 300 pounds per square inch, gage reading, ASA rating, or not exceeding 600 pounds per square inch, gage reading, W. O. G. rating, and (c) automatic valves specifically designed for milking machines or for household refrigerators and home freezers. (Report valves for milking machines in 750300, and valves for electric household refrigerators in 705755)	774490	745

[1] The Department of Commerce Schedule S number is shown for each commodity. All shipments of merchandise for which the shipper's export declaration for intransit goods is required must be reported in terms of Schedule S, as well as Schedule B.

This amendment shall become effective as of July 1, 1950.

3. Section 371.21 *Exportation of relief shipments RLS* (includng the note immediately following this section) is hereby deleted.

This amendment shall become effective as of July 15, 1950.

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

[1] This amendment was published in Current Export Bulletin No. 575 dated June 15, 1950.

1. The following commodities are added to the Positive List:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
	Chemical specialties:				
820590	Agricultural fungicides containing: zinc dimethyl dithiocarbamate; tetramethylthiuram disulfide.	Pound	COTA	100	RO
	Pigments, paints and varnishes:				
843800	Polytetrafluoroethylene (Teflon) finishes and enamels.	Gallon	PLAT	1	RO
843800	Polytrifluorochloroethylene (Kel-F) dispersion	do	PLAT	1	RO
	Miscellaneous commodities, n. e. s.:				
	Manufactured plastic products, n. e. s.:				
	Thermoplastic products:				
981390	Polytetrafluoroethylene (Teflon)		COTA	1	RO
981390	Polytrifluorochloroethylene (Kel-F)		COTA	1	RO

2. The following commodities are changed from R to RO commodities. Accordingly, the entries therefor on the Positive List are amended to read as follows:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
	Chemical specialties:				
	Synthetic gums and resins in all unfinished forms, except laminated (report laminated sheets, plates, strips, rods, and tubes in 826000):				
	Synthetic gums and resins, including film, bristles, and bristle filament, n. e. s.:				
	Molding compositions:				
825910	Polytrifluorochloroethylene (Kel-F) [1]	Pound	RESN	1	RO
	All other unfinished forms:				
825950	Polytrifluorochloroethylene (Kel-F) [2]	do	RESN	1	RO
	Synthetic gums and resins, laminated (sheets, plates, rods, and tubes):				
826000	Polytrifluorochloroethylene (Kel-F) [3]	do	RESN	1	RO

[1] Formerly an R commodity included in the entry on the Positive List for Schedule B No. 825910 "Other molding compositions except para coumarone and silicone molding compositions, resins, and adhesives."

[2] Formerly an R commodity included in the entry on the Positive List for Schedule B No. 825950 "Other unfinished forms, n. e. s., except silicone unfinished forms."

[3] Formerly an R commodity included in the entry on the Positive List for Schedule B No. 826000 "Synthetic gums and resins, laminated (sheets, plates, strips, rods, and tubes), n. e. s., except phenol formaldehyde and other tar-acid resins, urea and melamine resins, polystyrene resins and copolymers, and silicone resins."

3. The entries on the Positive List for metal drums and containers, filled and unfilled, Schedule B Nos. 620520 and 620540; and lined steel tanks, Schedule B No. 620915, are amended to read as follows:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated licence required
	Iron and steel manufactures:				
	Metal drums and containers for transporting gas or lower hydrocarbons:				
620520	Filled drums and containers capable of withstanding pressures over 300 lbs. per square inch where the value of the containers represent 20 percent or more of the total value of the container plus contents (pressure ratings are stamped on the drums and containers).[1]	Pound	STEE	[2]100	RO
620540	Unfilled drums and containers capable of withstanding pressures over 300 lbs. per square inch (pressure ratings are stamped on the drums and containers).[1]	do	STEE	100	RO
620915	Lined steel tanks, for storage or transporting gas or lower hydrocarbons capable of withstanding pressures over 300 lbs. per square inch (pressure ratings are stamped on the tanks).[1]	do	STEE	100	RO

[1] Applicable to containers only and not to contents.

[2] This amendment clarifies the commodity description without making substantive change.

4. The entry on the Positive List for analytical balances; micro-balances, 1/1000 milligram or under; and electronic balances, Schedule B No. 917500, is amended to read as follows:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
917500	Scientific and professional instruments, apparatus, and supplies, n. e. s.: Analytical balances, including semi-micro balances, micro-chemical balances, assay balances, quarts fiber micro-balances, and electronic balances.[1]	No	SATE	None	RO

[1] This amendment clarifies the commodity description without making substantive change.

2. The following commodities are added to the Positive List:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
	Electrical machinery and apparatus:				
	Electrical apparatus and parts, n. e. s.:				
769098	Stroboscopes recording machines		ELME[2]	None	RO
	Construction, excavating and conveying machinery:				
723100	Construction equipment, and parts, n. e. s.:				
	Parts for contractors' wheel-type tractors		CONS	100	R

3. The entries on the Positive List for (1) scleroscopes, Schedule B No. 774020, and (2) parts for scleroscopes, Schedule B No. 775038, are revised by extending the coverage of the two entries to all metal hardness testers adapted to or incorporating diamond penetrators (indenters-brales) and parts and accessories for such testers, as follows:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
774020	Other industrial machinery: Metal hardness testers adapted to or incorporating diamond penetrators (indenters-brales).[1]	No	GIEQ	None	RO
775038	Industrial machinery and parts, n. e. s.: Parts and accessories for metal hardness testers adapted to or incorporating diamond penetrators (indenters-brales).[1]		GIEQ	None	RO

[1] The above revised entries for Schedule B No. 774020, includes scleroscopes, and for Schedule B No. 775038, includes parts for scleroscopes.

4. The following commodities are changed from R to RO commodities. Accordingly, the entry therefor on the Positive List is amended to read as follows:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
722900	Construction, excavating and conveying machinery: Contractors' wheel-type tractors: 50 and over drawbar horsepower[1]	No	CONS	None	RO

[1] By this amendment, the description on the Positive List for Schedule B No. 722900 is revised to include two entries for such Schedule B number, as follows: "Under 50 drawbar horsepower, GLV None, Validated License Required R", and "50 and over drawbar horsepower, GLV None, Validated License Required RO."

Shipments of any commodities removed from general license to Country Group R or Country Group O destinations as a result of changes set forth in Parts 2, 3, and 4 of this amendment, which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to the effective date of this amendment, may be exported under the previous general license provisions.

This amendment shall become effective as of June 29, 1950.

(63 Stat. 7; E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

5. The entries on the Positive List for (1) parts for electronic balances and (2) parts for micro-balances, 1/1000 milligram or under, Schedule B No. 910098, are revised by combining and amending the two commodity descriptions, as follows:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
	Scientific and professional instruments, apparatus, and supplies, n. e. s.:				
	Scientific instruments and laboratory apparatus, and parts, n. e. s., including laboratory grade instruments and parts, n. e. s., for measuring to an accuracy of 1% accuracy of full-scale deflection or value (report similar items having industrial, rather than laboratory, application in 705520, 705700, 705820 or 774080):				
910098	Parts especially manufactured for analytical balances, including semi-micro balances, micro-chemical balances, assay balances, quarts fiber micro-balances, and electronic balances.[1]		SATE	None	RO

[1] The effect of this amended entry is to add to the Positive List parts especially manufactured for analytical balances other than electronic balances and micro-balances 1/1000 milligram or under.

6. The Schedule B number for the entry "Fluorocarbons (completely fluorinated materials)" is changed from 839900 to 832990.

This amendment shall become effective as of June 15, 1950.

(63 Stat. 7; E. O. 9630, Sept. 27, 1945, 10 F. R. 12245; 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The dollar value limits in the column headed "GLV dollar value limits" set forth opposite each of the commodities listed below are amended to read as follows:

Dept. of Commerce Schedule B No.	Commodity	GLV dollar value limits
	Petroleum and products:	
	Refined oils:	
	Motor fuel and gasoline (report octane rating):	
501610	Aviation motor fuels, 100 or over octane number (barrels of 42 gallons)	1 25
501650	Aviation motor fuels, under 100 octane number (barrels of 42 gallons)	1 25
501700	Automotive and other motor fuels and gasoline (barrels of 42 gallons)	1 25
502700	Other kerosene (barrels of 42 gallons)	1 25
503000	Gas oil and distillate fuel oil (barrels of 42 gallons)	

[1] This GLV dollar-value limit is applicable to shipments to all Country Group R and O destinations except Mexico. The GLV dollar-value limit for shipments to Mexico is $1,000.

2. The processing code is changed and "GLV dollar value limits" is amended for the entry for Fluorocarbons, as follows:

Dept. of Commerce Schedule B No.	Commodity	Processing code	GLV dollar value limits
532990	Industrial chemicals (exclusive of medicinal chemicals, U. S. P. and N. F.): Fluorocarbons (completely fluorinated material)	ORGN	1

3. The following "R" commodities now covered by the Positive List entry for Other metal and metal composition manufactures, n. e. s., Schedule B No. 669198, are listed as separate "R" commodity entries on the Positive List, with different processing codes and separate GLV dollar-value limits as shown below: [2]

Dept. of Commerce Schedule B No.	Commodity	Processing code		GLV dollar value limits
		Old	New	
	Other nonferrous ores, metals and alloys, except precious:			
	Metal and metal composition manufactures:			
669198	Anti-friction manufactures	NONF	GIEQ	100
669198	Antimony manufactures	NONF	GIEQ	100
669198	Babbit metal manufactures	NONF	GIEQ	100
669198	Brake linings, bimetallic	NONF	GIEQ	100
669198	Clutch facings, bimetallic	NONF	GIEQ	100
669198	Friction material, bimetallic	NONF	GIEQ	100
669198	Getters	NONF	GIEQ	100
669198	Invar manufactures	NONF	GIEQ	100
669198	Monel metal articles (fully finished)	NONF	GIEQ	100
669198	Valve bushings, monel metal	NONF	GIEQ	100
669198	Tool bit blanks, molybdenum	NONF	TOOL	100

[1] This amendment was published in Current Export Bulletin No. 577 dated July 6, 1950.
[2] The above referred to entry for "Other metal and metal composition manufactures, n. e. s., processing code NONF, GLV 100, validated license required R", remains on the Positive List. Shipments of any commodities whose GLV dollar-value limits were reduced as set forth in Part 1 of this amendment which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to the effective date of this amendment, may be exported under the previous general license provisions.

This amendment shall become effective as of July 6, 1950.

DERIVATION: AFR 45-3.

§ 861.1001 *General.* The regulations contained in §§ 861.1001 to 861.1007 establish procedures for the assignment or designation of Air Force Reserve officers, below the grade of brigadier general, to specific mobilization positions. The total mobilization positions to be filled by Air Force Reserve officers will be established by Headquarters United States Air Force for each major air com-

mand based on mobilization requirements modified by the consideration of funds available, the training capacity of the commands, and the availability of qualified Reservists. Mobilization positions will be filled by mobilization assignees and mobilization designees. The number of persons receiving mobilization assignments to mobilization positions will be limited by the funds available for inactive duty training pay. The remaining mobilization positions will be filled by mobilization designees.

§ 861.1002 *Definitions*—(a) *Mobilization position.* A military position within a Regular Air Force unit or activity that is contained in the Reserve troop basis. A mobilization position is filled by either a mobilization assignee or mobilization designee.

(b) *Mobilization assignee.* An Air Force Reserve officer on inactive duty status who volunteers for and is assigned to a mobilization position. Such personnel are members of the Organized Air Reserve and will be eligible for inactive duty training pay and active duty training.

(c) *Mobilization designee.* An Air Force Reserve officer on inactive duty status who volunteers for and is designated to a mobilization position. Such personnel are members of the Volunteer Air Reserve. Mobilization designees are not eligible for inactive duty training pay.

(d) *Training attachment.* The attachment, for training only, of an Air Force Reserve officer having a mobilization assignment to an appropriate unit or activity of the Regular Air Force; the Organized Air Reserve; or the Air National Guard (subject to the approval of the State concerned) other than the unit or activity in which mobilization assignment is held.

§ 861.1003 *Mobilization assignments*—(a) *To whom given.* Mobilization assignments may be given to those officers of the Air Force Reserve who are in an inactive duty status and who volunteer and are assigned by competent authority to mobilization positions in which it is anticipated they will serve if called to active duty in the event of mobilization. These officers must signify, in writing, their willingness to accept an assignment in the Organized Air Reserve, and to comply with those requirements now or hereafter established for retention of status as a member of the Organized Air Reserve.

(b) *Ineligibility for mobilization assignment.* A mobilization assignment will not be given to a person who, in a civilian capacity, occupies a position which would be occupied by him in the event of mobilization. In these cases, the person may be given a mobilization designation.

(1) Air Force Reserve officers ordered to extended active duty who hold mobilization assignments will be relieved of such assignments.

(2) Mobilization assignments will not be given to Reserve officers serving in the Air Force in a grade below officer grade.

§ 861.1004 *Mobilization designations*—(a) *To whom given.* Reserve officers who are qualified may be earmarked for mobilization positions by means of mobilization designations. Mobilization designations may be given to qualified officers of the Air Force Reserve who are in an inactive duty status and who volunteer and are assigned by competent authority to mobilization positions in which it is anticipated they will serve if called to active duty in event of mobilization. A mobilization designation may be given to a qualified person who is either unwilling to accept a mobilization assignment in the Organized Air Reserve, or for whom no vacancy exists as an assignee. These officers must signify, in writing, their willingness to accept an assignment in the Volunteer Air Reserve and to comply with those requirements now or hereafter established for retention of status as a member of the Volunteer Air Reserve.

(b) *Promotion and retention of status.* Persons with mobilization designations may accrue points for promotion and retention of status in the manner prescribed in §§ 861.3 to 861.11 and, except as provided in paragraph (c) of this section, must meet the requirements for retention of status in the Volunteer Air Reserve as specified in §§ 861.3 to 861.11.

(c) *Waiver of minimum requirements for retention of status.* The minimum requirements for retention of status in the Volunteer Air Reserve may be waived, under the provisions of §§ 861.3 to 861.11, for persons with mobilization designations whose civilian occupations are so directly allied with the mobilization positions for which the person has been designated that proficiency is considered to be retained by virtue of participation in the civilian occupation.

(d) *Ineligibility of certain officers.* Mobilization designations will not be given to Reserve officers serving in the Air Force in a grade below officer grade. Air Force Reserve officers ordered to extended active duty who hold mobilization designations will be relieved of such designations.

(e) *Rotation of mobilization assignees and designees.* Persons filling mobilization positions will not be rotated between mobilization assignee and designee status to permit additional personnel to receive inactive duty training pay.

§ 861.1005 *Training attachments.* A training attachment will not be given to a mobilization assignee to any unit or activity not capable of providing the person concerned with adequate and effective training in his mobilization assignment capacity. If the person is unable to participate in training at the place of mobilization assignment and no suitable training attachment can be provided, a mobilization assignment will not be made.

§ 861.1006 *Requests for mobilization assignment or designation*—(a) *Specific requests.* An individual Reservist desiring a mobilization assignment or designation may request the assignment or designation by military letter to the headquarters of the major air command concerned. Letters of applicants who are not selected, with their career summaries, will be returned to the appropriate numbered air force. Numbered air forces will notify those persons of their nonselection.

(b) *Nonspecific requests.* A person who desires to make application for a mobilization assignment or mobilization designation without specifying the major air command of assignment may submit his application to the numbered air force having responsibility for maintaining his master personnel records.

§ 861.1007 *Training.* Whenever practicable, officers having mobilization assignments or designations will accomplish inactive duty training with the unit or activity in which such mobilization assignment or designation is held. Officers having mobilization assignments to units or activities with which it is not practicable for them to participate in inactive duty training may be attached to other activities and units for training. Active duty training of officers having mobilization assignments normally will be accomplished with the unit or activity in which such assignment or designation is held. Persons with mobilization assignments will be required to participate in a minimum of nine training periods a quarter. Mobilization assignees who fail to meet the minimum number of training periods a quarter will be relieved of their assignment. In exceptional cases only, and upon written request of the person concerned, major air commands may waive this requirement once in any fiscal year.

2. Section 862.36 (f) is amended as follows:

§ 862.36 *Eligibility.* • • •

(f) Not be nor have been a conscientious objector. • • •

FRESH PEAS AND CAULIFLOWER GROWN IN COUNTIES OF ALAMOSA, RIO GRANDE, CONEJOS, COSTILLA AND SAGUACHE IN COLORADO

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO BUDGET OF EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1950–51 FISCAL YEAR

Consideration is being given to the following proposals which were submitted by the Administrative Committee, established under amended Marketing Agreement No. 67 and amended Order No. 10 (7 CFR, Part 910) regulating the handling of fresh peas and cauliflower grown in the Counties of Alamosa, Rio Grande, Conejos, Costilla and Saguache in the State of Colorado, as the agency to administer the terms and provisions thereof:

(a) That the Secretary of Agriculture find that expenses not to exceed $2,355.00 will be necessarily incurred during the fiscal year beginning June 1, 1950, and ending May 31, 1951, both dates inclusive, for the maintenance and functioning of the aforesaid Administrative Committee; and

(b) That the Secretary fix, as the pro rata share of such expenses which each handler shall pay in accordance with the provisions of the aforesaid amended marketing agreement and order with respect to peas and cauliflower shipped by him during the aforesaid fiscal year, the rate of assessment as follows: (1) $1.50 per straight car of peas or cauliflower or per mixed car of peas and cauliflower; and when less than a carload is shipped, (2) one-half cent ($0.005) per bushel of peas or per crate of cauliflower or the respective equivalent quantities thereof, but in no event shall the assessment be in excess of $1.50 on a shipment of peas or cauliflower less than a carload lot, or mixed shipment thereof less than a carload lot.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals may do so by mailing the same to the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., not later than midnight of the 10th day after the publication of this notice in the FEDERAL REGISTER. All documents should be submitted in quadruplicate.

Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order.

HANDLING OF WALNUTS GROWN IN CALIFORNIA, OREGON, AND WASHINGTON

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO AMENDMENT OF PACK SPECIFICATIONS AND MINIMUM STANDARDS

Notice is hereby given, pursuant to the provisions of section 4 of the Administrative Procedure Act (5 U. S. C. 1001 et seq.), that the Walnut Control Board (the administrative agency for operations under this regulatory program), acting in accordance with the authority vested in it by § 984.3 of the marketing agreement and order regulating the handling of walnuts grown in California, Oregon, and Washington (7 CFR 984.1 et seq.), which marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), is considering the prescribing, subject to the approval of the Secretary, of an amendment of the pack specifications and minimum standards heretofore prescribed by it with approval of the Secretary (7 CFR 984.101).

Prior to the taking of final action with respect to such proposed amendment, consideration will be given to any written data, views, or arguments pertaining thereto which are submitted in duplicate to the Director, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., and which are received by him not later than the 10th day after the date of the publication of this notice in the FEDERAL REGISTER.

The proposed amendment relates to that portion of the aforementioned pack specifications for merchantable (unshelled) walnuts which come under the category "Large Size," as set forth in subparagraph (3) of paragraph (a) of said 7 CFR 984.101. It is proposed to reduce the diameter requirement for large size walnuts of the Eureka variety and type by 1/64th of an inch. Information obtained by the Walnut Control Board is to the effect that, by reason of the greater length and freedom from a midrib of Eureka variety and type walnuts as compared with other walnuts, the appearance and kernel content per pound of unshelled walnuts of the Eureka type and variety are equal to those of a shorter walnut of 1/64th inch greater diameter. Information supplied that board by the California Walnut Growers Association, by far the largest handler of walnuts, is to the effect that, in 1948 and 1949, less than one-half of the Eureka pack was "Large Size," whereas the average of all varieties was from 55 to 60 percent "Large Size." The adoption of the proposed change would permit a greater proportion of the Eureka variety and type walnuts to classify as "Large Size."

The amendment of the aforementioned subparagraph (3) of paragraph (a) of said 7 CFR 984.101 would have such subparagraph read as follows:

(3) *Large size.* Walnuts of which not over 12 percent by count pass through a round opening $^{79}/_{64}$ inches in diameter, except that, for walnuts of the Eureka variety and type, such limiting dimension as to diameter shall be $^{78}/_{64}$ inches.

Issued at Washington, D. C., this 18th day of July 1950.

Director,

MINIMUM PIECE RATES

The present minimum piece rates for the hand-braiding of cotton tape buttons and of leather buttons by homeworkers in Puerto Rico are 30 cents and 28 cents, respectively, per gross. At the time these rates were established the straight-time hourly minimum wage rates fixed by wage order for the performance of such operations in Puerto Rico were 25 cents per hour for the hand-braiding of

cotton tape buttons and 21 cents per hour for the hand-braiding of leather buttons.

However, on July 14, 1950, I approved the recommendations of Special Industry Committee No. 6 for Puerto Rico with respect to the Button, Buckle and Jewelry Industry in Puerto Rico, and issued a wage order for such industry, effective August 21, 1950. This order fixes an hourly minimum wage rate of 40 cents for the Button and Buckle (other than pearl) and Bead Division. Therefore, it is now necessary to adjust such minimum piece rates in order that they may continue to be commensurate with the applicable minimum hourly wage rates, in accordance with section 6 (a) (2) of the Fair Labor Standards Act (sec. 6 (a) (2), 63 Stat. 912; 29 U. S. C. 206 (a) (2)).

Accordingly, notice is hereby given, pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001), that the Administrator of the Wage and Hour Division, United States Department of Labor, proposes to establish the following minimum piece rates for the performance of the following operations by homeworkers in Puerto Rico: A minimum piece rate of 48 cents per gross for the hand-braiding of cotton tape buttons, 24 to 30 ligne, and a minimum piece rate of 53⅓ cents per gross for the hand-braiding of leather buttons, 24 to 30 ligne. The hand-braiding of cotton tape buttons consists of tying a braided knot around the tip of a finger, bringing the knot into a rounded button shape by pulling at the ends of the strip, inserting the ends of the strip into the braided part, and bringing the ends together. The hand-braiding of leather buttons consists of tying a braided knot around the tip of a finger, bringing the knot into a rounded button shape by pulling at the ends of the strip, inserting a leather shank at the base, and tucking the loose ends between the braided part and the shank.

Prior to the final adoption of such minimum piece rates, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C., within 15 days from publication of this notice in the FEDERAL REGISTER.

The proposed minimum piece rates are to be issued under the authority in section 6 (a) (2) of the Fair Labor Standards Act of 1938, as amended (sec. 6 (a) (2), 63 Stat. 912; 29 U. S. C. 206 (a) (2)).

Signed at Washington, D. C., this 18th day of July 1950.

WM. R. MCCOMB,
Administrator.

NOTICE OF HEARING ON APPLICATION FOR BAREBOAT-CHARTER OF DRY-CARGO VESSEL FOR USE IN ALASKA TRADE

Pursuant to section 3, Public Law 591, 81st Congress, notice is hereby given that an informal public hearing will be held in Room 4823, Commerce Building, Washington, D. C., on July 26, 1950, at 10:00 o'clock a. m., e. d. s. t., before the Federal Maritime Board, upon application of the above company to bareboat-charter a war-built dry-cargo vessel for use in the Alaska trade.

The purpose of the hearing is to receive evidence with respect to whether such service is required in the public interest and is not adequately served, and with respect to the availability of privately owned American-flag vessels on reasonable conditions and at reasonable rates for this service.

All persons having an interest in such application should arrange to be present.

Dated: July 18, 1950.

By order of the Federal Maritime Board.

NOTICE OF PUBLIC HEARING IN CONNECTION WITH PROPOSED CONDOR SANCTUARY IN LOS PADRES NATIONAL FOREST

Notice is hereby given that a public hearing will be held at the Land Office, Bureau of Land Management, U. S. Department of the Interior, Room 1512, Post Office Building, Los Angeles, California, at 10:00 a. m., on August 21, 1950, to consider withdrawing from all forms of disposition under the public land laws, including the mining and mineral leasing laws, the following-described lands and reserving the lands as a condor sanctuary:

CALIFORNIA

SAN BERNARDINO MERIDIAN

T. 5 N., R. 19 W.,
Secs. 1 to 6, inclusive;
Secs. 9 to 16, inclusive;
Secs. 22 to 27, inclusive;
Secs. 34 to 36, inclusive.
T. 5 N., R. 20 W.,
Secs. 1 to 24, inclusive;
Secs. 26 to 30, inclusive;
Secs. 33 to 35, inclusive.

These lands lie within the Los Padres National Forest. The withdrawal was requested by the U. S. Department of Agriculture. The California condor is one of the threatened and vanishing species of birds that are a matter of international concern. It is one of the thirteen birds listed by the International Technical Conference on the Protection of Nature at Lake Success in 1949, in a resolution to the International Union for the Protection of Nature recommending that governments take immediate and vigorous action to preserve threatened and vanishing species of fauna and flora.

[Docket No. G-1342]

WISCONSIN SOUTHERN GAS CO.

ORDER FIXING DATE OF HEARING

JULY 17, 1950.

On March 14, 1950, Wisconsin Southern Gas Company (Applicant) a Wisconsin corporation of Lake Geneva, Wisconsin, filed an application, as supplemented on March 27, 1950, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of approximately 56,000 feet of six-inch pipeline in Wisconsin, all as more fully described in such application on file with the Commission and open to public inspection.

Applicant has requested that this application be heard under the shortened procedure provided for by § 1.32 (b) of the Commission's rules of practice and procedure; no request to be heard or protest has been filed subsequent to giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on March 28, 1950 (15 F. R. 1710).

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32) of the Commission's rules of practice and procedure.

The Commission orders: Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure a hearing be held on July 24, 1950, at 9:30 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

Date of issuance: July 18, 1950.

[Docket No. G-1396]

MONTANA-DAKOTA UTILITIES CO.

ORDER FIXING DATE OF HEARING

JULY 17, 1950.

On May 24, 1950, Montana-Dakota Utilities Co. (Applicant), a Delaware corporation having its principal place of business at Minneapolis, Minnesota, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities, subject to the jurisdiction of the Commission, all as more fully described in such application on file with the Commission and open to public inspection.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure. Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on June 10, 1950 (15 F. R. 3677).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, a hearing be held on July 25, 1950, at 9:45 a. m. in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the said rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: July 18, 1950.

SOUTHERN NATURAL GAS CO.

ORDER FIXING DATE OF HEARING

JULY 18, 1950.

On June 2, 1950, Southern Natural Gas Company (Applicant), a Delaware corporation with its principal place of business at Birmingham, Alabama, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the acquisition of certain natural-gas transmission facilities from the Dixie Lime and Rock Wool Company and their operation and the construction and operation of certain other natural-gas facilities subject to the jurisdiction of the Commission and open to public inspection.

Applicant has requested that this application be heard under the shortened procedure provided by § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure for non-contested proceedings, and this proceeding appears to be a proper one for disposition under the aforesaid rule, no request to be heard, protest or petition raising an issue of substance having been filed subsequent to the giving of due notice of the filing of the application including publication in the FEDERAL REGISTER on June 17, 1950 (15 F. R. 3956).

The Commission orders:

(A) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a public hearing be held on July 24, 1950, at 9:45 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2440]

ATTLEBORO STEAM AND ELECTRIC CO. ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 20th day of July A. D. 1950.

In the matter of Attleboro Steam and Electric Company, Central Massachusetts Electric Company, Gardner Electric Light Company, Worcester Suburban Electric Company, New England Power Company, Worcester County Electric Company, File No. 70-2440.

Notice is hereby given that Attleboro Steam and Electric Company ("Attleboro"), Central Massachusetts Electric Company ("Central"), Gardner Electric Light Company ("Gardner"), Worcester Suburban Electric Company ("Worcester Suburban"), New England Power Company ("NEPCO"), and Worcester County Electric Company ("Worcester County"), all subsidiary companies of New England Electric System ("NEES"), a registered holding company, have filed separate applications pursuant to the Public Utility Holding Company Act of 1935 and have designated section 6 (b) thereof as applicable to the proposed transactions.

Notice is hereby given that any interested person may, not later than July 28, 1950, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said applications which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed to the Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 28, 1950, said applications may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and U-100 thereof.

Applicant companies propose to issue, from time to time but not later than September 30, 1950, additional unsecured promissory notes, due May 31, 1951. Applicants' notes presently outstanding and proposed to be issued, together with the total amount of notes to be outstanding, are shown in the following table:

Name	Presently outstanding	Proposed to be issued	Total to be outstanding
Attleboro	$380,000	$60,000	$440,000
Central	900,000	100,000	1,000,000
Gardner	450,000	50,000	500,000
Worcester Suburban	2,050,000	50,000	2,100,000
NEPCO	4,400,000	6,100,000	10,500,000
Worcester County	4,550,000	1,500,000	6,050,000
Total	12,730,000	7,860,000	20,950,000

The notes are to be issued pursuant to bank loan agreements, as amended, entered into by the applicant companies and certain other subsidiary companies

of NEES, as described in Holding Company Act Release Nos. 8253 and 9527.

The applicant companies have agreed to reduce the amount of bank notes outstanding to the extent of any permanent financing, except indebtedness to NEES, and to reduce the amount of bank notes authorized by this Commission but not issued prior to such financing, to the extent of the excess of such financing over the amount of notes then outstanding. In addition, it is indicated that the amount of promissory notes authorized to be issued by NEPCO will be reduced by the amount received by NEES in the event it sells its investment in the common shares of its subsidiary, Fall River Electric Light Company.

The applicant companies state that the proceeds to be derived from said unsecured promissory notes will be used to replenish any depletion of working capital occasioned by the construction of property already in progress and to finance proposed construction through September 30, 1950.

Incidental services in connection with the notes proposed to be issued will be performed by New England Power Service Company, an affiliate service company, at the actual cost thereof. The total amount of expenses in connection with the proposed transactions is estimated to be $100 for each of the applicant companies, an aggregate of $600.

The Department of Public Utilities of the Commonwealth of Massachusetts has approved the proposed issuance of notes by the applicant companies and, in addition, the Public Service Commission of the State of New Hampshire and the Vermont Public Service Commission have approved the notes proposed to be issued by NEPCO.

The applicant companies request that the Commission's order herein be and become effective upon issuance.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

JOHN HILZINGER

In re: Interest in real property owned by John Hilzinger.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That John Hilzinger, whose last known address is 166 Haupstrasse, Willstadt, Kr. Kohl Baden, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: An undivided one-half (½) interest in real property situated in the Village of Massapequa, County of Nassau, State of New York, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments, arising from the ownership of such property,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraph 2 hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1950.

For the Attorney General.

FEDERAL REGISTER

VOLUME 15 NUMBER 142

Washington, Tuesday, July 25, 1950

TITLE 4—ACCOUNTS

Chapter I—General Accounting Office

[General Reg. 108, Supp. 1]

PART 7—GOVERNMENT REQUESTS FOR TRANSPORTATION OF PASSENGERS

MISCELLANEOUS AMENDMENTS

JULY 20, 1950.

The following sections are hereby amended as follows:

These sections issued under the authority contained in sections 309 and 311 (f), 42 Stat. 25; 31 U. S. C. 49 and 52 (f).

§ 7.2 *Printing and binding.* (a) The size of the above-prescribed standard forms, with the exception of Standard Form No. 1140, will be 8¼ by 3¼ inches including binding. Standard Form No. 1140 will be 8¼ by 16¼ inches including binding. The original requests for transportation, Standard Forms Nos. 1139 and 1141, will be printed on light green paper and the memorandum copies thereof, Standard Forms Nos. 1139a and 1141a, will be printed on white paper. U. S. Government Request for Transportation—Type A, original, Standard Form No. 1139, together with the memorandum copy thereof, Standard Form No. 1139a, will be bound 10 or 25 requests to the book in U. S. Government Request for Transportation—Type A Book Cover, Standard Form No. 1138. U. S. Government Request for Transportation—Type B, original, Standard Form No. 1141, together with the memorandum copy thereof, Standard Form No. 1141a, will be bound 25, 50, or 100 requests to the book (5 requests to the page) in U. S. Government Request for Transportation—Type B Book Cover, Standard Form No. 1140.

• • • • • • •

(d) The above-prescribed forms will be printed only at the Bureau of Engraving and Printing and requisitions therefor should be addressed to the Director, Bureau of Engraving and Printing, and must indicate the agency name and address to be overprinted on the outside of back covers of transportation request books.

§ 7.5 *Use of requests.* • • •

(b) Requests for transportation—Type A (Standard Form No. 1139). In those cases where the traveler is authorized to issue transportation requests for his own use, Type A book(s) of blank transportation request forms will be issued to him, and the traveler will sign such requests once only in the space provided thereon for "Signature of issuing officer-traveler." The official issuing Type A book of blank requests to a traveler will show the transaction in the space provided therefor on the inside front cover of the book, Standard Form No. 1138, over his bona fide signature. The traveler should maintain a record of all requests issued by him and of all unnegotiated requests which are spoiled or canceled for any reason, such record to be kept on the stub to which the memorandum of the request for transportation is attached. When there is no further need for unused requests, when separated from Government service, or when all of the requests contained in a book have been exhausted, the book of unused requests or empty cover thereof, as the case may be, should be returned immediately to the official who issued such book of requests to the traveler. Books returned to the issuing officer containing unused requests may be reissued in blank to other travelers until the requests are exhausted, the return and reissue thereof to be shown in the spaces provided therefor on the inside front and back cover of the transportation request book. When all of the spaces provided for this purpose have been used, the unused transportation requests contained in books returned to the issuing officer should be effectively voided and forwarded immediately to the administrative office where the accountability records are kept, there to be accounted for and destroyed. (See § 7.11.)

§ 7.11 *Spoiled or canceled requests.* All transportation requests spoiled or canceled for any reason should be marked "Canceled" and forwarded immediately, through the official who furnished the request(s), to the administrative office where the accountability records are kept, there to be accounted for and destroyed, except, where a canceled transportation request indicates the non-use of Pullman accommodations and involves a used related rail transportation request, in which instance, the canceled transportation request, bearing a citation to the payment record of the

PART 11—CERTIFICATE TO BE USED BY CONTRACTORS AND VENDORS ON INVOICES OR BILLS

Sec.
11.1 Wording of certificate.
11.2 Form of certificate.
11.3 Sign certificate only after delivery or performance.
11.4 Showing of unit prices of petroleum products.
11.5 Furnishing price escalation notices.

AUTHORITY: §§ 11.1 to 11.5 issued under secs. 309, 311, 42 Stat. 25; 31 U. S. C. 49, 52.

§ 11.1 *Wording of certificate.* In the interest of uniformity and in order to simplify certifications required of contractors and vendors when submitting invoices or bills to the Government for payment, the following certificate on such documents will be sufficient and is hereby approved:

I certify that the above bill is correct and just and that payment therefor has not been received.

§ 11.2 *Form of certificate.* The prescribed certificate may be printed, stamped, typed, or written on the vendor's bill of sale or invoice and must be signed, in original only, by the vendor or his duly authorized representative.

§ 11.3 *Sign certificate only after delivery or performance.* Under no conditions should the certificate on Government vouchers or on invoice forms to be attached to such vouchers be signed in blank or at any time prior to the submission of the voucher or invoice but only after delivery or performance by the claimant. To do so may result in the submission of a false claim against the Government for which the person signing the certificate may be held liable under the law.

§ 11.4 *Showing of unit prices of petroleum products.* Where purchases are made under contracts which provide that unit prices of gasoline or other petroleum products shall be based on posted tank wagon, barge, or service station prices at date and point of delivery, such unit prices at date and point of delivery should be shown on invoices or vouchers as audit information.

§ 11.5 *Furnishing price escalation notices.* Where purchases are made under contracts containing an article entitled "Price Escalation", price change notices issued in compliance with price escalation notices received from contractors should be furnished the General Accounting Office for association with the pertinent contract and for audit purposes.

All other directives in conflict with this circular letter are hereby modified to the extent of such conflict.

Interpret or apply secs. 301, 358, 359, 361–368, 372, 373, 52 Stat. 38, 62–65, as amended; 55 Stat. 88, as amended, Pub. Law 471, 81st Cong; 7 U. S. C. and Sup. 1301, 1358, 1359, 1361–1368, 1372, 1373.

GENERAL

§ 729.140 *Basis and purpose.* The regulations contained in §§ 729.140 to 729.169, are issued pursuant to the Agricultural Adjustment Act of 1938, as as amended, and govern the determination of peanut acreages, the issuance of marketing cards, the identification of peanuts, the collection and refund of penalties, and the records and reports incident thereto, on the marketing of peanuts of the 1950 crop, regardless of whether they are marketed before, during, or after the 1950–51 marketing year. Prior to preparing the regulations in §§ 729.140 to 729.169, public notice of their formulation was published in the FEDERAL REGISTER (15 F. R. 4133) in accordance with the Administrative Procedure Act (60 Stat. 237). The data, views, and recommendations pertaining to the regulations in §§ 729.140 to 729.169, which were submitted have been duly considered within the limits prescribed by the aforesaid Agricultural Adjustment Act of 1938.

§ 729.141 *Definitions.* As used in §§ 729.140 to 729.169 inclusive, and in all instructions, forms and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them unless the context or subject matter otherwise requires.

(a) *Act.* "Act" means the Agricultural Adjustment Act of 1938, as amended.

(b) *Assistant Administrator.* "Assistant Administrator" means the Assistant Administrator for Production, or the Acting Assistant Administrator for Production, of the Production and Marketing Administration of the United States Department of Agriculture.

(c) *Buyer.* "Buyer" means a person who (1) buys or otherwise acquires any peanuts from a producer, (2) buys or otherwise acquires farmers stock peanuts from any person, or (3) as a commission merchant or broker, markets any peanuts for the account of a producer and who is responsible to the producer for the amount received for the peanuts.

(d) *Committees*—(1) *Community committee.* "Community committee" means the persons elected within a community, pursuant to regulations governing PMA county and community committees published in the FEDERAL REGISTER of September 29, 1949 (14 F. R. 5916), to assist the county committee in the administration within the community of agricultural programs that are administered through the Production and Marketing Administration.

(2) *County committee.* "County committee" means the persons elected within a county, pursuant to regulations governing PMA county and community committees published in the FEDERAL REGISTER of September 29, 1949 (14 F. R. 5916), who are generally responsible for carrying out in the county the agricultural progams administered through the Production and Marketing Administration.

(3) *State committee.* "State committee" means the persons designated as the State committee of the Production and Marketing Administration charged with the responsibility of administering Production and Marketing Administration programs within the State.

(e) *Designated agency.* "Designated agency" means the Commodity Credit Corporation which has been designated by the Secretary as the agency to which excess peanuts may be delivered pursuant to the provisions of section 359 (g) of the act, and any sheller, crusher, warehouseman, or other person utilized by the Commodity Credit Corporation

as its agent to receive, handle, and dispose of excess peanuts.

(f) *Director.* "Director" means the Director, or the Acting Director, of the Fats and Oils Branch of the Production and Marketing Administration of the United States Department of Agriculture.

(g) *Excess acreage.* "Excess acreage" means the acreage by which the farm peanut acreage exceeds the farm allotment, but there will be no excess acreage if the farm peanut acreage is one acre or less.

(h) *Excess peanuts.* "Excess peanuts" means peanuts in excess of the farm marketing quota determined pursuant to § 729.146.

(i) *Farm.* "Farm" means all adjacent or nearby farmland under the same ownership which is operated by one person, including also:

(1) Any other adjacent or nearby farmland which the county committee, in accordance with instructions issued by the Assistant Administrator, determines is operated by the same person as part of the same unit with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other lands; and

(2) Any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm constitutes a unit with respect to the rotation of crops.

A farm shall be regarded as located in the county in which the principal dwelling is situated, or if there is no dwelling thereon it shall be regarded as located in the county in which the major portion of the farm is located.

(j) *Farm allotment.* "Farm allotment" means the farm peanut acreage allotment for the 1950 crop of peanuts, established pursuant to §§ 729.110 to 729.127 (14 F. R. 7611).

(k) *Farm peanut acreage.* "Farm peanut acreage" means the acreage on the farm planted to peanuts in 1950 as determined by the county committee, less any such acreage with respect to which it is established by the operator or otherwise to the satisfaction of the county committee that the entire production therefrom has not and will not be picked or threshed either before or after marketing from the farm: *Provided, however,* That (1) the farm peanut acreage shall be considered equal to the farm allotment on a farm for which such allotment equals or exceeds the larger of one acre or the 1947 farm peanut acreage, if the acreage in excess of the farm allotment from which peanuts are picked or threshed is not greater than one-tenth acre or three percent of the farm allotment, whichever is larger; (2) the farm peanut acreage shall be considered equal to one acre on a farm for which the farm allotment and the 1947 farm peanut acreage are each equal to or less than one acre, and the acreage from which peanuts are picked or threshed does not exceed 1.1 acres; or (3) the farm peanut acreage shall be considered equal to the 1947 farm peanut acreage on a farm for which such 1947 acreage exceeds the larger of the farm allotment or one acre, if the acreage in excess of the 1947 farm peanut acreage from which peanuts are picked or threshed is not greater than one-tenth acre or three percent of the 1947 farm peanut acreage, whichever is larger; but the provisions of subparagraphs (1), (2), and (3) of this paragraph shall not apply unless the operator (i) submits evidence satisfactory to the county committee that the picking or threshing of peanuts was completed before he received notice of the acreage planted to peanuts, or that peanuts were picked or threshed from an acreage in excess of the largest of the farm allotment, one acre, or the 1947 farm peanut acreage notwithstanding an honest effort on the part of the operator to dispose of the excess by means other than by picking or threshing, and (ii) a quantity of peanuts equal to the county committee's estimate of the production from the acreage in excess of the largest of the farm allotment, one acre, or the 1947 farm peanut acreage is disposed of on the farm in such manner that the peanuts cannot be marketed: *Provided, further,* That the maximum acreage limit prescribed in subparagraphs (1), (2), or (3) of this paragraph shall not be applicable if the State committee concurs in the findings and recommendations of the county committee that the unusual circumstances from which the excess resulted are such that the maximum limitation should not apply.

(l) *1947 farm peanut acreage.* "1947 farm peanut acreage" means the acreage on the farm in 1947 from which the peanuts were picked or threshed, as determined by the county committee in accordance with instructions issued by the Assistant Administrator.

(m) *Farmers' stock peanuts.* "Farmers' stock peanuts" means peanuts which have been produced in the continental United States during the calendar year 1950 and have not been cleaned, shelled, crushed, or otherwise changed from their natural state after picking or threshing.

(n) *Market.* "Market" means to dispose of peanuts, including farmers' stock peanuts, shelled peanuts, cleaned peanuts, or peanuts in processed form, by voluntary or involuntary sale, barter, or exchange, or by gift inter vivos. The terms "marketed," "marketing," and "for market" shall have corresponding meanings to the term "market" in the connection in which they are used. The terms "barter" and "exchange" shall include the payment by the producer of any quantity of peanuts for the harvesting, picking, threshing, cleaning, crushing, or shelling of peanuts, or for any other service rendered to him by anyone.

(o) *Marketing card*—(1) *Excess oil card.* "Excess oil card" means MQ–77–Peanuts (1950), Excess Marketing Card, providing the producer an option for marketing each lot of peanuts either by paying the marketing penalty or by delivering the excess peanuts at oil prices to agencies designated by the Secretary.

(2) *Excess penalty card.* "Excess penalty card" means MQ–77–Peanuts (1950), Excess Marketing Card, requiring that a marketing penalty be paid for all peanuts marketed.

(3) *Within quota card.* "Within quota card" means MQ–76–Peanuts (1950), Within Quota Marketing Card, authorizing the marketing of peanuts without penalty and without requiring the delivery of any peanuts to agencies designated by the Secretary.

(p) *Marketing year.* "Marketing year" means the 1950–51 marketing year beginning August 1, 1950, and ending July 31, 1951.

(q) *Operator.* "Operator" means the person who is in charge of the supervision and conduct of the farming operations on the entire farm.

(r) *Peanuts.* "Peanuts" means all peanuts produced, excluding any peanuts which were not picked or threshed either before or after marketing from the farm.

(s) *Person.* "Person" means an individual, partnership, association, corporation, firm, joint-stock company, estate or trust, or other business enterprise or other legal entity, and whenever applicable, a State, a political subdivision of a State, or any agency thereof.

(t) *Pound.* "Pound" means that quantity of farmers stock peanuts equal to one pound standard weight. If peanuts have been graded at the time of marketing, the poundage shall be the weight excluding foreign material. If shelled peanuts are marketed, the poundage thereof shall be converted to the weight of farmers stock peanuts by multiplying the number of pounds of shelled peanuts by 1.5, and the result shall be the number of pounds considered as marketed under the regulations in this part.

(u) *Producer.* "Producer" means a person who, as owner, landlord, tenant, or sharecropper, is entitled to share in the peanuts produced on the farm or in the proceeds thereof.

(v) *Quota peanuts.* "Quota peanuts" means peanuts which are within the amount of the farm marketing quota determined pursuant to § 729.146.

(w) *Record of resale.* "Record of resale" means MQ–86–Peanuts, Record of Resale of Farmers Stock Peanuts, used to record and report resales of farmers stock peanuts between buyers.

(x) *Record of sale without marketing card.* "Record of sale without marketing card" means MQ–82–Peanuts, Record of Sale without Marketing Card, used to record and report data with respect to peanuts marketed without a marketing card.

(y) *Report of peanuts shelled for producers.* "Record of peanuts shelled for producers" means MQ–91–Peanuts, Report of Peanuts Shelled for Producers, used to record and report data with respect to peanuts shelled for or by producers.

(z) *Secretary.* "Secretary" means the Secretary, or the Acting Secretary, of Agriculture of the United States.

§ 729.142 *Instructions and forms.* The Director shall cause to be prepared and issued such forms as are necessary, and shall cause to be prepared such instructions as are necessary, for carrying out the regulations of this part. The forms and instructions shall be approved by, and the instructions shall be issued by, the Assistant Administrator.

§ 729.143 *Extent of calculations and rule of fractions.* (a) The farm peanut acreage and the acreage and allotment shares of producers shall be expressed in tenths of an acre, and fractions of less than one-tenth of an acre shall be dropped.

(b) The percentage of excess peanuts, hereinafter referred to as the "percent excess," and percentage shares of producers shall be expressed in tenths of a percent and fractions of less than one-tenth of a percent shall be dropped, except that the minimum percent excess for a farm having any excess acreage shall be one-tenth of a percent.

(c) The amount of penalty per pound upon marketings of peanuts, hereinafter referred to as the "converted penalty rate," shall be expressed in tenths of a cent and fractions of less than a tenth of a cent shall be dropped, except that the minimum converted penalty rate for a farm having any excess acreage shall be one-tenth of a cent.

IDENTIFICATION AND MEASUREMENT OF FARMS

§ 729.144 *Identification of farms.* Each farm as operated for the 1950 crop of peanuts shall be identified by a farm serial number assigned by the county committee; and all records pertaining to marketing quotas for the 1950 crop of peanuts shall be identified by the farm serial number.

§ 729.145 *Measurement of farms.* The county committee shall provide for measuring peanut farms in the county in accordance with instructions issued by the Assistant Administrator.

FARM MARKETING QUOTAS AND MARKETING CARDS

§ 729.146 *Amount of farm marketing quota.* (a) The farm marketing quota for a farm having no excess acreage shall be the actual production of peanuts on the farm peanut acreage.

(b) The farm marketing quota for a farm having excess acreage shall be a quantity of peanuts equal to the actual average yield per acre (determined by dividing the total production of peanuts on the farm peanut acreage by the farm peanut acreage) times the farm allotment.

§ 729.147 *Marketing quotas not transferable.* Farm marketing quotas are not transferable in whole or in part from one farm to another farm; and peanuts produced on one farm shall not be marketed on a marketing card issued with respect to another farm.

§ 729.148 *Issuance of marketing cards.* (a) Except as provided in paragraph (b) of this section, a farm marketing card shall be issued to the operator of each farm having 1950 crop peanuts, for use by any producer for marketing his share of the peanuts produced on the farm. If the county committee finds that it will serve a useful purpose, additional farm marketing cards, issued in the name of the operator, may be delivered to other producers on the farm.

(b) If any producer on a farm eligible for a within quota card or for an excess oil card is not eligible for price support because the county committee determines, pursuant to regulations of the Secretary with respect to the price support program for the 1950 crop of peanuts (6 CFR Part 646) that he knowingly contributed to excess peanut production on one or more farms to such an extent as to off-set his contribution to the adjustment of production on other farms, separate marketing cards shall be issued to each producer on the farm for use in marketing only his share of the peanuts produced on the farm. For a farm eligible for a within quota card, the marketing card issued to any producer who is ineligible for price support shall be an excess penalty card showing a zero converted penalty rate, and the marketing card issued for each other producer on the farm shall be a within quota card. For a farm eligible for an excess oil card, any producer who is ineligible for price support shall be issued an excess penalty marketing card showing the applicable converted penalty rate for the farm, unless he proves to the satisfaction of the county committee that he has delivered to a designated agency a quantity of peanuts equal to his share of the excess peanuts for the farm, in which case he shall be issued an excess penalty marketing card showing a zero converted penalty rate; and each other producer on such farm shall be issued an excess oil card.

(c) All entries on each marketing card shall be made in accordance with the instructions for issuing marketing cards. Upon return to the office of the county committee of any marketing card after the memoranda of sale have been issued therefrom and before the marketing of peanuts from the farm has been completed, a new marketing card of the same kind, bearing the same name, information, and identification as the used card shall be issued. A new marketing card of the same kind shall be issued to replace a card which has been determined by the county committee to have been lost, destroyed, mutilated, or stolen.

(d) Within quota card: A farm is eligible for a within quota card under any one of the following conditions:

(1) The farm has no excess acreage.

(2) An agreement on MQ–92–Peanuts (1950) is obtained from the farm operator in accordance with § 729.159 (a).

(3) The peanuts were grown only for experimental purposes on land owned or leased by a publicly owned agricultural experiment station and are produced at public expense by employees of the experiment station, or the peanuts were produced by farmers pursuant to an agreement with a publicly owned experiment station whereby the experiment station bears the cost and risks incident to the production of the peanuts and the proceeds from the crop inure to the benefit of the experiment station: *Provided,* That such agreement is approved by the State committee prior to the issuance of a marketing card for the farm.

(e) Excess oil card: A farm is eligible for an excess oil card under either of the following conditions:

(1) The farm peanut acreage is in excess of the larger of the farm allotment or one acre but is not in excess of the 1947 farm peanut acreage.

(2) An agreement on MQ–92–Peanuts (1950) is obtained from the operator in accordance with § 729.159 (b).

(f) Excess penalty card: An excess penalty card shall be issued for a farm if the farm peanut acreage exceeds the largest of the farm allotment, one acre, or the 1947 farm peanut acreage.

§ 729.149 *Person authorized to issue cards.* The county committee shall designate one person to sign marketing cards for farms in the county as issuing officer. The issuing officer may, subject to the approval of the county committee, designate not more than three persons to sign his name in issuing marketing cards; *Provided,* That each such person shall place his initials immediately beneath the name of the issuing officer as written by him, or stamped on the card.

§ 729.150 *Successors in interest.* Any person who succeeds in whole or in part to the share of a producer in the peanuts to be marketed from a farm shall, to the extent of such succession, have the same rights as the producer to the use of any farm marketing card issued for the farm.

§ 729.151 *Invalid marketing cards.* A marketing card shall be invalid if:

(a) It is not issued or delivered in the form and manner prescribed;

(b) Entries are omitted, incorrect, contradictory, or illegible;

(c) It is lost, destroyed, or stolen;

(d) Any erasure or alteration has been made, and not properly initialed;

(e) The converted penalty rate on the inside front cover of an excess oil card or an excess penalty card has been altered.

(f) The percent excess on the inside front cover of an excess oil card has been altered.

If any marketing card becomes invalid (other than by loss, destruction or theft) the operator, or the person having the card in his possession, shall return it to the county office from which it was issued. If any marketing card is lost, destroyed or stolen, the producer to whom the card was issued, shall give written notice to the county office from which the card was issued.

If an entry is not made on a marketing card as required either through omission or incorrect entry, and the proper entry is later made and initialed as provided in the instructions for issuing marketing cards, then such card shall become valid; or if the invalid card is not made valid in this manner, it shall be cancelled and a new card issued in its place.

§ 729.152 *Report of misuse of marketing card.* Any information which causes a member of a State, county, or community committee, or an employee of a State or county committee, to believe that any peanuts have been or are being marketed on a marketing card issued for another farm or to another producer shall be reported immediately by such person to the county committee or State committee.

MARKETING OR OTHER DISPOSITION OF PEANUTS AND PENALTIES

§ 729.153 *Extent to which marketings from a farm are subject to penalty.* The marketing of peanuts in excess of the

farm marketing quota for any farm shall be subject to a penalty at the rate prescribed in § 729.155 and the penalty shall be paid on each lot of peanuts marketed from the farm in an amount equal to the converted penalty rate multiplied by the number of pounds in the lot, except that the penalty will not be required on any excess peanuts produced on a farm eligible for an excess oil card if such excess peanuts are delivered to or marketed through an agency designated by the Secretary. The converted penalty rate shall be determined as follows:

(a) Determine the percent excess for the farm by dividing the excess acreage by the farm peanut acreage.

(b) Determine the converted penalty rate by multiplying the percent excess by the rate of penalty prescribed in § 729.155.

§ 729.154 *Identification of marketings.* (a) Each marketing of peanuts from a farm shall be recorded by the buyer or his representative on a marketing card, issued with respect to the farm on which the peanuts were produced, and identified by an executed memorandum of sale from such marketing card; or each marketing without a marketing card shall be recorded on a memorandum from a record of sale without marketing card and shall be subject to the penalty rate prescribed in § 729.155: *Provided however,* That when purchasing peanuts from a producer, a person who is not engaged in the business of buying peanuts shall not be required to make such record or execute memoranda of sale identifying purchases of peanuts if the county committee has determined that, with respect to the peanuts being purchased, it would be administratively impracticable to require such buyer to execute memoranda of sale, keep the records, and make the buyer's reports required in §§ 729.140 to 729.169, in which case the producer marketing the peanuts shall be responsible for reporting each marketing to the county committee.

(b) Each marketing of farmers stock peanuts by any buyer which such buyer represents to be a resale shall be recorded on a record of resale on which the buyer reselling the peanuts or his representative certified that the peanuts were identified by valid marketing cards or other records or resale and that any marketing penalty due has been collected.

§ 729.155 *Rate of penalty.* The penalty per pound upon marketings of excess peanuts subject to penalty shall be at a rate equal to 50 percent of the basic rate of the loan or support price for peanuts for the marketing year.

§ 729.156 *Persons to pay penalty.* The penalty due on peanuts purchased directly from a producer shall be paid by the buyer, who may deduct an amount equivalent to the penalty from the price paid to the producer; except that the penalty due on marketings by a producer directly to any person outside the United States shall be paid by the producer. The buyer shall not be relieved of any liability with respect to the amount of penalty due because of any error which may occur in executing the memoranda of sale. If the buyer fails to collect or pay the penalty due on any marketing of peanuts from a farm, he and all producers on the farm shall be jointly and severally liable for the amount of the penalty.

Notwithstanding any other provisions of the regulations in this part, if the county committee finds that peanuts from a farm on which there is excess acreage have been or probably will be sold to persons who are not engaged in the business of buying peanuts and determines that it would be administratively impracticable to effect the collection of the marketing penalty from persons who acquire the peanuts, the county committee may, on the basis of county office records or other available information, estimate the actual yield per acre and production for the farm, and determine the amount of penalty that will be due on the quantity of peanuts to be marketed to persons not engaged in the business of buying peanuts. If an excess oil card is issued with respect to the farm, the amount of penalty that will be due will be determined by multiplying the operator's or the producer's estimate of the quantity of peanuts which are to be marketed to persons other than established buyers by the converted penalty rate for the farm. If an excess penalty card is issued for the farm, the amount of penalty shall be determined by multiplying the total production for the farm by the converted penalty rate. The amount of penalty may be collected from the operator or producer before the marketing card is issued if he agrees to payment of the penalty in this manner. If the county committee determines that satisfactory information is not available for estimating the 1950 yield per acre, the county committee shall establish a normal yield per acre for the farm pursuant to the applicable § 729.125 or § 729.127 (14 F. R. 7611) and the normal yield per acre shall be considered to be the estimated yield per acre for the purpose of determining the amount of penalty. The county committee shall issue an excess oil card or an excess penalty card, whichever is applicable. If the penalty is paid before the excess penalty card is issued, the converted penalty rate shall be shown as "zero." If the county committee determines, after marketing of the 1950 crop for the farm is completed, that the actual yield per acre for the farm was less than the estimated yield per acre, any penalty paid in excess of the amount actually due shall be refunded upon presentation of a request therefor as provided in § 729.160.

§ 729.157 *Marketings subject to penalty.* In addition to marketings subject to penalty that are identified by memoranda of sale from excess oil cards, or excess penalty cards, the marketing of peanuts under any of the following conditions shall be deemed to be a marketing subject to penalty at the rate prescribed in § 729.155:

(a) *Producer marketings.* Except for marketings within the terms of the proviso contained in § 729.154 (a), any marketing of peanuts by a producer which is not identified by a valid memorandum of sale shall be deemed to be a marketing subject to penalty. The penalty thereon shall be paid by the buyer who may deduct an amount equivalent to the penalty from the amount due the producer.

If any producer falsely identifies or fails to account for the disposition of any peanuts produced on a farm, an amount of peanuts equal to the normal yield, as determined under the applicable § 729.125 or § 729.127 (14 F. R. 7611) of the excess acreage for the farm shall be deemed to have been a marketing subject to penalty from such farm. The penalty thereon shall be paid by the producer.

(b) *Buyer's marketings.* The part or all of any marketing of peanuts by a buyer which such buyer represents to be a resale, but which when added to prior resales by such buyer, is in excess of the total of his prior purchases shall be deemed to be a marketing subject to penalty unless and until such buyer furnishes proof acceptable to the Director showing that such marketing is not a marketing subject to penalty. The penalty thereon shall be paid by the buyer making the resale.

(c) *Marketings not reported.* Any sale of peanuts which, under the regulations in §§ 729.140 to 729.169, a buyer is required to report, but which is not so reported within the time and in the manner therein required, shall be deemed to be a marketing subject to penalty unless and until such buyer furnishes a report of such sale which is acceptable to the Director. The penalty thereon shall be paid by the buyer who fails to make the report as required.

§ 729.158 *Payment of penalty.* Penalties shall become due at the time the peanuts are marketed and shall be paid by remitting the amount thereof to the State committee not later than the end of the calendar week following the week in which the peanuts became subject to penalty. A draft, money order, or check drawn payable to the Treasurer of the United States may be used to pay any penalty, but any such draft or check shall be received subject to payment at par.

§ 729.159 *Use of agreement to permit marketings from overplanted farms*—(a) *Within quota card issued on basis of agreement.* The county committee may, upon request of the operator of any farm on which the acreage planted to peanuts exceeds the farm allotment, issue a within quota card with respect to a farm in the manner prescribed in § 729.148, if the county committee obtains from the operator an agreement that the farm peanut acreage will not exceed the farm allotment and that any marketing penalty that may become due will be paid.

(b) *Excess oil card issued on basis of agreement.* The county committee may, upon request of the operator of any farm on which the acreage planted to peanuts exceeds the farm allotment, issue an excess oil card with respect to the farm in the manner prescribed in § 729.148 if the county committee obtains from the operator an agreement that the farm peanut acreage will not exceed a specified acreage which is not greater than the 1947 farm peanut acreage.

(c) *Form of agreement.* The agreement referred to in paragraphs (a) and (b) of this section shall be on form MQ-92—Peanuts (1950), executed in accordance with instructions issued by the Assistant Administrator. If the county committee deems that there is reasonable ground to believe that the within quota card or excess oil card issued pursuant to this section will be used as a device to evade the collection of penalty or the requirements of the 1950 crop price support program, the marketing card shall not be so issued.

(d) *Payment of penalty.* If the county committee determines that any penalty is due, the converted penalty rate for the farm shall be determined as provided in § 729.153. At such time, the operator shall surrender to the county committee any marketing card issued for the farm showing thereon the required record of all peanuts marketed from the farm. The operator shall pay the amount of penalty due on all marketings that have been made from the farm, as determined by the county committee. The county committee shall cancel each marketing card previously issued for the farm and, after collecting the amount of any penalty due, shall issue an excess penalty card.

§ 729.160 *Request for return of penalty.* After the marketing of peanuts from the farm is completed and the disposition of any other peanuts produced on the farm can be shown, the producer or any other person who bore the burden of the payment of any penalty may request the return of the amount of such penalty which is in excess of the amount required under §§ 729.140 to 729.169 to be paid. Such request shall be filed with the county committee within two years after the payment of the penalty.

RECORDS AND REPORTS

§ 729.161 *Producer's records and reports*—(a) *Report on marketing card.* Each marketing card issued with respect to a farm on which peanuts are produced in 1950 shall be returned to the office of the county committee whenever marketings from the farm are completed or at such earlier time as the county or State committee may request. Failure to return the marketing card (after formal notification) shall constitute failure to account for disposition of peanuts marketed from the farm in the event that a satisfactory account of such disposition is not furnished otherwise, and the allotment next established for such farm shall be reduced by that percentage which the amount of peanuts unaccounted for is of the farm marketing quota.

(b) *Additional reports by producers.* In addition to any other reports which may be required under §§ 729.140 to 729.169, the operator of each farm or any other producer on the farm (even though the farm peanut acreage does not exceed the farm allotment and even though no farm allotment was established) shall, upon written request from the State committee sent by registered mail to such person at his last known address, furnish the Secretary a written report of the disposition made of all peanuts produced on the farm by sending the same to the State committee within 15 days after the request for such report was deposited in the United States mails. Such written report shall show for the farm at the time of filing, (1) the farm peanut acreage, (2) the total production of peanuts on the farm peanut acreage, (3) the amount of peanuts not marketed and their location, and (4) for each lot of peanuts marketed, the name and address of the buyer to or through whom such peanuts were marketed, the number of pounds marketed, and the date marketed. Failure to file the report as requested or the filing of a report which is found by the State committee to be incomplete or incorrect shall constitute failure of the producer to account for disposition of peanuts produced on the farm and the allotment next established for such farm shall be reduced by that percentage which the amount of peanuts unaccounted for is of the farm marketing quota.

§ 729.162 *Buyers' records and reports.* The following paragraphs shall apply to all marketings except marketings within the terms of the proviso contained in § 729.154 (a):

(a) *Record of marketings.* Each buyer shall keep such records as will enable him to furnish the Director the following information with respect to each lot of peanuts marketed to or through him by a producer and each lot of farmers stock peanuts marketed to or through him by another buyer:

(1) Serial number of the memorandum of sale issued to identify each marketing.

(2) Name of seller (if the seller is a producer, the producer's name and either the name of the operator of the farm or the farm serial number.

(3) Date of marketing.

(4) Number of pounds marketed.

(5) Amount of any penalty due and the amount of any deduction for penalty from the price paid the seller.

(6) Number of pounds marketed as a delivery to or through a designated agency.

Records of all resales of farmers stock peanuts by the buyer shall be maintained and the name of each person to whom such resale was made shall be shown on the buyer's record.

(b) *Memoranda of sale or record of sale without marketing card and remittance of penalties.* A record in the form of a valid memorandum of sale or a memorandum of sale without marketing card shall be obtained by the buyer to cover each marketing of peanuts from a farm. Such record, with remittance for the penalties due as shown thereon, shall be forwarded to the State committee not later than the end of the calendar week following the week in which the peanuts were marketed.

(c) *Additional records and reports by buyer.* Each buyer shall keep such records and furnish such reports to the State committee, in addition to the foregoing, as the State committee may find necessary to insure the proper identification of the marketings of peanuts and the collection of penalties due thereon as provided in §§ 729.140 to 729.169.

§ 729.163 *Record and report of peanuts shelled for producers.* Any person who shells peanuts for a producer, including any producer who shells peanuts produced by himself, shall identify each lot of such peanuts by an executed report of peanuts shelled for producers, and shall forward such report to the State committee not later than the end of the calendar week following the week in which the peanuts are shelled.

§ 729.164 *Separate records and reports from persons engaged in more than one business.* Any person who is required to keep any record or make any report as a buyer, processor, or other person engaged in the business of shelling or crushing peanuts, and who is engaged in more than one such business, shall keep such records as will enable him to make separate reports for each such business in which he is engaged to the same extent for each such business as if he were engaged in no other business.

§ 729.165 *Failure to keep records or make reports.* Any buyer, warehouseman, processor, or common carrier of peanuts, any broker or dealer in peanuts, any agent marketing peanuts for a producer or acquiring peanuts for a buyer or dealer, any peanut growers' cooperative association, any person engaged in the business of cleaning, shelling, crushing, or salting peanuts, or manufacturing peanut products, or any person owning or operating a peanut picking or peanut threshing machine who fails to make any report or keep any record as required in accordance with §§ 729.140 to 729.169, or who makes any false report or record, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than $500.

§ 729.166 *Examination of records and reports.* Any buyer, warehouseman, processor or common carrier of peanuts, any broker or dealer in peanuts, any agent marketing peanuts for producer or acquiring peanuts for a buyer or dealer, any peanut growers cooperative association, any person engaged in the business of cleaning, shelling, crushing, or salting peanuts, or manufacturing peanut products, or any person owning or operating a peanut picking or peanut threshing machine, shall make available for examination upon request by a duly authorized representative of the State committee or Director, such books, papers, records, accounts, correspondence, contracts, documents, and memoranda as the State committee or Assistant Administrator has reason to believe are relevant and are within the control of such person.

§ 729.167 *Length of time records and reports to be kept.* Records required to be kept and copies of reports required to be made by any person in accordance with §§ 729.140 to 729.169 for the 1950–1951 marketing year shall be kept by him until July 31, 1953. Records shall be kept for such longer period of time as may be requested in writing by the Director.

MISCELLANEOUS

§ 729.168 *Information confidential.* All data reported to or required by the

Secretary pursuant to the provisions of §§ 729.140 to 729.169 shall be kept confidential by all officers and employees of the United States Department of Agriculture and by all members and employees of State or county committees and only such data so reported or acquired as the Assistant Administrator deems relevant shall be disclosed by them and then only in a suit or administrative hearing under Title III of the act.

§ 729.169 *Redelegation of authority.* Any authority delegated to the State committee by the regulations in §§ 729.140 to 729.169 may be redelegated by the State committee.

NOTE: The record keeping and reporting requirements of these regulations have been approved by and subsequent reporting requirements will be subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Done at Washington, D. C., this 20th day of July 1950. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 31]

PART 600—DESIGNATION OF CIVIL AIRWAYS

ALTERATIONS; TEMPORARY DESIGNATION

The civil airway alterations appearing hereinafter are adopted to meet the requirements of the Air National Guard for an air-to-ground gunnery range in the vicinity of Dover, Del. The alterations have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are made effective during the period indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required. Part 600 is amended as follows:

1. Section 600.15 *Green civil airway No. 5 (Los Angeles, Calif., to Boston, Mass.)* is amended to exclude the portion below 2,000 feet which lies within the Little Creek, Del., Danger Area.

2. Section 600.277 *Red civil airway No. 77 (Lynchburg, Va., to Millville, N. J.)* is amended to exclude the portion below 2,000 feet which lies within the Little Creek, Del., Danger Area.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies secs. 301, 302, 307, 52 Stat. 985, 986, as amended; 49 U. S. C. 451, 452, 457)

This amendment shall be effective from 0001 e. s. t. August 12, 1950 to 0001 e. s. t. August 29, 1950. At the end of that period § 600.15 and § 600.277 will again become effective as designated prior to this temporary amendment.

[SEAL] DONALD W. NYROP,
Acting Administrator of Civil Aeronautics.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5796]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

FARMERS' RETURNS AS DECLARATIONS OF ESTIMATED TAX AND CHARITABLE CONTRIBUTIONS BY CORPORATIONS ON ACCRUAL BASIS

In order to conform Regulations 111 (26 CFR Part 29) to sections 1 and 3 of Public Law 378, 81st Congress, approved October 25, 1949, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 29.23 (q)–1 the following:

SEC. 3. CHARITABLE CONTRIBUTIONS BY CORPORATIONS ON ACCRUAL BASIS. (Public Law 378, 81st Congress, approved October 25, 1949.)

(a) Section 23 (q) of the Internal Revenue Code (relating to charitable and other contributions) is hereby amended by adding at the end thereof the following:

In the case of a corporation reporting its net income on the accrual basis, at the election of the taxpayer any contribution or gift payment of which is made after the close of the taxable year and on or before the 15th day of the third month following the close of such year shall, for the purposes of this subsection, be considered as paid during such taxable year if, during such year, the board of directors authorized such contribution or gift. Such election shall be made only at the time of the filing of the return for the taxable year, and shall be signified in such manner as the Commissioner, with the approval of the Secretary, shall by regulations prescribe.

* * * * *

(c) The amendments made by this section shall be applicable with respect to taxable years beginning after December 31, 1942. If the election provided for in such amendments is made for any taxable year beginning before January 1, 1949—

(1) The election for such year may be made (in lieu of at the time of the filing of the return for such year) at any time within one year after the date of the enactment of this Act; but

(2) Such election shall not be allowed unless the taxpayer, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, consents in writing to the assessment (within such period as may be agreed upon) of any deficiency, to the extent resulting from such election, for any other taxable year of the taxpayer, even though on the date of the filing of such consent such assessment is otherwise prevented by the operation of any law or rule of law.

PAR. 2. Section 29.23 (q)–1, as amended by Treasury Decision 5645, approved July 20, 1948 is further amended by adding at the end thereof the following:

For taxable years beginning after December 31, 1942, a corporation reporting its net income on the accrual basis may elect to have considered as paid during the taxable year any contribution or gift to organizations described in section 23 (q), with the exceptions hereinbefore described, payment of which contribution or gift is made after the close of the taxable year and on or before the 15th day of the third month following the close of such year if, during such year, the board of directors authorized such contribution or gift. For taxable years beginning after December 31, 1948, such election shall be made only at the time of the filing of the return for the taxable year and shall be signified by reporting such contribution or gift on the return and by attaching to the return a copy of the resolution of the board of directors authorizing such contribution or gift. There shall be attached to such copy of the resolution of the board of directors a written declaration that the resolution of authorization was adopted by the board of directors during the taxable year, and such declaration shall be verified by a statement signed by the president or other principal officer of the corporation that it is made under the penalties of perjury. For taxable years beginning before January 1, 1949, the election may be made (in lieu of at the time of the filing of the return) at any time before October 26, 1950, if the corporation files in duplicate with the Commissioner of Internal Revenue, Washington 25, D. C., attention of the Income Tax Unit, Records Division, a written consent to the assessment (within such period as may be agreed upon) of any deficiency, to the extent resulting from such election, for any other taxable year of the taxpayer, even though on the date of the filing of such consent such assessment is otherwise prevented by the operation of any law or rule of law. For taxable years beginning after December 31, 1942, and before January 1, 1949, the election shall be signified by a written statement filed with the consent hereinbefore described in which the contribution or gift shall be specified together with a copy of the resolution of the board of directors authorizing such contribution or gift. There shall be attached to such copy of the resolution of the board of directors a written declaration that the resolution of authorization was adopted by the board of directors during the taxable year with respect to which the deduction is claimed, and such declaration shall be verified by a statement signed by the president or other principal officer of the corporation that it is made under the penalties of perjury. If the period has expired within which a claim for credit or refund may be allowed with respect to a taxable year, an election under section 3 (c) of Public Law 378, 81st Congress, with respect to such taxable year will not serve to remove the bar of the statute of limitations with respect to such a credit or refund.

PAR. 3. There is inserted immediately after section 60 the following:

SECTION 1. FARMERS' RETURNS AS DECLARATIONS OF ESTIMATED TAX (Public Law 378, 81st Congress, approved October 25, 1949.)

Section 60 (a) of the Internal Revenue Code (relating to declaration of estimated tax by farmers) is hereby amended by striking out the period at the end thereof and inserting in lieu thereof the following: "; and if such an individual files a return on or before January 31 of the succeeding taxable year, and pays in full the amount computed on the return as payable, such return shall have the same effect as that prescribed in section 58 (d) (3) in the case of a return filed on or before January 15."

PAR. 4. Section 29.58–7, as amended by Treasury Decision 5687, approved February 16, 1949, is further amended by revising that portion of the first sentence of paragraph (g) (1) which precedes the matter identified as (i) to read as follows:

(g) *Return as a declaration of estimated tax or amendment thereof.* (1) If the taxpayer files his return for the calendar year on or before January 15 (in the case of a farmer, January 31) of the succeeding calendar year (or if the taxpayer is on a fiscal year basis, on or before the 15th day (in the case of a farmer, the last day) of the first month immediately succeeding the close of such fiscal year) and pays in full the amount of tax shown by such return as payable, then:

PAR. 5. There is inserted immediately preceding § 29.102–1, the following:

SEC. 3. CHARITABLE CONTRIBUTIONS BY CORPORATIONS ON ACCRUAL BASIS. (Public Law 378, 81st Congress, approved October 25, 1949.)

* * * * *

(b) Section 102 (d) (1) (B) of the Internal Revenue Code (relating to section 102 net income). * * * are each amended by adding at the end thereof the following new sentence: "For the purposes of the preceding sentence, payment of any contribution or gift shall be considered as made within the taxable year if and only if it is considered for the purposes of section 23 (q) as made within such year.".

(c) The amendments made by this section shall be applicable with respect to taxable years beginning after December 31, 1942. If the election provided for in such amendments is made for any taxable year beginning before January 1, 1949—

(1) The election for such year may be made (in lieu of at the time of the filing of the return for such year) at any time within one year after the date of the enactment of this Act; but

(2) Such election shall not be allowed unless the taxpayer, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, consents in writing to the assessment (within such period as may be agreed upon) of any deficiency, to the extent resulting from such election, for any other taxable year of the taxpayer, even though on the date of the filing of such consent such assessment is otherwise prevented by the operation of any law or rule of law.

PAR. 6. Section 29.102–4, as amended by Treasury Decision 5517, approved June 12, 1946, is further amended by revising that portion designated as (b) to read as follows:

(b) contributions or gifts payment of which is made within the taxable year (or considered for the purposes of section 23 (q) as made within such year),

not otherwise allowed as a deduction, to or for the use of donees described in section 23 (o) and § 29.23 (o)–1 for the purposes therein specified;

PAR. 7. There is inserted immediately preceding § 29.336–1 the following:

SEC. 3. CHARITABLE CONTRIBUTIONS BY CORPORATIONS ON ACCRUAL BASIS. (Public Law 378, 81st Congress, approved October 25, 1949.)

* * * * * *

(b) * * * section 336 (a) (2) of such code [Internal Revenue Code] (relating to net income of foreign personal holding companies), * * * are each amended by adding at the end thereof the following new sentence: "For the purposes of the preceding sentence, payment of any contribution or gift shall be considered as made within the taxable year if and only if it is considered for the purposes of section 23 (q) as made within such year."

(c) The amendments made by this section shall be applicable with respect to taxable years beginning after December 31, 1942. If the election provided for in such amendments is made for any taxable year beginning before January 1, 1949—

(1) The election for such year may be made (in lieu of at the time of the filing of the return for such year) at any time within one year after the date of the enactment of this Act; but

(2) Such election shall not be allowed unless the taxpayer, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, consents in writing to the assessment (within such period as may be agreed upon) of any deficiency, to the extent resulting from such election, for any other taxable year of the taxpayer, even though on the date of the filing of such consent such assessment is otherwise prevented by the operation of any law or rule of law.

PAR. 8. There is inserted immediately preceding § 29.505–1 the following:

SEC. 3. CHARITABLE CONTRIBUTIONS BY CORPORATIONS ON ACCRUAL BASIS. (Public Law 378, 81st Congress, approved October 25, 1949.)

* * * * * *

(b) * * * and section 505 (a) (2) of such code [Internal Revenue Code] (relating to net income of domestic personal holding companies) are each amended by adding at the end thereof the following new sentence: "For the purposes of the preceding sentence, payment of any contribution or gift shall be considered as made within the taxable year if and only if it is considered for the purposes of section 23 (q) as made within such year."

(c) The amendments made by this section shall be applicable with respect to taxable years beginning after December 31, 1942. If the election provided for in such amendments is made for any taxable year beginning before January 1, 1949—

(1) The election for such year may be made (in lieu of at the time of the filing of the return for such year) at any time within one year after the date of the enactment of this Act; but

(2) Such election shall not be allowed unless the taxpayer, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary, consents in writing to the assessment (within such period as may be agreed upon) of any deficiency, to the extent resulting from such election, for any other taxable year of the taxpayer, even though on the date of the filing of such consent such assessment is otherwise prevented by the operation of any law or rule of law.

Inasmuch as the purpose of this Treasury decision is to conform the regulations to the provisions of sections 1 and 3 of Public Law 378, 81st Congress, approved October 25, 1949, which provisions liberalize requirements imposed upon taxpayers, it is found that it is unnecessary to issue this Treasury decision under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, as subject to the effective date limitation of section 4 (c) of said act.

TITLE 27—INTOXICATING LIQUORS

Chapter I—Bureau of Internal Revenue, Department of the Treasury

[T. D. 5797]

PART 4—LABELING AND ADVERTISING OF WINE

MISCELLANEOUS AMENDMENTS

Notice of a public hearing to be held in Washington, D. C., on October 27, 1948, and in San Francisco, California, on October 7, 1948, with respect to certain proposals to amend Regulations No. 4, Relating to Labeling and Advertising of Wine, was published in the FEDERAL REGISTER on August 25, 1948 (13 F. R. 4923).

Upon the conclusion of the said hearing and after consideration of all relevant material submitted by interested persons in connection therewith regarding proposals numbered 1–7, inclusive, 9, 11, and 12 of said notice, the following amendments to section 21, Class 1 (*a*), 2 (*a*), (*b*), and (*c*), 4 (*a*), 5 (*a*) and 6 (*a*), section 22 (*b*), section 34 (*a*) and (*b*), section 39 (*b*) and (*g*), section 64 (*i*) and section 72 (*a*) are hereby adopted. Section 21 is further amended by the addition of subsection (*d*) to Class 2 thereof, and by the addition of Class 9 thereto. These amendments shall become effective as stated below:

1. In order to change the maximum limitation on the amelioration of wine by the addition of sugar or sugar solution to a total solids content of 22 grams per 100 cubic centimeters from the present maximum on residual sugar content derived from added sugar of 15 percent by weight; to raise the percentage of dry sugar which may be added for amelioration from 15 percent to 20 percent; and to require that any wines which have a total solids content of over 17 grams per 100 cubic centimeters be conspicuously labeled "extra sweet," "specially sweetened," "specially sweet" or "sweetened with excess sugar," the following provisions of the regulations are amended:

a. Section 21, Class 1 (*a*) (1) (27 CFR 4.21 (a) (1) (i)), Class 4 (*a*) (27 CFR 4.21 (d) (1)), Class 5 (*a*) (27 CFR 4.21 (e) (1)), and Class 6 (*a*) (27 CFR 4.21 (f) (1)) are amended by deleting the phrase "or an unfermented residual sugar content, derived from added sugar, of more than 15 percent by weight", where it appears therein, and inserting, in lieu thereof, the phrase "or a total solids content of more than 22 grams per 100 cubic centimeters";

b. Section 21, Class 1 (*a*) (2) (27 CFR 4.21 (a) (1) (ii)) is amended by deleting the figure "15" in the phrase "not more than 15 percent by weight of dry sugar" and inserting in lieu thereof the figure "20";

c. Section 22 (*b*) (5) (27 CFR 4.22 (b) (5)) is amended by deleting the phrase "if the unfermented residual sugar content, derived from added sugar, is not more than 20 percent by weight" and inserting in lieu thereof the phrase "if the total solids content is not more than 22 grams per 100 cubic centimeters";

d. Section 34 (*a*) (27 CFR 4.34 (a)) is amended by inserting between the third and fourth sentences thereof the following new sentence: "In the case of wine which has a total solids content of more than 17 grams per 100 cubic centimeters the words "extra sweet," "specially sweetened," "specially sweet" or "sweetened with excess sugar" shall be stated as a part of the class and type designation. The last of these quoted phrases shall appear where required by Internal Revenue Regulations 7, "Wine" (26 CFR Part 178), on wines sweetened with sugar in excess of the maximum quantities specified in such regulations."

These amendments shall become effective six months after the date of publication in the FEDERAL REGISTER.

2. In order to provide a standard of identity for "retsina wine" section 21 (27 CFR 4.21) is amended by adding at the end thereof a new class 9 (27 CFR 4.21 (i)) to read as follows:

(i) *Class 9, retsina wine.* "Retsina wine" is grape table wine fermented or flavored with resin.

This amendment shall become effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

3. In order to provide a standard of identity for "crackling wine" as a type of sparkling wine, section 21, Class 2 (27 CFR, 4.21 (b)) is amended by deleting the word "secondary" from subsection (*a*) (27 CFR, 4.21 (b) (1)) thereof and by adding at the end of said section 21, Class 2, a new subsection (*d*) (27 CFR, 4.21 (b) (4) as follows:

(4) "Crackling wine", "petillant wine", "frizzante wine" (including cremant, perlant, reciotto and other similar wine) is sparkling light wine normally less effervescent than champagne or other similar sparkling wine, but containing sufficient carbon dioxide in solution, derived solely from limited fermentation within the bottle, to produce, upon pouring under normal conditions, after the disappearance of air bubbles, a slow and steady effervescence evidenced by the formation of gas bubbles flowing up through the wine.

and section 34 (*a*) (27 CFR, 4.34 (a)) is further amended by deleting the third sentence and inserting in lieu thereof the following: "In the case of champagne, or crackling wines, the type designation 'champagne' or 'crackling wine' ('petillant wine', 'frizzante wine') may appear in lieu of the class designation 'sparkling wine'."

These amendments shall become effective six months after the date of publication in the FEDERAL REGISTER.

4. In order to eliminate the requirement in the present standards of identity for champagne and champagne type sparkling wines that such wines must be white wines so that sparkling pink and red wines may bear these designations, section 21, Class 2 (*b*) and (*c*) (27 CFR, 4.21 (b) (2) and (3)) are amended by deleting the phrase "sparkling light white wine", now appearing in both these subparagraphs, and inserting in lieu thereof the phrase "sparkling light wine".

This amendment relieves restrictions in the present regulations and shall become effective on the date of publication in the FEDERAL REGISTER.

5. In order to limit the present requirement, that wines labeled with representations indicating or inferring origin bear an appellation disclosing the true origin of the wine, to situations in which the inference of origin conveyed by such representations is false, section 34 (*b*) (27 CFR 4.34 (b)) is amended by deleting subparagraph (3) and inserting in lieu thereof the following:

(3) if the label bears any statement, design, device, or representation which indicates or infers an origin other than the true place of origin of the wine.

This amendment relieves a restriction in the present regulations and shall become effective on the date of publication in the FEDERAL REGISTER.

6. In order to permit domestic wines to be bottled in ½ pint bottles of the traditional chianti and round shapes and in the traditional magnum and double magnum sizes section 72 (*a*) (27 CFR, 4.72 (a)) is amended to read:

(a) The standards of fill for wine shall be the following, subject to the tolerances hereinafter allowed:

(1) For all wines:

4.9 gallons	1 pint.
3 gallons	⅘ pint.
1 gallon	½ pint.
⅘ gallon	⅖ pint.
½ gallon	4 ounces.
⅖ gallon	3 ounces.
1 quart	2 ounces.
⅕ quart.	

(2) In addition, for aperitif wines only: $\frac{15}{16}$ quart.

Provided, however, That the standards of fill for the ⅕ and ⅖ gallon shall be applicable only to wine contained in bottles of the traditional bordeaux or burgundy shapes, and the ½ pint standard shall be applicable only to wine contained in bottles of traditional chianti or round shapes.

This amendment relieves restrictions in the present regulations and shall become effective on the date of publication in the FEDERAL REGISTER.

7. In order to permit, under certain conditions, imported vintage wine bottled in this country to state the vintage year upon its labels section 39 (*b*) (27 CFR 4.39 (b)) is amended by deleting subparagraph (3) and inserting in lieu thereof the following:

(3) In the case of imported wine, the year of vintage may be stated if such wine was bottled prior to importation in containers of 1 gallon or less, or, if such wine is bottled in the United States in containers of 1 gallon or less from the original container of the product and such container bears the vintage date upon the brand label thereof and the bottler possesses a certificate, issued by a duly authorized official of the country of origin of such wine, identifying that container as containing vintage wine as defined in § 4.1 (h) and certifying (i) that the laws of such country regulate the appearance of vintage dates upon the labels of wine produced for consumption therein, (ii) that the wine in question has been produced in conformity with such laws, and (iii) that such wine would be entitled, under such laws, to bear the vintage date if sold in such country.

This amendment shall become effective six months after the date of publication in the FEDERAL REGISTER.

8. In order to permit the word "importer" or similar words to appear on labels and in advertisements of domestic wine when such words are part of the name of a permittee or retailer by whom the wines are distributed, section 39 (*g*) (27 CFR 4.39 (g)) and section 64 (*i*) (27 CFR 4.64 (i)) are amended by deleting the phrase "such wine is bottled or packed", which appears in each of these subsections, and inserting in lieu thereof the phrase "such wine is bottled, packed or distributed".

This amendment relieves restrictions in the present regulations and shall become effective on the date of publication in the FEDERAL REGISTER.

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 522—EMPLOYMENT OF LEARNERS

GLOVE INDUSTRY

Pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended, the Administrator, on January 25, 1950, published in the FEDERAL REGISTER revised terms and conditions under which special certificates may be issued authorizing the employment of learners in the glove industry (§§ 522.220 to 522.222) at wages below the minimum wage established in section 6 of the act. The terms and conditions were made effective for a six months' period and are scheduled to expire on July 25, 1950.

On July 14, 1950, a notice was published in the FEDERAL REGISTER (15 F. R. 4471) that the Administrator proposed to continue in effect the aforesaid terms and conditions until October 25, 1950. Interested persons were given 7 days in which to submit data, views or arguments pertaining thereto. No data, views or arguments have been received.

I find that it is necessary, in order to prevent curtailment of opportunities for employment, that the aforesaid revised terms and conditions be continued in effect until October 25, 1950.

Now, therefore, pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (sec. 14, 52 Stat. 1068; 29 U. S. C. 214), the regulations contained in §§ 522.220 to 522.222, as revised on January 25, 1950 (15 F. R. 401), are hereby continued in effect on and after July 25, 1950, until October 25, 1950, unless amended or revoked prior to that time.

Inasmuch as it is necessary that action be taken to extend the aforesaid regulations prior to July 25, 1950, and because this action involves no change in the regulations, it is deemed to be impracticable as well as unnecessary to comply with the requirements of section 4 (c) of the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. Supp. 1001) that publication of a substantive rule be made 30 days prior to the effective date thereof.

(Sec. 14, 52 Stat. 1068; 29 U. S. C. 214)

Signed at Washington, D. C., this 21st day of July 1950.

WM. R. MCCOMB,
Administrator,
Wage and Hour Division.

PART 522—EMPLOYMENT OF LEARNERS

INDEPENDENT TELEPHONE AND CIGAR INDUSTRIES

Pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended, the Administrator, on January 25, 1950, amended the regulations which set forth terms and conditions under which special certificates may be issued authorizing the employment of learners in the independent telephone industry (§§ 522.82 to 522.93) and in the cigar industry (§§ 522.201 to 522.211) at wages below the minimum wage established in section 6 of the act. The regulations as amended were made effective for a period of six months, and are scheduled to expire on July 25, 1950.

On July 14, 1950, a notice was published in the FEDERAL REGISTER (15 F. R.

4470) that the Administrator proposed to continue in effect the aforesaid regulations as amended on and after July 25, 1950, until thereafter modified or revoked. Interested persons were given seven days in which to submit data, views or arguments pertaining thereto. No data, views, or arguments have been received.

I find that it is necessary, in order to prevent curtailment of opportunities for employment, that the aforesaid regulations as amended be continued in effect after July 25, 1950.

Now, therefore, pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (sec. 14, 52 Stat. 1068; 29 U. S. C. 214), the regulations contained in §§ 522.82 to 522.93 and §§ 522.201 to 522.211 as amended on January 25, 1950 (15 F. R. 398, 400), are hereby continued in effect on and after July 25, 1950, until thereafter amended or revoked.

Inasmuch as it is necessary that action be taken to extend the aforesaid regulations prior to July 25, 1950, and because this action involves no change in the regulations, it is deemed to be impracticable as well as unnecessary to comply with the requirements of section 4 (c) of the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. Supp. 1001) that publication of a substantive rule be made 30 days prior to the effective date thereof.

(Sec. 14, 52 Stat. 1068; 29 U. S. C. 214)

Signed at Washington, D. C., this 21st day of July 1950.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

ANNULMENT OF MARRIAGE OF BENEFICIARY; CERTIFICATION OF ELIGIBILITY TO LOAN GUARANTY BENEFITS

1. A new centerhead immediately preceding § 4.64 is added as follows: "Annulment of Marriage of Beneficiary"

2. A new centerhead immediately following § 4.64 is added as follows: "Certification of Eligibility to Loan Guaranty Benefits"

3. A new § 4.65 is added as follows:

§ 4.65 *Certification of eligibility to loan guaranty benefits.* For the purpose of Title III, Servicemen's Readjustment Act of 1944 (Public Law 346, 78th Congress) as amended by Public Law 268, 79th Congress, and section 301, Title III, Public Law 475, 81st Congress (National Housing Act of 1950), which provides that loan guaranty benefits provided for veterans shall be extended to unremarried widows, the widow shall have basic eligibility if:

(a) The veteran served at any time on or after September 16, 1940, and prior to or on July 25, 1947; and

(b) The veteran died in service or after separation from service provided such separation was under conditions other than dishonorable; and

(c) The veteran's death was the result of injury or disease incurred in or aggravated by such service in line of duty (cases where compensation is being paid under section 31, Public No. 141, 73d Congress; section 12, Public No. 866, 76th Congress; or section 2 (Veterans Regulation 1 (a), Part VII, par. 4), Public Law 16, 78th Congress, are not included); and

(d) The widow meets the requirements contained in the definition of the term "widow" as outlined in § 4.3 (a) or § 4.15 (a), whichever is applicable, except as to the requirement of continuous cohabitation (Section 1500, Servicemen's Readjustment Act of 1944, Public Law 346, 78th Congress, as amended) (the requirement of continuous cohabitation is confined to payments of death compensation and pension—section 3, Public Law 433, 78th Congress); and

(e) The veteran's widow has not remarried since his death; and

(f) The applicant is not herself an eligible veteran.

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 48 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. and Sup. 11a, 426, 707. Interpret or apply sec. 500, 58 Stat. 291, as amended; 38 U. S. C. 694)

This regulation effective July 25, 1950.

PART 17—MEDICAL

REIMBURSEMENT OF EXPENSES OR PAYMENT FOR UNAUTHORIZED MEDICAL SERVICES

1. The centerhead immediately preceding § 17.140 is changed as follows: "Reimbursement of Expenses or Payment for Unauthorized Medical Services"

2. Sections 17.140 through 17.143 are amended to read as follows:

§ 17.140 *Adjudication of claims.* (a) Claims for reimbursement of expenses or payment for medical services obtained subsequent to March 19, 1933, without prior authorization of the Veterans' Administration as hereinafter comprehended will be adjudicated in the office of the chief medical officer, regional offices, and in the office of the physician in charge of regional office medical activities in centers in the United States except in cases under the jurisdiction of central office, which will be adjudicated in the office of the chief medical director.

(b) Claims for services rendered in territory under the jurisdiction of a regional office or center with regional office activities outside the United States or claims for services rendered veterans whose claims folders are under the jurisdiction of a regional office or center with regional office activities outside the United States will be adjudicated as follows: Those under the Honolulu regional office in the San Francisco regional office; those under the Juneau regional office in the Seattle regional office and those under the Manila regional office and the San Juan center in the office of the chief medical director, central office. Claims for services rendered in foreign countries, including the Philippines as above provided, will be developed and adjudicated in the outpatient division, office of the chief medical director, central office.

(c) (1) Claims not exceeding $500 in amount will be reviewed and approved or disapproved by the chief medical officer or his physician designate in regional offices, by the physician in charge of regional office medical activities or his physician designate in centers or by the chief, out-patient division, office of the chief medical director, central office.

(2) If the claim exceeds $500 in amount, favorable recommendation by the chief medical officer or his physician designate in regional offices or the physician in charge of regional office medical activities or his physician designate in centers or the assistant chief medical director for auxiliary services, central office, will require approval by the manager, or the chief medical director or his designate. Disallowance of such claims will not require approval by the manager, or the chief medical director or his designate.

(d) Claims for reimbursement of expenses or payment for unauthorized medical services in death cases will be similarly processed. The XC folder will not be called from the district office until immediate action is contemplated and will be returned promptly to the district office when action has been completed.

(e) Claims, as defined in § 17.141, will be subject to one review after an adverse decision upon appeal to the Administrator. Appeals must be entered within 1 year from the date of notification to the claimant or his representative of the original adverse decision, and the claimant or representative will be so advised. (See Part 19 of this chapter.)

§ 17.141 *Classes of claims comprehended.* (a) Claims for reimbursement or payment of expenses for medical services (including the necessary travel incidental thereto) obtained without prior authorization from the Veterans' Administration, except as provided in paragraphs (b) and (c) of this section, will be considered under the following conditions (all of these four elements must have existed, and, if any one was lacking, reimbursement or payment will not be authorized):

(1) The claim must be for the treatment of a disease or injury shown to be service connected by a decision of a Veterans' Administration adjudicating agency or for the adjunct relief of an associated non-service-connected condition determined by the medical officers designated in § 17.140 (c) as aggravating a service-connected disability.

(2) The treatment must have been rendered in a medical emergency.

(3) Government facilities must have been not feasibly available.

(4) Delay would have been hazardous.

(b) As to claims for reimbursement of expenses or payment for medical services for a non-service-connected disease or injury rendered a beneficiary receiving vocational training under Public Law 16, 78th Congress, as amended, the eligibility criteria defined in paragraphs (a) (2), (3), and (4) of this section will apply; and, in the addition, it must be shown that the treatment was necessary to prevent interruption of training.

(c) As to claims for reimbursement of expenses or payment for repairs of prosthetic appliances used by beneficiaries for treatment of a service-connected disability or a non-service-connected disability determined as aggravating the basic service-connected disability and for repairs of prosthetic appliances used and required by beneficiaries to prevent interruption of the pursuit of a course of training authorized under Public Law 16, 78th Congress, as amended, the following eligibility criteria in lieu of those defined in paragraph (a) of this section will apply.

(1) The repairs were secured from locally available sources.

(2) The cost of the repairs does not exceed $35.00.

(3) There is a showing that the repairs were necessary and that it was more expedient to have such repairs made through private arrangements. Reimbursement or payment as provided in this paragraph will be made in the amount claimed unless determined unreasonable, in which event only a reasonable amount for the service rendered will be paid. Reimbursement or payment will not be made for expense incurred by a beneficiary for thansportation.

§ 17.142 *Filing and perfecting claim.* As to claims filed on or after July 25, 1950, payment or reimbursement of expenses for unauthorized medical services may be authorized for not more than 2 years prior to date of receipt of claim therefor. An informal claim identifying the benefit sought may be accepted if followed by the submission of a formal application within 1 year from the date of receipt of the informal claim. If necessary supporting evidence is not received within 1 year from the date of request therefor, no payment may be made on the basis of the claim in connection with which the supporting evidence was required. Claims pending on July 25, 1950 will be adjudicated under the prior practice.

§ 17.143 *Definitions.* (a) "Emergency," as used in §§ 17.140 to 17.148, inclusive, means a situation where in sound medical judgment delay in immediate treatment would endanger the claimant's health or life.

(b) "No facilities are or were then feasibly available," as used in §§ 17.140 to 17.148, inclusive, means that an attempt to use such facilities beforehand would not have been reasonably sound, wise, or practicable or that treatment had been or would have been denied. In applying this definition, the distance from a Veterans' Administration facility, the location of the patient, the sex and color, the nature and degree of his disability, the available means of transportation, the season and weather conditions then prevailing, the type of medical personnel or equipment requisite, and the time the services were rendered are elements to be given consideration.

(c) "Delay would be or would have been hazardous," as used in §§ 17.140 to 17.148, inclusive, means the risk of possible disastrous consequences attendant upon an endeavor by the claimant to secure treatment through governmental agencies under any or all circumstances.

3. Section 17.144 is hereby canceled.

§ 17.144 *Adjunct treatment.* (Canceled.)

4. Sections 17.146, 17.147, and 17.148 are amended to read as follows:

§ 17.146 *Allowable fees.* (a) In the adjudication of claims for unauthorized medical treatment rendered prior to May 15, 1947, the Schedule of Fees, Veterans' Administration, will govern as to allowance for items except as provided in § 17.141 (c). If the schedule of fees in effect at the time the treatment was rendered did not provide a fee for the particular service, the schedule in effect at the time the claim is being considered will be applied. If the particular service is not covered by the schedule in effect, a fee not in excess of what is reasonable and customarily charged in the community concerned, may be allowed.

(b) In the adjudication of claims for unauthorized medical services rendered subsequent to May 15, 1947, the following provisions will govern as to allowance for items except as provided in § 17.141 (c):

(1) In those States in which there was in effect at the time the services were rendered a State-wide fee schedule approved by the State Medical Society or Association, the fees therein represent the maximum which may be allowed provided they are not in excess of those customarily charged the general public for similar services by the physician or organization rendering the treatment or service.

(2) In those States which had in effect at the time the services were rendered no State-wide fee schedule approved by the State medical society or association, the fees established in VA Form 10-2535a, Fee Schedule for Medical Services, March 1947; VA Catalog No. 5, February 15, 1948; and VA Catalog No. 5, "Guide for Charges for Medical Services," effective July 1, 1949 (whichever is applicable), represent the maximum which may be allowed provided they are not in excess of those customarily charged the general public for similar services by the physician or organization rendering the treatment or service.

(3) Fees charged for services not listed in an approved State-wide fee schedule or not listed in VA Form 10-2535a, March 1947; VA Catalog No. 5, February 15, 1948; or VA Catalog No. 5, effective July 1, 1949 (whichever was in effect at the time the services were rendered), may be allowed provided they are considered reasonable and not in excess of those customarily charged the general public by the physician or organization for similar services.

(4) Claims for accommodations in a semiprivate or private room must be supported by a statement from the attending physician or superintendent of the hospital concerned that the veteran's condition demanded the use of a private or semiprivate room, unless in the judgment of the reviewing physician the necessity therefor is established by the evidence of record.

§ 17.147 *Treatment not dependent upon preference of a patient.* No reimbursement or payment of unauthorized medical treatment will be made when procured by a claimant through private sources in preference to available Government facilities (Decisions Comptroller General, Jan. 31, 1924, A. D. 8111, Jan. 28, 1925, A-6594).

§ 17.148 *Development of claims.* (a) Guided by the controlling provisions of §§ 17.140 to 17.147, inclusive, the chief, out-patient division, office of the chief medical director, central office; the chief medical officer, all regional offices, and the physician in charge of regional office medical activities at all centers or their physician designate will advise claimants whether they have or have not prima facie eligibility to reimbursement or payment of unauthorized medical expenses. If the claim is patently inadmissible (e. g., if made for treatment of a non-service-connected disability, etc.), the claimant will be so advised and the claim will not be developed. Itemized statements of accounts in connection with claims for payment or reimbursement of expenses for unauthorized medical services will not be requested unless and until it is apparent that the basic requirements for entitlement to payment or reimbursement have been met. When the determination of patent inadmissibility is made by the chief medical officer in a regional office or physician in charge of regional office medical activities in a center outside the United States, the claimant or his representative will be informed that, if there is evidence available to him which in his opinion warrants a different decision, the evidence should be submitted to such regional office or center or, if no further evidence is available but there is substantial reason to believe the decision is not in accordance with the law and the facts in the case, he should notify the aforesaid regional office or center immediately, whereupon the claim will be forwarded to the regional office in the United States or to central office, whichever has jurisdiction, for a decision. When the decision is rendered by the chief medical officer in a regional office or the physician in charge of regional office medical activities in a center in the United States or the chief, out-patient division, central office, either as an original determination or following an initial adverse finding by a regional office or center outside the United States, the letter of notification will advise the claimant or his representative of his right of appeal within 1 year. But if the basic facts indicate prima facie eligibility, the employees aforementioned will instruct the claimant as to the submission of VA Form 10-583, if not originally filed, and all the

supporting exhibits within the time limits prescribed in § 17.142. In the event the claim is payable from a lapsed appropriation, VA Form 10–583 will be requested in duplicate. The original will be attached to the voucher, VA Form 10–608, and the duplicate will be filed in the claims folder. After these have been checked as satisfactory, they will be adjudicated or, if developed by a regional office or center outside the United States, will be forwarded with the veteran's files (claims and treatment) to the regional office of jurisdiction or to central office if it has been determined that the case is under the jurisdiction of that office for adjudication. In claims comprehended under § 17.141 (c), a résumé of the pertinent evidence of record will suffice in lieu of the files.

(b) Formal application for reimbursement of expenses or payment of unauthorized medical services will be made on VA Form 10–583, Claim for Cost of Unauthorized Medical Services. This form will be executed by each creditor who has rendered service for which payment has not been received or by each person who has paid, from his personal funds, the cost of the unauthorized medical services. The claim must be supported by completely itemized bills or statements of account. When a claim is presented by a creditor, it is further required that a statement be supplied, signed by the patient or his representative, certifying to the amounts due and unpaid.

(c) All claims other than those patently inadmissible will be briefed by the claims examiner (medical) in the offices of jurisdiction prior to their submittal, with supporting exhibits and the veteran's files, to the employees defined in § 17.140 (c) for approval or disapproval. The brief will contain a complete description of the claim, all pertinent facts explanatory of the data required in VA Form 10–608, Public Voucher, and an explanation of the audit of the amounts claimed and amounts allowable.

(d) Upon approval of claims an award will be prepared on VA Form 10–608, Public Voucher, in quadruplicate. VA Form 10–608 will be signed in the spaces provided by the claims examiner (medical) as "medical claims adjudicator" and the employee designated in § 17.140 (c) acting in the capacity of medical claims authorizer. VA Form 10–608, VA Forms 10–608a and c will be forwarded to the finance officer for certification for payment in cases under the jurisdiction of a regional office or center with regional office activities or to the office of the assistant administrator for finance if central office has jurisdiction. In view of such certification, surety bonds will not be required for medical claims authorizers. VA Form 10–608b, VA Form 10–583, the approved brief of facts, all bills, supporting exhibits and correspondence will be filed in the claims folder (or XC folder). The payee and all interested persons will be fully informed of the action taken.

(e) In problem or doubtful claims the advice of the chief medical director may be solicited by the submission of a brief of the pertinent facts, and a concise statement of the question at issue.

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. and Sup. 11a, 426, 707. Interpret or apply secs. 1, 6, 48 Stat. 9, 301, 53 Stat. 652; 38 U. S. C. 706, 706a)

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Parts 723, 725, 726]

BURLEY AND FLUE-CURED TOBACCO, FIRE-CURED AND DARK AIR-CURED TOBACCO AND VIRGINIA SUN-CURED TOBACCO

NOTICE OF FORMULATION OF REGULATIONS RELATING TO ESTABLISHMENT OF TOBACCO FARM ACREAGE ALLOTMENTS AND NORMAL YIELDS FOR 1951–52 MARKETING YEAR

Pursuant to the authority contained in the applicable provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1301, 1312, 1313), the Secretary of Agriculture is preparing to formulate regulations governing the establishment of farm acreage allotments and normal yields for marketing quotas to be in effect during the 1951–52 marketing year for Burley, flue-cured, fire-cured, dark air-cured, and Virginia sun-cured tobacco.

Subsection (a) of section 312 of the act (7 U. S. C. 1312 (a)) requires the Secretary to proclaim a national marketing quota for each marketing year for each kind of tobacco for which a national marketing quota was proclaimed for the immediately preceding marketing year. Marketing quotas were proclaimed for the 1950–51 marketing year for Burley tobacco (14 F. R. 6713), flue-cured tobacco (14 F. R. 3737), fire-cured tobacco (14 F. R. 7245), dark air-cured tobacco (14 F. R. 7245), and Virginia sun-cured tobacco (14 F. R. 7243).

Growers of Burley and flue-cured tobacco voting in referenda held on November 26, 1949, and July 23, 1949, respectively, favored marketing quotas for the marketing years 1950–51 through 1952–53 by a percentage of 92.3 (15 F. R. 51) in the case of Burley tobacco, and 97.7 (14 F. R. 5253) in the case of flue-cured tobacco. Growers of fire-cured and dark air-cured tobacco voting in referenda held on November 27, 1948, favored marketing quotas for the marketing years 1949–50 through 1951–52 by a percentage of 94.7, in the case of fire-cured tobacco, and 96.1 in the case of dark air-cured tobacco (14 F. R. 55). Growers of Virginia sun-cured tobacco voting in a referendum held on December 15, 1949, favored marketing quotas for the marketing years 1950–51 through 1952–53 by a percentage of 85.1 (15 F. R. 309).

It is proposed that the regulations for the 1951–52 marketing year be substantially the same as the regulations now in effect for the 1950–51 marketing year.

Prior to the final adoption and issuance of these regulations, consideration will be given to any data, views, and recommendations pertaining thereto which are submitted in writing to the Director, Tobacco Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C. All submissions must be postmarked not later than August 5, 1950, in order to be considered.

Issued at Washington, D. C., this 19th day of July 1950.

[SEAL] RALPH S. TRIGG,
Administrator.

DEPARTMENT OF LABOR

Wage and Hour and Public Contracts Divisions

[41 CFR, Part 202]

DENTAL GOODS AND EQUIPMENT MANUFACTURING INDUSTRY

MINIMUM WAGE DETERMINATIONS

The Secretary of Labor, in an amended minimum wage determination issued pursuant to the provisions of the Walsh-Healey Public Contracts Act (act of June 30, 1936, 49 Stat. 2036, 41 U. S. C. secs. 35–45) and effective January 25, 1950 (15 F. R. 382), determined that the minimum wage for persons employed in the performance of contracts with agencies of the United States Government subject to the act for the manufacture or furnishing of the products of the Dental Goods and Equipment Manufacturing Industry shall be not less than 75 cents per hour. This amended determination was based upon information indicating that substantially all employees in the Dental Goods and Equipment Manufacturing Industry are engaged in commerce or in the production of goods for commerce, as defined in the Fair Labor Standards Act, and that as a consequence the Fair Labor Standards Amendments of 1949 require payment of a wage rate of not less than 75 cents per hour to substantially all employees in the industry. This amended determination also provided that learners and apprentices might be employed at subminimum rates in accordance with regulations of the Administrator of the Wage and Hour Division of the Department of Labor under section 14 of the Fair Labor Standards Act (29 CFR, Parts 522 and 521, respectively).

A wage survey of selected dental goods and equipment manufacturing establishments made by the Bureau of Labor Statistics as of March 1950 shows clearly that the 75-cent rate now in effect does not reflect the prevailing minimum wages in the industry; and it is proposed, therefore, to hold a hearing for the purpose of consideration by the Secretary of Labor of an amendment of the current determination.

The Dental Goods and Equipment Manufacturing Industry, as defined in the current determination, is that industry which manufactures or furnishes any of the following products:

(1) Durable goods: Hand instruments, including forceps and pliers, broaches and cutting instruments, for dental use; dental chairs; dental cabinets; equipment units; dental sterilizers; dental gas apparatus; dental X-ray equipment; dental compressors, engines and lathes; dental lights; and dental laboratory equipment, other than laboratory furniture.

(2) Consumable goods: Dental gold; dental alloy for amalgams; dental cement and filling materials; teeth, porcelain and gold; orthodontic appliances; waxes, compounds and investments; rubber dental materials; denture materials other than rubber; burrs, drills, and similar tools for use with handpieces; and abrasive points, wheels and disks.

Now, therefore, notice is hereby given that a public hearing will be held on August 14, 1950, at 10:00 a. m., in Conference Room "A", Interdepartmental Auditorium, Constitution Avenue between 12th and 14th Streets Northwest, Washington, D. C., before the Administrator of the Wage and Hour and Public Contracts Divisions or a representative designated to preside in his place, at which hearing all interested persons may appear and submit data, views and argument: (1) As to what are the prevailing minimum wages in the Dental Goods and Equipment Manufacturing Industry; (2) as to whether there should be included in any amended determination for this industry provision for employment of learners and/or apprentices at subminimum rates and if so, in what occupations, at what subminimum rates, and with what limitations, if any, as to length of period and number of proportion of such subminimum rate employees; and (3) as to whether the definition of the Dental Goods and Equipment Manufacturing Industry should be amended to read as follows:

The Durable Goods Branch of the Dental Goods and Equipment Manufacturing Industry is defined as that industry which manufactures or furnishes any of the following products: Durable dental equipment, including but not by way of limitation, dental hand pieces, hand instruments, including forceps and pliers, broaches and cutting instruments, for dental use; dental chairs; dental cabinets; dental equipment units; dental sterilizers; dental gas apparatus; dental X-ray equipment; dental compressors, engines and lathes; dental lights; dental laboratory equipment, other than laboratory furniture; and other durable dental goods.

The Consumable Goods Branch of the Dental Goods and Equipment Manufacturing Industry is defined as that industry which manufactures or furnishes any of the following products: Consumable dental goods and supplies, including but not by way of limitation, dental anesthetics; dental gold and other precious metals; dental non-precious metals; dental alloy for amalgams; dental cement and filling materials; teeth, porcelain and gold; orthodontic appliances; waxes, compounds and investments; rubber dental materials; denture materials other than rubber; burrs, drills, and similar tools for use with dental handpieces; abrasive points, wheels and disks; and other consumable dental goods.

Persons intending to appear are requested to notify the Administrator of their intention in advance of the hearing.

Written statements in lieu of personal appearance may be filed by mail at any time prior to the date of the hearing, or may be filed with the presiding officer at the hearing. An original and four copies of any such statement should be filed.

Copies of the above-mentioned survey by the Bureau of Labor Statistics (dental goods and equipment manufacturing industry, March 1950), as well as supplementary tables prepared at the request of the Wage and Hour and Public Contracts Divisions, will be made available to interested persons upon request to the Wage and Hour and Public Contracts Divisions, United States Department of Labor, Washington, D. C. Interested persons are invited to submit wage data, including data as to changes which have taken place in the wage structure of the industry since the time of the survey.

In the discretion of the Presiding Officer, a period of not to exceed 30 days from the close of the hearing may be allowed for the filing of comment on the evidence and statements introduced into the record of the hearing. In the event such supplemental statements are received an original and four copies of each such statement should be filed.

Signed at Washington, D. C., this 19th day of July 1950.

WM. R. MCCOMB,
Administrator.

DEPARTMENT OF COMMERCE

ORGANIZATION AND FUNCTIONS

CHANGES

Pursuant to the authority vested in the Secretary of Commerce by Reorganization Plan No. 5 of 1950, the following adjustments in organization and functions are made:

1. There is established within the Office of Industry and Commerce, Bureau of Foreign and Domestic Commerce (15 F. R. 3594–3595) a Division of Commodity Standards which will perform the functions transferred to it by paragraph 2 below.

2. The following functions are transferred to the Office of Industry and Commerce, Bureau of Foreign and Domestic Commerce:

(a) Assisting, cooperating with, and coordinating the efforts of individuals and groups of producers, distributors, and users in establishing, recording, publishing, and promoting a nationwide program for the elimination of avoidable waste through the formulation of simplified practice recommendations which identify and list the sizes, types, dimensions, and varieties of products that are in national demand in the country; and

(b) Assisting, cooperating with, and coordinating the efforts of groups of consumers, distributors or producers, technical organizations, and other persons in the voluntary establishment, maintenance, recording, publishing, and promoting of commercial standards as a nationally and internationally recognized basis for testing, grading, labeling, marketing, guaranteeing, or accepting staple manufactured commodities moving in domestic and foreign trade.

3. The function of assisting in the development of Federal purchase standards and specifications and of providing information to the public and the Government concerning such standards and specifications remains in the National Bureau of Standards (12 F. R. 5866).

4. The Division of Commodity Standards, National Bureau of Standards (12 F. R. 5866) is abolished.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-177 and 59-91]

PENNSYLVANIA GAS & ELECTRIC CORP. ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 18th day of July A. D. 1950.

Pennsylvania Gas & Electric Corporation ("Penn Corp"), a registered holding company, having heretofore filed, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 (the "Act"), a plan for its liquidation and dissolution (File No. 54-177); and

The Commission having previously instituted proceedings under sections 11 (b) (1), 11 (b) (2), 15 (a), 15 (f) and 20 (a) of the act with respect to Penn Corp and its subsidiaries (File No. 59-91), and having consolidated said proceedings with proceedings on another plan involving, among other things, the realignment of the system's properties located in the State of New York under Crystal City Gas Company (File No. 54-165), and the Commission having consolidated the proceedings on the plan for Penn Corp's liquidation and dissolution (File No. 54-177) with the prior consolidated proceedings and having ordered a hearing thereon (Holding Company Act Release No. 9253); and

Hearings having been held in such consolidated proceedings, and the Commission having issued its findings, opinion and order in respect of the plan involving Crystal City Gas Company (Holding Company Act Release No. 9574), which order reserved jurisdiction over, among other things, the plan of liquidation and dissolution;

Notice is hereby given that Penn Corp has filed with the Commission, pursuant to section 11 (e) of the act, an amendment to its plan of liquidation and dissolution, which plan, as amended, is hereinafter referred to as the "Plan".

All interested persons are referred to said Plan which is on file in the offices of the Commission for a full statement of the transactions therein proposed, which are summarized as follows:

PENN CORP'S PLAN

Part I. 1. Part I proposes the redemption by Penn Corp, on September 1, 1950, of all the outstanding $2,100,900 principal amount of its 6% Gold Debentures ("Debentures") at the redemption price of 105%, plus accrued interest. Such proposed redemption is in substitution for the proposal in the original plan that there be a reduction and elimination of such Debentures through ratable partial payments, without payment of premium.

2. To accomplish this redemption, Penn Corp proposes to borrow not more than $1,200,000 from a bank or banks and to use such funds as well as treasury cash (which includes $172,495.27 received upon the liquidation of a former subsidiary of Penn Corp, North Shore Gas Company and $251,822 received upon the sale of Penn Corp's stock interest in York County Gas Company, also a former subsidiary of Penn Corp). The borrowing is to be evidenced by a promissory note to be issued pursuant to a loan agreement, the terms of which are in the process of negotiation, and a copy of which will be supplied by amendment. Penn Corp proposes to deposit with the Manufacturers Trust Company of New York, trustee under Penn Corp's Debenture Agreement ("Trustee"), prior to September 1, 1950, sufficient funds to effect the redemption of the outstanding Debentures on that date.

3. Payments to holders of Debentures will be made only upon surrender to the Trustee, during a period ending five years from September 1, 1950, of Debentures together with interest coupons maturing by their terms on and after September 1, 1950.

4. After the expiration of five years from September 1, 1950, any cash on deposit with the Trustee remaining unclaimed by the holders of Debentures shall become the property of Penn Corp, or of North Penn Gas Company if Penn Corp shall have been dissolved, or of Alleghany Gas Company, if both Penn Corp and North Penn Gas Company shall have been dissolved. Part I provides for periodic notices to, and for other efforts to locate, holders of Debentures.

Part II. The provisions of Part II of the Plan are in substance the same as in such designated part of the original plan. Following the retirement of its Debentures, Penn Corp, after appropriate provision for the payment of its liabilities, will distribute its remaining assets to the holders of the various classes of preferred and common stocks of Penn Corp on a fair and equitable basis. The specific allocation of such assets is to be detailed by further amendment of Part II. Upon completion of such distribution, or at such earlier time as may be fixed with approval of this Commission, Penn Corp will be dissolved in accordance with section 77A of the General Corporation Laws of the State of Delaware.

General provisions. Penn Corp will pay all fees and expenses in connection with Part I and Part II and the proceedings relating thereto, including the charges and expenses of the Trustee and any other liabilities incurred by it in connection therewith, as the Commission shall determine, award, allow or allocate upon petition of interested persons.

The consummation of the Plan or either part thereof is conditioned upon specified findings and a specified order to be made by the Commission; the consummation of Part II is further conditioned upon other action to be taken by the Commission and upon the entry of an order by a court of competent jurisdiction approving Part II and enforcing and carrying out the terms and provisions thereof.

It appearing appropriate that notice be given and the hearing be reconvened on the Plan and on the proceedings instituted under sections 11 (b) (1), 11 (b) (2), 15 (a), 15 (f) and 20 (a) of the act:

It is ordered, That the consolidated hearing on the proposed Plan and on the proceedings instituted pursuant to sections 11 (b) (1), 11 (b) (2), 15 (a), 15 (f) and 20 (a) of the act be reconvened on July 27, 1950, at 10 a. m., e. d. s. t., at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. Any person, who has not heretofore entered his appearance, desiring to be heard or otherwise wishing to participate in these proceedings, shall file with the Secretary of the Commission, on or before July 27, 1950, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act, and to a hearing officer under the Commission's rules of practice.

It is further ordered, That at the reconvened hearing, consideration shall be given to the issues with respect to Part I. At such times as amendments are filed with regard to Part II setting forth in detail the specific allocation, appropriate notice will be duly given as to a later hearing on Part II.

It is further ordered, That at said hearing evidence shall be adduced with respect to the following matters and questions without prejudice to subsequently specifying additional matters or questions:

1. Whether Part I, as submitted or as it may be modified, particularly the proposal to borrow funds and to use such funds and treasury cash to redeem Penn Corp's Debentures at the redemption price of 105% of the principal amount, plus accrued interest, is necessary to effectuate the provisions of section 11 (b) of the act, and is fair and equitable to the persons affected thereby.

2. Whether the proposed issuance and sale by Penn Corp of its promissory note meet the applicable requirements of sections 6 (a) and 7 of the act, and whether the proposed redemption of Penn Corp's Debentures are in conformity with the requirements of section 12 (c) of the act and the rules promulgated thereunder.

3. Whether, if the transactions proposed are authorized by the Commission, it is appropriate in the public interest and in the interest of investors and consumers that any terms and conditions be imposed and, if so, what such terms and conditions should be.

4. Whether the fees and expenses which may be claimed in connection with the proposed transactions are for necessary services and are reasonable in amount.

5. Whether the accounting entries in connection with the proposed transactions are appropriate and in accordance with sound accounting principles.

6. What order or orders, if any, should be entered in the proceedings heretofore instituted pursuant to sections 11 (b) (1), 11 (b) (2), 15 (a), 15 (f), and 20 (a) of the act to require Penn Corp and its subsidiaries to take such action as the Commission shall find necessary to comply with the provisions of said sections.

It is further ordered, That notice of this hearing shall be given by mailing a copy of this order by registered mail to the Federal Power Commission, the New York Public Service Commission, the Pennsylvania Public Utility Commission, and to Penn Corp, Crystal City Gas Company, North Penn Gas Company, Allegany Gas Company, Alum Rock Gas Company, Dempseytown Gas Company, New Penn Development Corporation, Penn-Western Service Corporation and to all other participants in the consolidated proceedings (File Nos. 59-91, and 54-177); that notice shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases under the act; and that further notice shall be given to all persons by publication of this notice and order in the FEDERAL REGISTER.

It is further ordered, That Penn Corp shall give further notice of this hearing to all of its security holders (insofar as the identity of such security holders is known or available to Penn Corp) by mailing to each of said persons at his last known address, at least 7 days prior to the date set for hearing, a statement setting forth in brief (a) a summary of the proposal to redeem Penn Corp's debentures and (b) the time, date and place of the hearing. Such statement shall be submitted to the Commission for review prior to mailing.

By the Commission.

UTAH POWER AND LIGHT CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 18th day of July A. D. 1950.

Utah Power and Light Company ("Utah"), a registered holding company, having filed a declaration and amendments thereto pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (a), 7 and 12 (b) thereof and Rule U-62 of the rules and regulations promulgated thereunder with respect to the following proposed transactions:

Utah proposes to amend its certificate of organization and by-laws so as to (1) increase its authorized capital stock from 1,500,000 shares of no par value common stock to 2,000,000 shares of no par value common stock; (2) delete the present provision giving the stockholders full pre-emptive rights with respect to any offering of new or additional common stock and to provide that such new or additional common stock shall first be offered to Utah's stockholders on a pro rata basis unless such stock is to be sold for money by a public offering or an offering to or through underwriters or investment bankers who shall have agreed to make a public offering of such shares; and (3) change the date of the annual meeting of stockholders from the first Monday in October to the third Monday in May of each year.

The provisions with respect to the increase of capital stock and the change of the date of annual meetings will require a majority vote of the outstanding common stock, and the proposed change in the preemptive rights provisions will require the affirmative vote of at least two-thirds of the outstanding shares of common stock.

Said declaration having been filed on May 22, 1950, amendments thereto having been filed on June 16, 1950 and June 26, 1950, notice of said filing having been given in the form and manner required by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing within the time specified in said notice, or otherwise, and the Commission not having ordered a hearing thereon; and

The Commission finding that the proposed charter amendments will not result in an unfair or inequitable distribution of voting power among the security holders of Utah, and are not otherwise detrimental to the public interest or the interest of investors and consumers, and the Commission deeming it appropriate to permit said declaration, as amended, to become effective forthwith, without the imposition of terms and conditions:

It is ordered, Pursuant to the provisions of Rule U-23 and the applicable sections of the act, and subject to the terms and conditions stated in Rule U-24, that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

PENNSYLVANIA GAS AND ELECTRIC CORP. ET AL.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 18th day of July A. D. 1950.

In the matter of Pennsylvania Gas and Electric Corporation, the Newport Gas Light Company, and Penn-Western Service Corporation, File No. 70-2426.

Pennsylvania Gas & Electric Corporation ("Penn Corp"), a registered holding company, The Newport Gas Light Company ("Newport"), a public utility subsidiary of Penn Corp, and Penn-Western Service Corporation ("Penn-Western"), an approved service company and a subsidiary of Penn Corp, having filed an application-declaration, and amendments thereto, pursuant to sections 9, 10 and 12 of the Public Utility Holding Company Act of 1935 and the rules and regulations thereunder regarding (a) the proposed sale by Penn Corp to Mrs. Dorothy B. Daley and certain other persons of the outstanding 5,000 shares of capital stock of Newport for a price of $550,000, and (b) the proposed sale by Newport, and acquisition by Penn-Western, of Newport's holdings of 50 shares of capital stock of Penn-Western for a price of $500; and

It appearing that the expenses and legal fees in connection with the proposed transactions are $2,150; and

Said application-declaration and the amendments thereto having been duly filed, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act; and the Commission not having received a request for a hearing with respect to said application-declaration, as amended, within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application-declaration, as amended, that the requirements of the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration as amended, be

granted and permitted to become effective, forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, be and the same hereby is granted and permitted to become effective, forthwith, subject, however, to the terms and conditions prescribed in Rule U-24 and to the reservation of jurisdiction with respect to (a) the use of the proceeds of the sale by Penn Corp of its holdings of 5,000 shares of capital stock of Newport, and (b) requests by Penn Corp and Newport for findings, recitals and provisions in connection with Supplement R of the Internal Revenue Code.

It is further ordered and recited, That the following transactions are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, 49 Stat. 820 (U. S. C., Title 15, sec. 79K (b)), within the meaning of section 1808 (f) of the Internal Revenue Code, and are hereby authorized, approved and permitted:

1. The sale, transfer and delivery by Penn Corp to Mrs. Dorothy B. Daley and certain other persons, of the 5,000 shares of common capital stock of Newport with a par value of $100 per share.

2. The sale, transfer and delivery by Newport to Penn-Western of 50 shares of the common capital stock of Penn-Western with a par value of $10 per share.

ORDER REVOKING REGISTRATION

In the matter of W. F. Coley & Company, Inc., 211 Emaxcee Building, Greenville, South Carolina, and Wade F. Coley, 211 Emaxcee Building, Greenville, South Carolina.

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 18th day of July A. D. 1950.

Proceedings having been instituted to determine whether the registration of W. F. Coley & Company, Inc., as a broker and dealer should be revoked pursuant to section 15 (b) of the Securities Exchange Act of 1934; whether W. F. Coley & Company, Inc., should be suspended or expelled from membership in National Association of Securities Dealers, Inc., a registered securities association, pursuant to section 15A (1) (2) of the act; and whether, for purposes of future proceedings under the act, Wade F. Coley should be deemed a cause of any such order of revocation, suspension or expulsion;

A hearing having been held after appropriate notice, the Commission being duly advised and having this day issued its findings and opinion herein; on the basis of said findings and opinion

It is ordered, That the registration of W. F. Coley & Company, Inc., as a broker and dealer be, and it hereby is, revoked.

AMERICAN & FOREIGN POWER CO., INC., ET AL.

MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 19th day of July A. D. 1950.

In the matter of American and Foreign Power Company, Inc., Electric Bond and Share Company, File No. 54-111; Electric Bond and Share Company, American and Foreign Power Company, Inc., et al., Respondents; File No. 59-12.

American & Foreign Power Company, Inc. ("Foreign Power"), a registered holding company, and its parent, Electric Bond and Share Company ("Bond and Share"), also a registered holding company, have filed a joint application pursuant to section 11 (c) of the Public Utility Holding Company Act of 1935 requesting that the time for compliance with the Commission's order of May 2, 1949, pursuant to section 11 (b) (2) of the act be extended for a period of one year or such other period as the Commission may deem proper. This order directed Bond and Share and Foreign Power to take appropriate steps to reorganize Foreign Power so that Foreign Power will have outstanding only a single class of stock, namely, common stock, together with such amount of debt securities as will under the circumstances then existing meet the standards of the act.

The application recites that subsequent to the Commission's order of May 2, 1949, Foreign Power and Bond and Share directed their efforts during the remainder of 1949 toward what they considered necessary preliminaries to the reorganization of Foreign Power, namely, the reorganization of Cuban Electric Company, a subsidiary of Foreign Power, and the financing of the capital needs of Foreign Power's subsidiaries. In accordance with applications approved by the Commission (In the Matter of American Foreign Power Co., Inc., — S. E. C. — (1949) Holding Company Act Release No. 9589), Bond and Share's holdings of Cuban Debentures were transferred to Foreign Power in exchange for a new note of Foreign Power, subject to certain conditions, and Foreign Power obtained a loan of $10,000,000 from a group of banks with an additional stand-by credit of $5,000,000 available to July 1, 1951. Subsequently, the reorganization of Cuban Electric Company was substantially completed.

The application further states that Foreign Power is now engaged in the preparation of a new plan which it hopes to file in the near future. In the present proceeding Foreign Power has filed a set of papers containing financial data of the company and its subsidiaries for the past ten years and a forecast for the year 1950 which it states it furnished to the participants in the proceedings and to others interested in the reorganization of the company. These data were prepared and made generally available for the purpose of obtaining suggestions from such persons as to the appropriate terms and conditions to be contained in a plan of reorganization and, if possible, to obtain substantial agreement thereon. The company states that many suggestions were received but that because of the conflict in views and the many problems involved, some further time is required to formulate a satisfactory plan.

Notice of the filing of the requested extension was duly given and no request for hearing with respect thereto within the period specified in such notice of filing or otherwise has been received. However, several stockholders have written us objecting to the grantng of an extension of time. These objections appear to be based on the assumption that if Foreign Power's requested extension of time is granted, Foreign Power could delay the filing of a plan for a full year. A stockholder of Bond and Share has objected to the granting of any extension unless subject to a condition that a plan be filed within thirty days.

We have examined the record and have determined that on the basis of the facts appearing therein Foreign Power has made a showing that it has been unable in the exercise of due diligence to comply with our order of May 2, 1949, within one year and, accordingly, deem it appropriate to grant Bond and Share and Foreign Power an additional period of time within which to comply with the provisions of such order. In this connection, however, we wish to emphasize again that there is an urgent need for the prompt reorganization of Foreign Power, not only in the interest of clarifying the position of the investors in Foreign Power but also for economic and business reasons relating to the future growth of the system. Foreign Power has been, and still is, faced with the problem of raising capital for the financing of its subsidiaries' needs. While Foreign Power can, to a limited extent, arrange some financing in its presently unreorganized state, the record indicates that in the next five years substantial additions to the system will be required in order to meet the growing demands for electric service, and that the efficient and economical raising of the necessary capital is largely dependent upon a sound reorganization of the company. Under such circumstances it is imperative that the corporate simplification of Foreign Power be consummated without delay.

We have determined, in granting additional time in which to comply with our section 11 (b) (2) order, to allow the full additional year requested for compliance. We wish to stress, however, that we would anticipate that the additional year would be devoted not only to the filing of a new plan but to the accomplishment of substantial steps toward the effectuation of a reorganization.

In its application Foreign Power states that it is attempting to formulate a plan which will meet no serious objections from the participants in the proceedings in the hope that consummation thereof will be considerably expedited. While the company's intentions in this respect are laudable it must be borne in mind that undue prolongation of negotiations would defeat this very purpose. The responsibility for preparing and filing a plan rests on the management and, in the absence of an agreement resulting from the negotiations within a reasonable period, a plan deemed fair and equitable by Foreign Power should nevertheless be formulated and filed.

It is therefore ordered, Pursuant to section 11 (c) of the act that the time for the compliance with the Commission's order of May 2, 1949, pursuant to section 11 (b) (2) of the act be, and hereby is, extended to May 2, 1951.

By the Commission (Chairman McDonald and Commissioners Rowen and McCormick), Commissioners McEntire and Cook not participating.

[Dissolution Order 91]

JOH. BARTH AND SOHN, INC.

Whereas, by Vesting Order No. 55 dated July 22, 1942 (7 F. R. 5741 (No. 147, July 28, 1942)) as amended on January 1, 1945 (10 F. R. 208, January 5, 1945), there were vested 300 shares of $100 par value common stock comprising all of the issued and outstanding capital stock of Joh. Barth & Sohn, Inc., a New York corporation (hereinafter referred to as the "Corporation"); and

Whereas, a letter was directed by the undersigned to the Secretary of State of the State of New York suggesting that, due to the fact that the Corporation owned no liquid assets and in view of unpaid franchise taxes owed by it to the State of New York, the Corporation be dissolved by proclamation for nonpayment of such taxes; and the State Tax Commissioner, in a letter dated March 13, 1950, advised that the Corporation was dissolved by proclamation of the Secretary of State of the State of New York on December 15, 1949 (pursuant to New York Tax Law, § 203 (a) (McKinney's Consolidated Laws of New York, Vol. 59, Part I, § 203 (a)); and

Whereas, the Corporation has been substantially liquidated,

Now, under the authority of the Trading With the Enemy Act, as amended, and Executive Orders 9095, as amended, and 9788, and pursuant to law, the undersigned, after investigation:

1. Finding that the claims of all known creditors have been paid, except: (a) The claims of the State of New York for an unpaid franchise tax of $388.87, plus penalties and interest, and for an unpaid unemployment insurance tax of $1,296.63, plus penalties and interest; (b) the claim of Wegener & Company, New York City for $100 for accounting services rendered the Corporation prior to vesting; (c) the claim of the Attorney General of the United States for $272.75 which was advanced to the Corporation by the Alien Property Custodian for payment of the cost of an audit of the Corporation's books made by Patterson, Teele & Dennis, Certified Public Accountants, New York City; and (d) such other claims, if any, as the Attorney General of the United States may have for money advanced or services rendered to or on behalf of the Corporation; and

2. Finding that all known remaining assets of the Corporation consist of unliquidated accounts receivable due from Clayton D. Mell, Chevy Chase, Maryland, in the amount of $100; from Herman Lottmann, address unknown but reported to be in Germany, in the amount of $100, from Joh. Barth & Sohn, Nuremberg, Germany, in the amount of $17,880.57 and from Johannes W. Barth, Nuremberg, Germany, in the amount of $15.51; and

3. Having determined that it is in the national interest of the United States that the Corporation be dissolved and its affairs wound up and that the interests of outstanding creditors of the Corporation will be protected by an assignment, as hereinafter provided, to the Attorney General of the United States of all remaining assets of the Corporation which at this time appear to be uncollectible and that a proclamation of dissolution having been made by the Secretary of State of the State of New York:

Hereby orders, That the officers and directors of the Corporation (to wit: Robert Kramer, President and Director; Francis J. Carmody, Secretary and Director; and Angelo Dispenzere, Treasurer and Director) continue the proceedings for the dissolution of the Corporation; and

Further orders, That the said officers and directors wind up the affairs of the Corporation and assign and transfer to the Attorney General of the United States the following unliquidated accounts receivable:

1. Due from Clayton D. Mell, Chevy Chase, Maryland, reflected on the books of the Corporation as the amount owed for the subscription of one qualifying share of stock of the Corporation, which share was found by the amendment to Vesting Order 55 to have been beneficially owned by Joh. Barth & Sohn, Nuernberg, Germany	$100.00
2. Due from Herman P. Lottmann, address unknown but reported to be in Germany, reflected on the books of the Corporation as the amount owed for the subscription of one qualifying share of stock of the Corporation, which share was found by the amendment to Vesting Order 55 to have been beneficially owned by Joh. Barth & Sohn, Nuernberg, Germany	100.00
3. Due from Joh. Barth & Sohn, Nuernberg, Germany, representing the balance due to the Corporation after deduction for purchases of hops from Joh. Barth & Sohn, Nuernberg, Germany	17,880.57
4. Due from Johannes W. Barth, Nuernberg, Germany, representing excess salary paid him in the year 1939 as former president of the Corporation	15.51
Total accounts receivable	18,096.08

which, together with any other assets of the Corporation hereafter discovered, shall be held by the Attorney General pending any liquidation thereof or collection thereon that might be effected at which time any funds derived therefrom shall be subject to the claims of the creditors of the Corporation and shall be distributable on the following priority basis:

1. First, to the Attorney General of the United States for current and other administrative expenses and necessary charges incurred after December 14, 1949, in connection with the dissolution and winding up of the affairs of the Corporation;

2. Then, in payment of all known Federal, State and local taxes and fees owed by or accruing against the said Corporation;

3. Then, pro rata in payment of each of the following:

(a) Wegener & Company, New York City for accounting services rendered the Corporation prior to vesting, at the cost of $100.00;

(b) Attorney General of the United States for the amount of such claim, if any, as he may have for moneys advanced or services rendered to or on behalf of the Corporation prior to December 15, 1949;

4. Any funds or other assets remaining after the payment of the aforesaid claims in full will be retained by the Attorney General of the United States as a liquidating distribution of assets to him, as the holder of all issued and outstanding stock of the Corporation; and

Further orders, That nothing herein set forth shall be construed as prejudicing the right, under the Trading With the Enemy Act, as amended, of any person who may have a claim against said Corporation to file such claim with the Attorney General of the United States against any funds or property received by the Attorney General of the United States hereunder: *Provided however,* That nothing herein contained shall be construed as creating additional rights in such person: *Provided further,* That any such claim against said Corporation shall be filed with or presented to the Attorney General of the United States within the time and in the form and manner prescribed for such claims by the Trading With the Enemy Act, as amended, and applicable regulations and orders issued pursuant thereto; and

Further orders, That all actions taken and acts done by the said officers and directors of Joh. Barth & Sohn, Inc. pursuant to this Order and the directions contained herein shall be deemed to have been taken and done in reliance on and pursuant to paragraph numbered (2) of subdivision (b) of section 5 of the Trading With the Enemy Act, as amended, and the acquittance and exculpation provided therein.

Executed at Washington, D. C., this 20th day of July 1950.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

[Service Order 855]

PART 95—CAR SERVICE

REFRIGERATOR CARS AND STOCK CARS FOR TRANSPORTING ALFALFA MEAL

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 20th day of July A. D. 1950.

It appearing, that the number of freight cars available for the movement of alfalfa meal in the States of Colorado, Kansas, Missouri, Nebraska, Iowa, Wyoming, and South Dakota has seriously decreased recently; that at present the supply is insufficient to move such freight traffic of carriers serving these States; that there are certain refrigerator cars in this territory not suitable for transporting commodities requiring protective service also certain single deck stock cars 36 ft. or less in length not immediately needed for the movement of livestock and that such cars are suitable for transporting alfalfa meal; in the opinion of the Commission an emergency exists requiring immediate action in the States of Colorado, Kansas, Missouri, Nebraska, Iowa, Wyoming, and South Dakota. It is ordered, that:

§ 95.855 *Refrigerator cars and stock cars for loading alfalfa meal.* (a) Any common carrier by railroad subject to the Interstate Commerce Act, serving points in Colorado, Kansas, Missouri, Nebraska, Iowa, Wyoming, and South Dakota, may at its option, furnish and transport, for each box car ordered, not more than two (2) refrigerator cars, unsuitable for transporting commodities requiring protective service, or not more than two (2) single deck stock cars 36 ft. or less in length for loading and transporting carload shipments of alfalfa meal at origins in and destined to points in Colorado, Kansas, Missouri, Nebraska, Iowa, Wyoming, and South Dakota, subject to the carload minimum weight which would have applied if the shipment had been loaded in the box car ordered.

(b) *Application.* The provisions of this section shall apply to shipments moving in intrastate commerce as well as to those moving in interstate commerce.

(c) *Effective date.* This section shall become effective at 12:01 a. m., July 21, 1950.

(d) *Expiration date.* This section shall expire at 11:59 p. m., August 22, 1950, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

(e) *Rules and regulations suspended.* The operation of all rules and regulations insofar as they conflict with the provisions of this section is hereby suspended.

(f) *Announcement of suspension.* Each of such railroads, or its agents, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing the suspension of any of the provisions therein.

It is further ordered, that this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies sec. 1, 24 Stat. 379, as amended; 49 U. S. C. 1)

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

IRISH POTATOES GROWN IN COLORADO

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO SHIPMENTS OF COLORADO AREA 2 POTATOES DURING PERIOD AUGUST 15, 1950, THROUGH MAY 31, 1951

Consideration is being given to the following recommendation, submitted by the administrative committee of Area 2, established pursuant to Marketing Agreement No. 97 and Order No. 58 (7 CFR 958.1 et seq.) regulating the handling of Irish potatoes grown in the State of Colorado, issued under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051).

(1) During the period beginning at 12:01 a. m., m. s. t., August 15, 1950, and ending 12:01 a. m., m. s. t., June 1, 1951, no handler shall ship potatoes grown in Area No 2, as such area is defined in Marketing Agreement No. 97 and Order No. 58, which do not meet the requirements of Regulation No. 1 limiting shipments to U. S. No. 2 or better grade (General Cull Regulation—published in the FEDERAL REGISTER, July 16, 1949; 14 F. R. 3979) and which are of sizes smaller than 2 inches minimum diameter, as such sizes are defined in the United States Standards for Potatoes (14 F. R. 1955, 2161), including the tolerances provided therein: *Provided*, That the aforesaid limitations shall not be applicable to (i) potatoes shipped for seed purposes which have been officially certified as seed potatoes by the official Colorado seed certifying agency and which are in containers bearing official Colorado seed certification tags, and (ii) potatoes shipped for consumption by a charitable institution, for relief purposes, or for manufacturing purposes for conversion into by-products.

(2) The terms used herein shall have the same meaning as when used in Order No. 58 (7 CFR 958.1 et seq.).

All persons who desire to submit written data, views, or arguments for consideration in connection with the aforesaid proposal may do so by submitting the same to the Director, Fruit and Vegetable Branch, United States Department of Agriculture, Washington 25, D. C., not later than the 7th day following publication of this notice in the FEDERAL REGISTER.

CIVIL AERONAUTICS BOARD

[14 CFR, Parts 18, 20, 21, 24, 27, 41, 43, 61]

IMPLEMENTATION OF AMENDMENTS TO INTERNATIONAL PERSONNEL LICENSING STANDARDS

NOTICE OF PROPOSED RULE MAKING

On March 22, 1950, the ICAO Council adopted 123 amendments to Annex 1 to the Convention on International Civil Aviation, "Standards and Recommended Practices for Personnel Licensing." As provided in the Convention, adoption of these amendments followed the democratic procedure of submission to vote of the member States on the Council and was favored by more than the required two-thirds of such States. It is now being submitted for consideration to each of the member States of the organization.[1]

By the terms of the Convention and the ICAO Council's Resolution of Adoption such of the amendments as are not disapproved by a majority of the contracting States on or before September 1, 1950, will come into force as international standards as hereinafter indicated.

[1] See Civil Air Regulations Draft Release 48-6 dated October 25, 1948; Subject: "Implementation of International Licensing Standards" for analysis of provisions of the Annex prior to amendment and for discussion of ICAO procedures for adopting international standards.

It will be noted that even if not disapproved as provided in the Convention, there is still open to individual States the course of filing notice with ICAO of their intention to retain different rules than those provided in the amendments to the Annex.

The purpose of this publication is to inform interested persons of those substantive differences[2] from current Civil Air Regulations provisions established in amendments adopted by the ICAO Council, in order that they might submit data, views, and arguments as to (1) whether the Board should recommend disapproval of any amendment,[3] (2) whether, if not disapproved by a majority of contracting States, the United States should file notice of difference from any adopted requirement, or (3) whether the Board should amend its Civil Air Regulations to conform to the standards embodied in the amendments.

It should be noted that the comments submitted will be considered in the formulation of any rules deemed necessary or desirable in amending the Civil Air Regulations to conform with the amendments to Annex 1. Communications should be submitted to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C., on or before August 5, 1950.

To facilitate understanding, instead of setting forth the respective texts, we are summarizing the substantive differences between the Council adopted amendments and the Civil Air Regulations. For ready reference in the furnishing of comment we have separately numbered the subjects treated.

1. Annex 1 currently requires 10 hours of night flight to obtain a commercial pilot certificate. The amendment would halve this requirement. Current Civil Air Regulations do not require any night flight experience for issuance of a commercial pilot certificate for domestic use. However, we have been informed that since May 1, 1949, the great majority of applicants for a commercial pilot certificate have had 10 hours of night flight, so it appears that no undue burden will be imposed upon the aviation industry if we were to require the new standard of 5 hours of night flight for the issuance of such certificate. If the amendment is adopted, we propose to amend Part 20 accordingly.

2. Annex 1 does not currently require instrument flight experience for issuance of a commercial pilot certificate. The Council amendment would establish a requirement of 10 hours of instrument flight instruction of which not more than 5 hours may have been acquired on approved mechanical devices. The Civil Air Regulations do not currently require any instrument flight instruction for issuance of a commercial pilot rating, except where instrument authority is desired, and in such instance our requirements are considerably more comprehensive. However, if adopted as an international standard, we propose to amend the requirements for issuance of a commercial pilot license to meet the international requirement while retaining our current instrument flight provisions for actual instrument authority, unless the comment received indicates that such action would work a substantial hardship on those concerned.

3. Annex 1 currently provides recent experience for night flight for both private and commercial pilots consisting of 5 take-offs and 5 landings at night within 6 months. The amendments would require a commercial pilot to accomplish 10 take-offs and 10 landings at night within the preceding 6 months. Part 43 of the Civil Air Regulations currently requires 5 such landings and take-offs within a 90-day period and therefore exceeds the proposed international standards. However, in a notice of proposed rule making dated June 1, 1950, we recommended reducing the requirement to 3 take-offs and 3 landings at night within the preceding 90 days. If the amendment is adopted as an international standard, we do not propose to amend Part 43 unless the comment received indicates that such inaction would work a hardship on those concerned.

4. Annex 1 has been amended to incorporate therein as standards the provisions for a senior commercial pilot now contained in the Annex as a recommended practice. The detailed standards as provided by the amendment will not be enumerated here because the Bureau expects within the next few days to publish as a notice of proposed rule making a general revision of Part 21 which will include a grade of airline transport pilot license which will be the equivalent of the senior commercial pilot required by the amendments to the Annex.

5. An amendment to Annex 1 provides for a new class of pilot license, namely, private glider pilot. The substantive differences between Annex 1 requirements as contained in the amendment and the provisions of our Civil Air Regulations are that the amendment requires the applicant to be 16 years of age whereas we permit an applicant to qualify at 14 years. In addition, the knowledge requirements of the amendment to the Annex are somewhat more comprehensive than the knowledge requirements contained in the Civil Air Regulations. If adopted as an international standard, we propose that a difference between such standard and the Civil Air Regulations be filed and that the latter not be amended.

6. Annex 1 is also amended to provide standards for another new class of pilot license, namely, free balloon pilot. The substantive difference between the new Annex 1 requirements and those of the Civil Air Regulations is that in Annex 1 the experience requirements are for not less than 8 ascents of average duration of 2 hours, whereas the experience requirements in the Civil Air Regulations provide for a minimum of 6 instruction flights of not less than 1 hour each. If adopted as an international standard, we propose that a difference between such standard and the Civil Air Regulations be filed, and that the latter not be amended.

7. Amendments to Annex 1 set up 2 new classes of aircraft maintenance engineers (aircraft maintenance mechanic), Class I and II. The requirements with respect to knowledge and privileges of the Class II mechanic as provided in Annex 1 are substantially the same as the combined aircraft and engine mechanic rating provided in our Civil Air Regulations. However, our Civil Air Regulations require a minimum age of 18 and that an applicant can qualify for an A & E certificate with a minimum of combined aircraft and engine experience of 2 years, whereas the proposed standards of Annex 1 require a minimum age of 21 years and 3 years of such combined experience. If adopted as an international standard, we propose to amend our requirements to conform therewith, unless the comment received indicates that such action would work a substantial hardship on those concerned.

The Class I aircraft maintenance engineer (aircraft maintenance mechanic) standards have no direct counterpart in our Civil Air Regulations. The standards prescribed for the Class I license require that an applicant be at least 21 years of age and have not less than 5 years of experience in the maintenance and inspection, overhaul, authorized repair and approved modification of aircraft, including its engines, accessories, instruments, and items of equipment. The amendment further provides that where the applicant has satisfactorily completed an approved course of training the 5-year experience requirement may be reduced by not more than 2 years. In addition, if the license is restricted to either airframes or engines, the experience requirement may be reduced to 3 years. In addition to the privilege of accomplishing or supervising the maintenance, overhaul, repair, or modification of an aircraft including all of its components, the Class I mechanic is authorized to return an aircraft to service after these operations.

It will be noted that the Class I mechanic's required qualifications and privileges are comparable to those of the Designated Aircraft Maintenance Inspectors appointed by the Administrator of Civil Aeronautics. Since it is believed that international recognition of our current system may be obtained through ICAO, we do not propose amending the Civil Air Regulations to provide for a Class I mechanic, if this amendment is adopted as an international standard.

8. Annex 1 has also been amended to provide for the use of the term "flight operations officer" and has eliminated the optional use of the designation "aircraft dispatcher". If adopted as an international standard, we propose to amend the Civil Air Regulations to conform therewith.

If adopted as international standards, the provisions for licensing the senior commercial pilot, the private glider pilot, the free balloon pilot, and the Class I aircraft maintenance mechanic will come into force on April 1, 1951. The balance of the amendments, if adopted, will come into force on October 1, 1951.

In preparing comments, it should be noted that under Article 12 of the Convention the United States is under obligation to "keep its own regulations * * * uniform, to the greatest possible extent, with those established * * * under the Convention".

In so far as amendments to Civil Air Regulations are referred to herein, they are proposed under authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

(Sec. 205 (a), 52 Stat. 984, 49 U. S. C. 425 (a). Interpret or apply secs. 601–610, 52 Stat. 1007–1012, 62 Stat. 1216, 49 U. S. C. 551–560, Act of July 1, 1948)

[2] The bulk of the amendments falls in two categories neither of which should be of concern to the United States aviation public. The first category includes editorial revisions or clarifications of existing standards, the second includes provisions adding new standards to Annex 1 which are substantially the same as those currently provided in the Civil Air Regulations and thus involve no departure from our established procedures and requirements.

[3] It will be noted that the United States position on approval or disapproval of an Annex or amendments thereto is ultimately developed through the medium of the Air Coordinating Committee on which the Board is represented. The question, however, of whether the Civil Air Regulations should or should not be amended to conform with ICAO standards and, therefore, whether or not notice of difference between United States and international standards should be filed is the sole responsibility of the Civil Aeronautics Board.

FEDERAL POWER COMMISSION

[Docket No. E-6306]

NEW HAMPSHIRE GAS AND ELECTRIC CO.

ORDER TO SHOW CAUSE AND DIRECTING SERVICE OF STAFF REPORT

JULY 18, 1950.

Pursuant to the provisions of Electric Plant Accounts Instruction 2-D of the Commission's Uniform System of Accounts Prescribed for Public Utilities and Licensees, and the order of May 11, 1937, with respect thereto, New Hampshire Gas and Electric Company, The Derry Electric Company, and The Lamprey River Improvement Company filed reclassification and original cost studies of electric plant on January 3, 1939, February 18, 1939, and October 6, 1939, respectively. Subsequently, as of December 31, 1944, the Derry and Lamprey Companies, through merger, became part of the New Hampshire Company.

During 1948 the Commission's staff conducted a field examination of the plant accounts of New Hampshire Company and of the reclassification and original cost studies. The staff of the Public Service Commission of New Hampshire, although invited to participate in the field examination, was unable to do so.

Upon completion of the field examination in August 1948, the adjustments proposed by the staff were submitted to New Hampshire Company for study. After considerable delay, at the request of New Hampshire Company, a conference was held in May 1949 between company representatives and staff members of the Public Service Commission of New Hampshire and the Federal Power Commission, relative to the staff's proposed adjustments and their dispositions, but no agreement was reached on these matters.

Since that time correspondence and a further conference have failed to effect an agreement on the adjustments proposed by this Commission's staff.

The results of the field examination and the adjustments proposed by the staff of this Commission have been incorporated in a report entitled "Staff Report on Examination of the Reclassification and Original Cost Studies of Electric Plant of New Hampshire Gas and Electric Company, The Derry Electric Company, The Lamprey River Improvement Company" as of January 1, 1937, which is to be served herewith upon New Hampshire Company and is made a part of this order by reference.

The adjustments proposed by the staff, all of which appear on Schedule 2 of the report referred to above, include certain transfers of costs between the electric plant accounts within Account 100.1, Electric Plant in Service, and the classification of $392,981.94, as of January 1, 1948, in Account 107, Electric Plant Adjustments. The staff proposes, in its report, that the $392,981.94 be disposed of by charges of $18,495.51 to Account 250, Reserve for Depreciation of Electric Plant, and $374,486.43 to Account 271, Earned Surplus, and recommends that New Hampshire Company be required to state its views regarding this plan of disposition and submit its plan for disposition of the $392,981.94.

The Commission orders:

(A) The Secretary shall serve upon New Hampshire Company a copy of the staff's report, referred to above, concurrently with the service of this order.

(B) New Hampshire Company shall show cause, in writing, under oath, if any there be, within thirty days from the date of issuance of this order, why the Commission should not by order find, determine and direct that:

(1) New Hampshire Company classify, as of January 1, 1948, the amounts reflected in its general or basic corporate

books of account in the manner shown in the last column of Schedule 2 of the Staff Report, including the classification of $392,981.94 in Account 107, Electric Plant Adjustments.

(2) New Hampshire Company dispose of the $392,981.94 by charges of $18,495.51 to Account 250, Reserve for Depreciation of Electric Plant, and $374,486.43 to Account 271, Earned Surplus.

(C) New Hampshire Company shall within thirty days from the date of issuance of this order submit its proposed plan for the disposition of amounts classifiable in Account 107, Electric Plant Adjustments, as of January 1, 1948.

(D) New Hampshire Company's response shall be in the form of an offer of proof; shall set forth with particularity the facts upon which it relies; shall state whether New Hampshire Company admits or denies the accuracy of the facts as stated in the report; shall state whether New Hampshire Company desires a hearing; and shall state upon what facts, if any, or what conclusions, New Hampshire Company desires opportunity to introduce evidence and to be heard. General and unsupported denials by New Hampshire Company of the allegations of this order and of the statements in the staff report will not be considered as complying with this order.

Date of issuance: July 19, 1950.

By the Commission.

KANSAS-NEBRASKA NATURAL GAS CO., INC.

ORDER FIXING DATE OF HEARING

JULY 18, 1950.

On May 23, 1950, Kansas-Nebraska Natural Gas Company, Inc. (Applicant), a Kansas corporation having its principal place of business at Phillipsburg, Kansas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural gas transmission pipeline facilities, subject to the jurisdiction of the Commission, as fully described in said application on file with the Commission and open to public inspection. Public notice of the filing of the application has been given, including publication in the FEDERAL REGISTER on June 6, 1950 (15 F. R. 3509). The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a public hearing be held commencing on August 7, 1950, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the application.

(B) Interested State commissions may participate, as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: July 19, 1950.

ATLANTIC SEABOARD CORP. ET AL.

NOTICE OF ORDER REMOVING SUSPENSION OF TARIFF IN PART

JULY 20, 1950.

In the matters of Atlantic Seaboard Corporation, and Virginia Gas Transmission Corporation, Docket No. G-1384; Atlantic Seaboard Corporation, Docket No. G-1175.

Notice is hereby given that, on July 19, 1950, the Federal Power Commission issued its order entered July 18, 1950, in the above-designated matters, rescinding order of April 28, 1950, published in the FEDERAL REGISTER on May 5, 1950 (15 F. R. 2610-11), which suspended Atlantic Seaboard Corporation Schedule MLS-1, and allowing said schedule to become effective as of May 1, 1950.

ATLANTIC SEABOARD CORP. ET AL.

ORDER FIXING DATE OF HEARING

JULY 18, 1950.

In the matters of Atlantic Seaboard Corporation and Virginia Gas Transmission Corporation, Docket No. G-1384; Atlantic Seaboard Corporation, Docket No. G-1175.

By order issued April 28, 1950, the Commission, upon its own motion, among other things, suspended the operation of Atlantic Seaboard Corporation's proposed Rate Schedule CDS-1 contained in its proposed FPC Gas Tariff Third Revised Volume No. 1, insofar as it applies to the Washington Gas Light Company and to The Manufacturers Light and Heat Company, together with statements submitted by Atlantic Seaboard Corporation pursuant to § 154.85 of the Commission's general rules and regulations relating to the contract with Washington Gas Light Company.

By said order the Commission, upon its own motion, also instituted an investigation of the lawfulness of the rates, charges, services, and classifications demanded, observed, charged, or collected by Atlantic Seaboard Corporation and Virginia Gas Transmission Company.

The Commission, by order entered July 18, 1950, for reasons stated therein, rescinded that part of the order issued herein on April 28, 1950, which provided for the suspension of Atlantic Seaboard Corporation's proposed Rate Schedule MLS-1 as contained in its proposed FPC Gas Tariff Third Revised Volume No. 1, and certain statements submitted therewith, insofar as they apply to Washington Gas Light Company of Maryland and Maryland Counties Gas Company.

Atlantic Seaboard Corporation, by letter filed on July 13, 1950, has advised the Commission that it is not now prepared to proceed in a hearing in this matter, and requests that such hearing not commence prior to August 28, 1950. Furthermore, Atlantic Seaboard Corporation states that, if such requested delay in hearing is granted, it will not move to put the suspended parts of its tariff into effect prior to November 1, 1950. Without such agreement on the part of the company, Atlantic Seaboard Corporation, pursuant to section 4 (e) of the Natural Gas Act, as amended, could move to make such rates effective at the end of the suspension period on September 30, 1950, if the proceeding has not been concluded and an order made prior to such time.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 5 of the Natural Gas Act, as amended, a public hearing be held commencing on August 28, 1950, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates, charges, and classifications demanded, observed, charged, or collected by Atlantic Seaboard Corporation and Virginia Gas Transmission Company in connection with any transportation or sale of natural gas, subject to the jurisdiction of the Commission, and the rules, regulations, practices and contracts affecting such rates, charges, and classifications, as well as the changes therein proposed in Rate Schedule CDS-1 contained in Atlantic Seaboard Corporation's FPC Gas Tariff Third Revised Volume No. 1, together with the accompanying statements, suspended by our order herein issued April 28, 1950.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: July 19, 1950.

[Docket No. G-1429]

PACIFIC NORTHWEST PIPELINE CORP.

NOTICE OF APPLICATION

JULY 19, 1950.

Take notice that Pacific Northwest Pipeline Corporation (Applicant), a Delaware corporation having a principal office at 752 M & M Building, Houston, Texas, filed with the Federal Power Commission on June 29, 1950, an application requesting the issuance of a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, for the construction and operation of certain natural-gas transmission facilities including:

(A) A main transmission line of 26-inch O. D. steel pipe approximately 2,175 miles in length extending from a point in Wharton County, Texas, northwesterly through Texas, Oklahoma, and Kansas to a point near Fort Collins, Colorado, thence in a westerly direction across Wyoming to a point near Boise, Idaho, and thence in a northerly direction across Oregon and Washington terminating near Seattle and Tacoma, Washington, and Portland, Oregon;

(B) Approximately 400 miles of 22-inch and lesser size lateral lines for gathering the supply and for the distribution and sale of natural gas;

(C) Thirteen main-line compressor stations having a total installation of 83,200 horsepower; and

(D) Communications, maintenance and housing facilities, and other property necessary for the operation of such pipe-line system.

Applicant states that it intends to operate such facilities at a maximum pressure of 800 p. s. i. g. at the outlets of compressor stations which it is estimated will provide an initial capacity in the main transmission line of approximately 250 million cubic feet per day. In addition thereto, Applicant proposes to purchase approximately 100 million cubic feet of gas per day at or near the international boundary situated between Idaho and the Dominion of Canada which will be transported through a proposed lateral line extending southwesterly from Eastport, Idaho, to a point of connection with the main line near Hanford, Washington.

Applicant contemplates service in the following sales areas:

UTAH

Salt Lake City area.

IDAHO

Snake River area:
Pocatello.
Idaho Falls.
Twin Falls.
Boise.
Kellogg and Wallace area:
Sand Point.
Bonner's Ferry.
Eastport.
Atomic energy plant, including Arco area.

WASHINGTON

Spokane area.
Hanford area, including atomic energy plant.
Seattle area.
Tacoma area.

OREGON

Portland area.

CANADA

Vancouver area.

Applicant also states that its proposed facilities will intersect numerous other interstate natural-gas transmission pipe lines and that it will offer service to other natural-gas transmission companies at such points along the Applicant's system which may prove convenient to such companies.

Applicant proposes to contract for a gas supply from presently known and undedicated reserves in the Texas Gulf Coast Area in the amount of 250 million cubic feet of gas per day and to purchase 100 million cubic feet of gas per day from reserves in the Province of Alberta, Canada. Furthermore, Applicant states that it will afford an opportunity for the sale of gas to it from gas-producing areas in central and north Texas, and other areas in Colorado, Wyoming, and Utah and through which the proposed main line will be constructed.

It is estimated that the facilities proposed to be constructed will require a capital expenditure of approximately $172,374,000.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 8th day of August 1950. The application is on file with the Commission for public inspection.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2431]

SCRANTON-SPRING BROOK WATER SERVICE CO. AND THE WINTON WATER CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 20th day of July A. D. 1950.

Notice is hereby given that Scranton-Spring Brook Water Service Company ("Scranton"), a public-utility subsidiary company of Federal Water and Gas Corporation, a registered holding company and The Winton Water Company ("Winton"), a wholly-owned subsidiary company of Scranton, have filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935. Sections 9, 10, and 12, of the act and Rules U-42 and U-43 promulgated thereunder have been designated as being applicable to the proposed transactions.

Notice is further given that any interested person may, not later than July 31, 1950, request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request, and the issues, if any, of fact or law raised by said joint application-declaration, as filed or as hereafter amended, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 31, 1950, said joint application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said joint application-declaration which is on file in the offices of this Commission, for a statement of the transactions therein proposed which may be summarized as follows:

Scranton is engaged primarily in the business of storing water and selling it to the public. In this connection Scranton leases three water reservoirs from Winton which comprises the entire plant and property of Winton. Other than said plant and property, Winton's assets consist of cash and receivables from associated companies.

It is proposed that in consideration of the surrender by Scranton to Winton of all the latter's issued and outstanding capital stock for cancellation, Scranton will acquire all of Winton's franchises, rights, powers and property and assume all its obligations. Upon the completion of these proposed transactions Winton will merge its properties into Scranton pursuant to the laws of the State of Pennsylvania and it will cease to exist.

The proposed merger of Scranton and Winton has been submitted for approval to the Pennsylvania Public Utility Commission, the Commission of the State in which the applicants-declarants are organized and doing business.

The applicants-declarants request that the Commission's order herein be issued at the earliest date practicable and that such order become effective upon issuance.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

JOE HISASHI SHISHIDO

In re: Securities owned by Joe Hisashi Shishido, also known as Joe H. Shishido. F-39-3255-F-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Joe Hisashi Shishido, also known as Joe H. Shishido, whose last known address is Fukushima-ken, Shinobu-gun, Mi-zuko Mura, Tsuchifune, Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows:

a. Five hundred (500) shares of common stock of Ben Lomond Investment Co., evidenced by a certificate numbered 481, registered in the name of H. Shishido and presently located in Safe Deposit Box 791, leased from the California Bank, 863 South San Pedro Street, Los Angeles, California, together with all declared and unpaid dividends thereon, and

b. Five (5) 6% Tokyo Electric Light Co. 1st Mortgage Gold Bonds, each of $1,000.00 face value, bearing the numbers 19404, 19405, 43843/5, and presently located in Safe Deposit Box 791, leased from the California Bank, 863 South San Pedro Street, Los Angeles, California, and any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Joe Hisashi Shishido, also known as Joe H. Shishido, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1950.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Acting Director,
Office of Alien Property.

Subchapter C—Loans, Purchases, and Other Operations

[Amdt. 1]

PART 648—POTATOES, IRISH

SUBPART—1950 IRISH POTATO PRICE SUPPORT PROGRAM

The regulations issued by Commodity Credit Corporation and the Production and Marketing Administration published in 15 F. R. 3605, containing the requirements with respect to the 1950 Irish Potato Price Support Program are hereby amended as follows:

Section 648.217, *Setoffs*, is amended to read as follows:

§ 648.217 *Setoffs.* If the vendor is indebted to CCC, whether or not such indebtedness is listed on the county debt register, CCC will set off such indebtedness against the portion of the proceeds of the purchase by CCC which remains after deduction of amounts due prior lienholders. If the vendor is indebted to any other agency of the United States and such indebtedness is listed on the county debt register, such indebtedness will also be set off against the proceeds of purchase, as hereinbefore stated. Any such indebtedness to another agency of the United States not listed on the county debt register may be set off against the proceeds of purchase if the appropriate official of CCC so directs. If any installments past due or maturing within twelve months are unpaid on a loan to a producer-vendor made available by CCC on farm storage facilities, whether held by CCC or a lending agency, CCC will set off such indebtedness as hereinbefore stated. Indebtedness owing to CCC or to a lending agency shall be given first consideration after claims of prior lienholders. Setting off in accordance with this section shall not deprive the vendor of the right to contest the justness of the indebtedness involved, either by administrative appeal or by legal action.

(Sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup., 714b. Interprets or applies Pub. Laws 439, 471, 81st Cong.)

Issued this 21st day of July 1950.

accompanied by the proper fee for a license, the Secretary shall, if the applicant is found to be eligible, issue a license certifying that the licensee is authorized to engage in the business of a commission merchant, dealer, or broker. The fee so tendered, together with any arrearage fees and any penalty assessed by the Secretary in accordance with the provisions of the act, shall be deposited as soon as practicable in a special fund designated as the "Perishable Agricultural Commodities Act fund." If the license is denied, the fee shall be refunded to the applicant. Fees received for either renewal or reinstatement of a license shall be handled in the same manner as other fees mentioned herein.

3. Revise § 46.9 *Termination of license; notice; reinstatement* to read:

§ 46.9 *Termination of license; notice; renewal.* Thirty days or more prior to the anniversary date of a license, the Director of the Branch shall mail a notice to the licensee at the latest address known to the Director of the Branch, advising that the license will automatically terminate on its anniversary date unless the annual fee of $15 is paid on or before such date. If the annual fee is not paid by the anniversary date the licensee may obtain a renewal of that license at any time within thirty days by paying a fee of $20.

4. Revise § 46.14 *Arrearage fees* to read:

§ 46.14 *Arrearage fees.* Arrearage fees to be paid by an applicant shall be computed on a basis of 1/12 of the annual fee of $15, or $1.25 per calendar month or fraction thereof from the time the applicant was required by the act to be licensed to the date application and valid fee were submitted for a license.

It is hereby found that it is impracticable to give preliminary notice, engage in public rule-making procedure, and postpone the effective date hereof until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the changes hereby made are to bring the regulations into conformity with the act, as amended June 15, 1950. The fees are mandatory and could not be varied as a result of any rule-making procedure.

(Sec. 15, 46 Stat. 537, as amended; 7 U. S. C. and Sup., 499o)

The provisions hereof shall be effective as of June 16, 1950.

Done at Washington, D. C., this 24th day of July 1950.

PART 51—FRESH FRUITS, VEGETABLES, AND OTHER PRODUCTS (INSPECTION, CERTIFICATION, AND STANDARDS)

UNITED STATES CONSUMER STANDARDS FOR FRESH KALE

On June 13, 1950, a notice of rule making was published in the FEDERAL REGISTER (F. R. Doc. 50-5058; 15 F. R. 3686) regarding proposed United States Consumer standards for Fresh Kale. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the following United States Consumer Standards for Fresh Kale are hereby promulgated under the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621, et seq.).

§ 51.255 *Consumer standards for fresh kale*—(a) *Grades*—(1) *U. S. Grade A.* U. S. Grade A shall consist of leaves or parts of leaves of kale of one type which are fresh, fairly tender, clean, well trimmed and of characteristic color for the type; which are free from decay, small pieces of leaves, and leaf stems without blades, and are free from damage caused by discoloration, seedstems, bud burn, freezing, foreign material, disease, insects or mechanical or other means. Leaves or parts of leaves of kale on the shown face shall be reasonably representative in size and quality of the contents of the container.

(i) Incident to proper grading and handling, not more than 3 percent, by weight, of the kale in any lot may be small pieces of leaves, and not more than 5 percent may fail to meet the remaining requirements of the grade, including not more than 2 percent for leaves or parts of leaves which are seriously damaged.

(2) *U. S. Grade B.* U. S. Grade B shall consist of leaves or parts of leaves of kale which meet the requirements of U. S. Grade A, except that they need be only reasonably clean; and except that those with only the edges affected with bronze or slight yellowish color, but not dried, shall be permitted in this grade; and except for the increased tolerances for defects specified below:

(i) Incident to proper grading and handling, not more than 5 percent, by weight, of the kale in any lot may be small pieces of leaves, and not more than 10 percent may fail to meet the remaining requirements of the grade, including not more than 4 percent for leaves or parts of leaves which are seriously damaged.

(b) *Off-Grade kale.* Leaves or parts of leaves of kale which fail to meet the requirements of either of the foregoing grades shall be Off-Grade kale.

(c) *Definitions*—(1) *One type.* "One type" means that the kale is generally of the same color and character of growth. No mixture of types shall be permitted which materially affects the appearance of the lot.

(2) *Fresh.* "Fresh" means that the leaves or parts of leaves are not more than slightly wilted.

(3) *Fairly tender.* "Fairly tender" means that leaves and parts of leaves are not tough or excessively fibrous.

(4) *Clean.* "Clean" means that the kale does not show more than a trace of grit, sand, dirt, silt, muck or other water insoluble inorganic material.

(5) *Well trimmed.* "Well trimmed" means that the leaf stems (petioles) have been cut or broken off within ½ inch of the blade.

(6) *Small pieces of leaves.* "Small pieces of leaves" means parts of leaves which are smaller in area than a circle one inch in diameter.

(7) *Damage.* "Damage" means any injury or defect which materially affects the appearance, or the edible, shipping or keeping quality of the individual leaves or parts of leaves or the lot as a whole. The following defects or any combination of defects the seriousness of which exceeds the amount allowed for any one defect shall be considered as damage:

(i) Discoloration, when the appearance of the leaf or part of a leaf is materially affected.

(ii) Mechanical damage, when the leaf or part of a leaf is very badly crushed, torn or broken.

(8) *Serious damage.* "Serious damage" means any injury or defect which seriously affects the appearance, or the edible, shipping or keeping quality of the individual leaves or parts of leaves or the lot as a whole. The following defects or any combination of defects the seriousness of which exceeds the amount allowed for any one defect shall be considered as serious damage:

(i) Leaves or parts of leaves which are badly discolored.

(ii) Leaves or parts of leaves on which worms or worm frass are present, or leaves or parts of leaves on which there is more than slight infestation by other insects.

(iii) Leaves which are affected by soft rot.

(iv) Weeds, grass or pieces thereof, and other extraneous matter.

(9) *Reasonably clean.* "Reasonably clean" means that the kale is reasonably free from grit, sand, dirt, silt, muck and other water insoluble inorganic material.

(d) *Effective time.* The United States Consumer Standards for Fresh Kale contained in this section shall become effective thirty (30) days after the date of publication in the FEDERAL REGISTER.

(Sec. 205, 60 Stat. 1090; 7 U. S. C. 1624)

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Docket Nos. AO-14, A17, A18]

PART 904—MILK IN THE GREATER BOSTON, MASSACHUSETTS, MARKETING AREA

ORDER AMENDING THE ORDER, AS AMENDED, REGULATING HANDLING

§ 904.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing

Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Boston, Massachusetts, on January 30–31, and February 1, 1950, upon a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary to make the present amendment to the said order, as amended, effective not later than August 1, 1950, to reflect current marketing conditions. Any further delay in the effective date of this amendment to said order, as amended, will seriously disrupt the orderly marketing of milk for the Greater Boston, Massachusetts marketing area. The changes effected by this order amending the order, as amended, do not require of persons affected substantial or extensive preparation prior to the effective date. In view of the foregoing, it is hereby found and determined that good cause exists for making this order, amending the order, as amended, effective August 1, 1950, and that it is impractical, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication in the FEDERAL REGISTER. (Sec. 4 (c), Administrative Procedure Act, 60 Stat. 237, 5 U. S. C. 1001–1011)

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, amending the order, as amended, which is marketed within the Greater Boston, Massachusetts, marketing area) of more than 50 percent of the volume of milk covered by this order, as amended, and as hereby further amended, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who participated in the referendum and who, during the determined representative period (November 1949), were engaged in the production of milk for sale in the said marketing area.

ORDER RELATIVE TO HANDLING

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Greater Boston, Massachusetts, marketing area, shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Revise § 904.1 (b) (9) to read as follows:

(9) "Buyer-handler" means any handler who operates a bottling or processing plant from which more than 10 percent of his total receipts of fluid milk products other than cream are disposed of by him as Class I milk in the marketing area, and whose entire supply of fluid milk products is received from other handlers.

2. Revise § 904.1 (d) (6) (ii) to read as follows:

(ii) All fluid milk products, other than cream, received at a regulated plant from an unregulated plant, up to the total quantity of nonpool milk received at the unregulated plant; except that receipts from a New York order pool plant which are assigned to Class I milk pursuant to § 904.5 (e) and receipts of emergency milk shall not be considered outside milk; and

3. Revise § 904.5 (e) to read as follows:

(e) *Receipts from New York order pool plants.* Receipts of fluid milk products from New York order pool plants shall be assigned to Class II milk, except as provided in paragraph (f) of this section, and except that receipts during the months of August through March which are classified in Class I–A or I–B under the New York order shall be assigned to Class I milk.

4. Revise the first sentence of § 904.6 (h) to read as follows:

(h) *Retention of records.* All books and records required under this order to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided*, That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, until further written notification from the market administrator.

5. In § 904.7 (e) after the words "During the months of April, May, June and July" insert the words "of any year, and during August and September of 1950."

6. Revise § 904.7 (e) (4) to read as follows:

(4) Subtract such portion of the quantity determined in subparagraph (3) of this paragraph as was made into salted butter and disposed of by the handler or such second person in a form other than salted butter.

7. In § 904.7 (a) (6) and (7) delete the words "For any month after December 1948".

8. In § 904.7 (d) change the reference from M No. 5 to M No. 6.

9. In § 904.8 (b) (7) change the second sentence to read as follows: "This result, which is the minimum blended price for milk containing 3.7 percent butterfat received from producers at plants located in the 201–210 freight mileage zone, shall be known as the basic blended price."

10. Revise § 904.9 (b) to read as follows:

(b) *Final payments.* Each pool handler shall make payment for the total value of milk received during such month as required to be computed pursuant to § 904.8 (a), as follows:

(1) On or before the 25th day after the end of each month to each producer at not less than the basic blended price per hundredweight, subject to the differentials provided in paragraphs (d) and (e) of this section, for the quantity of milk delivered by such producer; and

(2) To producers, through the market administrator, by paying to, on or before the 23d day after the end of each month, or receiving from the market administrator, on or before the 25th day after the end of each month, as the case may be, the amount by which the payments at the basic blended price adjusted by the plant and farm location differentials provided in paragraph (e) of this section are less than or exceed the value of milk as required to be computed for each such handler pursuant to § 904.8 (a), as shown in a statement rendered by the market administrator on or before the 20th day after the end of such month.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Issued at Washington, D. C., this 24th day of July 1950, to be effective on and after the 1st day of August 1950.

Secretary of Agriculture.

DETERMINATION RELATIVE TO EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1950–51 SEASON

Notice was published in the June 21, 1950, daily issue of FEDERAL REGISTER (15 F. R. 3986) that consideration was being given to proposals regarding the expenses and the fixing of the rate of assessment for the 1950–51 season under the marketing agreement, as amended, and Order No. 51, as amended (7 CFR Part 951; 14 F. R. 440) regulating the handling of Tokay grapes grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended.

After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice which were submitted by the Industry Committee (established pursuant to said amended marketing agreement and order), it is hereby found and determined that:

§ 951.205 *Expenses and rate of assessment for the 1950–51 season*—(a) *Expenses.* Expenses that are reasonable and likely to be incurred by the Industry Committee, established pursuant to the provisions of the aforesaid amended marketing agreement and order, to enable such committee to perform its functions, in accordance with the provisions thereof, during the season beginning April 1, 1950, will amount to $36,550.00.

(b) *Rate of assessment.* The rate of assessment, which each handler who first ships Tokay grapes shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said amended marketing agreement and order is hereby fixed at twenty-five mills ($0.025) per hundred pounds of Tokay grapes shipped by such handler during said season.

(c) The provisions hereof shall become effective 30 days after publication in the FEDERAL REGISTER.

As used in this section, the terms "handler," "ships," "shipped," and "season" shall have the same meaning as when used in said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 24th day of July 1950.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. SR-347]

PART 34—FLIGHT NAVIGATOR CERTIFICATES

LIMITED CERTIFICATES

Adopted by the Civil Aeronautics Board at its office in Washinton, D. C., on the 20th day of July 1950.

Currently effective Part 34 of the Civil Air Regulations requires an applicant for a flight navigator certificate to have a specified amount of experience in flight navigation and to accomplish a prescribed written examination in addition to a practical examination in the operation of flight navigational equipment. The Board has been advised by the Administrator that there is an urgent need for flight navigators by air carriers who are under contract with the military services, but that there is an insufficient number of individuals currently certificated and available for employment by these carriers. It appears that there are numerous individuals who have the practical experience and skill, but who do not hold flight navigator certificates and who are unable to accomplish the prescribed written examination prior to their being needed by the air carriers for such military operations. It will be noted that such carriers cannot under current regulations engage in long overwater flights without a flight navigator being included as a member of the flight crew.

In view of the above the Administrator has requested the Board to authorize the issuance of flight navigator certificates to individuals having prior military service as flight navigators who may not, at the time of application, fully meet the knowledge requirements specified in Part 34, but who can demonstrate to the Administrator their competence to navigate aircraft in flight. The Board has been further requested to limit the exercise of the privileges of a flight navigator certificate issued to such individuals only to those operations which are conducted by an air carrier pursuant to a contract with military services. We have been further requested to limit the duration of such certificate to a period not to exceed 3 months and to require such holder thereof to meet all of the requirements of Part 34 should he desire to exercise the privilege of a flight navigator subsequent to such 3-month period.

The Board believes that individuals who have had prior military service as flight navigators and who can demonstrate their ability to navigate aircraft in flight can be considered competent to act as flight navigators if they satisfactorily accomplished the practical examination prescribed in Part 34 and such written examination as the Administrator considers necessary to determine the applicant's knowledge of flight navigation. We believe that a former military navigator who has had at least 6 months service with the military services can meet the prescribed experience requirements. For administrative purposes a certificate issued pursuant to this Special Civil Air Regulation shall be termed a "limited flight navigator certificate". In view of the short duration of such a certificate, it is considered advisable to permit the holder of a limited flight navigator certificate, who has failed to accomplish satisfactorily any part of the examination for the issuance of a flight navigator certificate to apply for reexamination on the part failed, upon approval by the Administrator, without waiting the currently prescribed 30-day period.

For the reasons stated above, notice and public procedure hereon are impracticable and contrary to the public interest, and the Board finds that good cause exists for making this Special Civil Air Regulation effective on less than 30 days' notice.

In consideration of the foregoing the Civil Aeronautics Board hereby makes and promulgates a Special Civil Air Regulation effective immediately, to read as follows:

1. Contrary provisions of the Civil Air Regulations notwithstanding, the Administrator may issue a limited flight navigator certificate to an individual who meets the following requirements:

(a) The applicant for such certificate shall have served on active duty as a rated navigator with the military services for at least six months since December 7, 1941;

(b) The applicant shall meet the requirements of §§ 34.2 through 34.5 and 34.8; and

(c) The applicant shall satisfactorily accomplish such written examination as may be prescribed by the Administrator.

2. The holder of a limited flight navigator certificate may exercise the same privileges as the holder of a flight navigator certificate issued in accordance with Part 34 of the Civil Air Regulations except that he may act as a flight navigator only in those operations which are conducted by an air carrier pursuant to a contract entered into by that air carrier with the military services.

3. A limited flight navigator certificate shall remain in effect for a period no longer than 3 months and shall not be renewable.

4. A flight navigator certificate shall be issued to the holder of a limited flight navigator certificate, if such holder accomplishes successfully the written examination prescribed in § 34.7. If such individual fails to accomplish satisfactorily any part of such written examination he may, with the approval of the Administrator, apply notwithstanding the provisions of § 34.13, at any time, for reexamination on the part failed.

This regulation shall terminate December 31, 1951, unless sooner superseded or rescinded.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 602, 52 Stat. 1007, 1008, as amended; 49 U. S. C. and Sup., 551, 552)

By the Civil Aeronautics Board.

Acting Secretary.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5708]

PART 178—WINE

A proposed Treasury decision amending Part 178 (Regulations 7), published as a notice of proposed rule making in the FEDERAL REGISTER of June 8, 1950, 15 F. R. 3584, is hereby adopted as proposed, with the following changes:

1. Sections 178.35 and 178.436 have been revised.

2. Minor changes of an editorial or clarifying nature have been made in §§ 178.70, 178.106b, 178.122, 178.483b, and 178.487.

3. Section 178.87 has been deleted.

4. All changes are shown on the attached copy of the notice.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: July 21, 1950.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

1. The act of February 21, 1950 (Pub. Law 443, 81st Cong.), effective September 1, 1950, amending the Internal Revenue Code, provides in part as follows:

Section 2901 of the Internal Revenue Code, as amended, is amended to read as follows:

(a) *Extent.* No tax shall be collected in respect of distilled spirits lost or destroyed while in bond, except that such tax shall be collected—

(1) *Theft.* In the case of loss by theft unless the Commissioner shall find that the theft occurred without connivance, collusion, fraud, or negligence on the part of the distiller, warehouseman, owner, consignor, consignee, bailee, or carrier, or the employees of any of them; and

(2) *Voluntary destruction.* In the case of voluntary destruction unless the distilled spirits were unfit for use for beverage purposes and the distiller, warehouseman, or other person responsible for the tax, obtained the written permission of the Commissioner for such destruction in each case.

(b) *Proof of loss.* In any case in which spirits are lost or destroyed, whether by theft or otherwise, the Commissioner may require the distiller or warehouseman or other person responsible for the tax to file a claim for relief from the tax and submit proof as to the cause of such loss. In every case where it appears that the loss was by theft, the burden shall be upon the distiller or warehouseman or other person responsible for the tax to establish to the satisfaction of the Commissioner that such loss did not occur as the result of connivance, collusion, fraud, or negligence on the part of the distiller, warehouseman, owner, consignor, consignee, bailee, or carrier, or the employees of any of them.

(c) *Refund of tax.* When, in any case where the tax would not be collectible by virtue of subsection (a), but such tax has been paid, the Commissioner shall refund such tax. Nothing in section 2901 as hereby amended, or as heretofore amended, shall be construed to authorize refund of the tax where the loss occurred after the tax was paid.

(d) *Insurance coverage.* The abatement or refund of taxes provided for by subsections (a) and (c) in the case of loss of distilled spirits by theft shall only be allowed to the extent that the claimant is not indemnified against or recompensed for such loss.

(e) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

2. Pursuant to the foregoing provision of law, Regulations 7, approved September 21, 1945 (26 CFR Part 187) as amended, are hereby amended as follows:

(a) Sections 178.5, 178.35, 178.67, 178.70, 178.86, 178.96, 178.97, 178.114, 178.121, 178.122, 178.123, 178.436, 178.467, 178.477, 178.480, 178.482, 178.483, 178.484, 178.485, 178.486, 178.487, 178.488, 178.490, 178.491, and 178.492 are amended;

(b) Sections 178.106b, 178.480a, 178.480b, 178.482a, 178.483a, 178.483b, 178.483c, and 178.483d are added; and

(c) Sections 178.107a and 178.481 are revoked.

DEFINITIONS

§ 178.5 *Definitions.* • • •

(l–1) "Gallon" or "wine gallon" shall mean a United States gallon of liquid measure equivalent to the volume of 231 cubic inches.

• • • • • • •

(r–1) "Proof" shall mean the ethyl alcohol content of a liquid at 60 degrees Fahrenheit, stated as twice the percent of ethyl alcohol by volume.

(r–2) "Proof gallon" shall mean the alcoholic equivalent of a United States gallon at 60 degrees Fahrenheit, containing 50 percent of ethyl alcohol by volume.

(r–3) "Proof spirits" shall mean that alcoholic liquor which contains 50 percent of ethyl alcohol by volume at 60 degrees Fahrenheit and which has a specific gravity of 0.93418 in air at 60 degrees Fahrenheit referred to water at 60 degrees Fahrenheit as unity.

OTHER EQUIPMENT, INSTRUMENTS, AND MEASURES

§ 178.35 *Testing scales.* Scales (other than wagon, truck, or railroad car platform scales) used to weigh wine, brandy, or winemaking or ameliorating materials received, used, or removed, will be tested from time to time by winemakers. Tests of scales, by State, county, or municipal authorities, or by responsible scale companies, will be accepted in lieu of the prescribed tests by the winemaker, but if such tests are not made from time to time, as herein required, additional tests must be made by the winemaker. In case a scale is found to be inaccurate for any reason, it shall not be used while it is in such condition. Where a Government officer is assigned to the winery or storeroom, the test shall be made under the officer's supervision.

EXECUTION OF BONDS AND CONSENTS OF SURETY

§ 178.67 *Individual sureties.* • • •

(f) *Investigation.* The district supervisor must cause an investigation to be made of all the facts stated in the surety's affidavit on Form 33 and supporting documents, and shall forward one copy of the report of such investigation to the Commissioner with the qualifying documents specified in § 178.113. District supervisors should exercise great care in deciding upon the sufficiency of the security afforded by individual sureties, and should from time to time make such inquiries as are deemed necessary to determine that such security is still sufficient.

(53 Stat. 348 as amended, 350 as amended, 351, 354, 375, 477; 26 U. S. C. 3031, 3032, 3033, 3040, 3176, 3901)

§ 178.70 *Consents of surety.* Consents of surety to a change in the terms of a bond must be executed on Form 1533, in as many copies as are required of the bond which they affect, by the principal and all sureties with the same formality and proof of authority to execute as are required for the execution of bonds. Form 1533 will be used by obligors on collateral bonds as well as those on surety bonds. The Form 1533 must properly identify the bond affected thereby and state specifically and precisely what is covered by the extended terms thereof. If the surety is a corporation, the consent may be executed by an agent or attorney in fact duly authorized so to do by power of attorney filed by the surety with the appropriate district supervisor, or the consent may be executed by the home office officials of such corporate surety: *Provided,* That in cases where the saving of time is an element, the consent may be executed by an agent or attorney in fact where the home office officials, by specific direction, order its execution. A copy of such specific direction should be attached to each copy of such consent.

(53 Stat. 375, 477; 26 U. S. C. 3176, 3901)

CHANGE IN BONDED PREMISES

§ 178.86 *Extension or curtailment of premises.* Where it is desired to extend or curtail the bonded premises or to take in or cut off a room or building on the bonded premises, a new application, Form 698, plat and plan, or supplemental plat and plan, must be filed by the proprietor. The additional premises covered by an extension may not be used for winery purposes, and the portion of the winery premises to be excluded by curtailment may not be used for other than winery purposes, prior to approval of the application, Form 698, plat and plan, if required, filed in connection therewith.

(53 Stat. 354, 375, 477; 26 U. S. C. 3040, 3176, 3901)

CHANGES IN PROPRIETORSHIP

§ 178.96 *Change in partnership.* The withdrawal of one or more members of a partnership or the taking in of a new partner, whether active or silent, shall constitute a change in proprietorship. Likewise, except as provided in paragraph (a) of this section, the death, bankruptcy, or adjudicated insolvency of one or more of the copartners results in a dissolution of the partnership and, consequently, a change in proprietorship. Where such a change in proprietorship of the premises occurs, the successor must qualify in the same manner as a new applicant, except that he may adopt the plat and plan on file, as provided in § 178.85.

ORIGINAL ESTABLISHMENT

§ 178.114 *Disapproval of qualifying documents.* If the district supervisor finds that the applicant has not complied in all respects with the requirements of the law and this part, or that the bond should be disapproved under § 178.75, he will note his disapproval on the application, and shall return to the applicant by registered mail, one copy of the disapproved application, together with all copies of the qualifying documents and all copies of the bond without action thereon. The district supervisor shall forward one copy of the disapproved application to the Commissioner and will advise him fully respecting the disapproval thereof. He shall retain the remaining papers in his files. If the applicant is not entitled to a basic permit, the district supervisor will, upon disapproval of the application therefor, return all copies of the qualifying documents to the applicant without action thereon.

(53 Stat. 311, 354, 375, 477; 26 U. S. C. 2815, 3040, 3176, 3901)

TERMINATION OF BONDS

§ 178.121 *Action on application for notice of termination*—(a) *Winemaker's bond.* When an application for the issuance of notice of the termination of a winemaker's bond, as to liability for future transactions, is filed with the district supervisor in accordance with the provisions of § 178.120, the district supervisor will make a complete examination of the records of his office to determine whether there is any liability outstanding against the bond. He will also ascertain from the collector of internal revenue whether there are any outstanding, unpaid assessments or demands for taxes on wines produced or received, or brandy received, under the bond. If it is found that any such wines or brandy have not been accounted for, or that outstanding assessments or demands for payment of taxes chargeable against the bond have not been paid, the district supervisor will disapprove the application, unless the liability is settled. If the district supervisor finds that the bond may properly be terminated, he will issue notice of termination thereof in accordance with § 178.122.

• • • • • • •

(53 Stat. 375, 477; 26 U. S. C. 3176, 3901)

§ 178.122 *Notice of termination*—(a) *Winemaker's bond.* Upon approval of an application for the issuance of notice of the termination of a winemaker's bond, Form 700–A, as to liability for future transactions, the district supervisor will execute "Notice of Termination" on Form 1490 where a superseding bond has been approved, or "Notice of Release" on Form 1491 where the principal has discontinued business and removed all the wines and brandy from the bonded winery or storeroom, in quadruplicate (in quintuplicate if there are two sureties), and will forward the original, together with one copy of the application, to the Commissioner, one copy to each obligor on the bond, and retain one copy on file in his office with the bond to which it relates.

• • • • • • •

(53 Stat. 375, 477; 26 U. S. C. 3176, 3901)

§ 178.123 *Release of collateral*—(a) *Winemaker's bond.* The release of collateral pledged and deposited with the United States to support bonds required by this part will be in accordance with the provisions of Department Circular 154, revised (31 CFR Part 225), subject to the conditions governing the issuance of notices on Forms 1490 and 1491 of the termination of such bonds. Upon approval of an application for the issuance of notice of the termination of a winemaker's bond supported by collateral security, the district supervisor will fix the date or dates on which a part or all of the security may be released. In fixing such date, which ordinarily will be not less than six months from the date of determination that there is no outstanding liability against the bond, the district supervisor will satisfy himself that the interests of the Government will not be jeopardized. Collateral pledged and deposited to support a winemaker's bond, will not be released by the district supervisor until liability under the bond has been terminated. At any time prior to the release of such collateral security, the district supervisor may, in his discretion, and for proper cause, further extend the date of release of the security for such additional length of time as in his judgment may be appropriate.

(b) *Export or transfer to customs manufacturing bonded warehouse bonds.* Collateral pledged and deposited to support an export bond, or a bond covering transportation to customs manufacturing bonded warehouse, will ordinarily be released by the district supervisor upon issuance of notice of release of the bond, Form 1491.

(44 Stat. 122, as amended; 6 U. S. C. 15; 53 Stat. 375, 477; 26 U. S. C. 3176, 3901)

FORTIFYING ROOM

§ 178.436 *Scales and weighing tanks.* The proprietor must provide in the fortifying room suitable and accurate scales for gauging brandy received and used, except where all brandy used is conveyed by pipeline directly to the fortifying tank immediately after gauging at the distillery or bonded warehouse. Where brandy is received in tank cars, or by pipeline (except as provided in this section), a weighing tank of suitable size must be provided in the fortifying room. Beams or dials of scales used to weigh packages must indicate weight in half-pound graduations. The beams or dials of weighing tank scales must indicate weight in 1-pound graduations, if of less than 10 tons capacity, and in 5-pound graduations, if of 10 tons or more capacity. In case a scale or weighing tank is found to be inaccurate for any reason, it shall not be used while it is in such condition.

MANNER OF PROCURING BRANDY FROM FRUIT DISTILLERIES AND INTERNAL REVENUE BONDED WAREHOUSES

PROCUREMENT OF BRANDY IN TANK CARS

§ 178.467 *Report of gauge at winery.* If the gauge of the brandy upon receipt at the winery discloses a loss in transit other than that which may be ascribed to variation in gauge, the officer will prepare a report of his gauge on Form 1520, and attach a copy of the form to each copy of Form 257 received from the officer at the distillery or warehouse. If the loss exceeds 1 percent, or there is evidence that the tank car was tampered with in transit, the officer will make a report of his gauge on Form 1520 in each instance, with a statement respecting his inspection of the tank car and the apparent cause of the loss.

(53 Stat. 340 as amended, 348 as amended, 351, 375, 477; 26 U. S. C. 2901, 3031, 3033, 3176, 3901)

FORTIFICATION OF WINE

§ 178.477 *Report of losses of brandy.* • • •

(b) *From storage tanks.* Losses from storage tanks will be reported by the Government officer on Form 276, giving the serial numbers of the tanks from which the loss was sustained, the quantity lost from each tank, and the apparent cause of the loss in sufficient detail to bring out all the known material facts and circumstances surrounding the loss. Losses from storage tanks will be determined at the end of the month during which wines are fortified or upon completion of fortification for the month, as provided in § 178.482a.

(53 Stat. 340 as amended, 348 as amended, 375, 477; 26 U. S. C. 2901, 3031, 3176, 3901)

LOSSES OF BRANDY

LOSSES IN TRANSIT OR IN FORTIFYING ROOM

§ 178.480 *By theft.* The tax on brandy withdrawn for fortification and lost by theft while being transferred to the fortifying room or while in the fortifying room, not as the result of connivance, collusion, fraud, or negligence on the part of the distiller, warehouseman, owner, consignor, consignee, bailee, or carrier, or the employees of any of them, may be remitted to the extent that the claimant is not indemnified against or recompensed for such loss.

(53 Stat. 340 as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

§ 178.480a *By voluntary destruction.* The tax on brandy withdrawn for fortification and lost by voluntary destruction while being transferred to the fortifying room or while in the fortifying room, may be remitted: *Provided,* That the brandy was unfit for use for beverage purposes, and the distiller, warehouseman, or other person responsible for the tax, obtained the written permission of the district supervisor for such destruction in each case.

(53 Stat. 340 as amended, 373 as amended, 375, 477; 26 U. S. C. 2901, 3170, 3176, 3901)

§ 178.480b *By other causes.* The tax on brandy withdrawn for fortification and lost, due to causes other than by theft or voluntary destruction (as provided in §§ 178.480 and 178.480a, respectively), while being transfered to the fortifying room or while in the fortifying room, may be remitted.

(53 Stat. 340 as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

DETERMINATION OF LOSSES

§ 178.482 *In transit.* Losses in transit to the winery will be ascertained at the time the brandy is received at the winery, as provided in §§ 178.455, 178.466, and 178.467.

(53 Stat. 340 as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

§ 178.482a *In fortifying room.* Losses by theft or unauthorized voluntary destruction or from other causes in the fortifying room will be determined and reported at the time the loss is discovered. A physical inventory of storage tanks shall be taken at the close of the month during which wines are fortified or upon completion of fortification for the month and any losses which have not previously been ascertained will be determined.

(53 Stat. 340 as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

CLAIMS FOR LOSSES

§ 178.483 *When required.* Where any loss by theft occurs, claim for remission of tax must be made by the winemaker. Where the loss from any package or railroad tank car in transit to the winery exceeds 1 percent of the quantity shipped therein, claim for remission of tax on the entire quantity lost from the package or railroad tank car must be made by the winemaker. Where the loss on any lot of brandy transferred to the fortifying room by pipeline exceeds 1 percent, claim for remission of tax on the entire quantity lost must likewise be made by the winemaker. Where the loss in the fortifying room from any package exceeds 1 percent of the quantity contained in the package at the time of receipt, or where the loss from storage tanks exceeds 1 percent of the total quantity contained in such tanks during the month, claim for remission of tax on the entire quantity lost from each such package or from such storage tanks must be made by the winemaker.

(53 Stat. 340 as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

§ 178.483a *When not required.* Where the loss in transit or in the fortifying room does not exceed 1 percent, calculated in accordance with § 178.483, claim for remission of tax will not be required, provided there are no circumstances indicating that the loss is not allowable under the law.

(53 Stat. 340, as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

§ 178.483b *Form of claims.* No special forms have been prescribed for use in filing claims for remission of tax. Such claims shall be made on letter size paper, in duplicate, showing the name, address, and capacity of the claimant, and shall set forth, under oath, the following information:

(a) The name of the fruit distiller who produced the brandy, and the registry number and location of the distillery;

(b) The serial numbers of the packages or other containers from which the brandy was lost, the quantity lost from each, and the total quantity of brandy covered by the claim;

(c) The total amount of tax for which the claim is filed;

(d) The date of the loss or, if such date is not known, the date on which the loss was discovered, and the nature and cause of the loss, together with all the known, material facts and circumstances surrounding the loss;

(e) The name of the carrier, if any;

(f) If lost by theft, the facts establishing whether the loss occurred as the result of any negligence, connivance, collusion, or fraud on the part of the distiller, warehouseman, owner, consignor, consignee, bailee, or carrier, or the employees of any of them; and

(g) If lost by theft, whether the claimant is indemnified or recompensed for the loss, and, if so, the amount and nature of such indemnity or recompense. The actual value of the brandy, less the tax, must be stated explicitly, and certified copies of all policies of insurance or other documents of indemnity covering the brandy must be furnished where required.

(53 Stat. 340 as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

§ 178.483c *Supporting documents.* Claims for remission of tax on brandy lost while being transferred to the fortifying room shall, if the transfer was made by carrier, be supported whenever possible by a copy of the bill of lading and statements of the agents of the carrier having personal knowledge of the loss. Claims covering losses in the fortifying room must be supported by affidavits of persons having personal knowledge of the loss.

(53 Stat. 340 as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

§ 178.483d *Filing of claims.* Claims for remission of tax on brandy lost in transit or in the fortifying room must be filed promptly by the winemaker with the district supervisor of the district in which the winery is located.

(53 Stat. 340 as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

REPORT OF LOSSES

§ 178.484 *Procedure.* Losses of brandy requiring the filing of claims pursuant to the provisions of § 178.483, must be reported to the district supervisor by the winemaker or other persons concerned immediately after the losses are discovered. Where losses of brandy occur while in transit and are ascertained by an officer at the time of receipt at the bonded winery, or where losses occur while in the fortifying room of the bonded winery and are ascertained while an officer is on duty, the officer will immediately gauge the contents of the package or other approved container and prepare Form 1520 in quadruplicate. The officer will prepare a letter report in triplicate to the district supervisor setting forth the nature, cause and extent of the loss in sufficient detail to bring out all the known, material facts and circumstances. The condition of each package or other container from which the loss was sustained, and the quantity lost therefrom, should be stated in such report. The officer will forward two copies of Form 1520 and two copies of the letter report to the district supervisor, deliver one copy of Form 1520 to the winemaker, and retain one copy of Form 1520 and the letter report for his file.

(53 Stat. 340 as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

ACTION BY DISTRICT SUPERVISOR

§ 178.485 *Investigation.* Where losses of brandy are reported, the district supervisor will immediately make such investigation and require such evidence to be submitted as he may deem necessary.

(53 Stat. 340 as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

§ 178.486 *Examination of claims.* When a claim for remission of tax is received by the district supervisor, he will carefully examine it and cause such investigation to be made or require such additional evidence to be submitted as he may deem necessary, and will forward the claim to the Commissioner, together with a statement setting out his recommendation and his reasons therefor, as expeditiously as possible. The district supervisor will transmit to the Commissioner with the claim copies of any reports of investigation of the loss submitted by Government officers.

(53 Stat. 340 as amended, 373, 375, 477; 26 U. S. C. 2901, 3171, 3176, 3901)

§ 178.487 *District supervisor's accounts.* District supervisors will enter all items of loss of brandy in the fortifying room or in transit thereto in their accounts, Form 290. Credit will be taken in the account in which the loss is first entered for those losses for which claim is not required by § 178.483a. Losses for which claim is required by § 178.483 will be carried in the account as not allowed until the loss is allowed by the Commissioner or the tax is paid thereon. Where the loss is excessive, for which claim is required, the entire loss will be carried as not allowed.

(53 Stat. 340 as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

VOLUNTARY DESTRUCTION OF BRANDY UNFIT FOR BEVERAGE PURPOSES

§ 178.488 *General.* Brandy withdrawn for fortification which is found by the district supervisor to be unfit for use for beverage purposes may be voluntarily destroyed without payment of tax by the winemaker in accordance with the procedure prescribed by §§ 178.489 to 178.492.

(53 Stat. 340 as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

§ 178.490 *Investigation and analysis.* Upon receipt of the application, the district supervisor will have a Government officer inspect the brandy to verify the correctness of the application and to procure a sample from each barrel or tank in which the brandy is contained for submission to the district chemist for analysis to determine whether the brandy is unfit for use for beverage purposes. Each sample shall consist of one pint, or if deemed advisable, one quart. The officer will label the samples so as to readily identify the brandy, and will forward them to the district chemist at the expense of the winemaker. The chemist will analyze the samples and furnish a report of his analysis to the district supervisor. The unused portions of the samples will be retained by the chemist for further examination should such be found necessary.

(53 Stat. 340 as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

§ 178.491 *Action by district supervisor*—(a) *Unfit for beverage purposes.* If the district supervisor finds that the brandy is unfit for beverage purposes, he will authorize the brandy to be destroyed by the winemaker under the supervision of a Government officer.

(b) *Fit for beverage purposes.* If the district supervisor finds that the brandy is fit for beverage purposes he will disapprove the application and notify the winemaker that the brandy has been found to be fit for beverage purposes and may not be destroyed without payment of tax.

(53 Stat. 340 as amended, 373 as amended, 375, 477; 26 U. S. C. 2901, 3170, 3176, 3901)

§ 178.492 *Gauge and destruction.* Brandy authorized to be destroyed will be gauged by the Government officer and reported for that purpose on Form 1520, in triplicate. Following such gauge, the brandy may be destroyed under the immediate supervision of the Government officer by running the same into the sewer or by other suitable means. The Government officer will then certify to such destruction and the manner thereof on each copy of Form 1520, furnish one copy of the form to the winemaker, retain one copy at the fortifying room, and forward one copy to the district supervisor. The officer will enter the brandy so destroyed at a special line in Part 5 of Form 276. The district supervisor will take appropriate credit at special lines in the appropriate part of his account, Form 290, for the brandy so destroyed.

(53 Stat. 340, as amended, 375, 477; 26 U. S. C. 2901, 3176, 3901)

3. The purposes of the amendments are as follows:

(a) To conform to the act of February 21, 1950 (Pub. Law 448, 81st Cong.), effective September 1, 1950.

(b) To incorporate regulations applicable to the gauging of brandy at bonded wineries now contained in the Gauging Manual (26 CFR Part 186), but which are being deleted from the current revision of such manual.

Effect: These regulations shall be effective as of September 1, 1950.

GEO J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: July 21, 1950.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

No. 144——2

PART 186—GAUGING MANUAL

Preamble: 1. These regulations, the Gauging Manual (26 CFR, Part 186), shall on and after September 1, 1950, supersede the Gauging Manual, 1938 Edition (26 CFR, Part 186; 5 F. R. 1215), and Treasury Decisions 4905 (4 F. R. 2450), 4949 (4 F. R. 4137), 5013 (5 F. R. 3942), 5026 (5 F. R. 5262), 5060 (6 F. R. 3333), 5117 (7 F. R. 1080), 5130 (7 F. R. 2577), 5140 (7 F. R. 3307), 5201 (7 F. R. 10547), 5466 (10 F. R. 8735), 5477 (10 F. R. 11989), 5518 (11 F. R. 6536), 5620 (13 F. R. 3117), and 5701 (14 F. R. 2916).

2. These regulations shall not affect or limit any act done or any liability incurred under any regulations superseded hereby, or any suit, action, or proceeding had or commenced in any civil, administrative, or criminal cause and proceeding prior to the effective date of these regulations, nor shall these regulations release, acquit, affect, or limit any offense committed in violation of previously existing regulations, or any penalty, liability or forfeiture incurred prior to such date.

LAWS OF MORE COMMON APPLICATION PERTAINING TO THE GAUGING OF DISTILLED SPIRITS [1]

5 U. S. C. 22; 161 R. S. DEPARTMENTAL REGULATIONS. The head of each department is authorized to prescribe regulations, not inconsistent with law, for the government of his department, the conduct of its officers and clerks, the distribution and performance of its business, and the custody, use, and preservation of the records, papers and property appertaining to it.

26 U. S. C. 2808 INSTRUMENTS TO PREVENT AND DETECT FRAUD.

(a) *Power of the Commissioner.* For the prevention and detection of frauds by distillers of spirits, the Commissioner may prescribe for use such hydrometers, saccharometers, weighing and gauging instruments, or other means for ascertaining the quantity, gravity, and producing capacity of any mash, wort, or beer used, or to be used, in the production of distilled spirits, and the strength and quantity of spirits subject to tax, as he may deem necessary; and he may prescribe rules and regulations to secure a uniform and correct system of inspection, weighing, marking, and gauging of spirits.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2809 DEFINITIONS. • • •

(b) *Distilled spirits.* (1) *General definition.* Distilled spirits, spirits, alcohol, and alcoholic spirits, within the true intent and meaning of this chapter, is that substance known as ethyl alcohol, hydrated oxide of ethyl, or spirit of wine, which is commonly produced by the fermentation of grain, starch, molasses, or sugar, including all dilutions and mixtures of this substance.

• • • • • •

(c) *Proof spirits.* Proof spirits shall be held to be that alcoholic liquor which contains one-half its volume of alcohol of a specific gravity of seven thousand nine hundred and thirty-nine ten-thousandths (0.7939) at sixty degrees Fahrenheit.

• • • • • •

26 U. S. C. 2878 DRAWING, GAUGING, AND MARKING OF DISTILLED SPIRITS.

(a) *General rule.* Except as provided in section 2883, all distilled spirits shall be drawn from receiving cisterns into casks or packages and thereupon shall be gauged, proved, and marked by a storekeeper-gauger, and immediately removed into an internal revenue bonded warehouse. The Commissioner, with the approval of the Secretary, is hereby empowered to prescribe all necessary regulations relating to the drawing off, gauging, and packaging of distilled spirits; the marking, branding, numbering, and stamping of such packages; and the transfer and transportation to, and the storage of such spirits in, internal revenue bonded warehouses.

• • • • • •

(d) *Marking and branding by distiller.* The Commissioner, with the approval of the Secretary, may, by regulations, from time to time, require a distiller, at his expense and under the immediate personal supervision of a storekeeper-gauger, to do such marking and branding and such mechanical labor pertaining to gauging required under this section as the Commissioner deems proper and determines may be done without danger to the revenue.

• • • • • •

26 U. S. C. 2883 TRANSFER OF SPIRITS AT REGISTERED DISTILLERIES. • • •

(f) *Regulations.* The Commissioner, with the approval of the Secretary, is hereby empowered to prescribe all necessary regulations relating to the drawing off, transferring, gauging, storing, redistillation, and transportation of the spirits; the records to be kept and returns to be made; the size and kind of containers to be used; the marking, branding, numbering, and stamping of such containers; and the kind of bond and the penal sum thereof.

26 U. S. C. 2884 GAUGING, STAMPING, AND BRANDING SPIRITS REMOVED FROM WAREHOUSE.

(a) *Requirement.* Except as may otherwise be required under section 2800 (a) (1)

[1] Sections of United States Code shown herein are identical with corresponding sections of Internal Revenue Code.

(A), whenever an application is received for the removal from any internal revenue bonded warehouse of any cask or package of distilled spirits on which the tax has been paid, the storekeeper-gauger shall gauge and inspect the same, and shall, before such cask or package has left the warehouse, place upon such package such marks, brands, and stamps as the Commissioner, with the approval of the Secretary, shall by regulations prescribe, which marks, brands, and stamps shall be erased when such cask or package is emptied.

The Commissioner, with the approval of the Secretary, may, by regulations, from time to time, require any distiller, at his expense and under the immediate personal supervision of a storekeeper-gauger, to do such marking and branding and such mechanical labor pertaining to gauging required under this section as the Commissioner deems proper and determines may be done without danger to the revenue.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 3170 TRANSFER AND DELEGATION OF POWERS.

The Secretary is authorized to confer and impose upon the Commissioner and any of his assistants, agents, or employees, and upon any other officer, employee, or agent of the Treasury Department, any of the rights, privileges, power, duties, and protection conferred or imposed upon the Secretary, or any officer or employee of the Treasury Department, by any law now or hereafter in force relating to the taxation, exportation, transportation, manufacture, possession, or use of, or traffic in, distilled spirits, wine, fermented liquors, or denatured alcohol.

26 U. S. C. 3176 RULES AND REGULATIONS.

(a) *Power of Commissioner.* The Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this chapter.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 3791 RULES AND REGULATIONS.

(a) *Authorization*—(1) *In general.* Except as provided in section 1928 (a), Cotton Futures, section 2699, Marihuana, section 2559, Narcotics, section 3176, Liquor, and section 1805, Silver, the Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this title.

(2) *In case of change in law.* The Commissioner may make all such regulations, not otherwise provided for, as may have become necessary by reason of any alteration of law in relation to internal revenue.

(b) *Retroactivity of regulations or rulings.* The Secretary, or the Commissioner with the approval of the Secretary, may prescribe the extent, if any, to which any ruling, regulation, or Treasury Decision, relating to the internal revenue laws, shall be applied without retroactive effect.

SUBPART A—SCOPE OF REGULATIONS

§ 186.1 *Gauging of distilled spirits.* These regulations, the "Gauging Manual" (26 CFR, Part 186) contain the procedural and substantive requirements for measuring distilled spirits. Tables 1–7 are provided as a part hereof showing the true per cents of proof spirit for any indication of the hydrometer at temperatures between zero and 100 degrees Fahrenheit, wine gallons and proof gallons by weight, the number of proof gallons from the weight and proof of spirituous liquor, the fractional part of a gallon per pound at each per cent of proof of spirituous liquor, weight per wine gallon and proof gallon at each per cent of proof of spirituous liquor, respective volumes of alcohol and water and the specific gravity in both air and vacuum of spirituous liquor, and the correction of volume of spirituous liquors to 60 degrees Fahrenheit.

SUBPART B—DEFINITIONS

§ 186.5 *Distilled spirits.* Distilled spirits, spirits, alcohol and alcoholic spirits is that substance known as ethyl alcohol, hydrated oxide of ethyl, or spirit of wine, which is commonly produced by the fermentation of grain, starch, molasses, or sugar including all dilutions and mixtures of this substance.

(53 Stat. 307; 26 U. S. C. 2809)

§ 186.6 *Gallon.* "Gallon" or "wine gallon" shall mean a United States gallon of liquid measure equivalent to the volume of 231 cubic inches.

§ 186.7 *Proof.* "Proof" shall mean the ethyl alcohol content of a liquid at 60° Fahrenheit, stated as twice the percent of ethyl alcohol by volume.

§ 186.8 *Proof gallon.* "Proof gallon" shall mean the alcoholic equivalent of a United States gallon at 60° Fahrenheit, containing 50 percent of ethyl alcohol by volume.

§ 186.9 *Proof spirits.* Proof spirits shall be held to be that alcoholic liquor which contains one-half its volume of alcohol of a specific gravity of 0.7939 at 60 degrees Fahrenheit, referred to water at 60 degrees Fahrenheit as unity. Proof spirit has at 60 degrees Fahrenheit a specific gravity of 0.93418 in air (0.93426 in vacuum), 100 parts by volume consisting of 50 parts of absolute alcohol and 53.73 parts of water.

(53 Stat. 307; 26 U. S. C. 2809)

SUBPART C—GAUGING INSTRUMENTS

§ 186.10 *General requirements.* Hydrometers and thermometers furnished at Government expense shall be used by Government officers for determining the alcoholic strength of distilled spirits where the solid content is negligible. The alcoholic strength of liquors to which blending materials have been added, or which contain solids in solution in excess of 0.6 gram per 100 milliliters will be determined by use of an approved ebulliometer, small still, or other instrument or method authorized by the Commissioner, in accordance with provisions of Regulations 11 (26 CFR, Part 189) or Regulations 15 (26 CFR, Part 190).

(53 Stat. 307; 26 U. S. C. 2808)

§ 186.11 *Hydrometers and thermometers.* The hydrometers furnished to Government officers are so graduated as to indicate the number of parts by volume of proof spirits equivalent to 100 parts of the liquor at the standard temperature of 60 degrees Fahrenheit; thus, they read, 0 for water, 100 for proof spirit, and 200 for absolute alcohol. Since the density of any liquor varies inversely with the temperature, the hydrometer reading will be less than the true percent of proof at temperatures below 60 degrees Fahrenheit and will be greater than the true percent of proof at temperatures above 60 degrees Fahrenheit. Hence corrections are necessary for hydrometer readings at temperatures other than 60 degrees Fahrenheit. Precision hydrometers will be used for gauging large quantities of spirits, such as bulk gauging for tax payment, gauging for entry, etc. Hydrometers and thermometers shall be used and the true percent of proof shall be determined in accordance with § 186.15. Hydrometers are designated by letter according to range of proof and are provided in ranges as follows:

U. S. Standard:	
A	0 to 100
B	80 to 120
C	100 to 140
D	130 to 170
E	160 to 200
Precision:	
F	0 to 20
G	20 to 40
H	40 to 60
I	60 to 80
K	75 to 95
L	90 to 110
M	105 to 125
N	125 to 145
P	145 to 165
Q	165 to 185
R	185 to 205

53 Stat. 307; 26 U. S. C. 2808)

SUBPART D—USE OF GAUGING INSTRUMENTS

§ 186.15 *Use of hydrometers and thermometers.* Care must be exercised to obtain an accurate temperature reading. The hydrometer cup or glass cylinder containing the thermometer will be filled and refilled with the spirits to be gauged until the mercury in the thermometer ceases to move upward or downward, and the cup or cylinder shall not be exposed to wind, or any other condition which will influence it unduly against the temperature of the spirits while the readings are being ascertained. The hydrometer stem will be immediately inserted into the spirits and the indications of the stem and thermometer read instantly and as nearly simultaneously as possible. The hydrometer shall be clean and shall be carefully immersed only to the point where it will be sustained by the spirits. Special care must be taken to ascertain the exact point at which the level of the surface of the liquid intersects the scale of proof in the stem of the hydrometer. When the correct readings of the hydrometer and thermometer have been determined, the true percent of proof shall be ascertained from Table 1. The first line designating whole degrees of proof below the general surface of the liquid will be read and the fraction of the degree of proof between the submerged line and the general surface of the spirits noted; e. g., if the 178 line on the stem is the first line indicating a whole degree of proof below the general surface of the spirits at 75 degrees Fahrenheit, the proof corrected to 60 degrees Fahrenheit would be 173.5, plus the fraction of a degree of proof the 178 line is below the general surface of the liquid. If this fraction is 0.7 of a degree of proof, the true proof would be 173.5, plus 0.7 or 174.2.

(53 Stat. 307; 26 U. S. C. 2808)

SUBPART E—PRESCRIBED TABLES

§ 186.20 *Table 1, showing the true per cents of proof spirit for any indication of the hydrometer at temperatures between zero and 100 degrees Fahrenheit.* This table shows the true percent of proof of distilled spirits for indications of the hydrometer likely to occur in practice at temperatures between zero and 100 degrees Fahrenheit. The left-hand column contains the reading of the hydrometer and on the same horizontal line, in the body of the table, in the "Temperature" column corresponding to the reading of the thermometer is the corrected reading or "True percent of proof". The table is computed for tenths of a percent. In practice where reduction to a whole degree of proof is not required, if the decimal is less than five it will be dropped; if it is five or over, a unit will be added. Thus column 23 degrees, indication 146, the true percent, 158.4 is called 158; column 23 degrees, indication 145, the true percent of proof, 157.5 is called 158. Where fractional readings are ascertained, the proper interpolations will be made, e. g., for a hydrometer reading of 151, temperature 71½ degrees, the true percent of proof would be 147.0 or for a hydrometer reading of 179.4, temperature 75 degrees, the true percent of proof would be 175.0.

(53 Stat. 307; 26 U. S. C. 2808)

§ 186.21 *Table 2, showing wine-gallons and proof gallons by weight.* The wine and proof gallon content by weight and proof of packages of distilled spirits usually found in actual practice will be ascertained from this table. The left-hand column contains the weights. The true percent of proof is shown on the heading of each page in a range from 90 degrees to 200 degrees. Under the true percent of proof and on the same horizontal line with the weight will be found the wine gallons (at 60 degrees Fahrenheit) and the proof gallons respectively. Weights or proofs not shown in Table 2 will be ascertained by reference to Table 3.

(53 Stat. 307; 26 U. S. C. 2808)

§ 186.22 *Table 3, for determining the number of proof gallons from the weight and proof of spirituous liquor.* Where the weight or proof of a quantity of distilled spirits is not found in Table 2 the proof gallons may be ascertained from Table 3. The wine gallons (at 60 degrees Fahrenheit) may be ascertained by dividing the proof gallons by the proof.

Example. A tank car of spirits of 190 degrees of proof weighed 60,378 pounds net. We find—

	Proof gallons
60,000 pounds equal to	16,778.4
300 pounds equal to	83.9
70 pounds equal to	19.6
8 pounds equal to	2.2
	16,884.1

That is, 60,378 pounds of spirits at 190 proof is equal to 16,884.1 proof gallons. The equivalent gallons for 70 pounds are found from the column 700 pounds by moving the decimal point one place to the left; those for 8 pounds from the column 800 pounds by moving the decimal point two places to the left.

Example. A package of spirits of 86 proof weighed 321½ pounds net. We find—

	Proof gallons
300 pounds equal to	32.7
20 pounds equal to	2.2
1 pound equal to	.1
½ pound equal to	.1
	35.1

That is, 321½ pounds of spirits at 86 proof is equal to 35.1 proof gallons. The equivalent gallons for 20 pounds are found from the column 200 pounds by moving the decimal point one place to the left; those for 1 pound from the column 100 pounds by moving the decimal point two places to the left; that for the ½ pound from the column 500 pounds by moving the decimal point three places to the left. Fractional gallons beyond the first decimal ascertained through use of this table will be dropped if less than 0.05 or will be added as 0.1 if 0.05 or more. The wine gallons (at 60 degrees Fahrenheit) may be determined by dividing the proof gallons by the proof. For example: 35.1 divided by 86 equals 40.8 wine gallons.

(53 Stat. 307; 26 U. S. C. 2808)

§ 186.23 *Table 4, showing the fractional part of a gallon per pound at each per cent of proof of spirituous liquor.* This table provides an alternate method for use in ascertaining the wine gallon (at 60 degrees Fahrenheit) and/or proof gallon contents of containers of spirits by multiplying the net weight of the spirits by the fractional part of a gallon per pound shown in the table for spirits of the same proof. Fractional gallons beyond the first decimal will be dropped if less than 0.5 or will be added as 0.1 if 0.05 or more. This table may also be used for ascertaining the quantity of water required to reduce to a given proof. To do this, divide the proof gallons of spirits to be reduced by the fractional part of a proof gallon per pound of spirits at the proof to which the spirits are to be reduced, and subtract from the quotient the net weight of the spirits before reduction. The remainder will be the pounds of water needed to reduce the spirits to the desired proof.

Example. It is desired to ascertain the quantity of water needed to reduce 1,000 pounds of 200 proof spirits, 302.6 proof gallons, to 190 proof:

802.6 divided by 0.27964 equals 1,082.11 pounds, weight of spirits after reduction. 1,082.11 minus 1,000 equals 82.11 pounds, weight of water required to reduce to desired proof.

The slight variation between this table and Tables 2, 3, and 5 on some calculations is due to the dropping or adding of fractions beyond the first decimal on those tables.

(53 Stat. 307; 26 U. S. C. 2808)

§ 186.24 *Table 5, showing the weight per wine gallon (at 60 degrees Fahrenheit) and proof gallon at each per cent of proof of spirituous liquor.* This table may be used to ascertain the weight of any given number of wine gallons (at 60 degrees Fahrenheit) or proof gallons of spirits by multiplying the pounds per gallon by the given number of gallons of the spirits. The table should be especially useful where it is desired to weigh a precise quantity of spirits.

Example. It is desired to ascertain the weight of 100 wine gallons of 190 proof spirits:

6.79434×100 equals 679.43 pounds, net weight of 100 wine gallons of 190 proof spirits.

Example. It is desired to ascertain the weight of 100 proof gallons of 190 proof spirits:

3.57597×100 equals 357.60 pounds, net weight of 100 proof gallons of 190 proof spirits.

The slight variation between this table and Tables 2 and 3 on some calculations is due to dropping or adding of fractions beyond the first decimal on those tables.

(53 Stat. 307; 26 U. S. C. 2808)

§ 186.25 *Table 6, showing respective volumes of alcohol and water and the specific gravity in both air and vacuum of spirituous liquor.* This table provides an alternate method for use in ascertaining the quantity of water needed to reduce the strength of distilled spirits by a definite amount. To do this, divide the alcohol in the given strength by the alcohol in the required strength, multiply the quotient by the water in the required strength, and subtract the water in the given strength from the product. The remainder is the number of gallons of water to be added to 100 gallons of spirits of the given strength to produce a spirit of a required strength.

Examples. It is desired to reduce spirits of 191 proof to 188 proof. We find that 191 proof spirits contains 95.5 parts alcohol and 5.59 parts water, and 188 proof spirits contains 94.0 parts alcohol and 7.36 parts water.

95.5 (the strength of 100 wine gallons of spirits at 191 proof) divided by 94.0 (the strength of 100 wine gallons of spirits at 188 proof) equals 1.01. 7.36 (the water in 188 proof) multiplied by 1.01 equals 7.43. 7.43 less 5.59 (the water in 191 proof spirits) equals 1.84 gallons of water to be added to each 100 wine-gallons of 191 proof spirits to be reduced.

This rule is applicable for reducing to any proof; but when it is desired to reduce to 100 proof, it is sufficient to point off two decimals in the given proof, multiply by 53.73, and deduct the water in the given strength. Thus, to reduce 112 proof spirits to 100 proof:

1.12×53.73—47.75 equals 12.42 gallons of water to be added to each 100 wine gallons of spirits to be reduced.

(53 Stat. 307; 26 U. S. C. 2808)

§ 186.26 *Table 7, for correction of volume of spirituous liquors to 60 degrees Fahrenheit.* This table provides correction factors prescribed for ascertaining volume at 60 degree Fahrenheit of spirits at various other temperatures ranging from 18 degrees through 100 degrees Fahrenheit. The wine gallons to be corrected should be multiplied by the factor shown in the table at the per cent proof and temperature of the spirits. The product will be the corrected gallonage at 60 degrees Fahrenheit. This table is also prescribed for use in ascertaining the capacity of containers where the wine gallon capacity at 60 degrees

Fahrenheit is determined by weight in accordance with Tables 2, 3, 4, or 5. This is accomplished by dividing the wine gallons at 60 degrees Fahrenheit by the factor shown in the table at the per cent proof and temperature of the spirits. The quotient will be the true capacity of the container.

Example. It is desired to ascertain the volume at 60 degrees Fahrenheit of 1,000 wine gallons of 190 proof spirits at 75 degrees Fahrenheit:

1,000×0.991 equals 991 wine gallons, the corrected gallonage at 60 degrees Fahrenheit.

Example. It is desired to ascertain the capacity of a tank which, when filled to capacity with 190 proof spirits at 100 degrees Fahrenheit, contains 2,500 wine gallons as determined by weight:

2,500 divided by 0.976 equals 2,561.5 the capacity of the tank in wine gallons at 60 degrees Fahrenheit.

It will be noted that the table is prepared in multiples of 5 percent proof and 2 degrees temperature. Where the spirits to be corrected are of an odd temperature, one-half of the difference, if any, between the factors for the next higher and lower temperature, should be added to the factor for the next higher temperature. For example, the correction factor for spirits of 180 proof at 53 degrees temperature should be taken as 1.004, and for the same proof spirits at 51 degrees temperature the correction factor should be taken as 1.0055. Likewise, where the percent proof is other than a multiple of five, the difference, if any, between the next higher and lower proof should be divided by five and multiplied by the degrees of proof beyond the next lower proof, and the fractional product added to the factor for the next lower proof, or if such factor has been corrected because of odd temperature, to such corrected factor. For example, to ascertain the correction factor for spirits of 112 proof at 47 degrees temperature, we find the difference in the table of 0.001 between 46 degrees and 48 degrees temperature; accordingly, 0.0005 should be added to the factor (1.005) for the next higher temperature (48 degrees), giving a factor of 1.0055 for 47 degrees Fahrenheit; then we find also a difference of 0.001 between 110 proof and 115 proof, or 0.0002 for each percent of proof. Accordingly, for 112 proof we multiply 0.0002 by 2 and get 0.0004 to be added to the factor for the next lower proof, or in this case, to the corrected factor of 1.0055, making the factor to be used 1.0059.

3. The purposes of the regulations are as follows:

a. To conform to the act of February 21, 1950 (Pub. Law 443, 81st Cong., effective September 1, 1950).

b. To restrict the text to instructions concerning the gauging of distilled spirits and the use of prescribed tables, to delete obsolete material, to eliminate material duplicated in other regulations, and to transfer from the existing Gauging Manual to applicable regulations, material which is not considered to be in the nature of gauging operations or instructions.

c. To revise Tables 2 and 3 by rounding off the wine gallon and proof gallon values thereof in order to establish the decimal values to the nearest one-tenth gallon. Thereby, decimal values beyond the first place have been eliminated.

d. To restate instructions for use of hydrometers and thermometers in proofing distilled spirits, and instructions for use of Tables 1–7 in the measurements of distilled spirits.

e. To rearrange the text to conform to FEDERAL REGISTER Regulations (13 F. R. 5929).

4. These regulations shall be effective September 1, 1950.

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: July 21, 1950.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

PART 190—RECTIFICATION OF SPIRITS AND WINES

Preamble: 1. These regulations, Regulations 15, "Rectification of Spirits and Wines" (26 CFR Part 190), shall, on and after September 1, 1950, supersede Regulations 15, 1940 Edition (26 CFR Part 190; 5 F. R. 2020); and Treasury Decisions 5604 (5 F. R. 3180), 5078 (6 F. R. 5029), 5182 (7 F. R. 9630), 5274 (8 F. R. 8860), 5319 (9 F. R. 252), 5463 (10 F. R. 8737), 5492 (10 F. R. 13680), 5542 (11 F. R. 10277), 5573 (12 F. R. 4881), 5598 (13 F. R. 271), 5626 (13 F. R. 3606), 5638 (13 F. R. 3732), 5681 (13 F. R. 9493), 5703 (14 F. R. 3051), 5720 (14 F. R. 4902), 5731 (14 F. R. 4922), 5762 (14 F. R. 7232), and 5781 (15 F. R. 1240).

2. These regulations shall not affect or limit any act done or any liability incurred under any regulations superseded hereby, or any suit, action, or proceeding had or commenced in any civil, administrative, or criminal cause and proceeding prior to the effective date of these regulations, nor shall these regulations release, acquit, affect, or limit any offense committed in violation of previously existing regulations, or any penalty, liability or forfeiture incurred prior to such date.

26 U. S. C. 2800 Tax—(a) *Rate.*

• • • • •

(5) *Rectified spirits and wines.* In addition to the tax imposed by this chapter on distilled spirits and wines, there shall be levied, assessed, collected, and paid, a tax of 30 cents on each proof gallon and a proportionate tax at a like rate on all fractional parts of such proof gallon on all distilled spirits or wines rectified, purified, or refined in such manner, and on all mixtures produced in such manner, that the person so rectifying, purifying, refining, or mixing the same is a rectifier within the meaning of section 3254 (g): *Provided*, That this tax shall not apply to gin produced by the redistillation of a pure spirit over juniper berries and other aromatics.

• • • • • •

26 U. S. C. 2801 RECTIFIED SPIRITS.

• • • • • •

(b) *Proof and volume.* When the process of rectification is completed and the taxes prescribed by section 2800 (a) (5) have been paid, it shall be unlawful for the rectifier or other dealer to reduce in proof or increase in volume such spirits or wine by the addition of water or other substance; nothing herein contained shall, however, prevent a rectifier from using again in the process of rectification spirits already rectified and upon which the taxes have theretofore been paid.

(c) *Exemption from tax*—(1) *Cordials and liqueurs.* The taxes imposed by section 2800 (a) (5) shall not attach to cordials or liqueurs on which a tax is imposed and paid under paragraph (1) or (2) of section 3030 (a), nor to the mixing and blending of wines, where such blending is for the sole purpose of perfecting such wines according to commercial standards, nor to blends made exclusively of two or more pure straight whiskies aged in wood for a period not less than four years and without the addition of coloring or flavoring matter or any other substance than pure water and if not reduced below ninety proof; nor to blends made exclusively of two or more pure fruit brandies distilled from the same kind of fruit, aged in wood for a period not less than two years and without the addition of coloring or flavoring matter or any other substance than pure water and if not reduced below ninety proof: *Provided*, That such blended whiskies and blended fruit brandies shall be exempt from tax under section 2800 (a) (5) only when compounded under the immediate supervision of a revenue officer, in such tanks and under such conditions and supervision as the Commissioner, with the approval of the Secretary, may prescribe.

• • • • • •

(d) *Regulations—Use of distilled spirits or wines.* All distilled spirits or wines taxable under section 2800 (a) (5) shall be subject to uniform regulations concerning the use thereof in the manufacture, blending, compounding, mixing, marking, branding, and sale of whisky and rectified spirits, and no discrimination whatsoever shall be made by reason of a difference in the character of the material from which same may have been produced.

(e) *Rectifying*—(1) *Regulations.* The business of a rectifier of spirits shall be carried on, and the tax on rectified spirits shall be paid, under such rules, regulations, and bonds as may be prescribed by the Commissioner, with the approval of the Secretary. The Commissioner, with the approval of the Secretary, shall prescribe such regulations under this section and paragraph (5) of section 2800 (a) as he deems necessary.

(2) *Premises of rectifier.* The premises of a rectifier shall be as described in his notice and, whether they consist of an entire building or of rooms in a building, shall have means of ingress from and egress into a public street or yard, or into a public hall or elevator shaft leading into a public street or yard, and shall be used exclusively for the business of rectification and the bottling of liquors rectified by him thereon, and the bottling of wines and spirits without rectification. Any rectifier who uses his rectifying premises contrary to the provisions of this paragraph shall be fined not more than $50 with respect to each day upon which any such use occurs, but shall not, on account of such use, be subject to the penalties otherwise prescribed in this section.

[1] The sections of the United States Code are numbered identically with corresponding sections of the Internal Revenue Code.

(3) *Filtering and purifying wines.* The filtering, clarifying, or purifying of wines on bonded winery premises or bonded storeroom premises shall not be deemed to be rectification within the meaning of section 3254 (g).

(4) *Vermouth manufactured with fortified wines.* The manufacture of vermouth with fortified sweet wine on bonded winery premises shall not be deemed to be rectification within the meaning of section 3254 (g), if distilled spirits other than necessary in the production of approved essences, used in the manufacture of vermouth, whether or not such essences are produced on the bonded winery premises, are not added to the fortified sweet wine used in the manufacture thereof or to such vermouth during or after its manufacture. Such vermouth may be manufactured on bonded winery premises, but only in a separate department thereof under such supervision and in accordance with such regulations as the Commissioner, with the approval of the Secretary, shall prescribe. The provisions of this paragraph shall apply in the same manner and to the same extent to aperitif wines other than vermouth.

• • • • • •

(f) *Penalties.* Except as provided in subsection (e) (2), whoever violates any of the provisions of this section or section 2800 (a) (5) shall be deemed to be guilty of a misdemeanor and, upon conviction, shall be fined not more than $1,000 or imprisoned not more than two years, and shall, in addition, be liable to double the tax evaded, together with the tax, to be collected by assessment or on any bond given.

26 U. S. C. 2802 STAMPS FOR DISTILLED SPIRITS—(a) *Issue for restamping.* The Commissioner may, under regulations prescribed by him with the approval of the Secretary, issue stamps for restamping packages of distilled spirits, which have been duly stamped but from which the stamps have been lost or destroyed by unavoidable accident.

(b) *Accountability*—(1) *Other stamps.* All stamps relating to distilled spirits, other than the tax-paid stamps, shall be charged to collectors; and the books containing such stamps may be intrusted by any collector to the storekeeper-gauger of the district, who shall make a daily report to the collector of all such stamps used by him and for whom used; and when all the stamps contained in any such book have been issued, the storekeeper-gauger of the district shall return the book to the collector, with all the marginal stubs therein. Except as provided in section 2878 (b), all export stamps issued to collectors shall be charged to them as representing the value of 10 cents for each stamp, and they shall collect the amount due for such stamps at the rate of 10 cents for each stamp issued in such manner and at such time as the Commissioner may prescribe, and the Commissioner may, in his discretion, make assessment therefor.

• • • • • •

(c) *Exchange of wholesale liquor dealers' stamps for rectified spirits stamps.* Collectors shall not furnish wholesale liquor dealers' stamps in lieu of and in exchange for stamps for rectified spirits unless the package covered by stamp for rectified spirits is to be broken into smaller packages.

26 U. S. C. 2803 STAMPS FOR CONTAINERS OF DISTILLED SPIRITS—(a) *Requirement.* No person shall transport, possess, buy, sell, or transfer any distilled spirits, unless the immediate container thereof has affixed thereto a stamp denoting the quantity of distilled spirits contained therein and evidencing payment of all internal-revenue taxes imposed on such spirits. The provisions of this section shall not apply to—

(1) Distilled spirits placed in a container for immediate consumption on the premises or for preparation for such consumption;

(2) Distilled spirits in bond or in customs custody;

(3) Distilled spirits in immediate containers required to be stamped under existing law;

(4) Distilled spirits in actual process of rectification, blending, or bottling, or in actual use in processes of manufacture;

(5) Distilled spirits on which no internal-revenue tax is required to be paid;

(6) Distilled spirits not intended for sale or for use in the manufacture or production of any article intended for sale; or

(7) Any regularly established common carrier receiving, transporting, delivering, or holding for transportation or delivery distilled spirits in the ordinary course of its business as a common carrier.

(b) *Purchase and supply.* Any person placing or intending to place any distilled spirits upon which all internal-revenue taxes have been paid into any container upon which a stamp is required by this section, or withdrawing or intending to withdraw any imported spirits in such containers from customs custody, shall be entitled to purchase sufficient stamps for stamping such containers. Such stamps shall be issued by the Commissioner to each Collector, upon his requisition, in such numbers as may be necessary in his district, and shall be sold by the Collectors to persons entitled thereto upon application therefor and compliance with regulations under this section, at a price of 1 cent for each stamp, except that in the case of stamps for containers of less than one half pint the price shall be one quarter of 1 cent for each stamp. When in his judgment there is no danger to the revenue, and upon the giving of such bonds or other security as he may deem necessary, the Commissioner may authorize the sale of such stamps to importers for stamping containers in the country from which imported.

(c) *Unused stamps: Exchange, refund, etc.* The Commissioner of Internal Revenue, under regulations prescribed by him and approved by the Secretary of the Treasury, may redeem or make allowance for any unused stamps issued under section 203 of the Liquor Taxing Act of 1934 or subsection (b) of this section by exchanging them for other stamps of the same kind or by refunding moneys received therefor: *Provided*, That stamps may be exchanged or the value thereof refunded only in quantities of the value of $5 or more: *And provided further*, That no claim for the exchange of strip stamps or refund therefor shall be allowed unless presented within two years after the date on which such stamps were lawfully issued. There are hereby authorized to be appropriated annually, out of any money in the Treasury not otherwise appropriated, such sums as may be necessary to carry out this provision.

(d) *Regulations for issuing, affixing, and canceling stamps.* The Commissioner, with the approval of the Secretary, shall prescribe (a) regulations with respect to the time and manner of applying for, issuing, affixing, and destroying stamps required by this section, the form and denominations of such stamps, proof that applicants are entitled to such stamps, and the method of accounting for receipts from the sale of such stamps, and (b) such other regulations as he shall deem necessary for the enforcement of this section.

(e) *Destruction of stamps.* Every person emptying any container stamped under the provisions of this section shall at the time of emptying such container destroy the stamp thereon.

(f) *Forfeiture of spirits.* All distilled spirits found in any container required to bear a stamp by this section, which container is not stamped in compliance with this section and regulations issued thereunder, shall be forfeited to the United States.

(g) *Penalties.* Any person who violates any provision of this section, or who, with intent to defraud, falsely makes, forges, alters, or counterfeits any stamp made or used under this section, or who uses, sells, or has in his possession any such forged, altered, or counterfeited stamp, or any plate or die used or which may be used in the manufacture thereof, or any stamp required to be destroyed by this section, or who makes, uses, sells, or has in his possession any paper in imitation of the paper used in the manufacture of any such stamp, or who reuses any stamp required to be destroyed by this section, or who places any distilled spirits in any bottle which has been filled and stamped under this section without destroying the stamp previously affixed to such bottle, or who affixes any stamp issued under this section to any container of distilled spirits on which any tax due is unpaid, or who makes any false statement in any application for stamps under this section, or who has in his possession any such stamps obtained by him otherwise than as provided in subsection (b), shall on conviction be punished by a fine not exceeding $1,000, or by imprisonment at hard labor not exceeding five years, or by both. Any officer authorized to enforce any provisions of law relating to internal revenue stamps is authorized to enforce the provisions of this section and the provisions of section 2909 relating to the bottling of distilled spirits in bond.

(h) *Transfer of duties.* For transfer of duties and powers of the Commissioner and his agents, see section 3170.

26 U. S. C. 2804 DETENTION OF CASKS OR PACKAGES ON SUSPICION—(a) *Power of revenue officer.* It shall be lawful for any internal revenue officer to detain any cask or package containing, or supposed to contain, distilled spirits, when he has reason to believe that the tax imposed by law upon the same has not been paid, or that the same is being removed in violation of law; and every such cask or package may be held by him at a safe place until it shall be determined whether the property so detained is liable by law to be proceeded against for forfeiture; but such summary detention shall not continue in any case longer than forty-eight hours without process of law or intervention of the officer to whom such detention is to be reported.

• • • • • •

26 U. S. C. 2806 PENALTIES AND FORFEITURES.

• • • • • •

(d) *Forfeiture of distilled spirits in unstamped casks of packages.* All distilled spirits found in any cask or package containing five gallons or more, without having thereon each mark and stamp required therefor by law, shall be forfeited to the United States.

(e) *Evasion of tax, penalty.* Whenever any person evades, or attempts to evade, the payment of the tax on any distilled spirits, in any manner whatever, he shall forfeit and pay double the amount of the tax so evaded or attempted to be evaded.

• • • • • •

(g) *Offenses not specifically covered.* If any distiller, rectifier, or wholesale liquor dealer, shall knowingly or willfully omit, neglect or refuse to do or cause to be done any of the things required by law in the carrying on or conducting of his business, or shall do anything by this title prohibited, if there be no specific penalty or punishment imposed by any other section of this title for the neglecting, omitting or refusing to do, or for the doing or causing to be done the thing required or prohibited, he shall pay a penalty of $1,000; and all distilled spirits or liquors owned by him or in which he has any interest as owner, shall be forfeited to the United States.

• • • • • •

26 U. S. C. 2810. REGISTRY OF STILLS—(a) *Requirement.* Every person having in his possession or custody, or under his control, any still or distilling apparatus set up, shall register the same with the collector of the

district in which it is, by subscribing and filing with him duplicate statements, in writing, setting forth the particular place where such still or distilling apparatus is set up, the kind of still and its cubic contents, the owner thereof, his place of residence, and the purpose for which said still or distilling apparatus has been or is intended to be used; one of which statements shall be retained and preserved by the collector, and the other transmitted by him to the Commissioner. Stills and distilling apparatus shall be registered immediately upon their being set up.

Every still or distilling apparatus not so registered, together with all personal property in the possession or custody, or under the control of such person, and found in the building, or in any yard or inclosure connected with the building in which the same may be set up, shall be forfeited.

And every person having in his possession or custody, or under his control, any still or distilling apparatus set up which is not so registered, shall pay a penalty of $500, and shall be fined not less than $100, nor more than $1,000, and imprisoned for not less than one month, nor more than two years.

Stills and distilling apparatus set up at refineries for the refining of crude petroleum or the production of petroleum products and not used in the manufacture of distilled spirits are not required to be registered under this section.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2812 NOTICE OF BUSINESS OF DISTILLER OR RECTIFIER—(a) *Requirements.* Every person engaged in, or intending to be engaged in, the business of a distiller or rectifier, shall give notice in writing, subscribed by him, to the collector of the district wherein such business is/to be carried on, stating his name and residence, and if a company or firm, the name and residence of each member thereof, the name and residence of every person interested or to be interested in the business, the precise place where said business is to be carried on, and whether of distilling or rectifying; and if such business is carried on in a city, the residence and place of business shall be indicated by the name of the street and number of the building. In case of a distiller, the notice shall also state the kind of stills and the cubic contents thereof, the number and kind of boilers, the number of mash tubs and fermenting tubs, the cubic contents of each tub, the number of receiving cisterns, the cubic contents of each cistern, the number of hours in which the distillery will ferment each tub of mash or beer, the estimated quantity of distilled spirits which the apparatus is capable of distilling every twenty-four hours, a particular description of the lot or tract of land on which the distillery is situated, and of the buildings thereon, including their size, material, and construction; and that said distillery premises are not within six hundred feet (or the distance permitted by the Secretary pursuant to law), in a direct line, of any premises authorized to be used for rectifying or refining distilled spirits by any process.

In case of a rectifier, the notice shall state the precise place where such business is to be carried on, the name and residence of every person interested or to be interested in the business, the process by which the applicant intends to rectify, purify, or refine distilled spirits, the kind and cubic contents of any still used or to be used for such purpose, the estimated quantity of spirits which can be rectified, purified, or refined every twenty-four hours in such establishment, and that said rectifying establishment is not within six hundred feet (or the distance permitted by the Secretary pursuant to law), in a direct line, of the premises of any distillery registered for the distillation of spirits.

In case of any change in the location, form, capacity, ownership, agency, superintendency, or in the persons interested in the business of such distillery or rectifying establishment, or in the time of fermenting the mash or beer, notice thereof, in writing, shall be given to the said collector or proper deputy collector, of the district within twenty-four hours after such change; and any deputy collector receiving such notice shall immediately transmit the same to the collector of the district. Every notice required by this section shall be in such form, and shall contain such additional particulars, as the Commissioner may, from time to time, prescribe.

Every person who fails or refuses to give such notice shall pay a penalty of $1,000, and shall be fined not less than $100 nor more than $2,000; and every person who gives a false or fraudulent notice shall, in addition to such penalty or fine, be imprisoned not less than six months nor more than two years.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2813 NOTICE OF INTENTION TO RECTIFY—(a) *Requirements.* When any rectifier intends to rectify or compound any distilled spirits he shall, before emptying any package of distilled spirits for that purpose, give notice in duplicate to the collector for the district of his intention so to rectify, and, except as provided in section 2861, submit such package for the inspection of a storekeeper-gauger, who shall duly weigh or gauge such package and its contents and make due return thereof, and such spirits shall not be emptied for rectification, nor rectified or compounded in the package, until gauged or weighed as hereinabove provided. And such notice and return shall be made in such form and contain such particulars as the Commissioner, with the approval of the Secretary, may from time to time prescribe.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2815 CONDITIONS OF APPROVAL OF DISTILLER'S BOND.

* * * * * *

(c) *Approval as condition to commencing business.* No individual, firm, partnership, corporation, or association, intending to commence or to continue the business of a distiller, rectifier, brewer, or winemaker, shall commence or continue the business of a distiller, rectifier, brewer, or winemaker until all bonds in respect of such a business, required by any provision of law, have been approved by the Commissioner or such other officer of the Bureau of Internal Revenue as the Commissioner, with the approval of the Secretary, may designate.

(d) *Disapproval.* The Commissioner or the designated officer may disapprove any such bond or bonds if the individual, firm, partnership, corporation, or association giving the same, or owning, controlling, or actively participating in the management of the business of the individual or firm, partnership, corporation, or association giving the same, shall have been previously convicted, in a court of competent jurisdiction, of (1) any fraudulent noncompliance with any provision of any law of the United States if such provision related to internal-revenue or customs taxation of distilled spirits, wines, or fermented malt liquors, or if such an offense shall have been compromised with the individual, firm, partnership, corporation, or association upon payment of penalties or otherwise, or (2) any felony under a law of any State, Territory, or the District of Columbia, or the United States, prohibiting the manufacture, sale, importation, or transportation of distilled spirits, wine, fermented malt liquor, or other intoxicating liquor.

(e) *Appeal from disapproval.* In case the disapproval is by any officer other than the Commissioner, the individual, firm, partnership, corporation, or association giving the bond may appeal from such disapproval to the Commissioner.

The disapproval of the Commissioner in any matter under this section shall be final.

(f) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2818 NOTICE OF MANUFACTURE OF AND PERMIT TO SET UP STILL—(a) *Requirement.* Any person who manufactures any still, boiler, or other vessel to be used for the purpose of distilling, shall, before the same is removed from the place of manufacture, notify in writing the collector of the district in which such still, boiler, or other vessel is to be used or set up, by whom it is to be used, its capacity, and the time when the same is to be removed from the place of manufacture; and no such still, boiler, or other vessel shall be set up without the permit in writing of the said collector for that purpose; and

(b) *Penalty for setting up still without permit.* Any person who sets up any such still, boiler, or other vessel, without first obtaining a permit from the said collector of the district in which such still, boiler, or other vessel is intended to be used, or who fails to give such notice, shall pay in either case the sum of $500, and shall forfeit the distilling apparatus thus removed or set up in violation of law.

(c) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2819 PREMISES PROHIBITED FOR DISTILLING. No person shall use any still, boiler, or other vessel, for the purpose of distilling, in any dwelling house, or in any shed, yard, or inclosure connected with any dwelling house, or on board of any vessel or boat, or in any building, or on any premises where beer, lager beer, ale, porter, or other fermented liquors, vinegar, or ether, are manufactured or produced, or where sugars or sirups are refined, or where liquors of any description are retailed, or where any other business is carried on; or within six hundred feet in a direct line of any premises authorized to be used for rectifying, except that the Secretary is authorized to permit such use for distilling on premises at such lesser distance than six hundred feet as he prescribes, in any case in which he deems that such permission may be granted without danger to the revenue; and every person who does any of the acts prohibited by this section, or aids or assists therein, or causes or procures the same to be done, shall be fined $1,000 and imprisoned for not less than six months nor more than two years, in the discretion of the court, for each such offense: *Provided*, That saleratus may be manufactured, or meal or flour ground from grain, in any building or on any premises where spirits are distilled; but such meal or flour shall be used only for distillation on the premises; *Provided further*, That any boiler used in generating steam or heating water to be used in any distillery, may be located in any other building or on any other premises to be connected with such still or boiling tubs, by suitable pipes or other apparatus, or the steam from such boiler in the distillery may be conveyed to other premises to be used for manufacturing or other purposes.

26 U. S. C. 2826 DISTILLERS AND RECTIFIERS TO FURNISH FACILITIES AND GIVE ASSISTANCE FOR EXAMINATION OF PREMISES—(a) *Power of revenue officers.* On the demand of any internal revenue officer or agent, every distiller or rectifier shall furnish strong, safe, and convenient ladders of sufficient length to enable the officer or agent to examine and gauge any vessel or utensil in such distillery or premises; and shall, at all times when required, supply all assistance, lights, ladders, tools, staging, or other things necessary for inspecting the premises, stock, tools, and apparatus belonging to such person, and shall open all doors, and open for examination all boxes, packages, and all casks, barrels, and other vessels not under the control of the revenue officer in charge, under a penalty of $500 for every refusal or neglect so to do.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2829 INSTALLATION OF METERS, TANKS, AND OTHER APPARATUS—(a) *Power of the Commissioner.* The Commissioner, with the approval of the Secretary, is authorized to require at distilleries, breweries, rectifying houses, and wherever else in his judgment such action may be deemed advisable, the installation of meters, tanks, pipes, or any other apparatus for the purpose of protecting the revenue, and such meters, tanks, and pipes and all necessary labor incident thereto shall be at the expense of the person on whose premises the installation is required. Any such person refusing or neglecting to install such apparatus when so required by the Commissioner shall not be permitted to conduct business on such premises.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2830 OFFICER'S AUTHORITY TO BREAK UP GROUNDS OR WALLS—(a) *Power of revenue agent.* It shall be lawful for any revenue officer, and any person acting in his aid, to break up the ground on any part of a distillery, or premises of a distiller or rectifier, or any ground adjoining or near to such distillery or premises, or any wall or partition thereof, or belonging thereto, or other place, to search for any pipe, cock, private conveyance, or utensil; and, upon finding any such pipe or conveyance leading therefrom or thereto, to break up any ground, house, wall, or other place through or into which such pipe or other conveyance leads, and to break or cut away such pipe or other conveyance, and turn any cock, or to examine whether such pipe or other conveyance conveys or conceals any mash, wort, or beer, or other liquor, which may be used for the distillation of low-wines or spirits, from the sight or view of the officer, so as to prevent or hinder him from taking a true account thereof.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2831 SIGNS OF DISTILLERS, RECTIFIERS, AND WHOLESALE LIQUOR DEALERS. Every person engaged in distilling or rectifying spirits, and every wholesale liquor dealer, shall place and keep conspicuously on the outside of the place of such business a sign, exhibiting in plain and legible letters, not less than three inches in length, painted in oil-colors or gilded, and of a proper and proportionate width, the name or firm of the distiller, rectifier, or wholesale dealer, with the words: "Registered distillery," "rectifier of spirits," or "wholesale liquor dealer," as the case may be. Every person who violates the foregoing provision by negligence or refusal, or otherwise, shall pay a penalty of $500.

And every person, other than a rectifier or wholesale liquor dealer who has paid the special tax, or a distiller who has given bond as required by law, who puts up or keeps up the sign required by this section, or any sign indicating that he may lawfully carry on the business of a distiller, rectifier, or wholesale liquor dealer, shall forfeit and pay $1,000, and shall be imprisoned not less than one month nor more than six months. And every person who works in any distillery, rectifying establishment, or wholesale liquor store, on which no sign is placed and kept, as hereinbefore provided; and every person who knowingly receives at, carries or conveys any distilled spirits to or from, any such distillery, rectifying establishment, warehouse, or store, or who knowingly carries and delivers any grain, molasses, or other raw material to any distillery on which such sign is not placed and kept, shall forfeit all horses, carts, drays, wagons, or other vehicle or animal used in carrying or conveying such property aforesaid, and shall be fined not less than $100 nor more than $1,000, or be imprisoned not less than one month nor more than six months.

26 U. S. C. 2832 CONDITIONS PRECEDENT TO CARRYING ON BUSINESS OF DISTILLING. It shall not be lawful for any distiller to commence the business of distilling, until he has given the bond required by law, and complied with the provisions of law relating to the registration and survey of distilleries, and the arrangement and construction of distilleries and the premises connected therewith; nor shall it be lawful for any person to engage in the business of distilling on any premises distant less than six hundred feet in a direct line from any premises used for rectifying; nor shall the processes of distillation and rectification both be carried on within the distance of six hundred feet in a direct line; except that the Secretary is authorized to permit such business of distilling or process of distillation to be carried on at such lesser distance than six hundred feet as he prescribes, in any case in which he deems that such permission may be granted without danger to the revenue.

26 U. S. C. 2834 MASH, WORT, AND VINEGAR; VINEGAR FACTORIES. No mash, wort, or wash, fit for distillation or for the production of spirits or alcohol, shall be made or fermented in any building or on any premises other than a distillery duly authorized according to law; and no mash, wort, or wash so made and fermented shall be sold or removed from any distillery before being distilled; and no person, other than an authorized distiller, shall, by distillation, or by any other process, separate the alcoholic spirits from any fermented mash, wort, or wash; and no person shall use spirits or alcohol in manufacturing vinegar or any other article, or in any process of manufacture whatever, unless the spirits or alcohol so used shall have been produced in an authorized distillery and (except in the case of vinegar) the tax thereon paid. Every person who violates any provision of this section shall be fined for each offense not less than $500 nor more than $5,000, and be imprisoned not less than six months nor more than two years. Nothing in this section shall be construed to apply to fermented liquors, or to fermented liquids used for the manufacture of vinegar exclusively. But no worm, goose-neck, pipe, conductor, or contrivance of any description whatsoever whereby vapor might in any manner be conveyed away and converted into distilled spirits, shall be used or employed or be fastened to or connected with any vaporizing apparatus used for the manufacture of vinegar; nor shall any worm be permitted on or near the premises where such vaporizing process is carried on.

Nor shall any vinegar factory, for the manufacture of vinegar as aforesaid, be permitted, except as provided in section 2835, within six hundred feet of any distillery or rectifying house. But it shall be lawful for manufacturers of vinegar to separate, by a vaporizing process, the alcoholic property from the mash produced by them, and condense the same by introducing it into the water or other liquid used in making vinegar.

No person, however, shall remove, or cause to be removed, from any vinegar factory or place where vinegar is made, any vinegar or other fluid or material containing a greater proportion than 2 per centum of proof spirits. Any violation of this provision shall incur a forfeiture of the vinegar, fluid, or material containing such proof spirits, and shall subject the person or persons guilty of removing the same to the punishment provided for any violation of this section.

And sections 2827, 2828, and 2830 shall apply to all premises whereon vinegar is manufactured, to all manufacturers of vinegar and their workmen or other persons employed by them.

26 U. S. C. 2835 VINEGAR FACTORIES OPERATED PRIOR TO MARCH 1, 1879—(a) *Regulations.* Any vinegar factory for the manufacture of vinegar, established and operated as a vinegar factory prior to March 1, 1879, may be operated for the manufacture of vinegar by the use of alcoholic vapor within such distance less than six hundred feet of any distillery or rectifying house under such regulations as the Commissioner may prescribe with the approval of the Secretary.

* * * * * *

26 U. S. C. 2855 MONTHLY RETURNS OF RECTIFIERS—(a) *Requirement.* On or before the 10th day of each month every person engaged in rectifying or compounding distilled spirits shall make, in such form as may be prescribed by the Commissioner, a return to the collector of the district, showing the quantity of spirits received for rectification, and from whom received, the quantity dumped for rectification, the quantity rectified, the quantity removed after rectification during the preceding month, and giving such other information as may be required by the Commissioner, such return to be made in duplicate and sworn to by the rectifier; and the collector shall forward one of such returns to the Commissioner.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2856 PENALTY FOR UNLAWFUL RECTIFYING. Every person who engages in, or carries on, the business of a rectifier with intent to defraud the United States of the tax on the spirits rectified by him, or any part thereof, or with intent to aid, abet, or assist any person or persons in defrauding the United States of the tax on any distilled spirits, or who shall purchase or receive or rectify any distilled spirits which have been removed from a distillery to a place other than the distillery warehouse provided by law, knowing or having reasonable grounds to believe that the tax on said spirits, required by law, has not been paid, shall, for every such offense, be fined not less than $1,000 nor more than $5,000, and imprisoned not less than six months nor more than two years.

26 U. S. C. 2857 BOOKS OF RECTIFIERS AND WHOLESALE DEALERS—(a) *Requirements.* Every rectifier and every wholesale liquor dealer who sells, or offers for sale, distilled spirits in quantities of five wine-gallons or more to the same person at the same time shall keep daily, at his place of business covered by his special tax stamp, a record of distilled spirits received and disposed of by him, and shall render under oath correct transcripts and summaries of such records: *Provided*, That the Commissioner may in his discretion require such record to be kept at the place where the spirits are actually received and sent out. The records shall be kept and the transcripts shall be rendered in such form, and under such rules and regulations as the Commissioner, with the approval of the Secretary, may prescribe.

The records required to be kept under the provisions of this section and regulations issued pursuant thereto, shall be preserved for a period of four years, and during such period shall be available during business hours for inspection and the taking of abstracts therefrom by the Commissioner or any internal revenue officer.

Every rectifier and wholesale liquor dealer who refuses or neglects to keep such records in the form prescribed by the Commissioner, with the approval of the Secretary, or to make entries therein, or cancels, alters, or obliterates any entry therein (except for the purpose of correcting errors) or destroys any part of such records, or any entry therein, or makes any false entry therein, or hinders or obstructs any internal revenue officer from inspecting such records or taking any abstracts therefrom, or neglects or refuses to preserve or produce such records as required

by this chapter or by regulations issued pursuant thereto, shall pay a penalty of $100 and, on conviction, shall be fined not less than $100 nor more than $5,000, and be imprisoned not less than three months nor more than three years.

Every rectifier and wholesale liquor dealer who refuses or neglects to render transcripts or summaries in the form required by the Commissioner, with the approval of the Secretary, shall, upon conviction, be fined not more than $100 for each such neglect or refusal.

(b) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see section 3170.

26 U. S. C. 2862 STAMPING—(a) *Requirements.* All blanks in any of the forms prescribed in section 2861 shall be duly filled in accordance with the facts in each case. And the stamps therein designated shall in every case be affixed to a smooth surface of the cask or other package, which surface shall not have been previously painted or covered with any substance, and so as to fasten the same securely to the cask or package, and shall be duly canceled, and shall then be immediately covered with a coating of transparent varnish or other substance, so as to protect them from removal or damage by exposure; and such affixing, cancellation, and covering shall be done in such manner as the Commissioner may by regulation prescribe.

• • • • • •

26 U. S. C. 2863 MARKING AND STAMPING PACKAGES FILLED ON PREMISES OF WHOLESALE DEALERS—(a) *Requirements.* Every package of distilled spirits containing five wine gallons or more, filled on the premises of a wholesale liquor dealer, who has paid the special tax required by law, shall be marked, branded, and stamped by such wholesale liquor dealer in such manner and under such rules and regulations as the Commissioner, with the approval of the Secretary, may prescribe.

• • • • • •

26 U. S. C. 2866 EFFACEMENT OF STAMPS AND BRANDS ON EMPTIED PACKAGES. Every person who empties or draws off, or causes to be emptied or drawn off, any distilled spirits from a cask or package bearing any mark, brand, or stamp, required by law, shall at the time of emptying such cask or package, efface and obliterate said mark, stamp, or brand. Every such cask or package from which said mark, brand, or stamp is not effaced and obliterated as herein required, shall be forfeited to the United States, and may be seized by any officer of internal revenue, wherever found. And every railroad company or other transportation company, or person who receives or transports, or has in possession with intent to transport, or with intent to cause or procure to be transported, any such empty cask or package, or any part thereof, having thereon any brand, mark, or stamp, required by law to be placed on any cask or package containing distilled spirits, shall forfeit $300 for each such cask or package, or any part thereof, so received or transported, or had in possession with the intent aforesaid; and every boat, railroad car, cart, dray, wagon, or other vehicle, and all horses and other animals used in carrying or transporting the same, shall be forfeited to the United States. Every person who fails to efface and obliterate said mark, stamp, or brand, at the time of emptying such cask or package, or who receives any such cask or package, or any part thereof, with the intent aforesaid, or who transports the same, or knowingly aids or assists therein, or who removes any stamp provided by law from any cask or package containing, or which had contained, distilled spirits, without defacing and destroying the same at the time of such removal, or who aids or assists therein, or who has in his possession any such stamp so removed as aforesaid, or has in his possession any canceled stamp, or any stamp which has been used, or which purports to have been used, upon any cask or package of distilled spirits, shall be deemed guilty of a felony, and shall be fined not less than $500 nor more than $10,000, and imprisoned not less than one year nor more than five years.

26 U. S. C. 2867 BUYING OR SELLING USED CASKS BEARING INSPECTION MARKS. Whenever any person knowingly purchases or sells, with inspection marks thereon, any cask or package, after the same has been used for distilled spirits, he shall forfeit and pay the sum of $200 for every such cask so purchased or sold.

26 U. S. C. 2868 CHANGING STAMPS OR SHIFTING SPIRITS. Whenever any person changes or alters any stamp, mark, or brand on any cask or package containing distilled spirits, or puts into any cask or package spirits of greater strength than is indicated by the inspection-mark thereon, or fraudulently uses any cask or package having any inspection-mark or stamp thereon, for the purpose of selling other spirits, or spirits of quantity or quality different from the spirits previously inspected therein, he shall forfeit and pay the sum of $200 for every cask or package on which the stamp or mark is so changed or altered, or which is so fraudulently used, and shall be fined for each such offense not less than $100 nor more than $1,000, and imprisoned not less than one month nor more than one year.

26 U. S. C. 2869 AFFIXING IMITATION STAMPS ON PACKAGES OF DISTILLED SPIRITS. If any person shall affix, or cause to be affixed, to or upon any cask or package containing, or intended to contain, distilled spirits, any imitation stamp or other engraved, printed, stamped, or photographed label, device, or token, whether the same be designed as a trade mark, caution notice, caution, or otherwise and which shall be in the similitude or likeness of, or shall have the resemblance or general appearance of, any internal revenue stamp required by law to be affixed to or upon any cask or package containing distilled spirits, he shall, for each offense, be liable to a penalty of $100, and, on conviction, shall be fined not more than $1,000, and imprisoned not more than three years, and the cask or package with its contents shall be forfeited to the United States.

26 U. S. C. 2870 PROHIBITED HOURS FOR REMOVAL OF SPIRITS. No person shall remove any distilled spirits at any other time than after sun-rising and before sun-setting in any cask or package containing more than ten gallons from any premises or building in which the same may have been distilled, redistilled, rectified, compounded, manufactured, or stored; and every person who violates this provision shall be liable to a penalty of $100 for each cask, barrel, or package of spirits so removed; and said spirits, together with any vessel containing the same, and any horse, cart, boat, or other conveyance used in the removal thereof, shall be forfeited to the United States.

26 U. S. C. 2871 REGULATION OF TRAFFIC IN CONTAINERS OF DISTILLED SPIRITS. Whenever in his judgment such action is necessary to protect the revenue, the Secretary is authorized, by the regulations prescribed by him, and permits issued thereunder if required by him (1) to regulate the size, branding, marking, sale, resale, possession, use, and re-use of containers (of a capacity of less than five wine-gallons) designed or intended for use for the sale at retail of distilled spirits (within the meaning of such term as it is used in section 2803) for other than industrial use, and (2) to require, of persons manufacturing, dealing in, or using any such containers, the submission to such inspection, the keeping of such records, and the filing of such reports as may be deemed by him reasonably necessary in connection therewith. Whoever willfully violates the provisions of any regulation prescribed, or the terms or conditions of any permit issued, pursuant to the authorization contained in this section, and any officer, director, or agent of any corporation who knowingly participates in such violation, shall, upon conviction, be fined not more than $1,000 or be imprisoned for not more than two years, or both; and, notwithstanding any criminal conviction, the containers involved in such violation shall be forfeited to the United States, and may be seized and condemned by like proceedings as those provided by law for forfeitures, seizures, and condemnations for violations of the internal-revenue laws, and any such containers so seized and condemned shall be destroyed and not sold. Any requirements imposed under this section shall be in addition to any other requirements imposed by, or pursuant to, law, and shall apply as well to persons not liable for tax under the internal-revenue laws as to persons so liable.

26 U. S. C. 2883 TRANSFER OF SPIRITS AT REGISTERED DISTILLERIES—(a) *Requirements.* Subject to the provisions of existing law, spirits of one hundred and sixty degrees of proof or more produced at registered distilleries, including registered fruit distilleries (such registered distilleries and registered fruit distilleries being referred to hereafter as "distillery" or "distilleries"), may be transferred by means of pipe lines from receiving cisterns in the distillery direct to storage tanks in the internal revenue bonded warehouse located on the bonded premises where produced or located contiguous thereto, and be warehoused in such storage tanks, or they may be withdrawn from the receiving cisterns, without, or after reduction in proof, into approved containers and transferred to any internal revenue bonded warehouse for storage therein, or they may be tax-paid in such approved containers in the cistern rooms of distilleries without being entered into an internal revenue bonded warehouse. Such spirits may be drawn into approved containers from storage tanks in an internal revenue bonded warehouse. Spirits of one hundred and sixty degrees of proof, or more, may be transferred in bond in tank cars from cistern rooms of distilleries or from storage tanks in an internal revenue bonded warehouse and be deposited in storage tanks in any internal revenue bonded warehouse. Such spirits in tanks in internal revenue bonded warehouses distilled at or above one hundred and ninety degrees of proof may be reduced to not less than one hundred and eleven degrees prior to being drawn into packages. Such spirits, upon tax payment, may be withdrawn in approved containers, including pipe lines to contiguous premises, for use for beverage purposes only. Except as provided in subsection (c) hereof and section 2916, such spirits may not be withdrawn for denaturation.

• • • • • •

(d) *Transfer of gin.* Gin of any proof may be transferred in bond by means of pipe lines from receiving cisterns in distilleries direct to storage tanks in the internal revenue bonded warehouse located on the bonded premises where produced, or located contiguous thereto, and be warehoused in such storage tanks. Such gin may, upon tax payment, be transferred by pipe line to a contiguous tax-paid bottling house or rectifying plant.

• • • • • •

(f) *Regulations.* The Commissioner, with the approval of the Secretary, is hereby empowered to prescribe all necessary regulations relating to the drawing off, transferring, gaging, storing, redistillation, and transportation of the spirits; the records to be kept and returns to be made; the size and kind of containers to be used; the marking, branding, numbering, and stamping of each container; and the kind of bond and the penal sum thereof.

(g) *Effect on other laws.* Nothing contained in this section shall be construed as restricting or limiting the provisions of other sections of the internal-revenue laws relating to internal revenue bonded warehouses, distilleries, and bonded wineries.

• • • • • •

26 U. S. C. 3030 TAX—(a) *Rate*—(1) *Still wines*—(A) *Imposition.* Upon all still wines, including vermouth, and all artificial or imitation wines or compounds sold as still wine, produced in or imported into the United States after June 30, 1940, or which on July 1, 1940, were on any winery premises or other bonded premises or in transit thereto or at any customhouse, there shall be levied, collected, and paid taxes at rates as follows, when sold, or removed for consumption or sale:

On wines containing not more than 14 per centum of absolute alcohol, 10 cents per wine-gallon, the per centum of alcohol under this section to be reckoned by volume and not by weight;

On wines containing more than 14 per centum and not exceeding 21 per centum of absolute alcohol, 40 cents per wine-gallon;

On wines containing more than 21 per centum and not exceeding 24 per centum of absolute alcohol, $1.00 per wine-gallon;

All such wines containing more than 24 per centum of absolute alcohol by volume shall be classed as distilled spirits and shall pay tax accordingly.

• • • • • •

(2) *Sparkling wines, liqueurs, and cordials.* Upon the following articles which are produced in or imported into the United States, after June 30, 1940, or which on July 1, 1940, are on any winery premises or other bonded premises or in transit thereto or at any customhouse, there shall be levied, collected, and paid, in lieu of the internal-revenue taxes imposed thereon by law prior to such date, taxes at rates as follows, when sold, or removed for consumption or sale:

On each bottle or other container of champagne or sparkling wine, 10 cents on each one-half pint or fraction thereof;

On each bottle or other container of artificially carbonated wine, 5 cents on each one-half pint or fraction thereof;

On each bottle or other container of liqueurs, cordials, or similar compounds, by whatever name sold or offered for sale, containing sweet wine, citrus-fruit wine, peach wine, cherry wine, berry wine, apricot wine, prune wine, plum wine, pear wine, pawpaw wines, papaya wines, pineapple wines, cantaloup wines, or apple wine, fortified respectively, with grape brandy, citrus-fruit brandy, peach brandy, cherry brandy, berry brandy, apricot brandy, prune brandy, plum brandy, pear brandy, pawpaw brandy, papaya brandy, pineapple brandy, cantaloup brandy, or apple brandy, 5 cents on each one-half pint or fraction thereof;

Any of the foregoing articles containing more than 24 per centum of absolute alcohol by volume (except vermouth, liqueurs, cordials, and similar compounds made in rectifying plants and containing tax-paid sweet wine, citrus-fruit wine, peach wine, cherry wine, berry wine, apricot wine, prune wine, plum wine, pear wine, pawpaw wines, papaya wines, pineapple wines, cantaloup wines, or apple wine, fortified, respectively, with grape brandy, citrus-fruit brandy, peach brandy, cherry brandy, berry brandy, apricot brandy, prune brandy, plum brandy, pear brandy, pawpaw brandy, papaya brandy, pineapple brandy, cantaloup brandy, or apple brandy) shall be classed as distilled spirits and shall be taxed accordingly.

• • • • • •

(b) *Payment*—(1) *Stamp.* The taxes imposed by paragraphs (1) and (2) of subsection (a) shall be paid by stamp on removal of the wines from the customhouse, winery, or other bonded place of storage for consumption or sale.

The Commissioner may, under regulations prescribed by him with the approval of the Secretary, issue stamps for restamping packages of wines which have been duly stamped but from which the stamps have been lost or destroyed by unavoidable accident.

(2) *Assessment.* The collection of the tax on imported still wines, including vermouth, and sparkling wines, including champagne, and on imported liqueurs, cordials, and similar compounds, may be made within the discretion of the Commissioner, with the approval of the Secretary, by assessment instead of by stamps.

• • • • • •

(See 26 U. S. C. 1650)

26 U. S. C. 3043 PENALTIES AND FORFEITURES—(a) *Offenses.* Whoever evades or attempts to evade any tax imposed by sections 3030 or 3031, or any requirement of this subchapter, or regulation issued pursuant thereto, or whoever, otherwise than as provided in this subchapter, recovers or attempts to recover any spirits from domestic or imported wine, shall, on conviction, be punished for each such offense by a fine of not exceeding $5,000, or imprisonment for not more than five years, or both, and in addition thereto by a penalty of double the tax evaded, or attempted to be evaded, to be assessed and collected in the same manner as taxes are assessed and collected, and all wines, spirits, liqueurs, cordials, or similar compounds as to which such violation occurs shall be forfeited to the United States. But the provisions of this section and of section 3254 (g) relating to rectification, or other internal revenue laws of the United States, shall not be held to apply to or prohibit the mixing or blending of wines subject to tax under the provisions of section 3030 to 3031, with each other or with other wines for the sole purpose of perfecting such wines according to commercial standards, nor to apply to or prohibit the fermentation of grape wine retsina with resin on bonded winery premises: *Provided*, That nothing herein contained shall be construed as prohibiting the use of tax-paid grain or other ethyl alcohol in the fortification of sweet wines as defined in sections 3036 and 3044.

• • • • • •

26 U. S. C. 3170 TRANSFER AND DELEGATION OF POWERS. The Secretary is authorized to confer and impose upon the Commissioner and any of his assistants, agents, or employees, and upon any other officer, employee, or agent of the Treasury Department, any of the rights, privileges, powers, duties, and protection conferred or imposed upon the Secretary, or any officer or employee of the Treasury Department, by any law now or hereafter in force relating to the taxation, exportation, transportation, manufacture, possession, or use of, or traffic in, distilled spirits, wine, fermented liquors, or denatured alcohol.

26 U. S. C. 3171 RECORDS, STATEMENTS, AND RETURNS—(a) *Requirements.* Every person liable to any tax imposed by this chapter, or for the collection thereof shall keep such records, render under oath such statements, make such returns, and comply with such rules and regulations, as the Commissioner, with the approval of the Secretary, may from time to time prescribe.

• • • • • •

26 U. S. C. 3172 DISCRETIONARY METHOD FOR COLLECTING TAX—(a) *Power of Commissioner.* Whether or not the method of collecting any tax imposed by this chapter is specifically provided herein, any such tax may, under regulations prescribed by the Commissioner with the approval of the Secretary, be collected by stamp, coupon, serial-numbered ticket, or such other reasonable device or method as may be necessary or helpful in securing a complete and prompt collection of the tax. All administrative and penalty provisions of subchapters A, B, and C of chapter 11, in so far as applicable, shall apply to the collection of any tax which the Commissioner determines or prescribes shall be collected in such manner.

• • • • • •

26 U. S. C. 3173 PENALTIES AND FORFEITURES—(a) *Removal or transportation of liquors or wines under improper brands.* Whenever any person ships, transports, or removes any spirituous or fermented liquors or wines, under any other than the proper name or brand known to the trade as designating the kind and quality of the contents of the casks or packages containing the same, or causes such act to be done, he shall forfeit said liquors or wines, and casks or packages, and be subject to pay a fine of $500.

(b) *Other violations.* (1) Any person required to pay, or to collect, account for and pay over any tax on distilled spirits, wines, or fermented malt liquors, or required by law or regulations made under authority thereof to make a return or supply any information for the purposes of the computation, assessment or collection of any such tax, who fails to pay, collect, or truly account for and pay over any such tax, make any such return or supply any such information at the time or times required by law or regulation shall in addition to other penalties provided by law be subject to a penalty of not more than $1,000.

(2) Any person who willfully refuses to pay, collect, or truly account for and pay over any such tax, make such return or supply such information at the time or times required by law or regulation, or who willfully attempts in any manner to evade such tax shall be guilty of a misdemeanor and in addition to other penalties provided by law shall be fined not more than $10,000 or imprisoned for not more than one year, or both, together with the costs of prosecution.

(3) Any person who willfully refuses to pay, collect or truly account for and pay over any such tax shall in addition to other penalties provided by law be liable to a penalty of the amount of the tax evaded, or not paid, collected, or accounted for and paid over, to be assessed and collected in the same manner as taxes are assessed and collected: *Provided, however*, That no penalty shall be assessed under this paragraph for any offense for which a penalty may be assessed under authority of section 3612, or of section 2801 (f) or 3013, or for any offense for which a

penalty has been recovered under section 2806 (e).

(4) The term "person" as used in this subsection includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

* * * * *

26 U. S. C. 3175 OTHER LAWS APPLICABLE All administrative, special, or stamp provisions of law, including the law relating to the assessment of taxes, so far as applicable, shall be extended to and made a part of this chapter.

26 U. S. C. 3176 RULES AND REGULATIONS—(a) *Power of Commissioner.* The Commissioner, with the approval of the Secretary, shall prescribe and publish all needful rules and regulations for the enforcement of this chapter.

* * * * *

26 U. S. C. 3179 EXEMPTION AND DRAWBACK IN CASE OF EXPORTATION.

* * * * *

(b) *Drawback.* Upon the exportation of distilled spirits and wines manufactured or produced in the United States on which an internal-revenue tax has been paid, and which are contained in any cask or package or in bottles packed in cases or other containers, there shall be allowed, under regulations to be prescribed by the Commissioner, with the approval of the Secretary, a drawback equal in amount to the tax found to have been paid on such distilled spirits and wines: *Provided,* That such distilled spirits and wines have been packaged or bottled especially for export, under regulations prescribed by the Commissioner, with the approval of the Secretary. The Commissioner, with the approval of the Secretary, is authorized to prescribe regulations governing the determination and payment of drawback of internal-revenue tax on domestic distilled spirits and wines, including the requirement of such notices, bonds, bills of lading, and other evidence of payment of tax and exportation as shall be deemed necessary.

* * * * *

26 U. S. C. 3250 TAX—(a) *Wholesale dealers in liquors*—(1) *In general.* Wholesale dealers in liquors shall pay a special tax of $110.

* * * * *

(3) *Retailers selling at wholesale.* Except as provided in section 3254 (c) (2), a qualified retail dealer in liquors may not sell distilled spirits, wines, or malt liquors in quantities of five wine-gallons or more to the same person at the same time without incurring liability to special tax as a wholesale dealer in liquors.

* * * * *

(b) *Retail dealers in liquors*—(1) *In general.* Except as provided in paragraph (3) of subsection (e), retail dealers in liquors shall pay a special tax of $27.50.

* * * * *

(4) *Wholesalers selling at retail.* A qualified wholesale dealer in liquors may not sell distilled spirits, wines, or malt liquors in quantities of less than five wine gallons without incurring liability to special tax as a retail dealer in liquors.

* * * * *

(f) *Rectifiers*—(1) *Rate of tax.* Rectifiers of distilled spirits shall pay a special tax of $220: *Provided,* That any rectifier of less than 500 barrels a year, counting 40 gallons of proof spirits to the barrel, shall pay $110.

(2) *Prohibited premises.* No officer shall collect any special tax for rectifying distilled spirits on any premises distant less than six hundred feet (or less than the distance permitted by the Secretary of the Treasury in the particular case) in a direct line from any distillery. And every officer who collects any special tax in violation of this section shall be liable to a penalty of $5,000 for each offense.

* * * * *

26 U. S. C. 3254 DEFINITIONS.

* * * * *

(b) *Wholesale dealer in liquors.* Except as otherwise provided, every person who sells, or offers for sale, foreign or domestic distilled spirits, wines, or malt liquors in quantities of five wine-gallons or more to the same person at the same time, shall be regarded as a wholesale dealer in liquors: *Provided,* That the Commissioner may, by regulations, with the approval of the Secretary, provide for the issuance of a stamp denoting payment of such special tax as a "wholesale dealer in wines" or a "wholesale dealer in wines and malt liquors" if as the case may be, wines only, or wines and malt liquors only, are sold by a wholesale dealer in liquors.

(c) *Retail dealer in liquors.* Except as otherwise provided, (1) every person who sells, or offers for sale, foreign or domestic distilled spirits, wines, or malt liquors in less quantities than five wine-gallons to the same person at the same time, shall be regarded as a retail dealer in liquors: *Provided,* That the Commissioner may, by regulations, with the approval of the Secretary, provide for the issuance of a stamp denoting payment of such special tax as a "retail dealer in wines" or a "retail dealer in wines and malt liquors" if, as the case may be, wines only, or wines and malt liquors only, are sold by a retail dealer in liquors.

(2) No retail dealer in liquors shall be held to be a wholesale dealer in liquors solely by reason of sales of five wine-gallons or more to the same person at the same time if such sales are for immediate consumption on the premises where sold.

* * * * *

(g) *Rectifier.* Every person who rectifies, purifies, or refines distilled spirits or wines by any process other than by original and continuous distillation from mash, wort, or wash, through continuous closed vessels and pipes, until the manufacture thereof is complete, and every wholesale or retail liquor dealer who has in his possession any still or leach tub, or who keeps any other apparatus for the purpose of refining in any manner distilled spirits, and every person who, without rectifying, purifying, or refining distilled spirits, shall, by mixing such spirits, wine, or other liquor with any material, manufacture any spurious, imitation, or compound liquors for sale, under the name of whisky, brandy, gin, rum, wine, spirits, cordials, or wine bitters, or any other name, shall be regarded as a rectifier, and as being engaged in the business of rectifying: *Provided,* That nothing in this subsection or section 3250 (f) (1) shall be held to prohibit the purifying or refining of spirits in the course of original and continuous distillation through any material which will not remain incorporated with such spirits when the manufacture thereof is complete.

* * * * *

26 U. S. C. 3270 REGISTRATION—(a) *Requirements.* Every person engaged in any trade or business on which a special tax is imposed by law shall register with the collector of the district his name or style, place of residence, trade or business, and the place where such trade or business is to be carried on. In case of a firm or company, the names of the several persons constituting the same, and the places of residence, shall be so registered.

* * * * *

26 U. S. C. 3271 PAYMENT OF TAX—(a) *Condition precedent to doing business.* No person shall be engaged in or carry on any trade or business mentioned in this chapter until he has paid a special tax therefor in the manner provided in this chapter.

(b) *Due date.* All special taxes shall become due on the 1st day of July in each year, or on commencing any trade or business on which such tax is imposed. In the former case the tax shall be reckoned for one year, and in the latter case it shall be reckoned proportionately, from the 1st day of the month in which the liability to a special tax commenced, to and including the 30th day of June following.

(c) *How paid*—(1) *Stamp.* All special taxes imposed by law, including the tax on stills or worms, shall be paid by stamps denoting the tax.

* * * * *

26 U. S. C. 3272 RETURNS—(a) *Time for filing.* It shall be the duty of the special taxpayers to render their returns with remittances to the collector at such times within the calendar month in which the special tax liability commenced as shall enable him to receive such returns, duly signed and verified, together with the remittances not later than the last day of the month, except in cases of sickness or absence, as provided for in section 3634.

* * * * *

26 U. S. C. 3273—STAMPS.

* * * * *

(b) *Posting.* Every person engaged in any business, avocation, or employment, who is thereby made liable to a special tax, shall place and keep conspicuously in his establishment or place of business all stamps denoting the payment of said special tax.

(c) *Transfer of duties.* For transfer of powers and duties of Commissioner and his agents, see Subchapter D of Chapter 23 and section 3170.

26 U. S. C. 3274. PENALTIES RELATING TO POSTING OF SPECIAL TAX STAMP. Any person who shall, through negligence, fail to place and keep stamps denoting the payment of the special tax as provided in section 3273 (b) shall be liable to a penalty equal to the special tax for which his business rendered him liable, and the costs of prosecution; but in no case shall said penalty be less than $10. And where the failure to comply with the provisions of section 3273 (b) shall be through willful neglect or refusal, then the penalty shall be double the amount above prescribed: *Provided,* That nothing in this section shall in any way affect the liability of any person for exercising or carrying on any trade, business, or profession, or doing any act for the exercising, carrying on, or doing of which a special tax is imposed by law, without the payment thereof.

26 U. S. C. 3300 ESTABLISHMENT AND ALTERATION—(a) *Authorization.* The Commissioner, with the approval of the Secretary, may establish and, from time to time, alter or change the form, style, character, material, and device of any stamp, mark, or label used under any provision of the laws relating to internal revenue.

(b) *Application of penalty and forfeiture provisions.* All pains, penalties, fines, and forfeitures provided by law relating to internal revenue stamps shall apply to and have full force and effect in relation to any and all stamps so established by the Commissioner.

* * * * *

26 U. S. C. 3301 ATTACHMENT AND CANCELLATION—(a) *General authority to prescribe methods and instruments.* The stamps referred to in the preceding section shall be attached, protected, removed, canceled, obliterated, and destroyed, in such manner and by such instruments or other means as the Commissioner, with the approval of the Secretary, may prescribe; and he is authorized and empowered to make, with the approval of the Secretary, all needful regulations relating thereto.

* * * * *

26 U. S. C. 3601 ENTRY OF PREMISES FOR EXAMINATION OF TAXABLE OBJECTS—(a) *Authority*—(1) *Entry during day.* Any collector, deputy collector, internal revenue agent, or inspector may enter, in the daytime, any building or place where any articles or objects

subject to tax are made, produced, or kept, within his district, so far as it may be necessary for the purpose of examining said articles or objects.

(2) *Entry at night.* When such premises are open at night, such officers may enter them while so open, in the performance of their official duties.

(b) *Penalty for refusal to permit entry or examination.* Any owner of such building or place, or person having the agency or superintendence of the same, who refuses to admit such officer, or to suffer him to examine such article or articles, shall, for every such refusal, forfeit $500.

(c) *Other penalties.* If any person shall—

(1) *Forcible obstruction or hindrance to officers.* Forcibly obstruct or hinder any collector, deputy collector, internal revenue agent, or inspector, in the execution of any power and authority vested in him by law, or

(2) *Forcible rescue of seized property.* Forcibly rescue or cause to be rescued any property, articles, or objects, after the same shall have been seized by him, or shall attempt or endeavor so to do, the person so offending, excepting in cases otherwise provided for, shall, for every such offense, forfeit and pay the sum of $500, or double the value of the property so rescued, or be imprisoned for a term not exceeding two years, at the discretion of the court.

26 U. S. C. 3656 PAYMENT BY CHECK AND MONEY ORDERS—(a) *Certified, cashiers', and treasurers' checks and money orders*—(1) *Authority to receive.* It shall be lawful for collectors to receive for internal revenue taxes or in payment of stamps to be used in payment of internal revenue taxes certified, cashiers', and treasurers' checks drawn on National and State banks and trust companies, and United States postal, bank, express, and telegraph money orders, during such time and under such regulations as the Commissioner, with the approval of the Secretary, may prescribe.

(2) *Discharge of liability*—(A) *Check duly paid.* No person who may be indebted to the United States on account of internal revenue taxes or stamps used or to be used in payment of internal revenue taxes who shall have tendered a certified, cashier's, or treasurer's check or money order as provisional payment therefor, in accordance with the terms of this subsection, shall be released from the obligation to make ultimate payment thereof until such certified, cashier's or treasurer's check or money order so received has been duly paid.

(B) *Check unpaid.* If any such check or money order so received is not duly paid, the United States shall, in addition to its right to exact payment from the party originally indebted therefor, have a lien for the amount of such check upon all the assets of the bank on which drawn or for the amount of such money order upon all the assets of the issuer thereof; and such amount shall be paid out of its assets in preference to any or all other claims whatsoever against said bank or issuer except the necessary costs and expenses of administration and the reimbursement of the United States for the amount expended in the redemption of the circulating notes of such bank.

(b) *Other checks*—(1) *Authority to receive.* Collectors may receive checks in addition to those specified in subsection (a) in payment of taxes other than those payable by stamp during such time and under such rules and regulations as the Commissioner, with the approval of the Secretary, shall prescribe.

(2) *Ultimate liability.* If a check so received is not paid by the bank on which it is drawn the person by whom such check has been tendered shall remain liable for the payment of the tax and for all legal penalties and additions to the same extent as if such check had not been tendered.

SEC. 3809. VERIFICATION OF RETURNS; PENALTIES OF PERJURY—(a) *Penalties.* Any person who willfully makes and subscribes any return, statement, or other document, which contains or is verified by a written declaration that it is made under the penalties of perjury, and which he does not believe to be true and correct as to every material matter, shall be guilty of a felony, and, upon conviction thereof, shall be fined not more than $2,000 or imprisoned not more than five years, or both.

(b) *Signature presumed correct.* The fact that an individual's name is signed to a return, statement, or other document filed shall be prima facie evidence for all purposes that the return, statement, or other document was actually signed by him.

(c) *Verification in lieu of oath.* The Commissioner, under regulations prescribed by him with the approval of the Secretary, may require that any return, statement, or other document required to be filed under any provision of the internal revenue laws shall contain or be verified by a written declaration that it is made under the penalties of perjury, and such declaration shall be in lieu of any oath otherwise required.

27 U. S. C. 203 UNLAWFUL BUSINESSES WITHOUT PERMIT. In order effectively to regulate interstate and foreign commerce in distilled spirits, wine, and malt beverages, to enforce the twenty-first amendment, and to protect the revenue and enforce the postal laws with respect to distilled spirits, wine, and malt beverages:

(a) It shall be unlawful, except pursuant to a basic permit issued under this Act by the Secretary of the Treasury—

(1) to engage in the business of importing into the United States distilled spirits, wine, or malt beverages; or

(2) for any person so engaged to sell, offer or deliver for sale, contract to sell, or ship, in interstate or foreign commerce, directly or indirectly or through an affiliate, distilled spirits, wine, or malt beverages so imported.

(b) It shall be unlawful, except pursuant to a basic permit issued under this Act by the Secretary of the Treasury—

(1) to engage in the business of distilling distilled spirits, producing wine, rectifying or blending distilled spirits or wine, or bottling, or warehousing and bottling, distilled spirits; or

(2) for any person so engaged to sell, offer or deliver for sale, contract to sell, or ship, in interstate or foreign commerce, directly or indirectly or through an affiliate, distilled spirits or wine so distilled, produced, rectified, blended, or bottled, or warehoused and bottled.

(c) It shall be unlawful, except pursuant to a basic permit issued under this Act by the Secretary of the Treasury—

(1) to engage in the business of purchasing for resale at wholesale distilled spirits, wine, or malt beverages; or

(2) for any person so engaged to receive or to sell, offer or deliver for sale, contract to sell, or ship, in interstate or foreign commerce, directly or indirectly or through an affiliate, distilled spirits, wine, or malt beverages so purchased.

This section shall not apply to any agency of a State or political subdivision thereof or any officer or employee of any such agency, and no such agency or officer or employee shall be required to obtain a basic permit under this Act.

27 U. S. C. 205 UNFAIR COMPETITION AND UNLAWFUL PRACTICES. It shall be unlawful for any person engaged in business as a distiller, brewer, rectifier, blender, or other producer, or as an importer or wholesaler, of distilled spirits, wine, or malt beverages, or as a bottler, or warehouseman and bottler, of distilled spirits, directly or indirectly or through an affiliate:

(e) Labeling: To sell or ship or deliver for sale or shipment, or otherwise introduce in interstate or foreign commerce, or to receive therein, or to remove from customs custody for consumption, any distilled spirits, wine, or malt beverages in bottles, unless such products are bottled, packaged, and labeled in conformity with such regulations, to be prescribed by the Secretary of the Treasury, with respect to packaging, marking, branding, and labeling and size and fill of container (1) as will prohibit deception of the consumer with respect to such products or the quantity thereof and as will prohibit, irrespective of falsity, such statements relating to age, manufacturing processes, analyses, guarantees, and scientific or irrelevant matters as the Secretary of the Treasury finds to be likely to mislead the consumer; (2) as will provide the consumer with adequate information as to the identity and quality of the products, the alcoholic content thereof (except that statements of, or statements likely to be considered as statements of, alcoholic content of malt beverages are hereby prohibited unless required by State law and except that, in case of wines, statements of alcoholic content shall be required only for wines containing more than 14 per centum of alcohol by volume), the net contents of the package, and the manufacturer or bottler or importer of the product; (3) as will require an accurate statement, in the case of distilled spirits (other than cordials, liqueurs, and specialties) produced by blending or rectification, if neutral spirits have been used in the production thereof, informing the consumer of the percentage of neutral spirits so used and of the name of the commodity from which such neutral spirits have been distilled, or in case of neutral spirits or of gin produced by a process of continuous distillation, the name of the commodity from which distilled; (4) as will prohibit statements on the label that are disparaging of a competitor's products or are false, misleading, obscene, or indecent; and (5) as will prevent deception of the consumer by use of a trade or brand name that is the name of any living individual of public prominence, or existing private or public organization, or is a name that is in simulation or is an abbreviation thereof, and as will prevent the use of a graphic, pictorial, or emblematic representation of any such individual or organization, if the use of such name or representation is likely falsely to lead the consumer to believe that the product has been indorsed, made, or used by, or produced for, or under the supervision of, or in accordance with the specifications of, such individual or organization: *Provided,* That this clause shall not apply to the use of the name of any person engaged in business as a distiller, brewer, rectifier, blender, or other producer, or as an importer, wholesaler, retailer, bottler, or warehouseman, of distilled spirits, wine, or malt beverages, nor to the use by any person of a trade or brand name used by him or his predecessor in interest prior to the date of the enactment of this Act: including regulations requiring, at time of release from customs custody, certificates issued by foreign governments covering origin, age, and identity of imported products: *Provided further,* That nothing herein nor any decision, ruling, or regulation of any Department of the Government shall deny the right of any person to use any trade name or brand of foreign origin not presently effectively registered in the United States Patent Office which has been used by such person or predecessors in the United States for a period of at least five years last past, if the use of such name or brand is qualified by the name of the locality in the United States in which the product is produced, and, in the case of the use of such name or brand on any label or in any advertisement, if such qualification is as conspicuous as such name or brand.

It shall be unlawful for any person to alter, mutilate, destroy, obliterate, or remove any mark, brand, or label upon distilled spirits, wine, or malt beverages held for sale in interstate or foreign commerce or after shipment therein, except as authorized by Federal law or except pursuant to regulations of the Secretary of the Treasury authorizing relabeling for purposes of compliance with the requirements of this subsection or of State law.

In order to prevent the sale or shipment or other introduction of distilled spirits, wine, or malt beverages in interstate or foreign commerce, if bottled, packaged, or labeled in violation of the requirements of this subsection, (1) no bottler of distilled spirits, no producer, blender, or wholesaler of wine, or proprietor of a bonded wine storeroom, and no brewer or wholesaler of malt beverages shall bottle, and (2) no person shall remove from customs custody, in bottles, for sale or any other commercial purpose, distilled spirits, wine, or malt beverages, respectively, after such date as the Secretary of the Treasury fixes as the earliest practicable date for the application of the provisions of this subsection to any class of such persons (but not later than August 15, 1936, in the case of distilled spirits, and December 15, 1936, in the case of wine and malt beverages, and only after 30 days' public notice), unless, upon application to the Secretary of the Treasury, he has obtained and has in his possession a certificate of label approval covering the distilled spirits, wine, or malt beverages, issued by the Secretary of the Treasury in such manner and form as he shall by regulations prescribe: *Provided*, That any such bottler of distilled spirits, or producer, blender, or wholesaler of wine, or proprietor of a bonded wine storeroom, or brewer or wholesaler of malt beverages shall be exempt from the requirements of this subsection if, upon application to the Secretary of the Treasury, he shows to the satisfaction of the Secretary of the Treasury that the distilled spirits, wine, or malt beverages to be bottled by the applicant are not to be sold, or offered for sale, or shipped or delivered for shipment, or otherwise introduced, in interstate or foreign commerce. Officers of internal revenue are authorized and directed to withhold the release of distilled spirits from the bottling plant unless such certificates have been obtained, or unless the application of the bottler for exemption has been granted by the Secretary of the Treasury; and customs officers are authorized and directed to withhold the release from customs custody of distilled spirits, wine, and malt beverages, unless such certificates have been obtained. The District Courts of the United States, the District Court of the United States for the District of Columbia, and the United States court for any Territory shall have jurisdiction of suits to enjoin, annul, or suspend in whole or in part any final action by the Secretary upon any application under this subsection; or

The Secretary of the Treasury shall give reasonable public notice, and afford to interested parties opportunity for hearing, prior to prescribing regulations to carry out the provisions of this section.

27 U. S. C. 206 BULK SALES AND BOTTLING. (a) It shall be unlawful for any person—

(1) To sell or offer to sell, contract to sell, or otherwise dispose of distilled spirits in bulk except, under regulations of the Secretary of the Treasury, for export or to the following, or to import distilled spirits in bulk except, under such regulations, for sale to or for use by the following: A distiller, rectifier of distilled spirits, person operating a bonded warehouse qualified under the internal-revenue laws or a class 8 bonded warehouse qualified under the customs laws, a winemaker for the fortification of wines, a proprietor of an industrial alcohol plant, or an agency of the United States or any State or political subdivision thereof.

(2) To sell or offer to sell, contract to sell, or otherwise dispose of warehouse receipts for distilled spirits in bulk unless such warehouse receipts require that the warehouseman shall package such distilled spirits, before delivery, in bottles labeled and marked in accordance with law, or deliver such distilled spirits in bulk only to persons to whom it is lawful to sell or otherwise dispose of distilled spirits in bulk.

(3) To bottle distilled spirits unless the bottler is a person to whom it is lawful to sell or otherwise dispose of distilled spirits in bulk.

(b) Any person who violates the requirements of this section shall, upon conviction thereof, be fined not more than $5,000 or imprisoned for not more than one year or both, and shall forfeit to the United States all distilled spirits with respect to which the violation occurs and the containers thereof.

(c) The term "in bulk" means in containers having a capacity in excess of one wine gallon.

SUBPART A—SCOPE OF REGULATIONS

§ 190.1 *Rectification of spirits and wines.* These regulations, Regulations 15, "Rectification of Spirits and Wines" (26 CFR Part 190), contain the procedural and substantive requirements relative to the rectification of spirits and wines. The regulations cover requirements governing the location, construction, equipment, qualifying documents, changes in premises, equipment and proprietorship; action by district supervisor and Commissioner; operation and supervision of the rectifying plant; the receipt, dumping, rectification, bottling, rebottling, packaging, stamping, restamping, labeling, and relabeling of spirits; removal of spirits from the rectifying plant; and records and reports of operations at rectifying plants.

SUBPART B—DEFINITIONS

§ 190.5 *Meaning of terms.* As used in this part, unless the context otherwise requires, terms shall have the meanings ascribed in this subpart.

§ 190.6 *Collector.* "Collector" shall mean the collector of internal revenue of the collection district in which the rectifying plant is located.

§ 190.7 *Commissioner.* "Commissioner" shall mean the Commissioner of Internal Revenue.

§ 190.8 *Distilled spirits.* "Distilled spirits" shall mean all the substances produced by the distillation of fermented grain, molasses, or other materials, commonly known as spirits, whisky, rum, gin, brandy, vodka, alcohol, etc.

§ 190.9 *District supervisor or supervisor.* "District Supervisor" or "Supervisor" shall mean the person having charge of a supervisory district of the Alcohol Tax Unit of the Bureau of Internal Revenue.

§ 190.10 *Gallon.* "Gallon" or "wine gallon" shall mean a United States gallon of liquid measure equivalent to the volume of 231 cubic inches.

§ 190.11 *Including.* The word "including" shall not be deemed to exclude things other than those enumerated which are in the same general class.

§ 190.12 *Inclusive language.* Words in the plural form shall include the singular, and vice versa, and words in the masculine gender shall include females, associations, copartnerships, and corporations.

§ 190.13 *I. R. C.* "I. R. C." shall mean the Internal Revenue Code.

§ 190.14 *Person.* "Person" shall include natural persons, associations, copartnerships, and corporations.

§ 190.15 *Proof.* "Proof" shall mean the ethyl alcohol content of a liquid at 60 degrees Fahrenheit, stated as twice the percent of ethyl alcohol by volume.

§ 190.16 *Proof gallon.* "Proof gallon" shall mean the alcoholic equivalent of a United States gallon at 60 degrees Fahrenheit, containing 50 percent of ethyl alcohol by volume.

§ 190.17 *Proof spirits.* "Proof spirits" shall mean that alcoholic liquor which contains 50 percent of ethyl alcohol by volume at 60 degrees Fahrenheit and which has a specific gravity of 0.93418 in air at 60 degrees Fahrenheit referred to water at 60 degrees Fahrenheit as unity.

(53 Stat. 307; 26 U. S. C. 2809)

§ 190.18 *Proprietor.* "Proprietor" shall mean the proprietor of the rectifying plant, unless otherwise indicated.

§ 190.19 *Rectification.* "Rectification" shall mean any act constituting rectification as defined in section 3254 (g), I. R. C., and in this part.

§ 190.20 *Rectified spirits.* "Rectified spirits" shall mean all the products of rectification.

§ 190.21 *Rectifier.* "Rectifier" shall mean the proprietor of a rectifying plant.

§ 190.22 *Red strip stamps.* "Red strip stamps" shall mean the stamps prescribed under authority of section 2803 (d), I. R. C.

§ 190.23 *Secretary.* "Secretary" shall mean the Secretary of the Treasury.

§ 190.24 *Spirits.* "Spirits" shall mean distilled spirits, wines, cordials, liqueurs, etc., except where otherwise indicated.

§ 190.25 *Tank car.* "Tank car" shall mean a railroad tank car and, for the purpose of receiving tax-paid distilled spirits, shall include a tank truck in accordance with the applicable provision of Regulations 3 (26 CFR Part 182), Regulations 4 (26 CFR Part 183), Regulations 5 (26 CFR Part 184), and Regulations 10 (26 CFR Part 185).

§ 190.26 *U. S. C.* "U. S. C." shall mean the United States Code.

§ 190.27 *Wines.* "Wines" shall mean all kinds and types of wine produced by the fermentation of fruits, berries, or other suitable agricultural products, and all artificial or imitation wines or compounds sold as wine.

SUBPART C—PERSONS REQUIRED TO QUALIFY AS RECTIFIERS

§ 190.30 *General.* Except as provided in §§ 190.31–190.38 any person who rectifies, purifies, or refines distilled spirits or wines, or who, by mixing such spirits or wines with each other, or with any materials, manufactures any spurious, imitation, or compound liquor for sale, and every wholesale or retail liquor dealer who has in his possession any still or leach tub, or who keeps any other apparatus for the purpose of refining in any manner distilled spirits, is a rectifier and must qualify as such.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

EXCEPTIONS

§ 190.31 *Distillers.* Distillers who rectify, purify, or refine distilled spirits by original and continuous distillation from mash, wort, or wash through continuous, closed vessels and pipes until the manufacture thereof is complete, or who purify or refine spirits in the course of original and continuous distillation through any materials which will not remain incorporated with such spirits when the manufacture thereof is complete are not required to qualify as rectifiers.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

§ 190.32 *Producers of absolute alcohol.* Persons who produce absolute alcohol by the process of extraction of water from high-proof spirits are not required to qualify as rectifiers.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

§ 190.33 *Proprietors of bonded wineries or storerooms.* Proprietors of bonded wineries or bonded wine storerooms, who mix or blend untaxpaid wines for the sole purpose of perfecting such wines according to commercial standards, or who filter, clarify, or purify wines on bonded winery and bonded storeroom premises; and also proprietors of bonded wineries who manufacture vermouth with fortified sweet wine on bonded winery premises are not required to qualify as rectifiers.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

§ 190.34 *Manufacturers of alcoholic compounds.* Persons who manufacture alcoholic compounds which are declared by the Commissioner to be unfit for use for beverage purposes are not required to qualify as rectifiers. (See Subpart D of this part.)

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

§ 190.35 *Apothecaries.* Apothecaries who use wines or spirituous liquors exclusively in the preparation or making up of medicines unfit for use for beverage purposes are not required to qualify as rectifiers.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

§ 190.36 *Manufacturing chemists.* Manufacturing chemists or flavoring extract manufacturers who recover tax-paid alcohol or spirituous liquors from dregs or marc of percolation, if such recovered alcohol or spirituous liquors be again used in the manufacture of medicines or flavoring extracts of the kind in the production of which originally used are not required to qualify as rectifiers.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

§ 190.37 *Alcohol plants and bonded warehouses.* Alcohol plants and alcohol bonded warehouses established and operated under Chapter 26, Subchapter C, Part II, I. R. C., and regulations issued pursuant thereto are not required to qualify as rectifiers.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

§ 190.38 *Retail liquor dealers.* Retail liquor dealers who mix drinks, after orders have been received therefor, for consumption on the premises where sold are not required to qualify as rectifiers.

(53 Stat. 300, as amended, 354, as amended, 388, as amended, 391; 26 U. S. C. 2801, 3043, 3250, 3254)

SUBPART D—PRODUCTS UNFIT FOR BEVERAGE USE

PRODUCTS EXEMPT FROM SPECIAL AND COMMODITY TAXES

§ 190.45 *U. S. P., N. F., and A. I. H. preparations.* Medicinal preparations manufactured in accordance with formulas prescribed by the United States Pharmacopoeia, the National Formulary, or the American Institute of Homeopathy, that are unfit for use for beverage purposes are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.46 *Patent medicines.* Patented, patent, and proprietary medicines that are unfit for use for beverage purposes are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.47 *Toilet preparations.* Toilet, medicinal, and antiseptic preparations and solutions that are unfit for use for beverage purposes are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.48 *Flavoring extracts.* Flavoring extracts, sirups, and concentrates that are unfit for use as beverages or for intoxicating beverage purposes, or flavoring extracts which conform to the requirements of the Food and Drug Administration, United States Department of Agriculture, are held to be unfit for use for beverage purposes and are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.49 *Laboratory reagents.* Laboratory reagents, stains, and dyes that are unfit for use for beverage purposes are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.50 *Salted wines.* Salted wines which contain not in excess of 21 per cent alcohol by volume and not less than 1.5 grams of salt per 100 cubic centimeters are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.51 *Sauces.* Sauces or sirups consisting of sugar solutions and intoxicating liquors in which the alcohol does not exceed 12 per cent by volume and the sugar content is not less than 60 grams per 100 cubic centimeters are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.52 *Brandied fruits.* Brandied fruits consisting of solidly packaged fruits, either whole or segmented, and only sufficient liquor for flavoring and preserving are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.53 *Food products.* Food products such as mincemeat, plum pudding, and fruit cake where only sufficient liquor is used for flavoring and preserving; and ice cream and ices where only sufficient liquor is used for flavoring purposes are considered as meeting the requirements for exemption from special and commodity taxes.

§ 190.54 *Restrictions.* The products listed in §§ 190.45–190.53, must be sold only for non-beverage purposes. Any sale by the manufacturer for beverage purposes, or under such circumstances as would indicate that the manufacturer knew or had reason to believe that the product sold would be used for beverage purposes, will render the manufacturer liable for special and commodity taxes and penalties.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.55 *Formulas and samples.* Manufacturers must submit their formulas and samples of their products to the Commissioner for examination to verify the claim of the manufacturer as to his exemption from tax when requested to do so, or when the manufacturer is in doubt as to the classification of his product.

§ 190.56 *Change of formula.* If the Commissioner shall find at any time that any product manufactured under this Subpart as an unfit product exempt from tax is being used for beverage purposes, or for mixing with beverage liquors other than by a rectifier, he shall notify the manufacturer to desist the manufacturing thereof until the formula is so changed as to render the product not susceptible of beverage use and such change is approved by the Commissioner: *Provided*, That the provisions of this section shall not be so construed as to prohibit the use of such unfit products in small quantities for flavoring drinks at the time of serving for immediate consumption. Where a formula is not so modified, pursuant to notice to desist, as to render the product unsusceptible of beverage use, the manufacturer must

immediately qualify as a rectifier and pay the rectification tax.

§ 190.57 *Prohibited manufacture or storage.* None of the products specified in §§ 190.45–190.53, may be manufactured or stored at a rectifying plant, except as specifically provided in § 190.58. While rectifiers may use flavors and flavoring extracts on which drawback of tax on the spirits used therein has been allowed under section 3250 (1), I. R. C., and Regulations 29 (26 CFR Part 197), the premises used for manufacturing the flavors or flavoring extracts, if contiguous to the rectifying premises, must be completely separated from the rectifying premises by solid unbroken partitions and the two premises must not have means of communication with each other within the building. The rectifier may not transfer distilled spirits from the rectifying plant to the flavoring extract manufacturing premises or from the flavoring extract plant premises to the rectifying plant notwithstanding that the two premises may be owned and operated by the same person. Distilled spirits used at the flavoring extract manufacturing premises, must be received direct from the vendor and all records governing the receipt and use of distilled spirits and other ingredients in the manufacture of flavoring extracts must be kept on the flavoring extract manufacturing premises and not on the rectifying premises.

§ 190.58 *Permissible manufacture or storage.* Where flavors or flavoring extracts are manufactured on premises of the rectifying plant, they must be used exclusively in the manufacture of taxable products at such premises and no drawback of tax may be claimed thereon. Nonalcoholic grenadine, or grenadine containing less than one-half of 1 per cent of alcohol by volume and sufficient sugar to render it wholly unfit for use for beverage purposes, or other such flavoring materials, may not be manufactured on the premises of a rectifying plant unless they are to be used by the rectifier in making his taxable products.

USE OF ALCOHOLIC FLAVORING MATERIALS

§ 190.59 *Limitation.* The use of alcoholic flavors or flavoring extracts manufactured on premises other than a rectifying plant must be limited by the rectifier, so that the quantity of alcohol (proof gallons) contained therein will not represent more than 2½ percent of the quantity of alcohol (proof gallons) contained in the finished product, except as provided in § 190.60. For example, one hundred gallons of a finished cordial, fifty degrees of proof, contain fifty proof gallons. As 2½ percent of fifty equals 1.25, the cordial could contain not more than 1.25 proof gallons of alcohol derived from such flavors or flavoring extracts used in its manufacture.

§ 190.60 *Exception to limitation.* In any case where the use of flavors or flavoring extracts in quantities in excess of the 2½ percent limitation prescribed in § 190.59 is required, such limitation shall not apply to the use of any flavors or flavoring extracts in excess thereof if the flavoring material used is purchased directly from the manufacturer and, as to each lot of purchased flavors or flavoring extracts containing alcohol, the rectifier has available for examination by the storekeeper-gauger an affidavit of the manufacturer showing: The quantity; the date of manufacture; the kind and brand of each flavor or flavoring extract; and that drawback under section 3250 (1), I. R. C., has not been nor will be claimed on any alcohol or distilled spirits contained in the flavor or flavoring extract.

§ 190.61 *New formulas required.* The manufacture of rectified products in which are used alcoholic flavors or flavoring extracts to an extent not consistent with the provisions of §§ 190.59, 190.60, and 190.361, are prohibited. New formulas, submitted for the purpose of showing the use of alcoholic flavors or flavoring extracts in the manufacture of rectified products, must furnish the information required by § 190.361.

SUBPART E—ALCOHOLIC PREPARATIONS FIT FOR BEVERAGE PURPOSES

§ 190.70 *Classed as rectified liquors.* United States Pharmacopoeia tincture of ginger is held to be a rectified liquor. Bitters, patent medicines, and similar alcoholic preparations which are fit for beverage purposes, although held out as having certain medicinal properties, are also classed as rectified liquors. Alcoholic preparations so classed must be manufactured in a rectifying plant and the 30-cent rectification tax must be paid thereon. Such preparations must be manufactured, tax-paid, bottled or packaged, stamped, recorded, and disposed of in accordance with the procedure prescribed in this part for other rectified spirits or products. Sellers of such preparations must qualify as wholesale or retail liquor dealers, or both, according to the quantities which they desire to sell. (See Subpart T of this part.)

(53 Stat. 298, as amended, 368, as amended, 391; 26 U. S. C. 2800, 3250, 3254)

§ 190.71 *Exempt U. S. P. and N. F. preparations.* The following United States Pharmacopoeia and National Formulary preparations which are used by physicians and pharmacists principally as vehicles, and which are capable of beverage use, may be made with alcohol, and sold in good faith for legitimate nonbeverage purposes without incurring liability for rectification and special taxes for their manufacture and sale:

Elixir aromaticum.
Elixir aromaticum rubrum.
Elixir aurantii amari.
Elixir cardamomi compositum.
Elixir glycyrrhizae.
Elixir taraxaci compositum.
Elixir terpini hydratis.
Spiritus aetheris.
Spiritus myrciae compositus.
Tinctura aurantii dulcis.
Tinctura limonis.

SUBPART F—LOCATION AND USE

§ 190.80 *Restrictions.* Rectifying plants for the rectification of distilled spirits or wine may not be located on board of any vessel or boat, or within 600 feet in a direct line of a vinegar factory using the vaporizing process, or, except as provided by this part, within 600 feet in a direct line of a distillery or volatile fruit-flavor concentrate plant. The provisions of §§ 190.81–190.83, 190.157, 190.218, 190.272 and 190.300, relating to the carrying on of the business of rectifying spirits or wine at a distance of less than 600 feet in a direct line from a distillery, shall apply equally to the carrying on of such business at a distance of less than 600 feet in a direct line from a volatile fruit-flavor concentrate plant.

(53 Stat. 314, 319, 373, as amended, 26 U. S. C. 2819, 2832, 2834, 3170)

§ 190.81 *Within 600 feet of distillery.* The district supervisor may permit the carrying on of the business of rectifying spirits or wines at a distance of less than 600 feet in a direct line from a distillery, when he is of the opinion that the revenue will not be endangered thereby.

(53 Stat. 314, 319, 373, as amended; 26 U. S. C. 2819, 2832, 3170)

§ 190.82 *Special application.* A person desiring to establish a rectifying plant within 600 feet of a distillery shall file a special application, in triplicate, for such privilege with the district supervisor. The application shall state the location of the rectifying plant and the distillery, the distance between the premises, the name of the distiller, a description of any connecting pipe lines, the reason for locating the rectifying plant within 600 feet of the distillery, and any additional information which the district supervisor may require. The district supervisor will take action on such special application in accordance with the procedure prescribed in § 190.300.

(53 Stat. 314, 319, 373, as amended; 26 U. S. C. 2819, 2832, 3170)

§ 190.83 *Changes requiring approval.* Where there is to be a change in the distance between a rectifying plant and a distillery located within 600 feet of each other as a result of the extension or curtailment of either premises, a new special application, in triplicate, must be filed with the district supervisor by the proprietor of the premises which are to be extended or curtailed. Where a change occurs in the proprietorship of a rectifying plant or distillery located within 600 feet of each other, the new proprietor shall file with the district supervisor a new special application, in triplicate. Unless the rectifying plant premises are extended or curtailed as the result of such change, the change may be reflected in the next amended notice, Form 27–B, and plat filed by the rectifier. Such new special application shall be considered and disposed of in accordance with § 190.300.

(53 Stat. 314, 319, 373, as amended; 26 U. S. C. 2819, 2832, 3170)

§ 190.84 *Use of premises.* The premises of a rectifying plant shall be used exclusively for the business of rectification and the bottling of liquors, whether rectified or not.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

SUBPART G—CONSTRUCTION

§ 190.90 *Building or rooms.* The rectifying plant must be so constructed and equipped as to be suitable for the rectification of spirits by the process, or processes, of rectification which the rectifier proposes to use. The room or building must be securely constructed of brick, stone, wood, concrete, or other substantial material, and must be completely separated from contiguous buildings or rooms by solid, unbroken partitions, or floors of substantial construction, except as provided in this part. Where the rectifying plant is under the same roof or in the same building in which the rectifier or his affiliate or subsidiary operates a tax-paid bottling house, wholesale liquor dealer premises, or another rectifying plant, the district supervisor may, in his discretion, authorize the rectifying plant to be separated from such premises by partitions of expanded metal or woven wire of not less than 9-gauge nor more than 2-inch mesh extending from the floor to the ceiling or roof: *Provided*, That such partitions of expanded metal or woven wire may not be authorized if the tax-paid bottling house operates alternately as a bottling in bond department of an internal revenue bonded warehouse. All partitions shall extend from the ground to the roof, or from the floor to the ceiling if a room is used, and if the rectifying plant is under the same roof or in the same building in which is located an internal revenue bonded warehouse, or a tax-paid bottling house, the two premises must not have means of communication with each other within the building, except by approved pipe lines as authorized in this part: *Provided*, That where a rectifying plant has heretofore been established under the same roof, or in the same building, with an internal revenue bonded warehouse or a tax-paid bottling house with interior communication between the two premises, it may continue to operate in such location if the revenue will not be jeopardized thereby. Where distilled water or tax-paid spirits are to be transferred by pipe line to, or from, the rectifying plant in accordance with this part necessary openings for the passage of the required pipe lines may be permitted in the walls or partitions, and necessary openings for passage of approved water, steam, sewer, or similar lines may likewise be permitted in the walls or partitions. Where contiguous wholesale liquor dealer premises are used in lieu of a finished product room, the necessary doors or openings may be permitted in the walls or partitions.

§ 190.91 *Means of ingress and egress.* The doors must lead into the yard connected with the rectifying plant or a public street: *Provided*, That where a room is used, the door may open into an elevator shaft, or a common passageway partitioned off from other businesses, leading either directly or through another elevator shaft or similar passageway to the street or yard. The partitions forming a common passageway shall be substantially constructed of solid materials or expanded metal or woven wire of not less than 9-gauge nor more than 2-inch mesh, and shall extend from the floor to the ceiling or roof, but doors may be permitted therein if they do not afford interior communication with an internal revenue bonded warehouse in the same building. Common passageways must be used exclusively as means of communication.

(53 Stat. 300; 26 U. S. C. 2801)

§ 190.92 *Doors, windows, and other openings.* The doors, windows, and other openings in the room or building comprising the rectifying plant must be so arranged and constructed that they may be securely locked or fastened. No door, window, or other opening will be permitted in the walls or floors leading into another room or building which is not a part of the rectifying plant.

§ 190.93 *Division of premises.* The division of the rectifying plant into departments, as required by this subpart, shall be effected by securely constructed, solid partitions or by expanded metal or woven wire of not less than 9-gauge nor more than 2-inch mesh. The partitions in all instances shall extend from the floor to the ceiling or roof, or not less than 12 feet from the floor. There may be communicating doors or elevators between the various departments of the rectifying plant, but such departments shall not be separated from each other by intervening businesses. If more than one room is used for the same purpose, such rooms shall be given alphabetical designations, as "A," "B," "C," etc. A sign must be posted over the door to each room indicating its use.

§ 190.94 *Receiving room.* A room must be provided for the storage of all alcohol, distilled spirits, or wines, received for rectification or for bottling, which room shall be used exclusively for such purpose and shall be designated "Receiving Room": *Provided*, That the district supervisor may, in his discretion, approve storage tanks meeting the requirements of § 190.118, located in rectifying rooms.

§ 190.95 *Rectifying room.* A separate room designated "Rectifying Room" must be provided, wherein all operations in connection with the rectification, blending, bottling, etc., of spirits must be conducted. The rectifying room may be further divided as provided in §§ 190.96–190.98.

§ 190.96 *Quick-aging room.* Where a separate room is provided for the treatment of spirits in barrels and kegs for quick-aging purposes, such room shall be designated "Quick-aging Room."

§ 190.97 *Champagne room.* Where champagne or other sparkling wines are manufactured, a separate room designated "Champagne Room" must be provided therefor, unless the rectifying room is used exclusively for the manufacture of such liquors.

§ 190.98 *Wine bottling room.* Where it is impracticable to bottle wine and certain cordials and liqueurs from the prescribed locked bottling tanks, and it is necessary to bottle such products from the original package or from the container in which compounded, the rectifier must provide for such bottling a room to be designated "Wine Bottling Room." Such room shall be constructed of substantial, solid materials, and the doors and other openings must be so constructed that they may be securely locked or fastened from the inside, except the entrance door which must be so constructed that it may be securely locked from the outside of the room with a Government lock.

§ 190.99 *Finished products room.* A room must be provided by the rectifier for the storage of spirits packaged by him: *Provided*, That if the rectifier conducts no bottling operations whatsoever and his entire production is transferred by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling, or if the rectifier maintains a contiguous wholesale liquor dealer room and removes all spirits thereto immediately upon tax-payment and completion of bottling, a finished products room need not be provided. Where a finished products room is provided, it shall be used exclusively for the purpose specified and shall be designated "Finished Products Room."

§ 190.100 *Export storage room.* If the rectifier intends to bottle or package distilled spirits or wines for export with benefit of drawback, a separate room for the storage of such products exclusively must be provided and designated "Export Storage Room." The room must be constructed of substantial, solid material: *Provided*, That the partitions separating such room from other parts of the rectifying plant may be constructed of expanded metal or woven wire of not less than 9-gauge nor more than 2-inch mesh, extending from the floor to the ceiling or roof. All windows, door, or other openings must be so constructed that they may be securely locked or fastened from the inside, except the entrance door, which must be so constructed that it may be securely locked from the outside of the room with a Government seal lock.

(53 Stat. 377, as amended; 26 U. S. C. 3179)

§ 190.101 *Empty container storeroom.* If empty barrels, bottles, or other containers are stored within the rectifying plant, they must be segregated from filled containers. If a separate room is provided for such purpose, it will be designated "Empty Container Storeroom."

§ 190.102 *Office facilities.* The rectifier shall provide and maintain on the rectifying plant premises suitable office facilities, including desk and file cabinet, for the use of Government officers. There shall also be provided a metal cabinet of adequate strength and size, or a securely constructed room or vault, suitably equipped for locking with a Government seal lock, for use in safeguarding the keys to Government locks, seals, and other Government property, and stamps in the custody of Government officers. Such facilities shall be subject to approval by the district supervisor.

SUBPART H—SIGN

§ 190.110 *Posting of sign.* The rectifier shall place and keep conspicuously

on the outside and at the front of the rectifying plant or over the front entrance thereto, where it can be plainly seen, a sign, exhibiting in plain and legible letters, painted in oil colors or gilded, not less than 3 inches in height and of a proper and proportionate width, the name of the rectifier and the words, "Rectifier of Spirits," and "Plant No. —," using the registry number assigned by the district supervisor.

SUBPART I—EQUIPMENT

§ 190.115 *Scales.* All scales used for weighing spirits shall be tested from time to time by the proprietor by means of test weights or otherwise to insure their accuracy. The rectifier must provide suitable and accurate scales for weighing spirits to be dumped from or drawn into packages. The beams or dials must indicate weight in half-pound graduations.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.116 *Weighing tanks.* Where weighing tanks are used for gauging spirits, such tanks shall be constructed of metal, or other suitable material, and shall be stationary. Weighing tanks may be used for gauging rectified spirits for determining the amount of tax, or gauging tax-exempt products prior to transfer of the spirits to a bottling tank, if such weighing tanks conform to the requirements of § 190.124. After such gauging, the spirits must be immediately tax-paid, if subject to the rectification tax, and transferred to a bottling tank. Each weighing tank shall be mounted on accurate scales and shall have plainly and legibly painted thereon the words "Weighing Tank," followed by its serial number and capacity in gallons. The beams or dials of scales must be graduated to enable readings to be made as follows: To the nearest ½ pound for scales having a capacity not to exceed 2,000 pounds; to the nearest 1 pound for scales having a capacity of over 2,000 pounds, but not exceeding 6,000 pounds; to the nearest 2 pounds for scales having a capacity over 6,000 pounds, but not exceeding 20,000 pounds; to the nearest 5 pounds for scales having a capacity over 20,000 pounds, but not exceeding 50,000 pounds; and to the nearest 10 pounds for scales having a capacity over 50,000 pounds: *Provided*, That except in the case of scales having a capacity of more than 2,000 pounds, not less than twenty percentum of the total capacity of the weighing tank scales may be entered into the tank when spirits are to be gauged for taxpayment.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.117 *Test weights.* The rectifier shall provide a set of ten 50-pound cast-iron test weights, which shall be certified by the National Bureau of Standards or State departments of weights and measures, as conforming to Class "C" requirements of the National Bureau of Standards, and provide a suitable place where the weights may be secured with a Government lock. If the rectifier has provided such test weights at a distillery, internal revenue bonded warehouse, industrial alcohol plant or bonded warehouse, bonded winery, or tax-paid bottling house, operated by him on contiguous or nearby premises, he need not provide a separate set of weights for the rectifying plant. If the rectifier receives and fills only small packages, he may provide only such number of test weights as will exceed the maximum weight of any such package. All test weights shall be placed under the control and in the custody of the storekeeper-gauger in charge, who shall keep them under Government lock when not in use. In case a scale becomes inaccurate for any reason, the storekeeper-gauger will not permit it to be used while it is in such condition.

§ 190.118 *Storage tanks.* If spirits are received in tank cars, or by pipe line, or if wines are received in tank trucks, suitable storage tanks must be provided within which to store such spirits, except that such storage tanks will not be required in the case of spirits which are transferred directly to processing and bottling tanks in accordance with §§ 190.407 to 190.408. Each storage tank shall be constructed of metal or other suitable material and shall be equipped with a suitable device, or mounted on accurate scales, whereby the contents can be accurately determined. There shall be painted on each tank the words, "Storage Tank," followed by its serial number and capacity in gallons. A suitable board shall be provided on each storage tank for the attachment of Forms 703–A, 1520, or 1440, as provided in this part. Manheads, inlets, and outlets of the tanks must be provided with facilities for locking with Government locks. Stopcocks must be provided and so arranged as to control completely the flow of spirits, both into and out of the tank. The construction of the valves must be such that they can be secured with Government locks. Storage tanks may be permanently connected with pipe lines for the conveyance thereto of air and distilled water, but the distilled water pipe line must be affixed to the top of the tank. Such pipe lines must be equipped with a control valve which may be locked with a Government lock. Pipe lines used for the conveyance of air must also be equipped with a check valve located near the point of entry to the tank in order to effectively prevent any abstraction of spirits from the tank. Other pipe lines, except those used for the conveyance of spirits, may not be permanently connected with such tanks.

(53 Stat. 318, 335, as amended; 26 U. S. C. 2829, 2863)

§ 190.119 *Dumping and reducing tanks.* If dumping and reducing tanks are provided, the same shall be located in the rectifying room and shall be equipped with a suitable device whereby the contents can be accurately determined. Each such tank shall have plainly and legibly painted thereon the words, "Dumping and Reducing Tank," followed by its serial number and capacity in gallons.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.120 *Processing tanks.* The rectifier shall provide a sufficient number of processing tanks, which shall be located in the rectifying room. Processing tanks shall be equipped with a suitable device whereby the contents can be accurately determined. Each such tank shall have plainly and legibly painted thereon the words, "Processing Tank," followed by its serial number and capacity in gallons. Tanks used for blending, compounding, quick-aging, percolating, etc., will be considered processing tanks and must be so marked. Processing tanks may be used for gauging rectified spirits for determining the amount of tax, or gauging tax exempt products, prior to transfer of the spirits to a bottling tank if such processing tanks conform with the requirements of § 190.124. After such gauging, the spirits must be immediately tax-paid, if subject to the rectification tax, and transferred to a bottling tank.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.121 *Processing receptacles.* Where barrels or other similar containers are used for rectifying, each such receptacle shall be marked with the words, "Processing Receptacle," followed by its serial number and capacity in gallons. Such receptacles must be so constructed and located that the contents thereof may be readily determined by Government officers. Open bowls, similar to crocks and jars used for macerating, in which spirits are held for a short time during the process of mixing, must be designated "Processing Receptacle," and be located in the rectifying room.

§ 190.122 *Receiving tanks.* Where rectified products are produced by redistillation, such as gin and cordials, or where spirits are redistilled, the rectifier must provide a requisite number of receiving tanks. Each such tank shall be constructed of metal or other suitable material and equipped with a suitable device whereby the contents can be accurately determined. Manheads, inlets, and outlets of such tanks must be provided with facilities for locking with Government locks. Each such tank shall have plainly and legibly painted thereon words indicating its use, as "Gin Receiving Tank," "Cordial Receiving Tank," "Heads and Tails Receiving Tank," etc., followed by its serial number and capacity in gallons. Receiving tanks must be located in the rectifying room.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.123 *Quick-aging packages.* Where spirits are treated in barrels or kegs for quick-aging or other purposes, each such package shall be marked "Quick-aging Package," followed by its serial number and capacity in gallons. Quick-aging packages must be located in the rectifying room or in the quick-aging room, if one has been provided.

§ 190.124 *Bottling tanks.* Where spirits are bottled at the rectifying plant, the rectifier shall provide in the rectifying room, or bottling room if one is provided, one or more bottling tanks securely constructed of metal or other suitable material. Each bottling tank shall be mounted on accurate scales, or equipped with a suitable device whereby the actual contents will be accurately and precisely indicated, and shall have plainly and legibly painted thereon the words "Bottling Tank," followed by its serial number and capacity in gallons. A suitable board shall be provided on each bottling tank for the attachment of Forms 237 and 230. Each bottling tank must be closed, and any necessary openings therein affording access to the interior, or to the contents, must be closed and secured with a cover, which will be secured by a Government lock or fastened and sealed. Stopcocks must be provided and so arranged as to completely control the flow of spirits both into and out of the bottling tank, and so constructed that they may be locked with a Government lock. The pipe connections containing such stopcocks or valves must be brazed, welded, or otherwise secured to the tank in such a manner that they cannot be detached or altered without showing evidence of tampering, and the outlet pipe connections on bottling tanks shall be equipped with check valves. The pipe line connecting the bottling tanks with the bottling machine must conform to the requirements of § 190.132. Bottling tanks may be permanently connected with pipe lines for the conveyance thereto of air and distilled water, but the distilled water pipe line must be affixed to the top of the tank. Such pipe lines must be equipped with a control valve which may be locked with a Government lock. Pipe lines used for the conveyance of air must also be equipped with a check valve located near the point of entry to the tank in order to effectively prevent any abstraction of spirits from the tank. Other pipe lines, except those used for the conveyance of spirits, may not be permanently connected with such tanks. Bottling tanks shall be accurately and precisely calibrated. Bottling tanks may not be used prior to their approval in accordance with the provisions of § 190.306.

§ 190.125 *Special bottling tanks.* Where highly aromatic liquors, such as anisette and crème de menthe, are produced and bottled, and a special bottling tank is necessary for the bottling thereof, the rectifier may provide in the rectifying room or bottling room one or more small bottling tanks suitable for such purpose. Such special bottling tanks must be constructed, arranged, and secured as provided by § 190.124 in the case of regular bottling tanks, and each special bottling tank shall have plainly and legibly painted thereon the words, "Special Bottling Tank," followed by its serial number and capacity in gallons.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.126 *Package filling tanks.* Where distilled spirits or wines are to be packaged especially for export with benefit of drawback, tanks suitable for the purpose, and constructed and equipped in accordance with the provisions and requirements of § 190.124 governing the construction and equipment of bottling tanks, shall be provided by the rectifier. The bottling tank may be used as the package filling tank, provided it is equipped with an approved outlet for filling packages and such outlet is equipped for locking with a Government lock when not in use.

(53 Stat. 318, 377, as amended; 26 U. S. C. 2829, 3179)

§ 190.127 *Gravity tanks.* The rectifier may, if necessary, install a small gravity tank between the bottling tanks and bottling machine, for the purpose of maintaining a constant head pressure or to afford a gravity flow to the bottling machine. Such tank must be so arranged that it can be filled only through the bottling tanks and the same must be connected with the bottling tanks and the bottling machine as provided in §§ 190.132, and 190.137–190.140. The capacity of the gravity tank shall be no larger than necessary. The manhead, if any, shall be equipped for locking with a Government lock. Gravity tanks must be equipped with a suitable device whereby the contents can be accurately determined, and each such tank shall have plainly and legibly marked thereon the words, "Gravity Tank," followed by its serial number and capacity in gallons.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.128 *Accumulation tanks.* Where the rectifier removes distilled spirits from the bottling line which contain sediment or foreign matter, or which otherwise require refiltering or rebottling, he may install suitable accumulation tanks in the bottling room for the accumulation of such spirits. Each such tank shall have plainly and legibly painted thereon the words "Accumulation Tank," followed by its serial number and capacity in gallons. If the spirits accumulated in each tank are of the same class and type, they may be returned to the bottling tank system for refiltering and bottling with the same batch of spirits. The return of the spirits to the bottling tank system must be under the supervision of the storekeeper-gauger. Unless the spirits are refiltered and bottled with the same lot of spirits from which they were originally bottled, they must be returned for rectification under an approved formula, or, in the case of spirits not subjected to taxable rectification, returned to the dumping and reducing tank for commingling with spirits without rectification within the limitation of § 190.697. In such case, appropriate notation will be made on the Form 230 or Form 237 relative to the return of the spirits.

§ 190.129 *Stills.* All stills in the rectifying plant shall be located in the rectifying room and shall be of substantial construction and must have a clear space of not less than 1 foot around them. Every still must have plainly and legibly painted thereon words indicating its use, or uses, as "Gin Still," "Cordial Still," "Water Still," etc., followed by its serial number and capacity in wine gallons. All stills, except cordial stills of not more than 250 wine-gallon capacity and water stills, shall be connected with the receiving tanks by continuous permanent pipe lines: *Provided*, That, where such receiving tank is mounted on scales, the pipe line may be connected with the tank by means of flexible connections with the ends permanently attached and secured by means of Government cap seals, or by brazing or welding, to the inlet of the tank and to the pipe line. If the gin still is equipped with a pipe line to by-pass the berry basket, such pipe line must be equipped with a valve for locking with a Government lock.

§ 190.130 *Other rectifying equipment.* Other rectifying equipment shall be located in the rectifying room and, where practicable, shall be apropriately marked. Tanks used for more than one purpose shall be marked accordingly, as "Weighing and Storage Tank," but processing tanks used for the rectification of spirits may not be used in connection with the bottling of spirits without rectification.

§ 190.131 *Distilled water storage tanks.* If the rectifier produces distilled water, or receives the same by pipe line from contiguous establishments operated under internal revenue laws and regulations, distilled water storage tanks shall be provided and so located that their contents may be readily inspected by Government officers. Each such tank shall be equipped with a suitable device whereby the contents can be accurately determined, and shall have plainly and legibly marked thereon the words, "Distilled Water Storage Tank," followed by its serial number and capacity in gallons. Where distilled water is to be conveyed by pipe line to contiguous establishments operated under the internal revenue laws and regulations, the storage tanks from which the distilled water is to be conveyed must be so constructed that any necessary openings therein may be closed and secured with a Government lock. The pipe line must be securely constructed as provided in § 190.135. Barrels or other wooden containers in which distilled spirits were previously packaged may not be used for the removal of distilled water.

(53 Stat. 318; 26 U. S. C. 2829)

PIPE LINES

§ 190.132 *Pipe lines connecting bottling tanks and bottling machine.* The bottling tanks shall be connected with the bottling machine by a fixed pipe line exposed to view throughout its entire length, unless the outlet of the tank is equipped with a valve so constructed that it can be secured with a Government lock. Where detachable hose connections are used and it is desired to bottle spirits in the absence of the storekeeper-gauger either during or after regular business hours, the connections shall be enclosed within a secure wire cage or room equipped for locking with a Government lock, or, if preferred, the ends of each such connection may be securely sealed to the inlet or outlet of the tank and to the pipe line or the inlet of the bottling machine, as the case may be.

(53 Stat. 319; 26 U. S. C. 2829)

§ 190.133 *Pipe lines to contiguous tax-paid bottling house or rectifying plant.* Pipe lines used for the conveyance of spirits to a contiguous tax-paid bottling house or rectifying plant for bottling, as provided in §§ 190.650 to 190.654, shall be constructed, secured, and marked in accordance with the applicable provisions of § 190.134. A permanent pipe line must be installed to connect the tank in the rectifying plant with the bottling tank in the contiguous tax-paid bottling house or rectifying plant, to which spirits

are to be transferred, and each such pipe line must be equipped with a valve, in the transferring rectifying plant, capable of being locked with a Government lock. Each pipe line to a contiguous tax-paid bottling house or rectifying plant shall have painted thereon, at a point near the manifold or valve controlling the flow, identification as to the premises to which the pipe line leads, as "TPBH–7", "RP–7", etc. Where spirits are to be conveyed from two or more tanks in the rectifying plant or to two or more bottling tanks in the contiguous tax-paid bottling house or rectifying plant, the pipe line may be connected by manifold connections so arranged as to control the flow of spirits from or into each tank. There shall be painted on each pipe line extending from the manifold to the bottling tanks a number corresponding with the serial number of the bottling tank with which the pipe line is connected, unless the arrangement of the pipe line is such that the identity of the tank with which it is connected is apparent. Where the tank in the transferring rectifying plant is mounted on scales, the pipe line may be connected therewith by means of short, detachable hose connections if the end of the pipe line is equipped with a valve which may be locked with a Government lock. Pipe lines used for the conveyance of spirits to a contiguous tax-paid bottling house or rectifying plant shall be constructed, secured, and so arranged that each such pipe line can be completely drained after each transfer of spirits.

§ 190.134 *Pipe lines from other contiguous premises.* The pipe lines used for the conveyance of tax-paid spirits to storage, processing, or bottling tanks must be of a fixed and permanent character, securely constructed and connected and so arranged as to be exposed to view throughout their entire lengths. Such pipe lines, except those from a bonded winery, must be secured by brazing, welding, fastening and sealing, or locking with Government locks as to effectually prevent disconnection and access to the spirits. When the storage, processing, or bottling tanks are mounted on scales the pipe line may be connected therewith by means of short, detachable hose connections if the end of the pipe line is equipped with a valve which may be locked with a Government lock. Where spirits are to be conveyed to two or more storage, processing, or bottling tanks in the rectifying plant, the pipe lines may be connected with such tanks by manifold connections so arranged as to control the flow of spirits both into or out of each tank. Each pipe line from a contiguous establishment shall have painted thereon, at a point near the manifold or valve controlling the flow, identification as to the premises from which the pipe line originated, as "RD–7", "IRBW–2", etc. Filters may be installed in pipe lines connected with bottling tanks, if inlet and outlet lines to be attached to filters are equipped with valves which may be locked with Government locks. Only spirits which are to be bottled without rectification may be conveyed by pipe line from contiguous premises directly into bottling tanks. There shall be painted on each pipe line extending from the manifold to storage, processing, or bottling tanks, a designation and number corresponding with the serial number of the tank with which the pipe line is connected, unless the arrangement of the pipe line is such that the identity of the tank with which it is connected is apparent.

(53 Stat. 318, 335, as amended; 26 U. S. C. 2829, 2883)

§ 190.135 *Distilled water pipe lines.* The pipe line used for the conveyance of distilled water to contiguous establishments operated under the internal revenue laws and regulations must be an independent one, without any connection with any other pipe, tank, vessel, or utensil on the rectifying plant premises, except the distilled water storage tank: *Provided,* That where distilled water is to be so conveyed from two or more distilled water storage tanks, the pipe line may be connected with such tanks by permanent manifold connections. The pipe line must be of a fixed and permanent character, securely constructed and so arranged as to be exposed to view throughout its entire length. The valves, flanges, and other connections in such pipe line on the rectifying plant premises must be brazed, welded, or otherwise secured, in such a manner that the pipe line and its connections cannot be detached or altered without showing evidence of tampering. Where distilled water is produced in the rectifying plant, the distilled water storage tank must be connected with the water still by a continuous, fixed, pipe line.

(53 Stat. 318, 335, as amended, 26 U. S. C. 2829, 2883)

§ 190.136 *Colors for pipe lines.* The pipe lines in the rectifying plant used for conveying the following substances shall be kept painted in the colors indicated:

Black	Spirits.
Blue	Vapor, high wines, low wines, and heads and tails.
Brown	Residue from stills.
White	Water.
Aluminum	Steam.
Orange	Air.
Purple	Refrigerants.

These colors are intended for such pipe lines only and are prescribed for the purpose of distinguishing such pipe lines from each other and from all other pipe lines on the premises which are painted but for which colors are not prescribed. The painting in one of the prescribed colors or a color similar thereto, of a pipe line for which a color is not prescribed, is prohibited. Pipe lines for which colors are not prescribed may be painted in sections of contrasting colors.

SEALING PIPE LINES

§ 190.137 *General.* Where flanges, unions, valves and other detachable connections in pipe lines are not secured by welding or brazing, and are not to be secured by Government locks, they must be prepared by the rectifier for sealing with Government "cap" seals.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.138 *Sealing flanges.* Flanges may be prepared for sealing by one of the following methods:

(a) By applying a "castle" nut with a hole drilled through the bolt so that the sealing wire may be passed through like a cotter pin, two such nuts being applied to each flange, opposite each other, unless the flange is secured with an uneven number of bolts, in which case three such nuts will be applied at approximately equal distances apart;

(b) By drilling a small hole through both nut and bolt, two such bolts and nuts being drilled for each flange, opposite each other, unless the flange is secured with an uneven number of bolts, in which case three bolts and nuts will be so drilled at approximately equal distances apart; or

(c) By drilling a hole through the corner of the head of the bolt and one through the corner of the nut so the two will be sealed together, two such bolts and nuts being drilled for each flange, opposite each other, unless the flange is secured with an uneven number of bolts, in which case three bolts and nuts will be so drilled at approximately equal distances apart.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.139 *Sealing unions.* Unions will be prepared for sealing by enclosing the same in a metal box with holes for the sealing wire.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.140 *Sealing valves.* Small gate and globe valves may be prepared for sealing by enclosing the packing nut and hood with a metal band or strap drawn tightly around the valve and fitted for reception of the sealing wire, or by drilling a hole in the packing nut so that the sealing wire may be passed through and drawn around the pipe and sealed. Where valves have large flanges, such flanges may be sealed in the same manner as other flanges.

(53 Stat. 318; 26 U. S. C. 2829)

DETAILS OF CONSTRUCTION AND EQUIPMENT

§ 190.141 *General.* Where details of construction and equipment are not covered by this part, such construction and equipment must afford the same degree of security and protection to the spirits in the rectifying plant as is intended by the construction and equipment specifications prescribed in this subpart. The Commissioner may approve details of construction and equipment in lieu of those specified in this subpart where it is shown that it is impracticable to conform to the prescribed specifications, and the proposed construction and equipment will afford as much security and protection as the construction and equipment prescribed. Where it is proposed to substitute construction and equipment for that for which specifications are prescribed, or where any doubt prevails in regard to the security and protection which will be afforded by construction and equipment not covered by this part, approval of the Commissioner should be first obtained.

(53 Stat. 318; 26 U. S. C. 2829)

§ 190.142 *Plants heretofore established.* Rectifying plants heretofore established may continue to operate unless the present construction and equipment do not afford adequate security and protection to the revenue. The Commissioner or district supervisor may at any time require the proprietor to make changes in construction and equipment conforming to the provisions of this part, if deemed necessary to safeguard the revenue or to permit more economical and efficient supervision by Government officers. All rectifying plants hereafter established, and changes in existing rectifying plants, must be in conformity with this part.

(53 Stat. 318; 26 U. S. C. 2829)

SUBPART J—QUALIFYING DOCUMENTS

§ 190.155 *Notice, Form 27–B.* Every person intending to engage in the business of a rectifier must give notice of such intention on Form 27–B, in triplicate, to the district supervisor before engaging in the business. Except as provided in § 190.162 in the case of amended and supplemental notices, all of the information indicated by the headings of the various columns and lines on the form, and the instructions printed thereon or issued in respect thereto, and as required by this part, shall be furnished. Notices on Form 27–B must be signed in accordance with the instructions printed on the form and sworn to before an officer authorized to administer oaths: *Provided,* That if the form officially prescribed for such notice contains therein a provision for verification by a written declaration that such notice is made under the penalties of perjury, such notice shall be verified by the execution of such declaration, and such declaration so executed shall be in lieu of the oath required herein for verification. Such notices must be numbered serially commencing with number 1 and continuing in regular sequence for all notices thereafter filed, whether amended or supplemental. All data, written statements, affidavits, and other documents submitted in support of the notice shall be deemed to be a part thereof.

(53 Stat. 309, 373, as amended, 63 Stat. 667; 26 U. S. C. 2812, 3170, 3809)

§ 190.156 *Federal Alcohol Administration Act permit.* Under the Federal Alcohol Administration Act and Regulations 1 (27 CFR Part 1) issued pursuant thereto, any person, except an agency of a State or political subdivision thereof, or any officer or employee of any such agency, intending to engage in the business of rectifying distilled spirits and wines, is required to procure a rectifier's basic Federal Alcohol Administration Act permit (Form 1638) therefor. In addition, a basic warehousing and bottling permit (Form 1642) must be procured where unrectified spirits, or spirits rectified by another are warehoused and bottled. The trade names or styles under which it is intended to conduct the business must be specified in the permit. Applications for such permits should be filed on Forms 1637 and 1641, respectively, with the district supervisor at the time of filing notice, Form 27–B.

(Sec. 3, 49 Stat., 978; 27 U. S. C. 203)

§ 190.157 *Distance from distillery or vinegar plant.* If the rectifying plant premises are situated more than 600 feet in a direct line from any premises authorized to be used for distilling spirits, or from a vinegar factory using the vaporizing process, such fact shall be stated on Form 27–B. If the distance between the rectifying plant premises and the premises of a distillery is less than 600 feet in a direct line, there must be stated in the notice, Form 27–B, the name of the proprietor of the distillery, the exact distance in feet and inches between the rectifying plant and distillery, and whether the location of the rectifying plant within such distance of the distillery has been approved by the district supervisor. If such location of the rectifying plant has been approved by the district supervisor, the date of such approval shall be given. If the distance between the rectifying plant premises and a vinegar factory using the vaporizing process is less than 600 feet in a direct line, such fact shall be stated on the form, and also whether or not the vinegar factory was established and operated as such prior to March 1, 1879.

(53 Stat. 309, 314, 319, 320, 373, as amended; 26 U. S. C. 2812, 2819, 2834, 2835, 3170)

§ 190.158 *Description of apparatus and equipment.* There must be described on Form 27–B, in the space provided therefor, all storage tanks, receiving tanks, processing tanks, bottling tanks, and stills, which shall be listed separately as to serial number and capacity in wine gallons. All other regular and permanent rectifying equipment must be described on Form 27–B.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.159 *Description of rooms.* All rooms on the rectifying plant premises shall be accurately described on Form 27–B. The description shall include the designated name of the room, which shall be according to its use, such as receiving room, rectifying room, bottling room, and finished products room, the materials of which constructed, the dimensions thereof, the location of doors, windows and other openings and the manner in which they are secured and protected. The materials of which partitions are constructed, and the height thereof, must also be stated. If more than one room is used for the same purpose, the name shall include an alphabetical designation to distinguish them, as "Receiving Room A," "Receiving Room B," etc.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.160 *Liquors to be used and produced.* The kinds of liquors proposed to be used in rectification, and the kinds of liquors proposed to be produced by such rectification, must be stated on Form 27–B.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.161 *Capacity.* The estimated maximum quantity, in wine gallons and proof gallons, of spirits or wines which can be rectified in every 24 hours by the use of all the apparatus and equipment in the rectifying plant, and the estimated quantity, in wine gallons and proof gallons, of spirits and wines which will be rectified every 24 hours and the portion thereof for which exemption from the rectifying tax will be claimed, must be stated on Form 27–B.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.162 *Amended and supplemental notices.* Amended and supplemental notices on Form 27–B may be executed in skeleton form, except as to the items amended or supplemented. All other items which are correctly set forth in prior notices, and in which there has been no change since the last preceding notice, may be incorporated in the amended or supplemental notice by reference to the respective notice previously filed. Such incorporation by reference shall be made by entering for each such item, in the space provided therefor, the statement "No change since filing Form 27–B, Serial No. ------" (the number being inserted), and the date of such form. The Commissioner or district supervisor may at any time, in his discretion, require the filing of a complete notice on Form 27–B.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.163 *Formulas and processes, Form 27–B Supplemental.* The rectifier must submit Form 27–B Supplemental, in quadruplicate, for each formula and process to be employed in the rectification of spirits or wines, which shall constitute a part of the notice, Form 27–B. The statement of formula and process shall be prepared in accordance with Subpart S.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.164 *Corporate documents.* There must be submitted with, and made a part of, the original or initial notice on Form 27–B, given by a corporation to engage in the business of a rectifier, properly certified copies, in triplicate, of the following documents:

(a) Articles of incorporation and any amended articles of incorporation.

(b) Certificate of incorporation.

(c) Certificate authorizing corporation to operate in State where rectifying plant is located, if other than that in which incorporated.

(d) Extracts of minutes of meetings of stockholders, showing election of directors.

(e) By-laws.

(f) Extracts of the minutes of the meetings of the Board of Directors, showing the election of officers.

(g) Extracts of the minutes of meetings of the Board of Directors, authorizing certain officers or other persons to sign for the corporation.

(h) List of names and addresses of the officers and directors.

(i) List of stockholders, as provided in § 190.165.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.165 *List of stockholders.* In the case of corporations and similar legal entities, there must be submitted with Form 27–B, at the commencement of business, and annually thereafter on May

1, a list of the names and addresses of all stockholders and other persons interested in the corporation or other legal entity and the amount and nature of the stock holding, or other interest of each, whether such interest appears in the name of the interested party or in the name of another for him: *Provided*, That where more than 100 persons are interested in the corporation or other legal entity as stockholders or otherwise, there need be furnished only the names and addresses and the amounts and nature of the stock holding or other interest of the 100 persons having the largest ownership or other interest in each of the respective classes of stock or other interest, except where more complete information shall be specifically required by the Commissioner or the district supervisor: *And provided further*, That where there has been no change in the stockholders and other persons interested in the corporation or other legal entity, or in the extent of the stock holding or other interest of such persons, the rectifier may furnish on May 1 of each year, a certified statement, in triplicate, to that effect in lieu of the prescribed list. Where a corporation operates two or more rectifying plants or other plants situated in the same supervisory district, or wholly owns one or more subsidiaries operating rectifying plants or other plants so situated, and in connection with qualifying for the operation of one of such rectifying plants or other establishments files a list of stockholders and other persons interested, as prescribed in this section, the filing of an additional list for each rectifying plant will not be required, provided that in lieu of such additional list there is submitted by such corporation a certificate, in triplicate, definitely identifying the corporation and plant with whose notice the list of stockholders and other persons interested is filed, and giving the date of the filing thereof.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.166 *Affidavit.* In the case of a corporation, there must be submitted with each list of stockholders an affidavit, in triplicate, executed by an officer of the corporation authorized so to do, showing the number of shares of each class of stock or other evidence of ownership, such as voting trust certificates, authorized and outstanding, the par value thereof, and the voting rights of the respective owners or holders, and certifying to the correctness of the list of stockholders or the statement authorized to be furnished in lieu of such list. In the case of an individual owner, copartnership, or association, there must be submitted with Form 27–B, at the commencement of business, and annually thereafter on May 1, an affidavit, in triplicate, giving the name of every person interested or to be interested in the rectifying plant, whether such interest appears in the name of the interested party or in the name of another for him.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.167 *Articles of copartnership or association.* In the case of a copartnership or association, a certified copy, in triplicate, of the articles of copartnership or association, if any, shall be submitted with and constitute a part of the notice, Form 27–B.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.168 *Trade name certificate.* Where the rectifier is to do business under a firm or trade name, there must be submitted with and made a part of the notice, Form 27–B, certified copies, in triplicate, of the certificate or other document filed with or issued by State officials under the laws of the State to cover the transaction of business under such firm or trade name. If no such certificate or other document is required by the laws of the State to be filed with or issued by State officials to cover the transaction of business under a firm or trade name, the rectifier shall furnish a statement, in triplicate, to that effect.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.169 *Power of attorney, Form 1534.* If the notice or other qualifying documents are signed by an attorney in fact for an individual, copartnership, association, or corporation, or by one of the members for a copartnership or association, or, in the case of a corporation, by an officer or other person not authorized to sign by the corporate documents described in § 190.164, such notice or other qualifying documents must be supported by a duly authenticated copy of the power of attorney conferring authority upon the person signing the document to execute the same. Such powers of attorney shall be executed on Form 1534, in triplicate, and submitted to the district supervisor.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.170 *Execution of power of attorney.* Where the principal giving the power of attorney is an individual, it must be executed by him in person, and not by an agent. In the case of a copartnership or association, powers of attorney authorizing one or more of the members, or another person, to execute documents on behalf of the copartnership or association must be executed by all of the members constituting the same. However, if one or more members less than the whole number constituting the copartnership or association have been delegated the authority to appoint agents or attorneys in fact, the power of attorney may be executed by such member or members, provided it is supported by a duly authenticated copy, in triplicate, of the document conferring authority upon the member or members to execute the same. Where, in the case of a corporation, powers of attorney are executed by an officer thereof, such documents must be supported by triplicate copies of the authorization of such officer so to do, certified by the secretary or assistant secretary of the corporation under the corporate seal, if any, to be true copies.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.171 *Duration of power of attorney.* Powers of attorney authorizing the execution of documents on behalf of a person engaged in, or intending to engage in, the business of a rectifier shall continue in effect until written notice, in triplicate, of the revocation of such authority is received by the district supervisor, unless terminated by operation of law.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.172 *Bond, Form 34.* Every person intending to commence the business of a rectifier shall, upon filing his notice of such intention, Form 27–B, and before proceeding with such business, execute a bond on Form 34, in triplicate, in conformity with the provisions of Subpart K of this part, and file the same with the district supervisor.

§ 190.173 *Penal sum.* The penal sum of the rectifier's bond, Form 34, shall be not less than the amount of internal revenue tax that the rectifier will be liable to pay in a period of 30 days, but in no case shall the penal sum of the bond be less than $1,000 or greater than $100,000. Where the rectifier has not furnished bond in the maximum penal sum of $100,000 and the rectification tax, including tax under section 3030 (a), I. R. C., on the quantity of spirits and wines actually rectified during any period of 30 days, exceeds the penal sum of the bond on file, he must furnish immediately a new or additional bond in a sufficient penal sum, effective as of the beginning of such period. If an additional bond is furnished, it must be in accordance with § 190.204.

§ 190.174 *Registry of stills, Form 26.* Every person having in his possession or custody, or under his control, any still or distilling apparatus set up must register the same with the supervisor for the district in which the still is located, on Form 26, immediately it is set up. The Form 26 shall be executed, in triplicate, in accordance with the headings of the various columns and lines on the form, and the instructions printed thereon or issued in respect thereto and as required by this part. Form 26 must be sworn to before an officer authorized to administer oaths: *Provided*, That if the form officially prescribed for such notice contains therein a provision for verification by a written declaration that such notice is made under penalties of perjury, such notice shall be verified by the execution of such declaration, and such declaration so executed shall be in lieu of the oath required herein for verification.

(53 Stat. 308, as amended, 373, as amended, 63 Stat. 667; 26 U. S. C. 2810, 3170, 3809)

§ 190.175 *Plat and plans.* Every person intending to engage in the business of a rectifier must submit to the district supervisor with his notice, Form 27–B, an accurate plat of the rectifying plant premises and accurate plans of the buildings or rooms, apparatus and equipment thereon, in triplicate, conforming to the requirements of Subpart L of this part.

§ 190.176 *Additional information.* The Commissioner or the district supervisor may at any time, in his discretion, require the rectifier to furnish such additional information as he may deem necessary.

§ 190.177 *Instruments and papers.* The terms, conditions, and instructions contained in instruments and papers required to be furnished by law or this Part are hereby made a part of this part as fully and to the same extent as if incorporated in this part.

SUBPART K—BONDS AND CONSENTS OF SURETY

§ 190.185 *General requirements.* Every person required to file a bond or consent of surety under this part shall prepare and execute it on the prescribed form, in triplicate, in accordance with the lines on the form, and the instructions printed thereon or issued in respect thereto, and as required by this Part, and shall submit it to the district supervisor.

§ 190.186 *Surety or security.* Bonds required by this part shall be given with surety or collateral security.

(Sec. 1, 28 Stat. 279, 6 U. S. C. 6; sec. 1126, 44 Stat. 122, sec. 7, 49 Stat. 22, 6 U. S. C. 15)

§ 190.187 *Corporate surety.* Bonds may be given with corporate surety authorized by the Secretary of the Treasury to become surety on Federal bonds, subject to the limitations prescribed by the Secretary in Treasury Department Form 356, Commissioner of Accounts and Deposits, Section of Surety Bonds, which is issued semiannually, and subject to such amendatory circulars as may be issued from time to time.

(Sec. 1, 28 Stat. 279, 6 U. S. C. 6; c. 109, 36 Stat. 241, 6 U. S. C. 8)

§ 190.188 *Two or more corporate sureties.* A bond executed by two or more corporate sureties shall be the joint and several liability of the principal and the sureties: *Provided*, That each corporate surety may limit its liability in terms upon the face of the bond in a definite, specified amount, which amount shall not exceed the limitations prescribed for such corporate surety by the Secretary, as set forth in Treasury Department Form 356. When the sureties so limit their liability, the aggregate of such limited liabilities must equal the required penal sum of the bond.

(Sec. 1, 28 Stat. 279, 6 U. S. C. 6; c. 109, 36 Stat. 241, 6 U. S. C. 8)

§ 190.189 *Powers of attorney.* Powers of attorney and other evidence of appointment of agents and officers to execute bonds on behalf of corporate sureties are required to be filed with, and passed upon by, the Commissioner of Accounts and Deposits, Section of Surety Bonds, Treasury Department. Such powers and other evidence of appointment need not be filed with, or submitted to, district supervisors.

§ 190.190 *Individual sureties.* Bonds may be given with individual sureties, of which there must be not less than two, each of whom must qualify by executing Form 33, in triplicate. Individual sureties must be citizens of the United States and reside in the State in which the business of the principal is to be conducted. No person will be accepted as an individual surety in a State in which he is not authorized to become a surety.

§ 190.191 *Ownership of real property.* Each individual surety must own unencumbered real property, in fee simple, the appraised value of which, over and above any exemptions from execution allowed by the laws of the State, is equal to the penal sum of the bond. The amount of unemcumbered real property which individual sureties are required to own must be located within the State where the business of the principal is to be conducted.

§ 190.192 *Description of real property.* The real property must be described in the surety's affidavit, Form 33, with all of the formalities required in conveyances of real estate by the laws of the State in which it is situated.

§ 190.193 *Execution of Form 33.* The surety's affidavit on Form 33 shall contain all of the information required by the various lines on the form, and the instructions printed thereon or issued in respect thereto, and as required by this part. The form shall be subscribed and sworn to before an officer duly authorized to administer oaths, and one copy thereof shall be attached to each copy of the bond to which it relates.

§ 190.194 *Certificate of title.* There must be submitted with the surety's affidavit, Form 33, a certificate of title, in triplicate, showing that the surety has a fee simple title, free of encumbrances, to the realty described in the form.

§ 190.195 *Appraisal.* There will also be submitted with Form 33 an appraisal, in triplicate, by two or more competent persons designated by the district supervisor for the purpose, showing separately the value of the land and buildings, and a full and clear statement of the method employed by them in determining their valuation. The appraisal shall be at the expense of the principal on the bond, unless it is made by Government officers.

§ 190.196 *Investigation.* The district supervisor must cause an investigation to be made of all the facts stated in the surety's affidavit on Form 33 and supporting documents.

§ 190.197 *Requalification.* The Commissioner or district supervisor may at any time, in his discretion, require the requalification of individual sureties on Form 33.

§ 190.198 *Interest in business.* The surety, whether individual or corporate, must have no interest whatever in the business covered by the bond.

§ 190.199 *Deposit of collateral.* Bonds or notes of the United States, or other obligations which are unconditionally guaranteed as to both interest and principal by the United States, may be pledged and deposited by principals as collateral security in lieu of individual or corporate sureties. District supervisors on receiving such bonds or notes, or other obligations, pledged and deposited by principals as collateral security in lieu of surety, shall deposit such securities in accordance with Department Circular No. 154, revised (31 CFR Part 225).

(Sec. 1126, 44 Stat. 122, sec. 7, 49 Stat. 22; 6 U. S. C. 15)

§ 190.200 *Consents of surety.* Consents of surety to a change in the terms of a bond must be executed on Form 1533, in as many copies as are required of the bond which they affect, by the principal and all sureties with the same formality and proof of authority to execute as are required for the execution of bonds. Form 1533 will be used by obligors on collateral bonds as well as those on surety bonds. The Form 1533 must properly identify the bond affected thereby and state specifically and precisely what is covered by the extended terms thereof. If the surety is a corporation, the consent may be executed by an agent or attorney in fact duly authorized so to do by power of attorney filed by the surety with the appropriate district supervisor, or the consent may be executed by the home office officials of such corporate surety; except that in cases where the saving of time is an element, the consent may be executed by an agent or attorney in fact where the home office officials, by specific direction, order its execution. A copy of such specific direction should be attached to each copy of the consent.

§ 190.201 *Approval required.* No individual, firm, partnership, corporation, or association, intending to commence or to continue the business of a rectifier shall commence or continue such business until all bonds in respect of such business required by any provision of law have been approved.

(53 Stat. 311; 26 U. S. C. 2815)

§ 190.202 *Authority to approve.* District supervisors are authorized to approve all bonds and consents of surety required by this part.

(53 Stat. 311, 377, as amended; 26 U. S. C. 2815, 3179)

§ 190.203 *Cause of disapproval.* Bonds or consents of surety submitted by any individual, firm, partnership, corporation, or association, in respect to the business of a rectifier may be disapproved if the individual, firm, partnership, corporation, or association, giving the same, or owning, controlling, or actively participating in the management of such business of the individual, firm, partnership, corporation, or association, giving the same, shall have been previously convicted in a court of competent jurisdiction of any fraudulent noncompliance with any provision of any law of the United States, if such provision relates to internal revenue or customs taxation of distilled spirits, wines, or fermented malt liquors, or if such an offense shall have been compromised with the individual, firm, partnership, corporation, or association upon payment of penalties or otherwise; any felony under a law of any State, Territory, or the District of Columbia, or the United States, prohibiting the manufacture, sale, importation, or transportation of distilled spirits, wines, fermented malt liquors, or other intoxicating liquor. The rectifier's bond, Form 34, may also be disapproved if the situation of the rectifying plant is such as would enable the rectifier to defraud the United States.

(53 Stat. 311; 26 U. S. C. 2815)

§ 190.204 *Additional or strengthening bonds.* In all cases where the penal sum of the bond on file and in effect is not sufficient, computed as prescribed by law

and regulations, the principal may give an additional or strengthening bond in a sufficient penal sum, provided the surety thereon is the same as on the bond already on file and in effect; otherwise a new bond covering the entire liability will be required. Such additional or strengthening bonds, being filed to increase the bond liability of the principal and the surety, are in no sense substitute bonds, and the district supervisor will refuse to approve any additional or strengthening bond where any notation is made thereon intended, or which may be construed, as a release of any former bond, or as limiting the amount of either bond to less than its full penal sum. Additional or strengthening bonds must show the current date of execution and the effective date in the blank spaces provided therefor. Such bonds must have marked thereon, by the obligors at the time of execution, "Additional Bond," or "Strengthening Bond."

§ 190.205 *New bond.* A new bond may be required at any time in the discretion of the Commissioner or district supervisor. A new bond shall be required immediately in the case of the death or insolvency of an individual surety, or the insolvency of a corporate surety. Executors, administrators, assignees, receivers, trustees, or other persons acting in a fiduciary capacity, continuing or liquidating the business of the principal, must execute and file a new bond or obtain the consent of the surety or sureties on the existing bond or bonds. When, in the opinion of the Commissioner or the district supervisor, the interests of the Government demand it, or in any case where the security of the bond becomes impaired in whole or in part for any reason whatever, the principal will be required to give a new bond. Where a bond is found to be not acceptable, the principal shall be required to file immediately a new and satisfactory bond, or discontinue business forthwith.

§ 190.206 *Superseding bond.* Where a new bond is submitted by the principal to supersede a bond or bonds then in effect, and such superseding bond has been approved, notice of termination of the superseded bond may be issued as provided in Subpart Q. Superseding bonds must show the current date of execution and the date they are to be effective, and each such bond shall have marked thereon by the obligors at the time of execution, "Superseding Bond."

SUBPART L—PLATS AND PLANS

§ 190.215 *Plat and plans required.* Every person intending to engage in the business of a rectifier must, as provided in § 190.175, file an accurate plat and accurate plans of the rectifying plant premises, apparatus, and equipment, in triplicate, with the district supervisor.

§ 190.216 *Preparation.* Every plat and plan shall be drawn to scale, and each sheet thereof shall bear a distinctive title, enabling ready identification. The cardinal points of the compass must appear on each sheet except the elevational flow diagrams (plans). The minimum scale of any plat will not be less than 1/50 inch per foot. Each sheet of the original plat and plans shall be numbered, the first sheet being designated number 1, and the other sheets numbered in consecutive order. Plats and plans shall be submitted on sheets of tracing cloth, opaque cloth, or sensitized linen. The dimensions of plats and plans shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing. Plats and plans may be original drawings, or reproductions made by the "ditto process," or by blue- or brown-line lithoprint if such reproductions are clear and distinct.

§ 190.217 *Depiction of rectifying plant premises.* Plats must show the outer boundaries of the rectifying plant premises, in feet and inches, in a color contrasting with those used for other drawings on the plat, and must contain an accurate depiction of the building, or buildings, comprising the premises, and any driveway, public highway, or railroad right-of-way adjacent thereto or connecting therewith. The depiction of the premises shall agree with the description in the notice, Form 27–B. If the premises are separated by a public highway or railroad right-of-way, and the tracts of land comprising the premises, or parts thereof, abut on such highway or right-of-way opposite each other, the different tracts will be depicted separately, in feet and inches. If two or more buildings are to be used, the designated name of each shall be indicated, and all pipe lines or other connections, if any, between the same depicted. Where two or more buildings are used for the same purpose, the name of each such building shall include an alphabetical designation, beginning with "A", and they shall be so shown on the plat. All first floor exterior doors of each building on the premises will be shown on the plat. If the rectifying plant consists of a room or a floor of a building, an entire outline of the building, the precise location and dimensions of the room or floor, and the means of ingress and egress to a public street or yard shall be shown. Except as provided in § 190.226, all pipe lines leading to or from the premises, the purpose for which used, and the points of origin and termination will be indicated on the plat.

§ 190.218 *Distillery within 600 feet.* Where a rectifying plant is to be established on premises at a distance of less than 600 feet in a direct line from a distillery, the plat must show the relative location of such premises, all pipe lines and other connections, if any, between them, and the distance, in feet and inches, that they are from each other in a direct line. The outlines of the two premises must be shown in contrasting colors.

§ 190.219 *Contiguous premises.* Where a distillery, internal revenue bonded warehouse, tax-paid bottling house, or other premises on which liquors are manufactured, stored, or sold, are contiguous to the rectifying plant premises, the plat must show the relative location of the rectifying plant and such contiguous premises, the distance they are from each other, and all pipe lines, if any, and other connections between them. The outlines of such contiguous premises and the rectifying plant premises must also be shown in contrasting colors.

§ 190.220 *Floor plans.* The plans shall include a floor plan of each building, showing the general dimensions of the rooms and floors, and the location of all doors, windows, and other openings, and how such openings are protected. If a portion of a building is used, such as a room or floor, the floor plans will include only that portion, and shall also show the means of ingress and egress to the street. All fixed apparatus and equipment, except pipe lines, must be shown in their exact location on the floor plans and their designated use indicated. Except as provided in this subpart, pipe lines need not be shown. In the case of stills, tanks, and similar equipment, the serial number and capacity shall also be shown.

§ 190.221 *Elevational flow diagrams.* Elevational flow diagrams (plans) shall be submitted which shall depict all equipment in its approximate operating sequence and elevation by floors, with all connecting pipe lines, valves, flanges, measuring devices, and attachments for Government locks. Where flanges, unions, or other connections in pipe lines are brazed, welded, or otherwise permanently secured in such a manner as to constitute a continuous, single pipe line, the location of such flanges, unions, or other connections, and the manner of securing the same, need not be shown on the plans. The elevation by floors on the diagrams may be indicated by horizontal lines representing floor levels. All major fixed equipment, such as stills and tanks, must be identified on the plans as to number and use. The elevational flow diagram must be so drawn that all fixed pipe lines, except those indicated by § 190.226, may be readily traced from beginning to end. Other types of drawings that clearly depict the information required by this section may be submitted in compliance with this section.

§ 190.222 *Pipe lines.* The plat and plans shall show pipe lines, if any, connecting the rectifying plant with a registered or fruit distillery, internal revenue bonded warehouse, industrial alcohol plant, industrial alcohol bonded warehouse, bonded winery, rectifying plant, and tax-paid bottling house for the transfer of tax-paid spirits. The plat will show the relative location of the rectifying plant and the premises connected by such pipe lines. The plat or plans will also show the storage, bottling, or processing tanks, to which such pipe lines are connected.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.223 *Pipe lines in colors.* The fixed pipe lines must be shown on the plat and plans in the colors in which

they are required to be painted, as follows:

Black	Spirits.
Blue	Vapor, high wines, low wines, and heads and tails.
Brown	Residue from stills.
White	Water.
Aluminum	Steam.
Orange	Air.
Purple	Refrigerants.

§ 190.224 *Location of Government locks.* The location of all Government locks required to secure the apparatus and equipment, and the doors of rooms, must be indicated on the elevational flow diagrams (plans) by the symbol "GL" at the points where the locks are to be attached.

§ 190.225 *Direction of flow.* The direction of the flow of spirits, vapor, etc., through pipe lines must be indicated on the plans by arrows.

§ 190.226 *Pipe lines exempted.* Approved public or private utility service lines, such as sewers, electric or gas conduits or pipes, and approved sprinkler, refrigeration, or heating systems which have no connection with the equipment used for spirits, need not be shown on the plans, provided that the point of entry to the premises shall be indicated on the plans.

§ 190.227 *Certificate of accuracy.* The plat and plans shall bear a certificate of accuracy in the lower right hand corner of each sheet, signed by the rectifier, the draftsman, and the district supervisor, substantially in the following form:

(Name of proprietor)

(Address)

Approved ---
(Date)

(District supervisor)

Accuracy certified by:

(Name and capacity—for the proprietor)

(Draftsman)

Rectifying Plant No. ---
--- 19---, Sheet No. ---
(Date)

§ 190.228 *Revised plats and plans.* The sheets of revised plats and plans shall bear the same number as the sheets superseded, but will be given a new date. Any additional plats and plans shall be given a new number in consecutive order, or will be otherwise numbered and lettered in such manner as will permit the filing of the plats and plans in proper sequence.

SUBPART M—REQUIREMENTS GOVERNING CHANGES IN NAME, PROPRIETORSHIP, CONTROL, LOCATION, PREMISES, AND EQUIPMENT

§ 190.240 *General requirement.* Under the law, notice in writing must be given, in the form prescribed by the Commissioner, to the district supervisor in case of any change in the location, form, capacity, ownership, agency, superintendency, or in the persons interested in the business of the rectifying plant, within 24 hours after such change.

(53 Stat. 309, 373, as amended; 26 U. S. C. 2812, 3170)

CHANGE IN INDIVIDUAL, FIRM, OR CORPORATE NAME

§ 190.241 *Amended notice, Form 27–B.* Where there is a change in the individual, firm, or corporate name of the rectifier, he must submit to the district supervisor an amended notice on Form 27–B, in triplicate, covering the new name.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

§ 190.242 *Amended permit.* Where there is a change in the individual, firm, or corporate name of the rectifier, he must procure from the district supervisor under the Federal Alcohol Administration Act an amended basic permit or permits authorizing the rectifier to engage in business under the new name.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

§ 190.243 *Amended articles of incorporation, etc.* Where there is a change in the corporate name of the rectifier, he must submit to the district supervisor certified copies, in triplicate, of the amended articles or incorporation, and the amended certificate of incorporation issued under the laws of the State in which incorporated, covering the change in the corporate name. If the operations are conducted in a State other than the State in which incorporated, there must also be submitted to the district supervisor certified copies, in triplicate, of the amended certificate issued under the laws of the State in which the operations are conducted authorizing the corporation to operate under its new name in such State. If other documents than those specified are required under the laws of the State to effect a change in the name of the corporation, certified copies, in triplicate, of such documents must be submitted with the notice, Form 27–B, in lieu of those specified.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

§ 190.244 *Amended articles of copartnership or association.* Where there is a change in the firm name of the rectifier, he must, if the rectifier is a copartnership or association, submit to the district supervisor certified copies, in triplicate, of the amended articles of copartnership or association, if any.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

§ 190.245 *Sign.* Where there is a change in the individual, firm, or corporate name of the rectifier, he must change the rectifying plant sign to conform to the provisions of § 190.110.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

§ 190.246 *Branding, labeling, etc.* Where there is a change in the individual, firm, or corporate name of the rectifier, he must, upon receipt of the district supervisor's authorization, as provided in § 190.316, mark, brand, and label, under such new name the spirits packaged or bottled thereunder, as provided in Subpart NN of this part, unless the spirits are rectified under a trade name or style as provided in the said subpart.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

§ 190.247 *Records.* Where there is a change in the individual, firm, or corporate name of the rectifier, he must keep records and submit reports covering operations under the new name as provided in Subpart NN of this part.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

§ 190.248 *Special tax stamps.* Where there is a change in the individual, firm, or corporate name of the rectifier, he must file within 30 days of such change an additional return on Form 11 with the collector of internal revenue covering the new individual, firm, or corporate name. The special tax stamp or stamps must be forwarded to the collector for appropriate notation with respect to such change in name.

(53 Stat. 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2812, 2831, 2857, 2861, 3170, 3270)

TRADE NAMES

§ 190.249 *Basic qualification required.* Where the rectifying plant is to be operated under a trade name or style, or under a number of trade names or styles, other than those previously approved, the rectifier must file with the district supervisor a letterhead application for approval of such name or names. The district supervisor will forward such application to the Bureau for action by the Commissioner. If the Commissioner finds that the name or names may be used he will advise the district supervisor. The rectifier will be advised accordingly. He may then file with the district supervisor Form 1643 for an amended basic permit and Form 27–B for permission to operate under the trade name (only one) specifying the date operations are to begin. The district supervisor's action will be in accordance with § 190.316.

(53 Stat. 309, 373, as amended; 26 U. S. C. 2812, 3170)

§ 190.250 *Trade names certificates, amended articles of incorporation, etc.* It will be the responsibility of the rectifier to comply with all State laws by filing certified copies of trade names and amended articles of incorporation where required. If no such certificate or amended articles of incorporation are required, the rectifier will furnish a statement to that effect.

(53 Stat. 373, as amended; 26 U. S. C. 3170)

§ 190.251 *Sign.* The rectifying plant sign must be changed to conform to the provisions of § 190.110, unless operation under the trade name is to be temporary, in which event it will not be necessary to change such sign.

(53 Stat. 318, 373, as amended; 26 U. S. C. 2831, 3170)

§ 190.252 *Branding, marking, and labeling.* The spirits must be branded, marked, and labeled under each trade name in which the spirits were packaged or bottled as provided in Subpart NN of this part.

(53 Stat. 329, 373, as amended; 26 U. S. C. 2861, 3170)

§ 190.253 *Records.* Appropriate entries must be made in the rectifying plant records covering operations under each trade name, as provided in Subpart NN of this part.

(53 Stat. 327, as amended, 373, as amended; 26 U. S. C. 2857, 3170)

§ 190.254 *Special tax stamps.* The rectifier must file within 30 days of such change an additional return on Form 11 with the collector showing the new trade name or style. Special tax stamp or stamps must be forwarded to the collector for appropriate notation with respect to such change in trade name or styles.

(53 Stat. 373, as amended, 394; 26 U. S. C. 3170, 3270)

§ 190.255 *Period of operations.* Where the rectifying plant is operated under more than one trade name or style, the operation under each must be in multiples of twenty-four hours.

(53 Stat. 373, as amended; 26 U. S. C. 3170)

§ 190.256 *Subsequent operations.* The basic qualifying documents having once been filed and approved, by the district supervisor, subsequent operations of the rectifying plant, i. e., changing from one trade name to another trade name, or from a trade name to the principal or vice versa, the procedure prescribed by §§ 190.291 to 190.293 will be followed.

(53 Stat. 373, as amended; 26 U. S. C. 3170)

CHANGE IN PROPRIETORSHIP, SUSPENSION

§ 190.257 *Notice, Form 27–B.* If the outgoing rectifier is to discontinue permanently the business of rectifying, he must file with the district supervisor Form 27–B, in triplicate, stating thereon the purpose to be "Permanent discontinuance of business," and giving the date of the discontinuance. If the outgoing rectifier is to temporarily discontinue the business of rectifying during operation of the rectifying plant by the successor, the statement of the purpose on the notice shall conform to the provisions of § 190.290.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.258 *Spirits.* Where there is to be a change in the proprietorship of the rectifying plant, the outgoing rectifier must, preparatory to transfer of the business to the successor, complete the rectification of spirits in process and taxpay the same, draw off, mark, brand, and stamp (where required) all rectified and unrectified spirits in the rectifying room, and remove all spirits from the rectifying plant and dispose of the same to a person authorized to receive them, unless they are transferred to the successor in accordance with Subpart OO of this part.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.259 *Records.* Where there is to be a change in the proprietorship of the rectifying plant, the outgoing rectifier must, preparatory to transfer of the business to the successor, make appropriate entries in the rectifying plant records and submit reports in accordance with the provisions of Subpart OO of this part.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

CHANGE IN PROPRIETORSHIP, QUALIFICATION OF SUCCESSOR

§ 190.260 *Lessee.* If the successor is a lessee, he must qualify in the same manner as the proprietor of a new rectifying plant, regardless of the temporary nature of the tenancy, except that he may adopt the plat and plans of his predecessor as provided in § 190.264. The lessee must also file with the district supervisor certified copies, in triplicate, of the lease.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.261 *Other nonfiduciary successor.* If the change in proprietorship is brought about by any other means, except by the appointment of an administrator, executor, receiver, trustee, assignee, or other fiduciary, the successor must likewise qualify in the same manner as the proprietor of a new rectifying plant, except that he may adopt the plat and plans of his predecessor as provided in § 190.264.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.262 *Fiduciary.* If the successor is an administrator, executor, receiver, trustee, assignee, or other fiduciary, and intends to receive spirits, or to possess, rectify, or dispose of spirits on hand in the rectifying plant, he must comply with the provisions of Subparts F–J of this part, to the extent that such provisions are applicable, except that in lieu of filing a new bond and a new plat and plans, the fiduciary may furnish a consent of surety extending the terms of his predecessor's bond and adopt the plat and plans of such predecessor in accordance with §§ 190.263–190.264. The fiduciary must also furnish certified copies, in triplicate, of the order of the court or other pertinent documents showing his qualification as such fiduciary. The effective date of the qualifying documents filed by a fiduciary must be the same as the date of the court order or the date specified therein for him to assume control.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.263 *Consent of surety.* The consent of surety extending the terms of the precedessor's bond to cover operation of the rectifying plant by a fiduciary must conform to the requirements of § 190.200 and be executed by both the fiduciary and the surety.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.264 *Adoption of plat and plans.* The plat and plans of the rectifying plant may be adopted by a successor where they correctly describe and depict the rectifying plant premises and the buildings, apparatus, and equipment thereon, to be taken over by the successor. The adoption by a successor of the plat and plans of his predecessor shall be in the form of a certificate, in triplicate, in which shall be set forth the name of the predecessor, the address and number of the rectifying plant, a description of the rectifying plant premises, the number of each sheet comprising each plat and plan covered by such certificate, and a statement that the rectifying plant premises, and the buildings, apparatus, and equipment thereon, are correctly described and depicted on such plat and plans.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.265 *Sign.* The successor, if other than a fiduciary temporarily operating the rectifying plant, must change the rectifying plant sign to conform to the requirements of § 190.110.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.266 *Special tax stamps.* The successor, if other than a fiduciary, must procure the required special tax stamps in accordance with Subpart T of this part. A fiduciary successor must submit Form 11 to the collector within 30 days from the date when operations are commenced by him. The special tax stamp or stamps should be submitted by the fiduciary to the collector for appropriate notation as to their transfer. Failure to file Form 11 will result in the rectifier incurring an additional special tax liability, computed from the first day of the calendar month in which operations were commenced.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

§ 190.267 *Spirits and wines.* If spirits and wines are received by transfer from the predecessor, the successor must comply with the requirements of Subpart CO of this part.

(53 Stat. 308, as amended, 309, 318, 327, as amended, 329, 373, as amended, 394; 26 U. S. C. 2810, 2812, 2831, 2857, 2861, 3170, 3271)

OTHER CHANGES

§ 190.268 *Changes in partnership.* The withdrawal of one or more members of a partnership or the taking in of a new partner, whether active or silent, shall constitute a change in proprietorship. Likewise, the bankruptcy or adjudicated insolvency of one or more of the partners results in a dissolution of the partnership and, consequently, a change in proprietorship. Where such a change in proprietorship of the rectifying plant occurs, the successor must qualify in the same manner as a new proprietor of the rectifying plant, except that the successor may adopt the plat and plans of the predecessor, in the manner prescribed by § 190.264.

§ 190.269 *Changes in stockholders, officers, and directors of corporation.* The sale or transfer of the capital stock of a corporation operating a rectifying plant does not constitute a change in the proprietorship of the rectifying plant. However, where the sale or transfer of capital stock results in a change in the control or management of the business, or where there is a change in the officers or directors, the rectifier must give notice thereof, in triplicate, to the district supervisor within 24 hours after such change. Mere changes in stockholders of corporations not constituting a change in control need not be so reported. The district supervisor must, in the case of changes in officers or directors, be furnished extracts, in triplicate, of the minutes of the meetings showing such changes.

(53 Stat. 309; 26 U. S. C. 2812)

§ 190.270 *Reincorporation.* Where a corporation operating a rectifying plant is reorganized and a new charter or certificate of corporation is secured, the new corporation must qualify in the same manner as a new proprietor of the rectifying plant, except that the new corporation may adopt the plat and plans of the predecessor, in the manner prescribed by § 190.264.

§ 190.271 *Change in location.* Where there is a change in the location of the rectifying plant, the rectifier must comply with all applicable provisions of Subparts F–J of this part, except that in lieu of the filing of a new rectifier's bond, Form 34, the rectifier may furnish a consent of surety, Form 1533, in accordance with § 190.200, extending the terms of the rectifier's bond given for the former location to cover operation of the rectifying plant at the new location. The rectifier must submit, within 30 days from the date of commencing business at the new location, Form 11 to the collector for the district, and the special tax stamp or stamps must be forwarded to such collector for appropriate notation of the change of location. Failure to so file Form 11 will result in the rectifier incurring additional special tax liability, computed from the first day of the calendar month in which operations were commenced at the new location.

(53 Stat. 309, 396; 26 U. S. C. 2812, 3280)

§ 190.272 *Changes in premises.* Where the rectifying plant premises are to be extended or curtailed, the rectifier must file with the district supervisor an amended notice, Form 27–B, and an amended plat of the premises as extended or curtailed. If the plans are affected by the extension or curtailment, they must also be amended. If the rectifying plant is within 600 feet of a distillery, the rectifier must also file a special application in accordance with § 190.82 or § 190.83, if the changes are of such nature or extent as to require a special application. The additional premises covered by an extension may not be used for rectifying purposes, and the portion of the premises to be excluded by a curtailment may not be used for other than rectifying purposes, prior to approval of the notice, Form 27–B.

(53 Stat. 373, as amended; 26 U. S. C. 3170)

§ 190.273 *Changes in construction and use.* Where a change is to be made in the construction of a room or building not involving an extension or curtailment of the rectifying plant premises, or where a change is to be made in the use of any portion of such premises, the rectifier shall first secure approval thereof by the district supervisor pursuant to application, in triplicate, setting forth specifically the proposed changes. Upon approval of the application, the changes will be made under the supervision of a Government officer, unless, in the opinion of the district supervisor, they do not require such supervision. The completed changes will be reflected in the next amended notice, Form 27–B, and amended plans filed by the rectifier, unless the district supervisor requires the immediate filing of an amended notice and amended plans.

(53 Stat. 309, 318; 26 U. S. C. 2812, 2829)

§ 190.274 *Changes in equipment.* Where changes are to be made in the apparatus and equipment, the rectifier must file an amended notice and amended plans, except that in the case of minor changes, such as general repairs, changes in pipe lines, or the addition or removal of a tank, an amended notice and amended plans need not be filed immediately: *Provided*, That the proprietor shall first secure approval thereof by the district supervisor pursuant to application, in triplicate, setting forth specifically the proposed changes. Emergency repairs may be made under the supervision of the Government officer without prior approval of the district supervisor. However, where such emergency repairs are made the proprietor shall file immediately a report thereof, in triplicate, with the district supervisor. Changes covered by an approved application will also be made under the supervision of a Government officer. Upon completion of any changes made under his supervision, the Government officer will submit a report, in triplicate, of the changes to the district supervisor.

(53 Stat. 309, 318; 26 U. S. C. 2812, 2829)

SUBPART N—REQUIREMENTS GOVERNING OPERATION OF RECTIFYING PLANT UNDER ALTERNATING PROPRIETORSHIPS

§ 190.290 *Qualifications.* Where it is desired to operate a rectifying plant under alternating proprietorships, the successor (lessee) rectifier must qualify as proprietor of the rectifying plant in accordance with the provisions of §§ 190.260–190.267. At the time of the first suspension of the rectifying plant for operation under an alternating proprietorship, the outgoing (lessor) rectifier must discontinue operations and file with the district supervisor an amended notice on Form 27–B, in triplicate, stating thereon the purpose of the notice to be "Temporary discontinuance in order that the rectifying plant may be operated by an alternate rectifier" and give the date of discontinuance. The outgoing (lessor) rectifier shall also file a blanket consent of surety, Form 1533, in triplicate, to continue in effect bond, Form 34. Such blanket consent of surety may be filed to cover all such alternate operations and may be executed in the following form:

To continue in effect the said bond, whenever operation of the rectifying plant is resumed from time to time, pursuant to application on Form 1696, filed by the principal following suspension of operations by an alternate proprietor.

The outgoing (lessor) rectifier shall also comply with the requirements of Subpart OO of this part.

§ 190.291 *Suspension and subsequent alternate proprietorships.* Where an alternate proprietor desires to suspend operations of the rectifying plant preparatory to resumption by another alternate proprietor, he must file Form 1696, after proper execution of Parts 1 and 2, through the storekeeper-gauger in charge, with the district supervisor, giving notice of intention to suspend operations. The form shall be executed and filed in accordance with the various lines on the form and the instructions printed thereon or issued in respect thereto, and as required by this part. Form 1696 shall contain or be verified by a written declaration that it is executed under the penalties of perjury. Operations will be suspended at the time specified in the notice upon approval thereof by the district supervisor. The outgoing (lessor) rectifier shall also comply with the requirements of Subpart OO of this part.

(63 Stat. 667; 26 U. S. C. 3809)

§ 190.292 *Resumption for subsequent alternate proprietorships.* Where an alternate proprietor desires to resume operation of the rectifying plant following suspension by another alternate proprietor, he must file Form 1696, after proper execution of Parts 1 and 2, through the storekeeper-gauger in charge, with the district supervisor for authority to resume operations. The notice shall be executed and otherwise completed as provided in § 190.291. The outgoing (lessor) rectifier shall also comply with the requirements of Subpart OO of this part.

§ 190.293 *Approval and disposition of Form 1696.* Upon receipt of Form 1696, the district supervisor will, if he finds that the notice may be properly approved, execute the certificate of approval on all copies and dispose of the copies in accordance with the instructions printed thereon or issued in respect thereto.

SUBPART O—ACTION BY DISTRICT SUPERVISOR

ORIGINAL ESTABLISHMENT

§ 190.300 *Special application.* Where a special application for permission to operate a rectifying plant within 600 feet of a distillery is submitted by the rectifier and such special application

conforms to the requirements of this part, the district supervisor will cause an inspection to be made to determine whether the proposed operation of the rectifying plant within 600 feet of the distillery may be permitted without jeopardy to the revenue. The inspector will ascertain whether the application accurately describes the relative location of the two premises and all pipe lines and other connections, if any, between such premises. The inspector will also observe the surroundings, including all streets, roads, and driveways connecting the two premises, and any condition which might endanger the revenue, and will describe the same in his report. If the district supervisor finds, upon consideration of the inspection report, that the rectifying plant may be operated at the designated location without danger to the revenue, he will note his approval on all copies of the special application. He will then return one copy of the approved application to the applicant, retain the original for his files, and forward the remaining copy, together with a copy of the inspection report, to the Commissioner. Approval of the special application pertains to the location of the rectifying plant only, and does not authorize the operation thereof. The rectifying plant may not be operated until the rectifier's bond and other qualifying documents required by law and this part have been filed and approved. If the special application is disapproved, the district supervisor will note his disapproval thereon and will return all copies of such application to the applicant, with advice as to the reasons for disapproval.

(53 Stat. 314, 319, 373, as amended; 26 U. S. C. 2819, 2832, 3170)

§ 190.301 *Examination of other qualifying documents.* Upon receipt of the notice, plat, plans, bond, and other documents required by this part of persons intending to qualify as rectifiers, the district supervisor will examine the same to determine whether they have been properly executed, and whether they reflect compliance with the requirements of the law and this part. Where any required document has not been filed, or where errors or discrepancies are found in those filed, or where the documents filed do not reflect compliance with this part, action thereon will be held in abeyance until the omission, error or discrepancy, has been rectified, and there has been full compliance with all requirements.

§ 190.302 *Inspection of premises and equipment.* When the required documents have been filed in proper form, the district supervisor will assign an inspector to examine the premises, buildings, apparatus and equipment, and determine whether they conform with the description thereof in the notice, plat and plans, and whether the construction and measures of protection afforded meet the requirements of law and this part. Where the inspection discloses minor irregularities in the qualifying documents or in the construction, the inspector will, at the time of their discovery, direct the attention of the rectifier to the same in order that the rectifier may correct the defects before completion of the inspection.

§ 190.303 *Examination of bottling tank.* The district supervisor will cause a careful examination to be made of each bottling tank to see that it is constructed in strict compliance with this part before it is used by the rectifier. The officer charged with the duty of examining the bottling tank will also test the accuracy of the scale or measuring device provided for determining the contents of the tank, and if it is found that the same is not strictly accurate, or if any portion of the equipment does not conform to the requirements of this part, he will not recommend approval of the tank until the proper changes are made.

§ 190.304 *Test of measuring devices.* The test of the accuracy of the scale or measuring device must be an actual one. It may be made by filling the tank with water and drawing off several precise quantities, observing after each withdrawal that the quantity remaining is correctly indicated by the scale or measuring device and that the quantity withdrawn agrees with that indicated by the scale or measuring device. An accurate water meter, where available, may likewise be used to check the calibration of the tank. Where bottling tanks are mounted on scales, the accuracy of the scales used for weighing spirits in lots of not over 500 gallons will be tested from time to time, under the supervision of the Government officer, by means of the test weights provided in accordance with § 190.117. The scales will be tested by placing the test weights on the scales and checking the weight registered on the beam of the scales. The test weights will then be removed without disturbing the beam and the bottling tank filled with spirits or water to the same weight, whereupon the test weights will again be placed upon the scales, the spirits or water being retained in the tank and the weight registered on the beam checked. This operation will be continued until the scales have been checked in 500-pound notches at all weights at which the scales are used. The proprietor will have scales used for weighing spirits in lots of 500 gallons or more tested and their accuracy certified by State, county, or city departments of weights and measures at intervals of not more than six months. The storekeeper-gauger will not permit the use of any scales not so tested or which upon testing are found to be inaccurate.

§ 190.305 *Necessity for accuracy.* It is absolutely necessary that the scale or measuring device used for determining the contents of a bottling tank be accurate and precise, for ascertainment of the correct amount of tax due on taxable products to be bottled therefrom is dependent thereon. The district supervisor should, after the initial test is made, require further tests from time to time to determine whether the scale or measuring device is still accurate.

§ 190.306 *Approval of bottling tank.* When the officer examining the bottling tank or tanks is satisfied that the same and the attachments thereto are properly constructed and the scales or measuring devices are accurate, he will so report to the district supervisor in writing and will securely attach to each such tank a certificate on Form 244. No tank or attachment thereto shall be used until such certificate has been attached and the tank and attachment thereto have been approved.

§ 190.307 *Report of inspection.* Upon completion of the inspection, a report thereof will be submitted to the district supervisor. The report shall describe separately all irregularities and discrepancies found during the course of the inspection, and shall include a complete statement describing all unusual or special conditions. Where irregularities were corrected during the inspection, the report will indicate the corrections so made. The report need not set out in detail each description as set forth in the notice, plat and plans. The description of buildings, rooms, and equipment in the report should be general and brief. However, construction, equipment, signs, etc., which are not in conformity with law and this part, will be completely described. If there are any pipe lines or other connections or openings between the rectifying plant premises and other premises, the same shall be described in detail. The report will also show whether the bottling tanks are constructed in accordance with this part and whether the measuring devices provided for determining the contents of such tanks have been tested and found to be accurate and certificate on Form 244 is attached to each such tank. There shall be further embodied in the report a statement as to whether or not another business is being conducted, or is intended to be conducted, on the rectifying plant premises or in the buildings or rooms thereon.

§ 190.308 *Inaccurate documents.* Where the district supervisor's examination, or the inspector's report, discloses discrepancies in the qualifying documents, the inaccurate or incomplete documents will be returned to the proprietor for correction. A record will be kept of all bonds so returned.

§ 190.309 *Defective construction.* Where it is found that the construction of the rectifying plant or its equipment does not conform to the requirements of the law and this part, the district supervisor will inform the proprietor concerning the defects, and further action will be held in abeyance pending correction thereof.

§ 190.310 *Law violation record.* Before approving any bond or consent of surety given by any individual, firm, partnership, corporation, or association, in respect to the business of rectifiers, the district supervisor will cause such inquiry or investigation as may be deemed necessary to ascertain whether any individual, firm, partnership, corporation, or association, or any person owning, controlling, or actively participating in the management of the business has been convicted of, or has compromised, an offense of the nature specified in § 190.203. Where record is found of the conviction or compromise of such an offense, the district supervisor will approve or disapprove the bond or consent upon the basis of his findings: *Provided*, That if the bond or consent is disapproved, the principal may appeal the district supervisor's action to the Commissioner. Where an appeal is taken to the Commissioner, the district supervisor will furnish the Commissioner with full information respecting the reasons for disapproval, including the nature and place of the offense, the names of the offenders and the date of conviction or acceptance of an offer in compromise.

(53 Stat. 311; 26 U. S. C. 2815)

§ 190.311 *Approval of qualifying documents.* If the district supervisor finds, upon examination of the inspection report, that the person seeking to qualify as a rectifier has complied in all respects with the requirements of the law and this part, and if the rectifier's bond (Form 34) may be properly approved under § 190.310, and if the applicant is entitled to a permit, he will assign a registry number to the rectifying plant in accordance with § 190.312, note his approval on all copies of the rectifier's bond, consent, notice and plat and plans, and dispose of the qualifying documents and inspectors' reports in accordance with § 190.314. The issuance of a permit should be withheld pending approval of the notice, bond, and other qualifying documents required under the internal revenue laws.

(53 Stat. 311; 26 U. S. C. 2815)

§ 190.312 *Registry numbers.* Rectifying plants will be numbered serially in the order of their establishment. A separate series will be used for each State. Registry numbers heretofore assigned will be retained, and new rectifying plants will be assigned numbers in sequence thereto. Registry numbers previously assigned to discontinued rectifying plants will not be reassigned to other rectifying plants. The same registry number will be continued whenever there is a change in proprietorship.

§ 190.313 *Disapproval of qualifying documents.* If the district supervisor finds that the applicant has not complied in all respects with the requirements of the law and this part, or that the situation of the rectifying plant is such as would enable the rectifier to defraud the United States, or that the bond should be disapproved under § 190.310, he will note his disapproval on the notice, and will dispose of all qualifying documents in accordance with § 190.314.

(53 Stat. 311; 26 U. S. C. 2815)

§ 190.314 *Disposition of qualifying documents.* Where the district supervisor approves the qualifying documents, he will forward to the applicant one copy of the documents with the original of the basic permits (Forms 1638, and 1642, if any) issued pursuant to Regulations 1 (27 CFR Part 1) issued under the Federal Alcohol Administration Act, forward to the Commissioner the originals of the documents and a copy of the basic permit issued under the Federal Alcohol Administration Act, together with copies of inspection reports, and retain one copy of the qualifying documents for the file of the applicant. If the qualifying documents are disapproved, the district supervisor shall note his disapproval on all copies of the notice with brief statements of his reasons therefor, and return to the applicant by registered mail, one copy of the disapproved notice, together with all copies of the qualifying documents and all copies of the bond without action thereon. The district supervisor shall forward one copy of the disapproved notice to the Commissioner and will advise him fully respecting the disapproval thereof. He shall retain the remaining papers in his files. If the applicant is not entitled to a basic permit, the district supervisor will, upon disapproval of the application therefor, return all copies of the qualifying documents to the applicant without action thereon.

§ 190.315 *Notification of collector.* Upon approval of the notice, plat and plans, bond and other qualifying documents, the district supervisor will notify the collector of the district in which the premises are located, on Form 1411 or otherwise, to insure the payment of special taxes as required by this part. Collectors will not issue special tax stamps to rectifiers until such notice has been received from the district supervisor.

CHANGES SUBSEQUENT TO ORIGINAL ESTABLISHMENT

§ 190.316 *Procedure applicable.* The provisions of §§ 190.311–190.315 respecting the action required of district supervisors in connection with the original establishment of rectifying plants will be followed, to the extent applicable, where there is a change in the individual, firm or corporate name of the rectifier, or the trade name or style, proprietorship, location, premises, construction, apparatus and equipment of the rectifying plant, or where operations are permanently discontinued.

§ 190.317 *Applications and reports covering changes.* Where an application covering changes in rectifying plant buildings or rooms, or in the apparatus or equipment, is approved by the district supervisor, he will retain one copy of the application, forward one copy to the rectifier and one copy to the Commissioner, and, when reports covering minor changes in rectifying apparatus and equipment are received from the rectifier in accordance with § 190.274, he will retain one copy and promptly forward one copy to the Commissioner.

ADDITIONAL AND SUPERSEDING BONDS, AND CONSENTS OF SURETY

§ 190.318 *Procedure applicable.* The procedure prescribed in this subpart for the approval of bonds and consents of surety submitted in connection with the establishment of rectifying plants will, to the extent applicable, govern the approval and disapproval of additional and superseding bonds, and consents of surety.

SUBPART P—ACTION BY COMMISSIONER

ORIGINAL ESTABLISHMENT

§ 190.325 *Review of documents.* The Commissioner will review the action of the district supervisor relating to the establishment of rectifying plants and determine whether it is in conformity with the requirements of the law and this part. If not, the Commissioner will advise the district supervisor as to the necessary action to be taken.

(53 Stat. 311; 26 U. S. C. 2815)

CHANGES SUBSEQUENT TO ORIGINAL ESTABLISHMENT

§ 190.326 *Procedure applicable.* The foregoing provisions of this subpart respecting the action of the Commissioner in connection with the establishment of rectifying plants will be followed, to the extent applicable, where there is a change in the name, or in the firm name, trade name or style, or in the proprietorship, location, premises, construction, apparatus and equipment.

SUBPART Q—TERMINATION OF BONDS

§ 190.330 *Termination of rectifier's bond.* The rectifier's bond, Form 34, is a continuing bond and, therefore, continues in effect for an indefinite period, unless terminated. Such bonds may be terminated as to future rectification pursuant to application by the surety as provided in § 190.332 or upon approval of a superseding bond or discontinuance of the business by the principal. Application for notice of termination of the rectifier's bond upon approval of a superseding bond or discontinuance of the business must be filed in duplicate with the district supervisor.

§ 190.331 *Termination of drawback bonds.* Bonds given on Form 1581 to cover drawback of internal revenue taxes paid on distilled spirits bottled especially for export, and exported, will be terminated by the district supervisor when no further withdrawals are to be made thereunder: *Provided*, That the account kept with the bond in accordance with Regulations 28 (26 CFR, Part 176), shows there are no outstanding charges.

(53 Stat. 377, as amended; 26 U. S. C. 3179)

§ 190.332 *Application of surety for relief from bond.* A surety on any bond may at any time in writing notify the principal and district supervisor, in whose office the bond is on file, that he desires after a date named, which shall be at least sixty days after date of notification, to be relieved of liability under said bond. The notice shall be executed in triplicate by the surety, who shall deliver one copy to the principal and the other two to the district supervisor, who will retain one copy and transmit the remaining copy to the Commissioner. If such notice is not thereafter in writing withdrawn, the rights of the principal as supported by said bond shall be terminated on the date named in the notice, and the surety shall be relieved in the case of a rectifier's bond, Form 34, from liability for products rectified wholly subsequent to the date named in the notice, and in the case of drawback bonds, Form 1581, from liability for distilled spirits withdrawn for export wholly subsequent to such date. This notice may not be given by an agent of the surety unless it is accompanied by a power of attorney duly executed by the surety authorizing him to give such notice or by a verified statement that such

power of attorney is on file with the Treasury Department. The surety must also file with the district supervisor an acknowledgement or other proof of service of such notice on the principal.

§ 190.333 *Action on application for notice of termination of rectifier's bond.* When an application for notice of termination of a rectifier's bond as to future rectification is filed with the district supervisor in a case where a superseding bond has been approved, or the principal has discontinued business, as provided in § 190.330, the district supervisor will make a complete examination of records to determine whether there is any liability outstanding against the bond. He will also ascertain from the collector of internal revenue whether there are any outstanding, unpaid assessments or demands for taxes on products rectified under the bond. If it is found that outstanding assessments, or demands for payment, of taxes chargeable against the bond have not been paid or otherwise settled, or that all taxes have not been paid on all spirits and wines subjected to any act of rectification during the period covered by the bond, the district supervisor will disapprove the application, unless the liability is settled. If the district supervisor finds that the rectifier's bond may properly be terminated, he will issue notice of termination thereof in accordance with § 190.334.

§ 190.334 *Notices, Forms 1490 and 1491.* When the district supervisor has determined that an application for termination of a rectifier's bond (Form 34) as to liability for future rectification, may properly be approved, he will execute Form 1490, where a superseding bond has been approved, or Form 1491, where the principal has discontinued business, in quadruplicate (quintuplicate if there are two sureties) and will forward the original to the Commissioner, one copy to each obligor on the bond, and retain one copy on file with the bond to which it relates.

§ 190.335 *Release of collateral.* The release of collateral pledged and deposited with the United States to support bonds required by this part will be in accordance with the provisions of Department Circular No. 154, revised (31 CFR, Part 225), subject to the conditions governing the issuance of notices on Forms 1490 and 1491 of the termination of such bonds. On approval of an application for the issuance of notice of termination of a rectifier's bond supported by collateral security, the district supervisor will fix the date or dates on which a part or all of the security may be released. In fixing such date, which ordinarily will be not less than six months from the date of determining that there is no outstanding liability against the bond, the district supervisor will satisfy himself that the interest of the Government will not be jeopardized. Collateral pledged and deposited to support a rectifier's bond, Form 34, will not be released by the district supervisor until all spirits which have been subjected to any act of taxable rectification while the bond was in force and effect have been tax-paid. At any time prior to the release of such collateral security the district supervisor may, in his discretion, and for proper cause, further extend the date of release of the security for such additional length of time as in his judgment may be appropriate. Collateral pledged and deposited to support a drawback bond, will ordinarily be released by the district supervisor upon issuance of notice of release of the bond, Form 1491.

(Sec. 1126, 44 Stat. 122; 6 U. S. C. 15)

SUBPART R—INSTRUMENTS

§ 190.345 *General requirements.* Rectifiers must provide themselves with proper instruments for gauging or determining the alcoholic content of spirits and wines.

(53 Stat. 329; 26 U. S. C. 2851)

§ 190.346 *Hydrometer set.* For use in determining the proof of distilled spirits and rectified spirits to which saccharine or other solid matter has not been added, rectifiers will provide themsleves with an accurate hydrometer set, consisting of cup with thermometer and the necessary stems.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.347 *Ebulliometer.* Except as provided in § 190.570, rectifiers will provide themselves with an approved ebulliometer or a small still for use in determining the alcoholic content of blended whiskies containing sherry wine, prune juice, caramel, glycerine, etc., and of wines, cordials, liqueurs, and other rectified products containing saccharine or other solid matter. The following ebulliometers have been approved by the Commissioner for use in determining the alcoholic content of such products: Salleron-Dujardin, Juerst, Lefco, Braun, E. B. Torino (with shield), "TAG" (with shield), Malligand Type (with shield), L'Ebulliometer Levesque (with shield), and Arnaldo-Sala (with shield). The E. B. Torino, "TAG," Malligand Type, L'Ebulliometer Levesque, and Arnaldo-Sala have been approved subject to the condition that they will be used in connection with a shield to protect them from drafts or air currents.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.348 *Other instruments.* The Commissioner may authorize the use of other instruments or methods for determining the alcoholic content by volume of such blended whiskies, and of wines, cordials, liqueurs, and similar products.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.349 *Accuracy of instruments to be checked.* Government officers will from time to time check the accuracy of instruments used at rectifying plants. Instructions for use of hydrometer sets and of small stills (or wine sets) will be found in the Gauging Manual (26 CFR, Part 186) and in Regulations 7 (26 CFR, Part 178), respectively. Ebulliometers will be tested in accordance with the instructions furnished with the instruments. Instructions for the use of approved ebulliometers will be found in Regulations 7.

SUBPART S—FORMULAS AND PROCESSES

§ 190.360 *Form 27–B Supplemental.* Every rectifier must file with the district supervisor a statement in detail of each formula and process by which he intends to rectify spirits. A separate Form 27–B Supplemental, in quadruplicate, must be filed for each formula and process, and each formula will be serially numbered beginning with number 1. The form will be prepared in accordance with the instructions printed thereon or issued in respect thereto and as required by this part.

§ 190.361 *Description of formula.* Each formula must show the name of the product, the proof thereof, and all the ingredients composing the formula, but the quantity or percentage of each ingredient need not be given, except as provided in this section. Where the taxability or labeling of the product is affected by the quantities or percentages of the ingredients used, the quantities or percentages of such ingredients shall be specified in the formula. Where grape wine, citrus-fruit wine, peach wine, cherry wine, berry wine, apricot wine, prune wine, plum wine, pear wine, pawpaw wine, papaya wine, pineapple wine, cantaloup wine, or apple wine, which has been fortified with brandy is used, the percentage thereof by volume of the finished product shall be shown. Where sweetening materials are used in compounding products with such wine, the kind and quantity of the sweetening material shall be shown. Where coloring, flavoring, or blending materials are used, the kind and percentage thereof by volume shall be shown. If intermediate products are made for use in manufacturing finished products for sale, as provided in § 190.504, the formula and process by which both the intermediate products and the finished products are made shall be filed. The Commissioner or district supervisor may require the quantity or percentage of each ingredient to be specified in any formula when such is deemed necessary to determine the proper taxability or labeling of the product. Formulas specifying various proofs may be accepted, provided each lot of spirits transferred to a bottling tank is bottled at the same proof. Where the rectifying process will not be completed within ten days, the time required for completion thereof must be shown on Form 27–B Supplemental, and application for approval of such extended process submitted therewith in accordance with Subpart Z of this part.

§ 190.362 *Use of alcoholic flavoring material.* Formulas providing for the use of alcoholic flavors or flavoring extracts under the provisions of §§ 190.59–190.61, in addition to showing the kind of and percentage (by volume) of such material used, must specify the percentage of alcohol (by volume) contained therein. Any formula requiring the use of flavoring materials in excess of the 2½ percent limitation provided in § 190.59 shall show the quantity of alcohol in the finished product derived from flavors or flavoring extracts subject to drawback under section 3250 (1), I. R. C., and flavors or flavoring extracts on which drawback has not been nor will be claimed, and, as to the latter, shall show whether such material is manufactured on rectifying plant premises or obtained from a manufacturer, and if obtained from a manufacturer, whether there will be on file at the rectifying plant a sworn statement by the manufacturer that drawback under section 3250 (1), I. R. C., has not been nor will be claimed on such material. When rectified spirits are bottled or packaged especially for export with benefit of drawback, the rectifier will enter on Form 237 the quantities of each flavoring and blending material used in the product of a particular lot as required by Regulations 28 (26 CFR Part 176).

§ 190.363 *Description of process.* The statement of process must set out in sequence each step therein from the dumping of the spirits for rectification to the completion of the finished product. If the process employed is a continuous one, the statement should clearly show the continuity of the steps thereof. Rectifying processes are deemed to be continuous or unbroken where the spirits are carried through the various steps of rectification specified in the approved formula and statement of process as expeditiously as normal, efficient plant operation will permit in the manufacture of a finished product of standard quality. Reasonable intervals of time occurring between the completion of one step and the commencement of another step occasioned by normal plant operation are not deemed to be a break in the continuity of the rectifying process, where such steps are specified in the approved formula and statement of process and the rectifying process is completed within the specified 10-day limit or such further period of time as may be authorized by the Commissioner.

§ 190.364 *Changes of formulas and processes.* Where a formula conforming to the requirements of this subpart has been submitted it will not be necessary to submit a new formula if the product is to be put up under another brand name (but not as another class or type), or if the quantity of any ingredient used, other than those the percentage of which is required to be disclosed, is varied from time to time. Where the ingredients composing the formula are changed, however, a new formula must be submitted. Any change in the process of rectification will necessitate the submission of a new Form 27–B Supplemental showing the formula and the changed process. Once an approved formula is superseded by a new formula, the original formula will no longer be used and will be surrendered to the district supervisor.

§ 190.365 *Disposition of Form 27–B Supplemental.* The district supervisor will forward all copies of Form 27–B Supplemental to the Commissioner. If the form is properly prepared and the process is approved, the Commissioner will indicate the tax or taxes due on the finished product, note his approval on the form, retain one copy thereof and return three copies to the district supervisor, who will retain one copy and forward one copy to the rectifier and one copy to the storekeeper-gauger assigned to the plant. The approved Forms 27–B Supplemental will be filed in serial order, available for ready reference, by the storekeeper-gauger at the rectifying plant and by the rectifier and the district supervisor.

SUBPART T—SPECIAL (OCCUPATIONAL) TAXES

§ 190.375 *Rectifier's special tax.* Every person engaged in business as a rectifier, within the meaning of the term as defined in Subpart C, must file Form 11 with the collector and pay special tax as such. Persons rectifying less than 500 barrels a year, counting 40 proof gallons to the barrel (i. e., less than 20,000 proof gallons), must pay special tax at the rate of $110 per year, and persons rectifying 500 barrels or more a year (i. e., 20,000 proof gallons or more) must pay special tax at the rate of $220 per year.

(53 Stat. 388, as amended; 26 U. S. C. 3250)

§ 190.376 *Change to higher or lower rate.* A rectifier who has paid the special tax as a rectifier of less than 500 barrels and who exceeds that quantity must immediately pay the special tax due at the higher rate ($220 per year) to the collector for the full period, and obtain a new special tax stamp. The rectifier may submit the stamp representing the special tax paid at the lower rate to the collector with a claim on Form 843 for redemption thereof. A rectifier who has paid special tax at the higher rate, but actually rectifies less than 500 barrels of spirits during the year, may likewise procure a new special tax stamp at the lower rate ($110) and submit the stamp representing the tax paid at the higher rate to the collector with a claim on Form 843 for redemption thereof.

(53 Stat. 388, as amended; 26 U. S. C. 3250)

§ 190.377 *Liquor dealers' special taxes.* Rectifiers who sell distilled spirits or wines must file separate return on Form 11 and pay special (occupational) taxes as wholesale liquor dealer or retail liquor dealer, or both, in accordance with the law and Regulations 20 (26 CFR, Part 194).

(53 Stat. 388, as amended, 391; 26 U. S. C. 3250, 3254)

§ 190.378 *Warehouse receipts covering distilled spirits.* Since the sale of warehouse receipts for distilled spirits is equivalent to the sale of distilled spirits, every proprietor of a rectifying plant who sells, or offers for sale, warehouse receipts for distilled spirits stored in internal revenue bonded warehouses, or elsewhere, incurs liability to special tax as a dealer in liquors at the place where warehouse receipts are sold or offered for sale and must file return on Form 11, pay occupational tax as provided in § 190.377, and procure a wholesaler's basic permit issued under Regulations 1 (27 CFR Part 1) issued pursuant to the Federal Alcohol Administration Act.

(53 Stat. 388, as amended, 391, 394; 26 U. S. C. 3250, 3254, 3270, 3271, 3272)

§ 190.379 *Liability not affected by commodity tax exemption.* Exemption from the commodity tax on products of rectification does not provide exemption from the special tax as a rectifier, nor from the dealers' special taxes for the sale of rectified spirits.

SUBPART U—PLANT OPERATION

§ 190.385 *Restrictions.* No operations pertaining to transferring spirits from tanks or tank cars, to storage tanks, gauging and dumping spirits or wines for rectification, rectifying, bottling, or shipping, shall be carried on at a rectifying plant during other than regular business hours, unless special permission is first obtained therefor from the district supervisor, which permission, by reason of section 2870, I. R. C., shall not extend to the removal of any package of spirits containing more than 10 gallons between sundown and sunrise: *Provided, however,* That these restrictions shall not apply to rectifying processes that are automatic and continuous, and do not require any personal handling or other manipulation during such restricted hours.

(53 Stat. 331; 26 U. S. C. 2870)

§ 190.386 *Operations after regular hours.* The district supervisor will exercise sound discretion and may allow such rectifying processes, bottling, and other things to be done after regular hours, as in his judgment may safely be permitted without jeopardy to the revenue, where the proprietor establishes legitimate necessity therefor. The rectifier may, in the discretion of the district supervisor, be authorized to complete the distillation of tax-exempt gin or the bottling of spirits after regular business hours: *Provided,* That such distillation is limited to the quantity of spirits involved in the distilling operation in progress at the close of regular business hours and such bottling operations are confined to spirits which have been released for bottling by the Government officer after all taxes due, if any, have been paid, and that the gin produced is run into closed, locked receiving tanks and the spirits bottled are kept on the premises until the following business day. Such other operations as the filtering of spirits, the filling of bottling tanks where the outlets thereof are locked, and the conducting of taxable rectifying processes where the spirits are retained for inspection and tax-payment, may be authorized in the discretion of the district supervisor.

§ 190.387 *Emergency operations under supervision.* Except as provided in § 190.386, the operations at rectifying plants will be restricted to regular business hours, unless it should be found necessary to permit operations after such hours to meet seasonable demands or temporary emergency conditions. An emergency will be understood to mean a condition which could not reasonably be obviated. Where bona fide emergencies exist, district supervisors will assign officers to duty outside of regular hours only after thorough investigation of the facts in each case and only in the event the necessary personnel can be assigned without undue interference with other activities.

§ 190.388 *Expedition required.* It is not necessary to keep Government officers at plants where no operations are

being conducted, and, as provided in § 190.395, one officer may be assigned to supervise several small plants. Where a Government officer is not assigned continuously at a rectifying plant, rectifiers will, upon arrival of the officer, be required to conduct the operations requiring his supervision as expeditiously as possible in order that the officer may not be required to remain at the rectifying plant any longer than necessary.

§ 190.389 *Operations without supervision.* Where the volume of business at a rectifying plant is insufficient to warrant the assignment of a Government officer to continuous duty at the plant during regular business hours, the rectifier may conduct such operations in the absence of the officer as are not required by this part to be done under the supervision of a Government officer: *Provided, however,* That the district supervisor may in his discretion require such other operations to be conducted in the presence of the Government officer as he deems necessary for the protection of the revenue.

SUBPART V—COMMENCEMENT OF OPERATIONS

§ 190.395 *Assignment of storekeeper-gauger.* When a rectifying plant has been established as provided in this part, the district supervisor will, upon the commencement of operations, assign one or more storekeeper-gaugers to the plant: *Provided,* That one storekeeper-gauger may be assigned to supervise several small plants. In determining the number of storekeeper-gaugers to be assigned to a rectifying plant the district supervisor will consider the number and size of the rooms or buildings comprising the plant, the quantity of spirits to be gauged and dumped daily, the quantity to be bottled daily, and whether the rectifying plant is contiguous or adjacent to a distillery or internal revenue bonded warehouse.

§ 190.396 *Examination of plant.* Storekeeper-gaugers will, upon assignment to a rectifying plant intending to commence operations, examine the plant and the apparatus and equipment, and determine that the plant and the apparatus and equipment conform to this part.

SUBPART W—RECEIPT OF SPIRITS

§ 190.405 *Tax-paid liquors only.* Only distilled spirits, wines, and other liquors that have been previously tax-paid at the rates provided by law may be received at a rectifying plant.

§ 190.406 *Deposit in receiving room.* Except as provided in §§ 190.94, 190.407, and 190.408, all distilled spirits, wines, and other liquors received at a rectifying plant shall be immediately placed in the receiving room. The spirits, wines, and other liquors must remain in the receiving room (or storage tank located in the rectifying room) until permission is obtained on Form 122, to remove the same to the rectifying room for dumping and rectification, or on Form 230, to remove the same to the bottling room, or to the rectifying room where no separate bottling room is provided, for dumping and bottling without rectification, except that unrectified bulk spirits may be shipped or removed from the receiving room without obtaining such permission.

§ 190.407 *Receipt by tank car.* Where distilled spirits are received in tank cars or wines are received in tank cars, tanks, or tank trucks, they must be transferred directly from such containers into storage, processing or bottling tanks if the distilled spirits or wines are first inspected by a Government officer. When such spirits are transferred directly into processing or bottling tanks, the rectifier must submit Form 122 or Form 230, as the case may be, to the Government officer assigned to the plant for approval as provided in §§ 190.425–190.434 and 190.685–190.688, immediately the tank cars, tanks, or tank trucks are emptied. Distilled spirits may be received in railroad tank cars only if the premises of the rectifier are equipped with suitable railroad siding facilities. Before permitting spirits to be transferred from a tank car into storage, processing, or bottling tanks, the Government officer will see that the car seals are intact on the tank car and that the car bears evidence of proper tax-payment. When spirits are transferred into or out of storage tanks, the Government officer shall open and close the Government locks, but it shall be the duty of the proprietor to manipulate the stopcocks or valves controlling the flow of the spirits. The officer will keep a memorandum record of the quantities of spirits entered into and withdrawn from each storage tank and of each reduction in proof of the contents thereof, by dates, in order that he may determine that only lawful, tax-paid spirits are received and withdrawn from such tanks.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.408 *Receipt by pipe line.* Where spirits are received at a rectifying plant by pipe line from a contiguous distillery, internal revenue bonded warehouse, industrial alcohol plant or warehouse, or a bonded winery, they shall be conveyed directly into one or more storage tanks, unless the quantity of spirits so transferred is to be conveyed directly into one or more bottling tanks for bottling without rectification, or into one processing tank, or into more than one processing tank if such tanks are equipped for locking. Such spirits may be successively deposited into a processing tank, or into a storage tank subject to the restrictions of § 190.413. When spirits are received by pipe line from a contiguous rectifying plant, the quantity of spirits so transferred must be conveyed directly into one or more bottling tanks. When spirits are transferred into or out of such tanks, the Government officer and the rectifier shall follow the procedure specified in § 190.407 insofar as it is applicable.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.409 *Certificate of tax-payment, Form 1595.* When distilled spirits are received in a tank car at a rectifying plant, the rectifier shall at the time the car is emptied scalp the certificate of tax-payment, Form 1595, by cutting out all of that portion of the certificate within the border. The rectifier shall then send the scalped portion of the certificate to the supervisor of the district in which the rectifier is located, and shall obliterate the remainder of the certificate. If the tank car is received without the certificate attached thereto, the rectifier shall note such fact on the bill of lading (if any) or Form 1520 or 1440 covering such tank car and immediately notify the district supervisor, who will cause such inquiry to be made respecting the shipment and receipt of the car as he may deem appropriate. Where a tank car with the certificate missing is received at a rectifying plant, the storekeeper-gauger will furnish a complete report to the district supervisor.

§ 190.410 *Comparison of scalped certificate with application.* The district supervisor will compare the scalped certificate of tax-payment, Form 1595, with the copy of the application therefor, Form 1594, forwarded to him by the collector at the time Form 1595 was issued. The certificate and the application will be compared as to names of vendor and vendee, number of gallons, amount of tax, etc., and any discrepancy will be investigated. The district supervisor will then send the copy of the application to the Commissioner, and, where there is a discrepancy, a report of his findings relative thereto.

§ 190.411 *Disposition of gauge report; tank car.* When distilled spirits received in a tank car are run into a storage tank, the report of gauge, Form 1520 in the case of spirits other than alcohol, and Form 1440 in the case of alcohol, sent to the rectifier by the vendor, shall be attached to such storage tank. The rectifier shall enter the date and quantity of each removal from the storage tank in a blank space on the report of gauge. The report of gauge shall be kept on the tank until such time as a quantity equivalent to that covered by such report has been withdrawn from the tank. The report shall then be filed by the rectifier, available for inspection by Government officers. Where the spirits are run directly from a tank car into a bottling tank for bottling without rectification, the proprietor shall make a note to that effect on the report of gauge, and attach it to the tank. Upon completion of the bottling, Form 1440 or Form 1520 will be filed by the proprietor. Where the entire quantity of spirits received is run into more than one storage tank, or into more than one bottling tank, the rectifier will prepare additional copies of the report of gauge for attachment to each such tank, and note thereon the quantity run into each tank. If the spirits are transferred directly from the tank car into one or more processing tanks, the rectifier will note on the report of gauge the quantity run into each tank and file it.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.412 *Disposition of gauge report; pipe line.* When spirits received by pipe line are run into a storage tank, the report of gauge, Form 703–A, Form 1520, or Form 1440, delivered to the rectifier by the vendor shall be attached to the storage tank. The rectifier shall enter the date and quantity of each removal from the storage tank in a blank space on the report of gauge. The report of gauge shall be kept on the tank until such time as a quantity equivalent to that covered by such report has been withdrawn from the tank. The report shall then be filed by the rectifier, available for inspection by Government officers. Where the spirits are run directly by pipe line into a bottling tank, for bottling without rectification, the report of gauge will be attached to the tank. Upon completion of the bottling, Form 703–A, 1440, or 1520, as the case may be, will be filed by the proprietor. Where spirits are received by pipe line from a rectifying plant and transferred directly into a bottling tank, the rectifier shall attach the report of gauge, Form 230 or Form 237, received from the proprietor of the transferring rectifying plant to the bottling tank. Upon the completion of the bottling, Form 230 or Form 237 will be disposed of in accordance with § 190.703. Where the entire quantity of spirits received is run into more than one storage or bottling tank, the rectifier will prepare additional copies of Forms 703–A, 230, 237, 1440 or 1520, as the case may be, for attachment to each such tank, and note thereon the quantity run into each tank. If the spirits are transferred directly by pipe line into one or more processing tanks, the rectifier shall make a notation to that effect on the report of gauge and file it. The spirits transferred by pipe line may not be used by the rectifier prior to attachment of the above forms to the tank or tanks into which the spirits are directly conveyed.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.413 *Mixing of different spirits prohibited.* Spirits of less than 190 degrees of proof, received in tank cars or by pipe line, which were produced from different materials, or by two or more distillers, or at two or more distilleries, or which differ in kind according to the standards of identity established under the Federal Alcohol Administration Act, or which are otherwise heterogeneous, may not be mingled in a storage tank. Examples of spirits which are otherwise heterogeneous are spirits which have been quick-aged and spirits which have not been quick-aged, and spirits which have been stored in different kinds of cooperage. Such spirits of the same composition, produced at approximately the same proof by the same distiller at the same distillery, and differing in age (a) not more than 6 months in the case of spirits more than 2 years of age, (b) not more than 60 days in the case of spirits more than 1 year and not more than 2 years of age, or (c) not more than 30 days in the case of spirits one year of age or less, and packaged in the same kind of cooperage will be presumed to be homogeneous, and may be mingled in a storage tank. Where it is desired to mingle spirits falling within more than one of the age categories specified, the difference in age allowable shall be determined according to the age of the younger spirits. For example, if spirits not more than one year of age are mingled with spirits more than 1 year old, the spirits must not vary in age more than 30 days. Spirits of 190 degrees of proof or more, received in tank cars, tank trucks, or by pipe line, distilled from the same class of materials (such as grain) will be presumed to be homogeneous and may be mingled in a storage tank.

(53 Stat. 335 as amended, 391; 26 U. S. C. 2883, 3254; sec. 5, 49 Stat. 981 as amended; 27 U. S. C. 205)

§ 190.414 *Packages bearing evidence of tampering.* When the rectifier, upon inspection of spirits, discovers that any package or other container bears evidence that illicit untax-paid spirits have been substituted for the original contents or any part thereof, or that the character of the original contents has been changed by adulteration or in any other manner, except by diminution in quantity due to leakage or evaporation, he will immediately report the matter to the district supervisor and set aside the package pending advice from the district supervisor as to its disposition.

SUBPART X—GAUGING AND DUMPING SPIRITS FOR RECTIFICATION

§ 190.425 *Application, Form 122.* When the rectifier desires to dump spirits for rectification, he will prepare Form 122, in duplicate, giving a complete description of the packages and making application for permission to dump the spirits in accordance with the headings of the various columns and lines on the form, and the instructions printed thereon or issued in respect thereto and as required by this part. The rectifier will carefully gauge each package, except that where spirits are transferred to the rectifying plant directly upon tax payment from a contiguous distillery or internal revenue bonded warehouse or a distillery or internal revenue bonded warehouse located in the immediate vicinity of the rectifying plant and owned by the proprietor of the rectifying plant or a subsidiary and dumped for rectification within 30 days after receipt, the withdrawal gauge will be considered as satisfying the requirement that the spirits shall be gauged when dumped for rectification. The supervisor will determine from all circumstances in each case whether the distillery or warehouse and the rectifying plant are in the immediate vicinity. Where the spirits are so dumped on the withdrawal gauge, details of such gauge will be copied on Form 122 and in addition thereto, if the rectifying plant is equipped with processing tanks mounted on scales, the spirits may be dumped and gauged by weight in such processing tanks, after approval of Form 122 by the Government officer. In such case, the composite proof and proof gallons determined by such gauge shall also be reported on Form 122. The difference in proof gallons between the withdrawal (tax payment regauge) and such tank gauge shall also be reported on Form 122. If the spirits are to be drawn from the storage tank, the rectifier will likewise execute Form 122 giving all the information applicable. When spirits are received by pipe line or withdrawn from storage tanks and run into one or more processing tanks, or when spirits are received by tank car and run into one or more processing tanks, the rectifier will execute Form 122 giving all applicable information. Each Form 122 will be given a serial number beginning with "1" for the 1st day of January of each year and running consecutively thereafter to December 31, inclusive.

(53 Stat. 310, 335, as amended; 26 U. S. C. 2813, 2883)

§ 190.426 *Distiller's original packages.* Where spirits, including alcohol, contained in distiller's original packages are to be dumped, the rectifier will cut out with a sharp instrument, that portion of each tax-paid stamp upon which is shown the serial number of the stamp, the date, the name of the distiller or warehouseman, the proof gallons, and the serial number of the package. The scalped portions of the stamps will be securely attached by means of a staple, eyelet, or similar device to a slip of paper in such manner that the data thereon may be readily examined, and such slip of paper bearing the cut-out portions of the stamps will be securely stapled or otherwise similarly attached to the original Form 122.

(53 Stat. 310; 26 U. S. C. 2813)

§ 190.427 *Rectified spirits.* If packages of rectified spirits are to be dumped, that portion of each rectified spirits stamp bearing the serial number, the date, the name of the rectifier, the proof gallons, the class, and the district and State, will be cut out and attached to Form 122 in the same manner as tax-paid stamps.

(53 Stat. 310; 26 U. S. C. 2813)

§ 190.428 *Imported spirits.* Where packages of imported spirits are to be dumped, that portion of each customs stamp showing the kind of spirits, the serial number, date of issue, name of the importer, proof gallons, and the name and district of the collector of customs, will be cut out and attached to Form 122 in the same manner as tax-paid stamps.

(53 Stat. 310; 26 U. S. C. 2813)

§ 190.429 *Wholesale liquor dealer's packages.* Where spirits contained in wholesale liquor dealer's packages are to be dumped, that portion of each wholesale liquor dealer's stamp extending from the top to the bottom and embracing the entire width between the words "proof" and "collector" appearing near the bottom of the stamp, will be cut out and attached to Form 122 in the same manner as tax-paid stamps.

(53 Stat. 310; 26 U. S. C. 2813)

§ 190.430 *Lost or mutilated stamps.* When a stamp has been lost or mutilated, so that the required portion thereof cannot be returned, an affidavit setting forth all the facts in the case will be made by the rectifier and attached to each copy of Form 122.

(53 Stat. 310; 26 U. S. C. 2813)

§ 190.431 *Wine stamps.* Since it is impracticable to cut out or scalp wine stamps, the rectifier will, whenever wines are to be dumped from properly stamped containers, certify to such fact by writing

the words "Wine stamps attached to the containers," in the columns provided for the description of stamps on Form 122. If the wine to be dumped is in a tank car, storage tank, bottles, or other containers to which wine stamps representing the tax are not attached, the rectifier will attach to each copy of Form 122 a statement explaining the absence of such stamps.

(53 Stat. 310; 26 U. S. C. 2813)

§ 190.432 *Notation on Form 122.* Where spirits are received in a railroad tank car bearing certificate of tax-payment, Form 1595, or where spirits are received by pipe line, or where spirits in stamped bottles are to be dumped, an explanatory statement will be made in the columns provided for the description of stamps on Form 122, as "Form 1595, Serial No. ------, dated ----------, heretofore submitted," or "Form 1520, dated ----------, pipe line transfer on Form 1595, Serial No. ---------," or "Form 1440, dated ----------, pipe line transfer on Form 1595, Serial No. ---------," or "In stamped bottles," as the case may be.

(53 Stat. 310, 335, as amended; 26 U. S. C. 2813, 2883)

§ 190.433 *Statement of Government officer.* Where sealed portions of the stamps are not attached to Form 122 by reason of facts or circumstances described in §§ 190.430 and 190.431, the spirits or wines must be inspected by a Government officer before being dumped. The officer will satisfy himself that the spirits or wines have been lawfully tax-paid and will attach to each copy of Form 122 a statement, over his signature, setting forth the reasons why the sealed portions of the stamps are not attached.

(53 Stat. 310; 26 U. S. C. 2813)

§ 190.434 *Approval of officer.* The rectifier will submit both copies of Form 122 to the Government officer. The officer will inspect the spirits described in the application and verify the entries. If he is satisfied that the spirits are tax-paid and that the entries are correct, he will sign the approval statement on both copies, and will return the same to the rectifier.

§ 190.435 *Dumping of packages of spirits.* The rectifier will, upon receipt of the approved Form 122, remove the packages of spirits to the rectifying room, immediately dump the same into approved processing tanks or receptacles, and enter the date of dumping on each copy of such form.

(53 Stat. 327, 373, as amended; 26 U. S. C. 2855, 3170)

§ 190.436 *Marking processing tanks.* In every case where spirits are placed into processing tanks or receptacles the number of the formula under which the spirits are to be rectified will be marked legibly upon such tanks or receptacles: *Provided*, That where packages of spirits are dumped under the circumstances described in § 190.438 the rectifier will not be required to mark the formula number on processing tanks or receptacles.

§ 190.437 *Disposition of approved Form 122.* When the spirits have been placed into processing tanks or receptacles, the original copy of Form 122 to which the slip bearing the cutout portions of the stamps, or statements, or affidavit and statements, in lieu thereof, are attached, will be forwarded immediately by the rectifier to the district supervisor. The rectifier will retain the other copy on file at the rectifying plant available for examination by Government officers. Upon receipt of Form 122, the district supervisor will see that the requisite scalped stamps, or statements, or affidavit and statements, in lieu thereof, are attached to the form.

§ 190.438 *Entire package to be dumped.* A portion of a package may not be dumped for rectification. Where it is desired to rectify a quantity of spirits less than a full package, the entire package must be dumped into a processing tank or receptacle and the quantity which it is desired to rectify at that time must be removed from such tank or receptacle to another processing tank for rectification. The first processing tank or receptacle into which the full package was dumped will be labeled to show the kind of spirits and the serial number and date of the Form 122 pursuant to which such spirits were dumped. Where small quantities of rum, sherry wine, or other liquors are to be used for flavoring purposes from time to time, a statement to that effect shall be made on Form 122 covering the gauge and dumping of the packages, unless the entire quantity is to be used within 10 days from the date of dumping. No larger quantities of liquor to be used for flavoring purposes shall be dumped than necessary for a reasonable period, except that not less than an entire original package (barrel or keg) may be dumped. No liquors except small quantities of those used for flavoring and similar purposes shall be retained in processing tanks or receptacles for an indefinite period.

§ 190.439 *Special authorization required for return of spirits to receiving room.* When spirits have been removed to the rectifying room they may not be returned to the receiving room, except upon special authorization of the district supervisor. The district supervisor will authorize the return of spirits from the rectifying room to the receiving room without payment of rectification tax only where reasonable cause for such action is shown and he is satisfied that the spirits have not been subjected to any act of rectification. The mere cancellation of orders is not deemed to be sufficient cause to warrant the granting of such authorization unless the product is one for which the rectifier has no other sale.

§ 190.440 *Destruction of stamps, marks, and brands on spirits packages.* When packages of distilled spirits are emptied all stamps, except the scalped portions thereof attached to Form 122, and all marks and brands which such packages are required by law to bear, must be completely effaced and obliterated. This should be done immediately upon completion of the dumping, draining, and rinsing of the packages. Packages from which all stamps, marks, and brands have not been completely effaced and obliterated are subject to forfeiture.

(53 Stat. 330; 26 U. S. C. 2866)

§ 190.441 *Destruction of tank car certificates.* Certificates of tax-payment affixed to tank cars of distilled spirits, except the portions thereof scalped for submission to the district supervisor, must likewise be immediately destroyed when such cars are emptied.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.442 *Destruction of stamps and marks on wine containers.* When packages of wines are emptied by a rectifier all stamps and marks which such packages are required by law and regulations to bear must be destroyed by scraping or obliteration immediately the packages are emptied. All labels and stamps affixed to tank cars, tanks, tank trucks, or similar containers of wine indicating tax-payment of the contents must also be scraped or obliterated immediately such containers are emptied.

§ 190.443 *Rinsing of barrels.* When packages are dumped for bottling, the barrels and char and wood chips, if any, contained therein must be thoroughly rinsed with water. When packages of distilled spirits which were rinsed in the internal revenue bonded warehouse at the time they were dumped for tax-payment are dumped for bottling, the barrels, char and wood chips contained therein must be thoroughly rinsed with water of a temperature not greater than that of the rinse water used at the time of tax-payment as shown by the marking on the barrels. The rinse water obtained at the time of dumping for bottling may be used to reduce the proof of spirits dumped from such barrels in the rectifying plant. When packages containing rectified spirits exempt from the rectification tax are dumped for bottling, the barrels and char contained therein must be thoroughly rinsed and the rinse water obtained may be used to reduce the proof of spirits dumped from such barrels in the rectifying plant. Any rinse water remaining after reduction must be poured upon the ground or into a sewer and may not be mixed with spirits dumped from other packages: *Provided*, That where rectified spirits or products subject to the rectification tax are manufactured, such remaining rinse water may be used in spirits or products to be rectified notwithstanding that the spirits so reduced may differ in composition from the spirits dumped from the barrels rinsed. In the case of packages not rinsed in the internal revenue bonded warehouse at the time of tax-payment and in the case of packages containing rectified spirits on which the rectification tax has been paid, the barrels, char and wood chips contained therein must be thoroughly rinsed with water. Except as provided in § 190.699, the rinse water obtained from such barrels may not be used to reduce the proof of spirits dumped from such barrels in the rectifying plant, but must be poured upon the ground or into a sewer. Char and wood chips dumped from packages must be burned on the premises of the rectifying plant, or, if such burning is not practicable, treated with kerosene before removal from the premises. Where kerosene is used, it must be sprayed or sprinkled on the materials, using not less than 1 gallon of kerosene to each 100 pounds of materials, in such manner as to preclude the abstraction of potable spirits from any part of the materials after removal from the premises. This will be effected by stirring or agitating the materials while the kerosene is being applied. Such burning or treating of materials must be done under the supervision of a Government officer. The district supervisor may authorize any other disposition of the materials that will effectively prevent recovery of spirits therefrom. Packages which were tax-paid prior to September 1, 1950, may continue to be rinsed in the rectifying plant and the rinse water used in the same manner as permitted prior to September 1, 1950.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.444 *Extracting spirits from wood forbidden.* The rinsing with water of a temperature in excess of that provided for in § 190.443, or the steaming of packages, char or wood chips, if any, contained therein, for the purpose of extracting spirits from the staves and heads of the packages or from the char or wood chips, is forbidden, unless such rinse water is immediately destroyed. Likewise, such barrels may not be filled or partially filled with water and permitted to stand for the purpose of extracting spirits, nor may any other method or process, except as authorized in § 190.443, be used to extract spirits from the barrels.

(53 Stat. 306, 335, as amended; 26 U. S. C. 2806, 2883)

§ 190.445 *Use of original packages as processing receptacles.* When distilled spirits and wines are to be rectified they must be dumped pursuant to approved Form 122 into approved processing tanks or receptacles: *Provided, however*, That, where it is desired to rectify the spirits or wines within the original packages, the original stamps and marks may be completely effaced and obliterated and the packages marked as processing receptacles or quick-aging packages in accordance with § 190.121 or § 190.123, as the case may be, in which case the spirits or wines will be considered as constructively dumped.

§ 190.446 *Use of original packages as shipping containers.* Original packages may be used as shipping or storage containers for rectified products, provided all of the original stamps and marks are completely effaced from the packages, as required in §§ 190.440 and 190.442, and the packages are marked and stamped as shipping containers in accordance with Subpart II of this part. Where the original packages have been used as processing receptacles upon destruction of the original stamps and marks, and the marking of the containers as processing receptacles or quick-aging packages, the markings as processing receptacles or quick-aging packages must likewise be completely effaced and the packages marked and stamped in accordance with Subparts GG and II of this part before they may be used as shipping containers.

§ 190.447 *Discrepancies disclosed by regauge to be reported.* Whenever a rectifier, upon regauging any distiller's original package to be dumped for rectification or for bottling finds that due to increase in gross weight or in proof the package contains 1 proof gallons or more of spirits in excess of the quantity which, according to the stamps, marks, and brands on the package, was contained therein at the time of tax-payment, he shall set aside the package and notify the district supervisor of the results of his regauge.

§ 190.448 *Verification.* The district supervisor will cause the package to be inspected and regauged by an experienced storekeeper-gauger. If the excess of spirits is reported to be due to an increase of the gross weight of the package, the storekeeper-gauger will test the scales to determine the accuracy thereof before reweighing the package; and if the excess is reported to be due to an increase in the proof of the spirits, the storekeeper-gauger will see that the hydrometer and thermometer are accurate before taking the proof of the spirits. Upon completion of the regauge the storekeeper-gauger will submit to the district supervisor a report of his inspection, accompanied by a report of the regauge on Form 1520. The package will not, however, be detained or seized, unless the circumstances are such as to indicate fraud.

§ 190.449 *Assessment of tax.* If the storekeeper-gauger's report of gauge shows an excess of 1 proof gallon or more of spirits, and there is nothing to indicate an intentional evasion of tax, the district supervisor will report the taxable excess to the Commissioner for assessment against the distiller or warehouseman who tax-paid the spirits, in accordance with the prescribed assessment procedure. If, however, the storekeeper-gauger's report indicates fraud, the district supervisor will cause a thorough investigation to be made before determining and reporting the tax liability for assessment.

SUBPART Y—RECTIFICATION

KINDS OF LIQUORS

§ 190.460 *Tax-paid liquors only.* Only distilled spirits, wines and other liquors that have been previously tax-paid at the rates provided by law, may be used for rectification. No wines or other liquors may be produced by fermentation at a rectifying plant, except that champagne and sparkling wine may be so produced through secondary fermentation of tax-paid wine.

TAX-EXEMPT GIN

§ 190.461 *Production.* Gin may be produced exempt from the rectifying tax by the redistillation of a pure spirit over juniper berries and other aromatics. Gin so produced must be run into a receiving tank from which it must be promptly (a) drawn into packages, gauged, stamped, and removed to the finished products room or (b) transferred to a bottling tank, gauged, and bottled and removed to the finished products room or conveyed by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling. (See §§ 190.615 to 190.672.)

(53 Stat. 298, as amended, 26 U. S. C. 2800)

§ 190.462 *Definition of pure spirit.* The term "pure spirit" is held to mean alcohol or neutral spirits, distilled at or above 190 degrees of proof (whether or not such proof is subsequently reduced), free from impurities, including spirits of such a nature recovered by redistillation of imperfect gin spirits.

(53 Stat. 298, as amended, 335, as amended; 26 U. S. C. 2800, 2883)

§ 190.463 *Type of still.* Tax-exempt gin may be produced by a rectifier by redistillation of pure spirits over juniper berries and other aromatics with any type of still where the process is continuous and closed. There may be refluxing of gin spirits, if such spirits are refluxed immediately and directly back to the same gin still with the same charge. There cannot be any redistillation where the vapors do not pass over the juniper berries and other aromatics. Where the gin still is equipped with a by-pass around the berry basket, such by-pass must be removed or provided with a stopcock and kept locked with a Government lock, except when taxable spirits are being produced.

§ 190.464 *Juniper berries and other aromatics.* The juniper berries may be crushed or mashed, and the other flavoring herbs and substances such as licorice, orange peel, orris root, etc., may be reduced to smaller particles to facilitate extraction, but the materials may not be steeped or percolated with the spirits before distillation is commenced. The juniper berries and other aromatics may be placed in the gin head of the still or in the liquid spirits within the still. Extracts, essences, oils, etc., of such materials may not be used.

(53 Stat. 298, as amended; 26 U. S. C. 2800)

§ 190.465 *Mixing with other spirits or materials prohibited.* Gin produced by redistillation under exemption from tax cannot be mixed with other spirits or treated by the addition or abstraction of any substance or material other than pure water after redistillation, nor can any substance or material other than juniper berries or other aromatics or pure water be added to the spirits prior to or during redistillation.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.466 *Reduction and filtering.* Gin exempt from the rectifying tax may be reduced with water in the receiving or bottling tanks and may be filtered when necessary to remove materials held in suspension. The use of filters or filter-aids which will remove essential oils or flavoring materials in solution, thereby changing the composition and character of the gin, will subject the product to the rectifying tax. Whether the filtering changes the composition of the gin by removing materials in solution is a question of fact determinable

by chemical analysis of samples of the spirits before and after filteration.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

TAXABLE GIN

§ 190.467 *Production.* Gin produced in any manner or by any means, other than by the redistillation of a pure spirit over juniper berries and other aromatics as provided in § 190.461 (or by original and continuous distillation at a registered distillery), is subject to the rectification tax. Such taxable gin includes gin produced by compounding spirits with juniper oil, extracts, essences, derivatives, or other similar materials; gin produced by steeping juniper berries, aromatics, sloe berries, or other materials in spirits; gin produced with spirits other than pure spirits, either by distilling or compounding; and gin manufactured by the use of any process or materials other than those specified in §§ 190.461–190.466 as exempt from the rectification tax.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.468 *Treatment of gin.* The treatment of gin with any materials or process which changes its composition, subjects the product to the rectification tax. Such treatment includes the flavoring of gin with fruits, sloe berries, extracts, essences, etc., and the manipulation of gin by a physical or chemical process, such as redistillation, filtration, or treatment with activated carbon or other materials, which changes its composition or character.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

PURIFYING OR REFINING SPIRITS

§ 190.469 *General.* Except as otherwise provided in Subpart C of this part, the purifying or refining of distilled spirits by any process constitutes taxable rectification. Such purifying or refining processes include redistillation; leaching; filtering or centrifuging; treatment with activated carbon, chemicals or other materials; or any other process which changes the character or composition of the spirits by removal, change, or modification of soluble matter held in solution in the spirits.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.470 *Disposition.* When alcohol or other spirits, such as, heads and tails or high and low feints, impure, or imperfect spirits and products, residues, etc., are purified or refined at a rectifying plant, such purified or refined spirits must be promptly gauged in the receiving tank, Form 237 prepared, and the tax paid by means of rectified spirits stamps in accordance with the procedure set forth in § 190.585 for the payment of tax on spirits in bottling tanks, unless such purified or refined spirits are to be used in the rectifying plant in the manufacture of taxable rectified products, as provided in § 190.472. Materials used for purifying or refining spirits will be disposed of in the manner prescribed by § 190.496.

(53 Stat. 298, as amended, 329; 26 U. S. C. 2800, 2861)

§ 190.471 *Use in manufacturing tax-exempt products.* Where the purified or refined spirits are to be used on the premises in the manufacture of rectified products exempt from the rectification tax, the rectification tax due on such purified or refined spirits must be paid upon completion of the purifying or refining process. The tax-paid spirits may then be used alone or with other spirits of substantially the same kind in the manufacture of tax-exempt finished products under an approved formula and process. Impure or imperfect gin spirits which have been purified or refined and tax-paid upon completion of the purifying or refining process may be used with alcohol or neutral spirits in the manufacture of tax-exempt gin, notwithstanding that the purified or refined spirits retain traces of gin flavoring.

§ 190.472 *Use in manufacturing taxable rectified products.* Where the purified or refined spirits are to be used in the manufacture of taxable rectified products, the rectification tax on the purified or refined spirits must likewise be paid upon completion of the purifying or refining process, unless they are immediately transferred to a processing tank and compounded with other ingredients in the manufacture of such taxable rectified products under an approved formula and process that includes purifying or refining of the spirits and is continuous and unbroken, as defined in § 190.363, in which event the rectification tax will be due and payable only on the finished product. Where the purified or refined spirits are held for subsequent use, the process is not regarded as continuous, and rectification tax will be collected on the purified or refined spirits upon completion of the purifying or refining process, and also on the finished product.

BLENDING

§ 190.473 *Constitutes rectification.* The blending (mixing together) of two or more heterogeneous spirits or wines constitutes rectification and, except as provided in this subpart, necessitates payment of the rectification tax of 30 cents per proof gallon.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.474 *Requirements.* All blending must be done according to an approved formula and process, and in designated processing tanks in the rectifying room. Upon completion of the blending, the blended spirits (unless such spirits are to be further aged or matured, or are to be held for a period for "marrying," as provided in § 190.533) must be promptly (a) drawn into packages, gauged, tax-paid (unless not subject to tax), stamped, and removed to the finished products room, or (b) transferred to a bottling tank, gauged, tax-paid (unless not subject to tax), and (1) bottled and removed to the finished products room or (2) conveyed by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling.

(53 Stat. 298, as amended, 329; 26 U. S. C. 2800, 2861)

BLENDING OF WINES

§ 190.475 *Tax-exempt blending.* The blending of tax-paid wines by rectifiers for the sole purpose of perfecting such wines according to commercial standards is, under the law, exempt from the rectifying tax of 30 cents per proof gallon. This exemption from rectification tax is held to apply only where the wines so blended are made from the same kind of fruit. The blending of wine made from one kind of fruit with wine made from another kind of fruit, as for example, the blending of blackberry wine with grape wine, constitutes taxable rectification.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.476 *Approval of formula and process required.* Where the rectifier desires to blend tax-paid wines for the sole purpose of perfecting such wines according to recognized commercial standards under exemption from the rectifying tax, he will, before commencing such blending, submit his formula and statement of process on Form 27–B Supplemental through the district supervisor for approval by the Commissioner as a tax-free blend. The rectifier will, in connection with the formula and process, show the kind and type of the wines to be blended, the respects in which they are to be perfected according to recognized commercial standards, and the kind and type of the blended product. The Commissioner or the district supervisor may require the submission of such additional information as he may deem necessary.

§ 190.477 *Taxable blending.* Any blending of wines by rectifiers, except for the sole purpose of perfecting such wines according to recognized commercial standards, as set forth in § 190.475, incurs the rectifying tax.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.478 *Additional wine tax.* Where the taxable grade of wine is increased by blending, additional gallonage wine tax must be paid on the resultant product representing the difference between the tax originally paid on the wine and the tax due on the blended product, as provided in Subpart AA of this part. For example, if 100 gallons of wine containing 20 percent alcohol, on which wine tax in the amount of $60 has been paid, are blended with 100 gallons of wine containing 12 percent alcohol, on which wine tax in the sum of $15 has been paid, making a total wine tax paid on the two wines of $75, and the resultant product contains 16 percent alcohol, the wine tax on which would amount to $120, additional wine tax of $45 must be paid on the blended product, regardless of whether or not the 30-cent rectifying tax is incurred by the blending.

(53 Stat. 347, as amended, 525; 26 U. S. C. 3030, 3190)

BLENDING OF STRAIGHT WHISKIES AND PURE FRUIT BRANDIES

§ 190.479 *Exemption from tax.* The rectifying tax of 30 cents per proof gallon does not attach to blends made exclusively of two or more pure straight whiskies aged in wood for a period of not less than four years and without the addition of coloring or flavoring matter or any other substance than pure water, and if not reduced below 90 proof, nor to blends made exclusively of two or more pure fruit brandies distilled from the same kind of fruit, aged in wood for a period not less than two years and without the addition of coloring or flavoring matter or any other substance than pure water and if not reduced below 80 proof: *Provided,* That the blending is done under the immediate supervision of the Government officer assigned to the plant or detailed to such duty by the district supervisor: *And provided further,* That the foregoing prohibition against the addition of coloring or flavoring matter shall not be construed to prevent the blending under the provisions of this part of pure fruit brandies otherwise eligible, to which a small quantity of burnt sugar has been added under the limitations prescribed in Regulations 5 (26 CFR Part 184).

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.480 *Application for supervision.* When a rectifier desires to blend two or more straight whiskies or two or more fruit brandies distilled from the same kind of fruit, under exemption from rectifying tax, he will make written application, in duplicate, to the Government officer assigned to the plant. The application will be accompanied by Form 122, in duplicate, properly executed, to show that it is desired to blend straight whiskies aged in wood for a period of not less than four years, or fruit brandies distilled from the same kind of fruit and aged in wood for a period of not less than two years, without payment of rectification tax.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.481 *Required data.* The application must state, in addition to the data shown in Form 122, the dates when the whiskies or brandies were produced as to each package; the proof to which the blended whisky or brandy is to be reduced; and that no coloring, flavoring, or other substance will be added, except the quantity of pure water necessary to reduce the whisky or brandy to the desired proof.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.482 *Approval by officer.* The Government officer will make the examination prescribed in § 190.483, and, if satisfied that the whiskies or brandies may be blended free of tax, he will execute his certificate and the approval statement on Form 122, and return both copies to the rectifier.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.483 *Officer's examination.* The officer who is to supervise the blending will examine the records of the rectifier and the packages covered by the application to ascertain whether they contain straight whisky or fruit brandy and whether such whisky or brandy has been properly tax-paid and aged in wood for four years or more in the case of whisky, or two years or more in the case of brandy, and is in every respect eligible to be blended without payment of the rectification tax, as authorized by law. The officer will likewise examine the tank or tanks into which the whisky or brandy is to be dumped to insure that they do not contain any spirits, coloring, flavoring, or other substance.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.484 *Supervision of operations.* After the officer has completed his examination of the whisky or brandy and the tanks and other equipment, and if satisfied in every respect, he will notify the rectifier that he may proceed with the blending. The officer will supervise the blending of the whiskies or brandies and the reduction of the proof thereof, and upon completion of same will note on each copy of the application that the whisky or brandy was blended and reduced in proof (if reduced) under his supervision, in accordance with the application. The Government officer will then deliver both copies of the application to the rectifier, who will attach a copy to each Form 122 covering the gauge of the spirits, retain one copy of Form 122 with a copy of the application attached, and forward the other copy to the district supervisor.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.485 *Bottling.* If the blended whisky or brandy is to be bottled, an accurate gauge thereof in the bottling tank will be made and reported on Form 237, in duplicate if it is to be bottled directly from such bottling tank, and in triplicate if it is to be transferred to a contiguous tax-paid bottling house or rectifying plant for bottling. (See Subpart BB of this part.) The Government officer approving the form will note in the approval statement thereof "Exempt from tax under section 2801, I. R. C."

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.486 *Packaging.* If the blended whisky or brandy is to be drawn off into packages, an accurate gauge of each package will be made and the details thereof reported on Form 237, in triplicate, as provided in Subpart BB. The Government officer approving the form will note in the approval statement thereof, "Exempt from tax under section 2801, I. R. C." The collector will issue class A (No money value) rectifier's stamps for the packages, and will note in the proper column of each copy of Form 237 the serial number of the stamp to be attached to each package.

(53 Stat. 300, as amended, 329; 26 U. S. C. 2801, 2861)

§ 190.487 *Removal of blended whisky or brandy.* Upon being bottled or packaged and stamped, the blended whisky or brandy must be immediately removed to the finished products room. Upon removal of the whisky or brandy to the finished products room, or the transfer thereof to a contiguous tax-paid bottling house or rectifying plant for bottling, Form 237 will be completed and disposed of as provided in Subpart BB of this part.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.488 *Failure to observe conditions.* Any blending of such whisky or brandy without supervision of a Government officer as outlined in § 190.484, or with the addition of any coloring, flavoring, or other substance, or if reduced below 90 proof, will necessitate payment of the rectifying tax.

TAXABLE BLENDING OF SPIRITS

§ 190.489 *Blending constitutes rectification.* Except as provided in § 190.479, any blending of two or more heterogeneous spirits by a rectifier constitutes taxable rectification. For example, the dumping together of spirits produced by different distillers, or of different ages or blends or rectifications (except as provided in § 190.697), or which differ in kind according to the standards of identity established under the Federal Alcohol Administration Act (27 U. S. C. 205 (e); (f)), or which are not homogeneous, will constitute taxable rectification. Likewise, the dumping together of spirits stored in new charred cooperage with spirits stored in plain or reused cooperage, or the mixing of spirits that have been quick-aged or treated with wood chips with spirits not so processed, or the mixing of spirits that have been subjected to any treatment which changes their character with spirits not so treated, will constitute taxable rectification, unless it is established by chemical analysis or organoleptic examination that the composition of the spirits is the same, notwithstanding the storage in different kinds of cooperage or the treatment of a portion of the spirits.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.490 *Dumping for convenience in bottling.* The term "blending" shall not be construed to include the dumping together, for convenience in bottling, of distilled spirits within the descriptions and limitations specified in § 190.697. The spirits so dumped together must be, in fact, of the same composition or character and the purpose of the dumping must be solely for convenience in bottling. The regular dumping together of spirits of different ages, or different blends or rectifications, at the time of bottling is indicative of blending (rectification), and will be made the subject of appropriate inquiry by the district supervisor to determine whether the mass of spirits dumped together is homogeneous with each of its component parts.

QUICK-AGING

§ 190.491 *Constitutes rectification.* The "quick-aging" of spirits by rectifiers constitutes rectification and necessitates payment of the rectifying tax.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.492 *Quick-aging processes.* The use of any physical or chemical process or any apparatus which accelerates the maturing of the spirits, such as the placing of wood chips in a barrel of whisky by a rectifier, or the applica-

tion of heat in a barrel by means of a steam coil or other heating device, will subject the spirits to the rectifying tax of 30 cents per proof gallon. Where tax-paid spirits are artificially heated in any manner to a temperature above 80 degrees Fahrenheit, such action is regarded as heating the spirits for the purpose of accelerating the aging process, and will subject the spirits to the rectifying tax.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.493 *Quick-aging containers.* "Quick-aging" may be done by the rectifier pursuant to an approved formula and process only, either in the designated processing tanks or in portable containers, such as barrels and kegs, which need not be permanently marked as in the case of stationary processing tanks, but each such barrel or keg must be marked as provided in § 190.123.

§ 190.494 *Quick-aging as part of rectifying process.* Where spirits are blended, purified, or refined, or otherwise rectified, and then quick-aged, only one rectification tax will be incurred if the blending, purifying, refining, etc., and "quick-aging" are continuous and the quick-aging is a part of the approved formula and process. Where the process is not continuous and the approved formula and process do not include the quick-aging of the spirits, two rectification taxes must be paid, one at the time of blending, purifying, refining, etc., and another upon completion of the "quick-aging" process. For example, if spirits are blended in a processing tank and then drawn off into barrels which are immediately placed in the quick-aging room and subjected to a quick-aging process, the rectification tax need not be paid until the "quick-aging" process has been completed, provided such process is included in the approved formula and process. However, if spirits are blended and later "quick-aged," both operations not being continuous and not included in an approved formula and process, such procedure would constitute two processes of rectification and necessitate payment of the rectifying tax for each process.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.495 *Completion of process.* Upon completion of the approved process the spirits must be immediately (a) packaged, gauged, tax-paid, stamped, and removed to the finished products room, or (b) transferred to a bottling tank, gauged, tax-paid, and (1) bottled and removed to the finished products room or (2) conveyed by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling.

(53 Stat. 298, as amended, 329; 26 U. S. C. 2800, 2861)

§ 190.496 *Destruction of materials.* Materials, such as wood chips, used in a quick-aging process must, upon removal from the process, be burned on the premises of the rectifying plant, or, if such burning is not practicable, treated with kerosene before removal from the premises. Where kerosene is used, it must be sprayed or sprinkled on the materials, using not less than 1 gallon of kerosene to each 100 pounds of materials, in such manner as to preclude the abstraction of potable spirits from any part of the materials after removal from the premises. This will be effected by stirring or agitating the materials while the kerosene is being applied. Such burning or treating of materials must be done under the supervision of a Government officer. The district supervisor may authorize any other disposition of the materials that will effectively prevent recovery of spirits therefrom.

(53 Stat. 298, as amended, 329; 26 U. S. C. 2800, 2861)

COMPOUNDING

§ 190.497 *Constitutes rectification.* The compounding of spirits or wines through the mixing of any coloring, flavoring, or other material (including carbon dioxide) with either distilled spirits or wines for sale as such, or as another product, such as a cordial or liqueur, constitutes rectification and necessitates payment of the rectifying tax thereon, except where cordials or liqueurs subject to tax under section 3030 (a), I. R. C., as provided in Subpart AA of this part, are manufactured. Compounding must be done in the rectifying room in the processing tanks or other suitable vessels appropriately marked (see Subpart I of this part). Compounding must likewise be done in accordance with the formula and process submitted by the rectifier, as provided in Subpart S of this part.

(53 Stat. 298, as amended, 300, as amended, 391; 26 U. S. C. 2800, 2801, 3254)

§ 190.498 *With fruits, berries, etc.* The steeping or soaking of fruits, such as apricots, peaches, etc., or of berries, such as sloe berries, juniper berries, etc., or of aromatic herbs, roots, seeds, etc., in spirits or wines by rectifiers constitutes rectification and necessitates payment of the rectifying tax on the finished product.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.499 *With sugar, caramel, essences, etc.* The addition of sugar, dextrose, rock candy, or any sweetening materials, or of essences, extracts, or other flavoring materials, or of any coloring material, such as caramel, to spirits or wines by a rectifier, regardless of quantity, constitutes rectification and necessitates payment of the rectifying tax on the finished product, unless such product is a liqueur or cordial subject to tax under section 3030 (a), I. R. C.

(53 Stat. 298, as amended, 300, as amended, 391; 26 U. S. C. 2800, 2801, 3254)

§ 190.500 *Mixing spirits and wine.* The mixing or compounding of distilled spirits and wine with each other by a rectifier constitutes rectification and necessitates payment of the rectifying tax. Where the rectified product is classed as wine and the taxable grade of the wine is increased by the addition of the distilled spirits thereto, additional tax due on the wine according to its new grade must be paid as well as the rectification tax, as provided in Subpart AA of this part. Likewise where the volume of the wine is increased, wine tax must be paid on the additional gallonage, as provided in § 190.501.

(53 Stat. 298, as amended, 347, as amended, 391; 26 U. S. C. 2800, 3030, 3254)

§ 190.501 *Increasing volume of wine.* Where wine is treated or compounded at a rectifying plant by the addition of sugar or a sugar solution or other material thereto, and the volume of the wine is increased by such treatment, wine tax must be paid on the additional gallonage, plus the rectification tax on the entire quantity. If, however, the wine is so treated as to convert it into a distinct product other than wine and it is not sold as wine, no additional wine tax will be due.

(53 Stat. 347, as amended; 26 U. S. C. 3030)

§ 190.502 *Artificial carbonation.* The artificial carbonating of spirits or wines constitutes rectification and necessitates payment of the rectifying tax. Where spirits or wines are subjected to some other process of rectification and are immediately thereafter carbonated and bottled, only one rectification tax will be incurred for the entire process, if the carbonization is included in the formula and process submitted by the rectifier; but if the spirits or wines are subjected to a specified rectifying process and are later carbonated, such will necessitate the payment of the rectifying tax twice on the spirits or wines involved.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.503 *Manufacture of distinct products.* Where a distinct product is manufactured, such as vermouth, champagne or sparkling wine, or artificially carbonated wine, which is subject to tax under section 3030 (a), I. R. C., such tax must be paid in addition to the rectification tax: *Provided*, That the rectification tax shall not attach to liqueurs or cordials containing sweet wine, citrus-fruit wine, peach wine, cherry wine, berry wine, apricot wine, prune wine, plum wine, pear wine, pawpaw wine, papaya wine, pineapple wine, cantaloup wine, or apple wine, fortified with grape brandy, citrus-fruit brandy, peach brandy, cherry brandy, berry brandy, apricot brandy, prune brandy, plum brandy, pear brandy, pawpaw brandy, papaya brandy, pineapple brandy, cantaloup brandy, or apple brandy, respectively. (See Subpart AA of this part.)

(53 Stat. 347, as amended; 26 U. S. C. 3030)

§ 190.504 *Manufacture of intermediate products.* Where products, such as vermouth, blended whisky, compounded gin, etc., are compounded under an approved formula and process as an intermediate step in the manufacture of a specified finished product, such as a cocktail, sloe gin, etc., and such intermediate products are not made as finished products for sale but are retained in the processing room for use in further compounding under a specified process, tax will attach to the finished product only and not to the intermediate product. Where it is desired to manufacture an intermediate product for use in manufacturing a finished product with payment of tax on the finished product only, a separate formula and process must be filed for the intermediate product and for the finished product, and the intermediate product must be designated as such on the formula and process.

§ 190.505 *Use of vermouth in manufacturing.* Where tax-paid vermouth is mixed with distilled spirits or other liquors in the manufacture of a cordial, liqueur, or similar compound, such cordial, liqueur, or similar compound will be subject to the rectifying tax of 30 cents per proof gallon, but will not be taxable under section 3030 (a), I. R. C., unless it contains fortified wine of the kind described in § 190.503 in addition to that used in the manufacture of such tax-paid vermouth. If, however, the vermouth is compounded with such fortified wine as an intermediate step in the manufacture of the cordial, liqueur, or similar compound, the finished product will be taxable under section 3030 (a), I. R. C.; but in such event the vermouth will not be subject to tax as such nor will the rectification tax attach to the cordial, liqueur, or similar compound, provided the manufacturing operation is continuous and is conducted in accordance with the formula and statement of process submitted by the rectifier.

(53 Stat. 298, as amended, 306, as amended, 347, as amended; 26 U. S. C. 2800, 2801, 3030)

§ 190.506 *Completion of process.* Upon completion of the process of compounding or manufacturing where another product, such as a cordial or liqueur is made, the compounded liquor or product produced thereby must be tax-paid and removed to the finished products room or conveyed by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling. The proof-gallon content of such compounded liquors or products must be determined as set forth in Subpart BB of this part.

MANUFACTURE OF SPARKLING WINES

§ 190.507 *Statement of process.* Champagne and other sparkling wines may be manufactured by a rectifier from tax-paid domestic or imported wines. A statement of the exact process to be followed in manufacturing sparkling wines must be filed by the rectifier on Form 27–B Supplemental, as provided in Subpart S of this part, and application made for extension of time in which to complete the process of manufacture, as provided in Subpart Z of this part. In view of the nature of the manufacturing process, a statement as to the approximate period of manufacture will be acceptable.

§ 190.508 *Dumping of still wine.* When the rectifier desires to dump still wine for bottling for champagne manufacture or for the manufacture of a sparkling wine of the champagne type by fermentation in bulk, he will submit Form 122, in duplicate, properly executed, to the Government officer for approval, and the same procedure will be followed as in the case of the dumping of wines for rectification by other processes.

§ 190.509 *Storage during manufacture.* The bottled wine will be kept in the champagne room during the process of manufacture into champagne or other sparkling wines, except that where the rectifying room is used exclusively for the manufacture of such wines, the bottled wine may be retained in the rectifying room during the manufacturing process.

§ 190.510 *Records and reports.* Where the sparkling wine is to be manufactured by secondary fermentation within the bottle, the rectifier will, upon bottling the still wine, prepare a special report on Form 702–A, in triplicate, properly modified as to the heading, and showing in Statement II the date, quantity, and alcoholic content of the still wines used and the number of bottles of each size filled. Form 702–A must be sworn to before an officer authorized to administer oaths: *Provided*, That if the form officially prescribed for such report contains therein a provision for verification by a written declaration that such report is made under the penalties of perjury, such report shall be verified by the execution of such declaration, and such declaration so executed shall be in lieu of the oath required herein for verification. The rectifier will retain one copy of Form 702–A and forward two copies to the district supervisor, who will keep one copy and forward one copy to the Commissioner. Thereafter, as long as sparkling wines are in the process of manufacture the rectifier will prepare a report thereof each month on Form 702–A, in triplicate, one copy of which will be retained at the rectifying plant and two copies forwarded to the district supervisor enclosed with the rectifier's monthly report, Form 45. The rectifier will also make appropriate entries on Form 45 of the manufacture and disposition of all sparkling wines produced.

(53 Stat. 327, 373, as amended, 63 Stat. 667; 26 U. S. C. 2855, 3170, 3339)

§ 190.511 *Completion of process.* Upon completion of the process of manufacture, Form 237, properly modified, will be promptly prepared in triplicate, the rectifying and sparkling wine taxes will be paid and the sparkling wine will be removed to the finished products room, as provided in Subpart EB of this part.

FILTERING

§ 190.512 *Taxable filtration.* Any filtering of distilled spirits or wines by rectifiers which purifies or refines and changes the composition or character of the spirits or wines constitutes rectification and necessitates payment of the rectifying tax of 30 cents per proof gallon. Such filtering must be done within the rectifying room and upon completion thereof the spirits or wines must be immediately (a) drawn into packages, gauged, tax-paid, stamped, and removed to the finished products room; or (b) transferred to a bottling tank, gauged, tax-paid, and (1) bottled and removed to the finished products room, or (2) conveyed by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling.

(53 Stat. 298, as amended, 329, 391; 26 U. S. C. 2800, 2861, 3254)

§ 190.513 *Filtering out solid matter.* Filtering which consists of merely removing foreign substances, such as particles of char, wood, or other extraneous solid matter which have got into the spirits or wines since manufacture, and which does not change the original character of the spirits or wines through removal of any congeneric substance, or change the composition, does not constitute rectification.

§ 190.514 *Filtering out cloudiness.* The filtering of whisky, brandy, or rum for the removal of cloudiness due to the presence of finely pulverized or agglutinated charcoal or other extraneous matter does not constitute rectification, provided there is no change in the original composition or character of the spirits. However, the filtering out of congeneric substances, thereby changing the composition and character of the spirits, will constitute rectification.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.515 *Soluble matter held in solution.* The use of filters and filter-aids which will remove, change, or modify soluble matter held in solution in the spirits, thereby changing the composition or character of the spirits, will subject the product to the rectifying tax. Whether filtering changes the composition of the spirits by removal or modification of matter in solution is a question of fact determinable by chemical analysis of the spirits before and after filtration. Where there is doubt whether the filtering changes the composition of the spirits, samples should be taken of the spirits both before and after filtering and submitted to the Bureau chemist for examination.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.516 *Filtering as part of rectifying process.* Spirits may be purified or refined by filtering one or more times during the rectifying process without incurring more than one rectification tax, provided such filtering is done pursuant to an approved formula and process and the operation is continuous and unbroken. If the spirits or wines are subjected to a rectifying process and are then set aside, removed to the finished products room, etc., and later filtered in such a manner as to constitute rectification, such filtering will necessitate the payment of another rectifying tax on the spirits or wines involved. Likewise, when the process of rectification has been completed any further filtering which purifies or refines the spirits or wines through the removal of any congenerics, or which changes the original composition of the spirits or wines, will necessitate payment of another rectifying tax.

(53 Stat. 298, as amended, 391; 26 U. S. C. 2800, 3254)

§ 190.517 *Clarification of wine.* The clarification of wine on the premises of a rectifier by filtering, sedimentation, or the addition of isinglass or similar clari-

fying substance, which does not change the composition of the wine is permissible, and such manipulation only does not involve the rectifier in any additional tax.

OTHER PROCESSES

§ 190.518 *Must conform to regulations.* Other rectifying processes must be conducted in conformity with this part. District supervisors will inform themselves fully regarding each process of rectification employed by rectifiers in their districts and will see that such is in conformity with this part and that the proper tax is paid in each case. Where the district supervisor is in doubt as to any rectifying process or as to the incurrence of rectification tax, he will submit the matter to the Commissioner.

SUBPART Z—TIME FOR COMPLETION OF RECTIFICATION

§ 190.530 *General limitation.* The rectifying process must be completed within 10 days from the date of the dumping of the spirits for rectification, unless a longer period is authorized by the Commissioner as provided by this subpart.

§ 190.531 *Application required for extension.* Where the rectifier desires to employ a process of rectification which will extend over more than 10 days, thus necessitating the holding of the spirits in the rectifying room for such longer period, application, in quadruplicate, for approval of such extended process must be incorporated in the Form 27–B Supplemental, and filed with the district supervisor as provided in § 190.360. The rectifier must set forth fully on such form, following the statement of process, the reason why the period of time specified for completion of the process is necessary.

§ 190.532 *Inquiry by district supervisor.* Upon receipt of a Form 27–B Supplemental requesting approval of a process requiring more than 10 days for completion, the district supervisor will make such inquiry as he may deem proper to determine the necessity for the extended period, and whether approval thereof will jeopardize the revenue. He will then forward all copies of the Form 27–B Supplemental to the Commissioner along with his findings and recommendation. The Form 27–B Supplemental will be disposed of in the manner prescribed by § 190.365.

§ 190.533 *Processes which may require extension.* Processes involving the steeping or macerating of fruits or herbs in spirits for flavoring may require more than 10 days for completion. The retention in the rectifying room of rectified spirits, such as blended whiskies, cordials, etc., for a reasonable period to permit "settling" or "marrying" may be authorized. Tax-exempt products, such as distilled gin, or blended 4-year-old straight whiskies, or blended 2-year-old pure fruit brandies, so held must be kept in closed tanks under Government lock.

SUBPART AA—COMMODITY TAXES ON RECTIFIED SPIRITS AND PRODUCTS

§ 190.545 *Rectification tax.* Section 2800 (a) (5), I. R. C., imposes a tax of 30 cents on each proof gallon, and a proportionate tax at a like rate on all fractional parts of a proof gallon, on all distilled spirits and wines rectified, purified, or refined, in such manner, and on all mixtures produced in such manner, that the person so rectifying, purifying, refining, or mixing the same is a rectifier. (See Subpart C of this part.)

(53 Stat. 298, as amended; 26 U. S. C. 2800)

§ 190.546 *Exemption from rectification tax.* The tax of 30 cents per proof gallon does not attach to gin produced by the redistillation of a pure spirit over juniper berries and other aromatics; to the mixing and blending of wines, where such blending is for the sole purpose of perfecting such wines according to recognized commercial standards; to cordials or liqueurs on which a tax is imposed by section 3030 (a), I. R. C.; nor to blends made exclusively of two or more pure straight whiskies aged in wood for a period of not less than four years and without the addition of coloring or flavoring matter or any other substance than pure water, and if not reduced below 90 proof; nor to blends made exclusively of two or more pure fruit brandies distilled from the same kind of fruit, aged in wood for a period not less than two years and without the addition of coloring or flavoring matter or any other substance than pure water, and if not reduced below 90 proof: *Provided*, That such blended whiskies and blended fruit brandies are compounded under the immediate supervision of a revenue officer in such tanks and under such conditions and supervision as provided in Subpart Y of this part.

(53 Stat. 298, as amended, 300, as amended; 26 U. S. C. 2800, 2801)

§ 190.547 *Vermouth.* Vermouth made at a rectifying plant, which is subject to the rectification tax of 30 cents per proof gallon imposed by section 2800 (a) (5), I. R. C., is in addition thereto subject to the tax imposed upon vermouth by section 3030 (a) (1), as amended by section 1650, I. R. C., which tax is as follows:

(a) On vermouth containing not more than 14 per centum of absolute alcohol, 15 cents per wine gallon, the per centum of alcohol to be reckoned by volume and not by weight;

(b) On vermouth containing more than 14 per centum and not exceeding 21 per centum of absolute alcohol, 60 cents per wine gallon;

(c) On vermouth containing more than 21 per centum and not exceeding 24 percentum of absolute alcohol, $2.00 per wine gallon;

(d) All vermouth containing more than 24 per centum of absolute alcohol by volume (except vermouth containing tax-paid sweet wine, citrus-fruit wine, peach wine, cherry wine, berry wine, apricot wine, prune wine, plum wine, pear wine, pawpaw wine, papaya wine, pineapple wine, cantaloup wine, or apple wine, fortified, respectively, with grape brandy, citrus-fruit brandy, peach brandy, cherry brandy, berry brandy, apricot brandy, prune brandy, plum brandy, pear brandy, pawpaw brandy, papaya brandy, pineapple brandy, cantaloup brandy, or apple brandy) shall be classed as distilled spirits and shall be taxed accordingly.

(54 Stat. 522, as amended, 53 Stat. 298, as amended, 347, as amended; 26 U. S. C. 1650, 2800, 3030)

§ 190.548 *Liqueurs, cordials, etc., taxable under section 3030 (a) (2), I. R. C.* Section 3030 (a) (2), as amended by section 1650, I. R. C., imposes a tax on certain products of rectification, as follows: On each bottle or other container of liqueurs, cordials, or similar compounds, by whatever name sold or offered for sale, containing sweet wine, citrus-fruit wine, peach wine, cherry wine, berry wine, apricot wine, prune wine, plum wine, pear wine, pawpaw wine, papaya wine, pineapple wine, cantaloup wine, or apple wine, fortified, respectively, with grape brandy, citrus-fruit brandy, peach brandy, cherry brandy, berry brandy, apricot brandy, prune brandy, plum brandy, pear brandy, pawpaw brandy, papaya brandy, pineapple brandy, cantaloup brandy, or apple brandy, ten cents on each one-half pint or fraction thereof. Liqueurs, cordials, and similar compounds on which a tax is imposed and paid under section 3030 (a) (2), as amended by section 1650, I. R. C., are exempt from the 30-cent rectification tax. By "liqueurs, cordials, or similar compounds" is meant those products that contain not less than 2½ percent by weight of sweetening material and possess the taste, aroma, and characteristics generally attributed to liqueurs and cordials.

(54 Stat. 522, as amended, 53 Stat. 347, as amended; 26 U. S. C. 1650, 3030)

§ 190.549 *Liqueurs, cordials, etc., taxable under section 2800 (a) (5), I. R. C.* Liqueurs, cordials, and similar compounds prepared with distilled spirits or with wines which are not fortified with grape brandy, citrus-fruit brandy, peach brandy, cherry brandy, berry brandy, apricot brandy, prune brandy, plum brandy, pear brandy, pawpaw brandy, papaya brandy, pineapple brandy, cantaloup brandy, or apple brandy, or which are prepared with distilled spirits and such wines, are subject to the rectification tax of 30 cents per proof gallon imposed by section 2800 (a) (5), I. R. C., but are not taxable under section 3030 (a) (2), I. R. C.

(53 Stat. 298, as amended, 347, as amended; 26 U. S. C. 1650, 3030)

§ 190.550 *Carbonated and sparkling wines.* The carbonating of tax-paid wines, either by secondary fermentation of the wine within the bottle or container or by charging the wine artificially with carbon dioxide, must be done at a rectifying plant. The carbonated wine is subject to the rectification tax of 30 cents per proof gallon, and, in addition thereto, the tax imposed by section 3030 (a) (2), as amended by section 1650, I. R. C., upon sparkling wine, or artificially carbonated wine, as the case may be, must be paid. This tax is as follows:

(a) On each bottle or other container of champagne or sparkling wine, 15 cents on each one-half pint or fraction thereof;

(b) On each bottle or other container of artificially carbonated wine, 10 cents on each one-half pint or fraction thereof;

(c) Any of the foregoing articles containing more than 24 per centum of absolute alcohol by volume shall be classed as distilled spirits and shall be taxed accordingly.

(54 Stat. 522, as amended, 347, as amended; 26 U. S. C. 1650, 3030)

§ 190.551 *Gin.* Gin produced by a rectifier is exempt from the rectification tax of 30 cents per proof gallon only if produced by the redistillation of a pure spirit over juniper berries and other aromatics. If gin is otherwise produced or compounded, a rectification tax of 30 cents per proof gallon must be paid thereon. (See Subpart Y of this part.)

(53 Stat. 298, as amended; 26 U. S. C. 2800)

§ 190.552 *Blended wines.* Any blending of tax-paid wines by rectifiers, except the blending of domestic tax-paid wines for the sole purpose of perfecting such wines according to recognized commercial standards, subjects the resultant product to the 30-cent rectification tax. Where the taxable class of wine is increased by blending wines with each other, additional wine tax due on the blended wines must be paid, regardless of whether or not the 30-cent rectification tax is incurred by such blending. This additional wine tax represents the difference between the wine tax due on the blended wine under its new classification and the tax previously paid on the wines used for such blending. Section 3030 (a) (1), as amended by section 1650, I. R. C., imposes a tax upon all still wines, and all artificial or imitation wines or compounds sold as still wine, at the following rates:

(a) On wines containing not more than 14 per centum of absolute alcohol, 15 cents per wine gallon, the per centum of alcohol to be reckoned by volume and not by weight;

(b) On wines containing more than 14 per centum and not exceeding 21 per centum of absolute alcohol, 60 cents per wine gallon;

(c) On wines containing more than 21 per centum and not exceeding 24 per centum of absolute alcohol, $2.00 per wine gallon;

(d) All such wines containing more than 24 per centum of absolute alcohol by volume shall be classed as distilled spirits and shall be taxed accordingly.

(54 Stat. 522, as amended, 347, as amended; 26 U. S. C. 1650, 3030)

§ 190.553 *Compounded wines.* Except as provided in § 190.548, any rectifying, mixing, or compounding of tax-paid wine with tax-paid distilled spirits subjects the resultant product to the 30-cent rectification tax; and where the taxable class of wine is increased by the addition of distilled spirits thereto, additional tax due on the wine under its new classification must be paid as well as the rectification tax. (See Subpart Y of this part.)

(53 Stat. 298, as amended, 347, as amended; 26 U. S. C. 2800, 3030)

§ 190.554 *Increase in volume of wine.* Where the volume of wine is increased by the addition of sugar or a sugar solution or other material thereto, wine tax must be paid on the additional gallonage, plus the rectification tax on the entire quantity. (See Subpart Y of this part.)

(53 Stat. 298, as amended, 347, as amended; 26 U. S. C. 2800, 3020)

§ 190.555 *Distinct products.* Where the rectifying, mixing, compounding, or blending of wine results in the manufacture of a distinct product, such as vermouth or sparkling wine, the tax imposed upon such product must, as provided in §§ 190.547 and 190.550, be paid in addition to the rectification tax. (See Subpart Y of this part.)

(53 Stat. 298, as amended, 347, as amended; 26 U. S. C. 2800, 3030)

SUBPART BB—GAUGE, RETURN, AND TAX-PAYMENT OF RECTIFIED SPIRITS

GAUGE OF RECTIFIED SPIRITS

§ 190.565 *Transfer to packages or bottling tank.* Rectified spirits will, upon completion of the process of rectification, be transferred to packages of a capacity of more than 1 wine gallon and not exceeding 130 proof gallons, or to a bottling tank, and gauged therein, except as provided in §§ 190.116, 190.120, 190.575 and 190.620.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.566 *Adjustment of proof.* The proof of rectified spirits shall be adjusted to a whole degree of proof in accordance with the provisions of the Gauging Manual (26 CFR, Part 186) preparatory to filling barrels or bottles. Adjusting the proof to tenths of a degree, either above or below the whole or complete degree, will not be permitted: *Provided*, That when spirits are being prepared for bottling and are to be bottled and labeled in tenths of a degree of proof, such as 86.4, the proof of the spirits shall be adjusted to such tenths of a degree of proof. The proof in each instance shall be verified as to accuracy by the Government officer.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.567 *Filling of packages.* When filling packages of rectified spirits, the rectifier will determine the weight (tare) of the empty package immediately preceding the filling of the same. When the package has been filled, the gross weight will be ascertained and the net weight determined by subtracting the tare from the gross weight. The rectifier will mark such data on the packages in accordance with § 190.797. The storekeeper-gauger shall verify the gross weight, tare, net weight, wine gallons, proof, and proof gallons marked on each package by comparison with Form 237, and shall satisfy himself as to the accuracy of the marks and brands, and stamps. All mechanical labor pertaining to the weighing and marking of packages shall be performed by the rectifier.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.568 *Preparation of statement of composition.* Where rectified spirits are to be removed for bottling elsewhere, the rectifier shall prepare a statement of composition identifying the spirits and providing such information as will, in conjunction with the information shown on the packages, or on Form 237 covering pipe line transfer, permit verification of the label proposed to be used in bottling. The statement must include all pertinent information which is mandatory on the label for the particular product, for example, the presence or absence of flavoring material, artificial coloring, treatment with oak chips, quick-aging, etc. Such statement shall be signed by the rectifier and delivered to the storekeeper-gauger in charge, who, if he finds the spirits properly described, shall certify thereto by signing his name and title under the word "Verified." The statement shall be returned to the rectifier for forwarding to the purchaser of the spirits or to the proprietor of the premises where the spirits are to be bottled.

§ 190.569 *Determining proof of unsweetened spirits.* The proof of distilled spirits and rectified spirits to which saccharine or other solid matter has not been added will be determined by the use of a standard hydrometer set provided by the rectifier in accordance with Subpart R of this part. In connection with the use of such instruments, rectifiers must provide themselves with the official Gauging Manual (26 CFR Part 186) and follow closely instructions therein relative to the gauging of spirits.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.570 *Determining proof of sweetened spirits, wines, etc.* The alcoholic content of blended whiskies containing more than 0.6 gram or 600 milligrams of solids per 100 milliliters derived from blending materials such as sherry wine, prune juice, caramel, glycerine, etc., and of wines, cordials, liqueurs, and other rectified products containing saccharine or other solid matter will be determined by the use of an approved ebulliometer or a small laboratory still provided by the rectifier in accordance with Subpart R of this part. When using such instruments rectifiers must follow closely the instructions furnished therewith in order that accurate determinations may be made. Instructions relative to the use of small laboratory stills (or wine sets) and the following ebulliometers: Arnaldo-Sala (with shield), Braun, Juerst, Lefco, L'Ebulliometer Levesque (with shield), Malligand (with shield), Salleron-Dujardin, "TAG" (with shield), and E. B. Torino (with shield), are also set forth in Regulations 7 (26 CFR Part 178). The alcoholic content of blended spirits containing not more than 0.6 gram or 600 milligrams of solids per 100 milliliters derived from blending materials will be determined by the use of a standard hydrometer or a small still. If determined by a standard hydrometer an obscuration correction factor may be added to the apparent proof in order to obtain the true proof of the blended spirits. Experience has shown that 0.1 gram or 100 milligrams of solids per 100 milliliters will obscure the true proof 0.4 of 1° of proof. For example, if a blended whisky contains 0.25 gram or 250 milligrams of

solids per 100 milliliters and the apparent proof corrected to 60° Fahrenheit is found to be 89° proof by a standard hydrometer, a correction factor of 1° of proof (2.5 times 0.4) due to the solids may be added to the apparent proof, hence the true proof would be 90°. The solids in blended spirits due to blending materials will be determined by evaporating 25 milliliters of the blended spirits in a weighed dish on a steam bath and then heating for 30 minutes at the temperature of boiling water in a drying oven. The solids thus determined, multiplied by 4, will give the solids in 100 milliliters of blended spirits. The correction factor to be used then will be determined on the basis that every 100 milligrams of solids will obscure the proof 0.4 of 1° of proof.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.571 *Determining contents by weight.* Rectified spirits containing not more than 0.6 gram or 600 milligrams of saccharine or other solid matter per 100 milliliters which are transferred to portable packages or to a bottling tank mounted on scales may be gauged by weight in accordance with the Gauging Manual (26 CFR Part 186). To this end accurate scales must be provided. Government officers will frequently test, by means of the test weights provided in accordance with § 190.117, the accuracy of the scales used for weighing packages. Scales used for weighing spirits in lots of not over 500 gallons in bottling tanks will be tested from time to time under the supervision of the storekeeper-gauger by means of the test weights provided in accordance with § 190.117. Such scales will be tested by placing the prescribed test weights upon the scales and checking the weight registered on the beam of the scales. The test weights will then be removed without disturbing the beam and the bottling tank filled with spirits or water to the same weight, whereupon the test weights will again be placed upon the scales, the spirits or water being retained in the tank, and the weight registered on the beam checked. This operation will then be continued until the scales have been checked in 500-pound notches at all weights for which the scales are used. Rectifiers will have scales used for weighing spirits in larger lots tested and their accuracy certified by State, county, or city departments of weights and measures at intervals of not more than six months. The storekeeper-gauger will not permit the use of any scales not so tested or which upon testing are found to be inaccurate.

§ 190.572 *Determining contents by measure.* Rectified spirits transferred to a bottling tank not mounted on scales, and spirits, wines, cordials, liqueurs, and other rectified products containing saccharine and other solid matter will be gauged by measure to determine the wine-gallon content, corrected to volume in accordance with the provisions of the Gauging Manual (26 CFR Part 186); the proof-gallon content will then be determined by multiplying the wine-gallon content by the proof (pointed off in two decimal places) of the spirits. If the spirits, wines, cordials, liqueurs, and other rectified products containing saccharine or other solid matter are transferred to packages, the capacity of each package must be ascertained before the liquors are placed therein, or the quantity to be placed in each package must first be ascertained by actual measure in another vessel provided for that purpose: *Provided, however,* That the quantity in wine gallons of any liquor placed in packages may be determined by weight if the specific gravity of the liquor is ascertained and used in calculating the volume.

§ 190.573 *Accuracy required.* The proof of spirits, wines, or other liquors transferred to packages or bottling tanks at rectifying plants, and the wine-gallon and proof-gallon contents of the containers must be accurately determined by the rectifier. Where the actual proof of the contents of a container is found upon test to differ from the proof marked on the container, or where a package is found to contain a larger number of proof or wine gallons than is shown by the markings thereon, the container or package is liable to detention or seizure and forfeiture. When rectified spirits and products are gauged for tax-payment, the Government officer will verify the proof or alcoholic content and the quantity on which the tax is to be paid. Since the amount of tax to be paid on the spirits is determined by the proof-gallon content thereof, the officer should use care in verifying the proof, the weight or measure, and the wine-gallon and proof-gallon contents.

(53 Stat. 304, 329; 26 U. S. C. 2804, 2861)

§ 190.574 *Preparation of Form 237.* A separate Form 237 will be prepared by the rectifier covering the gauge of each lot of packages or each tank filled with rectified spirits or products as provided in § 190.565. All of the information called for on Form 237, as indicated by the headings of the various columns and lines on the form, and the instructions printed thereon or issued in respect thereto, and as required by this Part, will be given. Each Form 237 will be given a serial number beginning with 1 for the 1st day of January of each year and running consecutively thereafter to December 31.

RETURN OF SPECIAL PRODUCTS

§ 190.575 *Exemption from processing or bottling requirements.* Where by reason of unusual processes employed in the rectification and bottling of special products, such as sparkling wines, rock and rye, gin ricky, etc., it is impracticable to manufacture the products in processing tanks equipped with glass gauges or other measuring devices, or to bottle the same from bottling tanks so equipped, the Commissioner may exempt the rectifier from such processing and bottling requirements.

§ 190.576 *Application.* Rectifiers desiring to manufacture or bottle such special products under exemption from the regular processing or bottling requirements must file application for such exemption, in triplicate, with the district supervisor, setting forth in detail with respect to each such product the process of manufacture or bottling to be employed, and the necessity therefor.

§ 190.577 *Action on application.* Upon receipt of the application, the district supervisor will make appropriate inquiry and will then forward all copies of the application to the Commissioner, with his findings and recommendation. The Commissioner will indicate his approval or disapproval on all copies of the application and will return two copies to the district supervisor, who will retain one copy and forward the other copy to the applicant.

§ 190.578 *Form 237, modified.* In any case in which such exemption is granted and it is impracticable to gauge the spirits and pay the tax prior to bottling in the usual manner, the tax shall be computed and paid on the contents of the bottles. When so bottled prior to tax-payment, Form 237, modified to fit the circumstances, will be prepared for each lot of such bottled special products upon completion of the bottling, except that where manufacture is completed after bottling, as in the case of champagne, Form 237 will be prepared upon completion of manufacture.

PAYMENT OF RECTIFICATION TAX

§ 190.579 *Form 237.* Where rectified spirits are subject to the rectification tax of 30 cents per proof gallon and are to be tax-paid in packages, Form 237 will be prepared in triplicate. Where rectified spirits are subject to the rectification tax of 30 cents per proof gallon and are to be tax-paid in a tank, Form 237 will be prepared in duplicate, except that an extra copy will be made where the transfer of spirits by pipe line to a contiguous tax-paid bottling house or rectifying plant is authorized, as provided in Subpart DD of this part. In computing the rectification tax, all fractional parts of a proof gallon less than five-hundredths shall be dropped, and fractional parts of five-hundredths or more shall increase the fractional part to the next tenth.

§ 190.580 *Inspection and approval by officer.* All copies of Form 237 will be submitted by the rectifier to the Government officer assigned to the rectifying plant, who will then inspect the rectified spirits. If, after inspection of the rectified spirits and verification of the entries on Form 237, the officer finds the details are correctly given on the form, and that the Form 237 covers lawful tax-paid spirits, he will, after ascertaining from the approved formula the rate of tax applicable, note his approval on each copy of the form and the tax rate to which the spirits are subject. He will then return all copies of the Form 237 to the rectifier.

§ 190.581 *Remittance of tax for packages.* Except as provided in § 190.584, for the tax-payment of spirits and wines in packages filled especially for export with benefit of drawback, if the rectified spirits are to be tax-paid in packages, the rectifier shall, upon receipt of Form 237, duly approved, forward all copies to the collector with remittance for the tax due on the spirits. The remittance shall be in the form set forth in § 190.717.

TAXABLE PRODUCTS IN PACKAGES

§ 190.582 *Spirits.* If Form 237 covers spirits (not including wines) in packages (barrels, kegs, or other containers holding more than 1 wine gallon and not exceeding 130 proof gallons each), the collector will issue a Class B rectified spirits stamp, with proper coupons attached, for each package and will enter the serial numbers of the stamps in the proper column on all copies of Form 237, opposite the package for which the stamp is issued. The collector will retain one copy of Form 237 as his authority for issuing the stamps, and will return the other two copies to the rectifier with the stamps. The rectifier will immediately affix the stamps to the packages and cancel the same and mark the packages, as required by Subparts GG and II of this part. The Government officer will see that the proper tax-paid stamp is securely affixed to each package and canceled and that the package is properly marked. When the packages have been properly stamped and marked, the rectifier will immediately remove them to the finished products room, and mark on each copy of Form 237 the date of such removal, and sign each copy of Form 237 and submit them to the Government officer, who will, after proper verification, sign and date the verification in the space provided therefor and return both copies to the rectifier. The rectifier will immediately forward the original of the form to the district supervisor and will retain the copy on file at the plant available for inspection by Government officers.

(53 Stat. 329; 26 U. S. C. 2831, 2862)

§ 190.583 *Wines.* If Form 237 covers wines, the collector will execute the collector's certificate of tax-payment on each copy of Form 237, retain one copy for his files, and return the other two copies to the rectifier, who will immediately stencil the words "Rectification Tax Paid" on each package, mark the packages as required by Subpart II of this part, and remove them to the finished products room. Form 237 will be completed and disposed of in accordance with § 190.582.

§ 190.584 *Spirits packaged especially for export with benefit of drawback.* If Form 237 covers spirits, wines, cordials, or liqueurs drawn into barrels, casks, drums, or other approved containers, containing not less than 5 wine gallons, especially for export with benefit of drawback, the rectifier shall, upon receipt of Form 237, duly approved, cancel the necessary stamps in the exact amount of the tax due in the manner provided by § 190.718. He shall then attach the stamps to Form 237 and return all copies to the Government officer. The Government officer shall complete the cancellation of the stamps as provided by § 190.718 and shall execute the certificate on Form 237 evidencing the receipt and cancellation of stamps for the amount of taxes due. He shall then return all copies of the Form 237 and the canceled stamps to the rectifier who shall stencil the words "Rectification Tax Paid" on each package, remove the packages to the export storage room, attach the canceled stamps to the original of the Form 237 by means of staple, eyelet or similar device and immediately forward the original and the additional copy of the Form 237 to the district supervisor.

TAXABLE PRODUCTS TO BE BOTTLED

§ 190.585 *Tax-payment.* If Form 237 covers spirits in a bottling tank to be bottled, or wines, cordials, or liqueurs to be bottled in the wine bottling room from the processing receptacle in which compounded, the rectifier will, upon receipt of Form 237, duly approved, cancel the necessary stamps in the exact amount of the tax due in the manner provided by § 190.718. He will then attach the stamps to Form 237 and return all copies to the Government officer. The Government officer will complete the cancellation of the stamps as provided by § 190.718 and will execute the certificate on Form 237 evidencing the receipt and cancellation of stamps for the amount of taxes due. He will then return all copies of Form 237 and the canceled stamps to the rectifier, who will attach the canceled stamps to the original of Form 237 by means of a staple, eyelet, or similar device, and attach one copy of the form to the board provided therefor on the bottling tank, or to the door of the wine bottling room, as the case may be. The spirits will be bottled in accordance with the procedure prescribed in Subpart CC of this part.

§ 190.586 *Disposition of Form 237 and stamps.* Upon the completion of the bottling, the rectifier will execute the certificate of cases filled on all copies of Form 237, sign each copy and submit same to the Government officer, who will, after proper verification, sign and date the verification in the space provided therefor. The bottling tank or wine bottling room copy of the form will be retained in the rectifying plant available for inspection by Government officers. The rectifier will immediately forward the completed original and stamps to the district supervisor.

TAXABLE SPIRITS TO BE TRANSFERRED BY PIPE LINE TO CONTIGUOUS TAX-PAID BOTTLING HOUSE OR RECTIFYING PLANT

§ 190.587 *Certificate of tax-payment.* If Form 237 covers spirits to be transferred by pipe line to a contiguous tax-paid bottling house or rectifying plant, the procedure for taxpaying the spirits will be the same as where the spirits are to be bottled from a bottling tank. The extra copy of the form specified by § 190.579 will be attached after completion to Form 230 on the bottling tank in the contiguous tax-paid bottling house or rectifying plant, as evidence that the proper tax on the spirits therein has been paid. The spirits will be transferred in accordance with the procedure prescribed in Subpart DD of this part.

§ 190.588 *Disposition of Form 237.* Upon completion of the transfer of rectified spirits to the tax-paid bottling house or rectifying plant, there shall be entered on all copies of Form 237 a statement that the spirits described on such form have been transferred by pipe line to bottling tank No. __ in the contiguous tax-paid bottling house or rectifying plant operated by _____, together with the date of such transfer and the serial number of the Form 230, prepared by the receiving proprietor, to which the extra copy of Form 237, prepared by the rectifier, is to be attached. After execution of such statement, the rectifier will submit all copies of the form to the Government officer, who will, after proper verification, sign and date the verification in the space provided therefor. The rectifier will retain his copy of Form 237 at the rectifying plant, available for inspection by Government officers, will immediately furnish a copy of Form 237 to the proprietor of the tax-paid bottling house or rectifying plant to which the spirits are transferred, and will immediately forward the original copy of Form 237 with the canceled stamps to the district supervisor.

TAXABLE SPECIAL PRODUCTS

§ 190.589 *Certificate of tax-payment.* Where the Commissioner has exempted the rectifier from the usual processing and bottling requirements in connection with the manufacture of champagne or other sparkling wines, artificially carbonated wines, or other special products, as provided in § 190.575, and it is impracticable to gauge the spirits and pay the tax prior to bottling in the usual manner, the 30-cent rectification tax will be paid upon completion of the bottling or, if the bottling is only a step in manufacture, upon completion of the manufacture. The rectifier will prepare Form 237, in duplicate, modified to fit the circumstances, and the same procedure will be followed in paying the tax as that prescribed in the case of products to be bottled from bottling tanks. Upon receipt of Form 237 from the Government officer with his certificate of tax-payment executed, and upon payment of the tax due (if any) under section 3030 (a), I. R. C., as provided in § 190.598, the products will be removed to the finished products room.

§ 190.590 *Disposition of Form 237.* Upon removal of the product to the finished products room, the rectifier will enter on each copy of Form 237 a statement that the product described on the form has been tax-paid and removed to the finished products room. The rectifier will sign each copy of Form 237 and submit same to the Government officer, who will, after proper verification, sign and date the verification in the space provided therefor, and return both copies to the rectifier. The rectifier will immediately forward the original copy of Form 237 with the canceled stamps to the district supervisor and retain one copy on file at the plant, available for inspection by Government officers.

PARTIALLY RECTIFIED, TAXABLE PRODUCTS

§ 190.591 *Determination of tax liability.* Where the rectifier desires to remove partially rectified, taxable products, the taxes due thereon must be paid prior to removal of the products from the rectifying room, in the same manner as completely rectified products are taxpaid. If the partially rectified products

are such as are subject to tax under section 3030 (a), I. R. C., in lieu of or in addition to the rectification tax, the rectifier must append to each copy of Form 237 a precise statement as to the extent to which the products have been rectified and as to their present character, in order that the taxes due thereon may be determined. Products subject to tax under section 3030 (a), I. R. C., in lieu of the rectification tax will be so tax-paid, unless the process of manufacture has not been sufficiently completed to bring them within the classification of such articles, in which event the products will be subject to the rectification tax. If the products are such as to be subject to both the rectification tax and tax under section 3030 (a), I. R. C., both such taxes must be paid, unless the process of manufacture has not been sufficiently completed to bring them within the classification of such articles, in which event they will be subject to the rectification tax only. The Government officer will verify the extent of rectification and the present character of the partially rectified products and will forward the Forms 237 with his report to the district supervisor. If the district supervisor is in doubt as to the amount of tax due on the products, he will submit the matter to the Commissioner for a ruling.

§ 190.592 *Stamping and marking packages.* Where partially rectified products, subject to the rectification tax, are transferred to packages for removal, the rectification tax due thereon will be paid pursuant to Form 237, and class B rectified spirits stamps will be issued for and affixed to the packages of spirits and the words "Rectification Tax Paid" will be stenciled on packages of wine, in accordance with the procedure prescribed in this subpart in the case of the tax-payment of completely rectified spirits and wines in packages. If the products are not subject to rectification tax, class A rectified spirits stamps will be issued for and affixed to the packages of spirits and the words "Rectification Tax Exempt" will be stenciled on packages of wine. If the products are subject to tax under section 3030 (a), I. R. C., wine stamps will be affixed to the packages. The packages will be marked as provided in Subpart II of this part, and, if shipped to another rectifier for further rectification, there will be securely affixed to the Government head of each package a label showing that the product is partially rectified, the formula under which the product was partially rectified, and the extent to which the product has been treated.

(53 Stat. 329; 26 U. S. C. 2861, 2862)

§ 190.593 *Transfer to another rectifier.* Where partially rectified, taxable products are transferred to another rectifying plant, after tax-payment in accordance with § 190.591, they will, upon receipt at the receiving plant, be placed in the receiving room of such plant and dumped for further rectification or for bottling, pursuant to approved Forms 122 or Forms 230, as the case may be. Where the products are subjected to any further rectifying treatment or process at the receiving plant, additional rectification tax must be paid thereon: *Provided, however,* That where the product manufactured by the additional rectifying process is subject to tax under section 3030 (a), I. R. C., in lieu of the rectification tax, and the tax levied by such section was not paid on the product at the time of removal from the first rectifying plant, tax will be paid under such section in lieu of the rectification tax. If tax was paid on the products under section 3030 (a), I. R. C., either in lieu of or in addition to the rectification tax, at the time of partial rectification and the products are subjected to further rectification at the receiving plant, a second rectification tax must be paid thereon.

§ 190.594 *Transfer to successor.* Where the rectifier desires to transfer partially rectified products to a successor at the same premises, the procedure prescribed in Subpart OO of this part will be followed.

PRODUCTS EXEMPT FROM RECTIFICATION TAX

§ 190.595 *Spirits and wines in packages.* Where the rectified spirits or products (not including wines) are not subject to the 30-cent rectification tax and are filled into packages, Form 237 will be prepared in triplicate and the same procedure will be followed as in the case of such spirits or products subject to the rectification tax, except that the officer approving the form will, if the spirits or products are exempt from tax, make the notation "No tax due" on each copy, the rectifier will send no remittance to the collector when submitting the approved forms to him, and the collector will issue no-value class A rectified spirits stamps for the packages. The same procedure will be applicable where the rectifier desires to remove tax-free blended wines in packages, except that Form 237 will be prepared in duplicate and in lieu of forwarding such form to the collector for the issuance of no-value class A stamps, the rectifier will stencil the words "Rectification Tax Exempt" on each package.

(53 Stat. 329; 26 U. S. C. 2861, 2862)

§ 190.596 *Approval of bottling tax-exempt products.* Where rectified spirits or products are not subject to the 30-cent rectification tax and are transferred directly to a bottling tank for bottling or to the wine bottling room for bottling from the processing receptacle in which compounded, as provided in Subpart CC of this part, Form 237 will be prepared in duplicate, and the same procedure will be followed as in the case of bottling of spirits or products subject to the rectification tax, except that the officer approving the form will, if the spirits or products are exempt from tax, make the notation "No tax due" on each copy, and none of the forms will be sent to the collector.

§ 190.597 *Approval of pipe line transfer of tax-exempt products.* Where rectified spirits or products are not subject to the 30-cent rectification tax and are transferred directly to a tank for conveyance by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling, Form 237 will be prepared in triplicate and the same procedure will be followed as in the case of the transfer by pipe line to a contiguous tax-paid bottling house or rectifying plant of products subject to the rectification tax, except that the officer approving the form will, if the products are exempt from tax, make the notation "No tax due" on each copy, and none of the forms will be sent to the collector.

PAYMENT OF TAX UNDER SECTION 3030 (a), I. R. C.

§ 190.598 *Time of payment.* Where rectified products subject to tax under section 3030 (a), I. R. C., in lieu of, or in addition to, the 30-cent rectification tax are manufactured, the taxes due under section 3030 (a), I. R. C., will be paid as provided in § 190.599. The 30-cent rectification tax, if due, will be paid in accordance with the procedure prescribed in §§ 190.579–190.584.

§ 190.599 *Payable by use of wine stamps.* Wine stamps will be used for the payment of taxes due under section 3030 (a), I. R. C., and for the payment of any additional wine tax due by reason of a change in the taxable grade of wine, or by an increase in the volume of wine, as provided in this part. Such stamps will be canceled and attached to the original copy of Form 237 in the manner provided in § 190.585.

(53 Stat. 347, as amended; 26 U. S. C. 3030)

SUBPART CC—BOTTLING OF RECTIFIED SPIRITS AND PRODUCTS

§ 190.615 *Bottling tank to be used.* Except as provided in §§ 190.120, 190.575 and 190.620, all rectified spirits or products to be bottled will be transferred to an approved bottling tank and an accurate gauge thereof made and reported on Form 237, as provided in Subpart BB of this part. Rectified spirits and products may be bottled only after approval of Form 237 by the Government officer assigned to the rectifying plant, and, if the spirits and products are subject to the rectification tax, upon payment of such tax as provided by §§ 190.585–190.598.

§ 190.616 *Request to open inlet of bottling tank.* When a rectifier desires to transfer spirits to a bottling tank, and the inlet thereof is locked, he will request the Government officer to unlock the inlet of the tank to permit the transfer of the spirits thereto. Where a Government officer is not assigned to continuous duty at the rectifying plant, and is not available, the rectifier will request the district supervisor to detail an officer to the duty.

§ 190.617 *Transfer of spirits to bottling tank.* At the time of unlocking the inlet of the bottling tank, the Government officer will lock the outlet thereto, which must remain locked until the spirits have been transferred to the bottling tank, the inlet locked, the quantity of spirits in the bottling tank determined, Form 237 prepared and approved, and the rectification tax and tax due under section 3030 (a), I. R. C., if any, paid in accordance with the procedure prescribed in Subpart BB of this part.

(53 Stat. 347, as amended; 26 U. S. C. 3030)

§ 190.618 *Release of spirits from tank.* Upon presentation by the rectifier of Form 237 in the case of spirits subject to rectification tax, and upon conformance with the tax-payment procedure prescribed by § 190.585, the Government officer will unlock the outlet of the tank and permit the spirits to be bottled. If Form 237 covers spirits exempt from rectification tax, the Government officer will, upon presentation of the form to him, determine if the form agrees with the contents of the bottling tank, and, if it so agrees, he will execute his certificate and the approval statement on the form, lock the inlet and unlock the outlet of the tank and allow the spirits to be bottled. The inlet of the bottling tank will remain locked, except as authorized in § 190.128, until all spirits within the tank have been bottled and the outlet has been locked. Form 237 will then be completed and disposed of as provided in § 190.586.

§ 190.619 *Filling tank in officer's absence.* Where a Government officer, who is not assigned to continuous duty at the rectifying plant, is present thereat after the bottling of a lot of spirits has been completed, he will lock the outlet and unlock the inlet of the bottling tank. When such is done, the tank may be filled in the absence of the Government officer, Form 237 prepared, and, upon approval thereof, the tax due, if any, paid as prescribed in §§ 190.585 and 190.598.

§ 190.620 *Bottling from processing receptacle.* Where authorized by the district supervisor, wines and certain cordials and liqueurs that require bottling from the processing receptacle in which compounded may be so bottled in the wine bottling room, provided for the purpose in accordance with § 190.98. A rectifier desiring to so bottle such liquors must request approval of the district supervisor in writing, describing the liquors and showing the necessity for bottling same from the processing receptacle. The district supervisor will authorize the bottling from processing receptacles of only those wines, cordials and liqueurs which it is impracticable to bottle from the prescribed bottling tank.

§ 190.621 *Transfer of products to wine bottling room.* Where the rectifier desires to bottle from processing receptacles wines, cordials, or liqueurs authorized to be so bottled, such receptacles will be placed in the wine bottling room, an accurate gauge made of the contents, Form 237 prepared and approved, and the tax thereon paid, as provided in Subpart BB of this part. The wine bottling room will be locked by the Government officer with a Government lock pending payment of the rectification tax, if any, and bottling.

§ 190.622 *Release of products from wine bottling room.* Upon presentation by the rectifier of Form 237 in the case of products subject to the rectification tax, and upon conformance with the tax-payment procedure prescribed by § 190.585, the Government officer will permit the products to be bottled. If the Form 237 covers products exempt from the rectification tax, and if the form agrees with the contents of the receptacles, the Government officer will execute his certificate and the approval statement on the form, and permit the products to be bottled. Form 237 will be completed and disposed of as provided in § 190.586.

§ 190.623 *Separate Form 237 for each tank.* A separate Form 237 must be prepared for each tank of spirits to be bottled, or to be transferred by pipe line to contiguous premises, and the same procedure will be followed for each tank.

§ 190.624 *Separate bottling of taxable and tax exempt spirits.* Spirits subject to tax, and spirits not subject to tax, may not be bottled at the same time in the rectifying plant, unless two or more complete and separate bottling units are provided and the products are kept completely separate and apart.

§ 190.625 *Unauthorized bottling forbidden.* Spirits may not be bottled from any vessel, tank, or receptacle other than a designated and approved bottling tank, except as otherwise provided in §§ 190.575 and 190.620; nor may spirits be bottled without notice to the Government officer assigned to the rectifying plant or the district supervisor, as required in this subpart.

(53 Stat. 374; 26 U. S. C. 3173)

§ 190.626 *Completion of bottling.* When the contents of a bottling tank are not completely bottled at the close of the day the rectifier shall enter on the copy of Form 237 attached to the bottling tank the total quantity bottled that day from such tank, giving all the information required by the form. The Form 237 shall be kept on the tank until the entire contents are bottled. Upon completion of the bottling the rectifier will remove Form 237 from the bottling tank and such form will then be completed and disposed of as provided in Subpart BB of this part.

§ 190.627 *Remnants.* Where, upon the completion of bottling, there remain bottles less than the number necessary to fill a case, which are not to be removed in accordance with the provisions of § 190.795, such bottles will, after being stamped and labeled in accordance with this part, be removed to the finished products room, where they will be used for filling orders for less than a full case of such spirits, or, when a sufficient number of such bottles have been accumulated, they may be placed in regular cases. Appropriate notation will be made on Form 237 and Form 45 to show the quantity removed to the finished products room as a remnant.

§ 190.628 *Liquor bottles.* The proprietor of a rectifying plant must comply with the provisions of Regulations 13 (26 CFR Part 175), respecting the use of liquor bottles and other containers for rectified and unrectified products. Marked liquor bottles may not be used for packaging wines containing 24 per cent or less of alcohol by volume, or products manufactured with such wines, unless such products contain distilled spirits other than those used in fortifying the wine. Bottles must be filled as nearly as possible to conform to the amount stated on the stamp, and on the label or bottle, to be contained therein, but in no event may the amount of spirits contained in any bottle due to the lack of uniformity of the bottles, vary more than 2 percent from the amount stated to be contained therein and, further, in such case there shall be substantially as many bottles overfilled as there are bottles underfilled for each lot of spirits bottled as reported on Form 230 or 237.

(53 Stat. 331; 26 U. S. C. 2871)

§ 190.629 *Red strip stamps.* The proprietor of a rectifying plant must affix over the mouth of each bottle of distilled spirits and compounds containing distilled spirits filled at his plant, except distilled spirits bottled especially for export with benefit of drawback, a red strip stamp, as provided in Subpart GG of this part. Red strip stamps shall not be affixed to bottles of wines containing 24 per centum or less of alcohol by volume, or products manufactured with such wines, unless such products contain distilled spirits other than those used in fortifying the wine.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.630 *Labels for distilled spirits.* The labels used by rectifiers on bottles of distilled spirits and compounds containing distilled spirits must be covered by a certificate of approval of labels of domestically bottled distilled spirits (Form 1649), or a certificate of exemption from label approval for distilled spirits (Form 1650), issued under Regulations 5 (27 CFR Part 5), issued under the Federal Alcohol Administration Act, as provided in Subpart HH of this part. Labels covered by a certificate of exemption from label approval affixed to bottles of a capacity of one-half pint or more but not exceeding 1 gallon, in which distilled spirits or compounds containing distilled spirits are packaged for sale at retail, must conform to the provisions of Regulations 13 (26 CFR Part 175).

(53 Stat. 331; 26 U. S. C. 2671)

§ 190.631 *Labels for wines.* The labels used by rectifiers on bottles or packages of wines must be covered by a certificate of approval of labels of wine domestically bottled or packed (Form 1649), or a certificate of exemption from label approval for wine (Form 1650), issued under Regulations 4 (27 CFR Part 4), issued under the Federal Alcohol Administration Act. Each bottle in which wine is packaged by a rectifier must bear a securely affixed label showing the name and address of the rectifier; the kind of wine; the alcoholic content by volume, except that if not over 14 percent it may be so stated; and the net contents of the bottle, unless legibly blown in the bottle: *Provided,* That where the wines are bottled for a dealer under a certificate of exemption from label approval, the name and address of such dealer may be substituted for the name and address of the rectifier, if the name and

address of the dealer are preceded by the words "Bottled for" or "Bottled expressly for" and the number of the rectifying permit of the rectifier is shown on the label. A separate label showing the data specified in the previous sentence need not be affixed to the bottle if such data is shown on the label covered by the certificate issued under the Federal Alcohol Administration Act regulations.

§ 190.632 *Removal to finished products room.* Upon completion of bottling, the filled bottles, with labels and red strip stamps (where required) properly affixed, must be placed in cases marked in accordance with Subpart II of this part, the filled cases then sealed and stamps representing tax (if any) due under section 3030 (a), I. R. C., attached thereto and canceled as provided in Subpart GG of this part, after which such cases must be immediately removed to the finished products room, except as provided in § 190.99: *Provided*, That the district supervisor may authorize the rectifier to remove to the finished products room, for storage therein pending the receipt of orders, affixing of brand labels or State stamps, or for other acceptable reasons, a reasonable number of unsealed cases of spirits in bottles bearing strip stamps (where required) and labels fully describing the contents, upon condition that the brand labels, if missing, will be affixed and the cases sealed before shipment.

SUBPART DD—TRANSFER OF SPIRITS BY PIPE LINE FROM RECTIFYING PLANT TO CONTIGUOUS TAX-PAID BOTTLING HOUSE OR RECTIFYING PLANT FOR BOTTLING

§ 190.650 *District supervisor may authorize.* The district supervisor may, in his discretion, authorize the installation of a pipe line for the transfer of spirits from bottling tanks and also from weighing and processing tanks conforming to the requirements of § 190.124, in the rectifying plant to bottling tanks in a contiguous tax-paid bottling house or rectifying plant for bottling.

§ 190.651 *Application.* A rectifier who desires to transfer spirits by pipe line to a contiguous tax-paid bottling house or rectifying plant for bottling, must file application, in triplicate, with the district supervisor, showing the relative position of the plants and the ownership thereof, and giving a description of the proposed pipe line and the reasons why it is desired to transfer spirits to the contiguous tax-paid bottling house or rectifying plant for bottling.

§ 190.652 *Action on application.* Upon receipt of the application, the district supervisor will make such inquiry as he may deem necessary to determine the propriety of granting the permission sought. He will then indicate his approval or disapproval on all copies of the application, and will return one copy to the applicant. Where the application is approved, the rectifier will, upon installation of the pipe line, file amended rectifier's notice on Form 27–B, and plans, as provided in § 190.274 in the case of major changes in equipment and an amended plat. The district supervisor will take appropriate action, pursuant to Subpart O of this part, prior to use of the pipe line. If the application is disapproved, the district supervisor will return all copies of the application to the applicant with advice as to the reasons for disapproval.

§ 190.653 *Request for transfer of spirits.* Where the transfer of spirits by pipe line from the rectifying plant to bottling tanks in the contiguous tax-paid bottling house or rectifying plant is authorized, the rectifier will, whenever he desires to so transfer spirits, submit Form 237 or Form 230 to the Government officer and request him to unlock the valve in the pipe line and to supervise the transfer of the spirits. Where the spirits to be transferred are subject to tax, the officer will not permit the transfer thereof to the bottling tanks in the contiguous tax-paid bottling house or rectifying plant unless all tax due has been paid.

§ 190.654 *Transfer of spirits.* When spirits are to be so transferred, the Government officer will see whether the contents of the tank agree with the Form 237 or Form 230, and if found in agreement, and if all taxes due on the spirits have been paid, he will unlock the valve or valves in the pipe line controlling the flow of spirits to the bottling tanks in the contiguous tax-paid bottling house or rectifying plant and permit the rectifier to transfer the spirits under his supervision. Immediately the spirits have been transferred, the proprietor will close the pipe line valve or valves and the Government officer will apply the Government locks thereto. Form 237, prepared as required by this part, will be completed and disposed of as provided in §§ 190.588 and 190.597. Form 230, likewise prepared, will be completed and disposed of as provided in § 190.694.

SUBPART EE—RECTIFICATION AND BOTTLING OF DISTILLED SPIRITS AND WINES ESPECIALLY FOR EXPORT WITH BENEFIT OF DRAWBACK

§ 190.670 *General.* Under the law any distilled spirits and wines on which the internal revenue tax has been paid may be rectified and bottled or packaged especially for export at a rectifying plant or rectified at a rectifying plant for bottling or packaging especially for export by a qualified bottler or packer other than the rectifier, and unrectified domestic distilled spirits and wines on which the internal revenue tax has been paid may be bottled or packaged especially for export in a rectifying plant.

(53 Stat. 377, as amended; 26 U. S. C. 3179)

§ 190.671 *Extent of drawback allowance.* Upon the exportation of distilled spirits and wines so manufactured or produced and tax-paid in the United States and bottled or packaged especially for export, there may be allowed a drawback equal in amount to the tax found to have been paid thereon.

(53 Stat. 377, as amended; 26 U. S. C. 3179)

§ 190.672 *Procedure.* The rectification, bottling, and packaging of distilled spirits and wines especially for export, the rectification of distilled spirits and wines to be bottled or packaged especially for export by a qualified bottler or packer other than the rectifier, the bottling and packaging of unrectified domestic distilled spirits and wines especially for export, the storage pending exportation of distilled spirits and wines bottled or packaged especially for export, the exportation of the spirits or wines, including the lading thereof on vessels for use as ship's supplies and on aircraft for use as aircraft's supplies, and the allowance of drawback thereon shall be in accordance with the provisions of Regulations 28 (26 CFR Part 176).

(53 Stat. 377, as amended; 26 U. S. C. 3179)

SUBPART FF—BOTTLING OF UNRECTIFIED SPIRITS AND WINES

§ 190.685 *Application, Form 230.* Proprietors of rectifying plants desiring to bottle tax-paid distilled spirits or wines without rectification will execute application on Form 230, in duplicate, or in triplicate if the spirits are to be transferred for bottling, giving all of the data called for by the form, as indicated by the headings of the various columns and lines on the form, and the instructions printed thereon or issued in respect thereto, and as required by this part. The rectifier will enter in the space provided therefor on Form 230 the details of the withdrawal gauge for tax-payment when packages of spirits are to be dumped for bottling, or when liqueurs or cordials are authorized to be bottled from the original package, or when spirits received in a tank car or by pipe line are conveyed directly into one bottling tank. When spirits received in a tank car or by pipe line are conveyed directly into more than one bottling tank, or where spirits are withdrawn from a storage tank and run either directly or through a dumping and reducing tank into one or more bottling tanks, the rectifier will enter on a separate Form 230 the details of gauge of each bottling tank giving all applicable information. Each Form 230 will be given a serial number beginning with "1" for the 1st day of January of each year and running consecutively thereafter to December 31, inclusive. A separate Form 230 must be prepared for each tank of spirits to be bottled or to be transferred by pipe line to contiguous premises and the same procedure will be followed for each tank.

(53 Stat. 300, as amended; 26 U. S. C. 2901)

§ 190.686 *Scalping stamps.* The rectifier will cut out with a sharp instrument that portion of the tax-paid stamp, rectified spirits stamp, customs stamp, or wholesale liquor dealer's stamp on each package of spirits to be bottled without rectification, which is required to be cut out at the time spirits are dumped for rectification, as provided in Subpart X of this part. The cut-out portions of the stamps will be securely attached to a slip of paper in such manner that the data thereon may be readily examined and such slip of paper bearing the cut-out portions of the stamps will be securely attached to the original Form 230.

§ 190.687 *Unstamped spirits.* Where the stamp on a package of spirits to be dumped for bottling without rectification has been lost or mutilated, so that the required portion thereof cannot be returned, or where spirits received in tank cars bearing certificate of tax-payment, Form 1525, or where spirits are received by pipe line from premises other than a rectifying plant, or where spirits in stamped bottles, or wines, are to be dumped for bottling without rectification, the same procedure will be followed as that prescribed in §§ 190.430–190.433 in the case of the dumping of spirits or wines from such containers for rectification. When spirits are received by pipe line from a rectifying plant, an explanatory statement will be made in the columns provided for the description of stamps on Form 230, as "see Form 230, Serial No. ------, dated ----------."

§ 190.688 *Approval by officer.* All copies of Form 230 will be submitted to the Government officer asigned to the plant for approval, with a request to unlock and lock the stopcocks on the bottling tank. When packages of spirits are to be dumped for bottling, the proprietor will submit with Form 230 a copy of the withdrawal gauge for tax-payment (Form 1520), and the Government officer will examine the packages described on the form, the withdrawal gauge for tax-payment, and the cut-out portions of the tax-paid stamps, or the affidavit or statement in lieu thereof, attached to one copy of the form. When spirits are received by pipe line from contiguous premises (other than rectifying plants) and are conveyed directly into bottling tanks, the Government officer will compare the kind and quantity described on the form with the kind and quantity reported tax-paid on the withdrawal gauge for tax-payment (Form 703–A, 1440, or 1520, as the case may be). When spirits are received by pipe line from contiguous rectifying plants, and are conveyed directly into bottling tanks, the Government officer will compare the kind and quantity described on Form 230 with the kind and quantity reported transferred on Form 230, or Form 237, as the case may be, attached to a copy of Form 230 submitted by the rectifier. The serial number of the copy of Form 230, or Form 237, received from the rectifier, will be noted by the proprietor on both copies of Form 230 prepared by him. Where spirits to be bottled have been transferred from storage tanks to bottling tanks, the Government officer will compare the kind and quantity described in the application with the kind and quantity reported withdrawn on Form 703–A, 1440, or 1520, as the case may be, attached to the storage tank. If the Government officer finds that the spirits to be bottled have been lawfully tax-paid, and the forms are properly prepared, he will execute his certificate and the authorization for bottling and return all copies to the rectifier. Spirits may be bottled at a rectifying plant without rectification only after approval of Form 230 by the Government officer.

(53 Stat. 335, as amended; 26 U. S. C. 2883)

§ 190.689 *Transfer of packages of spirits to bottling tank.* Upon approval of Form 230 by the storekeeper-gauger, as provided in § 190.688, the rectifier will, in the case of packages, dump the spirits and run them either directly or through a dumping and reducing tank into a bottling tank.

§ 190.690 *Bottling tank gauge.* The rectifier will make an actual gauge of the spirits in the bottling tank after they have been reduced to bottling proof, where such reduction is permissible, and before they are released by the Government officer for bottling. The proof of spirits shall be adjusted to a whole degree of proof preparatory to filling bottles. Adjusting the proof to tenths of a degree, either above or below the whole or complete degree, will not be permitted: *Provided*, That when spirits are being prepared for bottling and are to be bottled and labeled in tenths of a degree of proof, such as 86.4 the proof of the spirits shall be adjusted to such tenths of a degree of proof. The restoration to the original proof and volume of rectified spirits upon which the rectification tax has been paid, by the addition of water, preparatory to bottling, shall not be deemed a reduction in proof or an increase in volume within the meaning of section 2301 (b) of the Internal Revenue Code. The proof in each instance shall be verified as to accuracy by the Government officer. The details of such gauge (calculated or corrected to volume in accordance with the provisions of the Gauging Manual (26 CFR Part 186)) will be entered in the space provided therefor on all copies of Form 230, and one copy of the form will be attached to the bottling tank.

§ 190.691 *Bottling tank to be used.* All spirits bottled at a rectifying plant must be bottled from approved bottling tanks: *Provided*, That the district supervisor may authorize the bottling of wines and certain cordials and liqueurs that require bottling from the original package in the wine bottling room. A rectifier desiring to so bottle such liquors must request approval of the district supervisor in writing, describing the liquors and showing the necessity for bottling the same from the original package. The district supervisor will authorize the bottling from the original package of only those wines, cordials, and liqueurs which it is impracticable to bottle from an approved bottling tank.

§ 190.692 *Locking of bottling tank.* At the time of opening the inlet to the bottling tank, the Government officer will lock the outlet thereof, which must remain locked until the spirits have been transferred to the tank, the inlet locked and the quantity of spirits in the tank determined. The inlet of the bottling tank will remain locked (except as provided in § 190.128) until all spirits within the tank have been bottled and the outlet has been locked.

§ 190.693 *Transfer of products to wine bottling room.* Where the rectifier desires to bottle from the original package wines, cordials, or liqueurs authorized by the district supervisor to be so bottled, such packages will be placed in the wine bottling room and Form 230 will be prepared and submitted to the Government officer assigned to the rectifying plant for approval; but no bottling will be done until the packages have been inspected by an authorized Government officer and an actual gauge of the spirits has been made and the details of such gauge entered on Form 230. When wines, cordials, or liqueurs are to be bottled in the wine bottling room, the rectifier will attach one copy of the approved Form 230 to the door of such room.

§ 190.694 *Disposition of Form 230—Transfer.* Upon completion of the transfer of spirits to the tax-paid bottling house or rectifying plant, there shall be entered on all copies of Form 230 a statement that the spirits described on such form have been transferred by pipe line to Bottling Tank No. -------- in the contiguous tax-paid bottling house or rectifying plant operated by ---------- ----------, together with the date of such transfer and the serial number of the Form 230, prepared by the receiving proprietor, to which the extra copy of Form 230, prepared by the rectifier, is to be attached. After execution of such statement, the rectifier will submit all copies of the form to the Government officer, who will, after proper verification, sign and date the verification in the space provided therefor. The rectifier will retain his bottling tank copy of Form 230 at the rectifying plant, available for inspection by Government officers, will immediately furnish a copy of Form 230 to the proprietor of the tax-paid bottling house or rectifying plant to which the spirits are transferred, and will immediately forward the original copy of Form 230, with the cut-out portions of the tax-paid stamps, or the statements, or affidavit and statement required in lieu thereof, to the district supervisor who will determine that such stamps, etc., are attached to the form.

§ 190.695 *Preparation of statement of composition.* Where spirits are to be removed for bottling elsewhere, the rectifier shall prepare a statement of composition identifying the spirits and providing such information as will, in conjunction with the information shown on the packages or on Form 230 covering pipe line transfer, permit verification of the label proposed to be used in bottling. The statement must include all pertinent information which is mandatory on the label for the particular product. Such statement shall be signed by the rectifier and delivered to the storekeeper-gauger in charge, who, if he finds the spirits properly described, shall certify thereto by signing his name and title under the word "Verified." The statement shall be returned to the rectifier for forwarding to the purchaser of the spirits or to the proprietor of the premises where the spirits are to be bottled.

§ 190.696 *Rinsing of barrels; destruction of stamps, marks, etc.* When packages of spirits are dumped for bottling without rectification the provisions of §§ 190.440, 190.442, 190.443, and 190.496, respecting the destruction of stamps and marks and brands, the rinsing of barrels and wood chips contained therein, and the disposition of wood chips, when pack-

ages of spirits are dumped for rectification, shall be applicable.

(53 Stat. 330; 26 U. S. C. 2866)

§ 190.697 *Mingling of different spirits prohibited.* Spirits of less than 190 degrees of proof which were produced from different materials, or by two or more distillers, or at two or more distilleries, or which differ in kind according to the standards of identity established under the Federal Alcohol Administration Act, or which are otherwise heterogeneous, may not be mingled in a dumping and reducing or bottling tank for convenience in bottling. Examples of spirits which are otherwise heterogeneous are spirits which have been quick-aged and spirits which have not been quick-aged, and spirits which have been stored in different kinds of cooperage. Such spirits of the same composition, produced at aproximately the same proof by the same distiller at the same distillery, and differing in age (a) not more than 6 months in the case of spirits more than 2 years of age, (b) not more than 60 days in the case of spirits more than 1 year and not more than 2 years of age, or (c) not more than 30 days in the case of spirits one year of age, or less, and packaged in the same kind of cooperage will be presumed to be homogeneous, and may be mingled in a dumping and reducing or bottling tank for convenience in bottling. Where it is desired to mingle spirits falling within more than one of the age categories specified, the difference in age allowable shall be determined according to the age of the younger spirits. For example, if spirits not more than one year of age are mingled with spirits more than 1 year old, the spirits must not vary in age more than 30 days. Packages of blended or rectified spirits filled from the same blend or rectification, or from different blends or rectifications made with precisely the same spirits under the same formula, packaged in the same kind of cooperage, and stored under the same conditions, will likewise be presumed to be homogeneous, and may be dumped together for convenience in bottling. Spirits of 190 degrees of proof or more, distilled from the same class of materials (such as grain) will be presumed to be homogeneous and may be mingled in a dumping and reducing or bottling tank for convenience in bottling.

(53 Stat. 335, as amended, 391; 26 U. S. C. 2383, 3254; sec. 5, 49 Stat. 981, as amended; 27 U. S. C. 205)

§ 190.698 *Testing of spirits dumped together for bottling.* Whenever there is doubt as to whether the dumping together of the contents of two or more containers of spirits constitutes rectification, a sample of each component of the proposed mixture should be compared with a sample of the final mixture by chemical analysis and by taste, color, and other tests to ascertain whether the mixture is homogeneous with each of its component parts. The regular dumping together of spirits of different ages, or different blends or rectifications, at the time of bottling is indicative of blending (rectification). The district supervisor will make appropriate inquiry where such dumping is done pursuant to Form 230 to determine whether the mass of spirits dumped together is homogeneous with each of its component parts.

§ 190.699 *Reduction of spirits.* Processing tanks may not be used for the dumping and reducing of spirits to be bottled without rectification. Spirits may be reduced in proof in storage, dumping and reducing, or bottling tanks, prior to the commencement of bottling. The reduction in proof or the increasing in volume of rectified spirits on which the rectification tax has been paid is, however, prohibited by law, unless the spirits are again rectified and the rectification tax again paid thereon. However, the restoration to the original proof and volume of rectified spirits upon which the rectification tax has been paid, by the addition of water, preparatory to bottling, shall not be deemed a reduction in proof or an increase in volume within the meaning of section 2801 (b), I. R. C. Section 2801 (b), I. R. C., is not applicable to the reduction of imported spirits rectified abroad, or spirits rectified in Puerto Rico, or the Virgin Islands, or of domestically rectified spirits exempt from rectification tax.

(53 Stat. 300, as amended; 26 U. S. C. 2801)

§ 190.700 *Filtration.* Spirits dumped for bottling without rectification may be filtered before being bottled, provided that the method of filtering employed is such as will not constitute rectification. (See Subpart Y of this part.)

§ 190.701 *Completion of bottling.* When the contents of a bottling tank are not completely bottled at the close of the day the rectifier shall enter in his certificate on the copy of Form 230 attached to the bottling tank the total quantity bottled that day from such tank, giving all the information required by the form. The Form 230 shall be kept on the tank until the entire contents are bottled. Upon completion of the bottling the rectifier will remove Form 230 from the bottling tank, complete the execution of his certiffcate on all copies, and submit it to the Government officer for verification.

§ 190.702 *Remnants.* Remnants left over upon completion of the bottling of unrectified spirits will be disposed of in accordance with the procedure prescribed in § 190.627 for the disposition of remnants of rectified spirits, except that notation of the removal of the spirits to the finished products room will be made on Form 230 in lieu of Form 237.

§ 190.703 *Disposition of Form 230—Bottling.* Immediately after the completion of the bottling and the proper completion of Form 230, the rectifier will forward the original copy of the form, with the cut-out portions of the tax-paid stamps, or the statements, or affidavit and statement, required in lieu thereof, to the district supervisor, and will file the remaining copy as a permanent record at the plant available for inspection by Government officers. Where the spirits were transferred to the rectifying plant for bottling from a contiguous rectifying plant, the bottling Form 230 with the extra copy of Form 230 or Form 237 attached as evidence of the tax-paid status of the spirits, as provided by §§ 190.588, 190.597, and 190.694, will be filed by the proprietor. The original copy of Form 230 will be forwarded immediately to the district supervisor.

§ 190.704 *Unrectified products to be kept separate.* When unrectified spirits or wines are being bottled in a rectifying plant, such liquors must be kept completely separate and apart from rectified spirits and products.

§ 190.705 *Removal to finished products rooms.* Upon completion of the bottling of spirits or wines without rectification the filled bottles, with labels and red strip stamps (where required) properly affixed, must be placed in cases marked in accordance with Subpart II of this part, the filled cases then sealed and imediately removed to the finished products room, except as provided in § 190.09: *Provided*, That the district supervisor may authorize the rectifier to remove to the finished products room for storage therein pending receipt of orders, affixing of brand labels or State stamps, or for other acceptable reasons, a reasonable number of unsealed cases of spirits in bottles bearing strip stamps (where required) and labels fully describing the contents, upon condition that the brand labels, if missing, will be affixed and the cases sealed before shipment.

§ 190.706 *Rebottling, relabeling, and restamping of bottled spirits.* Where distilled spirits packaged in bottles are to be rebottled for domestic sale, the bottles, if of a capacity of one-half pint or greater and not exceeding 1 gallon, must conform to the requirements of Regulations 13 (26 CFR Part 175). The new label must be covered by an appropriate certificate of label approval (Form 1649) or a certificate of exemption from label approval (Form 1650). If the new label is covered by a certificate of exemption from label approval, it must conform to the requirements of Regulations 13. If the spirits have left the possession of the original bottler and are to be relabeled without rebottling, authorization to relabel the spirits must be obtained in accordance with Regulations 4 and 5 (27 CFR Parts 4 and 5) issued pursuant to the Federal Alcohol Administration Act and submitted to the Government officer assigned to the plant. Whenever bottled distilled spirits are dumped for rebottling, the red strip stamps on the bottles must be destroyed at the time of dumping, and new red strip stamps must be affixed to the bottles in which the spirits are rebottled. Such rebottling, relabeling, and restamping operations will be performed under the supervision of the Government officer. All products rebottled will be dumped pursuant to Form 230 and will be reported on Form 45 in accordance with the instructions printed thereon.

(53 Stat. 303, as amended, 331; 26 U. S. C. 2803, 2871)

SUBPART GG—STAMPS

RECTIFIED SPIRITS STAMPS (FOR BOTTLING TANKS)

§ 190.715 *Denominations; purchase and use.* Stamps for the tax-payment of rectified spirits in bottling tanks may be purchased in various denominations. The denominations of such stamps are set forth on Form 427–C. Rectified spirits stamps for tax-paying the contents of bottling tanks should be purchased by rectifiers from the collector of internal revenue of the district in which the rectifying plant is located. Stamps may not be purchased by one rectifier from another, nor may they, except in cases of emergency, be purchased from collectors of other districts. Stamps may be sold only to proprietors of rectifying plants and only for the payment of tax on rectified spirits. Rectifiers shall not sell or transfer stamps except that they may transfer such stamps to other rectifying plants operated by themselves as provided in § 190.719 pursuant to the prior approval of the district supervisor; or return such stamps for redemption in accordance with § 190.720. Rectified spirits stamps used or unused may not be purchased, sold, or possessed, except as specifically provided by law or this part.

(53 Stat. 375, 398; 26 U. S. C. 3175, 3300)

§ 190.716 *Form 427–C.* With each purchase of stamps the rectifier will submit to the collector Form 427–C, in triplicate, properly executed. The collector will stamp the date of sale on all copies of Form 427–C, return one copy to the rectifier with the stamps and send one copy to the appropriate district supervisor. The remaining copy of Form 427-C will be filed in the collector's office so that all purchase of stamps may be verified at any time. The collector will refuse to sell stamps when such form is not submitted.

§ 190.717 *Remittance; delivery.* All orders for stamps must be accompanied by cash, certified, cashiers' and treasurers' checks drawn on National and State banks and trust companies, United States postal notes, and postal, bank, express, and telegraph money orders, in a sum equal to the value of the stamps. Unless the stamps are called for by the rectifier or his agent in person, they will be sent to him by ordinary mail, registered mail, or express, at the expense of the rectifier. When the stamps are not called for in person, the rectifier will specify on Form 427–C the means (ordinary mail, registered mail, or express) by which he desires the stamps sent to him. If the stamps are ordered to be sent by ordinary mail, the rectifier shall enclose with his order sufficient postage stamps, or a separate remittance to cover the postage; if the stamps are ordered to be sent by registered mail, the rectifier shall include the postage and registry fee and any required registry surcharge, as provided by the postal laws and regulations. If the remittance is other than cash, the sum to cover the postage, registry free, or surcharge, must not be included in the remittance covering the cost of the stamps. The local postmaster should be consulted relative to the amount of the registry fee and surcharge required. Stamps forwarded by express will be sent "collect."

(53 Stat. 447, as amended; 26 U. S. C. 3656)

§ 190.718 *Manner of cancelling stamps.* At the time of delivery of the stamps to the Government officer for payment of the rectified spirits tax, the rectifier shall cancel the stamps by legibly writing or stamping on each stamp with indelible (India) ink his name, registry number, and the serial number of Form 237. The tax-paid stamps must be further canceled by being signed by the Government officer, followed by his title. Facsimile signatures of Government officers on stamps may be affixed by the use of hand stamps, provided care is taken to use only such ink as will neither fade nor blur.

§ 190.719 *Transfer to other premises.* When the rectifying plant is permanently discontinued, or the proprietor has no use for the stamps thereat and the proprietor operates other rectifying plants in which the stamps could be used, he may transfer the stamps to such other premises for use thereat. Permission to so transfer stamps to other premises must be first obtained from the district supervisor. If the rectifying plant to which the stamps are to be transferred is located in another supervisory district, the district supervisor granting authority to transfer the stamps will advise the district supervisor of the other district so that he may know that the receiving rectifying plant is entitled to receive the stamps. The latter district supervisor will also inform the Government officer assigned to the receiving rectifying plant of the authority to receive stamps from other rectifying plants. Record of such transfers of stamps must be made on Form 45, as provided in § 190.722.

§ 190.720 *Redemption of rectified spirits stamps; Claim to collector.* Rectifiers desiring to have rectified spirits stamps redeemed under the provisions of section 3304, I. R. C. must make claim on Form 843 to the collector of internal revenue. The stamps, for which redemption is claimed, must be attached to the claim, and the number and denominations thereof must be listed on the claim or on a sheet of paper attached thereto. Where the stamps have been destroyed, evidence satisfactory to the Commissioner establishing such destruction must accompany the claim.

§ 190.721 *Unredeemable stamps.* Rectified spirits stamps may not be redeemed while rectified spirits, on which the stamps can be used in tax-payment, remain on hand and while the rectifying plant remains in a qualified status. When a rectifying plant is discontinued and stamps remain on hand, such stamps are not redeemable if the proprietor operates other rectifying plants at which the stamps could be used. In such cases the stamps will be transferred to the other premises for use thereat. Notation of the transfer must be made on Form 45 of both premises.

§ 190.722 *Stamp record.* The rectifier shall keep a record on Form 45 of all rectified spirits stamps for bottling tanks received and used at his rectifying plant. When rectified spirits stamps are surrendered for redemption, in accordance with § 190.720, or are transferred to, or received from, other rectifying plants operated by the proprietor, as authorized in § 190.719, record thereof must be made on Form 45, giving the reason for such surrender, transfer, or receipt, the date thereof, and the denominations of the stamps surrendered, transferred, or received, and, in cases of transfer or receipt, the name, registry number, and location of the premises to which the stamps were transferred or from which they were received.

RECTIFIED SPIRITS STAMPS (FOR PACKAGES)

§ 190.723 *Two classes.* Stamps for rectified spirits are provided in two classes: Class A, for products of rectification to which the rectifying tax of 30 cents per proof gallon does not attach; and Class B, for products of rectification to which the rectifying tax of 30 cents per proof gallon does attach.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.724 *Denominations.* Rectified spirits stamps of classes A and B are provided in denominations of 1, 10, 20, 30, 40, 50, 60, 70, 80, 90, 100, 110, 120 and 130 proof gallons, with 9 coupons attached representing 1 gallon each, and 9 coupons representing one-tenth of a gallon each.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.725 *Collector to issue stamps.* When Form 237, properly approved, showing that packages (barrels, kegs, or similar containers) of rectified spirits or products have been filled by the rectifier, is submitted to the collector without remittance in the case of rectified spirits or products exempt from the rectification tax, or with proper remittance in the case of rectified spirits or products subject to the 30-cent rectification tax, the collector will issue Class A or Class B stamps, respectively, of the proper denomination with the required coupons attached for each package listed on the form.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.726 *Issuance of stamps.* Upon issuing the stamps, the collector will enter on each stamp the collection district, name of the rectifier, the date of issuance, the proof gallons, and the serial number of the package for which the stamp is issued. The collector will also enter the serial number of each stamp in the column provided therefor on Form 237 opposite the serial number of the package, unless stamps are issued for several packages in consecutive order, in which case the numbers of the first and last stamps will be entered opposite the serial numbers of the first and last packages with an intervening waved line indicating that the omitted numbers follow consecutively from the first to the last.

(53 Stat. 329; 26 U. S. C. 2862)

§ 190.727 *Stamp stub.* Connected with each stamp is a corresponding stub, and the collector shall enter thereon the data called for necessary to preserve a

perfect record of the use of such stamp when detached.

(53 Stat. 301; 26 U. S. C. 2802)

§ 190.728 *Affixing of stamps.* Each rectified spirits stamp must be affixed to the package containing the spirits or products which it was issued to cover. Such stamps may not under any circumstances be affixed to other packages of spirits. The stamps must be securely affixed to a smooth surface of the Government head of the cask or package (the head bearing the marks and brands required by Subpart II of this part). That surface must not have been previously painted or covered with any oily substance or any substance which would have a tendency to cause the stamp to crack or peel off. Varnish, glue, or other adhesive material which would cause the stamp to adhere securely must be used for affixing the stamp to the package.

(53 Stat. 329; 26 U. S. C. 2862)

§ 190.729 *Use of tacks.* In affixing stamps, one tack or staple will be driven in each corner of the stamp, and as many more as appear necessary where the stamp bears coupons rendering it irregular in shape.

(53 Stat. 329; 26 U. S. C. 2862)

§ 190.730 *Cancellation.* The stamp having been affixed must be immediately canceled. For this purpose the rectifier will use a stencil plate of brass or copper, in which have been cut not less than five fine parallel waved lines long enough to extend not less than three-fourths of an inch above and below the stamp on the head of the cask or package. This plate must be imprinted with black, durable coloring material over and across the stamp as indicated. The stencil plate will be so set as to bring the five parallel waved lines across the stamp at such points as will least obscure the reading matter on the stamp. The coloring material will be so applied with the brush as to make these lines distinct without blotting or spreading over the stamp. The stencil plates, with the edges of the cuttings of the lines, will be kept clean and the coloring material will be carefully examined to see that it is of a quality which will make a distinct and durable mark, without blotting or spreading.

(53 Stat. 329; 26 U. S. C. 2862)

§ 190.731 *Covering.* The stamp having been so affixed and canceled must be immediately covered with a coating of transparent varnish, shellac, or lacquer. No varnish, shellac, or lacquer shall be used which is not transparent or which is oily enough to affect in the least the glue or other adhesive on the stamp.

(53 Stat. 329; 26 U. S. C. 2862)

§ 190.732 *Proprietor to furnish all necessary labor.* All necessary labor in connection with the affixing, canceling, and covering of stamps affixed to packages of spirits shall be furnished by the rectifier.

WHOLESALE LIQUOR DEALER'S STAMPS

§ 190.733 *Circumstances authorizing procurement.* Where, because of the discontinuance of business or change of location or desire to return to the vendor distilled spirits found to be unsuitable after the deposit thereof in storage tanks or the dumping thereof from the stamped packages in which received, or for other lawful reasons, the rectifier desires to fill packages of distilled spirits containing five wine gallons or more, in cases where the spirits have not been rectified, he may, if qualified as a wholesale liquor dealer, procure wholesale liquor dealer's stamps for the packages.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.734 *Denominations.* Wholesale liquor dealer's stamps are provided in denominations of 5, 10, 20, 30, 40, 50, 100, 200, 300, and 500 wine gallons, with 9 coupons attached representing 1 wine gallon each, and 9 coupons representing one-tenth of a wine gallon each.

(53 Stat. 329; 26 U. S. C. 2363)

§ 190.735 *Application to package.* Rectifiers desiring to draw distilled spirits into wholesale liquor dealer's packages of 5 wine gallons or more, as authorized in § 190.733, will make application therefor on Form 92, in triplicate, giving all of the information called for by the form. Where the spirits to be so packaged have been dumped from the stamped containers in which received the application shall show, in addition to other applicable data, the date and number (122 or 230) of the form pursuant to which the spirits were dumped. If the spirits were received in a tank car the application shall show, in addition to other applicable data, the date the certificate of tax-payment (Form 1595) was submitted to the district supervisor. Should the spirits, which it is permissible to transfer to wholesale liquor dealer's packages under § 190.733, be contained in stamped packages, the stamps thereon must be scalped and securely attached to one copy of the application.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.736 *Government officer's certificate.* All copies of Form 92 will be submitted to the Government officer assigned to the rectifying plant, who, if he finds after inspection of the spirits and verification of the entries and statements in the application that the spirits are correctly described and have been properly tax-paid and have not been subjected to any act of rectification, will execute his certificate on each copy of the form.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.737 *Approval of application.* If the Government officer is satisfied that the rectifier is entitled to receive wholesale liquor dealer's stamps for the packages he desires to fill because of discontinuance of business, change of location, or desire to return to the vendor distilled spirits found to be unsuitable after the deposit thereof in storage tanks or the dumping thereof from the stamped packages in which received, he will approve the application and return all copies to the rectifier. If the wholesale liquor dealer's stamps are desired for lawful reasons other than the above, the Government officer will return all copies to the rectifier for forwarding to the district supervisor. If the district supervisor is satisfied that the application is properly executed and that the rectifier is entitled to procure such stamps, he will approve the application and return all copies to the rectifier.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.738 *Filling, gauging, and marking packages.* Upon receipt of Form 92, duly approved, the rectifier will fill, gauge, and mark the packages under the supervision of the Government officer. The packages will be filled in accordance with the provisions of § 190.567. The packages will be gauged in accordance with the rules prescribed in the Gauging Manual 26 CFR, Part 186), and the details of the gauge will be entered on each copy of the form. The packages will be marked and branded in accordance with the provisions of Subpart II of this part.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.739 *Preparation of statement of composition.* Where a rectifier, pursuant to an approved Form 92, packages distilled spirits in wholesale liquor dealer's packages for removal to other qualified premises for bottling, he shall prepare a statement of composition identifying the packages and providing such information as will, in conjunction with the information shown on the packages, permit verification of the label proposed to be used in bottling. The statement must include all pertinent information which is mandatory on the label for the particular product, for example, the presence or absence of flavoring material, artificial coloring, treatment with oak chips, quick-aging, etc. Such statement shall be signed by the rectifier and delivered to the storekeeper-gauger in charge, who, if he finds the spirits properly described, shall certify thereto by signing his name and title under the word "Verified." The statement shall be returned to the rectifier for forwarding to the purchaser of the spirits or to the proprietor of the premises where the spirits are to be bottled.

§ 190.740 *Application for stamps.* When the spirits have been properly packaged and the details of the gauge thereof entered on Form 92, the rectifier will execute the application on such form for the issuance of wholesale liquor dealer's stamps for the packages, and will deliver all copies of the form to the Government officer for his verification.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.741 *Government officer's verification.* The Government officer will, after verification of the rectifier's entries on the form, sign and date the verification in the spaces provided therefor, and will return all copies to the rectifier, who will then forward them to the collector.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.742 *Issuance of stamps.* Upon receipt of Form 92, duly executed, the collector will issue a wholesale liquor dealer's stamp, with proper coupons attached, for each package listed on the form. When issuing the stamps the collector will enter on each stamp the date, his name and collection district, the name of the wholesale liquor dealer (the rectifier), the number of wine gallons in the package for which the stamp is issued, the name and collection district of the distiller or other person who filled the stamped package or packages or tank car in which the spirits were previously contained, and the present proof of the spirits. If the package for which the stamp is issued was filled directly from a stamped package, the collector will also enter on the stamp the serial number of the stamped package, the kind and serial number of the stamp which such package bore, and the original proof of the spirits. Where the spirits drawn into wholesale liquor dealer's packages have been previously contained in two or more packages which had been dumped together, or in a tank car, the collector will insert a dash in the spaces provided on the stamp for the insertion of the serial number of the previous package, the kind and serial number of the stamp thereon, and the original proof of the spirits, except that where the spirits were contained in a tank car the words "Tank car" will be inserted in the space provided for the serial number of the previous package.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.743 *Stamp stub.* The collector shall enter on the stub connected with each stamp the data called for to preserve a perfect record of the use of the stamp when detached.

(53 Stat. 301; 26 U. S. C. 2802)

§ 190.744 *Collector's disposition of Form 92.* The collector will enter the serial numbers of the wholesale liquor dealer's stamps in the proper column on each Form 92, opposite the description of the package for which the stamp is issued. The collector will then return one copy of Form 92 to the rectifier with the stamps, forward one copy of the form to the district supervisor, and retain the remaining copy as his authority for issuing the stamps.

(53 Stat. 329; 26 U. S. C. 2863)

§ 190.745 *Wholesale liquor dealer's stamps for rectified spirits.* Collectors may not furnish wholesale liquor dealer's stamps in lieu of and in exchange for stamps for rectified spirits, unless the package covered by the stamp for rectified spirits is to be broken into smaller packages.

(53 Stat. 301; 26 U. S. C. 2802)

§ 190.746 *Affixing and canceling stamps.* Upon receipt from the collector of Form 92 and the accompanying stamps, the rectifier will affix the stamps to the packages and cancel the same under the supervision of the Government officer. The stamps will be affixed and canceled in the same manner as rectified spirits stamps are required in this subpart to be affixed and canceled.

(53 Stat. 398; 26 U. S. C. 2301)

§ 190.747 *Records.* Where distilled spirits which have been dumped for bottling without rectification are packaged under wholesale liquor dealer's stamps, the rectifier shall enter a full description of the packages and their contents in his certificate on Form 220, together with a reference to the Form 92 under which the spirits were authorized to be so packaged. The rectifier shall also make appropriate entries and notations on Form 45 whenever any distilled spirits are packaged and removed under wholesale liquor dealer's stamps.

(53 Stat. 329; 26 U. S. C. 2862)

WINE STAMPS

§ 190.748 *Purchase, transfer, record, etc., of wine stamps.* Wine stamps for the payment of taxes on rectified spirits or products under section 3030 (a), I. R. C., will be provided in the denominations set forth on Form 427–B. Such stamps will be purchased by rectifiers pursuant to application on Form 427–B from the collector of the district in which the rectifying plant is located, in accordance with the provisions of § 190.715. Wine stamps may also be received from another rectifying plant operated by the rectifier pursuant to § 190.719. The provisions of §§ 190.715–190.722, shall be applicable to the procurement, possession, use, and record of wine stamps.

(53 Stat. 347, as amended; 26 U. S. C. 3030)

DESTRUCTION OF STAMPS UPON EMPTYING PACKAGES

§ 190.749 *Immediate destruction required.* All stamps must remain on the package until the contents are emptied therefrom. When a package of distilled spirits is emptied, all stamps thereon must be completely effaced and obliterated. Every person who empties any receptacle to which wine stamps are attached shall destroy such stamps by scraping or obliterating the same immediately the receptacle is emptied; and if the receptacle is a cask, barrel, keg, or similar container he shall scrape or obliterate the marks and brands therefrom. The responsibility for destroying stamps on empty packages rests upon the person emptying the same.

(53 Stat. 330, 398; 26 U. S. C. 2306, 3301)

RED STRIP STAMPS

§ 190.750 *Requisition, Form 428.* Proprietors of rectifying plants may purchase red strip stamps indicating tax-payment of bottled distilled spirits in anticipation of their current needs. Requisition for red strip stamps will be made by proprietors on Form 428, in triplicate.

§ 190.751 *Stamp denominations.* Red strip stamps will be provided in the following denominations only: 1 gallon, ½ gallon, 1 quart, ⅘ quart, ¾ quart, 1 pint, ⅘ pint, ¾ pint, ½ pint, and less than ½ pint. When bottles containing spirits are of sizes for which no stamps are provided, the rectifier will use stamps of the denomination next under the actual quantity of spirits contained in the bottles, as, for instance, a stamp of the ½-pint denomination for a bottle containing more than ½ pint and less than ¾ pint, and will block or strike out the original denomination and write or print on the stamps immediately above the blocked or stricken out denomination the exact quantity of spirits contained in the bottles. Stamps of the denomination of "less than ½ pint" need not be changed to show the exact quantity contained in the bottles. Red strip stamps will be issued 50 in a sheet. Requistions for red strip stamps by proprietors of rectifying plants must be made for full sheets. Stamps less than a full sheet may not be sold by a collector to a rectifier.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.752 *Approval of requisition.* The proprietor will submit all copies of the requisition, Form 428, to the Government officer for approval. Before approving the requisition, the approving officer will see that it is properly executed and will satisfy himself that the number of stamps for which requisition is made is necessary for the current needs of the rectifier. No red strip stamps may be issued for use at a rectifying plant unless Form 428 is approved. Upon approval of the form, the approving officer will return all copies to the rectifier.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.753 *Purchase of stamps.* Red strip stamps will be purchased by rectifiers from the collector of the district in which the rectifying plant is located. Stamps may not be purchased by one rectifier from another, nor may they, except in cases of emergency, be purchased from collectors of other districts. The rectifier will forward all copies of the approved Form 428 received from the approving officer to the collector of internal revenue with remittance for the stamps in the manner prescribed by § 190.717. The collector will enter the serial numbers of the stamps issued and stamp the date of sale on all copies of Form 428, and will retain one copy and send the original to the district supervisor and one copy (by mail) to the Government officer at the rectifying plant. The collector will, in every case, forward the stamps to the Government officer at the plant, in care of the rectifier. The rectifier will retain the package intact and deliver it unopened to the Government officer. The Government officer will enter receipt of the stamps in Form 182, and will immediately place them in the Government room, vault or cabinet, provided in accordance with § 190.895.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.754 *Shipment of stamps.* Where the stamps are to be shipped, the collector will forward the stamps to the Government officer by registered mail or express. The expense of forwarding the stamps by registered mail or express will be borne by the proprietor. The collector may furnish the stamps directly to the proprietor for immediate delivery to the Government officer in accordance with § 190.753.

§ 190.755 *Rectifier's daily requisition.* The rectifier will make requisition of the Government officer for the necessary number of stamps for each day's bottling or for each lot of spirits bottled. The requisition will be prepared in the following form:

(Name of plant)

(Plant requisition number)

(Date)

To *United States Storekeeper-Gauger:*

Please deliver to our bottling department the following red strip stamps to be used for affixing to bottles of tax-paid spirits to be drawn from bottling tanks shown herein:

Denomination	Quantity	Bottling tank number

(Proprietor)

By _____

Stamps delivered to proprietor:

Denomination	Quantity	Serial number of sheets

(U. S. Storekeeper-gauger)

(Date)

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.756 *Stamps issued in serial order.* All red strip stamps will be issued by the Government officer to the rectifier in proper serial order, starting with the lowest serial number of the stamps of the denominations desired on hand at the time of issuance. The rectifier will not, however, be required to affix red strip stamps in serial order.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.757 *Requisitions to be filed.* Government officers will retain copies of Form 428 returned by the collector, and the rectifier's daily requistions at the plant as a record available for inspection by other Government officers and will file them in chronological order.

§ 190.758 *Officer's responsibility.* Government officers who have custody of red strip stamps will be held strictly responsible for the proper control and accounting of all stamps received, issued, used, and on hand. They shall determine whether the number of stamps requisitioned is needed; that those issued are properly affixed to bottles of tax-paid spirits; that all stamps issued to the rectifier and not used are returned to them; and that a proper accounting is made of all stamps reported mutilated.

§ 190.759 *Cutting stamps in advance.* The Government officer will enter on Form 182 all red strip stamps received from the collector. He may thereafter, upon request, permit the rectifier to cut all, or any quantity, of such stamps in advance of his needs. Such red strip stamps will be cut under the supervision of the Government officer and returned to him in the same numerical sequence. Each separate package of cut red strip stamps must be marked with the quantity of such stamps in the package and the first and last numbers, as "5,000, serial Nos. 1,600,001 to 1,600,100." Government officers when issuing red strip stamps will enter in the space provided therefor on the rectifier's requisition the denomination, quantity, and serial numbers of the stamps.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.760 *Manner of affixing stamps.* The stamps must be securely affixed to the bottles with the use of a good adhesive. The adhesive used must be in proper liquid condition, and care must be taken to cover the entire back of the stamp with the adhesive, and to press the whole surface of the stamp firmly against the surface of the bottle sufficiently long to cause the entire surface of the stamp to adhere securely to the bottle. The stamp must pass over the mouth of the bottle, extending an approximately equal distance on two sides of the bottle, and be so affixed that a portion of the stamp will remain attached to the bottle when the same is opened.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.761 *Concealing or obscuring stamps prohibited.* No part of the stamp shall be concealed or obscured by any label or other covering, except that a cup may be placed over the opening of the bottle or the bottle may be placed in a carton, as provided in this section. Seals made of cellulose or other material which are shrunk or otherwise fitted over the necks of the bottles and cover the stamps must be sufficiently transparent to permit the stamps to be plainly seen and the data thereon easily read. No cup or cap may be placed over the opening of a bottle and cover the stamp, unless such cup or cap is transparent or is so placed on the bottle that it may be readily removed at any time without injury to the stamp and the arrangement is such that the ends of the stamp will be plainly visible when the cap or cup is in place. Cartons or other coverings of bottles of distilled spirits are permitted, if so made that they may be opened and closed without being torn or broken. Sealed cartons or other coverings may not be used unless transparent or unless openings therein permit the data on the stamp and the indicia on the bottle to be plainly seen and read.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.762 *Affixing stamp over cup or cap.* The stamp may be affixed over a cup or cap placed over the opening of the bottle, provided the arrangement is such that the stamp will be torn apart or destroyed when the cup or cap is unscrewed or removed or destroyed. Where it is desired to affix the stamp over a removable cup or cap, the cup or cap must be securely screwed or fastened over the opening of the bottle, and must be of such size and construction that the stamp will pass over the top and extend beyond the cup or cap for such length that each end of the stamp may be securely affixed to the surface of the bottle. Any bottler using such a cup or cap must see to it that the stamp is securely affixed, with a strong adhesive, to both the cup or cap and the bottle in such a manner that the stamp will be torn apart when the cup or cap is unscrewed or removed. Where it is desired to affix the stamp over a cap or seal made of cellulose or other similar adhesive material which is so shrunk or otherwise fitted over the neck of the bottle as to be unremovable without being destroyed, it will not be necessary for the ends of the stamp to be affixed to the surface of the bottle, but the cap or seal and stamp must be so affixed that a portion of each will remain attached to the bottle when it is opened. In any case where there is doubt as to the propriety of the use of any cup or cap, the bottle and cup or cap should be submitted to the district supervisor for a ruling thereon.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.763 *Bulk containers in excess of 1 and less than 5 gallons.* Where unrectified alcohol or other unrectified distilled spirits are packaged in containers in excess of 1 gallon and less than 5 gallons, a red strip stamp must be securely affixed over the opening of the container in such a manner that the stamp will be destroyed when the container is opened. Stamps of 1-gallon denomination will be used for such containers and the denomination of the stamp will be changed by obliterating the figure "1" on each end of the stamp over the abbreviation "Gal." and writing or printing immediately above the same other figures representing the exact contents of the container. Alcohol and other distilled spirits in such containers may be sold or disposed of only as provided in § 190.815, relative to sales in bulk containers.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.764 *Non-usable strip stamps.* Strip stamps issued by foreign countries may not be affixed to either imported or domestic spirits bottled at rectifying plants and intended for domestic consumption, nor may red strip stamps which have been mutilated be used at such plants. Unless eligible and intended for exchange or refund, as provided in § 190.765, red strip stamps that have been mutilated should be destroyed by the rectifier under the supervision of the Government officer, who will then enter appropriate credit on Form 182 for the number of each denomination of stamps so destroyed.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.765 *Exchange and redemption of stamps.* Unused red strip stamps, in quantities of the value of $5 or more, issued under subsection (b) of section 2803, Internal Revenue Code, may be exchanged for other stamps of the same kind and in any prescribed denomination, or the value thereof may be refunded: *Provided* That a claim for such exchange or refund, establishing the lawful issuance and ownership of the stamps, is filed with the collector of internal revenue who issued the stamps within two years after the date on which such stamps were lawfully issued: *Provided, however,* That the value of unused stamps which have been destroyed may be refunded upon the filing of a claim as provided in this section with proof to the satisfaction of the Commissioner of the destruction of the stamps. Claims for exchange of stamps will be filed on Form 1579 which will be prepared according to the instructions printed on the form, signed and sworn to before an officer authorized to administer oaths: *Provided,* That if the form officially prescribed for such application contains therein a provision for verification by a written declaration that such application is made under penalties of perjury, such application shall be verified by the execution of such declaration, and such declaration so executed shall be in lieu of the oath and required herein for verification. Claims for refund of the value of the stamps will be filed on Form 843, in accordance with procedure prescribed by the Commissioner.

(53 Stat. 303, as amended, 63 Stat. 667; 26 U. S. C. 2803, 3309)

§ 190.766 *Record, Form 96.* Where the red strip stamps are returned to the proprietor for filing a claim for exchange or redemption, the proprietor shall account for such stamps on Form 96, until the exchange or redemption has been effected. The form will be prepared and disposed of in accordance with the applicable instructions printed thereon relating to "Other persons assigned custody of stamps."

§ 190.767 *Government officer's record and report.* Storekeeper-gaugers assigned to rectifying plants will make a record and report of red strip stamps received and used on Form 182, as provided in Subpart LL of this part.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

SUBPART HH—LABELS ON BOTTLES OF DISTILLED SPIRITS

§ 190.780 *Certificates of approval or exemption.* All bottlers of distilled spirits are required by Regulations 5 (27 CFR Part 5) issued under the Federal Alcohol Administration Act to obtain a certificate of approval of labels of domestically bottled distilled spirits (Form 1649) or a certificate of exemption from label approval for distilled spirits (Form 1650) before using labels on bottles of distilled spirits.

(Sec. 5, 49 Stat. 1965; 27 U. S. C. 205)

§ 190.781 *Certificates to be exhibited.* All bottlers of distilled spirits are required to exhibit certificates of label approval (Form 1649) or certificates of exemption from label approval (Form 1650) upon request to a duly authorized representative of the United States. Internal revenue officers will call upon the proprietor to exhibit the required certificates of label approval or certificates of exemption from label approval. The original certificate or duplicate original issued under the Federal Alcohol Administration Act regulations must be exhibited to the officer. Photostatic copies are not acceptable for this purpose.

(Sec. 5, 49 Stat. 1965; 27 U. S. C. 205)

§ 190.782 *Comparison of labels with contents of bottling tank.* Before releasing spirits from bottling tanks for bottling, the Government officer will require the rectifier to submit to him the label he proposes to use for the spirits in the bottling tank, together with the certificate of label approval or the certificate of label exemption, as the case may be: *Provided,* That in the case of spirits for export, other than to Puerto Rico, no certificate will be required. The storekeeper-gauger will compare such label with the label affixed to such certificate, if any, to see that they agree in every respect except for the differences allowed by the certificate. In the case of spirits for export, the storekeeper-gauger will compare the label with the label requirements of Regulations 28 (2 CFR Part 176). In order to determine whether the label to be used corresponds in every respect with the spirits in the bottling tank including age, class and type, and proof, he will then compare such label with Forms 122 and 237, and Form 27–B Supplemental describing the formula, for rectified products manufactured by the rectifier; and with Form 230 as to products being bottled without rectification; with the certificate of origin, age and class and type in the case of imported distilled spirits, where required by Regulations 5, (27 CFR Part 5) issued under the Federal Alcohol Administration Act; and with the statement of composition required by §§ 190.563, 190.695 and 190.739, in the case of distilled spirits received from another rectifier. In making this determination he will take into consideration the kind of spirits, the proof of distillation, the kind of cooperage in which the spirits were stored, and whether the spirits were treated with oak chips, etc., as disclosed by the marks and brands on the packages, by Forms 122, 237 or 230, and by the certificate of origin, age, and class and type, or in the statement of composition. If the label and spirits agree in every respect, the Government officer will attach the label securely to the copy of Form 237 or Form 230 to be attached to the bottling tank and release the spirits for bottling. If the label and spirits do not agree in every respect, the Government officer will withhold the release of the spirits for bottling until the rectifier submits to him a label and, where required, a certificate of label approval or exemption, as the case may be, correctly describing the spirits to be bottled.

(49 Stat. 1965; 27 U. S. C. 205)

§ 190.783 *Additional label requirements.* Officers assigned to rectifying plants will also see that all labels affixed to containers of distilled spirits subject to the provisions of Regulations 13 (26 CFR Part 175) conform to the requirements of such part. The methods prescribed in § 190.782 will be followed in making such determinations.

(53 Stat. 331; 26 U. S. C. 2871)

§ 190.784 *Tests of bottled spirits.* Officers assigned to rectifying plants will, at frequent, irregular intervals during the process of bottling, test and examine the bottled spirits to determine whether the label attached is identical with the label verified by the Government officer under § 190.782; whether the bottled spirits agree in proof with the data on the label; and whether the quantity agrees with the data on the label, stamp or bottle, subject to the limitation prescribed by § 190.628. The test as to proof will be made in accordance with the provisions of the Gauging Manual (26 CFR, Part 186). The test as to quantity will be made by the utilization of a glass graduate standardized at sixty degrees Fahrenheit to be provided by the rectifier, or by weighing a given number of empty bottles and reweighing the same bottles after filling. The net contents will be computed in accordance with the provisions of the Gauging Manual (26 CFR Part 186). If the contents do not agree as to quantity (subject to the limitation of § 190.628) or as to proof (subject to a normal drop in proof occurring during bottling operations not to exceed three-tenths of a degree), with the respective data on the label, stamp or bottle, the Government officer will withhold release of the bottled spirits and require the rectifier to rebottle, recondition, or relabel the spirits in such manner that the labels will correctly describe the contents. However, the proof at the beginning of the bottling operations shall always be set exactly as provided in §§ 190.566 and 190.690.

§ 190.785 *Rectifier's responsibility.* Notwithstanding that Government officers assigned to rectifying plants are required to verify labeling data, full responsibility rests upon the rectifier to see that the labeling of all spirits and wines bottled or packaged at his plant is in conformity with the requirements of Regulations 4 and 5 (27 CFR Parts 4 and 5) issued pursuant to the Federal Alcohol Administration Act, and Regulations 13 (26 CFR, Part 175).

SUBPART II—MARKING AND BRANDING

SERIAL NUMBERS

§ 190.795 *Method of numbering.* Each case, barrel, cask, or similar container filled at a rectifying plant, including packages and cases of unrectified spirits and wines, must be numbered serially, beginning with No. 1 for the first case or package filled: *Provided,* That the series in current use at existing rectifying plants will be continued. Where, upon completion of bottling, there remain less than the number of bottles necessary to fill a case, and the rectifier desires to dispose of such bottles as a remnant case, the case will be given the serial number of the last full case of the same bottling lot followed by the letter "R", thus, "100R", or "161R". Where there is a change in the individual or corporate name, or in the trade name or style, of the rectifier, the series in use at the time of such change will be continued, but a new series will be commenced where there is a change of proprietorship.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.796 *New or separate series.* The serial numbers of the cases and packages filled at a rectifying plant shall run consecutively and shall not be broken in any manner, except that whenever the number 1,000,000 is reached the rectifier may, if he so desires, begin a new series commencing with No. 1, and that where two or more separate bottling units are used and different kinds of spirits are bottled simultaneously, and it is impracticable to number the cases of each kind of spirits consecutively, a series identified by a letter may be used for each bottling unit, as A1, A2, etc., and B1, B2, etc. Likewise, where cases and packages are filled simultaneously, and it is impracticable to number the cases and pack-

ages consecutively, a separate series followed by an identifying letter may be used for the packages and one or more separate series, as provided above, may be used for the cases. Cases may be serially numbered either before or after filling.

(53 Stat. 329; 26 U. S. C. 2861)

OTHER REQUIRED MARKS

§ 190.797 *Packages of distilled spirits.* In addition to the serial number, there shall be plainly and durably burned, cut, imprinted, or stenciled, on the Government head of each barrel or similar container of distilled spirits the kind of spirits, the wine-gallon content, the proof of the spirits, the proof-gallon content, the date of filling, the number of the approved formula under which rectified, the name (or trade name or style) of the rectifier, the location (city or town, and State) of the rectifying plant, and the number of the rectifier's basic permit (Form 1638) issued pursuant to Regulations 1 (27 CFR Part 1) issued under the Federal Alcohol Administration Act: *Provided*, That if the spirits were rectified by such rectifier, or if the spirits are unrectified spirits which were produced by such rectifier at a distillery, he may use in connection with his name the designation "Rectifier" or "Distiller," respectively.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.798 *Cases of distilled spirits.* In addition to the serial number, each case of distilled spirits shall have marked on the Government side thereof the kind of spirits, the wine gallons, proof, and proof gallons, the date of filling, and the name (or trade name or style), location (city or town and State), and the number of the rectifier's basic permit issued under the Federal Alcohol Administration Act regulations (27 CFR, Part 1): *Provided*, That, if the spirits were rectified by such rectifier, or if the spirits are unrectified spirits which were produced by such rectifier at a distillery, or if the spirits were neither rectified nor produced by such rectifier, he may use in connection with his name the designation "Rectifier," "Distiller," or "Bottler," respectively: *And provided further*, That where the spirits are bottled for a certain dealer and it is desired to show the name and address of the dealer on the case in lieu of the name and location of the rectifier, such may be done if the name of the dealer is preceded by the words "Bottled for" or "Bottled expressly for," and the number of the rectifier's basic permit issued under the Federal Alcohol Administration Act regulations, together with the other required marks, excepting the name and location of the rectifier, are shown on the case.

§ 190.799 *Packages and cases of wine.* The rectifier shall place marks upon packages and cases of wine similar to the marks required by §§ 190.797 and 190.798 to be placed upon packages and cases of distilled spirits: *Provided*, That the alcoholic content of the wine will be shown in percentage by volume in lieu of the proof; and, in the case of unrectified wine, the proof gallons may be omitted.

§ 190.800 *Illustration of marks.* The required marks, stamps, and brands will be placed on packages and cases substantially as follows:

The location of the rectifier, or the address of the dealer for whom the spirits are bottled, may be shown by recognized abbreviations.

(53 Stat. 329; 26 U. S. C. 2861)

MANNER AND SIZE OF MARKINGS

§ 190.801 *Packages.* The required marks and brands will be plainly printed or stenciled on each package with black, durable coloring material, in letters and figures not less than three-fourths of an inch in height, except that in the case of barrels or similar containers of less than 20 wine gallons capacity the letters and figures may be proportionate in height but in no event less than three-eighths of an inch.

(53 Stat. 329; 26 U. S. C. 2861)

§ 190.802 *Cases.* The required marks will be durably and plainly printed, stamped, or stenciled on each case in a color contrasting with the background of the case and in letters and figures not less than one-half inch in height.

MISCELLANEOUS PROVISIONS

§ 190.803 *Destruction of marks and brands.* The marks, brands, and serial numbers required by this part to be placed on barrels, casks, or similar containers, or cases, shall not be removed therefrom, or obscured or obliterated, before the contents thereof have been removed; but when barrels, casks, or similar containers are emptied, all such marks, brands, and serial numbers shall be effaced and obliterated by the person removing the contents therefrom.

(53 Stat. 330; 26 U. S. C. 2866)

§ 190.804 *Trade marks.* No person shall affix or cause to be affixed to or upon any cask or package containing or intended to contain distilled spirits any imitation stamp or other engraved, printed, stamped, or photographed label, device, or token, whether the same be designed as a trade mark, caution notice, caution, or otherwise, and which shall be in the similitude or likeness of or shall have the semblance or general appearance of any internal revenue stamp required by law to be affixed to or upon any cask or package containing distilled spirits.

(53 Stat. 330; 26 U. S. C. 2869)

§ 190.805 *Placing of trade marks on Government head forbidden.* No marks, brands, caution notices, or other devices whatsoever will be permitted on the Government head of any package or Government side of any case, other than the stamps, labels, marks, or brands required or authorized to be affixed by law or this part.

SUBPART JJ—SALES OF DISTILLED SPIRITS BY RECTIFIERS

§ 190.815 *Bulk containers.* Under the regulations issued pursuant to the Federal Alcohol Administration Act (27 CFR, Part 3), proprietors of rectifying plants may sell or dispose of distilled spirits in bulk, i. e., in containers having a capacity in excess of 1 gallon (a) to distillers and proprietors of internal revenue bonded warehouses, industrial alcohol plants and industrial alcohol bonded warehouses (holding a permit under the Federal Alcohol Administration Act), including those operating tax-paid bottling houses; (b) to rectifiers; (c) to proprietors of class 8 customs bonded warehouses (imported spirits only); (d) to winemakers (brandy or alcohol) for the fortification of wine; (e) to any agency of the United States, or of any State or political subdivision thereof; (f) for export; (g) on warehouse receipts, conforming to the regulations issued under the Federal Alcohol Administration Act, for distilled spirits in internal revenue bonded warehouses; and (h) for industrial use, as follows: For experimental purposes, and in the manufacture (1) of medicinal, pharmaceutical, or antiseptic products, including prescriptions compounded by retail druggists; (2) of toilet products; (3) of flavoring extracts, sirups, or food products; or (4) of scientific, chemical, mechanical, or industrial products; provided such products are unfit for beverage use. Distilled spirits produced at registered distilleries at a proof of 160 degrees or more, upon tax-payment, may be withdrawn for beverage purposes only; and under the regulations issued pursuant to the Federal Alcohol Administration Act rectifiers may not sell in bulk for industrial use other distilled spirits (except alcohol or neutral spirits—fruit) unless such spirits are shipped or delivered directly to the industrial user thereof.

(53 Stat. 335, as amended; 26 U. S. C. 2883; sec. 6, 49 Stat. 985; 27 U. S. C. 206)

§ 190.816 *Retail containers.* Except as provided in § 190.815, rectifiers may sell or dispose of distilled spirits only in containers having a capacity of 1 gallon or less. All such containers having a capacity of one-half pint or more must conform to the requirements of Regulations 13 (26 CFR, Part 175).

(53 Stat. 331; 26 U. S. C. 2871; sec. 6, 49 Stat. 985; 27 U. S. C. 206)

§ 190.817 *Broken cases.* The rectifier may break serially numbered cases in the finished products room or the contiguous wholesale liquor dealer room

when necessary for the purpose of filling orders for less than a case of particular brands or kinds of liquors, provided notation of the serial numbers of such cases is made on Form 45 or Record 52, or on a separate record with identifying data in accordance with § 190.831. Broken cases shall be kept separate from full cases, and no case shall be broken unless necessary to fill orders. Composite or partial cases shall be marked in accordance with the requirements of §§ 190.798 and 190.799, except that such cases will not be serially numbered and where the contents differ in kind or proof the words "Miscellaneous spirits" or "Assorted spirits," or a similar designation, may be substituted for a more particular decription of the kind of spirits and the proof may be omitted.

SUBPART KK—RECTIFIER'S RECORDS AND REPORTS

§ 190.825 *Monthly record, Form 45.* In addition to rendering Forms 122 and 237, as provided in Subparts X and BB of this part, every rectifier shall keep a monthly record on Form 45 of all distilled spirits, wines, and other liquors received, dumped for rectification, packaged or bottled after rectification, bottled without rectification, and disposed of. All of the information indicated by the headings of the columns and lines on the form, and the instructions printed thereon or issued in respect thereto, and as required by this part, will be entered thereon. Form 45 will be kept, in bound form, at the rectifying plant.

(53 Stat. 327, 373; 26 U. S. C. 2855, 3171)

§ 190.826 *Where contiguous wholesale liquor dealer room is maintained.* Where the rectifier maintains a contiguous wholesale liquor dealer room and uses it exclusively for products bottled at his rectifying plant, he shall report on Form 45 all bulk products removed from the rectifying plant and all bottled products removed from the rectifying plant and the contiguous wholesale liquor dealer room. Where the wholesale liquor dealer room is not used exclusively for products bottled at the rectifying plant, the rectifier shall report all bottled products (rectified and unrectified) removed from his rectifying plant, on Form 45, kept at such plant and shall keep at such contiguous wholesale liquor dealer room Record 52, which shall show all bottled distilled spirits products (rectified and unrectified) received and disposed of thereat, including those products transferred from his contiguous rectifying plant.

(53 Stat. 327, 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

§ 190.827 *Where noncontiguous wholesale liquor dealer premises are maintained.* Every rectifier who maintains a noncontiguous wholesale liquor dealer premises shall report all bottled products (rectified and unrectified) removed from his rectifying plant on Form 45 kept at such plant. He shall keep Record 52 at such noncontiguous wholesale liquor dealer premises, which shall show all bottled distilled spirits products (rectified and unrectified) received and disposed of thereat, including products transferred from his noncontiguous rectifying plant and products received from other persons.

(53 Stat. 327, 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

§ 190.828 *Record of warehouse receipts to be kept by rectifier.* Every proprietor of a rectifying plant who sells, or offers for sale, distilled spirits by warehouse receipts shall, in addition to procuring a wholesaler's basic Federal Alcohol Administration Act permit (Form 1633), keep a separate record, and render a monthly transcript, of all purchases and sales of warehouse receipts on Form 52–F. There need not be entered on Form 52–F transactions in warehouse receipts not involving the purchase or sale of distilled spirits, such as the receipt from a warehouseman of warehouse receipts covering the deposit or bottling of spirits in his warehouse or the surrender of warehouse receipts for the bottling of the spirits in bond or their transfer in bond to another warehouse. Entries on Form 52–F shall be made as indicated by the headings of the various columns and lines on the form and the instructions printed thereon or issued in respect thereto, and as required by this part. Form 52–F must be sworn to before an officer authorized to administer oaths: *Provided*, That if the form officially prescribed for such report contains therein a provision for verification by a written declaration that such report is made under penalties of perjury, such report shall be verified by the execution of such declaration, and such declaration so executed shall be in lieu of the oath required herein for verification. The provisions of § 190.830 with respect to the time of making entries, and of § 190.840 with respect to forms to be provided by users, are hereby made applicable to Form 52–F. The provisions of § 190.831 with respect to a separate record of serial numbers of cases are hereby made applicable to Form 52–F with respect to serial numbers of packages and cases purchased or sold by warehouse receipts. The monthly transcript on Form 52–F shall be forwarded to the district supervisor on or before the tenth day of the succeeding month. The physical removal of distilled spirits from the rectifying plant shall continue to be reported on Form 45 in accordance with the provisions of § 190.825. The physical receipt and disposition of distilled spirits at the contiguous wholesale liquor dealer room not used exclusively for products bottled at the rectifying plant shall continue to be reported on Record 52 in accordance with the provisions of § 190.826. The physical receipt and disposition of distilled spirits at the rectifier's noncontiguous wholesale liquor dealer premises shall continue to be reported on Record 52 in accordance with the provisions of § 190.827.

(53 Stat. 327, as amended, 328, 391, 63 Stat. 667; 26 U. S. C. 2857, 2858, 3254, 3809)

§ 190.829 *Place where Form 52–F shall be kept.* Every proprietor of a rectifying plant shall keep Form 52–F at the place of business where warehouse receipts are sold or offered for sale.

(53 Stat. 327, as amended, 328, 373, 391; 26 U. S. C. 2857, 2858, 3171, 3254)

§ 190.830 *Time of making entries.* Daily entries shall be made on Form 45 and Record 52, as indicated by the headings of the various columns and lines on the form, and the instructions printed thereon or issued in respect thereto, and as required by this part, before the close of the business day next succeeding the day on which the transactions occur. Where the proprietor defers the making of the entries to the next business day, as authorized in this section, he shall keep a separate record, such as invoices, of the removals of spirits, showing the removal data required to be entered on Form 45 or Record 52, respectively, and appropriate memoranda of other transactions required to be entered on such records, for the purpose of making the entries correctly.

(53 Stat. 327, 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

§ 190.831 *Separate record of serial numbers of cases.* Serial numbers of cases of spirits disposed of need not be entered on Form 45 or Record 52, provided the proprietor keeps in his place of business a separate record, approved by the district supervisor, showing such serial numbers, with necessary identifying data, including the date of removal and the name and address of the consignee. Such separate record may be kept in book form (including loose-leaf books) or may consist of commercial papers, such as invoices or bills. Such books, invoices, or bills shall be preserved for a period of four years and in such a manner that the required information may be ascertained readily therefrom, and during such period, shall be available during business hours for inspection and the taking of abstracts therefrom by revenue officers. Entries shall be made on such separate approved record before the close of the business day next succeeding the day on which the transactions occur. Where the making of the entries is deferred to the next business day, as authorized in this section, appropriate memoranda shall be maintained for the purpose of making the entries correctly. The proprietor whose separate record has been approved by the district supervisor shall make a notation in the column for reporting serial numbers, as follows: "Serial numbers shown on commercial records per authority dated ----------."

(53 Stat. 327, 327, as amended; 26 U. S. C. 2855, 2857)

§ 190.832 *Miscellaneous items.* The proprietor may enter on Record 52 as one item the total quantity of different kinds of spirits made up from broken cases sold to the same person on the same day, provided such total quantity is not in excess of 10 gallons. The entry of such items shall be stated as "Miscellaneous" or "Misc.," and shall show the date, the name and address of the person to whom sold, and the quantity. The total quantity of such miscellaneous spirits so disposed of during the month shall be reported as "Miscellaneous" in the monthly summary which the proprietor is required to render on Form

338: *Provided*, That the proprietor determines by actual inventory the quantity of each kind of spirits remaining on hand at the end of the month.

(53 Stat. 327, as amended, 373; 26 U. S. C. 2857, 3171)

§ 190.833 *Where wholesaler maintains retail department.* Where a wholesale liquor dealer maintains a separate retail liquor dealer department on the same premises, he shall keep Record 52 at his wholesale liquor dealer department and enter thereon all spirits received and disposed of thereat. Distilled spirits transferred from the wholesale department to the retail department shall be reported on Record 52, Part 2, as "Transferred to retail liquor dealer department." Sales of 5 wine gallons or more of distilled spirits to the same person at the same time, filled wholly or partly from the retail liquor dealer department, shall be entered on Record 52, Part 2, and the quantity taken from the retail department shall be entered on Record 52, Part 1, as "Transferred from the retail liquor dealer department." Where the wholesale liquor dealer sells at both wholesale and retail and does not maintain a separate retail department, all distilled spirits received and disposed of shall be entered on Record 52.

(53 Stat. 327, as amended, 373; 26 U. S. C. 2857, 3171)

§ 190.834 *Reports.* Except as otherwise provided in this section, the proprietor shall file, daily, full and complete transcripts of Form 45 (Part 5) and Record 52 on Forms 45 (Part 5), 52–A and 52–B with the District Supervisor, by delivering or mailing them to such officer on the date the transactions entered therein occurred: *Provided*, That in any case in which the District Supervisor shall direct, the transcripts shall be so filed with the Investigator in Charge instead of with the District Supervisor. The transcripts shall bear the following certification signed by the person or officer authorized to execute Form 45 or 338:

I hereby certify that these transcripts, consisting of ------ pages, disclose all the transactions which occurred during the period covered thereby, and that each entry is correct.

If in any case the District Supervisor shall so authorize, the transcripts, in lieu of being filed daily, may be filed with him on or before the 10th day of the month succeeding the month in which the transactions occurred. In such event, transactions will be entered on Form 45 and Record 52 in accordance with the provisions of § 190.830. A full and complete transcript of Form 45 (except Part 5 where such part is filed daily) shall be prepared and forwarded to the District Supervisor on or before the 10th day of the month succeeding the month in which the transactions occurred. Where Record 52 is kept, a monthly summary report shall be prepared on Form 338, in duplicate, one copy of which will be retained on file and the original forwarded to the District Supervisor on or before the 10th day of the month succeeding the month in which the transactions occurred. The District Supervisor will, after audit, forward one copy of Form 45 to the Commissioner not later than the last day of the month succeeding that for which the report is rendered, and will retain the remaining copy.

(53 Stat. 327, 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

REPORT OF THIRD PARTY TRANSACTIONS

§ 190.835 *Additional requirements.* The proprietor of the rectifying plant shall report, on Form 45, Part 5, and when Record 52 is kept, on Part 2 and on transcript, Form 52–B, the name and address of each consignee, in the column now designated "Name". In the column now designated "Address", there will be reported the name and address of the person, firm or corporation paying (by advancement or reimbursement) either tax, bottling charge, brokerage fee, handling charge, or clearance fee, indicating which are included. The heading of both columns will be amended accordingly.

(53 Stat. 327, 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

§ 190.836 *Reporting of shipment or delivery of distilled spirits to third party.* Where the proprietor of a rectifying plant ships or delivers distilled spirits to a consignee on the order of another wholesale liquor dealer, detailed records of the transactions shall be kept on Form 45 by the proprietor of the rectifying plant making the shipment or delivery; on Record 52 by the wholesale liquor dealer giving the order; and on Record 52 by the consignee if he is a wholesale liquor dealer. For example, assuming that the proprietor of rectifying plant (A) ships or delivers the distilled spirits to consignee (C) on the order of wholesale dealer (B), entries will be made on the prescribed forms as follows:

(a) The proprietor of the rectifying plant (A) will show in his Form 45 the name and address of wholesale dealer (B) who ordered the distilled spirits, as well as the name and address of consignee (C), the person to whom the distilled spirits are actually shipped or delivered;

(b) Wholesale dealer (B) will show in his Record 52 that the distilled spirits were purchased from rectifier (A), giving both the name and address of (A), and will at the same time make an entry showing that the distilled spirits were shipped or delivered by (A) to consignee (C) giving the name and address of (C); and

(c) Consignee (C), if a wholesale liquor dealer, will show in his Record 52 that the distilled spirits were purchased from wholesale dealer (B) and received by him from the proprietor of rectifying plant (A), giving name and address of both. A copy of Form 45 and transcripts of Record 52 on Forms 52–A and 52–B, required to be filed with the district supervisor, will similarly show the details of such transactions.

(53 Stat. 327, 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

§ 190.837 *Similar third party transactions.* Where the proprietor of a rectifying plant keeps Record 52 and is a party to transactions similar to those described in § 190.836, he shall make similar entries of such transactions in Record 52; and the transcripts on Forms 52–A and 52–B required to be filed with the district supervisor, will likewise show the details of the transactions.

(53 Stat. 327, 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

EXECUTION AND DISPOSITION OF RECORDS AND REPORTS

§ 190.838 *Execution of reports.* Reports on Forms 45 and 338 must be signed in the same manner as the rectifier's notice, Form 27–B, except that in the case of a corporation the affixing of the corporate seal will not be required. Each report must be verified under oath by the proprietor, or his authorized agent at the rectifying plant or wholesale liquor dealer premises, as the case may be: *Provided*, That if the form officially prescribed for such report contains therein a provision for verification by a written declaration that such report is made under penalties of perjury, such report shall be verified by the execution of such declaration, and such declaration so executed shall be in lieu of the oath required herein for verification. Where Form 45, or Form 338, is signed by an agent, proper power of attorney authorizing the agent to execute the reports for the proprietor must be filed with the district supervisor. In the case of Form 45 the power of attorney will be filed in duplicate, one copy of which will be forwarded by the district supervisor to the Commissioner.

(53 Stat. 327, as amended, 63 Stat. 667; 26 U. S. C. 2855, 2857, 3809)

§ 190.839 *Preservation of records.* Records kept on Form 45 and Record 52 shall be preserved for a period of four years, and during such period shall be available during business hours for inspection and the taking of abstracts therefrom by the Commissioner or any internal revenue officer.

(53 Stat. 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

§ 190.840 *Forms to be provided by users.* Record 52 and Forms 45, 52–A, 52–B, 52–F, 122, 230, 237, and 338 will be provided by users at their own expense but must be in the form prescribed by the Commissioner: *Provided*, That, with the approval of the Commissioner, the forms may be modified to adapt their use to tabulating or other mechanical equipment: *And provided further*, That, where the form is printed in book form, including loose-leaf books, the instructions may be printed on the cover or the flyleaf of the book instead of on the individual form.

(53 Stat. 327, as amended, 373; 26 U. S. C. 2855, 2857, 3171)

§ 190.841 *Filing of forms.* Rectifiers shall maintain separate files for Forms 92, 122, 230 (and Form 230 or Form 237 attached thereto in the case of spirits received by pipe line from another rectifying plant), 237, 703–A, 1440, and 1520. They shall file Forms 92, 230, and 237 in serial order and all other forms in chronological order, in their respective files and shall preserve them for a period of four years at the rectifying plant, available for inspection by Government officers.

§ 190.842 *Examination by Government officers.* Government officers inspecting rectifying plants, or assigned to duty thereat, will from time to time examine Form 45 (and Record 52 and Form 52–F, if required) to determine whether such records are being properly maintained. They will see that copies of Forms 92, 122, 230 (and Form 230 or Form 237 attached thereto in the case of spirits received by pipe line from another rectifying plant), 237, 703–A, 1440, and 1520, are being retained in proper order by the rectifier at the rectifying plant, available for inspection by Government officers.

SUBPART LL—GOVERNMENT OFFICER'S RECORD AND REPORT OF RED STRIP STAMPS

§ 190.855 *Record, Part I, Form 182.* Government officers assigned to rectifying plants will keep a record of strip stamps received and used on Part I of Form 182. Entries will be made on Form 182 daily, as indicated by the headings of the various columns and lines on the form, and in accordance with the instructions printed thereon or issued in respect thereto, and as required by this part. The record will be kept in bound form, available for inspection by other Government officers.

(53 Stat. 303, as amended, 373; 26 U. S. C. 2803, 3171)

§ 190.856 *Monthly report, Part II, Form 182.* At the close of the month or within five days thereafter, the Government officer will prepare a monthly report on Part II of Form 182, in triplicate, of strip stamps received and used during the month. The officer will retain one copy of Part II, available for inspection by other Government officers, furnish one copy to the rectifier, and forward the remaining copy to the district supervisor.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

SUBPART MM—SAFEGUARDING RED STRIP STAMPS AND GOVERNMENT PROPERTY

§ 190.895 *Storage in Government room, vault or cabinet.* The rectifier's supply of red strip stamps, the Government seals, and the Government officer's records and other Government property when not in use, shall be kept in the Government room, vault or cabinet, which shall be locked with a Government seal lock, the key to which shall at all times remain in the possession of the Government officer. The officer must not leave the room, vault or cabinet open, except in his presence, or give the key thereof to anyone except another Government officer authorized to receive it. Where it is necessary to open the room, vault or cabinet at various times during the day, the seal will not be inserted until the lock is closed for the night, unless the duties of the Government officer require him to leave the rectifying plant during the day.

SUBPART NN—OPERATING UNDER A NEW NAME OR BOTTLING UNDER DIFFERENT TRADE NAMES OR STYLES

§ 190.900 *Qualification of proprietor.* Whenever the proprietor of a rectifying plant desires to change the individual or corporate name, or the trade name or style in which the rectifying plant is operated, he must secure approval of such change in the manner prescribed in §§ 190.240–190.256 prior to the commencement of operations: *Provided*, That where the rectifier desires to bottle spirits under more than one trade name or style and such trade name or style has been specified on an approved Form 27–B, and has also been specified on the rectifier's Federal Alcohol Administration Act permit and he has secured certificates of label approval (Form 1649) or certificates of exemption from label approval (Form 1650) for the labeling of spirits under such trade name or style, the rectifier shall state on Form 230 or Form 237, as the case may be, his desire to bottle and label the particular lot of spirits or wines covered by the form under such name or style. Upon approval of the form in the usual manner, he may so bottle and label the particular spirits covered by Form 230 or Form 237, as the case may be, without filing an amended notice on Form 27–B or changing the name under which the rectifying plant is then qualified and operated.

§ 190.901 *Spirits in process of rectification or bottling.* Whenever a rectifier desires to operate his rectifying plant under a new individual or corporate name, or a trade name or style other than the trade name or style under which he is then operating, and has complied with the provisions of § 190.900, he will not be required to complete the rectification of spirits or wines dumped for the purpose, or the bottling or packaging of spirits or wines covered by approved Forms 230 or 237, before commencing business under the new individual or corporate name or under such other trade name or style.

§ 190.902 *Outstanding Forms 230 and 237.* When a change in the individual or corporate name, or in the trade name or style, takes place at a rectifying plant the proprietor shall enter on both copies of each outstanding Form 230 and on all copies of each outstanding Form 237 the total quantity of spirits bottled under each prior to the effective date of the change, giving all the information required by the form. Each of such entries shall be followed by a statement, dated and signed by the rectifier, showing that the remainder of the spirits or wines described on the form are to be bottled under the new name. Upon completion of the bottling the proprietor will complete the execution of the forms under the new name, and, after submitting them to the Government officer for verification, will dispose of them in the manner prescribed in Subparts BB and FF of this part. If Form 237 covers spirits to be removed in barrels or similar packages the form will be completed in the name under which the rectified spirits stamps were applied for and issued.

§ 190.903 *Marking, branding, and labeling.* The spirits will be marked, branded, and labeled under the individual or corporate name or trade name or style in which the rectifying plant is being operated: *Provided*, That if the rectifier is bottling and labeling spirits or wines under a name other than the one in which the plant is operated, he may not use such terms as "Blended by," "Produced by," etc., on the labels.

§ 190.904 *Records.* Separate records on Forms 45 and 182, will not be required for operations under a new individual or corporate name or under each trade name or style. The rectifier shall, however, note on Form 45 the individual or corporate name or the trade names or styles under which operations were conducted during the month, and the dates of operation under each. The storekeeper-gauger will make a similar notation on Form 182.

SUBPART OO—CHANGE OF PROPRIETORSHIP

§ 190.915 *Completion of operations required.* When a succession or actual change in the proprietorship of a rectifying plant takes place other than a change brought about by operation of law, as by the appointment of an administrator, executor, assignee, receiver, trustee, or other fiduciary, the business of rectification, the bottling of liquors rectified, and the bottling of spirits and wines without rectification must, except as provided in this subpart, be completely finished by the person or persons who have been carrying on the business and all spirits and wines on hand removed from the premises before the business shall be undertaken or begun by the succeeding proprietor. The successor of a rectifier shall not commence operations until all documents required for his qualification as such have been approved by the district supervisor.

§ 190.916 *Transfer of spirits to successor.* The outgoing rectifier may transfer to his successor all spirits on hand, including those in the process of rectification: *Provided*, That where any spirits to be so transferred have been subjected to a process of rectification, all taxes due thereon shall be paid by the outgoing rectifier before transfer to the successor, irrespective of whether or not the process of rectification has been completed: *And provided further*, That the notice, bond, and other qualifying documents of the successor have been approved by the district supervisor to take effect on the day next succeeding that at the close of which the transfer is to be made. The required qualifying documents of the successor should be submitted to the district supervisor in sufficient time to permit approval for the date desired.

§ 190.917 *Gauging of partially rectified products.* All partially rectified products to be transferred to the successor shall be drawn from the processing tanks and receptacles into packages or bottling tanks, gauged, and retained therein pending tax-payment by the outgoing rectifier, except that partially rectified spirits in gaugeable packages may be gauged and retained therein pending tax-payment and transfer to the successor, and partially rectified products which are to be further rectified by the successor may be run into a weighing tank, or, if no weighing tank has been provided, into a bottling tank and gauged, and then returned to processing tanks or receptacles and retained therein pending tax-payment and trans-

fer to the successor. A separate Form 237 shall be prepared in quadruplicate for each tank, and in triplicate for each lot of packages containing the same kind of product in the same stage of rectification.

§ 190.918 *Determining tax liability of partially rectified products.* The tax liability of partially rectified products to be transferred to the successor shall be determined in accordance with the provisions of § 190.591, pertaining to the tax-payment of partially rectified products for removal from the plant. If the partially rectified products are such as are subject to tax under section 3030 (a), I. R. C., the outgoing rectifier shall, as provided by said § 190.591, append to each copy of Form 237, before the same is submitted to the Government officer for certification, and by him submitted to the district supervisor for approval, a precise statement showing the extent to which the products have been rectified and their present character. The district supervisor will specify on the form the tax or taxes due, and will return all copies to the rectifier.

§ 190.919 *Tax-payment of partially rectified products.* Upon receipt from the district supervisor of Form 237, with the tax or taxes due duly specified, the outgoing rectifier shall, in the case of all partially rectified products in packages, forward all copies of the form to the collector with remittance for the rectification tax due, if any. The collector will execute the certificate of tax-payment, in all cases where remittance is received, retain one copy, and return the remaining copies to the rectifier, together with the required number of the appropriate class of rectified spirits stamps where packages are listed on the form. The outgoing rectifier will affix the rectified spirits stamps to the packages for which they were issued, and will cancel such stamps and mark and brand the packages, as provided in Subpart GG and Subpart II of this part. In the case of partially rectified products in tanks, the rectification tax of 30 cents per proof gallon shall be paid in accordance with § 190.585. If the Form 237 covers a partially rectified product in a tank, one copy thereof will be attached to the tank pending transfer to the successor, and the original copy with the canceled stamps attached will be disposed of as provided in § 190.586. If the partially rectified product is subject to tax under section 3030 (a), I. R. C., wine stamps representing such tax will be canceled and attached to Form 237 in the manner provided by §§ 190.585 and 190.586.

(53 Stat. 303, as amended, 329; 26 U. S. C. 2803, 2862, 2863)

§ 190.920 *Completion and disposition of Form 237.* When the partially rectified products in packages have been tax-paid (if subject to tax) and removed to the finished products room, and such products in tanks have been tax-paid (if subject to tax) and transferred to the successor, the outgoing rectifier shall make appropriate notation of the disposition of the products on Form 237, and, after approval by the Government officer, will retain one copy of the form and forward the original copy to the district supervisor.

(53 Stat. 375; 26 U. S. C. 3175)

§ 190.921 *Rectification of partially rectified products by successor.* When rectified products contained in tanks are to be further rectified by the successor, he shall, immediately upon receipt thereof from the outgoing rectifier, prepare and submit Form 122 to show a constructive dumping of the products by him for rectification. The form will be prepared and submitted in the manner prescribed by Subpart X of this part for the regular dumping of spirits for rectification, except that the copy of Form 237 attached to the tank by the outgoing rectifier will be removed and attached to the district supervisor's copy of Form 122 as evidence of the tax-paid character of the product, in lieu of the cut-out portions of the stamps required to be attached to the form when packages are dumped. Upon completion of the process of rectification, pursuant to an approved formula, the successor shall prepare and submit Form 237 and pay all taxes due on the product in accordance with the procedure prescribed in Subpart BB of this part. Partially rectified products received from the outgoing rectifier in packages may be returned to the rectifying room and dumped for further rectification, pursuant to Form 122, provided appropriate entries are made in Form 45 to show a constructive transfer of the products from the finished products room to the receiving room.

§ 190.922 *Bottling of partially rectified products by successor.* Where partially rectified products in bottling tanks are transferred to the successor and such products are to be bottled without further rectification, the successor shall prepare and submit Form 230 in the manner prescribed by Subpart FF of this part, except that the copy of Form 237 attached to the bottling tank by the outgoing rectifier will be removed and attached to the district supervisor's copy of Form 230 as evidence of the tax-paid character of the product in lieu of the cut-out portions of stamps required to be attached to the form when packages are dumped.

§ 190.923 *Tax-payment of completely rectified products.* Where completely rectified products are to be transferred to the successor, such products shall be drawn into packages or run into bottling tanks and gauged, Form 237 shall be prepared and submitted, and all taxes due on such products shall be paid by the outgoing rectifier, in accordance with the procedure prescribed in Subpart BB of this part. If completely rectified products in bottling tanks are to be bottled by the successor, the same procedure shall be followed as in the case of the bottling of partially rectified products contained in such tanks.

§ 190.924 *Bottling of unrectified products by successor.* Where there is a change of proprietorship in a rectifying plant, and products to be bottled without rectification, covered by Form 230, are to be transferred to the successor prior to completion of bottling, the outgoing rectifier shall enter on all copies of each such form the total quantity of products bottled under each by him prior to the effective date of transfer, giving all the information required by the form. Each of such entries shall be followed by a statement dated and signed by the outgoing rectifier showing that the remainder of the products described on the form are to be transferred to the successor. The outgoing rectifier will complete the form, retain one copy, and forward one copy to the district supervisor. When the transfer has been effected, the successor may bottle such products without rectification pursuant to Form 230 filed by him. The Form 230 of the successor should contain a reference to the Form 230 of the predecessor to identify the products.

§ 190.925 *Transfer of strip stamps forbidden.* The outgoing rectifier may not transfer any strip stamps to his successor. Where the change of proprietorship of the plant is to be of a temporary nature, any strip stamps on hand belonging to the outgoing proprietor may be retained in the custody of the storekeeper-gauger pending the qualification and resumption of operations by such proprietor.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.926 *Transfer of rectified spirits stamps and wine stamps forbidden.* The outgoing rectifier may not transfer any rectified spirits stamps or wine stamps to his successor, nor may such stamps be otherwise transferred except as provided by § 190.719. Where the change of proprietorship of the plant is to be of a temporary nature, any rectified spirits stamps and wine stamps on hand will be retained in the custody of the outgoing proprietor (the owner of the stamps) and proper report will be rendered on Form 45. The rectifier will submit a monthly report of such stamps due at the end of any monthly period during the period of temporary discontinuance in accordance with § 190.722 during such period of temporary discontinuance.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.927 *Records and reports.* Where there is a change in proprietorship otherwise than by operation of law, the outgoing rectifier shall make appropriate entries on Form 45 covering all spirits transferred to his successor, who shall in turn enter such items on his Form 45 as received from his predecessor. The storekeeper-gauger will keep a separate record on Form 182 for the successor.

§ 190.928 *Succession by fiduciary.* Where a change of proprietorship is brought about by operation of law, the administrator, executor, assignee, receiver, trustee, or other fiduciary may not continue the business until the required qualifying documents have been filed and approved. In the case of such change, the fiduciary shall make appropriate notation of his succession on Form 45 and on all copies of each outstanding Form 230 and Form 237, and upon completion of the bottling of spirits covered by Form 230 or Form 237, he shall complete the

execution of the forms and dispose of the same as provided in Subparts BB and FF of this part. The storekeeper-gauger will make similar notation of such succession on Form 182.

Subpart PP—Discontinuance of Operations

§ 190.940 *Disposition of spirits.* Upon permanent discontinuance of business, and prior to the filing of notice thereof on Form 27–B, as prescribed in § 190.944, all spirits on hand must have been lawfully removed from the premises. Persons to whom such spirits are sold or delivered must be qualified to receive the same.

§ 190.941 *Disposition of indicia bottles.* If there are any indicia bottles on hand, the same will be inventoried by the storekeeper-gauger or other officer designated for the purpose by the district supervisor. The disposition of such bottles will be in accordance with the procedure prescribed in Regulations 13 (26 CFR, Part 175).

§ 190.942 *Disposition of red strip stamps.* All unused red strip stamps, if any, belonging to the proprietor at the time of permanent discontinuance of business will be inventoried by denomination, serial number, and quantity, by the storekeeper-gauger or other officer designated by the district supervisor to perform such duty. The officer will deliver such stamps to the proprietor and take his receipt therefor, in duplicate. When delivering the stamps the officer will advise the proprietor that the value of the stamps, if in quantities of the value of $5 or more, may be refunded, provided that a claim for such refund on Form 843, establishing the lawful issuance and ownership of the stamps, is filed with the collector of internal revenue who issued the stamps within two years after the date on which such stamps were lawfully issued, or that such unused stamps may be destroyed in the presence of the Government officer and the proprietor thereby relieved from further accountability for the stamps. If the stamps are not surrendered to the collector for refund of their value or are not destroyed, the proprietor must account for the stamps each month by rendering Form 96 to the district supervisor. The officer shall make a notation on the receipt as to the disposition made or to be made of the stamps. One copy of the receipt will be delivered to the proprietor and the original will be delivered to the district supervisor.

(53 Stat. 303, as amended; 26 U. S. C. 2803)

§ 190.943 *Disposition of rectified spirits and wine stamps.* All of the rectified spirits stamps and wine stamps, if any, belonging to the proprietor at the time of permanent discontinuance of business will be inventoried by denomination by the storekeeper-gauger after which the same may be disposed of and an account made in accordance with §§ 190.719–190.722.

§ 190.944 *Notice, Form 27–B.* When all spirits, indicia bottles, and red strip stamps have been lawfully disposed of, the proprietor shall file Form 27–B, in triplicate, with the district supervisor, stating the purpose of the filing thereof to be "Permanent discontinuance of business." The district supervisor will forward a copy of the Form 27–B to the Commissioner, with a copy of the report of the Government officer, reflecting compliance with the foregoing provisions of this section.

Subpart QQ—Manufacture, Tax-Payment, Removal, and Registration of Stills and Worms

§ 190.955 *General.* Whenever rectifiers manufacture or reconstruct stills or worms, or set up, sell, or remove stills or distilling apparatus, they must comply with Regulations 23 (26 CFR Part 181).

(53 Stat. 338, as amended, 314; 26 U. S. C. 2310, 2818)

§ 190.956 *Registry on Form 26.* Every person having in his possession or custody or under his control any still or distilling apparatus that is set up, must register the same on Form 26, in triplicate, with the district supervisor for the district in which it is set up. Stills to be used for the rectification of any type of distilled spirits may be registered for "Rectification of distilled spirits," and the specific type need not be shown. Thereafter, when another type of distilled spirits is to be rectified, the still need not be reregistered. The temporary suspension of a rectifying plant will not necessitate reregistration of the stills. Furthermore, the operation of a rectifying plant by alternating proprietors, where no actual change in ownership occurs, will not require reregistration of the stills by the proprietors. Where there is a change in location or use, or an actual change in ownership of a still, the still must be registered to reflect the change. The district supervisor will, upon approving the registration of a still on Form 26, retain one copy of the form, forward one copy to the Commissioner, and return the remaining copy to the rectifier.

(53 Stat. 308, as amended, 373, as amended; 26 U. S. C. 2810, 3170)

Subpart RR—Locks and Seals

§ 190.965 *Furnished by Government.* The Commissioner will furnish, at the expense of the United States, all Government locks and seals required to be used at rectifying plants. District supervisors will see that rectifying plants in their respective districts are fully equipped with locks in good condition and that the necessary seals are provided for seal locks.

§ 190.966 *Where locks are required.* Government locks are required upon the door of the Government room, vault or cabinet, provided in accordance with § 190.595; upon the entrance door of the wine bottling and export storage rooms, if any; upon the manheads, inlets, outlets, and other openings of storage tanks, receiving tanks, and bottling tanks; upon the manheads of gravity tanks; upon the valves in pipe lines which convey spirits from rectifying stills to receiving tanks where the pipe lines are equipped for refluxing the spirits to the stills or for by-passing the berry basket in the case of gin stills, or which convey spirits into the rectifying plant from contiguous premises; and upon such other valves, stopcocks, and openings in equipment and apparatus as are required by this part or deemed necessary by the district supervisor to be secured with Government locks.

§ 190.967 *Seal locks.* Seal locks will be used on the door of the Government room, vault or cabinet; on the entrance door of the export storage room, if any; and on such other places where the use of seal locks is required by this part or deemed necessary by the district supervisor.

§ 190.968 *Plain locks.* Plain locks will be used at all other places in the rectifying plant where locks are required by this part.

§ 190.969 *Custody of locks.* Government locks when not required for use at plants will be retained in the possession of the district supervisor. Receipts will be taken by district supervisors from storekeeper-gaugers for all locks and seals issued to them. Storekeeper-gaugers are strictly prohibited from intrusting locks, keys, or seals in their possession to any person other than an internal revenue officer entitled to receive them, and under no circumstances will they permit locks to remain open, whether hanging by the shackle or otherwise.

§ 190.970 *Custody of keys.* The Government officer will keep the keys to Government locks in use under his charge in his custody at all times and will not permit them at any time to go into the possession of the rectifier or any other person, except the district supervisor or another Government officer authorized to receive them.

§ 190.971 *Breaking of sealed connections forbidden.* Sealed connections must not be broken by the rectifier except as authorized by the storekeeper-gauger in charge or the district supervisor.

Subpart SS—Officer's Right of Entry and Examination

§ 190.980 *Authority to enter and inspect.* Internal revenue officers have authority under the law to inspect at any reasonable hour the records, liquors, and premises of rectifiers to determine that all provisions of the internal revenue laws and the regulations promulgated thereunder are being complied with. Officers desiring to make inspections will identify themselves by exhibiting their credentials. Any denial of or interference with such inspection by the rectifier, his agents or employees, is a violation of law and will be reported as such for appropriate action.

(53 Stat. 435; 26 U. S. C. 3601)

§ 190.981 *Authority to break up grounds or walls.* Under the law, any internal revenue officer and any persons acting in his aid may break up the ground on any part of the premises of a rectifier or any ground adjoining or near any such premises, or any wall or partition thereof or belonging thereto, or other place, to search for any pipe, cock, private conveyance, or utensil,

and upon finding any pipe or conveyance leading from or to such premises to break up any ground, house, wall, or other place through or into which such pipe or conveyance leads, and to break or cut away such pipe or other conveyance. Before taking action under the law, the investigating officer should consult with his superior officer or the district supervisor, unless the circumstances are such as to require immediate action.

(53 Stat. 318; 26 U. S. C. 2830)

§ 190.982 *Rectifiers to furnish assistance.* Under the law, on demand of any internal revenue officer, every rectifier shall furnish convenient ladders to enable the officer to examine any vessel or utensil in his rectifying plant, and shall furnish all assistance, lights, tools, or other things necessary for inspecting the premises and apparatus, and shall open all doors, boxes, packages, and all casks, barrels, and other vessels not under the control of the Government officer in charge thereof.

(53 Stat. 317; 26 U. S. C. 2828)

3. The purposes of the regulations are as follows:

(a) To conform to the act of February 21, 1950 (Public Law 448—81st Congress), effective September 1, 1950.

(b) To delegate to district supervisors the authority to approve the establishment of rectifying plants.

(c) To incorporate the regulations governing the gauging of distilled spirits at rectifying plants, now contained in the Gauging Manual (26 CFR, Part 186) but which are being deleted from the current revision of such manual.

(d) To liberalize the requirements pertaining to the separation of rectifying plants from tax-paid bottling houses, wholesale liquor dealer premises, and other rectifying plants operated by the same proprietor or his affiliate or subsidiary.

(e) To require that proprietors of rectifying plants prepare a statement of composition covering spirits to be removed for bottling elsewhere.

(f) To discontinue Form 183, district supervisor's monthly account of rectifying plants.

(g) To prescribe, in lieu of an oath, a declaration subject to the penalties of perjury, for the following forms:

Form 26, "Registry of Stills."

Form 27–B, "Notice by Proprietor of Rectifying Plant."

Form 45, "Rectifier's Monthly Record and Report."

Form 52–F, "Wholesale Liquor Dealer's Monthly Record and Report of Purchases and Sales of Warehouse Receipts for Distilled Spirits."

Form 338, "Wholesale Liquor Dealer's Monthly Report."

Form 702–A, "Winemaker's Report of Production, Receipt, and Disposition of Champagne, Sparkling Wines, and Artificially Carbonated Wines."

Form 1579, "Application for Exchange of Strip Stamps Under Section 2803 (c), I. R. C."

(i) To rearrange the text to conform to the Federal Register Regulations (13 F. R. 5929).

These regulations shall be effective as of September 1, 1950.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 9702]

PART 19—CITIZENS RADIO SERVICE

OPERATION OF CITIZENS RADIO STATIONS

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 18th day of July 1950;

The Commission having under consideration a proposed change in the provision of § 19.51 in order to permit the operation of citizens radio stations by any person authorized by the station licensee where manually operated telegraphy transmitting by any type of the Morse Code is not involved;

It appearing, that in accordance with the requirements of section 4 (a) of the Administrative Procedure Act, notice of proposed rule making in the above entitled matter was duly published in the FEDERAL REGISTER on June 30, 1950, at page 4201 thereof, and that the period for submitting comments has expired; and

It further appearing, that several favorable comments have been placed on record urging the adoption of the proposed amendment set forth in the aforesaid notice of proposed rule making, and no adverse comments have been received; and

It further appearing, that in addition to the rule amendment heretofore set forth in the notice of proposed rule making the rule amendment herein ordered provides for two minor editorial changes, (1) designed to clarify the intent of the rule which distinguishes between the normal operation and the adjustments or tests during or coincident with the installation, servicing, or maintenance of a radio station, and (2) changing the name of the "Restricted Radiotelegraph Operator Permit" to "Radiotelegraph Third Class Operator Permit", which latter designation is made pursuant to the Commission's order of June 27, 1950, in Docket 9387.

It further appearing, that because of the nature of the changes described in the preceding paragraph, compliance with the proposed rule making procedure of section 4 of the Administrative Procedure Act is unnecessary and not required; and

It further appearing, that the public convenience and necessity will be served by the amendment herein ordered and that the authority therefor is contained in sections 4 (i), 303 (l) and (r) and 318 of the Communications Act of 1934, as amended; and

It further appearing, that since the amendment herein ordered relieves a restriction existing under the present requirements, it may be made effective immediately upon the publication thereof in accordance with section 4 (c) of the Administrative Procedure Act.

It is ordered, That, effective immediately, § 19.51 of the Commission's rules and regulations governing the Citizens Radio Service is amended to read as follows:

§ 19.51 *Operation of citizens radio stations.* (a) Citizens radio stations, except stations using manually operated telegraphy transmitting by any type of the Morse Code, may during the course of normal rendition of service, be operated by any person: *Provided*, Such operation is authorized by the station licensee who shall be at all times responsible for the use and operation of that station in accordance with all applicable provisions of treaty, laws, and regulations.

(b) Stations using manually operated telegraphy transmitting by any type of the Morse Code may, during the course of normal rendition of service, be operated only by the holders of a radiotelegraph class operator license of either the Radiotelegraph Third Class Operator Permit [1] or higher class.

(c) In any case, however, all transmitter adjustments or tests during or coincident with the installation, servicing, or maintenance of a radio station, which may affect the proper operation of such station, shall be made by or under the immediate supervision and responsibility of a person holding a first- or second-class commercial radio operator license, either radiotelephone or radiotelegraph, as may be appropriate for the type of emission employed, and such person shall be responsibile for the proper functioning of the station equipment.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: July 19, 1950.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 50–6581; Filed, July 26, 1950; 8:51 a. m.]

[1] Pursuant to the Commission's order of June 27, 1950, in Docket 9387, the Radiotelegraph Third Class Operator Permit will be established as a class of license effective September 1, 1950, on which date the Restricted Radiotelegraph Operator Permit will cease to be issued or renewed. Pending September 1, 1950, and thereafter, a Restricted Radiotelegraph Operator Permit will be accepted in lieu of a Radiotelegraph Third Class Operator Permit so long as such Permit, issued or renewed before September 1, 1950, remains valid and outstanding.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 67]

WOOL CERTIFICATION SERVICE

PROPOSED SUSPENSION

Notice is hereby given pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that the Secretary of Agriculture is considering suspending, until further notice, the service conducted by the Department for the determination and certification of the condition (shrinkage or clean content) of wool. This service has been furnished upon request of interested persons under the wool certification regulations (7 CFR Part 67) pursuant to the Agricultural Marketing Act of 1946 (7 U. S. C. 1621 et seq.) and the so-called Farm Products Inspection Act consisting of provisions for the market inspection of farm products recurring in the annual appropriation act for the Department of Agriculture (7 U. S. C. 414).

The wool certification program is a purely voluntary service under such authorities available only upon request. The market price of wool is currently so high that wool producers have been selling their wool without requesting the service. Therefore, it appears that suspension of the service until further notice would be appropriate.

Any interested person who wishes to submit written data, views, or arguments concerning the proposed suspension may do so by filing them with the Director of the Livestock Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., within 15 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 24th day of July 1950.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[Docket No. AO–99–A1]

HANDLING OF BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU VARIETIES OF PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

DECISION WITH RESPECT TO PROPOSED AMENDMENTS TO THE MARKETING AGREEMENT AND ORDER

Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Portland, Oregon, beginning on April 10, 1950, at Yakima, Washington, beginning on April 13, 1950, and at Sacramento, California, beginning on April 17, 1950, pursuant to notice thereof published in the FEDERAL REGISTER (15 F. R. 1892), upon proposed amendments to Marketing Agreement No. 89, hereinafter referred to as the "marketing agreement," and Order No. 39 (7 CFR Part 939), hereinafter referred to as the "order," regulating the handling of Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on June 19, 1950, filed with the Hearing Clerk, United States Department of Agriculture, the recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (15 F. R. 4021).

The material issues and the findings and conclusions of the recommended decision, set forth in the FEDERAL REGISTER (F. R. Doc. 50–5395; 15 F. R. 4021), are hereby approved, adopted, and incorporated herein as the material issues, and the findings and conclusions of this decision as if set forth in full herein, and such findings and conclusions are supplemented to the extent hereinafter set forth.

Rulings on exceptions. Exceptions to the recommended decision were filed by H. B. Murphy, Pinnacle Packing Company, Medford, Oregon. Each of such exceptions was carefully and fully considered, in conjunction with the evidence in the record, in arriving at the findings and conclusions set forth herein.

Exception was taken to the failure of the aforesaid recommended decision to find, with respect to a regulation which establishes "a combination of grades" as the lowest quality of pears that may be handled, that the "component parts of any combination grade can be packed in separate containers." In this connection, the recommended decision clearly stated, together with the reasons and basis therefor, that regulations under the proposed amended marketing agreement and order may limit, in appropriate circumstances, the shipment of the total quantity of any grade of any variety of pears. Consequently, the results derivable through the provisions contended for in this exception may be achieved in the manner permitted in the proposed amended marketing agreement and order.

Exception was taken to the findings and conclusions, and to the effectuating provisions of the amended marketing agreement and order, pertaining to the issuance of regulations by the Secretary. It was contended that the currently effective provisions of the marketing agreement and order do not authorize the Secretary "to impose more stringent grade and size regulations" than recommended by the Control Committee and that similar restrictions on the authority of the Secretary should, therefore, be incorporated into the provisions of the proposed marketing agreement and order. However, the currently effective regulatory program provides that "in the event of any such recommendation by the Control Committee, and upon the basis thereof and the information and data submitted therewith and any other data, the Secretary may issue a regulation lowering, raising, or modifying the aforesaid minimum grade or minimum sizes, or both, as to any one or more of said varieties of pears * * *." In view of the foregoing, there is no enlargement, insofar as such contention is concerned, of the Secretary's authority to issue regulations. The authority of the Secretary, therefore, should be as set forth in the recommended decision.

Exception was also taken to the regulatory provisions of the proposed amended marketing agreement and order. It was asserted that such provisions would constitute "authority to prorate shipments" and permit the imposition, under the provisions for the establishment of minimum standards, "of grade and size regulations," and limitations "based upon the factor of condition." It is assumed that the reference "to prorate shipments" means to allot to various handlers of pears specified quantities of the total volume of all pear shipments that may be handled by the respective handlers. The proposed amended marketing agreement and order are not designed, nor intended, for such purpose. With respect to the minimum standards of quality which may be made effective it is clearly stated in the recommended decision that such minimum standards may be established, and maintained in effect, only during periods when the seasonal average price of pears may be in excess of the parity price. The level at which any such minimum standards may be fixed is indicated in the recommended decision and should not exceed the lower limits of the grade and size restrictions which are made effective during periods when the seasonal average price of pears is below the parity price.

Exceptions were taken to some of the other findings and conclusions and certain provisions of the amended marketing agreement and order contained in the recommended decision. To the extent that the findings and conclusions contained herein are at variance with any of the exceptions pertaining thereto, such exceptions are denied for the foregoing reasons and on the basis of the findings and conclusions relating to the issues to which the exceptions refer.

Amendments to the marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Agreement Amending the Marketing Agreement Regulating the Handling of Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears

grown in the States of Oregon, Washington, and California," and "Order Amending the Order Regulating the Handling of Beurre d'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau Varieties of Pears Grown in Oregon, Washington and California," which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. The aforesaid amendments shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

It is hereby ordered, That all of this decision, except the attached agreement amending the marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement are identical with those contained in the attached order which will be published with this decision.

Done at Washington, D. C., this 24th day of July 1950.

939.79 Proceedings after termination.
939.80 Amendments.
939.81 Effect of termination or amendment.

AUTHORITY: §§ 939.0 to 939.81 issued under 48 Stat. 31, as amended; 7 U. S. C. 601 et seq.

§ 939.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein. (For original findings relative issuance Order No. 39, see F. R. Doc. 39–3103; 4 F. R. 3694.)

(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the rules of practice and procedure effective thereunder (7 CFR Part 900), a public hearing was held at Portland, Oregon, beginning on April 10, 1950, at Yakima, Washington, beginning on April 13, 1950, and at Sacramento, California, beginning on April 17, 1950, upon proposed amendments to the marketing agreement and Order No. 39, effective August 26, 1939, regulating the handling of Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order as hereby amended regulates the handling of Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in, the marketing agreement upon which hearings have been held;

(3) The said order as hereby amended is limited in its application to the smallest regional production area that is practicable, consistent with carrying out the declared policy of the act; and the issuance of several orders applicable to subdivisions of such regional production area would not effectively carry out the declared policy of the act; and

(4) The said order as hereby amended prescribes such different terms, applicable to different production and marketing areas, as are necessary to give due recognition to differences in the production and marketing of such pears.

It is, therefore, ordered, That, on and after the effective date hereof, the handling of Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order as hereby amended; and such order is hereby amended to read as follows:

DEFINITIONS

§ 939.1 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States.

§ 939.2 *Act.* "Act" means Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.).

§ 939.3 *Person.* "Person" means an individual, partnership, corporation, association, legal representative, or any organized group of individuals.

§ 939.4 *Pears.* "Pears" means and includes any and all of the Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California.

§ 939.5 *Size.* "Size" means the number of pears which can be packed in a standard western pear box 18" long, 11½" wide and 8½" deep (inside measurements) when packed in accordance with the packing requirements of the U. S. Standards for Pears, effective July 1, 1939, or as such standards hereafter may be modified or as "size" may be more specifically defined in a regulation issued hereunder.

§ 939.6 *Grower.* "Grower" means any person engaged in the production of pears, either as owner or as tenant.

§ 939.7 *Handler.* "Handler" means any person (except a common carrier of pears owned by another person) who, as owner, agent, broker, or otherwise, ships or handles pears, or causes pears to be shipped or handled, in fresh form by rail, truck, boat, or any other means whatsoever.

§ 939.8 *Ship or handle.* "To ship" or "to handle" means to sell, deliver, handle for shipment, transport, or offer for transportation pears in the current of commerce, or so as directly to burden, obstruct, or affect commerce, from the State of Oregon, the State of Washington, or the State of California to any point outside thereof.

§ 939.9 *Fiscal period.* "Fiscal period" means the period beginning July 1 of any year and ending June 30 of the following year.

§ 939.10 *Area.* "Area" means and includes the States of Oregon, Washington, and California.

§ 939.11 *District.* "District" means the applicable one of the following-described subdivisions of the area covered by the provisions of this subpart:

(a) Medford District shall include the counties of Jackson, Josephine, Curry, Coos, Douglas, Lane, and Klamath in the State of Oregon.

(b) Hood River-White Salmon-Underwood District shall include all of the State of Oregon not included in the Medford District, and the counties of Skamania and Klickitat in the State of Washington.

(c) Wenatchee District shall include the counties of Chelan, Okanogan, Douglas, and Spokane in the State of Washington.

(d) Yakima District shall include all of the State of Washington not included in the Wenatchee District or in the Hood River-White Salmon-Underwood District.

(e) Placerville District shall include all counties north of the northern boundaries of San Francisco, Contra Costa, San Joaquin, Calaveras, and Alpine Counties in the State of California.

(f) Santa Clara District shall include all of the State of California not included in the Placerville District.

§ 939.12 *Export market.* "Export market" means any destination which is not within the 48 States, or the District of Columbia, of the United States.

CONTROL COMMITTEE

§ 939.20 *Establishment.* A Control Committee, consisting of 12 individual persons as its members, is hereby established to administer the terms and provisions of this subpart as specifically provided in §§ 939.20 to 939.35. There shall be two alternates, designated as the "first alternate" and the "second alternate," respectively, for each member of the committee. Six members of the Control Committee and their respective alternates shall be growers of pears, and six members and their respective alternates shall be handlers of pears. Each district shall be represented on the committee by one grower member and one handler member.

§ 939.21 *Nomination and selection of members and their respective alternates.* The grower members and their respective alternates for each district shall be selected by the Secretary from nominees elected by the growers in such district, and the handler members and their respective alternates for each district shall be selected by the Secretary from nominees elected by the handlers in such district.

§ 939.22 *Meetings for election of nominees.* Nominations for members of the Control Committee and their alternates shall be made at meetings of growers and handlers held in each of the districts designated in § 939.11 at such times and places as the Control Committee shall designate. At each of such meetings the growers or handlers eligible to participate therein shall select a chairman and a secretary of that meeting. In the election of nominees, each grower and each handler shall be entitled to vote in accordance with the provisions of § 939.23. The chairman of the meeting shall announce at the meeting the name of each person for whom votes have been cast, whether as a member or as an alternate for a member, and the number of votes cast for each such person; and the chairman or the secretary of such meeting shall forthwith transmit such information to the Secretary or his designated representative.

§ 939.23 *Voting.* Only growers in attendance at meetings for election of nominees shall participate in the nomination of grower members and their alternates, and only handlers in attendance at meetings for election of nominees shall participate in the nomination of handler members and their alternates. A grower may participate only in the election held in the district in which he produces pears, and a handler may participate only in the election held in the district or districts in which he handles pears. No person may vote both as a handler and as a grower. Each grower and each handler shall be entitled to cast one vote, on behalf of himself, his agents, partners, affiliates, subsidiaries, and representatives, for each nominee to be elected.

§ 939.24 *Eligibility for membership.* Each grower member and each of his alternates shall be a grower who grows pears in the district in which and for which he is nominated and selected. Each handler member and each of his alternates shall be a handler, or an officer or employee of a handler, handling pears in the district in and for which he is nominated and selected.

§ 939.25 *Failure to nominate.* In the event nominations are not made pursuant to §§ 939.21 and 939.22 on or before June 1 of any year, the Secretary may select members and alternates for members without regard to nominations.

§ 939.26 *Qualifications.* Any person selected by the Secretary as a member or as an alternate for a member of the Control Committee shall qualify by filing a written acceptance with the Secretary within 15 days after being notified of such selection.

§ 939.27 *Term of office.* Each member and each alternate for a member shall serve during the fiscal period for which he has been selected or until his successor is selected and has qualified.

§ 939.28 *Alternates for members of the Control Committee.* The first alternate for a member shall act in the place and stead of the member for whom he is an alternate during such member's absence. In the event of the death, removal, resignation, or disqualification of a member, his first alternate shall act as a member until a successor for the member is selected and has qualified. The second alternate for a member shall serve in the place and stead of the member for whom he is an alternate whenever both the member and his first alternate are unable to serve.

§ 939.29 *Vacancies.* To fill any vacancy occasioned by the failure of any person selected as a member or as an alternate for a member of the Control Committee to qualify, or in the event of the death, removal, resignation, or disqualifiation of any qualified member or qualified alternate for a member, a successor for his unexpired term shall be nominated and selected in the manner set forth in §§ 939.20 to 939.35. If nominations to fill any such vacancy are not made within 20 days after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations.

§ 939.30 *Compensation and expenses.* The members and alternates for members of the Control Committee shall serve without compensation, but may be reimbursed for expenses necessarily incurred by them in the performance of their respective duties.

§ 939.31 *Powers of Control Committee.* The Control Committee shall have the following powers:

(a) To administer, as specifically provided in §§ 939.20 to 939.35, the terms and provisions of this subpart;

(b) To make administrative rules and regulations in accordance with, and to effectuate, the terms and provisions of this subpart; and

(c) To receive, investigate, and report to the Secretary complaints of violations of the provisions of this subpart.

§ 939.32 *Duties of Control Committee.* The duties of the Control Committee shall be as follows:

(a) To act as intermediary between the Secretary and any grower or handler;

(b) To keep minutes, books, and records which will reflect clearly all of the acts and transactions of the Control Committee, which minutes, books, and records shall be subject at any time to examination by the Secretary or by such person as may be designated by the Secretary;

(c) To investigate, from time to time, and to assemble data on the growing, harvesting, shipping, and marketing conditions relative to pears, to engage in such research and service activities relative to the handling of pears as may be approved by the Secretary, and to furnish to the Secretary such available information as may be requested;

(d) To perform such duties as may be assigned to it from time to time by the Secretary in connection with the administration of section 32 of the act to amend the Agricultural Adjustment Act, and for other purposes, Public Act No. 320, 74th Congress, approved August 24, 1935 (49 Stat. 774), as amended;

(e) To cause the books of the Control Committee to be audited by one or more competent accountants at the end of each fiscal year and at such other times as the Control Committee may deem necessary or as the Secretary may request,

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

and to file with the Secretary copies of any and all audit reports made;

(f) To appoint such employees as it may deem necessary, and to determine the salaries and define the duties of such employees;

(g) To give the Secretary, or the designated agent of the Secretary, the same notice of meetings of the Control Committee as is given to the members of the Control Committee;

(h) To select a chairman of the Control Committee and, from time to time, such other officers as it may deem advisable; and

(i) To submit to the Secretary each fiscal period a budget of its expenses during that fiscal year.

§ 939.33 *Procedure of Control Committee*—(a) *Quorum and voting.* A quorum shall consist of nine members, or alternates then serving in the place and stead of any members, in attendance at the meeting. Except as otherwise provided in § 939.52, all decisions of the Control Committee shall be made by not fewer than seven affirmative votes.

(b) *Mail voting.* The Control Committee may provide for members voting by mail, telephone, or telegraph, upon due notice to all members. Promptly after voting by telephone or telegraph, each member thus voting shall confirm in writing, the vote so cast.

§ 939.34 *Rights of the Secretary.* The members and alternates for members of the Control Committee and any agent or employee appointed or employed by the Control Committee shall be subject to removal or suspension by the Secretary at any time. Each and every regulation, decision, determination, or other act of the Control Committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time, and, upon such disapproval, shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 939.35 *Funds and other property.* (a) All funds received by the Control Committee pursuant to any of the provisions of this subpart shall be used solely for the purposes herein specified, and the Secretary may require the Control Committee and its members to account for all receipts and disbursements.

(b) Upon the death, resignation, removal, disqualification, or expiration of the term of office of any member or employee of the Control Committee, all books, records, funds, and other property in his possession belonging to the Control Committee shall be delivered to his successor in office or to the Control Committee, and such assignments and other instruments shall be executed as may be necessary to vest in such successor or in the Control Committee full title to all the books, records, funds, and other property in the possession or under the control of such member or employee pursuant to this subpart.

EXPENSES AND ASSESSMENTS

§ 939.40 *Expenses.* The Control Committee is authorized to incur such expenses as the Secretary finds may be necessary to carry out its functions under this subpart. The funds to cover such expenses shall be acquired by the levying of assessments as provided in § 939.41.

§ 939.41 *Assessments.* Assessments will be levied only upon the handler who first handles pears which subsequently are shipped from the State of Oregon, the State of Washington, or the State of California. Such handler shall pay to the Control Committee, upon demand, such handler's pro rata share of the expenses which the Secretary finds necessarily will be incurred by the Control Committee for the maintenance and functioning of the Control Committee during each fiscal period. Such handler's pro rata share of such expenses shall be that proportion thereof which the total quantity of pears first handled by that handler during such fiscal period is of the total quantity of pears first handled by all handlers during that fiscal period. The Secretary shall fix the rate of assessment to be paid by such handler, which rate may be adjusted from time to time by the Control Committee, with the approval of the Secretary, in order to cover any later findings by the Secretary of estimated expenses or the actual expenses of the Control Committee during said fiscal period.

§ 939.42 *Handler accounts.* At the end of each fiscal period the Control Committee shall credit each handler assessed with any amount paid by such handler in excess of his pro rata share of the expenses, or shall debit such handler with the deficiency between his pro rata share and the amount paid by him. Any such debits shall become due and payable upon demand by the Control Committee.

§ 939.43 *Use of funds.* From the funds acquired pursuant to § 939.41 the Control Committee shall pay the salaries of its employees, if any, and pay the expenses necessarily incurred in the performance of the duties of the Control Committee.

§ 939.44 *Collection of unpaid assessments.* The Control Committee, with the approval of the Secretary, may institute and maintain, in its own name or in the names of its members, legal proceedings against any handler assessed for the collection of such handler's pro rata share of the aforesaid expenses.

REGULATION OF SHIPMENTS

§ 939.50 *Recommendation by the Control Committee.* (a) It shall be the duty of the Control Committee to investigate, from time to time, supply and demand conditions relative to pears and each grade, size, and quality of each variety thereof. Such investigations by the Control Committee shall be with respect to the following: (1) Estimated production of each variety of pears and of each grade, size and quality thereof; (2) prospective supplies and prices of Bartlett pears and other fruits, both in fresh and processed form, which are competitive to the marketing of pears; (3) prospective exports of pears and imports of pears from other producing areas; (4) probable harvesting period for each variety of pears; (5) the trend and level of consumer income; (6) general economic conditions; and (7) other relevant factors.

(b) On or before August 1 of each year, the Control Committee shall recommend regulations to the Secretary if it finds, on the basis of the foregoing investigations, that such regulation as is provided in § 939.51 will tend to effectuate the declared policy of the act.

(c) In the event the Control Committee at any time finds that by reason of changed conditions any regulation issued pursuant to § 939.51 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

§ 939.51 *Issuance of regulations; and modification, suspension, or termination thereof.* (a) Whenever the Secretary finds, from the recommendations and information submitted by the Control Committee, or from other available information, that regulation, in the manner specified in this section, of the shipment of pears would tend to effectuate the declared policy of the act, he shall so limit the shipment of pears during a specified period or periods. Such regulation: (1) May limit the total quantity of any grade, size, quality, or combinations thereof, of any variety of pears grown in any district and may prescribe different requirements applicable to shipments to different export markets; or (2) may prescribe minimum standards of quality for any variety of pears and limit the shipment thereof to those meeting such minimum standards.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the Control Committee, or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of pears grown in any district in order to effectuate the declared policy of the act, he shall so modify, suspend, or terminate such regulation. If the Secretary finds, from the recommendations and information submitted by the Control Committee, or from other available information, that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation. On the same basis and in like manner the Secretary may terminate such modification or suspension.

§ 939.52 *Prerequisites to committee recommendations.* (a) Decisions of the Control Committee with respect to any recommendation to the Secretary pursuant to the provisions of § 939.50 shall be made by an affirmative vote of not less than 80 percent of the applicable total number of votes, computed in the manner hereinafter prescribed in this section, of all committee members.

(b) With respect to a particular variety of pears, the applicable total number of votes shall be the aggregate of the votes allotted to the members of the committee in accordance with the following: Each member shall have one vote as an individual and, in addition, shall have an equal share of the vote of the district represented by such member; and such district vote shall be computed by the Control Committee as soon as practical after the beginning of each fiscal period on the basis of one vote for each 25,000 boxes of the average quantity (rounded to the nearest 25,000 boxes) of such variety produced in the particular district and shipped therefrom during the immediately preceding three fiscal periods to destinations outside the State in which produced. The votes so allotted to a member of the committee may be cast by such member on each recommendation relative to the variety of pears on which such votes were computed.

§ 939.53 *Notification.* (a) The Control Committee shall give prompt notice to growers and handlers of each recommendation to the Secretary pursuant to the provisions of § 939.50.

(b) The Secretary shall immediately notify the Control Committee of the issuance of each regulation and of each modification, suspension, or termination of a regulation and the Control Committee shall give prompt notice thereof to growers and handlers.

§ 939.54 *Exemption certificates.* (a) As soon as practicable after the beginning of each fiscal period the Control Committee shall adopt and announce the procedural rules by which exemption certificates may be issued to growers. The Control Committee shall determine the percentage which the grades and sizes of each variety of pears permitted to be shipped from each district under the regulation bears to the total quantity of each variety of pears which could be shipped from that district in the absence of regulation. An exemption certificate may thereafter be granted to any grower who furnishes proof that he will be prevented, because of the regulation in effect, from shipping a percentage of a particular variety of his pears equal to the percentage of pears of that particular variety permitted to be shipped from his district as determined by the Control Committee. Such exemption certificate shall permit the grower to ship that quantity of the particular variety of pears of the regulated grades and sizes of such variety as will enable him to ship as large a percentage of such variety of his pears as the average percentage of that particular variety of pears that is permitted to be shipped by all growers in his district.

(b) In the event the Control Committee shall determine and report to the Secretary that, by reason of general crop failure or other extraordinary conditions within a particular district, it is not feasible and would not be equitable to issue exemption certificates to growers within that district on the basis of the average percentage of the pears grown in the district which may be shipped in compliance with the requirements of § 939.51, the Secretary may prescribe such other basis for the issuance of such certificates to growers within that district as he may find to be feasible, equitable, and proper.

(c) The Secretary shall have power to modify, change, alter, or amend any procedural rules and any exemption granted under this section.

INSPECTION

§ 939.60 *Inspection and certification.* No handler shall ship any pears not theretofore inspected, and a certificate issued with respect thereto, by a duly authorized representative of the Federal-State Inspection Service: *Provided,* That such inspection and certification of shipments of pears may be performed by such other inspection service as the Control Committee, with the approval of the Secretary, may designate. Promptly after shipment of any pears, the handler shall submit, or cause to be submitted, to the Control Committee a copy of the inspection certificate issued on such shipment.

EXCEPTIONS

§ 939.65 *Exemption from regulation.* (a) Nothing contained in this subpart shall limit or authorize the limitation of shipment of pears for consumption by charitable institutions or distribution by relief agencies or conversion into by-products, nor shall any assessment be computed on pears so shipped. The Control Committee may prescribe regulations to prevent pears shipped for either of such purposes from entering commercial fresh-fruit channels of trade contrary to the provisions of this subpart.

(b) The Control Committee shall prescribe rules and regulations, to become effective upon the approval of the Secretary, whereby shipments of pears in individual gift packages may be exempted from the provisions of this subpart.

(c) The Control Committee may, with the approval of the Secretary, designate storage warehouses within the area and prescribe rules and regulations whereby pears may be shipped to such storage warehouses exempt from the provisions of this subpart: *Provided,* That pears so shipped shall not thereafter be handled contrary to the provisions of this subpart.

MISCELLANEOUS PROVISIONS

§ 939.70 *Reports.* Upon the request of the Control Committee, subject to the disapproval of the Secretary, each handler shall furnish to the Control Committee, in such manner and at such times as it prescribes, such information as will enable it to perform its duties under this subpart.

§ 939.71 *Compliance.* Except as provided in § 939.65, no handler shall ship any pears contrary to the applicable restrictions and limitations specified in, or effective pursuant to, the provisions of this subpart.

§ 939.72 *Duration of immunities.* The benefits, privileges, and immunities conferred by virtue of this subpart shall cease upon termination hereof, except with respect to acts done under and during the existence of this subpart.

§ 939.73 *Separability.* If any provision of this subpart is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remaining provisions and the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

§ 939.74 *Derogation.* Nothing contained in this subpart is or shall be construed to be in derogation of, or in modification of, the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 939.75 *Liability of Control Committee members.* No member or alternate for a member of the Control Committee, nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any party under this subpart or to any other person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate for a member, or employee, except for acts of dishonesty.

§ 939.76 *Agents.* The Secretary may name, by a designation in writing, any person, including any officer or employee of the Government, or any bureau or division in the Department of Agriculture to act as his agent or representative in connection with any of the provisions of this subpart.

§ 939.77 *Effective time.* The provisions of this subpart shall become effective August 26, 1939, and shall continue in force until terminated in one of the ways specified in § 939.78.

§ 939.78 *Termination.* (a) The Secretary may at any time terminate this subpart.

(b) The Secretary shall terminate or suspend the operation of any or all of the provisions of this subpart whenever he finds that such operation obstructs or does not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart at the end of any fiscal period whenever he finds that such termination is favored by a majority of the growers of pears who, during such fiscal period, have been engaged in the area in the production of pears for market: *Provided,* That such majority have produced for market during such period more than 50 percent of the volume of pears produced for market in the area; but such termination shall be effective only if announced on or before June 30 of that fiscal period.

(d) The provisions of this subpart shall terminate, in any event, whenever the provisions of the act authorizing the same cease to be in effect.

§ 939.79 *Proceedings after termination.* (a) Upon the termination of this subpart, the members of the Control Committee then functioning shall continue as joint trustees for the purpose of liquidating all funds and property then in the possession or under the control of the Control Committee, including claims for any funds unpaid or property not delivered at the time of such termination.

(b) The joint trustees shall continue in such capacity until discharged by the Secretary; from time to time account for all receipts and disbursements; deliver all funds and property on hand, together with all books and records of the Control Committee and of the joint

trustees, to such person as the Secretary shall direct; and, upon the request of the Secretary, execute such assignments or other instruments necessary and appropriate to vest in such person full title to all of the funds or claims vested in the Control Committee or in said joint trustees.

(c) Any funds collected pursuant to this subpart and held by such joint trustees or such person over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the joint trustees or such other person in the performance of their duties under this subpart, as soon as practicable after the terminaton hereof, shall be returned to the handlers pro rata in proportion to their contributions thereto.

(d) Any person to whom funds, property, or claims have been delivered by the Control Committee or its members, upon direction of the Secretary, as provided in this section, shall be subject to the same obligations and duties with respect to said funds, property, or claims as are imposed upon the members of said Committee or upon said joint trustees.

§ 939.80 *Amendments.* Amendments to this subpart may be proposed from time to time by the Control Committee or by the Secretary.

§ 939.81 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart or the issuance of any amendment to either, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued hereunder, or (b) release or extinguish any violation of this subpart or of any regulation issued hereunder, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

[Docket No. AO–99–A1]

HANDLING OF BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU VARIETIES OF PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

ORDER DIRECTING THAT REFERENDUM BE CONDUCTED; DESIGNATION OF AGENTS TO CONDUCT REFERENDUM; DETERMINATION OF REPRESENTATIVE PERIOD

Pursuant to the applicable provisions of Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), it is hereby directed that a referendum be conducted among the producers who, during the period July 1, 1949 to June 30, 1950, both dates inclusive (which period is hereby determined to be a representative period for the purpose of such referendum), were engaged, within the States of Oregon, Washington, and California, in the production of Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears for market, to ascertain whether such producers favor the issuance of an order amending Order No. 39, effective August 26, 1939, regulating the handling of the aforesaid varieties of pears grown in the said States. The said amendatory order is annexed to the decision of the Secretary of Agriculture filed[1] simultaneously herewith.

W. J. Broadhead and Robert H. Eaton of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, are hereby designated agents of the Secretary of Agriculture to perform, jointly or severally, the following functions in connection with the referendum:

(a) Conduct said referendum in the manner herein prescribed:

(1) By determining the time of commencement and termination of the period of the referendum, and by giving opportunity to each of the aforesaid producers to cast his ballot in the manner herein authorized, relative to the aforesaid amendatory order, on a copy of the appropriate ballot form. A cooperative association of such producers, bona fide engaged in marketing the aforesaid varieties of pears grown in the said States or in rendering services for or advancing the interests of the producers of such pears, may vote for the producers who are members of, stockholders in, or under contract with such cooperative association (such vote to be cast on a copy of the appropriate ballot form), and the vote of such cooperative association shall be considered as the vote of such producers.

(2) By giving public notice, as prescribed in (a) (3) hereof, (i) of the time during which the referendum will be conducted, (ii) that any ballot may be cast by mail, (iii) that all ballots so cast must be addressed to W. J. Broadhead, Field Representative, Western Marketing Field Office, Fruit and Vegetable Branch, 515 S. W. Tenth Avenue, Portland 5, Oregon, and (iv) of the time prior to which such ballots must be postmarked.

(3) By giving public notice (i) by utilizing (without advertising expense) available agencies of public information, including both press and radio facilities serving the States of Oregon, Washington, and California; (ii) by mailing a notice thereof (including a copy of the text of the amendatory order and a copy of the appropriate ballot form) to each such cooperative association and to each producer whose name and address is known; and (iii) by such other means as said referendum agents may deem advisable.

(4) By conducting meetings of producers and arranging for balloting at the meeting places, if said referendum agents determine that voting shall be at meetings. At each such meeting, balloting shall continue until all of the producers who are present, and who desire to do so, have had an opportunity to vote. Any producer may cast his ballot at any such meeting in lieu of voting by mail.

(5) By giving ballots and copies of the text of the amendatory order to producers at the meeting; and receiving any ballots when they are cast.

(6) By securing the name and address of each person casting a ballot, and inquiring into the eligibility of such person to vote in the referendum. Any individual casting a ballot on behalf of a producer shall submit, with the ballot, evidence of his authority to cast such ballot, which evidence in the case of a corporation or a cooperative association shall be in the form of a certified copy of a resolution of the Board of Directors.

(7) By giving reasonable advance public notice of the time and place of each meeting authorized hereunder, and, so far as may be practicable, by giving additional notice in the manner prescribed in paragraph (a) (3) hereof.

(8) By appointing any county agricultural agent, and by authorizing the chairman of the State Production and Marketing Administration committees in the States of Oregon, Washington, and California to appoint any member or members of a county Production and Marketing Administration committee in their respective States, and by appointing any other persons deemed necessary or desirable, to assist the said referendum agents in performing their duties hereunder. Each such person so appointed shall serve without compensation; and may be authorized by the said referendum agents to perform any or all of the functions set forth in paragraphs (a) (3), (4), (5), (6), and (7) hereof (which, in the absence of such appointment of subagents, shall be performed by said referendum agents) in accordance with the requirements herein set forth; and shall forward to W. J. Broadhead, Field Representative, Western Marketing Field Office, Fruit and Vegetable Branch, 515 S. W. Tenth Avenue, Portland 5, Oregon, immediately after the close of the referendum, the following:

(i) A list containing the name and address of each producer to whom a ballot form was given;

(ii) A list containing the name and address of each producer from whom an executed ballot was received;

(iii) All of the ballots received by the respective referendum agent or appointee (as the case may be) in connection with the referendum, together with a certificate to the effect that the ballots forwarded are all of the ballots cast and which were received by the respective agent or appointee during the referendum period;

(iv) A statement showing when and how notice of referendum was given and, if the notice was mailed to producers, the mailing list showing the names and addresses to which the notice was mailed and the time of such mailing; and

(v) A detailed statement reciting the method used in giving publicity of such referendum.

[1] See F. R. Doc. 50–6572, *supra*.

(b) Each referendum agent and appointee pursuant hereto shall not refuse to accept a ballot submitted or cast; but should they, or any of them, deem that a ballot should be challenged for any reason, or, if such ballot is challenged by any other person, said agent or appointee shall endorse above his signature, on the back of said ballot, a statement that such ballot was challenged, by whom challenged, and the reasons therefor; and the number of such challenged ballots shall be stated when they are forwarded as provided herein.

(c) Upon receipt by W. J. Broadhead of all ballots cast and such other documents as are required pursuant hereto, the ballots shall be canvassed by him and the results of the referendum shall be forwarded with the ballots and other required documents to the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C.

(d) The Fruit and Vegetable Branch shall prepare and submit to the Secretary a detailed report covering the results of the referendum, the manner in which the referendum was conducted, the extent and kind of public notice given, and all other information pertinent to the full analysis of the referendum and its results.

(e) All ballots shall be kept confidential.

The Director of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, is hereby authorized to prescribe additional instructions, not inconsistent with the provisions hereof, to govern the procedure to be followed by the said referendum agents and appointees in conducting said referendum.

Copies of the text of the aforesaid amendatory order may be examined in the Office of the Hearing Clerk, United States Department of Agriculture, Room 1353, South Building, Washington 25, D. C., and at the Western Marketing Field Office, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, 515 S. W. Tenth Avenue, Portland 5, Oregon.

Ballots to be cast in the referendum may be obtained from any referendum agent, and any appointee hereunder.

Done at Washington, D. C., this 24th day of July 1950.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

FEDERAL POWER COMMISSION

[Docket No. G-1420]

HOPE NATURAL GAS CO.

ORDER FIXING DATE OF HEARING

JULY 20, 1950.

On June 13, 1950, Hope Natural Gas Company (Applicant), a West Virginia corporation having its principal place of business at Clarksburg, West Virginia, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas transmission facilities, subject to the jurisdiction of the Commission, as fully described in said application on file with the Commission and open to public inspection.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on June 28, 1950 (15 F. R. 4148).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on August 3, 1950, at 9:30 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: July 20, 1950.

By the Commission.

[Docket No. G–1437]

CITY OF CORINTH, MISS.

NOTICE OF APPLICATION

JULY 20, 1950.

Take notice that the City of Corinth, Mississippi (Applicant) a municipal corporation of the State of Mississippi, filed on July 3, 1950, an application pursuant to section 7 (a) of the Natural Gas Act, for an order directing Tennessee Gas Transmission Company (Tennessee), a natural gas company, to establish or permit physical connection of its transmission facilities with the proposed facilities of Applicant and to sell Applicant an adequate supply of natural gas.

Applicant proposes to construct and operate 21½ miles of 6-inch high pressure lateral transmission line extending from a point on a local distribution system to be constructed in the City of Corinth to a point of connection with the main transmission pipeline system of Tennessee traversing McNairy County, Tennessee.

The application recites negotiations for a supply of natural gas from Alabama-Tennessee Natural Gas Company were discontinued due to the rate proposed by said Company; and that a saving of $1,228,800 over a 20-year period can be effected by the City of Corinth by purchasing and obtaining natural gas from Tennessee Gas Transmission Company rather than from Alabama-Tennessee Natural Gas Company.

The estimated cost of the proposed lateral transmission line is $350,000, and of proposed distribution facilities to be installed in the City of Corinth is $525,000.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 8th day of August 1950. The application is on file with the Commission for public inspection.

[Docket No. G–1440]

LOUISIANA-NEVADA TRANSIT CO.

NOTICE OF APPLICATION

JULY 20, 1950.

Take notice that on July 11, 1950, Louisiana-Nevada Transit Company (Applicant), a Nevada corporation with its principal place of business at Ada, Oklahoma, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of a measuring and regulating station at Okay, Arkansas, on Applicant's pipeline system for the sale and delivery of natural gas to the City of De Queen, Arkansas.

Applicant represents that it has adequate gas reserves and capacity of transmission facilities to meet the estimated requirements of the City of De Queen which are at 89,540 Mcf. per year.

The estimated total cost of the proposed facilities is $1,727.27 which will be financed from funds on hand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.10) on or before the 8th day of August 1950. The application is on file with the Commission for public inspection.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1951]

NEW ENGLAND PUBLIC SERVICE CO.

ORDER PERMITTING WITHDRAWAL OF DECLARATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 21st day of July A. D. 1950.

New England Public Service Company ("NEPSCO"), a registered holding company, having on September 20, 1948, filed a declaration with this Commission, pursuant to section 12 (d) of the Public Utility Holding Company Act of 1935, with respect to the sale by NEPSCO of 200,000 shares of the common stock of Public Service Company of New Hampshire; the Commission having, on October 1, 1948, issued a notice of filing and order for hearing thereon and a hearing having been held;

NEPSCO having now filed an application requesting permission to withdraw said declaration and, in conjunction with its request, having filed a declaration with respect to the sale by NEPSCO of 260,000 shares of the common stock of Central Maine Power Company (File No. 70-2438); and

The Commission having considered the application and it appearing that the withdrawal requested is consistent with the public interest:

It is ordered, That NEPSCO's application for withdrawal of the declaration herein be and hereby is granted, and said declaration is hereby deemed withdrawn.

By the Commission.

NEW ENGLAND PUBLIC SERVICE CO.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 21st day of July A. D. 1950.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by New England Public Service Company ("NEPSCO"), a registered holding company. Declarant designates section 12 (d) of the act and Rule U-50 promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to said declaration which is on file in the offices of the Commission for a statement of the proposed transactions, which are summarized as follows:

NEPSCO own 1,315,181 shares (60.4 percent) of the common stock of Central Maine Power Company. NEPSCO proposes to sell 260,000 shares of its holdings of such stock, at competitive bidding under Rule U-50, prior to October 1, 1950, or such later date as the Commission shall approve. The price which NEPSCO will receive for the common stock, the price at which it will be offered to the public, and the names of the underwriters will be supplied by amendment. The net proceeds from the sale of the stock will be applied to the reduction of notes issued to certain banks by NEPSCO in October 1947 (Holding Company Act Release No. 7713). Declarant states that no state commission has jurisdiction over the proposed transactions. Declarant requests that the order herein conform to the provisions of Supplement R of the Internal Revenue Code.

The Commission has this day granted NEPSCO's application, filed in conjunction with the declaration noticed herein, to withdraw its declaration (File No. 70-1951) with respect to the sale by NEPSCO of 200,000 shares of the common stock of Public Service Company of New Hampshire.

The notes to which the proceeds of the sale are to be applied were issued as a step in NEPSCO's plan for the retirement of its Prior Lien Preferred Stock. This plan, which was approved by order of the Commission of June 27, 1947 and by the District Court of the United States for the District of Maine by order of August 6, 1947, provided, inter alia, for the borrowing by NEPSCO for a term of one year of an amount not in excess of $16,000,000. It further provided that NEPSCO would, within one year from the date of the loan, sell, at competitive bidding pursuant to Rule U-50, or in such manner as the Commission might approve, sufficient of its portfolio to repay the loan in full, unless the Commission granted one or more extensions of time. On October 9, 1947 NEPSCO borrowed an aggregate amount of $13,500,000. This amount has now been reduced to $8,625,000 by quarterly payments of $400,000 and by an additional payment of $475,000 made May 15, 1950. The notes were renewed with Commission approval for a term of one year in October 1948 and again in October 1949; however, requested extensions of the time in which portfolio securities were to be sold to retire the notes were not granted. (Holding Company Act Release No. 8567 and 9404). In its Memorandum Opinion of April 7, 1950 (Holding Company Act Release No. 9781) the Commission concluded that no further delay was justified in the sale by NEPSCO of portfolio securities for the purpose of reducing the loan.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declaration and that said declaration should not be permitted to become effective except pursuant to further order of this Commission.

It is hereby ordered, Pursuant to the applicable provisions of the act and the rules and regulations thereunder, that a hearing with respect to said declaration be held on August 15, 1950 at 10:00 a. m., e. d. s. t., at the offices of the Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 193 will advise as to the room in which such hearing will be held. Any persons desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission on or before August 14, 1950 his request or application therefor as provided in Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift, or any other officer or officers of this Commission designated by it for that purpose, shall preside at such hearing and is hereby authorized to exercise all powers granted to the Commission under Section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the declaration and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters or questions upon further examination:

1. Whether the proposed sale by New England Public Service Company of common stock of Central Maine Power Company meets the requirements of section 12 (d) of the act and the rules and regulations promulgated thereunder.

2. Whether the fees or other remuneration to be paid in connection with the proposed transactions are reasonable.

3. Whether the accounting entries proposed to be made by New England Public Service Company in connection with the proposed transactions are consistent with sound accounting principles and conform to the standards of the act and the rules promulgated thereunder.

4. Generally, whether the proposed transactions comply with all the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder, and whether, it is necessary or appropriate in the public interest or for the protection of investors and consumers to impose terms and conditions in connection with the proposed transactions.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of this Commission shall serve a copy of this order by registered mail on NEPSCO, Central Maine Power Company, and on all persons heretofore granted participation in the proceeding with respect to the retirement of the Prior Lien Preferred Stock of NEPSCO (File No. 59-15); and that notice of said hearing shall be given to all other persons by publication of this notice and order in the FEDERAL REGISTER and by general release of this Commission distributed to the press and mailed to the mailing list for releases issued under the act.

By the Commission.

MINNESOTA AND ONTARIO PAPER CO.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 21st day of July A. D. 1950.

Notice is hereby given that Minnesota and Ontario Paper Company ("Minnesota and Ontario") has filed with this Commission an application requesting an exemption for itself and its two subsidiary companies, Rainy River Improvement Company ("Rainy River") and The Ontario-Minnesota Pulp and Paper Company Limited ("Ontario-Minnesota") from the provisions of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder pursuant to sections 3 (a) (3) and 3 (a) (5) of the act.

All interested persons are referred to such application, which is on file in the offices of this Commission, for a statement of the allegations therein contained, which are summarized as follows:

Minnesota and Ontario is a corporation organized under the laws of the State of Minnesota and is primarily engaged in the manufacture and sale of paper and allied products. Its principal office is located in the city of Minneapolis, Minnesota, and its plant is located at International Falls, Minnesota. During the calendar year 1949 applicant had net sales of $42,778,384 and net earnings of $3,534,496, substantially all of which was derived from the sale of its industrial products. In connection with the operation of its industrial business, applicant owns and operates facilities for the generation and transmission of electric energy, all of which energy is consumed by applicant or transmitted to its subsidiaries.

Rainy River is organized in the State of Minnesota. It is principally engaged in public utility business and carries on its operations entirely within the United States. It receives electric energy generated by Minnesota and Ontario and distributes and sells such electric energy to members of the public. During the calendar year 1949, it had gross sales of electric energy of $280,661 and net earnings of $11,525.

Ontario-Minnesota is organized in the Province of Ontario, Dominion of Canada. It is engaged primarily in the manufacture and sale of paper and allied products and, in connection therewith, operates facilities in Canada for the generation, transmission and distribution of electric energy. A portion of such electric energy is sold to members of the public, all of such sales being made in Canada. During the calendar year 1949, Ontario-Minnesota had net sales of $17,588,123, of which $117,516 represented sales of electric energy. Most of Ontario-Minnesota's products are sold to applicant.

Applicant alleges that it is only incidentally a holding company being primarily engaged in a business other than that of a public utility company and that it does not derive a material part of its income from one or more companies the principal business of which is that of a public utility company. Applicant further alleges that it owns all the outstanding securities of its two subsidiaries, other than directors' qualifying shares.

Notice is further given that any interested person may, not later than August 7, 1950, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on the matter, stating the reasons for his request, the nature of his interest and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after August 7, 1950, the application of Minnesota and Ontario, as filed or amended, may be granted.

By the Commission.

CONSOLIDATED NATURAL GAS CO. ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 21st day of July A. D. 1950.

In the matter of Consolidated Natural Gas Company, The Peoples Natural Gas Company, and New York State Natural Gas Corporation; File No. 70–2406.

Notice is hereby given that a joint application-declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Consolidated Natural Gas Company ("Consolidated"), a registered holding company, and its wholly-owned subsidiaries, Peoples Natural Gas Company ("Peoples"), a gas utility company, and New York State Natural Gas Corporation ("New York State"), a gas transmission company. Applicants-declarants have designated sections 9, 10, and 12 of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than August 22, 1950, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said joint application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after August 22, 1950, said joint application-declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said joint application-declaration, which is on file in the offices of this Commission, for a statement of the transactions therein proposed, and which are summarized as follows:

Consolidated, Peoples, and New York State have entered into an agreement with Texas Eastern Transmission Corporation ("Texas Eastern"), a non-affiliated gas transmission company, pursuant to which it is proposed that, subject to obtaining the necessary approval of regulatory bodies, Peoples will sell and New York and Texas Eastern will acquire, as tenants in common, certain oil and gas leases and other interests in land, together with gas wells, pipelines and other appurtenant facilities, located in an area, called the Oakford Storage Area, in Westmoreland County, Pennsylvania. It is stated that the purpose of the proposed transfer is to provide for the joint development and operation of a natural gas storage pool by the Consolidated system and Texas Eastern. It is also stated that the requisite quantities of base or cushion gas required for operation of the pool is beyond the ability of the Consolidated system to provide from its own available supplies, and that, under the contract, Texas Eastern will undertake to supply such gas on a best effort basis.

The purchase price, which will be borne equally by New York and Texas Eastern, will be Peoples' book depreciated original cost at the time of transfer, estimated to be approximately $2,550,000, including $2,000,000 to be incurred in carrying on certain development work and acquisition of storage rights pending the transfer.

The financing of New York's pro rata share of the acquisition and development costs of the storage pool will be accomplished as part of its general future financing and will be the subject of further applications to this Commission.

Peoples has applied to the Public Utility Commission of Pennsylvania for approval of the sale of the properties, and New York and Texas Eastern have applied to the Federal Power Commission for the issuance of an appropriate certificate of convenience and necessity.

By the Commission.

[File No. 70–2428]

THOMAS KENWORTHY ET AL.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 21st day of July A. D. 1950.

In the matter of Thomas Kenworthy, John S. Cooper, Halbert McN. Jones, et al. File No. 70–2428.

Notice is hereby given that an application has been filed with this Commission pursuant to sections 9 (a) (2) and 10 of the Public Utility Holding Company Act of 1935 (the "act") by Thomas Kenworthy and by certain other individuals comprising two separate groups, John S. Cooper and Clark Cooper, Jr. (the "Cooper Group") and Halbert McN. Jones, Elizabeth M. Jones, Mary Ellen Jones, Halbert McN. Jones, Jr., Mrs. Mary J. McCoy, Ina McN. Avinger, Edwin Morgan, Anna B. Evans and James A. Jones (the "Jones Group").

All interested persons are referred to said application which is on file in the offices of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Kenworthy and the individuals comprising the Cooper and Jones groups propose to acquire from certain other individuals, respectively, 17,500 (17.8 percent), 6,386 (6.5 percent), and 15,000 shares (15.3 percent) of the 98,240 outstanding shares of common stock of Pennsylvania & Southern Gas Company ("Pennsylvania & Southern"), a public utility holding company, for a cash consideration of $5.00 per share. Of the outstanding common stock of Pennsylvania & Southern, 42,146 shares (42.9 percent) are owned by Mark Anton, H. Emerson Thomas, R. Gould Morehead, and Sylvester C. Smith, Jr. (the "Anton Group"), who have filed with the Commission a statement for the purpose of qualifying for an exemption pursuant to Rule U-9, and who, among others, are included in the selling group. After consummation of the proposed acquisition none of the members of the Anton Group will own any common stock of Pennsylvania & Southern, except H. Emerson Thomas who will retain 5,000 shares of his present holdings of Pennsylvania & Southern common stock.

According to the filing, the companies in the Anton Group holding company system are five gas utility companies which conduct propane gas operations in various small communities in Pennsylvania, New York, New Jersey and West Virginia, and Pennsylvania & Southern and its subsidiaries. Pennsylvania & Southern has six gas utility subsidiaries which serve propane gas in various small communities in Pennsylvania, North Carolina and South Carolina, one gas utility subsidiary which serves manufactured gas in one small community in Maryland, and one non-utility subsidiary which is engaged in the business of selling propane gas in portable containers; each of the gas utility subsidiaries is also engaged in the business of selling propane gas in portable containers.

The filing contains financial statements which show that at April 30, 1950, combined plant, property and equipment of the subsidiaries of Pennsylvania & Southern amounted to $1,631,281 (after deduction of negative plant acquisition adjustments of $292,756); combined investment in bottled gas equipment amounted to $113,297; and the combined reserves for depreciation of plant, property and equipment amounted to $776,189; consolidated utility operating revenues amounted to $536,881 for the 12 months ended April 30, 1950; consolidated revenues from bottled gas operations amounted to $264,939 for the same period. Such financial statements also show that Pennsylvania & Southern's consolidated common stock equity as of April 30, 1950, was equivalent to $2.93 per share and that consolidated net income applicable to its common stock amounted to $0.74 per share for the 12 months ended April 30, 1950.

The filing states that it is contemplated that Pennsylvania & Southern will, after consummation of the proposed acquisition, file a statement with the Commission for the purpose of qualifying for an exemption pursuant to Rule U-9.

Each of the buyers proposes to pay to Lewis C. Dick Company, of Philadelphia, a broker's commission of 25¢ per share and to Bioren & Co., of Philadelphia, a broker's commission of 12½¢ per share; Bioren & Co. is also to receive from each of the sellers a broker's commission of 10¢ per share. Legal fees and expenses estimated at $500 in connection with the proposed purchase of the shares will be paid by Lewis C. Dick Company.

The applicants have requested that the Commission's order be entered herein at the earliest date practicable and that such order become effective forthwith.

Notice is further given that any interested person may, not later than July 28, 1950, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 28, 1950, said application as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Production and Marketing Administration and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Loans, Purchases, and Other Operations

[1949-50 Farm Storage Facility Loan Program, Amdt. 1]

PART 674—FARM STORAGE FACILITIES

SUBPART—FARM STORAGE FACILITY LOAN PROGRAM

The regulations formulated by Commodity Credit Corporation and the Production and Marketing Administration and published in 14 F. R. 5587, governing the making of loans, and containing the requirements of the Farm Storage Facility Loan Program are hereby amended and supplemented as follows:

1. Paragraph (b) of § 674.102 is amended so that the section reads as follows:

§ 674.102 *Availability of loans*—(a) *Area.* Loans will be available in all States.

(b) *Time.* Loan applications may be submitted through June 30, 1951.

(c) *Source.* All forms and documents will be made available through the offices of county committees. Disbursements on loans will be made by approved lending agencies under agreements with CCC, or by drafts drawn on CCC by the State PMA committee.

2. Paragraph (c) of § 674.106 is amended to read as follows:

§ 674.106 *Terms and conditions of loan.* • • •

(c) *Repayment of loan.* Payment will be due annually in equal principal installments. Where loan applications are approved by CCC prior to July 1, 1950, loans will be payable beginnnig January 31, 1951; where loan applications are approved by CCC on or after July 1, 1950, loans will be payable beginning January 31, 1952. The borrower is required to prepay the amount of any annual installment out of the proceeds from any price support loss or purchase agreement due the borrower within 12 months preceding the date on which the installment falls due. Any past due installment may be deducted and paid out of any amounts due the borrower under any program carried out by the Department of Agriculture. In addition, any farm-storage payments due the borrower by CCC for storage of commodities in such farm-storage facilities may be applied to any installment past due or next maturing, and any excess thereover may be applied on the remaining principal. The loan may be paid in part or in full by the borrower at any time before maturity. Upon payment of farm-storage facility loans secured by mortgages or deeds to secure debt which are held by CCC or secured by deeds of trust under which CCC is beneficiary, the county committees should be requested to release or obtain the release of such instruments of record. The chairman of each county committee is authorized to act as agent of CCC in releasing or obtaining the release of such instruments. Upon payment of loans secured by instruments held by a lending agency or under which a lending agency is beneficiary, the lending agency should be requested to release or obtain the release of such instrument or instruments.

3. Section 674.109 is added to the part to read as follows:

§ 674.109 *Sale or conveyance of security.* When a borrower desires to sell or convey the facilities or other property securing a loan without repaying the loan in full, he should apply to the county committee for approval of the sale or conveyance. Approval of the sale or conveyance must be evidenced by an assumption agreement in form prescribed by CCC under which the borrower remains liable for the balance of the indebtedness and the purchaser assumes the balance of the indebtedness and agrees to comply with all the terms, conditons, covenants, and agreements set out in the security instruments. Such forms may be obtained from the county committee. The chairman of each county committee is authorized to ap-

[1949–50 Program to Finance the Purchase of Mechanical Driers for Farm Commodities, Amdt. 1]

PART 674—FARM STORAGE FACILITIES

SUBPART—PROGRAM TO FINANCE THE PURCHASE OF MECHANICAL DRIERS FOR FARM COMMODITIES

The regulations formulated by Commodity Credit Corporation and the Production and Marketing Administration and published in 14 F. R. 6709, governing the making of loans, and containing the requirements of the Program to Finance the Purchase of Mechanical Driers for Farm Commodities are hereby amended and supplemented as follows:

1. Paragraph (b) of § 674.116 is amended to read as follows:

§ 674.116 *Availability of loans.* • • •

(b) *Time.* Loan applications may be submitted through June 30, 1951.

2. Paragraph (c) of § 674.120 is amended to read as follows:

§ 674.120 *Terms and conditions of loans.* • • •

(c) *Repayment of loan.* Payment will be due annually in equal principal installments. Where loan applications are received by the Production and Marketing Administration county committee prior to July 1, 1950, loans will be payable in equal annual principal payments beginning January 31, 1951; where loan applications are received by the Production and Marketing Administration county committee during the period July 1, 1950 through June 30, 1951, loans will be payable in equal annual principal payments beginning January 31, 1952. The borrower is required to prepay the amount of any annual installment out of the proceeds from any price support loan or purchase agreement due the borrower within 12 months preceding the date on which the installment falls due. Any past due installment may be deducted and paid out of any amounts due the borrower under any program carried out by the Department of Agriculture. The loan may be paid in part or in full by the borrower at any time before maturity. Upon payment of a loan secured by a mortgage which is held by CCC, the county committees should be requested to release the mortgage of record by filing an instrument of release or by a marginal release on the county records. Upon payment of loans secured by mortgages held by a lending agency, the lending agency should be requested to release such mortgage. The chairman of each county committee is authorized to act as agent of CCC in executing or obtaining such releases.

3. Section 674.123 is added to the part to read as follows:

§ 674.123 *Sale or conveyance of security.* When a borrower desires to sell a mechanical drier securing a loan without repaying the loan in full, he should apply to the county committee for approval of such sale. Approval of the sale must be evidenced by an assumption agreement in form prescribed by CCC under which the borrower remains liable for the balance of the indebtedness and the purchaser assumes the balance of the indebtedness and agrees to comply with all the terms, conditions, covenants, and agreements set out in the security instruments. Such forms may be obtained from the county committee. The chairman of each county committee is authorized to approve such transactions on behalf of CCC and to act as contracting officer of CCC in executing such assumption agreements with respect to mechanical driers located within the county.

Chapter I—Bureau of Indian Affairs, Department of the Interior

Subchapter E—Credit to Indians

PART 28—KLAMATH TRIBAL LOAN FUND

MISCELLANEOUS AMENDMENTS

On June 6, 1950, there was published in the daily issue of the FEDERAL REGISTER notice of intention to amend §§ 28.1 (c); 28.7 (a), (d), (f), and (h); and §§ 28.4, 28.8, and 28.18 of Title 25, CFR, of the regulations approved by the Secretary of the Interior on September 30, 1947, and amended December 9, 1948, which were promulgated under authority contained in the act of Congress approved August 28, 1937 (50 Stat. 872, 25 U. S. C. 530–535, incl.) as amended, and to promulgate a new § 28.7 (i). Interested persons were given opportunity to participate in preparing the proposed amendments by submitting their views and data or arguments in writing to E. Morgan Pryse, Area Director, Bureau of Indian Affairs, Building 34, Swan Island, Portland 18, Oregon, within 30 days from the date of publication of the notice of intention in the daily issue of the FEDERAL REGISTER. No views and data or arguments having been received from interested persons, and the 30-day period for submittal thereof having expired, §§ 28.1 (c); 28.7 (a), (d), (f), and (h); and §§ 28.4, 28.8, and 28.18 of said regulations are amended, and a new § 28.7 (i) is promulgated, to read as hereinafter indicated:

§ 28.1 *Definitions.* • • •

(c) "Area director" means the officer in charge of the area office of the Indian Service, or his successor in office, under which the Klamath Indian Agency is placed for administrative purposes. The authority of the area director under the regulations in this part may be delegated by him in writing to his subordinates in the area office.

§ 28.4 *Eligibility.* Loans may be made to enrolled members of the Klamath Tribes, and to cooperative associations of members: *Provided*, That the articles of association and bylaws of cooperative associations must be approved by the area director.

§ 28.7 *Approval of loans.* • • •

(a) *Action by board.* Applications shall be acted upon only in meetings of the board. Any action on applications by the board shall require a uniform vote of at least two members of the board. All applications shall be acted upon, and applicants advised in writing that their applications have been acted upon favorably or unfavorably by the board, within 30 days of the date of receipt of their applications by the board. All notices of unfavorable action shall state the reasons therefor. In order to receive final approval, applications must be acted upon favorably by the board.

• • • • •

(d) *Approval by area director.* Except as otherwise indicated in the regulations in this part, loans acted upon favorably by the board, where the applicant's indebtedness to the fund will exceed $4,000 but not exceed $10,000, shall be approved by the area director. Loans to cooperatives; loans for the purchase of livestock, equipment, or machinery with maturities exceeding six years; loans to members under 21 years of age; loans with maturities exceeding ten years; loans for the purchase of land; educational loans; and loans to individuals who are Government employees shall require approval of the area director regardless of amount. Burial loans in excess of $500; emergency loans in excess of $700 to applicants who do not have security adequate to protect the loans; and loans for the maintenance and support of aged, infirm, incapacitated members in excess of $700 shall also require approval of the area director.

• • • • •

(f) *Restrictions on approval.* Loans shall not be approved for less than $25. Any loans to borrowers who are delinquent in payment of previous indebtedness to the fund shall require the approval of the business committee in addition to the approval set forth in other sections of the regulations in this part. Unless an exception is approved by the area director, not more than two loan agreements may be in effect with the same borrower at the same time, and only joint loans may be made to a husband and wife who are both eligible for loans, and any existing loan to either spouse shall be consolidated with such loans.

• • • • •

(h) *Modifications.* The board may approve one modification of any loan agreement extending the terms of repayment up to 90 days beyond the maturity date scheduled in the original loan agreement when the original loan agreement has been approved by the board in accordance with pargaraph (b) of this section. Unless otherwise authorized by the Commissioner, all other modifications of loans approved by other than the Commissioner shall require approval by the area director. The area director may approve modifications of loan agreements approved by the Commissioner in accordance with paragraph (e) of this section, in cases where the amounts of the loans are not increased.

(i) *Advances.* Advances on all approved loans shall be made within 30 days of the date of final approval of the applications, unless otherwise requested by the borrowers and so provided in their loan agreements.

§ 28.8 *Interest, service fees, and penalties.* Borrowers shall pay five percent interest annually on the basis of 360 days per annum, from the date funds are advanced on the loan until they are repaid, except on loans for educational purposes, on which the board may specify the rate to be charged: *Provided*, That such rate may not be less than 1 percent per annum nor more than the rate charged other borrowers. Borrowers also shall pay a penalty of one-half of one percent per month, or fraction thereof, on all amounts which are not paid on the due dates set forth in their loan agreements as originally approved, or as subsequently modified. Except on loans for educational purposes, and loans for the maintenance and support of aged, infirm, and incapacitated members, service fees may be charged as set forth in the following table, or a schedule of fees may be established by the board: *Provided*, That fees shall not be charged on amounts included in loans for payment of fees and such schedule shall not exceed the amounts set forth in the following table:

Loans of $500 or less: 3 percent of the amount of the loan.
Loans over $500 but not over $2,000: $15 plus 2 percent of the amount over $500.
Loans over $2,000: $45 plus 1 percent of the amount over $2,000.

§ 28.18 *Responsibility of superintendent.* The superintendent shall not make disbursements on any loans which are in violation of the regulations in this part. The superintendent shall also take the following action with reference to board matters:

(a) Return to the board any application acted upon favorably by the board in accordance with § 28.7 (a) which are in violation of the regulations in this part, and advise the board in writing of the section violated.

(b) Advise the board in writing of any application approved by the board in accordance with § 28.7 (b) which, although not in violation of the regulations in this part, does not indicate, in his opinion, reasonable assurance of repayment to the fund. He shall state the reasons for his opinion. Disbursements on such loans may be withheld pending reconsideration by the board. If, after reconsideration, the board again approves such loan, and the superintendent is still of the opinion that it does not indicate reasonable assurance of repayment to the fund, he shall advise the business committee in writing of his opinion and the facts in the case. Disbursements on such loan may be withheld until it also receives the approval of the business committee.

(c) Advise the board in writing of the action which should be taken on any loan delinquent for a period longer than 30 days, in payment of either principal or interest, and prescribe a time limit within which such action shall be taken. If the board fails to take such action within the period prescribed, the case shall be reported to the business committee. The business committee may direct the board in writing to take the action which it deems necessary to protect the loan. In the event the board fails to take such action within 10 days after receipt of the business committee's directive, the business committee may take any action which the board could have taken.

Bureau of Land Management

ALASKA

SHORE SPACE RESTORATION NO. 442 AND SMALL TRACT CLASSIFICATION NO. 26

JULY 18, 1950.

By virtue of the authority contained in the act of June 5, 1920 (41 Stat. 1059; 48 U. S. C. 372) and Departmental Order No. 2325 of May 24, 1947 (43 CFR 4.275 (a) (56), 12 F. R. 3566), and pursuant to the authority delegated to me by the Director, Bureau of Land Management, by Order No. 319, of July 19, 1948 (43 CFR 50.451 (a) (56), (b) (3), 13 F. R. 4278), it is ordered as follows:

Subject to valid existing rights, the 80-rod shore space reserve created under the act of May 14, 1898 (30 Stat. 409), as amended by the act of March 3, 1903 (32 Stat. 1028; 48 U. S. C. 371), is hereby revoked as to the public lands hereinafter described in the Fairbanks, Alaska, Land District, which are hereby classified as chiefly valuable for lease and sale under the Small Tract Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), as amended, for home and cabin sites:

FAIRBANKS AREA

T. 1 S., R. 1 W., Fairbanks Meridian;
Sec. 7: Lot 2 except that portion if described in terms of a normal subdivision would be: SE¼SW¼SW¼NW¼ and NE¼NW¼NW¼SW¼.
T. 1 S., R. 2 W., Fairbanks Meridian;
Sec. 13: Lot 2 except that portion if described in terms of a normal subdivision would be: NE¼NE¼NW¼NE¼ and NW¼NW¼NE¼NE¼.
Sec. 14: Lot 2 except that portion if described in terms of a normal subdivision would be: S½SE¼SW¼NE¼, and SE¼SW¼SW¼NE¼.
Sec. 14: SE¼NW¼.

The area described contains approximately 148.66 acres.

The lands are located within a radius of from three to five miles of the town of Fairbanks. All of the lands are located on or within a mile of secondary roads, hence are accessible or will be accessible with a minimum construction of roads. The lands lie on the Chena River floodplain near the banks of the Chena River and are generally level. Adequate water for domestic purposes can be obtained from wells, and sewage disposal may be made by the use of cesspools. It is reported that electric service is presently available or will be made available to the area in the near future by construction of electric transmission lines by the Rural Electrification Administration. Churches, schools and marketing facilities are available at Fairbanks. The climate is of the extreme continental type of interior Alaska, cold and long winters, but the snowfall is not excessive. The summers are short and warm, but the days are long and twilight is continuous during the short nights.

This order shall not become effective to change the status of such lands or to permit the leasing thereof under the Small Tract Act of June 1, 1938, cited above, until 10:00 a. m. on August 7, 1950. At that time the lands shall, subject to valid existing rights, become subject to application, petition, location or selection, as follows:

(a) *Ninety-day period for preference right filings.* For a period of 90 days from 10:00 a. m. on August 7, 1950, to close of business on November 4, 1950, inclusive to (1) application under the Small Tract Act of June 1, 1938, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279, 282) as amended, and by other qualified persons entitled to credit for service under the said act, subject to the requirements of applicable law, and (2) application under any applicable public law, based on prior existing valid settlement and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Application by such veterans and by other persons entitled to credit for service shall be subject to claims of the classes described in subdivision (2).

(b) *Advance period for simultaneous preference right filings.* All applications by such veterans and persons claiming preference rights superior to those of such veterans filed on July 18, 1950, or thereafter, up to and including 10:00 a. m., on August 7, 1950, shall be treated as simultaneously filed.

(c) *Date for nonpreference right filings authorized by the public land laws.* Commencing at 10:00 a. m., on November 6, 1950, any of the land remaining unappropriated shall become subject to application under the Small Tract Act by the public generally.

(d) *Advance period for simultaneous nonpreference right filings.* Applications under the Small Tract Act by the general public filed on October 17, 1950, or thereafter, up to and including 10:00 a. m. on November 6, 1950, shall be treated as simultaneously filed.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides) of his certificate of honorable discharge, or of an official document of his branch of service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claim, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

All applications for the land, which shall be filed in the Land Office at Fairbanks, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent that such regulations are applicable. Applications under the Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257 of Title 43 of the Code of Federal Regulations.

Lessees under the Small Tract Act of June 1, 1938, will be required, within a reasonable time after execution of the lease, to construct upon the leased land, to the satisfaction of the appropriate officer of the Bureau of Land Management authorized to sign the lease, improvements which, in the circumstances, are presentable, substantial and appropriate for the use for which the lease is issued. Leases will be for a period of not more than five years, at an annual rental of $5.00 for home and cabin sites, payable in advance for the entire lease period. Leases will contain an option to purchase the tract at or after the expiration of one year from the date the lease is issued, provided the terms and conditions of the lease have been met.

All of the land will be leased in tracts varying in size from approximately one to four acres, in compact units, in accordance with the classification maps on file in the Land Office, Fairbanks, Alaska.

The leases will be made subject to rights-of-way for road purposes and public utilities, of 33 feet in width, on each side of the tracts, or as shown on the classification maps on file in the Land Office, Fairbanks, Alaska. Such rights-of-way may be utilized by the Federal Government, or the State or Territory, county or municipality, or by any agency thereof. The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to the issuance of the patent. If not so located, they may be subject to location after patent is issued.

All inquiries relating to these lands shall be addressed to the Manager, Land Office, Fairbanks, Alaska.

LOWELL M. PUCKETT,
Regional Administrator.

ALASKA

SMALL TRACT CLASSIFICATION NO 27

JULY 18, 1950.

1. Pursuant to the authority delegated to me by the Director, Bureau of Land Management by Order No. 319, dated July 19, 1948 (43 CFR 50.451 (b) (3), 13 F. R. 4278), I hereby classify, as hereinafter indicated, under the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. Sec. 682 (a)), as amended, the following described public lands in the Fairbanks, Alaska, land district, embracing approximately 30.02 acres:

FOR LEASING AND SALE

For home and cabin sites.

T. 1 S., R. 2 W., Fairbanks Meridian;
Sec. 12: Lot 4 except that portion if described in terms of a normal subdivision would be S½SW¼SE¼SE¼.

2. The lands are located within a radius of from three to five miles of the town of Fairbanks. All of the lands are located on or within a mile of secondary roads, hence are accessible or will be accessible with a minimum construction of roads. The lands lie on the Chena River floodplain near the banks of the Chena River and are generally level. Adequate water for domestic purposes can be obtained from wells, and sewage disposal may be made by the use of cesspools. It is reported that electric service is presently available or will be made available to the area in the near future by construction of electric transmission lines by the Rural Electrification Administration. Churches, schools and marketing facilities are available at Fairbanks. The climate is of the extreme continental type of interior Alaska, cold and long winters but the snowfall is not excessive. The summers are short and warm, but the days are long and twilight is continuous during the short nights.

3. Pursuant to § 257.9 of the Code of Federal Regulations (43 CFR Part 257), a preference right to a lease is accorded to those applicants whose applications (a) were regularly filed, under the regulations issued pursuant to the act, prior to this classification, and (b) are of the type of site for which the lands subject thereunder have been classified. As to such applications, this order shall become effective upon the date which it is signed.

4. As to the lands not covered by the applications referred to in paragraph 3, this order shall not become effective to permit the leasing of such land under the Small Tract Act of June 1, 1938, cited above, until 10:00 a. m. on August 7, 1950. At that time such land shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection, as follows:

(a) *Ninety-day period for other preference right filings.* For a period of 90 days from 10:00 a. m. on August 7, 1950, to close of business on November 4, 1950, inclusive, to (1) application under the Small Tract Act of June 1, 1938, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279, 282) as amended, and by other qualified persons entitled to credit for service under the said act, subject to the requirements of applicable law, and (2) application under any applicable public law, based on prior existing valid statement and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Application by such veterans and by other persons entitled to credit for service shall be subject to claims of the classes described in subdivision (2).

(b) *Advance period for simultaneous preference right filings.* All applications by such veterans and persons claiming preference rights superior to those of such veterans filed on July 18, 1950, or thereafter, up to and including 10:00 a. m. on August 7, 1950, shall be treated as simultaneously filed.

(c) *Date for nonpreference right filings authorized by the public land laws.* Commencing at 10:00 a. m. on November 6, 1950, any of the land remaining unappropriated shall become subject to application under the Small Tract Act by the public generally.

(d) *Advance period for simultaneous nonpreference right filings.* Applications under the Small Tract Act by the general public filed on October 17, 1950, or thereafter, up to and including 10:00 a. m. on November 6, 1950, shall be treated as simultaneously filed.

5. A veteran shall accompany his application with a complete photostatic, or other copy (both sides) of his certificate of honorable discharge, or of an official document of his branch of service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claim. Persons asserting preference rights, through settlement or otherwise, and those having equitable claim, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

6. All applications referred to in paragraph 3 and 4, which shall be filed in the Land Office at Fairbanks, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent that such regulations are applicable. Applications under the Small Tract Act of June 1, 1938 shall be governed by the regulations contained in Part 257 of Title 43 of the Code of Federal Regulations.

7. Lessees under the Small Tract Act of June 1, 1938, will be required, within a reasonable time after execution of the lease, to construct upon the leased land, to the satisfaction of the appropriate officer of the Bureau of Land Management authorized to sign the lease, improvements which, in the circumstances, are presentable, substantial and appropriate for the use for which the lease is issued. Leases will be for a period of not more than five years, at an annual rental of $5.00 for home and cabin sites, payable in advance for the entire lease period. Leases will contain an option to purchase the tract at or after the expiration of one year from the date the lease is issued, provided the terms and conditions of the lease have been met.

8. All of the land will be leased in tracts varying in size from approximately 2 acres to 4 acres, in accordance with the classification map on file in the Land Office, Fairbanks, Alaska. The tracts where possible are made to conform in description with the rectangular system of survey in compact units.

9. The leases will be made subject to rights-of-way for road purposes and public utilities, of 33 feet in width, on each side of the tracts contiguous to the section and/or quarter section lines, or as shown on the classification maps on file in the Land Office, Fairbanks, Alaska. Such rights-of-way may be utilized by the Federal Government, or the State or Territory, county or municipality, or by any agency thereof. The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to the issuance of the patent. If not so located, they may be subject to location after patent is issued.

10. All inquiries relating to these lands shall be addressed to the Manager, Land Office, Fairbanks, Alaska.

2. The lands above described are located on the Kenai Peninsula along the shores of Cook Inlet and are accessible by boat. The beach is utilized as a roadway at low tide and is used exclusively as a means of access by fishermen in supplying their fishing sites as well as transporting their catch to the canneries. The climate is somewhat similar to that of the north central tier of States. Schools, churches and marketing facilities are or will be available in the near future at Homer, Kenai and Kasilof. Water for domestic purpose may be obtained from dug or drilled wells at various depths. Adequate sewage disposal may be made through the use of cesspools or septic tanks.

3. Pursuant to § 257.9 of the Code of Federal Regulations (43 CFR Part 257), a preference right to a lease is accorded to those applicants whose applications (a) were regularly filed, under the regulations issued pursuant to the act, prior to this classification, and (b) are of the type of site for which the lands subject thereunder have been classified. As to such applications, this order shall become effective upon the date which it is signed.

4. As to the lands not covered by the applications referred to in paragraph 3, this order shall not become effective to permit the leasing of such land under the Small Tract Act of June 1, 1938, cited above, until 10:00 a. m. on August 9, 1950. At that time such land shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection, as follows:

(a) *Ninety-day period for other preference right filings.* For a period of 90 days from 10:00 a. m. on August 9, 1950, to close of business on November 6, 1950, inclusive, to (1) application for lease under the Small Tract Act of June 1, 1938, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279, 282) as amended, and by other qualified persons entitled to credit for service under the said act, subject to the requirements of applicable law, and (2) application under any applicable public law, based on prior existing valid settlement and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Application by such veterans and by other persons entitled to credit for service shall be subject to claims of the classes described in subparagraph (2).

(b) *Advance period for simultaneous preference right filings.* All applications by such veterans and persons claiming preference rights superior to those of such veterans filed on July 20, 1950, or thereafter, up to and including 10:00 a. m., on August 9, 1950, shall be treated as simultaneously filed.

(c) *Date for nonpreference right filings authorized by the public land laws.* Commencing at 10:00 a. m. on November 7, 1950, any of the land remaining unappropriated shall become subject to application under the Small Tract Act by the public generally.

(d) *Advance period for simultaneous nonpreference right filings.* Applications under the Small Tract Act by the general public filed on October 18, 1950, or thereafter, up to and including 10:00 a. m., on November 7, 1950, shall be treated as simultaneously filed.

5. A veteran shall accompany his application with a complete photostatic, or other copy (both sides) of his certificate of honorable discharge, or of an official document of his branch of service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claim. Persons asserting preference rights, through settlement or otherwise, and those having equitable claim, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

6. All applications referred to in paragraphs 3 and 4, which shall be filed in the Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent that such regulations are applicable. Applications under the Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257 of Title 43 of the Code of Federal Regulations.

7. Leases under the Small Tract Act of June 1, 1938, will be made subject to the following terms and conditions:

(a) The right of the public to enter upon, cross, and use the leased land to the extent necessary for conducting fishing operations, including the erection and use of temporary structures along the shore during fishing seasons.

(b) That the lease shall not confer upon the lessee any exclusive right to the use of the leased land for fishing purposes.

(c) That in conducting fishing operations the lessee may only erect temporary structures during fishing seasons.

8. Leases will be for a period of not more than five years, at an annual rental of $5.00 for cabin sites, payable in advance for the entire lease period. Leases for fish traps and set net sites for commercial fishing operations will be considered as a use of the leased land for business purpose and the rental shall be the minimum charge for business sites of $20.00 payable yearly in advance.

9. The land will be leased in tracts varying in size, but not exceeding 7½ acres, and where possible will be made to conform in description with the rectangular system of survey, in compact units.

10. All inquiries relating to these lands shall be addressed to the Manager, Land Office, Anchorage, Alaska.

LOWELL M. PUCKETT,
Regional Administrator.

[Docket No. G-1442]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

JULY 24, 1950.

Take notice that on July 17, 1950, Northern Natural Gas Company (Applicant), a Delaware corporation with its principal place of business in Omaha, Nebraska, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate the following described natural-gas facilities subject to the jurisdiction of the Commission:

Approximately 13.9 miles of 8¾-inch O. D. branch transmission line beginning at a point on Applicant's 24-inch O. D. loop line in Section 30, Township 90 North, Range 26 West, Wright County, Iowa, and extending in a Northwesterly direction to a point in Section 19, Township 91 North, Range 28 West, Humboldt County, Iowa; together with a measuring and regulating station at the terminus of said branch line.

Applicant states the proposed construction and operation are for the purpose of providing a natural-gas service to the proposed electric generating plant (under construction) of the Corn Belt Power Cooperative near Humboldt, Iowa, as a direct main line customer of Applicant, pursuant to the terms of a contract between Applicant and said Cooperative, on an interruptible basis; that the said Cooperative will use coal as a stand-by fuel.

The application recites that for the first five years of operation plant requirements and annual revenues will be (Mcf.):

Year	Maximum day	Annual sale	Annual revenue
1	5,000	917,000	$220,740
2	9,000	1,224,000	294,420
3	9,000	1,224,000	294,420
4	11,600	1,585,000	302,360
5	11,600	1,585,000	302,360

and that for curtailment purposes 3000 Mcf of maximum daily demand will be classified under Step 3, with the remaining maximum day volume to be classified under Step 1 of paragraph 9 of Applicant's FPC Gas Tariff, First Revised Volume No. 2. Applicant states the 3000 Mcf. of Step 3 gas can be served without exceeding the previously authorized maximum daily requirements of Northern's direct customers and without impairing Northern's ability to deliver the authorized summer demand to any gas utility during the month of July.

The estimated over-all capital cost of the proposed facilities is $230,900, and will be financed out of Applicant's general funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 10th day of August, 1950. The application is on file with the Commission for public inspection.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-178]

UNITED LIGHT AND RAILWAYS CO. ET AL.

ORDER APPROVING PLAN

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington D. C., on the 21st day of July 1950.

The United Light and Railways Company ("Railways"), a registered holding company, and its public-utility subsidiary, Eastern Kansas Utilities, Inc. ("Eastern Kansas"), having filed, pursuant to the Public Utility Holding Company Act of 1935 ("act"), a joint application-declaration, designated Supplemental Application No. 7, proposing to amend the liquidation plan of Railways and its holding company subsidiary, Continental Gas & Electric Corporation, approved under section 11 (e) of the act by order of January 10, 1950, to provide for the distribution by Railways to its common stockholders of all of the outstanding shares of the common stock of Eastern Kansas; and

A public hearing having been held after appropriate notice, at which hearing all interested persons were afforded an opportunity to be heard; and

Kansas Electric Cooperative, Inc., a participant, having at the hearing interposed an oral motion for a 60-day postponement of our decision herein to enable it to examine the situation with the view of submitting a bid for the property of Eastern Kansas; and

Applicants-declarants having requested that the Commission enter an order, to become effective upon its issuance, approving the proposed amendment to the liquidation plan, and that said order contain appropriate recitals conforming to the requirements of Supplement R and section 1808 (f) of the Internal Revenue Code, as amended; and

The Commission having considered the record in the matter and having filed its findings and opinion herein approving the proposed amendment, and the Commission in its findings and opinion issued December 30, 1949 (Holding Company Act Release No. 9587), having found the liquidation plan necessary to effectuate the provisions of section 11 (b) of the act, and deeming it appropriate to grant the request that the order herein contain appropriate recitals conforming to the requirements of Supplement R and section 1808 (f) of the Internal Revenue Code, as amended, and having for reasons stated in the findings and opinion concluded that the motion for a 60-day postponement should be denied:

It is ordered, That the motion of Kansas Electric Cooperative, Inc., for a 60-day postponement of our decision be, and it hereby is, denied.

It is further ordered, Pursuant to the applicable provisions of the act, that the proposed amendment to the liquidation plan to provide for the distribution by Railways to its stockholders of all the outstanding shares of the common stock of Eastern Kansas, and the plan as so amended, be, and hereby are, approved, subject, however, to the conditions specified in Rule U-24, and subject to a reservation of jurisdiction with respect to the fees, expenses and other remuneration incurred and to be incurred in connection with the transactions proposed in the application-declaration and to the reservations of jurisdiction contained in the order of January 10, 1950, approving the liquidation plan.

It is further ordered and recited, That the following steps and transactions involved in the consummation of paragraph 6 of the plan, as amended, are necessary or appropriate to the integration or simplification of the holding company system of which Railways and Eastern Kansas are members and are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935:

1. The change of the 14,000 outstanding shares of common stock of the par value of $100 each of Eastern Kansas into 100,000 outstanding shares of common stock without par value, and, in connection therewith, the issuance by Eastern Kansas of a new certificate or certificates evidencing said 100,000 shares of common stock without par value to be outstanding in exchange for the certificate or certificates evidencing said 14,000 shares of common stock of the par value of $100 each which are now outstanding;

2. The issuance by Eastern Kansas to Railways of 26,933 additional shares of common stock without par value in consideration of (a) $200,000 in cash to be paid in Eastern Kansas, (b) the cancellation by Railways of Eastern Kansas' indebtedness to Railways in the amount of $100,000, and (c) the capitalization of $74,381 of Eastern Kansas' existing paid-in surplus.

3. The distribution and transfer by Railways to its common stockholders of shares of common stock without par value of Eastern Kansas on the basis of one share of common stock of Eastern Kansas for each 25 shares of common stock of Railways (together with cash in lieu of fractional shares).

It is further ordered, That this order shall become effective upon its issuance.

By the Commission.

(3) Four (4) shares of $25.00 par value capital stock of California Flower Market, Inc., a corporation organized under the laws of the State of California, evidenced by a certificate numbered 38, registered in the name of Wataru Kitagawa, together with all declared and unpaid dividends thereon, and

(4) Certificate of Membership in the Southern California Flower Market, Inc., Los Angeles, California, said certificate numbered A-50, issued in the name of Wataru Kitagawa, and any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Wataru Kitagawa, also known as W. Kitagawa, the aforesaid national of a designated enemy country (Japan);

4. That the property described as follows: All property of any nature whatsoever owned by Rikima Kitagawa, also known as R. Kitagawa, located in the Safe Deposit Box referred to in subparagraph 3 (a) hereof and all rights and interests of said person evidenced or represented thereby, including particularly but not limited to the following: That certain debt or other obligation evidenced by a Promissory Note, dated November 28, 1930, drawn by Y. Sakada, payable to R. Kitagawa, six months after date with interest at 4%, said note in the face amount of $225.00, together with any and all accruals to the aforesaid debt or other obligation and any and all rights to demand, enforce and collect the same, and any and all rights in, to and under the aforesaid Promissory Note,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Rikima Kitagawa, also known as R. Kitagawa, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the persons named in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1950.

For the Attorney General.

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10145

EXTENSION OF ENLISTMENTS IN THE ARMED FORCES OF THE UNITED STATES

By virtue of the authority vested in me by the Act of this date, entitled "An Act to authorize the President to extend enlistments in the Armed Forces of the United States," and as President of the United States and Commander in Chief of the armed forces of the United States, I hereby extend for a period of twelve months all enlistments in the Army, the United States Navy, and the United States Marine Corps, including the Naval Reserve and the Marine Corps Reserve, and in any component of the Air Force of the United States, which shall expire at any time after the date of this order and prior to July 9, 1951: *Provided*, That nothing contained herein shall be construed to prevent voluntary re-enlistments or voluntary extension of existing enlistments under provisions of applicable laws or the regulations of the Departments of the Army, Navy and Air Force.

The Secretary of Defense is hereby directed to take such steps as he may deem necessary to carry out the provisions of this order.

SUBPART B—OPTIONING

Sec.
321.21 General.
321.22 Preparation of option.
321.23 Mineral rights.
321.24 Side agreements.
321.25 Payment of one dollar consideration.
321.26 Recording of option.
321.27 Assignment of option.
321.28 Expiration of option.

AUTHORITY: §§ 321.21 to 321.28 issued under sec. 41, 60 Stat. 1066, 7 U. S. C. 1015. Statutory provisions interpreted or applied are cited to text in parentheses.

DERIVATION: §§ 321.21 to 321.28 contained in FHA Instruction 421.2.

§ 321.21 *General.* (a) An option will be taken in the name of the applicant, unless the land to be optioned consists of a tract to be subdivided (in the case of a subdivision, see Subpart D of this part). In the process of obtaining an option, any qualified person may render assistance.

(b) While the information developed by the appraiser would be helpful in arriving at a fair option price, the applicant generally will be advised to obtain an option prior to the preparation of the appraisal form.

(c) Prior to optioning, the County Supervisor will examine all farms or tracts of land proposed for purchase to eliminate the appraisal of unsuitable farms and to assure that the appraising of land for negotiation of prices will not become burdensome. The applicant should be given every possible assistance in securing the option at the lowest cash figure the seller will accept. Usually, land should not be optioned at a price believed to be in excess of the figure that will later be determined to be its appraised value, or when it appears that legal limitations on loans will prevent the purchase of the land. Care should be exercised to advise the vendor when negotiating an option at a price below his asking price, that a further reduction may be necessary. Occasionally, it may be advisable to take an option at the asking price, then have the farm appraised before suggesting a reduction, in order that all necessary reductions of the option price can be negotiated at one time.

§ 321.22 *Preparation of option*—(a) *Use of option forms.* (1) Options for individual units will be taken on Form FHA–188A or Form FHA–188B, "Option for Purchase of Farm." Form FHA–188A requires the seller to furnish an abstract or certificate of title, and Form FHA–188B requires him to furnish a policy of title insurance. Title insurance will be used when it is available. The seller will be requested to fill out an application for title insurance at the same time he signs the option. The County Supervisor will be advised by the State Office whether title insurance is available and whether Form FHA–188A or Form FHA–188B should be used. When title insurance is used, the seller will be given the choice of any title insurance company which has been approved for issuing title insurance policies in the county. In the case of a Farm Enlargement loan, the seller will select the title insurance company and will apply for title insurance on the tract which he is selling; at the same time the applicant will apply for title insurance from the same company on the tract which he owns. When possible, it is desirable to insert in the option the time and conditions under which the applicant will be given possession of the property.

(2) Option which involve more than one tract will contain the following clause, inserted in the space provided for conditions peculiar to a particular transaction:

> The seller agrees that, irrespective of any other provision in this option, the buyer, or his assignees may, if the option is accepted, without any liability therefor, refuse to accept conveyance of the property described herein if the Government or other prospective Mortgagee fails or refuses to make the aforesaid loan because of defects in the title to other land now owned by, or being purchased by, the buyer.

The inclusion of this clause will relieve the applicant of his obligation to purchase and will absolve him from possible liability for damages whenever incurable defects in the title to other land owned by, or being purchased by the applicant are disclosed, subsequent to the acceptance of the option, which prevent the closing of the loan.

(3) As soon as the option has been signed by the seller and the buyer, it will be transmitted by the County Supervisor to the State office. (See §§ 331.1 and 332.1 of this chapter.)

(b) *Listing complete information on options.* Options should contain complete and accurate information on all reservations, easements, leases, water rights, or other conditions peculiar to the transaction. Such items as dates of execution and expiration, names of lessees, lessors, and areas involved, and amounts of compensation should be stated clearly. If the spaces provided on the option are insufficient for such information, extra sheets should be used and stapled to the form. Disclosure of such information at a later date causes undue delay in closing the loan. If the applicant is related to the seller, or has the same last name and is not related, the relationship should be explained fully on an extra sheet, or the State Director should be advised that no relationship exists.

(c) *Agricultural conservation program payments.* Options should not contain assignments of Agricultural Conservation Program payments, since the Soil Conservation and Domestic Allotment Act forbids such assignments. However, the cash equivalent of the anticipated Agricultural Conservation Program payment may be taken into account in arriving at the option price, since the amount of such payment and the individuals to whom it will accrue legally can be determined readily.

(Sec. 103, 52 Stat. 35, sec. 18, 52 Stat. 205; 16 U. S. C. 590h)

§ 321.23 *Mineral rights.* It is the general policy of the Farmers Home Administration that borrowers will hold all of the mineral rights in land purchased, improved, or refinanced with the proceeds of Farm Ownership loans. In some instances, however, sellers may refuse to transfer mineral rights, or such rights may be vested wholly or partially in third parties. In such situations, field officials are to be guided by the principle that, with respect to the minerals, the applicant should make as good a bargain as is possible under the circumstances. Reservations authorized on behalf of a seller should embrace the smallest fraction of the mineral rights and run for the shortest time to which the seller will agree.

(a) When an option is submitted to the State Office which does not propose to convey all of the mineral rights to the applicant, the State Director, after satisfying himself that all practical efforts to obtain 100 percent of the mineral rights have been made, may approve the option if he finds that the following conditions exist:

(1) The applicant has obtained, or is able to obtain, a portion of the mineral rights or guaranties of compensation, either of which is deemed adequate protection against loss in the event that the minerals are developed, or

(2) There is little likelihood that the minerals will be developed. (This determination may be made by the State Director on a county basis or for a group of counties provided the situation with respect to minerals is similar or widespread in the county or group of counties.), and

(3) The situation with respect to the minerals will not jeopardize the security interest of the mortgagee or will not render the farm less than an efficient family-type farm-management unit, and

(4) It is not practicable for the applicant to select another farm.

(b) When a farm which is less than an efficient family-type farm-management unit has been selected by a disabled veteran and is subject to mineral reservations, the option will not be approved unless the State Director finds that such a reservation does not constitute a potential impairment of the income-producing ability of the farm, or will not otherwise render the farm unsuitable for the disabled veteran.

(c) The County Supervisor should ascertain whether the option includes all mineral rights or whether the seller or some prior owner of the property has deeded, leased, or otherwise conveyed the whole or a part of the mineral rights. If the seller is in doubt as to whether a conveyance or lease of any part of the mineral rights has been made, or if there is a possibility that a deed, lease, or any other type of conveyance of mineral rights exists, a check of the public records will be made to determine whether there are such outstanding conveyances. If there is an outstanding deed, lease, or other conveyance of the mineral rights, the County Supervisor will forward to the State Office with the option a copy of such instrument, secured either from the seller or from the public records. If minerals are being reserved by the seller, they should be described specifically in the option, and the term "other minerals" should be avoided when possible.

(Secs. 1, 44, 60 Stat. 1073, 1069; 7 U. S. C. 1001, 1018)

§ 321.24 *Side agreements.* (a) Side agreements between applicants and sellers involving a purchase price greater

or less than the option price or any additional consideration whatsoever are in violation of Federal law. Any party entering into such side agreements or misrepresenting in any way the purchase price is subject, upon conviction under Title 18, U. S. C., sec. 1001, to a $10,000 fine or imprisonment for five years, or both, and is subject, upon conviction under Title 18, U. S. C., sec. 1014, to a $5,000 fine or imprisonment for two years, or both, which penalties are referred to in the option. Without in any way limiting their criminal liability described above, by executing the option, the buyer and seller agree that if any side agreement excess payment (money or anything of value) is paid or delivered at any time by or for the buyer to the seller, such excess payment shall be deemed to be intended as a payment immediately due and payable on the buyer's indebtedness owed to or insured by the Government, received by the seller as agent for the buyer for transmittal to the Government. The borrower, in effect, assigns to the Government his right to recover excess payments from the seller. The County Supervisor must call to the attention of applicants and sellers these provisions of the option. Failure on the part of Farmers Home Administration employees to carry out the spirit and intent of these provisions with respect to side agreements will constitute an offense of serious gravity and will be dealth with accordingly. The County Supervisor is responsible for informing applicants and sellers regarding these penalties.

(1) If the County Supervisor or any employee becomes aware of a side agreement before a loan is closed, the County Supervisor will suspend processing and the loan will not be made. He will report the facts in the case to the State Director.

(2) If the County Supervisor or any employee becomes aware of a side agreement after a loan is closed, the County Supervisor will make a report of the facts in the case to the State Director, and will thereafter take only such steps in that case as are requested by the State Director.

(3) Upon receipt of information, if there appears to be substantial evidence of a side agreement and personnel of the Farmers Home Administration are not involved, the State Director will take the following steps:

(i) Make any additional investigation he deems advisable through members of his own staff;

(ii) After he has exhausted all efforts to complete the inquiry with his own staff and is unable to obtain sufficient evidence on which to make adequate recommendations concerning the case, he may request the Area Representative of the Examination Division to make a complete investigation;

(iii) Where the option provides that excess payments are intended as a payment on the buyer's indebtedness owed to or insured by the Government, refer the case to the representative of the Office of the Solicitor for collection of the claim against the seller;

(iv) Transmit a copy of the information he has obtained through the investigation conducted from his office to the Administrator with recommendations for action by the Administrator on the criminal phase of the case and a copy of the information obtained to the Area Representative of the Examination Division;

(v) Foreclose the loan, if he deems it advisable.

(4) If information received by the State Director indicates that an employee of the Farmers Home Administration is or may be involved in a side agreement, the State Director will refer the matter to the Area Representative of the Examination Division for investigation. In making the referral, the State Director will include such recommendations as he may desire to make concerning the case. After receipt of such investigation report, the State Director will take appropriate action under his delegated authority or will make recommendations to the Administrator concerning the fiscal and disciplinary aspects of the case.

(Sec. 44, 60 Stat. 1039, sec. 1001, 62 Stat. 749, sec. 21, Pub. Law 72, 81st Cong.; 7 U. S. C. 1018, 18 U. S. C. 1001, 1014)

§ 321.25 *Payment of one dollar consideration.* The option requires payment of one dollar ($1) by the applicant, and the money actually should be paid to the seller, since a receipt for the payment of one dollar ($1) is acknowledged specifically in the option.

§ 321.26 *Recording of option.* In some cases, it may be desirable to record the option to prevent third parties from acquiring an interest in the optioned property. The County Supervisor will be informed by the State Office of the circumstances under which recordation is advisable. If the option is recorded, the fee will be paid by the applicant.

§ 321.27 *Assignment of option.* If paragraph 10 of Form FHA–188A or FHA–188B has not been stricken by the seller, Form FHA–188H, "Assignment of Option," will be used when it is desirable to assign the option to a new Farm Ownership applicant.

§ 321.28 *Expiration of option.* (a) If in unusual circumstances the County Supervisor is unable to send a Farm Ownership option to the State Office three weeks before the irrevocable period expires, he should send it as promptly as possible and request that it be given preferential consideration.

(b) If it becomes necessary to extend the time of expiration of such an option beyond one year, a new option will be secured by the applicant.

(c) If such an option is in the State Office and the seller gives ten days' written notice of termination, in accordance with the terms of the option, the County Supervisor will wire the State Office promptly so that special consideration may be given to such an option.

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 160—REGULATIONS AND STANDARDS FOR THE ENFORCEMENT OF THE NAVAL STORES ACT

ESTABLISHMENT AND PROMULGATION OF A STANDARD FOR TALL OIL ROSIN

1. Pursuant to section 3 of the Naval Stores Act (42 Stat. 1435–1436; 7 U. S. C. 93), and following 3 months' notice of the proposed standard to the trade (15 F. R. 691) and after oral hearing on May 9, 1950, and other reasonable opportunity to be heard was afforded those favoring or opposing the same, the United States Standard for Tall Oil Rosin, to appear as 7 CFR 160.305, is hereby established and promulgated as follows:

§ 160.305 *Tall oil rosin.* Tall oil rosin means rosin remaining after the removal of the fatty acids from tall oil by fractional distillation. Such rosin shall have the characteristic form and appearance and other physical and chemical properties normal for other kinds of rosin.

2. The heading of Part 160 is hereby redesignated as set forth above.

(Sec. 1, 42 Stat. 1435, sec. 205, 60 Stat. 1090; 70 U. S. C. 91–99, 7 U. S. C. 1624)

This order and the standard established hereby shall become effective November 1, 1950.

Done at Washington, D. C., this 26th day of July 1950.

[Lemon Reg. 341]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.448 *Lemon Regulation 341*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.), because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on July 26, 1950; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., July 30, 1950, and ending at 12:01 a. m., P. s. t., August 6, 1950, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 300 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2" and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup, 608c)

Done at Washington, D. C., this 27th day of July 1950.

PART 958—IRISH POTATOES GROWN IN COLORADO

APPROVAL OF BUDGET OF EXPENSES AND FIXING RATE OF ASSESSMENT

Notice of proposed rule making regarding rules and regulations relative to a proposed budget and rate of assessment, to be made effective under Marketing Agreement No. 97 and Order No. 53 (7 CFR 958.1 et seq.), regulating the handling of Irish potatoes grown in the State of Colorado was published in the FEDERAL REGISTER (15 F. R. 4231). This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051). After consideration of all relevant matters presented, including the rules and regulations set forth in the aforesaid notice, which rules and regulations were adopted and submitted for approval by the area committee for Area No. 3 (established pursuant to said agreement and order), the following rules and regulations are hereby approved.

§ 958.204 *Budget of expenses and rate of assessment, Area No. 3.* The expenses necessary to be incurred by the area com-

mittee for Area No. 3, established pursuant to Marketing Agreement No. 97 and Order No. 58, to enable such committee to perform its functions pursuant to the provisions of the aforesaid marketing agreement and order and regulations duly issued thereunder, during the fiscal period ending May 31, 1951, will amount to $7,059.00.

The rate of assessment, to be paid by each handler who first ships potatoes from Area No. 3, shall be one-half of one cent ($0.005) per hundredweight of potatoes shipped by him therefrom as the first shipper thereof during such fiscal period: *Provided*, That no assessment shall be paid for a shipment or shipments of potatoes for consumption by a charitable institution or institutions or for distribution for relief purposes or for distribution by a relief agency or agencies.

Terms used in this section shall have the same meaning as when used in Marketing Agreement No. 97 and Order No. 58.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 26th day of July 1950, to become effective 30 days after publication hereof in the FEDERAL REGISTER.

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 1, Amdt. 1]

PART 18—MAINTENANCE, REPAIR, AND ALTERATION OF CERTIFICATED AIRCRAFT AND OF AIRCRAFT ENGINES, PROPELLERS, AND INSTRUMENTS

DESIGNATING CONVERTED ENGINES

Supplement 1, published and made effective on March 14, 1950, in 15 F. R. 1352, is amended as follows:

1. Section 18.20–13 (a) (8) is added to read:

§ 18.20–13 *Engines and fuel systems (CAA policies which apply to § 18.20).* • • •

(a) *Engines, general.* • • •

(8) *Designating converted engines.* When engine type or model conversions are accomplished (see CAM 18.7–2 and CAM 18.7–6), the engine nameplate should be altered or replaced to include the new official model designation and any other necessary information shown on the pertinent CAA engine specification.

(i) For current engines, information concerning engine modernizing, engine model conversions, and new properly marked nameplates should be obtained from the engine manufacturer.

(ii) For military surplus engines, or old engines for which new nameplates can no longer be secured, the new model designation symbols should be marked, either in the same title block adjacent to the old symbols, or on a plain thin steel plate attached beside the existing plate by at least two of the mounting screws. For engines which were never provided with separate designation plates and have, instead, an integral stamping boss on the crankcase, the new designation symbols should be added thereto, or a stamped thin steel plate may be fabricated and attached thereto. The superseded model designations should be obliterated or enclosed with parentheses. When metal stamps are used, care should be exercised to avoid damage to the engine.

(iii) In some instances, suffix letters should be added to the engine serial number on the nameplate to designate certain alterations or conversions. Such additions should be made when the alteration or conversion is not of sufficient importance to warrant model designation changes. Examples of these letter additions are:

(*a*) Suffix letter "C" on P&W Military R–2000–7, –9, and –11 engines denoting the plain main bearing type main crankcases as indicated on Specification 5E–5;

(*b*) Suffix letters "A," "E," "L," "M," or "P" on Warner Super Scarab Series 50 engines as indicated on Specification E–104;

(*c*) Suffix letter "D" on Continental E185 series engines denoting incorporation of a dampered crankcase as indicated on Specification E–246.

(iv) Examples of model designation changes are:

(*a*) Pratt and Whitney R–985–AN–1 engine converted to R–985–AN–14B may be redesignated R–985–AN–(1)14B if it is desired to preserve its former designation. Usually, though, there is no specific reason to preserve prior identities of converted engines.

(*b*) A Continental A–65–8 engine converted to an A–75 engine with flange-type crankshaft should be redesignated an A–75–8F engine. Continental Service Bulletin No. M47–16 discusses the manufacturer's recommended procedures for handling conversions of Continental engines.

(*c*) A Wright R–1820–71 engine, when installed in certificated aircraft, should be redesignated with its civil model designation 702C9GC1 and Type Certificate No. 219. Similarly, a Lycoming 0–235–2 engine nameplate should be redesignated 0–235–B and Type Certificate No. 229.

(*d*) An R–1830–65 engine, when converted to an R–1830–90D engine, may be designated R–1830–90D and the "65" obliterated.

(v) Some model conversions merely require the addition of the symbols M1 or M2, etc., to the existing designation, e. g., R–2000–7M1 as indicated on Specification 5E–5.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies secs. 603, 605, 52 Stat. 1009, 1010, as amended; 49 U. S. C. 553, 554)

These policies shall become effective upon publication in the FEDERAL REGISTER.

Acting Administrator of Civil Aeronautics.

PART 60—AIR TRAFFIC RULES

MINIMUM EN ROUTE INSTRUMENT ALTITUDES

The minimum enroute instrument altitude alterations appearing hereinafter are adopted to meet the requirements of the Air National Guard for an air-to-ground gunnery range in the vicinity of Dover, Del. The alterations have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are made effective during the period indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required. Part 60 is amended as follows:

1. Section 60.17–15 *Green Civil Airway No. 5* is amended to read in part:

From—	To—	Min. Alt.
Hartley (INT), Md.	Millville, N. J.	3,000

2. Section 60.17–277 *Red Civil Airway No. 77* is amended to read in part:

From—	To—	Min. Alt.
Meekins Neck (INT), Md.	Int. SE crs. Dover, Del. (VAR) and the center line of Red Civil Airway No. 77.	1,500
Int. SE crs. Dover, Del. (VAR) and the center line of Red Civil Airway No. 77.	Millville, N. J.	3,000

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective from 0001 e. s. t., August 12, 1950 to 0001 e. s. t., August 29, 1950. At the end of that period § 60.17–15 and § 60.17–277 will again become effective as designated prior to this temporary amendment.

Chapter II—Securities and Exchange Commission

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

APPLICATIONS FOR PERMISSION TO CONTINUE OR EXTEND UNLISTED TRADING PRIVILEGES

The Securities and Exchange Commission today announced an amendment to its § 240.12f–1 (Rule X–12F–1) under the Securities Exchange Act of 1934, adopting a proposal published for comment on June 24, 1950.

The Commission acting pursuant to the Securities Exchange Act of 1934, as amended, particularly sections 12 (f) and 23 (a), thereof, and deeming such action necessary and appropriate in the public interest and necessary for the execution of the functions vested in the Commission by the act, hereby amends § 240.12f–1 by deleting subparagraph (7) of paragraph (a) and renumbering the ensuing subparagraphs (8) and (9) to (7) and (8) respectively.

In connection with section 4 (c) of the Administrative Procedure Act the Commission finds that the amendment has the effect of granting exemption or relieving restriction and directs that the amendment shall be effective July 25, 1950.

(Sec. 23, 48 Stat. 901, as amended; 15 U. S. C. 78w. Interprets or applies sec. 12, 48 Stat. 892, 15 U. S. C. 78l)

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 52526]

PART 23—ENFORCEMENT OF CUSTOMS AND NAVIGATION LAWS

IDENTIFICATION CARDS

Part 23, Customs Regulations of 1943 (19 CFR Part 23), is amended by adding a new § 23.33 to read as follows:

§ 23.33 *Identification cards.* (a) Each customs employee, other than an officer of the Customs Agency Service, who needs identification in the performance of his official duties shall be furnished an identification card on customs Form 3133 if the employee is required to carry weapons regularly or from time to time. In all other cases customs Form 3135 shall be used.

(b) A signed recent photograph (2 x 3¼ inches) shall be securely affixed with glue or other adhesive in the space provided. The signature shall be on the photograph itself and shall be written from bottom to top. The official customs seal shall be impressed on the lower portion of the photograph on each identification card.

(c) The Commissioner will issue identification cards in appropriate cases to principal field officers. Each principal field officer shall be the issuing officer for the employees under his jurisdiction.

(d) Special identification cards, bearing the facsimile signature of the Secretary of the Treasury and countersigned by the Commissioner, shall be issued to officers of the Customs Agency Service. All officers of the Customs Agency Service are authorized to carry weapons in the performance of their official duties, and specific authorization is therefore omitted from their identification cards.

(e) Identification cards shall be numbered as issued. Each card issued by the Commissioner to a principal officer will be numbered 1 and will start the series of numbers to be maintained in the particular district. Separate series of numbers shall be maintained for customs Form 3133, customs Form 3135, and the special identification cards issued to officers of the Customs Agency Service. A simple but adequate record of identification cards issued shall be maintained by each principal officer.

(f) Identification cards issued to principal field officers and to officers of the Customs Agency Service, when taken up for any reason, shall be transmitted to the Bureau for cancelation and thereafter returned for filing in the respective employees' personnel folders in the field offices. When such cards have been issued by principal field officers and are thereafter taken up for any reason, they shall be canceled and placed in the respective employees' personnel folders in the field offices.

Subchapter C—Federal Savings and Loan System

[No. 3386]

PART 145—OPERATIONS

EMERGENCY LIMITATION ON UNSECURED LOANS

JULY 25, 1950.

Amendment requiring borrower to supply 10% of cost of improvements in connection with certain unsecured loans.

Resolved that Part 145 of the rules and regulations for the Federal Savings and Loan System (24 CFR Part 145) is hereby amended, effective August 15, 1950, by inserting immediately after § 145.8, a new § 145.8–1, reading as follows:

§ 145.8–1 *Emergency limitation on unsecured loans.* In the public and national interest, notwithstanding any other provision of these rules and regulations or of any charter, no Federal association shall make any unsecured loan, other than an insured or guaranteed loan, during the period that this emergency regulation remains in effect, unless the borrower states in writing that his borrowings to cover the cost of the property alteration, repair, or improvement, including the proceeds of any such loan and any trade-ins and other allowances, will not exceed 90% of the total cost of any such alteration, repair, or improvement. This section shall terminate August 15, 1951.

Resolved further that, by reason of current economic conditions, the Home Loan Bank Board hereby finds that this amendment restricting certain unsecured loans is in the public interest and may be adopted under the provisions of § 108.11 of the general regulations of the Home Loan Bank Board and that deferment of the effective date beyond August 15, 1950, would be contrary to the public interest.

(Secs. 4, 5, 48 Stat. 129, 132, as amended, Reorg. Plan No. 3 of 1947, 12 F. R. 4981, 3 CFR, 1947 Supp., 61 Stat. 954; 12 U. S. C. and Sup., 1463, 1464, 5 U. S. C. Sup., 133y–16 note)

§ 13.4 *Term of licenses.* Commercial operator licenses are normally issued for a term of 5 years from the date of issuance.

§ 13.5 *Eligibility for new license.* (a) Under the provisions of section 303 (l) of the Communications Act of 1934, as amended, United States citizens who are found qualified by the Commission are the only persons to whom radio operator licenses may be issued.

(b) Notwithstanding any other provisions of the Commission's rules, no person otherwise eligible shall be deemed to be eligible to be examined for or to receive a commercial radio operator license of any class, (1) whose commercial radio operator license is under suspension or is involved in a suspension proceeding, (2) who is involved in any pending litigation based on an alleged violation of the Communications Act of 1934, as amended, or (3) who is afflicted with complete deafness or complete muteness or complete inability for any other reason to transmit correctly and to receive correctly by telephone spoken messages in English.

(c) No applicant who is eligible to apply for any commercial radio operator license shall, by reason of any physical handicap, other than as set forth in paragraph (b) of this section, be denied the privilege of applying and being permitted to attempt to prove his qualifications (by examination if examination is required) for such commercial radio operator license in accordance with established procedure; nor, subject to the following conditions, shall such applicant be denied the issuance of any commercial radio operator license for which he is found qualified:

(1) If the applicant is afflicted with an uncorrected physical handicap which would clearly prevent the performance of all or any part of the duties of a radio operator, under the license for which application is made, at a station under emergency conditions involving the safety of life or property, he may be issued the license for which he is found qualified: *Provided, however,* That any license so received, if of the diploma form (as distinguished from such document of the card form), shall bear the following restrictive endorsement:

This license is not valid for the performance of any operating duties, other than installation, service and maintenance duties, at any station licensed by the Federal Communications Commission which is required, directly or indirectly, by any treaty, statute or rule or regulation pursuant to statute, to be provided for safety purposes.

(2) In any case where an applicant, who normally would receive or has received a commercial radio operator license bearing the endorsement prescribed by subparagraph (1) of this paragraph, indicates his desire to operate a station falling within the prohibitive terms of the endorsement, he may request in writing that such endorsement not be placed upon, or be removed from, his license, and may submit in support of his request any written comment or statement of himself or any interested party.

(3) An applicant who shows that he has theretofore performed satisfactorily [9] the duties of a radio operator at a station required, directly or indirectly, by any treaty, statute, or rule or regulation pursuant to statute to be provided for safety purposes, during a period when he was afflicted by uncorrected physical handicaps of the same kind and to the same degree as the physical handicaps shown by his current application,[10] shall not be deemed to be within the provisions of subparagraph (1) of this paragraph.

§ 13.6 *Operator license, posting of.* The original license of each station operator shall be posted at the place where he is on duty, except as otherwise provided in this part or in the rules governing the class of station concerned.

§ 13.7 *Operators, place of duty.* (a) Except as may be provided in the rules governing a particular class of station, one or more licensed radio operators of the grade specified by this part shall be on duty at the place where the transmitting apparatus of each licensed radio station is located and in actual charge thereof whenever it is being operated: *Provided, however,* That, (1) subject to the provisions of paragraph (b) of this section, in the case of a station licensed for service other than broadcast, where remote control of the transmitting apparatus has been authorized to be used, the Commission may modify the foregoing requirements upon proper application and showing being made so that such operator or operators may be on duty at the control point in lieu of the place where the transmitting apparatus is located; (2) in the case of two or more stations, except amateur and broadcast, licensed in the name of the same person to use frequencies above 30 megacycles only, a licensed radio operator holding a valid radiotelegraph or radiotelephone first- or second-class license who has the station within his effective control may be on duty at any point within the communication range of such stations in lieu of the transmitter location or control point during the actual operation of the transmitting apparatus and shall supervise the emissions of all such stations so as to insure the proper operation in accordance with the station license.

(b) An operator may be on duty at a remote control point in lieu of the location of the transmitting apparatus in accordance with the provisions of paragraph (a) (1) of this section: *Provided,* That all of the following conditions are met: (1) The transmitter shall be so installed and protected that it is not accessible to other than duly authorized persons; (2) the emissions of the transmitter shall be continuously monitored at the control point by a licensed operator of the grade specified for the class of station involved; (3) provision shall be made so that the transmitter can quickly and without delay be placed in an inoperative condition by the operator at the control point in the event there is a deviation from the terms of the station license; (4) the radiation of the transmitter shall be suspended immediately when there is a deviation from the terms of the station license.

APPLICATIONS

§ 13.11 *Procedure*—(a) *General.* Applications shall be governed by applicable rules in force on the date when application is filed.[11] The application in the prescribed form and including all required subsidiary forms and documents, properly completed and signed, shall be submitted in person or by mail to the office at which the applicant desires his application to be considered and acted upon, which office will make the final arrangements for conducting any required examination. If the application is for renewal of license, it may be filed at any time during the final year of the license term or during a one year period of grace after the date of expiration [12] of the license sought to be renewed. During this one year period of grace an expired license is not valid. A renewed license issued upon the basis of an application filed during the grace period will be dated currently and will not be back-dated to the date of expiration of the license being renewed. A renewal application shall be accompanied by the license sought to be renewed. If the prescribed service requirements for renewal without examination [13] are fulfilled, the renewed license may be issued by mail. If the service record on the reverse side of the license does not fully describe or cover the service desired by the applicant to be considered in connection with license renewal (as might occur in the case of service rendered at U. S. government stations), the renewal application shall be supported by documentary evidence describing in detail the service performed and showing that the applicant actually performed such service in a satisfactory manner.

(b) *Restricted radiotelephone operator permit.* No oral or written examination is required for this permit. If the application is properly completed and signed, and if the applicant is found to be qualified, the permit may be issued forthwith by personal delivery to the applicant or by mail.

§ 13.12 *Special provisions, radiotelegraph first class.* An applicant for the radiotelegraph first-class operator license must be at least 21 years of age at the time the license is issued and shall have had an aggregate of 1 year of satisfactory service as a radiotelegraph operator manipulating the key of a manually operated radiotelegraph station on board a ship or in a manually operated coastal telegraph station.

EXAMINATIONS

§ 13.21 *Examination elements.* Written examinations will comprise questions from one or more of the following examination elements:

ELEMENT 1. *Basic law.* Provisions of laws, treaties and regulations with which every operator should be familiar.

ELEMENT 2. *Basic operating practice.* Radio operating procedures and practices generally followed or required in communicating by means of radiotelephone stations.

ELEMENT 3. *Basic radiotelephone.* Technical, legal and other matters applicable to the operation of radiotelephone stations other than broadcast.

ELEMENT 4. *Advanced radiotelephone.* Advanced technical, legal and other matters particularly applicable to the operation of the various classes of broadcast stations.

ELEMENT 5. *Radiotelegraph operating practice.* Radio operating procedures and practices generally followed or required in communicating by means of radiotelegraph stations primarily other than in the maritime mobile services of public correspondence.

ELEMENT 6. *Advanced radiotelegraph.* Technical, legal and other matters applicable to the operation of all classes of radiotelegraph stations, including operating procedures and practices in the maritime mobile services of public correspondence, and associated matters such as radio navigational aids, message traffic routing and accounting, etc.

ELEMENT 7. *Aircraft radiotelegraph.* Basic theory and practice in the operation of radio communication and radio navigational systems in general use on aircraft.

ELEMENT 8. *Ship radar techniques.*[14] Specialized theory and practice applicable to the proper installation, servicing and maintenance of ship radar equipment in general use for marine navigational purposes.

§ 13.22 *Examination requirements.* Applicants for original licenses will be required to pass examinations as follows:

(a) Radiotelephone second-class operator license:

(1) Ability to transmit and receive spoken messages in English.

(2) Written examination elements: 1, 2, and 3.

(b) Radiotelephone first-class operator license:

(1) Ability to transmit and receive spoken messages in English.

(2) Written examination elements: 1, 2, 3, and 4.

(c) Radiotelegraph second-class operator license:

(1) Ability to transmit and receive spoken messages in English.

(2) Transmitting and receiving code test of sixteen (16) code groups per minute.

(3) Written examination elements: 1, 2, 5, and 6.

(d) Radiotelegraph first-class operator license:

(1) Ability to transmit and receive spoken messages in English.

(2) Transmitting and receiving code test of twenty-five (25) words per minute plain language and twenty (20) code groups per minute.

(3) Written examination elements: 1, 2, 5, and 6.

(e) Radiotelephone third-class operator permit:

(1) Ability to transmit and receive spoken messages in English.

(2) Written examination elements 1 and 2.

(f) Radiotelegraph third-class operator permit:

(1) Ability to transmit and receive spoken messages in English.

(2) Transmitting and receiving code test of sixteen (16) code groups per minute.

---

[1] Whenever the term "license" is used generally to denote an authorization from the Commission, it includes "license," "permit," and "authorization".

[2] By Order No. 126, dated August 21, 1945 certain railroad employees were authorized to operate radio transmitting apparatus for use in connection with railroad operations without on operator's license upon compliance by the affected employee and the employing railroad with the condition of the Commission's order.

[3] By Commission Order No. 133, dated May 10, 1946, effective June 1, 1946, the Commission waived the requirements for the operation of mobile or portable radio transmitting apparatus by a licensed operator in the Emergency, Miscellaneous, Railroad and Experimental Services (Parts 5, 10, 11 and 16 of the Commission's rules) subject to certain conditions stated in the order. Those provisions of Part 13 of the Commission's rules that are inconsistent with the provisions of Order No. 133 are suspended.

[4] By order, dated and effective December 15, 1947, and by subsequent orders effective March 15, 1948, June 15, 1948, November 15, 1948, April 15, 1949, November 15, 1949, and May 15, 1950, the Commission temporarily waived to a limited extent the requirement that ship radar stations licensed in the Ship Service be operated by licensed radio operators. See footnote 71, § 8.195 of the Commission's rules governing Ship Service. See also § 13.61.

[5] See § 13.61.

[6] By Commission Order No. 97, dated May 19, 1942, the Commission established a class of operator license designated "Temporary Limited Radiotelegraph Second Class Operator License", to be valid for a period of five years from the date of issuance, for the operation of certain ship radiotelegraph stations. By Commission Order No. 136, effective June 30, 1946, the issuance of this class of license was discontinued. Outstanding licenses of this class remain valid until expiration according to the respective terms thereof, but may not be renewed.

[7] By Commission order dated June 27, 1950, and effective September 1, 1950, the issuance of the previous license entitled "Restricted Radiotelegraph Operator Permit" was discontinued. Outstanding licenses of this class remain valid until expiration according to the respective terms thereof, but may be renewed only as Radiotelegraph Third-Class Operator Permits.

[8] Classification by international usage.

[9] This showing may be made by means of the service record appearing on the appropriate license document of the applicant or such other proof as may be appropriate under the circumstances of the particular case.

[10] This showing may be made by means of the applicant's written, sworn statement or such other documentary proof as may be appropriate under the circumstances of the particular case.

[11] See § 13.28, footnote 18.

[12] Applications for renewal of licenses which expired between July 1, 1948, and September 1, 1949, may be filed during a period of one year commencing on September 1, 1949, and ending with August 31, 1950. Applications filed under this footnote shall be governed by applicable rules in force on the date when application is filed.

[13] See § 13.28

[14] Effective at a date to be announced after June 1, 1950, but prior to January 2, 1951.

(3) Written examination elements: 1, 2, and 5.

(g) Restricted radiotelephone operator permit: No oral or written examination is required for this permit. In lieu thereof, applicants will be required to certify in writing to a declaration which states that the applicant has need for the requested permit; can receive and transmit spoken messages in English; can keep at least a rough written log in English or in some other language in general use that can be readily translated into English; is familiar with the provisions of treaties, laws and rules and regulations governing the authority granted under the requested permit; and understands that it is his responsibility to keep currently familiar with all such provisions.

§ 13.23 *Form of writing.* Written examination shall be in English and shall be written by the applicant in longhand in ink, except that diagrams may be in pencil.

§ 13.24 *Passing mark.* A passing mark of 75 percent of a possible 100 percent will be required on each element of a written examination.

§ 13.25 *New class, additional requirements.* The holder of a license, who applies for another class of license, will be required to pass only the added examination elements for the new class of license. However, no person holding a new, duplicate, or replacement restricted radiotelephone operator permit issued upon the basis of a declaration, or a renewed restricted radiotelephone operator permit which renews a permit issued upon the basis of a declaration, shall, by reason of the declaration or the issuance of the permit based thereon, be relieved of qualifying by examination on any phase of the subject matter of the declaration when applying for any other operator license or permit for which examination on any subject matter is required.

§ 13.26 *Canceling and issuing new licenses.* If the holder of a license qualifies for a higher class in the same group, the license held will be canceled upon the issuance of the new license. Similarly, if the holder of a restricted operator permit qualifies for a first- or second-class operator license of the corresponding type, the permit held will be canceled upon issuance of the new license.

§ 13.27 *Eligibility for reexamination.* An applicant who fails an examination element will be ineligible for 2 months [15] to take an examination for any class of license requiring that element. Examination elements will be graded in the order listed,[16] and an applicant may, without further application, be issued the class of license for which he qualifies.

§ 13.28 *Renewal service requirements, renewal examinations, and exceptions.* A restricted radiotelephone operator permit or an aircraft radiotelephone operator authorization is not renewable but must always be obtained as a new permit or authorization in each instance. A license of any other class may be renewed without examination provided that the service record on the reverse side of the license [17] shows at least two years of satisfactory service in the aggregate during the license term and while actually employed as a radio operator under that license. If this two year renewal service requirement is not fulfilled, but the service record shows at least one year [18] of satisfactory service in the aggregate during the last three years of the license term and while actually employed as a radio operator under that license, the license may be renewed upon the successful completion of a renewal examination, which may be taken at any time during the final year of the license term or during a one year period of grace after the date of expiration [19] of the license sought to be renewed. The renewal examination will consist of the highest numbered examination element normally required for a new license of the class sought to be renewed, plus the code test (if any) required for such a new license. If the renewal examination is not successfully completed before expiration of the aforementioned one year period of grace, the license will not be renewed on any basis.

CODE TESTS

§ 13.41 *Transmitting speed requirements.* An applicant is required to transmit correctly in the International Morse code for 1 minute at the rate of speed prescribed in this part for the class of license desired.

§ 13.42 *Transmitting test procedure.* Transmitting tests shall be performed by the use of the conventional Morse key except that a semi-automatic key, if furnished by the applicant, may be used in transmitting code tests of 25 words per minute.

§ 13.43 *Receiving speed requirements.* An applicant is required to receive the International Morse code by ear, and legibly transcribe, consecutive words or code groups for a period of 1 minute without error at the rate of speed specified in the rules for the class of license for which the application is made.

§ 13.44 *Receiving test procedure.* Receiving code tests shall be written in long hand either in ink or pencil except that in the case of the 25 words per minute code test a typewriter may be used when furnished by the applicant.

§ 13.45 *Computing words or code groups.* Each five characters shall be counted as one word or code group. Punctuation marks or figures count as two characters.

SCOPE OF AUTHORITY

§ 13.61 *Operating authority.* The various classes of commercial radio operator licenses issued by the Commission authorize the holders thereof to operate radio stations, except amateur, as follows:[20]

(a) *Radiotelegraph first-class operator license.* Any station except—

(1) Stations transmitting television, or

(2) Any of the various classes of broadcast stations other than remote pickup and ST broadcast stations, or

(3) On a cargo vessel (other than a vessel operated exclusively on the Great Lakes) required by treaty or statute to be equipped with a radiotelegraph installation, the holder of this class of license may not act as chief or sole operator until he has had at least 6 months' satisfactory service in the aggregate as a qualified radiotelegraph operator in a station on board a ship or ships of the United States.

(4) On an aircraft employing radiotelegraphy, the holder of this class of license may not operate the radiotelegraph station during the course of normal rendition of service unless he has satisfactorily completed a supplementary examination qualifying him for that duty, or unless he has served satisfactorily as chief or sole radio operator on an aircraft employing radiotelegraphy prior to February 15, 1950. The supplementary examination shall consist of:

(i) Written examination element: 7.

(5) [21] At a ship radar station licensed in the Ship Service, the holder of this class of license may not supervise or be responsible for the performance of any adjustments or tests during or coincident with the installation, servicing or maintenance of the radar equipment while it is radiating energy unless he has satisfactorily completed a supplementary examination qualifying him for that duty and received a ship radar endorsement on his license certifying to that fact: *Provided,* That nothing in this sub-paragraph shall be construed to prevent persons holding licenses not so endorsed from making replacements of fuses or of receiving-type tubes. The

[15] A month after date is the same day of the following month, or if there is no such day, the last day of such month. This principle applies for other periods. For example, in the case of the 2-month period to which this note refers, an applicant examined December 1 may be reexamined February 1, and an applicant examined December 29, 30, or 31 may be reexamined the last day of February, while one examined February 28 may be reexamined April 23.

[16] See § 13.21.

[17] See §§ 13.91 to 13.94.

[18] As a temporary exception, during the period September 1, 1949, through September 30, 1949, applications for renewal by renewal type examination will be considered upon the basis of showing of three months satisfactory service instead of one year during the last three years of the license term provided the renewal application is filed with the Commission or postmarked on or before September 30, 1949, and during the last year of the license term.

[19] With respect to licenses which expired between July 1, 1948, and September 1, 1949, the renewal examination (where required) may be taken during a period of one year commencing on September 1, 1949, and ending with August 31, 1950.

[20] For temporary authority granted holders of valid first and second class operator licenses, either radiotelephone or radiotelegraph, to perform adjustments, servicing and maintenance of ship radar stations licensed in the Ship Service, see footnote 71, § 8.195, of the Commission's rules governing ship service.

[21] Effective January 2, 1951.

supplementary examination shall consist of:

(i) Written examination element: 8.

(b) *Radiotelegraph second-class operator license.* Any station except—

(1) Stations transmitting television, or

(2) Any of the various classes of broadcast stations other than remote pickup and ST broadcast stations, or

(3) On a passenger [22] vessel required by treaty or statute to maintain a continuous radio watch by operators or on a vessel having continuous hours of service for public correspondence, the holder of this class of license may not act as chief operator, or

(4) On a vessel (other than a vessel operated exclusively on the Great Lakes) required by treaty or statute to be equipped with a radiotelegraph installation, the holder of this class of license may not act as chief or sole operator until he has had at least 6 months' satisfactory service in the aggregate as a qualified radiotelegraph operator in a station on board a ship or ships of the United States.

(5) On an aircraft employing radiotelegraphy, the holder of this class of license may not operate the radiotelegraph station during the course of normal rendition of service unless he is at least eighteen (18) years of age and has satisfactorily completed a supplementary examination qualifying him for that duty, or unless he has served satisfactorily as chief or sole radio operator on an aircraft employing radiotelegraphy prior to February 15, 1950. The supplementary examination shall consist of:

(i) Transmitting and receiving code test at twenty-five (25) words per minute plain language and twenty (20) code groups per minute.

(ii) Written examination element: 7.

(6) [23] At a ship radar station licensed in the Ship Service, the holder of this class of license may not supervise or be responsible for the performance of any adjustments or tests during or coincident with the installation, servicing or maintenance of the radar equipment while it is radiating energy unless he has satisfactorily completed a supplementary examination qualifying him for that duty and received a ship radar endorsement on his license certifying to that fact: *Provided,* That nothing in this subparagraph shall be construed to prevent persons holding licenses not so endorsed from making replacements of fuses or of receiving-type tubes. The supplementary examination shall consist of:

(i) Written examination element: 8.

(c) *Radiotelegraph third class operator permit.*[24] Any station except:

[22] A ship shall be considered a passenger ship if it carries or is licensed or certificated to carry more than 12 passengers. A cargo ship means any ship not a passenger ship.

[23] Effective January 2, 1951.

[24] The scope of authority of restricted radiotelegraph operator permits valid as of September 1, 1950 shall until the expiration of their current terms, remain unaffected by the amendment of paragraph (c) of this section set forth in the Commission's order dated June 27, 1950, and effective Sept. 1, 1950; and at the expiration of their current terms, such permits may, in accordance with the provisions of § 13.28, be renewed only as radiotelegraph third class operator permits.

(1) Stations transmitting television, or

(2) Any of the various classes of broadcast stations other than non-commercial educational FM broadcast stations using transmitters with power ratings of 10 watts or less, remote pickup broadcast stations and ST broadcast stations, or

(3) Coastal telephone stations (other than when transmitting manual radiotelegraphy for identification or for testing) at which the power in the antenna of the unmodulated carrier wave is authorized to exceed 250 watts, or

(4) Coastal harbor telephone stations (other than in the Territory of Alaska and other than when transmitting manual radiotelegraphy for identification or for testing) at which the power in the antenna of the unmodulated carrier wave is authorized to exceed 250 watts, or

(5) Ship stations or aircraft stations other than those at which the installation is used solely for telephony and at which the power in the antenna of the unmodulated carrier wave is not authorized to exceed 250 watts, or

(6) Ship telegraph, coastal telegraph or marine-relay stations open to public correspondence, or

(7) Radiotelegraph stations on board a vessel required by treaty or statute to be equipped with a radio installation, or

(8) Aircraft stations while employing radiotelegraphy;

Provided, That (1) such operator is prohibited from making any adjustments that may result in improper transmitter operation, and (2) the equipment is so designed that the stability of the frequencies of the transmitter is maintained by the transmitter itself within the limits of tolerance specified by the station license, and none of the operations necessary to be performed during the course of normal rendition of the service of the station may cause off-frequency operation or result in any unauthorized radiation, and (3) any needed adjustments of the transmitter that may affect the proper operation of the station are regularly made by or under the immediate supervision and responsibility of a person holding a first- or second-class commercial radio operator license, either radiotelephone or radiotelegraph as may be appropriate for the class of station involved,[25] who shall be responsible for the proper functioning of the station equipment, and (4) in the case of ship radiotelephone or aircraft radiotelephone stations when the power in the antenna of the unmodulated carrier wave is authorized to exceed 100 watts, any needed adjustments of the transmitter that may affect the proper operation of the station are made only by or under the immediate supervision and responsibility of an operator holding a first- or second-class radiotelegraph license, who shall be responsible for the proper functioning of the station equipment.

(d) *Radiotelephone first-class operator license.* Any station except—

(1) Stations transmitting telegraphy by any type of the Morse Code, or

(2) Ship stations licensed to use telephony and power in excess of 100 watts for communication with coastal telephone stations.

(3) [26] At a ship radar station licensed in the Ship Service, the holder of this class of license may not supervise or be responsible for the performance of any adjustments or tests during or coincident with the installation, servicing or maintenance of the radar equipment while it is radiating energy unless he has satisfactorily completed a supplementary examination qualifying him for that duty and received a ship radar endorsement on his license certifying to that fact: *Provided,* That nothing in this sub-paragraph shall be construed to prevent persons holding licenses not so endorsed from making replacements of fuses or of receiving-type tubes. The supplementary examination shall consist of:

(i) Written examination element: 8.

(e) *Radiotelephone second-class operator license.* Any station except—

(1) Stations transmitting telegraphy by any type of the Morse Code, or

(2) Standard broadcast stations, or

(3) International broadcast stations, or

(4) FM broadcast stations, or

(5) Non-commercial educational FM broadcast stations with transmitter power rating in excess of 1 kilowatt, or

(6) Television broadcast stations licensed for commercial operation, or

(7) Ship stations licensed to use telephony and power in excess of 100 watts for communication with coastal telephone stations.

(8) [26] At a ship radar station licensed in the Ship Service, the holder of this class of license may not supervise or be responsible for the performance of any adjustments or tests during or coincident with the installation, servicing or maintenance of the radar equipment while it is radiating energy unless he has satisfactorily completed a supplementary examination qualifying him for that duty and received a ship radar endorsement on his license certifying to that fact: *Provided,* That nothing in this subparagraph shall be construed to prevent persons holding licenses not so endorsed from making replacements of fuses or of receiving-type tubes. The supplementary examination shall consist of:

(i) Written examination element: 8.

(f) *Radiotelephone third-class operator permit.* Any station except—

(1) Stations transmitting television, or

(2) Stations transmitting telegraphy by any type of the Morse code, or

(3) Any of the various classes of broadcast stations other than non-commercial educational FM broadcast stations using transmitters with power ratings of 10 watts or less, remote pickup broadcast stations and ST broadcast stations, or

(4) Coastal telephone stations at which the power in the antenna of the unmodulated carrier wave is authorized to exceed 250 watts, or

(5) Coastal harbor telephone stations, other than in the Territory of Alaska, at which the power in the antenna of the

[25] As determined by the scope of authority of the respective licenses as set forth in paragraphs (a), (b), (d) and (e) of this section and § 13.62.

[26] Effective January 2, 1951.

unmodulated carrier wave is authorized to exceed 250 watts, or

(6) Ship stations or aircraft stations other than those at which the installation is used solely for telephony and at which the power in the antenna of the unmodulated carrier wave is not authorized to exceed 250 watts:

Provided, That, (1) Such operator is prohibited from making any adjustments that may result in improper transmitter operation, and (2) the equipment is so designed that the stability of the frequencies of the transmitter is maintained by the transmitter itself within the limits of tolerance specified by the station license, and none of the operations necessary to be performed during the course of normal rendition of the service of the station may cause off-frequency operation or result in any unauthorized radiation, and (3) any needed adjustments of the transmitter that may affect the proper operation of the station are regularly made by or under the immediate supervision and responsibility of a person holding a first- or second-class commercial radio operator license, either radiotelephone or radiotelegraph as may be appropriate for the class of station involved,[27] who shall be responsible for the proper functioning of the station equipment, and (4) in the case of ship radiotelephone or aircraft radiotelephone stations when the power in the antenna of the unmodulated carrier wave is authorized to exceed 100 watts, any needed adjustments of the transmitter that may affect the proper operation of the station are made only by or under the immediate supervision and responsibility of an operator holding a first- or second-class radiotelegraph license, who shall be responsible for the proper functioning of the station equipment.

(g) *Restricted radiotelephone operator permit.* Any station except—

(1) Stations transmitting television, or

(2) Stations transmitting telegraphy by any type of the Morse Code, or

(3) Any of the various classes of broadcast stations other than remote pickup and ST broadcast stations, or

(4) Coastal telephone stations or coastal harbor stations other than in the Territory of Alaska, or

(5) Ship stations licensed to use telephony for communication with coastal telephone stations;

(6)[28] At a ship radar station licensed in the Ship Service, the holder of this class of license may not supervise or be responsible for the performance of any adjustments or tests during or coincident with the installation, servicing or maintenance of the radar equipment while it is radiating energy: *Provided*, That nothing in this subparagraph shall be construed to prevent any person holding such a license from making replacements of fuses or of receiving type tubes. *Provided*, That, (1) Such operator is prohibited from making any adjustments that may result in improper transmitter operation, and (2) the equipment is so designed that none of the operations necessary to be performed during the course of normal rendition of service may cause off-frequency operation or result in any unauthorized radiation, and (3) any needed adjustments of the transmitter that may affect the proper operation of the station are regularly made by or in the presence of an operator holding a first- or second-class license, either radiotelephone or radiotelegraph, who shall be responsible for the proper operation of the equipment.

§ 13.62 *Special privileges.* In addition to the operating authority granted under § 13.61, the following special privileges are granted the holders of commercial radio operator licenses:

(a) The holder of any class of commercial radio operator license may operate any station in the experimental service while using frequencies solely above 300 megacycles.

(b) The holder of any class of radiotelephone operator license, whose license authorizes him to operate a station while transmitting telephony, may operate the same station when transmitting on the same frequencies, any type of telegraphy under the following conditions:

(1) When transmitting telegraphy by automatic means for identification, for testing, or for actuating an automatic selective signaling device, or

(2) When properly serving as a relay station and for that purpose retransmitting by automatic means, solely on frequencies above 50 megacycles, the signals of a radiotelegraph station, or

(3) When transmitting telegraphy as an incidental part of a program intended to be received by the general public, either directly or through the intermediary of a relay station or stations.

§ 13.63 *Operator's responsibility.* The licensed operator responsible for the maintenance of a transmitter may permit other persons to adjust a transmitter in his presence for the purpose of carrying out tests or making adjustments requiring specialized knowledge or skill, provided that he shall not be relieved thereby from responsibility for the proper operation of the equipment.

§ 13.64 *Obedience to lawful orders.* All licensed radio operators shall obey and carry out the lawful orders of the master or person lawfully in charge of the ship or aircraft on which they are employed.

§ 13.65 *Damage to apparatus.* No licensed radio operator shall willfully damage, or cause or permit to be damaged, any radio apparatus or installation in any licensed radio station.

§ 13.66 *Unnecessary, unidentified, or superfluous communications.* No licensed radio operator shall transmit unnecessary, unidentified, or superfluous radio communications or signals.

§ 13.67 *Obscenity, indecency, profanity.* No licensed radio operator or other person shall transmit communications containing obscene, indecent, or profane words, language, or meaning.

§ 13.68 *False signals.* No licensed radio operator shall transmit false or deceptive signals or communications by radio, or any call letter or signal which has not been assigned by proper authority to the radio station he is operating.

§ 13.69 *Interference.* No licensed radio operator shall willfully or maliciously interfere with or cause interference to any radio communiction or signal.

§ 13.70 *Fraudulent licenses.* No licensed radio operator or other person shall obtain or attempt to obtain, or assist another to obtain an operator's license by fraudulent means.

MISCELLANEOUS

§ 13.71 *Issue of duplicate or replacement licenses.* (a) An operator whose license, permit or authorization has been lost, mutilated or destroyed shall immediately notify the Commission. A properly executed application for duplicate should be submitted to the office of issue, embodying a statement of the circumstances involved in the loss, mutilation or destruction of the license or permit for which a duplicate is desired. If the license or permit has been lost, the applicant must state that reasonable search has been made for it, and further, that in the event it be found either the original or the duplicate will be returned for cancellation. The applicant should also submit documentary evidence of the service that has been obtained under the original license or permit, or a statement under oath or affirmation embodying that information.

(b) The holder of any license, permit or authorization whose name is legally changed may make application for replacement document to indicate the new legal name, by submitting a properly executed application to the office of issue, accompanied by the license' permit or authorization affected and by documentary evidence of the legality of the name change.

§ 13.72 *Exhibiting signed copy of application.* When a duplicate or replacement operator license or permit has been requested, or request has been made for renewal upon service or for an endorsement or a verification card, the operator shall exhibit in lieu of the original document a signed copy of the application which has been submitted by him.

§ 13.73 *Verification card.* The holder of an operator license or permit of the diploma form (as distinguished from such document of the card form) may, by filing a properly executed application accompanied by his license or permit, obtain a verification card.[29] This card may be carried on the person of the operator in lieu of the original license or permit when operating any station at which posting of an operator license is not required: *Provided*, That the license is readily accessible within a reasonable time for inspection upon demand by an authorized Government representative.

§ 13.74 *Posting requirements for operator.* (a) Performing duties other than, or in addition to, service or maintenance, at two or more stations. The holder of any class of radio operator license or permit of the diploma form (as distinguished from the card form) who performs any radio operating duties, as contrasted with but not necessarily exclusive of service or maintenance duties, at two or more stations at which posting of his license or permit is required shall post at one such station his operator license or permit and shall post at all other such stations a duly issued verified statement.[30]

(b) Performing service or maintenance duties at one or more stations. The holder of a radiotelephone or radiotelegraph first- or second-class radio operator license who performs, or supervises, and is responsible for service or maintenance work on any transmitter of any station for which a station license is required, shall post his license at the transmitter involved whenever the transmitter is in actual operation while service or maintenance work is being performed: *Provided*, That in lieu of posting his license, he may have on his person either his license or a verification card: [29] *And provided further*, That if he performs operating duties in addition to service or maintenance duties he shall, in lieu of complying with the foregoing provisions of this paragraph, comply with the posting requirements applicable to persons performing such operating duties, as set forth in paragraph (a) of this section and in the rules and regulations applicable to each service.

§ 13.75 *Record of service and maintenance duties performed.* In every case where a station log or service and maintenance records are required to be kept and where service or maintenance duties are performed which may affect the proper operation of a station, the responsible operator shall sign and date an entry in the log of the station concerned, or in the station maintenance records if no log is required, giving:

(a) Pertinent details of all service and maintenance work performed by him or under his supervision;

(b) His name and address; and

(c) The class, serial number and expiration date of his license;

Provided, That the responsible operator shall not be subject to requirements in paragraphs (b) and (c) of this section in relation to a station, or stations of one licensee at a single location, at which he is regularly employed as an operator on a full time basis and at which his license is properly posted.

SERVICE

§ 13.91 *Endorsement of service record.* A station licensee, or his duly authorized agent, or the master of a vessel acting as the agent of a licensee, shall endorse the service record appearing on said operator license, showing the call letters and types of emission of the station operated, the nature and period of employment, and quality of performance of duty.

§ 13.92 *Aviation service endorsement.* If the operator has operated more than three stations in the aviation service, the service may be shown by giving the name of the aviation chain or company in lieu of listing the call letters of the several stations.

§ 13.93 *Service acceptability.* Credit will be allowed only for satisfactory service obtained under conditions that required the employment of licensed operators, or when obtained at United States Government stations.

§ 13.94 *Statement in lieu of service endorsement.* The holder of a radiotelegraph license or a restricted radiotelegraph operator permit desiring an endorsement to be placed thereon attesting to an aggregate of at least 6 months' satisfactory service as a qualified operator on a vessel of the United States, may, in the event documentary evidence cannot be produced, submit to any office of the Commission a statement under oath accompanied by the license to be endorsed, embodying the following:

(a) Names of ships at which employed;

(b) Call letters of stations;

(c) Types of emission used;

(d) Type of service performed as follows:

(1) Manual radiotelegraph operation only; and

(2) Transmitter control only; or

(3) Combination of subparagraphs (1) and (2) of this paragraph running concurrently;

(e) Whether service was satisfactory or unsatisfactory;

(f) Period of employment;

(g) Name of master, employer, licensee, or his duly authorized agent.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Bureau of Animal Industry

[9 CFR, Part 92]

IMPORTATION OF CERTAIN ANIMALS AND POULTRY INTO U. S. (EXCEPT FROM MEXICO)

NOTICE OF PROPOSED AMENDMENT

Notice is hereby given in accordance with section 4 (a) of the Administrative Procedure Act (5 U. S. C. 1003 (a)) that the Secretary of Agriculture, pursuant to the authority vested in him by sections 6, 7, 8, and 10 of the act of Congress approved August 30, 1890, as amended (21 U. S. C. 102–105), and section 2 of the act of Congress approved February 2, 1903, as amended (21 U. S. C. 111), proposes to amend the regulations governing the importation of certain animals and poultry into the United States from countries other than Mexico (9 CFR Part 92, as amended) as follows:

1. The title of Part 92 would be changed to read "Part 92—Importation Into the United States of Certain Animals and Poultry and Certain Animal and Poultry Products (Except from Mexico)."

2. Section 92.4 would be amended by changing its heading to read *"Permits for ruminants, swine, and poultry and for animal semen"*; by redesignating the present provisions of the section as paragraph (a), headed *"Ruminants, swine, and poultry"*; and by adding to the section a new paragraph (b) to read as follows:

(b) *Animal semen.* (1) No animal semen may be imported from any part of the world unless the importer first obtains a permit from the Bureau. However, the Chief of Bureau, when he finds that such action may be taken without endangering the livestock industry of the United States, may authorize the importation of animal semen from Canada without such permit. No permit will be issued for the importation of semen derived from domestic ruminants or swine in any country where foot-and-mouth disease or rinderpest has been determined to exist.

(2) The permit will be in two sections, one for presentation to the American consulate in the district which includes the port of shipment and the other for presentation to the collector of customs at the port of entry specified therein. The semen will be received at the specified port on the date prescribed for its arrival or at any time during three weeks immediately following, after which time the permit shall be void.

3. Paragraph (c) of § 92.20 would be amended to read as follows:

(c) *Brucellosis test certificates.* Cattle 6 months old or older, offered for importation from Canada—except steers, spayed heifers, and all cattle for immediate slaughter—shall be accompanied by a certificate issued or endorsed by a salaried veterinarian of the Canadian Government showing them to have been tested for brucellosis (Bang's disease), with negative results, within 30 days preceding their being offered for entry. However, such cattle need not have been so tested if they are accompanied by a certificate, similarly issued or endorsed, showing that they were officially vaccinated as calves 6 to 8 months of age, in accordance with Canadian regulations, within 22 months prior to their being offered for entry. The certificate accompanying such vaccinated cattle shall also show the date of vaccination of each animal.

4. Sections 92.19 and 92.23 would be amended by deleting the phrase "cattle, sheep, goats, and swine" wherever it appears therein and substituting therefor the phrase "cattle, sheep, goats, swine, and poultry."

5. Section 92.25 would be amended by deleting therefrom the phrase "cattle, sheep, and swine" and substituting therefor the phrase "cattle, sheep, swine, and poultry"; by deleting the word "or" preceding the figures "92.22 (a)"; and by adding after such figures the phrase "or 92.25a".

6. Section 92.25a would be amended to read as follows:

§ 92.25a *Poultry from Canada.* (a) All poultry offered for importation from Canada shall be accompanied by a certificate issued or endorsed by a salaried veterinarian of the Canadian Government showing that such poultry have been inspected on the premises of origin and that, as far as it has been possible to determine, such poultry are free of evidence of any communicable disease or exposure thereto. However, the Chief of Bureau, when he finds that such action may be taken without endangering the poultry industry of the United States, may authorize the importation from Canada, without such certification, of eggs for hatching, newly hatched poultry, and poultry consigned to a recognized slaughtering center for immediate slaughter.

The principal purposes of the proposed amendments would be (1) to provide for supervision over the importation of animal semen; (2) to provide slightly more liberal requirements for brucellosis test certificates for cattle, and health certificates for poultry and poultry products, imported from Canada; and (3) to make minor adjustments in several regulations because of the recent addition of poultry to the coverage of this part.

Any person who wishes to submit written data, views, or arguments concerning the foregoing proposed amendments may do so by filing them with the Chief of the Bureau of Animal Industry, United States Department of Agriculture, Washington 25, D. C., within 15 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 26th day of July 1950.

Production and Marketing Administration

[7 CFR, Part 923]

[Docket No. AO-224]

HANDLING OF IRISH POTATOES GROWN IN PENNSYLVANIA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051), and the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Harrisburg, Pennsylvania, on May 22–24, 1950, pursuant to notice thereof in the FEDERAL REGISTER (15 F. R. 2418), upon a proposed marketing agreement and a proposed marketing order regulating the handling of Irish potatoes grown in Pennsylvania.

Upon the basis of the evidence introduced at the aforesaid hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on July 5, 1950, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (15 F. R. 4343). No exceptions to the recommended decision were filed.

The material issues and the findings and conclusions of the recommended decision set forth in the FEDERAL REGISTER (F. R. Doc. 50-5930; 15 F. R. 4343) are hereby approved and adopted as the material issues and the findings and conclusions of this decision as if set forth in full herein.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Marketing Agreement Regulating the Handling of Irish Potatoes Grown in Pennsylvania" and "Order Regulating Handling of Irish Potatoes Grown in Pennsylvania" which have been decided upon as the appropriate and detailed means of effectuating the foregoing conclusions. The aforesaid marketing agreement and the aforesaid order shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

It is hereby ordered, That all of this decision, except the attached agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement are identical with those contained in the attached order, which will be published with this decision.

Done at Washington, D. C., this 26th day of July 1950.

§ 923.0 *Findings and determinations—*(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051), and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Harrisburg, Pennsylvania, May 22–24, 1950, upon a proposed marketing agreement and a proposed marketing order regulating the handling of Irish potatoes grown in the State of Pennsylvania. Upon the basis of the evidence introduced at such hearing, and the record thereof, it is found that:

(1) The terms and provisions of this order prescribe, so far as practicable, such different terms, applicable to different parts of the production area, as are necessary in order to give due recognition to the difference in production and marketing of such Irish potatoes;

(2) This order is limited in its application to the smallest regional production area that is practicable, consistent with carrying out the declared policy of the act, and the issuance of several orders applicable to any subdivision of the production area specified in this order would not effectively carry out the declared policy of the act;

(3) This order, and all of the terms and conditions of this order, will tend to effectuate the declared policy of the act with respect to Irish potatoes produced in said production area, specified in this order, by establishing and maintaining such orderly marketing conditions therefor as will tend to establish, as prices to the producers thereof, parity prices and by protecting the interest of the consumer (i) by approaching the level of prices which it is declared in the act to be the policy of Congress to establish by a gradual correction of the current level of prices at as rapid a rate as the Secretary deems to be in the public interest and feasible in view of the current consumptive demand in domestic and foreign markets, and (ii) by authorizing no action which has for its purpose the maintenance of prices to producers of such Irish potatoes above the parity level, and (iii) by authorizing the establishment and maintenance of such minimum standards of quality and maturity, and such grading and inspection requirements as may be incidental thereto as will tend to effectuate such orderly marketing of such Irish potatoes as will be in the public interest;

(4) This order regulates the handling of potatoes grown in the production area in the same manner as, and is applicable only to the persons in the respective classes of industrial and commercial activity specified in, a proposed marketing agreement upon which a hearing has been held; and

(5) All handling of potatoes grown in the production area, within the production area or between the production area and any point outside thereof, is either in the current of interstate or foreign commerce, or directly burdens, obstructs, or affects such commerce.

Order relative to handling. It is hereby ordered, pursuant to the findings and determinations set forth in § 923.0 hereof, and pursuant to the aforesaid act, that such handling of potatoes, as defined in this order shall, from and after the time hereinafter specified, be in conformity to and in compliance with the terms and conditions of this order; and the terms and conditions of this order are as follows:

DEFINITIONS

§ 923.1 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States, or any officer, or employee of the United States Department of Agriculture, who is, or may hereafter be authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

§ 923.2 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and reenacted and amended by the Agricul-

§ 923.3 *Person.* "Person" means an individual, partnership, corporation, association, or any organized group or business unit.

§ 923.4 *Production area.* "Production area" means all territory included within the boundaries of the State of Pennsylvania.

§ 923.5 *Potatoes.* "Potatoes" means all varieties of Irish potatoes grown within the production area.

§ 923.6 *Handler.* "Handler" is synonymous with shipper and means any person (except a common or contract carrier of potatoes owned by another person) who ships potatoes.

§ 923.7 *Ship.* "Ship" or "handle" means to transport, sell, or in any other way to place potatoes in the current of commerce within the production area, or between the production area and any point outside thereof: *Provided*, That the definition of "ship" or "handle" shall not include or be applicable to the sale or transportation of ungraded potatoes within the production area for storing, or to the sale or transportation of potatoes to a recognized dealer or packer within the production area for the purpose of having such potatoes prepared for market.

§ 923.8 *Producer.* "Producer" means any person engaged in the production of potatoes for market.

§ 923.9 *Fiscal year.* "Fiscal year" means the period beginning on June 1 of each year and ending May 31 following.

§ 923.10 *Committee.* "Committee" means the administrative committee, called the Pennsylvania Potato Committee, established pursuant to § 923.22.

§ 923.11 *Varieties.* "Varieties" means and includes all classifications or subdivisions of Irish potatoes according to those definitive characteristics now or hereafter recognized by the United States Department of Agriculture.

§ 923.12 *Seed potatoes.* "Seed potatoes" means and includes all potatoes officially certified and tagged, marked or otherwise appropriately identified, under the supervision of the official seed potato certifying agency of the State of Pennsylvania or such other seed certification agencies as the Secretary may designate.

§ 923.13 *Table stock potatoes.* "Table stock potatoes" means and includes all potatoes not included within the definition of "seed potatoes."

§ 923.14 *Wholesale pack.* "Wholesale pack" means a unit of fifty pounds net weight or more of potatoes contained in a bag, crate, or any other type of container.

§ 923.15 *Consumer pack.* "Consumer pack" means a unit of less than fifty pounds net weight of potatoes contained in a bag, crate, or any other type of container.

§ 923.16 *Grade.* "Grade" means any one of the officially established grades of potatoes, and "size" means any one of the officially established sizes of potatoes, as defined and set forth in:

(a) The United States Standards for Potatoes issued by the United States Department of Agriculture (14 F. R. 1955, 2161), or amendments thereto, or modifications thereof, or variations based thereon;

(b) The United States Consumer Standards for Potatoes issued by the United States Department of Agriculture (12 F. R. 7281), or amendments thereto, or modifications thereof, or variations based thereon;

(c) State of Pennsylvania Standards for Potatoes issued by the Secretary of Agriculture, State of Pennsylvania, or amendments thereto, or modifications thereof, or variations based thereon.

§ 923.17 *Export.* "Export" means shipment of potatoes beyond the boundaries of continental United States.

§ 923.18 *District.* "District" means each one of the geographical divisions of the production area established pursuant to § 923.24.

§ 923.19 *Part and subpart.* "Part" means the order regulating the handling of Irish potatoes grown in Pennsylvania, and all rules, regulations, and supplementary orders issued thereunder, and the aforesaid order shall be a "subpart" of such "part."

COMMITTEE

§ 923.22 *Establishment and membership.* (a) The Pennsylvania Potato Committee, consisting of 23 members of whom 16 shall be producers and 7 shall be handlers, is hereby established. For each member of the committee there shall be an alternate who shall have the same qualifications as the member.

(b) Each person selected as a committee member or alternate to represent producers shall be an individual who is a producer and resident in the respective district for which selected. Each person selected as a committee member or alternate to represent handlers shall be an individual who is a handler and resident in the district for which selected. Officers or employees of producers or handlers, respectively, can be selected as committee members or alternates in the districts for which selected if such selectees reside in the respective districts.

§ 923.23 *Term of office.* (a) The term of office of committee members and alternates shall be two fiscal years: *Provided*, That the terms of office of a majority of the initial members and their respective alternates shall be one fiscal year.

(b) Committee members and alternates shall serve during the term of office for which they are selected and have qualified, or during that portion thereof beginning on the date on which they qualify during the term of office and continuing until the end thereof, and until their successors are selected and have qualified.

§ 923.24 *Districts.* (a) For the purpose of selecting committee members and alternates, the following districts of the production area are hereby established:

District No. 1. Shall include Bucks, Montgomery, Philadelphia, Delaware, Chester, Lancaster, Lebanon, Dauphin, York, Cumberland, Perry, Adams and Franklin Counties.

District No. 2. Shall include Berks, Lehigh, and Northampton Counties.

District No. 3. Shall include Schuylkill, Carbon, Luzerne, Columbia, Northumberland, Montour, Monroe, Lackawanna, Wyoming, Susquehanna, Bradford, Sullivan, Lycoming, Union, Snyder, Wayne and Pike Counties.

District No. 4. Shall include Cambria, Somerset, Bedford, Blair, Indiana, Armstrong, Butler, Mercer, Lawrence, Beaver, Allegheny, Washington, Greene, Fayette, Westmoreland, Fulton, Huntingdon, Juniata, Mifflin, Centre, Clinton, and Clearfield Counties.

District No. 5. Shall include Potter, Tioga, McKean, Cameron, and Elk Counties.

District No. 6. Shall include Erie, Warren, Crawford, Venango, Forest, Clarion, and Jefferson Counties.

(b) The Secretary, upon the recommendation of the committee, may reestablish districts within the production area and may reapportion committee membership among the various districts; *Provided*, That in recommending any such changes in districts or representation the committee shall give consideration to: (1) The relative importance of new areas of production; (2) changes in the relative position, with respect to production, of existing districts; (3) the geographic locations of areas of production, insofar as they affect the efficiency of administering the marketing agreement and order; and (4) other relevant factors: *Provided further*, That there shall be no change in the total number of committee members and alternates, or in the total number of districts.

§ 923.25 *Nomination.* The Secretary may select the members of the committee and their respective alternates from nominations which may be made in the following manner:

(a) Nominations for initial committee members and alternates may be submitted by producers, handlers, or groups thereof, and such nominations may be by virtue of elections conducted by groups of producers and by groups of handlers.

(b) In order to provide nominations for succeeding committee members and alternates:

(1) The committee shall hold or cause to be held prior to April 1 of each year, after the effective date of this subpart, a meeting or meetings of producers in each of the districts designated in § 923.24, in which producer committee vacancies will occur at the end of the then current fiscal year. In like manner, the committee shall hold or cause to be held prior to April 1 of each year, after the effective date of this subpart, a meeting or meetings of handlers to nominate handler committee members and alternates to fill vacancies which will occur at the end of the then current fiscal year.

(2) At each such meeting at least two nominees shall be designated for each position as member and for each position as alternate member on the committee which is vacant or which is to become vacant at the end of the then current fiscal year.

(3) Nominations for committee members and alternate members shall be supplied to the Secretary in such manner and form as he may prescribe, not later than 30 days prior to the end of each fiscal year.

(4) Only producers may participate in designating nominees for producer committee members and alternates and only handlers may participate in designating nominees for handler committee members and alternates. For the purpose of designating nominees for handler committee members and alternates, a handler shall be considered to be a person who produces not more than 50 percent of the total volume of potatoes handled by himself; each person who is both a handler and a producer may vote either as a handler or as a producer and may elect, subject to such 50 percent limitation, the group in which he votes.

(5) Each producer and each handler of potatoes is entitled to cast only one vote on behalf of himself, his agents, subsidiaries, affiliates, and representatives, for producer or handler committee members and alternates, respectively: *Provided*, That producers and handlers operating in more than one district shall elect the district in which they will participate in nominating committee members and alternates: *Provided further*, That an eligible voter's privilege of casting only one vote, as aforesaid, shall be construed to permit a voter to cast one vote for each position to be filled in the district in which he elects to vote.

§ 923.26 *Selection.* The Secretary shall select three producer members of the committee, with their respective alternates, from District Nos. 1 and 3; four producer members of the committee, with their respective alternates, from District No. 2; and two producer members, with their respective alternates, from each of the remaining districts, as such districts are defined in § 923.24. The Secretary shall select two handler members of the committee, with their respective alternates, from District No. 2; and one handler member of the committee, with his respective alternate, from each of the remaining districts, as such districts are defined in § 923.24.

§ 923.27 *Failure to nominate.* If nominations are not made within the time and in the manner specified by the Secretary pursuant to § 923.25, the Secretary may select the committee members and alternates without regard to nominations, which selection shall be on the basis of the representation provided for in § 923.26.

§ 923.28 *Acceptance.* Any person selected as a committee member or alternate shall qualify by filing a written acceptance with the Secretary within ten days after being notified of such selection.

§ 923.29 *Vacancies.* To fill any vacancy occasioned by the failure of any person selected as a committee member or alternate to qualify, or in the event of the death, removal, resignation, or disqualification of any qualified member or alternate, a successor for his unexpired term may be selected from nominations made in the manner specified in § 923.25, or the Secretary may select such committee member or alternate from previously unselected nominees on the current nominee list. If the names of nominees to fill any such vacancy are not made available to the Secretary within 30 days after such vacancy occurs, such vacancy may be filled without regard to nominations, which selection shall be made on the basis of the representation provided for in § 923.26.

§ 923.30 *Alternate members.* An alternate member of the committee shall act in the place and stead of the member for whom he is an alternate, during such member's absence. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor for such member is selected and has qualified.

§ 923.31 *Procedure.* (a) Twelve members, including at least one handler member of the committee, shall be necessary to constitute a quorum, and 12 concuring votes, including the vote of at least one handler, shall be required to pass any motion or approve any committee action.

(b) The committee may provide for meetings by telephone, telegraph, or other means of communication, and any vote cast at such a meeting shall be confirmed promptly in writing: *Provided*, That all votes shall be cast in person at assembled meetings.

§ 923.32 *Expenses and compensation.* Committee members and alternates shall be reimbursed for expenses necessarily incurred by them in the performance of their duties and in the exercise of their powers under this part, and shall receive compensation at a rate to be determined by the committee, which rate shall not exceed $10.00 for each day, or portion thereof, spent in attending to committee business.

§ 923.33 *Powers.* The committee shall have the following powers:

(a) To administer the provisions of this part in accordance with its terms;

(b) To make rules and regulations to effectuate the terms and provisions of this part;

(c) To receive, investigate and report to the Secretary complaints of violation of the provisions of this part; and

(d) To recommend to the Secretary amendments to this part.

§ 923.34 *Duties.* It shall be the duty of the committee:

(a) To act as intermediary between the Secretary and any producer or handler;

(b) To select a chairman and such other officers for each fiscal period as may be necessary, to select subcommittees of committee members and to adopt such rules and regulations for the conduct of its business as it may deem advisable;

(c) To appoint such employees, agents, and representatives as it may deem necessary and to determine the salaries and define the duties of each such person;

(d) To investigate, from time to time, and to assemble data on the growing, harvesting, shipping, and marketing conditions with respect to potatoes, and to engage in such research and service activities, which relate to the handling or marketing of potatoes, as may be approved by the Secretary;

(e) To furnish to the Secretary such available information as he may request;

(f) To keep minutes, books, and records which clearly reflect all of the acts and transactions of the committee and such minutes, books, and records shall be subject to examination at any time by the Secretary or his authorized agent or representative;

(g) To make available to producers and handlers the committee voting record on recommended regulations and on other matters of policy;

(h) At the beginning of each fiscal year, to submit to the Secretary a budget of its expenses for such fiscal year, together with a report thereon;

(i) To cause the books of the committee to be audited by a competent accountant at least once each fiscal year, and at such other time as the committee may deem necessary or as the Secretary may request. The report of such audit shall show the receipt and expenditure of funds collected pursuant to this part; a copy of each such report shall be furnished to the Secretary and a copy of each such report shall be made available at the principal office of the committee for inspection by producers and handlers; and

(j) To consult, cooperate and exchange information with other potato marketing committees and other individuals or agencies in connection with all proper committee activities and objectives under this part.

BUDGET, EXPENSES, AND ASSESSMENTS

§ 923.40 *Budget.* The committee shall prepare a budget for each fiscal year, showing its anticipated expenses and a proposed rate of assessment to cover such expenses. The committee shall transmit such budget to the Secretary, together with a report accompanying the budget showing the basis for its calculation of expenses and the proposed rate of assessment.

§ 923.41 *Expenses.* The Committee is authorized to incur such expenses as the Secretary, upon the basis of the aforesaid budget and other available information, finds may be necessary during each fiscal year to perform its functions under this part and for such other purposes as may be appropriate pursuant to the provisions of this part.

§ 923.42 *Rate of assessment.* The funds to cover such expenses shall be acquired by the levying on handlers of assessments which shall be at a rate fixed by the Secretary, upon the basis of the committee's recommendation, or other available information. Each handler who first ships potatoes shall pay assessments to the committee, upon demand, which assessments shall be such handler's pro rata share of the expenses which will be appropriately incurred by the committee during each fiscal year.

Such handler's share of such expense shall be proportionate to the ratio between the total quantity of potatoes handled by him as the first handler thereof, during the applicable fiscal year, and the total quantity of potatoes handled by all handlers as the first handlers thereof, during the same fiscal year.

§ 923.43 *Increasing rate of assessment.* Upon recommendation of the committee, or upon the basis of a later finding relative to the committee's expenses or revenue, the Secretary may increase the rate of assessment to cover expenses which shall be appropriately incurred. Such increase shall be applicable to all potatoes handled during the given fiscal year.

§ 923.44 *Refunds.* If at the end of a fiscal year, it shall appear that assessments collected are in excess of expenses incurred, each handler entitled to a proportionate refund of the excess assessments shall be credited with such refund against the operations of the following fiscal year, unless he demands payment thereof, in which event such proportionate refund shall be paid to him.

§ 923.45 *Accounting.* All funds received by the committee, pursuant to any provision of this part, shall be used solely for the purposes specified in this part and shall be accounted for in the following manner:

(a) The Secretary may at any time require the committee and its members to account for all receipts and disbursements; and

(b) Whenever any person ceases to be a committee member or alternate, he shall account for all receipts and disbursements and deliver all property and funds in his hands, together with all books and records in his possession, to his successor in office or to such person as the Secretary may designate, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor or in such designated person the right to all the property, funds, or claims vested in such member or alternate.

§ 923.46 *Collection of funds.* (a) The committee may, with the approval of the Secretary, maintain in its own name or in the name of its members, a suit against any handler for the collection of such handler's pro rata share of the expenses of the committee.

(b) In order to provide funds to carry out the functions of the committee, handlers may make advance payment of assessments.

REGULATION

§ 923.50 *Marketing policy preparation.* Prior to the beginning of shipments each season, the committee shall consider and prepare a proposed policy for the marketing of potatoes during such season or portion thereof. In developing its marketing policy the committee shall investigate relevant supply and demand conditions for potatoes, giving appropriate consideration to:

(a) Market prices of potatoes, including prices by grade, size, and quality, in wholesale or consumer packs, or any other shipping unit;

(b) Supply of potatoes, by grade, size, and quality, in the production area and in other production areas;

(c) The trend and level of consumer income; and

(d) Other relevant factors.

§ 923.51 *Marketing policy report.* (a) The committee shall submit to the Secretary a report setting forth the aforesaid marketing policy; a copy of such report shall be made available to producers and handlers.

(b) In the event it becomes advisable to deviate from such marketing policy, because of changed supply or demand conditions, the committee shall formulate a new marketing policy in the manner outlined in § 923.50, which shall be submitted to the Secretary and made available to producers and handlers.

§ 923.52 *Recommendation for regulations.* The committee shall recommend regulation to the Secretary whenever it finds that such regulation, as provided in § 923.53, will tend to effectuate the declared policy of the act. The committee may also recommend modification, suspension, or termination of regulations in order to facilitate shipments of potatoes for the specified purposes set forth in § 923.54.

§ 923.53 *Issuance of regulations.* The Secretary shall limit the shipment of potatoes whenever he finds from the recommendations and information submitted by the committee, or from other available information, that such regulation will tend to effectuate the declared policy of the act. Such limitation may:

(a) Regulate, in any or all portions of the production area, the shipment of particular grades, sizes, or quality of any or all varieties of potatoes during any period;

(b) Regulate the shipment of particular grades, sizes, or quality of potatoes differently for different varieties, for different portions of the production area, for consumer and wholesale packs, or any combination of the foregoing, during any period;

(c) Regulate the shipment of potatoes by establishing and maintaining, in terms of grades, sizes, or both, minimum standards of quality and maturity.

§ 923.54 *Modification, suspension or termination.* The Secretary, whenever he finds upon the basis of recommendations and information submitted by the committee, or other available information, that it will tend to effectuate the declared policy of the act, shall modify, suspend, or terminate regulations issued pursuant to §§ 923.42, 923.43, 923.53, 923.65, or any combination thereof, in order to facilitate shipments of potatoes for the following purposes:

(a) For seed;

(b) For export;

(c) For distribution by the Federal Government, for distribution by relief agencies, or for consumption by charitable institutions;

(d) For manufacture or conversion into specified products;

(e) For livestock feed;

(f) For other purposes which may be specified.

§ 923.55 *Minimum quantity regulation.* The Secretary may establish, upon the basis of a committee recommendation, or other available information, for any or all portions of the production area, minimum quantities below which shipments will be free from regulations issued or in effect pursuant to §§ 923.42, 923.43, 923.53, 923.65, or any combination thereof.

§ 923.56 *Notification of regulation.* The Secretary shall notify the committee of any regulations issued, or of any modification, suspension, or termination thereof. The committee shall give reasonable notice thereof to handlers.

§ 923.57 *Safeguards.* (a) The committee may recommend and the Secretary, upon the basis of such recommendation, or other available information, may prescribe adequate safeguards to prevent shipments effected pursuant to § 923.54 and § 923.55, from entering channels of trade for other than the specific purposes authorized therefor, and rules governing the issuance and the contents of Certificates of Privilege if such certificates are prescribed as safeguards. Such safeguards may include requirements that:

(1) Handlers shall file applications with the committee to ship potatoes pursuant to § 923.54 and § 923.55;

(2) Handlers shall obtain inspection required by § 923.65, or pay the pro rata share of expenses provided by §§ 923.42, and 923.43, or both, in connection with potato shipments effected under the provisions of § 923.54 and § 923.55: *Provided*, That such inspection, or payment of expenses, or both may be required at different times than otherwise specified by the aforesaid sections; and

(3) Handlers shall obtain Certificates of Privilege from the committee for shipments of potatoes effected or to be effected under provisions of § 923.54 and § 923.55.

(b) The committee may rescind or deny Certificates of Privilege to any handler if proof is obtained that potatoes shipped by him for the purposes stated in § 923.54 and § 923.55 were handled contrary to the requirements applicable thereto.

(c) The Secretary shall have the right to modify, change, alter, or rescind any safeguards prescribed and any certificates issued by the committee pursuant to the provisions of this section.

(d) The committee shall make reports to the Secretary, as requested, showing the number of applications for such certificates, the quantity of potatoes covered by such applications, the number of such applications denied and certificates granted, the quantity of potatoes shipped under duly issued certificates, and such other information as may be requested.

INSPECTION

§ 923.65 *Inspection and certification.* During any period in which shipments of potatoes are regulated pursuant to the provisions of §§ 923.42, 923.43, or 923.53, or any combination thereof, no handler shall ship potatoes unless, prior thereto, such shipment was inspected by an authorized representative of the Federal-

State Inspection Service, or such other inspection service as the Secretary shall designate. Each handler procuring inspections pursuant to this section, shall make arrangements with the inspecting agency to forward promptly to the committee a copy of the inspection certificate: *Provided*, That the regrading, resorting, repacking, or other further preparation of inspected potatoes for market shall invalidate prior inspection thereon and subsequent shipment of such potatoes after regrading, resorting, repacking, or other preparation for market shall not be effected unless, prior thereto, such shipment is inspected as provided in this section.

EXEMPTIONS

§ 923.70 *Procedure.* The committee may adopt, subject to approval of the Secretary, the procedures pursuant to which certificates of exemption will be issued to producers or handlers.

§ 923.71 *Granting exemptions.* (a) The committee may issue certificates of exemptions to any producer who applies for such exemption and furnishes adequate evidence to the committee that, by reason of a regulation issued pursuant to § 923.53, he will be prevented from handling, or causing to be handled, as large a proportion of his production as the average proportion of production handled, or caused to be handled, during the entire season (or such portion thereof as may be determined by the committee) by all producers in said applicant's immediate area of production, and that the grade, size, or quality of the applicant's potatoes have been adversely affected by acts beyond the applicant's control and by acts beyond reasonable expectation. Each such certificate shall permit the producer to handle, or cause to be handled, the amount of potatoes specified thereon. Such certificate shall be transferred with such potatoes at time of transportation or sale.

(b) The committee may issue certificates of exemption to any handler who applies for such exemption and furnishes adequate evidence to the committee that, by reason of a regulation issued pursuant to § 923.53, he will be prevented from handling as large a proportion of his storage holdings of ungraded potatoes, acquired during or immediately following the digging season, as the average proportion of ungraded storage holdings handled by all handlers in said applicant's immediate shipping area, and that the grade, size, or quality of the applicant's potatoes have been adversely affected by acts beyond the applicant's control and by acts beyond reasonable expectation. Each certificate shall permit the handler to handle the amount of potatoes specified thereon. Such certificate shall be transferred with such potatoes at time of transportation or sale.

(c) The committee shall be permitted, at any time, to make a thorough investigation of any producer's or handler's claim pertaining to exemptions.

§ 923.72 *Appeal.* If any applicant for exemption certificates is dissatisfied with the determination by the committee with respect to his application, said applicant may file an appeal with the committee. Such an appeal must be taken promptly after the determination by the committee from which the appeal is taken. Any applicant filing an appeal shall furnish evidence satisfactory to the committee for a determination on the appeal. The committee shall thereupon reconsider the application, examine all available evidence, and make a final determination concerning the application. The committee shall notify the appellant of the final determination and shall furnish the Secretary with a copy of the appeal and a statement of considerations involved in making the final determination.

§ 923.73 *Records and reports and review of exemptions.* (a) The committee shall maintain a record of all applications submitted for exemption certificates, a record of all certificates issued and denied, the quantity of potatoes covered by such exemption certificates, a record of the amount of potatoes shipped under exemption certificates, a record of appeals for reconsideration of applications, and such additional information as may be requested by the Secretary. Periodic reports on such records shall be compiled and issued by the committee upon request of the Secretary.

(b) The Secretary shall have the right to modify, change, alter, or rescind any procedure and any exemptions granted pursuant to §§ 923.70, 923.71, 923.72, or any combination thereof.

MISCELLANEOUS PROVISIONS

§ 923.80 *Reports.* Upon the request of the committee, with the approval of the Secretary, every handler shall furnish to the committee, in such manner and at such time as may be prescribed, such information as will enable the committee to exercise its powers and perform its duties under this part. Handlers shall maintain records from which such reported information can be verified by the committee. The Secretary shall have the right to modify, change, or rescind any requests for reports made pursuant to this section.

§ 923.81 *Compliance.* Except as provided in this part, no handler shall ship potatoes, the shipment of which has been prohibited by the Secretary in accordance with the provisions of this part, and no handler shall ship potatoes except in conformity to the provisions of this part.

§ 923.82 *Right of the Secretary.* The members of the committee (including successors and alternates), and any agent or employee appointed or employed by the committee, shall be subject to removal or suspension by the Secretary at any time. Each and every order, regulation, decision, determination or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the said committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 923.83 *Effective time.* The provisions of this subpart shall become effective at such time as the Secretary may declare and shall continue in force until terminated in one of the ways specified in this subpart.

§ 923.84 *Termination.* (a) The Secretary may, at any time, terminate the provisions of this subpart by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(b) The Secretary may terminate or suspend the operation of any or all of the provisions of this subpart whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart at the end of any fiscal year whenever he finds that such termination is favored by a majority of producers who, during the preceding fiscal year, have been engaged in the production for market of potatoes: *Provided*, That such majority has, during such year, produced for market more than fifty percent of the volume of such potatoes produced for market; but such termination shall be effective only if announced on or before April 30 of the then current fiscal year.

(d) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 923.85 *Proceedings after termination.* (a) Upon the termination of the provisions of this subpart, the then functioning members of the committee shall continue as trustees, for the purpose of liquidating the affairs of the committee, of all the funds and property then in the possession of, or under control of, the committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(b) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and shall, upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant hereto.

(c) Any person to whom funds, property, or claims have been transferred or delivered by the committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of the committee and upon the said trustees.

§ 923.86 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this subpart, or of any regulation issued pursuant to this subpart, or the issuance of any amendments to either thereof, shall not (a) affect

or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart, or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart, or of any regulation issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

§ 923.87 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any person by virtue of this subpart shall cease upon the termination of this subpart, except with respect to acts done under and during the existence of this subpart.

§ 923.88 *Agents.* The Secretary may, by designation in writing, name any person, including any officer or employee of the government, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this part.

§ 923.89 *Derogation.* Nothing contained in this subpart is, or shall be construed to be, in derogation or in modifications of the rights of the Secretary, or of the United States, to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 923.90 *Personal liability.* No member or alternate member of the committee, nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, agent, or employee, except for acts of dishonesty.

§ 923.91 *Separability.* If any provision of this subpart is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this subpart, or the applicability thereof to any other person, circumstance, or thing, shall not be affected thereby.

§ 923.92 *Amendments.* Amendments to this subpart may be proposed, from time to time, by the committee or by the Secretary.

[7 CFR, Part 923]

HANDLING OF IRISH POTATOES GROWN IN PENNSYLVANIA

ORDER DIRECTING THAT A REFERENDUM BE CONDUCTED AMONG PRODUCERS, DESIGNATING AGENTS TO CONDUCT SUCH REFERENDUM, AND DETERMINATION OF A REPRESENTATIVE PERIOD

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051), it is hereby directed that a referendum be conducted among producers in the State of Pennsylvania who, during the 1949 crop year (which period for the purpose of such referendum is hereby determined to be (1) the period June 1, 1949, to May 31, 1950, and (2) a representative period) were engaged in the production of Irish potatoes for market, to determine whether such producers favor the issuance of an order regulating the handling of Irish potatoes grown in Pennsylvania, a copy of which is attached to the decision of the Secretary of Agriculture [1] filed simultaneously herewith.

A. C. Cook, O. H. Chapin, John Rivoire, R. L. Hawes, and M. F. Miller, of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, are hereby designated as agents of the Secretary of Agriculture to perform, jointly or severally, the following functions in connection with such referendum.

(a) Conduct said referendum in the manner herein prescribed:

(1) By giving opportunity to each of the aforesaid producers to cast his ballot, in the manner herein authorized, relative to the aforesaid marketing order, on forms furnished by the Department of Agriculture. A cooperative association of producers, bona fide engaged in marketing potatoes grown in the State of Pennsylvania, or in rendering services for or advancing the interests of producers of such potatoes, may vote for the producers who are members of, stockholders in, or under contract with such cooperative association (such vote to be cast on a copy of the appropriate ballot form), and the vote of such cooperative association shall be considered as the vote of such producers.

(2) By giving public notice, as prescribed in paragraph (a) (3) hereof, (i) of the time determined by such agents during which the referendum will be conducted; (ii) that any ballot may be cast by mail; (iii) that all ballots so cast must be addressed to O. H. Chapin, c/o Pennsylvania State PMA Committee, 928 North Third Street, Harrisburg, Pennsylvania; and (iv) of the time prior to which such ballots must be postmarked.

(3) By giving public notice (i) by utilizing available agencies of public information (without advertising expense), including both press and radio facilities in Pennsylvania; (ii) by mailing a notice thereof (including a copy of the appropriate ballot form) to each producer, and to each cooperative marketing association, whose name and address is known to such agents); and (iii) by such other means as said referendum agents may deem advisable.

(4) By conducting meetings of producers and arranging for balloting at the meeting places, if said referendum agents determine that voting shall be at meetings. At each such meeting, balloting shall continue until all of the producers who are present, and who desire to do so, have had an opportunity to vote. Any producer may cast his ballot at any such meeting in lieu of voting by mail.

[1] See F. R. Doc. 50-6666, *supra*.

(5) By giving ballots to producers at the meeting; and receiving any ballots when they are cast.

(6) By securing the name and address of each person casting a ballot, and inquiring into the eligibility of such person to vote in the referendum.

(7) By giving public notice of the time and place of any meetings authorized hereunder by posting a notice thereof, at least two days in advance of each such meeting, at each such meeting place, and in two or more public places within the applicable area; and, so far as practicable by giving additional notice in the manner prescribed in paragraph (a) (3) hereof.

(8) By forwarding to the Director, Fruit and Vegetable Branch, Production and Marketing Administration, Washington 25, D. C., immediatley after the close of the referendum, the following: (i) A register containing the name and address of each producer to whom a ballot form was given; (ii) a register containing the name and address of each producer and each cooperative association of producers from whom an executed ballot was received; (iii) all of the ballots received by the respective referendum agent in connection with the referendum, together with a certificate to the effect that the ballots forwarded are all of the ballots cast and which were received by the respective agent during the referendum period; (iv) a statement showing when and where each notice of referendum was posted and the mailing list showing the names and addresses to which the notice was mailed and the time of such mailing; and (v) a detailed statement indicating the method used in giving publicity to such referendum.

(9) By appointing any county agricultural agent, and by authorizing the chairman of the State Production and Marketing Administration committee in the State of Pennsylvania to appoint any member or members of a county Production and Marketing Administration committee in the State of Pennsylvania and by appointing any other persons deemed necessary or desirable, to assist the said referendum agents in performing their duties hereunder. Each such person so appointed shall serve without compensation and may be authorized by the said referendum agents, or any of them, to perform any or all of the functions set forth in subparagraphs (5), (6), (7), and (8) of paragraph (a) hereof in accordance with the requirements herein set forth.

(b) Upon receipt by the referendum agents, of all ballots cast in accordance with the provisions hereof, and such other information and data as may be required pursuant hereto, they shall forward the ballots, together with the information and data, to the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C. The Fruit and Vegetable Branch shall canvass the ballots and prepare and submit to the Secretary a detailed report covering the results of the referendum, the manner in which the referendum was conducted, the extent and kind of public notice given, and all other information pertinent to the full analysis of the referendum and its results.

(c) Each referendum agent and appointee pursuant hereto shall not refuse to accept a ballot submitted or cast; but should they, or any of them, deem that a ballot should be challenged for any reason, or if such ballot is challenged by any other person, said agent or appointee shall endorse above his signature, on the back of said ballot, a statement that such ballot was challenged, by whom challenged, and the reasons therefor; and the number of such challenged ballots shall be stated when they are forwarded as provided herein.

(d) All ballots shall be treated as confidential.

The Director of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture is hereby authorized to prescribe additional instructions, not inconsistent with the provisions hereof, to govern the procedure to be followed by the said referendum agents and appointees in conducting said referendum.

Copies of the aforesaid marketing order may be examined in the Office of the Hearing Clerk, United States Department of Agriculture, Washington, D. C., and at the county Production and Marketing Administration Office in each of the counties in the State of Pennsylvania.

Ballots to be cast in the referendum may be obtained from any referendum agent, and any appointee hereunder.

Done at Washington, D. C., this 26th day of July 1950.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

NORTH COUNTIES HYDRO-ELECTRIC CO.

ORDER TO SHOW CAUSE AND FIXING DATE FOR HEARING

North Counties Hydro-Electric Company ("North Counties") owns and operates a hydroelectric project on the Fox River in La Salle County, Illinois, under a 50-year license from the Federal Power Commission issued April 11, 1924. As set forth in detail below, North Counties has failed to file certain required reports on FPC Form Nos. 1-B, 7, 8 and 97, at the times prescribed and at any time, and required annual statements of earnings beginning with the twenty-first year of operation.

North Counties, according to the Commission's records, has failed to file the following reports and statements:

(1) An Annual Report on FPC Forms Nos. 97 or 1-B, in complete or substantially complete form, for every year for which such reports were prescribed. Annual Reports were required to be filed on or before March 31 of each year. In accordance with the Commission's practice, copies of the appropriate annual report form were sent to North Counties at the close of each filing year or the begin-

ning of the next year, under covering letter explaining the filing requirements, and, when the reports were not filed, follow-up letters were sent to North Counties requesting compliance.

(2) Statement of Actual Legitimate Original Cost of Construction on FPC Form No. 7, which was required to be filed on or before January 8, 1947, by the Commission's order issued November 7, 1946 (5 FPC 892) determining the actual legitimate original cost of the project as of December 31, 1925. FPC Form No. 7 was first prescribed as FPC Form No. 76 by the Commission's order of June 7, 1938, for the purpose of reporting actual legitimate original cost after determination thereof by the Commission. After service of the Commission's order on November 7, 1946, the filing requirement was again called to North Counties' attention by letter of March 18, 1947.

(3) Reports of claimed increases and decreases in licensed project plant accounts on FPC Form No. 8, originally prescribed by the Commission's order of June 7, 1938, as FPC Form No. 75, and required to be filed by North Counties on or before March 31, 1947, for the period from January 1, 1926, the time as of which the Commission determined the actual legitimate original cost of the project, to December 31, 1946, the year of the Commission's order determining cost, and on March 31 of 1948, 1949 and 1950 for the calendar years 1947 through 1949. The requirement for filing these reports on the prescribed form was called to North Counties attention in letters dated as follows, enclosing copies of the form: December 5, 1946 for the period January 1, 1926 to December 31, 1946; December 31, 1947 for the year 1947; January 14, 1949 for the year 1948; and January 26, 1950 for the year 1949. In follow-up letters of April 25, 1947, June 16, 1947, March 18, 1949 and May 5, 1949, North Counties was repeatedly requested to file the reports as required by the Commission's rules.

(4) Statements of earnings for the period April 1, 1945, when the twenty-first year of operation commenced, to December 31, 1945, and for the calendar years 1946 through 1949, in connection with the creation of amortization reserves pursuant to section 10 (d) of the Federal Power Act. The first report was due on or before March 1, 1946, and the succeeding statements on March 1 of each year thereafter for each preceding year.

It therefore appears that North Counties has not only failed to file the reports and statements described above as required by the Commission's orders and regulations but though repeatedly advised of the requirements for filing has without exception, according to the records of the Commission, ignored such notices and requests.

The Commission orders:

(A) A public hearing be held commencing September 18, 1950, at 10 a. m., e. d. s. t., in the Commission's Hearing Room, 1800 Pennsylvania Avenue NW., Washington, D. C., at which hearing North Counties shall show cause, if any there be, why the Commission should not—

(1) Find and determine that North Counties has failed to comply with the provisions of the Federal Power Act, of orders, rules and regulations promulgated thereunder, and of the license issued April 11, 1924, requiring the filing of the reports and statements as enumerated in paragraphs (1) through (4) above.

(ii) Find and determine that it is necessary or appropriate to enable the Commission to carry out the provisions of the act to require North Counties to file the reports and statements enumerated above within a reasonable time to be fixed by the Commission.

(iii) Find and determine that North Counties in failing to file the reports and statements enumerated above has wilfully and knowingly violated the Federal Power Act;

(iv) Issue such other orders as may be necessary or appropriate to carry out the provisions of the act, initiate proceedings to bring about compliance with the act and the rules and regulations issued thereunder, transmit evidence of violation of the license, the act, and regulations and orders promulgated under the act, to the Attorney General for institution of proceedings for revocation of the license and of other appropriate proceedings, and take such other steps as may be appropriate under the act.

(B) Nothing contained in this order shall be construed as a waiver or stay of any of the orders of the Commission which may be applicable to the licensee.

(C) Interested State commissions may participate in the hearing ordered herein, as provided by §§ 1.8 and 1.37 (f) of the Commission's general rules and regulations, including rules of practice and procedure, dated January 1, 1948 (18 CFR 1.8 and 1.37 (f)).

Date of issuance: July 25, 1950.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2429]

MICHIGAN-WISCONSIN PIPE LINE CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 25th day of July A. D. 1950.

Michigan-Wisconsin Pipe Line Company ("Michigan-Wisconsin"), a non-utility subsidiary of American Natural Gas Company ("American Natural"), a registered holding company, having filed an application and amendments thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 (a) (2) promulgated thereunder, with respect to the following transactions:

Michigan-Wisconsin proposes to enter into a credit agreement with certain banks hereinafter named, which will commit such banks to lend Michigan-Wisconsin, from time to time upon demand prior to June 30, 1951, sums aggregating a maximum of $20,000,000 as follows:

The National City Bank of New York	$6,666,667
Central Hanover Bank & Trust Co., New York	6,666,667
Mellon National Bank & Trust Co., Pittsburgh	6,666,666
	20,000,000

The credit agreement is to be executed as soon as practicable after authorization by the Commission, and it is contemplated that the first borrowing is to be made promptly upon execution of the credit agreement. Each borrowing is to be from each bank pro rata and is to be evidenced by separate notes maturing July 1, 1951, and bearing interest at 2½ percent per annum. Michigan-Wisconsin, at its option and subject to the approval of the Commission, is to have the right to renew the notes for an additional term of one year from July 1, 1951 upon the same terms and conditions. The notes are to be payable in whole or in part, but if in part, then pro rata in amounts of $600,000 or multiples thereof, and if prepayment is made directly or indirectly from the proceeds of loans by banks not parties to the proposed credit agreement, a prepayment penalty is to be paid at the rate of one-quarter of one percent per annum, computed for the period from the date of prepayment to the maturity date of the notes being prepaid. A commitment fee is to be paid computed at the rate of one-half of one percent per annum on the average daily unused balance of the commitment from the date of the credit agreement to June 30, 1951 or until the entire $20,000,000 shall have been taken down, whichever shall occur first.

The credit agreement is to provide that if the company shall not have received $3,000,000 in cash on or before June 20, 1951, either through the sale of its preferred stock, common stock, or debt obligations subordinated to the notes to be issued, it will, on or before June 30, 1951 prepay $3,000,000 principal amount of the notes. The credit agreement is also to contain certain limitations with respect to the payment of dividends, mergers, consolidations, and the incurrence of additional indebtednes.

It is stated that the proceeds from the first borrowing under the credit agreement are to be used, to the extent necessary, to prepay all then outstanding nine-month notes of the Company to the banks who are parties to the credit agreement. The remaining proceeds obtained under the commitment are to be used to finance the construction of additional pipeline facilities. It is also stated that as soon as practicable, the company proposes to consummate a permanent financing program which will provide for the elimination prior to their maturity of the notes issued pursuant to the credit agreement, and that it is contemplated that such program will include the issuance and sale by the company of $12,000,000 principal amount of additional first mortgage bonds and $3,000,000 additional common stock.

The application having been filed June 29, 1950, and notice of the filing of said application, as amended, having been issued in the form and manner prescribed by Rule U-23 promulgated under the act, and the last amendment having been filed on July 13, 1950, and the Commission not having received a request for a hearing with respect to said application, as amended, within the time specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Applicant having requested that an order to become effective upon its issuance, be entered granting said application, and according to opinion of counsel for applicant, it appearing that no regulatory authority other than the Securities and Exchange Commission has jurisdiction over the proposed transactions; and

The Commission finding that the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder are satisfied, that no adverse findings are necessary thereunder, that no basis appears for imposing any terms and conditions in connection with our order other than those specified by Rule U-24, and deeming it appropriate in the public interest and in the interest of investors and consumers to grant the application, as amended; and

It appearing that the estimated fees and expenses, aggregating $3,500, including counsel fees of $1,000 payable to Sidley, Austin, Burgess & Smith and service company fees of $750 payable to American Natural Gas Service Company are not unreasonable and should be approved:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the Public Utility Holding Company Act of 1935, that said application, as amended, be, and it hereby is, granted, subject to the terms and conditions prescribed by Rule U-24, and that this order shall become effective upon its issuance.

By the Commission.

SOUTHERN CO. ET AL.

NOTICE OF FILING, ORDER FOR CONSOLIDATION, AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 24th day of July A. D. 1950.

In the matter of The Southern Company, Alabama Power Company, File No. 70-2435; Electric Bond and Share Company, File No. 70-2436.

Notice is hereby given that The Southern Company ("Southern"), a registered holding company, and Alabama Power Company ("Alabama"), a public utility subsidiary of Southern, have filed a joint application-declaration and an amendment thereto pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder regarding, among other things, the acquisition by Southern, in exchange for common stock of Southern,

of the common stock of Birmingham Electric Company ("Birmingham"), a public utility subsidiary of Electric Bond and Share Company ("Bond and Share"), a registered holding company. Applicants-declarants designate sections 6 (a), 6 (b), 7, 9 (a), 10 and 12 (f) of the act and Rule U-43 thereunder as applicable to the proposed transactions

Notice is further given that Bond and Share, which is the owner of approximately 46% of the common stock of Birmingham, has filed an application-declaration pursuant to the act and rules and regulations promulgated thereunder regarding the transfer of its holdings of the common stock of Birmingham to Southern in exchange for common stock of Southern. Bond and Share has designated section 12 (d) of the act and Rule U-44 thereunder as applicable to the proposed transactions.

All interested persons are referred to said applications and declarations which are on file in the office of this Commission for a statement of the transactions therein proposed which may be summarized as follows:

(1) Southern and Bond and Share have entered into an agreement providing for the acquisition by Southern and the sale by Bond and Share of the latter's holdings of 254,045 shares of the common stock of Birmingham in exchange for 381,067½ shares of the common stock of Southern, which is on the basis of 1½ shares of common stock of Southern for each share of common stock of Birmingham.

(2) Southern also proposes to acquire as many of the remaining 291,565 shares of the common stock of Birmingham outstanding in the hands of the public as may be tendered in exchange for shares of its common stock on the same basis as agreed upon with Bond and Share, namely, at the rate of 1½ shares of Southern common stock for one share of Birmingham common stock. No half shares will be issued in such exchanges or in the exchange with Bond and Share, but Southern will pay in cash for each half share due an amount equal to one-half of the public offering price per share of the 1,000,000 shares of common stock of Southern proposed to be issued by Southern in accordance with a pending application-declaration (File No. 70–2422) or an amount equal to one-half of the closing sale price on shares of Southern common stock on the New York Stock Exchange on the date of this Commission's order herein authorizing such exchange offer or an amount to be determined by some other method subject to the approval of the Commission.

(3) Alabama proposes to acquire as many of the 64,000 shares of Birmingham's $100 par value 4.20 percent preferred stock outstanding in the hands of the public as may be tendered in exchange for shares of $100 par value 4.20 percent preferred stock of Alabama on a share for share basis.

(4) Southern and Alabama propose that the exchange offers described in paragraphs (2) and (3) will be made as soon as practicable following the order of the Commission herein authorizing the proposed transactions and that such exchange offers will remain open for a period of 21 days subject to an extension at the option of the companies.

(5) Following the acquisition by Southern of Birmingham's common stock, Southern proposes to transfer such shares to Alabama for shares of common stock of Alabama, at a rate to be determined upon and supplied by amendment herein.

(6) The joint application-declaration filed by Southern and Alabama states that after the acquisition of the securities of Birmingham by Southern and Alabama, such companies will endeavor as soon as practicable to cause Birmingham to dispose of its transportation properties to non-affiliated companies, and that within two calendar years subsequent to the calendar year in which such disposition is made by Birmingham, Alabama will acquire the electric properties and other remaining assets of Birmingham by merger, liquidation or otherwise, on a basis which will provide for the holders of the then unexchanged common stock and preferred stock of Birmingham such consideration as shall not be more favorable under the then circumstances than that proposed in the instant case.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said applications and declarations and that said applications and declarations shall not be granted or be permitted to become effective except pursuant to further order of this Commission; and

It further appearing to the Commission that the foregoing matters under File Nos. 70–2435 and 70–2436 involve common questions of law and fact and that substantial savings of time and expense will be achieved if such matters are consolidated:

It is ordered, That the proceeding with respect to the joint application-declaration filed by Southern and Alabama (File No. 70–2435) and the proceeding with respect to the application-declaration filed by Electric Bond and Share Company (File No. 70–2436) be, and the same hereby are, consolidated, without prejudice, however, to the right of the Commission to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, matters or questions herein set forth or which may arise in these proceedings or to take such other action as may appear necessary or appropriate to an orderly, prompt and economical disposition of the matters involved.

It is further ordered, That a hearing on said applications and declarations pursuant to the applicable provisions of the act and the rules thereunder be held on August 8, 1950, at 10 a. m., e. d. s. t., at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., in such room as may be designated on that day by the Hearing Room Clerk in Room 193. Any person desiring to be heard, or wishing to participate in the proceedings, shall file with the Secretary of the Commission on or before August 4, 1950, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Richard Townsend, or any other officer or officers of the Commission designated for that purpose shall preside at the hearing on such matters. The officer so designated to preside at such hearing is hereby authorized to exercise such powers granted to the Commission under section 18 (c) of the act and to a Hearing Officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the applications and declarations and upon the basis thereof, the following matters and questions are presented for consideration by the Commission without prejudice, however, to the specification of additional matters or questions upon further examination:

(1) Whether the proposed acquisition by Southern and Alabama of the securities of Birmingham and the proposed acquisition by Bond and Share of the common stock of Southern meet the requirements of the applicable provisions of the act, particularly section 10.

(2) Whether within the meaning of section 10 (b) (2) of the act the consideration involved in the proposed transactions is reasonable or bears a fair relationship to the sums invested in or to the earning capacity of utility assets underlying such securities.

(3) Whether within the meaning of section 10 (c) (2) of the act the acquisition by Southern and Alabama of the securities of Birmingham will serve the public interest by tending toward the economical and efficient development of an integrated public utility system.

(4) Whether within the meaning of section 10 (b) (1) the acquisition by Bond and Share of the common stock of Southern will tend toward interlocking relations or the concentration of control of public-utility companies of a kind or to an extent detrimental to the public interest or the interest of investors or consumers.

(5) Whether, in the event that the proposed acquisition by Bond and Share of the common stock of Southern meets the standards of the act and is permitted, it is necessary to impose terms and conditions with respect to the disposition of such stock by Bond and Share, and particularly whether the acquisition should be permitted only upon condition that Bond and Share dispose of such stock within a limited period of time.

(6) Whether the proposed offers to be made to the public holders of securities of Birmingham are fair and if not whether such offers should be modified.

(7) Whether the financing of the proposed acquisition of Birmingham common stock by Southern through an issuance of Southern common stock satisfies the standards of section 7 of the act.

(8) Whether the financing of the proposed acquisition of Birmingham preferred stock by Alabama through the issuance of Alabama preferred stock satisfies the standards of section 6 (b) of the act and whether it is necessary or appropriate to impose any terms and conditions in the public interest or for the protection of investors or consumers.

(9) Whether competitive conditions have been maintained in the negotiations of the proposed sale of the common stock of Birmingham by Bond and Share and whether the proposed sale of such stock is in conformity with the applicable standards of the act, particularly section 12 (d) thereof.

(10) Whether the fees and expenses and remunerations to be paid by Southern, Alabama, and Bond and Share in connection with the proposed transactions are for necessary services and are reasonable in amount.

(11) Whether the proposed accounting entries to be recorded in connection with the proposed transactions are proper and conform with sound accounting principles and meet the standards of the act.

(12) Whether, if the transactions proposed herein are approved, it is necessary and appropriate in the public interest or for the protection of investors or consumers to impose any terms and conditions, and in particular whether it is necessary or appropriate to impose any terms and conditions with respect to disposition by Southern and Alabama of the transportation and steam heating properties of Birmingham, and if so, what terms and conditions should be imposed.

(13) Generally, whether the proposed transactions comply with the applicable provisions of the act and the rules and regulations promulgated thereunder.

It is further ordered, That a copy of this notice shall be mailed by registered mail to the Federal Power Commission, the Alabama Public Service Commission, the Mayor of the City of Birmingham, The Southern Company, Alabama Power Company, Electric Bond and Share Company, and Birmingham Electric Company; that notice shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases under the act; and that further notice be given to all persons by publication of this notice in the FEDERAL REGISTER.

By the Commission.

RHODE ISLAND POWER TRANSMISSION CO.

ORDER GRANTING DECLARATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 24th day of July A. D. 1950.

Rhode Island Power Transmission Company ("Rhode Island"), a public utility subsidiary company of The Narragansett Electric Company ("Narragansett"), which, in turn, is a public-utility subsidiary company of New England Electric System ("NEES"), a registered holding company, having filed a declaration, pursuant to sections 12 (c) and 12 (f) of the Public Utility Holding Company Act of 1935 and Rules U-23, U-24, U-43 (a) and U-46 (a) promulgated thereunder, with respect to the following transactions:

Rhode Island, which owns, among other things, certain transmission lines connecting Narragansett's electric properties with the transmission lines of other companies in the NEES holding company system, proposes to sell to Narragansett all of its properties and assets for $949,327, subject to certain adjustments. Narragansett will pay for such properties and assets by: (a) The cancellation of Rhode Island's indebtedness to it in the amount of $500,000 evidenced by a demand note bearing interest at the rate of 4 percent per annum and in the amount of $396,323 on open account, aggregating $396,323 as at March 31, 1950, (b) the assumption of Rhode Island's liabilities, (c) the payment of all expenses in connection with the transaction and (d) the conveyance to Rhode Island of its demand note or other acceptable obligation representing the balance of the purchase price, or certificates representing all of Rhode Island's 5,000 shares of $100 par value capital stock with a notation stamped thereon that there has been paid on account thereof the net amount distributable in connection with the liquidation of Rhode Island.

The Public Utility Administrator of Rhode Island has approved the proposed sale by Rhode Island.

The Commission finding with respect to the declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and that no adverse findings are necessary thereunder, and the Commission deeming it appropriate that said declaration be permitted to become effective, and further deeming it appropriate to grant the request of Rhode Island that the order herein become effective forthwith upon its issuance.

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act that said declaration be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24.

By the Commission.

COLUMBIA GAS SYSTEM, INC.

MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 25th day of July A. D. 1950.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, has filed a declaration, and amendments thereto, pursuant to section 7 of the Public Utility Holding Company Act of 1935 with respect to the issue and sale by Columbia, pursuant to the competitive bidding requirements of Rule U-50, of $90,000,000 principal amount of Series B Debentures due 1975, the proceeds of which will be used in part to retire $45,000,000 principal amount of 3¼ percent Debentures due 1973, $20,000,000 principal amount of 3 percent Debentures due 1974 and $13,000,000 principal amount of 3 percent Debentures due August 1974, and the balance to be used to provide funds for the continuance of Columbia's 1950 construction program. The declarant has also requested that the Commission's order permit shortening the 10-day period for inviting sealed bids pursuant to Rule U-50.

The Indenture under which the proposed Debentures are to be issued permits the issuance of debt to the extent of 60 percent of total capitalization, as defined therein, whereas the Indenture under which the Debentures to be retired were issued permits the issuance of such debt only to the extent of 50 percent of such capitalization.

Columbia states that while it is presently of the opinion that a debt ratio of approximately 50 percent is desirable, it believes that a substantial amount of additional borrowing capacity is necessary during periods of heavy construction, when the debt ratio may temporarily increase. Columbia further states that it is its present intention to provide such amounts of additional capital, from time to time, and when market conditions are favorable, from the sale of common stock as will together with retained earnings permit it to maintain a consolidated capital structure having approximately equal amounts of debt and equity.

We recognize the desirability of Columbia's having the flexibility with respect to future financing which the proposed debt limitation of sixty percent will permit and in light of this recognition and the above-stated intention of Columbia with respect to such future financing are permitting the declaration herein to become effective. Such action on our part should not, however, be construed as an indication that we believe Columbia's future financing should be in the form of debt or that we would under all circumstances approve the issuance of debt to the full limit permitted by the Indenture. We are in full accord with Columbia that a continuing debt ratio of not to exceed 50 percent of capitalization is a desirable objective and every effort should be made to maintain such ratio.

Said declaration having been duly filed on July 7, 1950 and the last amendment thereto having been filed on July 24, 1950 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for hearing with respect to said declaration within the period specified, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied and deeming it appropriate in the public interest and in the interests of investors and consumers that said declaration be permitted to become effective:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that the said declaration, as amended, be, and hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 and subject to the further condition that the proposed sale of Debentures shall not be consummated until the results of competitive bidding shall have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed, which order may contain such further terms and conditions as may then be deemed appropriate.

It is further ordered, That the ten-day period for inviting sealed bids pursuant to Rule U-50 with respect to the said Series B Debentures due 1975 be, and hereby is, shortened to six days, so that bids may be opened on August 1, 1950.

It is further ordered, That jurisdiction be, and hereby is, reserved over the payment of legal fees and expenses to be incurred in connection with the proposed transaction.

By the Commission.

Secretary.

ELISABETH SCHMIDT

In re: Bank account owned by Elisabeth Schmidt. F-28-25151-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Elisabeth Schmidt, whose last known address is Berlin-Wilmersdorf Landauer Strasse 1, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Elisabeth Schmidt by Bishop Trust Company, Limited, P. O. Box 2390, Honolulu 4, Hawaii, arising out of an agency account in the name of Elisabeth Schmidt, maintained at said Bishop Trust Company, Limited, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

PART 6—EXCEPTIONS FROM THE COMPETITIVE SERVICE

GOVERNMENT PATENTS BOARD

Under authority of § 6.1 (a) of Executive Order 9830, the Commission has approved the exception from the competitive service of one Confidential Assistant to the Chairman of the Government Patents Board. Effective upon publication in the FEDERAL REGISTER, a new § 6.152 is added as follows:

§ 6.152 *Government Patents Board.* (a) One Confidential Assistant to the Chairman.

(R. S. 1753, sec. 2, 22 Stat. 403; 5 U. S. C. 631, 633; E. O. 9830, Feb. 24, 1947, 12 F. R. 1259; 3 CFR, 1947 Supp. E. O. 9973, June 28, 1948, 13 F. R. 3600; 3 CFR, 1948 Supp.)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] HARRY B. MITCHELL,
Chairman.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 904—MILK IN GREATER BOSTON, MASS., MARKETING AREA

MISCELLANEOUS AMENDMENTS

§ 904.100 *Findings and determinations.* Pursuant to the provisions of Order No. 4, as amended, regulating the handling of milk in the Greater Boston, Mass., marketing area (7 CFR 904) and of the Administrative Procedure Act (60 Stat. 237), a public meeting was held at Boston, Mass., on July 17, 1950, to consider proposed amendments to the rules and regulations (7 CFR 904.101 et seq.) issued by the market administrator to effectuate the terms and provisions of the the order. The data, views, and arguments presented at this meeting and all written material received prior to July 18, 1950, have been considered and it is hereby found and determined that the following amendments to the aforesaid rules and regulations are necessary to effectuate the terms and provisions of Order No. 4, as amended, and as further amended effective August 1, 1950. Since the amendment to § 904.105 (b) (4) is necessitated by the amendment of the order made effective August 1, 1950, and since none of the amendments herein requires substantial or extensive preparation by the persons affected, it is impractical and unnecessary to delay the issuance of these amendments. The said rules and regulations are therefore amended as follows:

1. Delete § 904.105 (b) (4), and substitute the following:

(4) The butter and cheese adjustment shall not apply to butterfat which is disposed of by the first handler or the second person in a form other than salted butter after being processed into that product. However, if the salted butter is held in inventory by the first handler or the second person at the close of any month, the butterfat in such butter may be tentatively considered as eligible for the adjustment, subject to proof of the form in which the butterfat was subsequently disposed of by the first handler or the second person.

2. Delete that portion of § 904.110 (c) which precedes the table of standard weights, and substitute the following:

(c) *Standard weights.* In the absence of specific weights, the weight of fluid milk products received or disposed of in a quart or 40-quart container shall be determined according to the following table. The weight of such products in any other container shall be determined by multiplying the equivalent number of quarts by the respective standard weight per quart container, except that, in the absence of specific weights, the weight of such products in a 20-quart container shall be considered to be one-half of the applicable standard weight per 40-quart container.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Issued at Boston, Massachusets, this 26th day of July 1950, to be effective on and after the first day of August 1950.

[SEAL] RICHARD D. APLIN,
Market Administrator.

PART 957—IRISH POTATOES GROWN IN CERTAIN DESIGNATED COUNTIES IN IDAHO AND IN MALHEUR COUNTY, OREGON

LIMITATION OF SHIPMENTS

Findings. (1) Pursuant to Marketing Agreement No. 98 and Order No. 57, as amended (15 F. R. 311) regulating the handling of Irish potatoes grown in certain designated counties in Idaho and Malheur County, Oregon, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amened (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051), and upon the basis of the recommendation and information submitted by the Idaho-Eastern Oregon Potato Committee, established under said marketing agreement and order, as amended, and upon other available information, it is hereby found that the skinning requirement hereinafter set forth, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (i) more orderly marketing in the public interest, than would otherwise prevail, will be promoted by regulating the shipment of potatoes, in the manner set forth below, on and after the effective date of this amendment, (ii) the time intervening between the date information necessary for the issuance of this amendment became available and the time such amendment must become effective to effectuate the declared policy of the act is insufficient, and (iii) no special preparation will be required of handlers which cannot be completed prior to the effective date hereof.

Order, as amended. The provisions of paragraph (b) (2) of § 957.306 (Regulation No. 6, 15 F. R. 4216), as amended (15 F. R. 4579), are hereby further amended to read as follows:

(2) During the period beginning 12:01 a. m., m. s. t., August 1, 1950, and ending 12:01 a. m., m. s. t., November 1, 1950, no handler shall ship Russet Burbank potatoes which do not comply with the aforesaid grade and size requirements and which are more than "moderately skinned," as such term is defined in the United States Standards for Potatoes (14 F. R. 1955, 2161), which means that not more than 10 percent of the potatoes in any lot have more than one-half of the skin missing or feathered; no handler shall ship round red varieties if more than 20 percent of the potatoes in any lot have more than one-half of the skin missing or feathered; and no handler shall ship White Rose variety of potatoes if more than 35 percent of the potatoes in any lot have more than one-half of the skin missing or feathered: *Provided*, That one lot of each variety of not to exceed 200 hundredweight of such potatoes may be handled without regard to the aforesaid skinning requirement if the handler thereof reports, prior to such handling, the name and address of the producer of such lot, and such lot is handled as an identifiable entity.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 28th day of July 1950.

Director, Fruit and Vegetable Branch, Production and Marketing Administration.

PART 60—AIR TRAFFIC RULES

DANGER AREA ALTERATIONS

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of Section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required. Title 14, § 60.13–1 is amended as follows:

1. The Pine Bluff, Arkansas, area, published on June 30, 1950, in 15 F. R. 4187, is amended by changing the "Time of Designation" column to read: "Continuous".

2. The Pocatello, Idaho, area, published on April 21, 1949, in 14 F. R. 1913, and on July 16, 1949, in 14 F. R. 4287, is amended by changing the "Using Agency" column to read: "Naval Ordnance Plant, Pocatello, Idaho".

3. The Scenic, South Dakota, area, published on April 21, 1949, in 14 F. R. 1913, and on July 16, 1949, in 14 F. R. 4287, is amended by changing the "Using Agency" column to read: "Rapid City Air Force Base, South Dakota".

4. The Mana, Kauai, Territory of Hawaii, area is deleted.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on August 1, 1950.

PART 309—ISSUE AND SALE OF TREASURY BILLS

TENDER; WHEN CASH DEPOSIT REQUIRED

Paragraph 8 of Department Circular No. 418, as amended, dated February 28, 1941, is hereby amended to read as follows:

§ 309.8 *Tenders; when cash deposit required.* Tenders should be submitted on the printed forms and forwarded in the special envelopes which will be supplied on application to any Federal Reserve Bank, or Branch. If a special envelope is not available, the inscription "Tender for Treasury Bills" should be placed on the envelope used. The instructions of the Federal Reserve Banks with respect to the submission of tenders should be observed. Others than banking institutions will not be permitted to submit tenders except for their own account. Tenders from incorporated banks and trust companies, and from responsible and recognized dealers in investment securities will be received without deposit. Tenders from all others must be accompanied by a payment of such percent of the face amount of the Treasury bills applied for as the Secretary of the Treasury may from time to time prescribe: *Provided, however,* That such deposit will not be required if the tender is accompanied by an express guaranty of payment in full by an incorporated bank or trust company. Forfeiture of the prescribed payment may be declared by the Secretary of the Treasury, if payment is not completed, in the case of accepted tenders, on the prescribed date.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 21—VOCATIONAL REHABILITATION AND EDUCATION

SUBPART A—REGISTRATION AND RESEARCH

1. In § 21.52, paragraphs (e) and (h) are amended to read as follows:

§ 21.52 *Charges against entitlement.*

* * *

(e) *Short, intensive postgraduate, or training course of less than 30 weeks.* The charge against a period of entitlement for a short, intensive postgraduate, or training course of less than 30 weeks' duration will be determined by dividing the total cost of the course by $2.10 ($500 divided by 238), converting the resulting days to years, months, and days in accordance with paragraph (f) of this section: *Provided, however,* That in no event will the charge against entitlement be less than the entitlement charge which is appropriate as provided in paragraph (a) of this section.

* * * * * * *

(h) *Veteran's election to have Veterans' Administration pay charges in excess of the rate of $500 for an ordinary school year.* Where customary charges are in excess of the rate of $500 for an ordinary school year, the veteran's election to have such excess charges paid by the Veterans' Administration may be made at the time of enrollment, or after his enrollment, but in any event the election must be received with or prior to receipt of the final institutional voucher in the regional office having jurisdiction. The veteran's election will apply only to the unit of instruction certified by the institution as the veteran's period of enrollment (ordinary school year, single term, single semester, or course). When enrollment is certified for a single term, semester, or course, the term, semester, or course constitutes the unit of instruction to which such election applies. When the enrollment certification if for an ordinary school year, that period constitutes the unit of instruction and the veteran may not elect to have excess charges paid by the Veterans' Administration for any specific term or semester to the exclusion of other terms or semesters of the ordinary school year. Where enrollment has been effected by the Veterans' Administration upon the basis of the veteran's election to have the Veterans' Administration pay excess charges, such election may not be rescinded at any time except with full agreement of the institution, and in no event may such election be rescinded after the Veterans' Administration has made payment to the institution for the period covered by the election.

* * * * * * *

2. In § 21.109, paragraphs (b) and (c) are amended to read as follows:

§ 21.109 *Determination of subsistence allowance for institutional on-farm training.* * * *

(b) *Estimate of anticipated compensation.* At the time a veteran begins his course of institutional on-farm training, the anticipated compensation for productive labor for one calendar year will be developed by the veteran, the farmer-trainer, and the instructor and approved and certified by the institution and forwarded through channels, as designated by the State approving agency, to the regional office of the Veterans' Administration. Where the veteran performs part of his course on a farm under his own control, the estimate will represent the veteran's and the instructor's judgment as to the income that may be expected from productive labor on the particular farm during a calendar year in accordance with the instructions in paragraph (a) of this section. Subsistence allowance will be authorized at the rates prescribed in § 21.104 (b), which rates when added to the monthly pro rata amount of compensation for productive labor will not exceed the statutory limitations provided in § 21.105. The authorization of subsistence allowance will show an ending date as of March 31 of the succeeding year.

(c) *Annual report.* On or before March 1 of each year thereafter (see paragraph (b) of this section) a report will be rendered on VA Form 7–1922, Report of Income—Institutional on-Farm Training, showing the compensation received for productive labor for the preceding calendar year and the anticipated income for the succeeding calendar year as derived from the records in the veteran's farm and home accounts and certified to by the veteran and the institution as being to the best of their knowledge and belief a correct statement in support of the veteran's claim for subsistence allowance. If compensation reports are not submitted when due, subsistence allowance will terminate on March 31, and other training benefits will be discontinued on April 30, or date of last attendance at the school, whichever occurs first. If a compensation report is submitted after benefits have been discontinued, payment of subsistence allowance may be resumed, if appropriate, and if the veteran has continued to make satisfactory progress in his course, but not earlier than the date the delinquent report is received in the Veterans' Administration. If the total amount of subsistence payments and compensation for productive labor for the period covered by the report exceeds the statutory limit prorated over such period, the excess rate shall be recovered by pro rata reduction of the payment rate established for the succeeding period based upon estimated income, which estimate should not be less than the actual income for the preceding period. If the established rate was less than the amount authorized by statute, the deficiency will be adjusted by a retroactive award reflecting the correct rate to which the veteran was entitled. Upon termination of training through interruption, completion, exhaustion of entitlement, or for any other reason, a final report will be promptly made of income received since the latest report and a final subsistence allowance adjustment will be made accordingly. In those instances where a veteran in an excess payment status withdraws from training and the excess payment has not been completely liquidated, authorization action will be effected to reflect the actual rate of subsistence allowance to which the veteran was entitled in the previous period or periods. If the veteran fails to submit a report as required, further training under Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12) will be denied until the report is furnished. Any overpayment must be repaid. Reports at 4-month intervals will not be required. Subject to available entitlement, the course may be completed without subsistence allowance notwithstanding the income equals or exceeds the statutory limit.

(Sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9, sec. 2, 57 Stat. 43, as amended, sec. 400, 58 Stat. 287, as amended; 38 U. S. C. and Sup. 11a, 701, 707, ch. 12 note. Interpret or apply secs. 3, 4, 57 Stat. 43, as amended, secs. 300, 1500–1504, 1506, 1507, 58 Stat. 286, 300, as amended; 38 U. S. C. and Sup. 693g, 697–697d, 697f, g, ch. 12 note)

This regulation effective August 1, 1950.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

[S. O. 856]

PART 95—CAR SERVICE

SATURDAYS AND SUNDAYS TO BE INCLUDED IN COMPUTING DEMURRAGE ON ALL FREIGHT CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 26th day of July A. D. 1950.

It appearing that railroad freight cars are being delayed unduly in loading and unloading; or while held for orders, bill of lading, payment of freight charges, reconsignment, diversion, reshipment, inspection, or forwarding directions; or while held for any other purpose of consignee, consignor or owner, causing a shortage of equipment and impeding and diminishing the use, control, supply, movement, distribution, exchange, interchange, and return of such cars; in the opinion of the Commission an emergency requiring immediate action exists in all sections of the country. It is ordered, that:

§ 95.856 *Saturdays and Sundays to be included computing demurrage on all freight cars.* (a) Each common carrier by railroad subject to the Interstate Commerce Act shall include all Saturdays and Sundays, occurring after the expiration of the free time published in tariffs, when computing demurrage on all freight cars whether or not they are subject to monthly average agreement or any other regular settlement period.

(b) Application: The provisions of this section shall apply to intrastate, interstate and foreign commerce, including commerce with insular possessions and the territories of Alaska and Hawaii.

(c) Regulations suspended; announcement required. The operation of all rules and regulations insofar as they conflict with the provisions of this section is hereby suspended and each railroad subject to this section or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter), announcing such suspension.

(d) Effective date: This section shall become effective at 7:00 a. m., August 1, 1950.

(e) Expiration date: This section shall expire at 7:00 a.m., February 1, 1951, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

It is further ordered that a copy of this order and direction shall be served upon the railroad regulatory body of each State and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies sec. 1, 24 Stat. 379, as amended; 49 U. S. C. 1)

By the Commission, Division 3.

PART 95—CAR SERVICE

REFRIGERATOR CARS FOR FRUIT AND VEGETABLE CONTAINERS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 27th day of July A. D. 1950.

It appearing that the number of boxcars available for the movement of fruit and vegetable containers now moving from origins in the States of Pennsylvania, Delaware, Maryland, and New Jersey has seriously decreased recently; that there is a temporary surplus of refrigerator cars in this territory and that the substitution of refrigerator cars for such boxcars will release the boxcars for other essential transportation; in the opinion of the Commission an emergency exists requiring immediate action to prevent a shortage of equipment. It is ordered, that:

§ 95.857 *Refrigerator cars for fruit and vegetable containers.* (a) Common carriers by railroad subject to the Interstate Commerce Act transporting fruit and vegetable containers, in carloads, from origins located in the States of Pennsylvania, Delaware, Maryland, and New Jersey, to destinations in the States of Pennsylvania, Delaware, Maryland, and New Jersey may, at their option, furnish and transport not more than two (2) refrigerator cars of BREX, WFEX, and FGEX ownership in lieu of each boxcar ordered, subject to the carload minimum weight which would have applied if the shipment had been loaded in a boxcar.

(b) Application: The provisions of this section shall apply to shipments moving in intrastate commerce as well as to those moving in interstate commerce.

(c) Effective date: This section shall become effective at 12:01 a. m., July 28, 1950.

(d) Expiration date: This section shall expire at 11:59 p. m., September 14, 1950, unless otherwise modified, changed, suspended or annulled by order of this Commission.

(e) Rules and regulations suspended: The operation of all rules and regulations insofar as they conflict with the provisions of this section is hereby suspended.

(f) Announcement of suspension: Each of such railroads, or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing the suspension of any of the provisions therein.

It is further ordered, that this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies sec. 1, 24 Stat. 379, as amended; 49 U. S. C. 1)

By the Commission, Division 3.

PROPOSED RULE MAKING

DEPARTMENT OF LABOR

Wage and Hour Division

[29 CFR, Parts 549, 778]

PROFIT SHARING, THRIFT OR SAVINGS AND EMPLOYEE WELFARE PLANS OR TRUSTS

NOTICE OF HEARING

The Fair Labor Standards Amendments of 1949 (63 Stat. 910), among other things, added new provisions to the Fair Labor Standards Act of 1938 (52 Stat. 1060) which authorized the exclusion from the "regular rate" at which an employee is employed (1) payments "made pursuant to a bona fide profit-sharing plan or trust or bona fide thrift or savings plan" (section 7 (d) (3) (b)) and (2) "contributions irrevocably made by an employer to a trustee or third person pursuant to a bona fide plan for providing old age, retirement, life, accident, or health insurance or similar benefits for employees" (hereinafter referred to as "welfare plans") (section 7 (d)-(4)).

Pursuant to the aforesaid sections of the act the Administrator issued, effective January 25, 1950, (1) regulations, Part 549, defining and delimiting the term "bona fide profit-sharing plan or trust"; and (2) Interpretative Bulletin, Part 778, on overtime compensation, in § 778.6 (g) of which, he set forth the conditions which would have to be met in order for an employer's contributions to a welfare plan to qualify for exclusion from the regular rate. To date, no regulations have been issued with respect to "bona fide thrift or savings plans" provided for in section 7 (d) (3) (b).

The experience of the Wage and Hour Division in the application of the above regulations and Interpretative Bulletin since their issuance, has indicated the need for a review and reexamination of the provisions thereof, with a view to possible revisions or amendments. Furthermore, it appears necessary to add to regulations, Part 549, appropriate provisions dealing with bona fide thrift or savings plans. In considering such possible revisions or amendments and the formulation of additional regulations, the Administrator desires to have the benefit of the views of any interested persons.

Accordingly, notice is hereby given of a public hearing to be held before an authorized representative of the Administrator beginning on Wednesday, September 6, 1950 at 10 a. m., in the Interdepartmental Auditorium, Constitution Avenue between 12th and 14th Streets, NW., Washington, D. C., at which interested persons will be heard on the following questions:

1. What, if any, changes should be made in the regulations Part 549, defining and delimiting the term "bona fide profit-sharing plan or trust," pursuant to section 7 (d) (3) (b) of the Fair Labor Standards Act, as amended?

2. What provisions relating to "bona fide thrift or savings plans," as used in section 7 (d) (3) (b) of the act, should be adopted by the Administrator?

3. What revisions should be made by the Administrator in § 778.6 (g) of Interpretative Bulletin, Part 778, dealing with the conditions required for the exclusion of an employer's contributions to a welfare plan from the "regular rate" under section 7 (d) (4) of the act?

All persons desiring to be heard at the aforesaid public hearing should notify the Administrator, Wage and Hour Division, United States Department of Labor, Washington 25, D. C., not later than August 24, 1950, which notification should contain the following information:

1. Name and address of the person who will appear.

2. If such person will appear in a representative capacity, the name and address of the persons or organizations he will represent.

3. The particular question or questions concerning which he intends to make a presentation at the hearing.

4. The approximate length of time requested for his presentation.

Written statements may be filed in lieu of personal appearances at any time before the date of the hearing.

Signed at Washington, D. C., this 26th day of July 1950.

WM. R. MCCOMB, *Administrator, Wage and Hour Division.*

U. S. STANDARDS FOR GRADES OF CANNED GRAPE JUICE [1]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the revision, as herein proposed, of the current United States Standards for Grades of Canned (or Bottled) Grape Juice, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and Pub. Law 585, 81st Cong., approved June 29, 1950. This revision, if made effective, will be the second issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should file the same, in duplicate, with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed revision is as follows:

§ 52.378 *Canned grape juice.* Canned grape juice is the unfermented liquid obtained from the properly matured fresh grapes of the Concord type. Such grape juice is prepared without any concentration, without dilution, is packed with or without the addition of sweetening ingredients, and is sufficiently processed by heat to assure preservation of the product in hermetically sealed containers (either metal or glass).

(a) *Types of canned grape juice.* Unless specifically designated as "sweetened," canned grape juice is considered as "unsweetened."

(1) Type I, Unsweetened (without added sweetening ingredient or ingredients).

(2) Type II, Sweetened (with added sweetening ingredient or ingredients).

(b) *Grades of canned grape juice.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned grape juice that is prepared by removal of tartrate crystals; that possesses a good color; that is practically free from defects; that possesses a good flavor; and that scores not less than 90 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Choice" is the quality of canned grape juice that is prepared by removal of tartrate crystals; that possesses a reasonably good color; that is reasonably free from defects; that possesses a reasonably good flavor; and that scores not less than 80 points when scored in accordance with the scoring system outlined in this section.

(3) "U. S. Grade C" or "U. S. Standard" is the quality of canned grape juice that is prepared with or without the removal of tartrate crystals; that possesses a fairly good color; that is fairly free from defects; that possesses a fairly good flavor; and that scores not less than 70 points when scored in accordance with the scoring system outlined in this section.

(4) "U. S. Grade D" or "Substandard" is the quality of canned grape juice that fails to meet the requirements of U. S. Grade C or U. S. Standard.

(c) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purposes of these grades. It is recommended that each container be filled as full as practicable with grape juice and that the product occupy not less than 90 percent of the volume of the container.

(d) *Ascertaining the grade.* (1) The grade of canned grape juice may be ascertained by considering, in conjunction with the requirements of the respective grade, the respective ratings for the factors of color, absence of defects, and flavor. The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	Points
(i) Color	40
(ii) Absence of defects	20
(iii) Flavor	40
Total score	100

(e) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points).

(1) *Color.* (i) Canned grape juice that possesses a good color may be given a score of 36 to 40 points. "Good color" means a clear and bright purple color typical of freshly pressed grape juice.

(ii) If the canned grape juice possesses a reasonably good color, a score of 32 to 35 points may be given. Canned grape juice that falls into this classification shall not be graded above U. S. Grade B or U. S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably good color" means a purple color typical of canned grape juice, which color may be slightly dull or bluish-purple.

(iii) If the canned grape juice possesses a fairly good color, a score of 28 to 31 points may be given. Canned grape juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good color" means a typical purple color that may be dull but not off color.

(iv) Canned grape juice that fails to meet the requirements of subdivision

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

(iii) of this subparagraph may be given a score to 0 to 27 points and shall not be graded above U. S. Grade D or U. S. Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* The factor of absence of defects refers to the degree of freedom from sediment and other residue, from tartrate crystals, from particles of skin, from particles of pulp, from particles of seed, and from other defects.

(i) Canned grape juice that is practically free from defects may be given a score of 18 to 20 points. "Practically free from defects" means that the canned grape juice may possess a slight amount of sediment and residue of an amorphous nature; may possess not more than a trace of sediment and residue of a non-amorphous nature; is free from tartrate crystals; and is free from particles of skin, particles of pulp, particles of seed, and from other defects.

(ii) If the canned grape juice is reasonably free from defects, a score of 16 or 17 points may be given. Canned grape juice that falls into this classification shall not be graded above U. S. Grade B or U. S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the canned grape juice may possess a slight amount of sediment and residue of an amorphous or non-amorphous nature; may posses a slight amount of tartrate crystals; may possess not more than a trace of particles of skin, particles of pulp, particles of seed, and other defects.

(iii) If the canned grape juice is fairly free from defects, a score of 14 or 15 points may be given. Canned grape juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that the canned grape juice may possess sediment and residue of an amorphous or non-amorphous nature or may possess tartrate crystals provided such substances do not materially affect the appearance or palatability of the product; and may possess a slight amount of particles of skin, particles of pulp, particles of seed, and other defects.

(iv) Canned grape juice that fails to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule.)

(3) *Flavor.* (i) Canned grape juice that possesses a good flavor may be given a score of 36 to 40 points. "Good flavor" means that the flavor is a distinct and normal flavor, typical of well-matured grapes and that the canned grape juice is free from any trace of scorching, caramelization, and objectionable flavors and objectionable odors of any kind. To score in this classification, canned grape juice shall meet the following additional requirements:

Brix—Style I, unsweetened—Not less than 16.0 degrees.

Brix—Style II, sweetened—Not less than 17.0 degrees.

Acid—Not less than 0.55 gram per 100 ml. nor more than 1.20 grams per 100 ml., calculated as tartaric acid.

Canned grape juice of this grade that tests less than 0.80 gram per 100 ml. acid, calculated as tartaric, is considered "mild" grape juice.

(ii) If the canned grape juice possesses a reasonably good flavor, a score of 32 to 35 points may be given. Canned grape juice that falls into this classification shall not be graded above U. S. Grade B or U. S. Choice, regardless of the total score for the product (this is a limiting rule). "Reasonably good flavor" means that the flavor is normal and typical of reasonably well-matured grapes and that the canned grape juice may be slightly astringent but is free from any trace of scorching, caramelization, and objectionable odors of any kind. To score in this classification, canned grape juice shall meet the following additional requirements:

Brix—Style I, unsweetened—Not less than 15.0 degrees.

Brix—Style II, sweetened—Not less than 16.0 degrees.

Acid—Not less than 0.45 grams per 100 ml. nor more than 1.30 grams per 100 ml., calculated as tartaric acid.

Canned grape juice of this grade that tests less than 0.80 grams per 100 ml. acid, calculated as tartaric, is considered "mild" grape juice.

(iii) If the canned grape juice possesses a fairly good flavor, a score of 28 to 31 points may be given. Canned grape juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good flavor" means that the flavor is normal and that the canned grape juice is free from objectionable flavors and objectionable odors of any kind. To score in this classification, canned grape juice shall meet the following additional requirements:

Brix—Style I, unsweetened—Not less than 14.0 degrees.

Brix—Style II, sweetened—Not less than 15.0 degrees.

Acid—Not less than 0.40 grams per 100 ml. nor more than 1.50 grams per 100 ml. acid, calculated as tartaric.

Canned grape juice of this grade that tests less than 0.80 grams per 100 ml. acid, calculated as tartaric, is considered "mild" grape juice.

(iv) Canned grape juice that fails to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(f) *Explanation of terms.* (1) "Brix" means the degrees Brix of canned grape juice when tested with a Brix hydrometer calibrated at 20 degrees C. (68 degrees F.). If canned grape juice is tested at a temperature other than 20 degrees C. (68 degrees F.) the applicable temperature correction shall be made to the reading of the scale as prescribed in "Official and Tentative Methods of Analysis of the Association of Official Agricultural Chemists." The degrees Brix of canned grape juice may be determined by any other method which gives equivalent results.

(2) "Acid" means grams of acid (calculated as tartaric acid) per 100 ml. of juice in canned grape juice determined by titration with standard sodium hydroxide solution, using phenolphthalein as indicator or any other satisfactory indicator.

(g) *Tolerances for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of canned grape juice, the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if:

(i) Not more than one-sixth of such containers fails to meet all the requirements of the grade indicated by the average of such total scores, and, with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, is within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

IRISH POTATOES GROWN IN CERTAIN DESIGNATED COUNTIES IN IDAHO AND MALHEUR COUNTY, OREGON

NOTICE OF PROPOSED BUDGET AND RATE OF ASSESSMENT

Notice is hereby given that the Secretary of Agriculture is considering the approval of the budget and rate of assessment hereinafter set forth, which were recommended by the Idaho-Eastern Oregon Potato Committee, established pursuant to Marketing Agreement No. 98 and Order No. 57 (6 F. R. 4508) regulating the handling of Irish potatoes grown in certain designated counties in Idaho and Malheur County, Oregon, issued under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051).

Consideration will be given to any data, views, or arguments pertaining thereto which are filed in triplicate with the Director, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 15 days following publication of this notice in the FEDERAL REGISTER. The proposals are as follows:

§ 957.203 *Budget of expenses and rate of assessment.*. (1) The expenses necessary to be incurred by the Idaho-Eastern Oregon Potato Committee, established pursuant to Marketing Agreement No. 98 and Order No. 57, to enable such committee to carry out its functions pursuant to provisions of the aforesaid marketing agreement and order, during the fiscal year ending June 30, 1951, will amount to $22,000.00;

(2) The rate of assessment to be paid by each handler who first ships potatoes shall be fifty cents per carload or fraction thereof, or per truckload of 5,000 pounds or more, of potatoes handled by him as the first handler thereof during said fiscal year; and

(3) Terms used in this section shall have the same meaning as when used in Marketing Agreement No. 98 and Order No. 57.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 61 Stat. 202, 707; 62 Stat. 1247; 63 Stat. 1051)

[Docket No. AO 176-A7]

HANDLING OF MILK IN COLUMBUS, OHIO, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING THE ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Columbus, Ohio, on January 19-20, 1950, pursuant to notice thereof which was issued on January 10, 1950 (15 F. R. 264).

Upon the basis of the evidence introduced at the hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on June 8, 1950, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of filing such recommended decision and opportunity to file written exceptions thereto was published in the FEDERAL REGISTER (15 F. R. 3699).

Within the period reserved for filing exceptions, exceptions were submitted on behalf of The Central Ohio Cooperative Milk Producers, Inc. and on behalf of handlers. These exceptions have been considered and appropriate revisions made. To the extent to which the findings and conclusions of the recommended decision as hereinafter modified are at variance with the exceptions, such exceptions are hereby overruled.

The material issues and the findings and conclusions of the recommended decision (F. R. Doc. 50-5059, 15 F. R. 3699) are hereby approved and adopted as the material issues and the findings and conclusions of this decision as if set forth in full herein subject to the following amendments:

1. Delete the first paragraph of paragraph (1) under *Findings and conclusions*, 15 F. R. 3699 (F. R. Doc. 50-5059) and substitute therefor the following:

(1) The Class I and Class II price differentials should be increased 10 cents for the months of August, September, October, and November, 1950, and for the months of December, 1950, and January 1951, if the total receipts of producer milk in the months of May through August, 1950, are lower in relation to total Class I and Class II milk than during the corresponding period of 1949.

2. Delete the fifth undesignated paragraph of paragraph (1) under *Findings and conclusions*, 15 F. R. 3700 (F. R. Doc. 50-5059) and substitute therefor the following:

It is concluded, therefore, that the Class I and Class II price differentials should be increased 10 cents for the months of August, September, October, and November 1950, and also for the months of December 1950 and January 1951 if receipts of producer milk in relation to Class I and Class II utilization decline from the level of 1949, as measured by comparative production and sales in the four-month period May through August 1950. Prices should then return to the previous levels unless the need for a continued higher price level is shown upon the basis of market conditions and prospects at that time.

General findings. (a) The proposed marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and in the order as hereby proposed to be amended are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(c) The proposed marketing agreement and the order as hereby proposed to be amended will regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in, the said marketing agreement upon which a hearing has been held.

Determination of representative period. The month of May 1950 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order regulating the handling of milk in the Columbus, Ohio, marketing area, in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such marketing order, as hereby amended.

Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Columbus, Ohio, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Columbus, Ohio, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of §900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered that all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order as hereby proposed to be amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 27th day of July 1950.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

AUTHORITY: §§ 974.0 to 974.93 issued under sec. 5, 49 Stat. 758 as amended; 7 U. S. C. and Sup. 608c.

§ 974.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900) a public hearing was held at Columbus, Ohio, on January 19–20, 1950, upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Columbus, Ohio, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act.

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

ORDER RELATIVE TO HANDLING

It is therefore ordered, That on and after the effective date hereof, the handling of milk in the Columbus, Ohio, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

DEFINITIONS

§ 974.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

§ 974.2 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States or any other employee of the United States who is, or who may hereafter be, authorized to exercise the powers and to perform the duties of the said Secretary of Agriculture.

§ 974.3 *Columbus, Ohio, marketing area.* "Columbus, Ohio, marketing area," hereinafter called the "marketing area," means the city of Columbus; the city of Bexley; and all territory, including but not being limited to all municipal corporations, within the townships of Blendon, Clinton, Franklin, Marion, Mifflin, Perry, Sharon, and Truro; all in Franklin County, Ohio.

§ 974.4 *Person.* "Person" means any individual, partnership, corporation, association, or any other business unit.

§ 974.5 *Fluid milk plant.* "Fluid milk plant" means the premises and portions of the building and facilities used in the receipt and processing or packaging of milk all or a portion of which is disposed of from such plant during the month on a route(s), wholly or partially within the marketing area, but not including any portion of such buildings or facilities used for receiving or processing milk or any milk product required by the appropriate health authorities in the marketing area to be kept physically separate from the receiving and processing or packaging of milk for disposition as Class I milk in the marketing area.

§ 974.6 *Handler.* "Handler" means (a) any person who receives producer milk at a fluid milk plant and (b) any association of producers with respect to any producer milk constituting a part of the producer milk supply of a fluid milk plant which such association diverts on its account to a plant other than a fluid milk plant. Producer milk so diverted shall be deemed to have been received by such association.

§ 974.7 *Producer.* "Producer" means any person, including one who may also be a handler who produces (a) under a dairy farm permit issued by the appropriate health authorities in the marketing area, milk which is received at a fluid milk plant or by an association of producers in its capacity as a handler, or (b) milk which is received as a part of the dairy farm supply of a fluid milk plant not required by the appropriate health authorities in the marketing area to obtain its dairy farm supply from milk produced under dairy farm permits.

§ 974.8 *Producer milk.* "Producer milk" means any milk produced by one or more producers under the conditions set forth in § 974.7.

§ 974.9 *Other source milk.* "Other source milk" means (a) milk, (b) skim milk, (c) cream, or (d) any milk product received at a fluid milk plant from sources other than producers or other handlers. "Other source milk" shall include, but shall not be limited to, milk, skim milk, cream, or any milk product received at such fluid milk plant under an emergency permit in writing issued by the appropriate health authorities in the marketing area.

§ 974.10 *Department of Agriculture.* "Department of Agriculture" means the United States Department of Agriculture or such other Federal agency authorized to perform the price reporting functions specified in § 974.50.

§ 974.11 *Route.* "Route" means a delivery (including a sale from a plant store) of milk, skim milk, buttermilk, or flavored milk drink in fluid form to a wholesale or retail stop(s), including a State or municipal institution, other than to a fluid milk plant(s) or to a plant(s) manufacturing milk products.

MARKET ADMINISTRATOR

§ 974.20 *Destination.* The agency for the administration hereof shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

§ 974.21 *Powers.* The market administrator shall have the power to:

(a) Administer all of the terms and provisions hereof;

(b) Make rules and regulations to effectuate the terms and provisions hereof; and

(c) Receive, investigate, and report to the Secretary complaints of violations hereof.

§ 974.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions hereof, including, but not limited to, the following:

(a) Within 30 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon such duties and conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions hereof;

(c) Pay, out of the funds provided by § 974.77, (1) the cost of his bond and of the bonds of those of his employees who handle funds entrusted to the market administrator, (2) his own compensation, and (3) all other expenses, except those incurred under § 974.78, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(d) Keep such books and records as will clearly reflect the transactions provided for herein, and, upon request by the Secretary, surrender the same to his successor or to such other person as the Secretary may designate;

(e) Publicly announce, unless otherwise directed by the Secretary, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the name of any person who, within 10 days after the day upon which he is required to perform such acts, has not made (1) reports pursuant to § 974.30 or (2) payments pursuant to §§ 974.70, 974.73, 974.77 or 974.78;

(f) Submit his books and records to examination and furnish such information and verified reports as may be requested by the Secretary;

(g) On or before the 10th day after the end of each month, supply each cooperative association as described in § 974.78 (b) upon request with a record of the amount and average butterfat test of milk received during such month and the amount of any advance payments made and of any deductions or charges from payments for such milk authorized with respect to each producer determined by the market administrator to be a member of such association or to have given written authorization to such association to receive such information.

(h) Audit all reports and payments by each handler by inspection of such handler's records and of the records of any other person upon whose utilization the classification of milk for such handler depends; and

(i) Publicly announce, by posting in a conspicuous place in his office and by such other means as he deems appropriate, the prices determined for each month as follows:

(1) On or before the 6th day after the end of each month, the minimum class prices for skim milk and butterfat computed pursuant to §§ 974.51, 974.52 and 974.53; and

(2) On or before the 10th day after the end of each month, the uniform price computed pursuant to § 974.63 and the butterfat differential computed pursuant to § 974.76.

(j) Prepare and disseminate to the public such statistics and information as he deems advisable and as do not reveal confidential information.

REPORTS, RECORDS AND FACILITIES

§ 974.30 *Reports of receipts and utilization.* On or before the 5th day after the end of each month, each handler, except as otherwise provided in § 974.31 (a) shall report to the market administrator for such month with respect to all producer milk and other source milk received during the month, in the detail and on forms prescribed by the market adminstrator; (a) the quantities of butterfat and the quantities of skim milk contained therein (except that the quantities of the products should be substituted for the quantities of butterfat and skim milk in the case of products disposed of in the form in which received from other handlers or other sources), (b) the utilization thereof, and (c) such other information with respect to such receipts and utilization as the market administrator may request: *Provided,* That any person operating more than one fluid milk plant shall make one report covering all such operations for the purposes of paragraphs (a), (b) and (c) of this section.

§ 974.31 *Other reports.* (a) Each handler who receives at his fluid milk plant no producer milk other than that from his own farm or from other handlers shall make reports to the market administrator at such time and in such manner as the market administrator may request.

(b) On or before the 5th day after the end of each month, each handler shall submit to the market administrator a report which shall show for the month (1) the total pounds of milk received from each producer and association of producers and the average butterfat test thereof, (2) the amount and date of any advance payments to each producer and association of producers, and (3) the nature and amount of each deduction or charge authorized from payments for such milk.

§ 974.32 *Records and facilities.* Each handler shall maintain and make available to the market administrator, or to his representative, during the usual hours of business, such accounts and records of any of his operations, including those of plants other than fluid milk plants, in which any producer milk is received, and such facilities as, in the opinion of the market administrator, are necessary to verify or to establish the correct data with respect to (a) the utilization in whatever form, of all skim milk and butterfat required to be reported pursuant to § 974.30; (b) the weights, samples, and tests for butterfat and other contents of all milk and milk products previously received or utilized or currently being received or utilized; and (c) payments to producers or to associations of producers.

§ 974.33 *Retention of records.* All books and records required under this order to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided,* That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case the market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 974.40 *Skim milk and butterfat to be classified.* Skim milk and butterfat contained in (a) all milk, skim milk, cream, and milk products (except in the case of milk products disposed of in the form in which received) received during the month by a handler at a fluid milk plant, and (b) all producer milk received during the month in the manner described in § 974.6 (b), shall be classified by the market administrator in the classes set forth in § 974.41.

§ 974.41 *Classes of utilization.* Subject to the conditions set forth in §§ 974.42, 974.43 and 974.44, the classes of utilization shall be:

(a) Class I milk shall be all skim milk and butterfat (1) disposed of (except that which has been dumped or disposed of for livestock feeding) as milk, skim milk, buttermilk, or flavored milk or flavored milk drinks; and (2) not specifically accounted for under subparagraph (1) of this paragraph or as Class II milk or Class III milk.

(b) Class II milk shall be all skim milk and butterfat (1) disposed of in fluid form for consumption as sweet or sour cream, frozen cream, or any mixture of cream or milk (or skim milk), including eggnog, containing more than 6 percent of butterfat; (2) used to produce aerated products containing milk, cream, or any combination thereof (such as "Reddi-Wip," "Instant Whip," etc.), condensed milk and condensed skim milk (except evaporated milk or skim milk in hermetically sealed cans), ice cream, ice cream mix, ice cream novelties, ice sherbets, or imitation ice cream; and (3) used to produce cottage cheese.

(c) Class III milk shall be all skim milk and butterfat specifically accounted for as (1) having been used to produce any milk product other than as specified in paragraphs (a) (1) and (b) of this section; (2) having been dumped or disposed of for livestock feeding; (3) actual plant shrinkage of skim milk and butterfat in producer milk received but not to exceed 2 percent of such receipts of skim milk and butterfat, respectively; and (4) actual plant shrinkage of skim milk and butterfat in other source milk received: *Provided*, That if producer milk is utilized as milk, skim milk, or cream in conjunction with other source milk, the shrinkage allocated to each shall be computed pro rata according to the proportions of the volume of skim milk and butterfat, respectively, received from each source to their total: *And provided also*, That producer milk transferred by a handler to any plant of another handler without first having been received for purposes of weighing and testing in the transferring handler's fluid milk plant shall be included in the receipts at the plant of the second handler for the purpose of computing his plant shrinkage and shall be excluded from the receipts at the fluid milk plant of the transferring handler in computing his plant shrinkage.

§ 974.42 *Responsibility of handlers and reclassification of milk.* (a) In establishing the classification of skim milk and butterfat as required in §§ 974.41 and 974.43, the burden rests upon the first handler who receives such skim milk or butterfat to prove to the market administrator that such skim milk or butterfat should not be classified as Class I milk.

(b) Any skim milk or butterfat classified in one class shall be reclassified if found by the market administrator to have been used or disposed of (whether in original or other form) by such handler or by any other person in another class in accordance with such use or disposition.

§ 974.43 *Transfers.* (a) Subject to the conditions set forth in § 974.42 and paragraphs (c) and (d) of this section, skim milk and butterfat when transferred by a handler from a fluid milk plant to any other milk distributing or milk manufacturing plant in the form of milk, skim milk, flavored milk, flavored milk drinks, or buttermilk, shall be classified as follows:

(1) According to the utilization as mutually indicated in writing by both handlers if transferred to another fluid milk plant, except one as referred to in subparagraph (2) of this paragraph;

(2) As Class I milk if transferred to the fluid milk plant of a handler who receives no milk from producers or associations of producers other than such handler's own farm production; or

(3) As Class I milk if transferred to any such plant not a fluid milk plant: *Provided*, That if the transferring handler on or before the 5th day after the end of the month during which such transfer is made furnishes to the market administrator a statement signed also by the receiver that such skim milk and butterfat was used as Class II milk or Class III milk, and that such utilization may be audited at the receiving plant, such skim milk and butterfat shall be classified accordingly.

(b) Subject to the conditions set forth in § 974.42 and in paragraphs (c) and (d) of this section, skim milk and butterfat when transferred by a handler from a fluid milk plant to any other milk distributing or milk manufacturing plant in the form of cream shall be classified as follows:

(1) According to the utilization as mutually indicated by both handlers if transferred to another fluid milk plant, except one as referred to in subparagraph (2) of this paragraph;

(2) As Class II milk if transferred to the fluid milk plant of a handler who receives no milk from producers or from an association of producers other than such handler's own farm production; or

(3) As Class II milk if transferred to any such plant not a fluid milk plant: *Provided*, That if the transferring handler on or before the 5th day after the end of the delivery period during which such transfer is made furnishes to the market administrator a statement signed also by the receiver that such skim milk and butterfat was used as Class I milk or Class III milk, and that such utilization may be audited at the receiving plant, such skim milk and butterfat shall be classified accordingly.

(c) The utilization of all transfers made pursuant to paragraphs (a) (1) and (2) and (1) and (2) of this section shall be subject to verification by the market administrator.

(d) No statement made relative to transfers as provided for in this section shall operate to deter the prior subtraction of other source milk pursuant to § 974.45 (b) or the prior subtraction of skim milk or butterfat pursuant to § 974.45 (c), or the pro rata subtraction of skim milk or butterfat pursuant to § 974.45 (e). Any quantity reported for allocation to a particular class but not eligible therefor because of § 974.45 (b) (c) or (e), shall be classified by the market administrator as Class I milk, pending his verification.

§ 974.44 *Classification of skim milk and butterfat for each handler.* For each month the market administrator shall correct for mathematical and for other obvious errors the monthly report submitted by each handler and compute separately the respective amounts of skim milk and butterfat in Class I milk, Class II milk and Class III milk, as follows:

(a) Determine the handler's total receipts by adding together the total pounds of milk, skim milk, and cream received, and the pounds of skim milk and butterfat used to produce all other milk products received (except milk products disposed of in the form in which received without further processing in his fluid milk plant) regardless of source;

(b) Determine the total pounds of butterfat contained in the total receipts computed pursuant to paragraph (a) of this section.

(c) Determine the total pounds of skim milk contained in the total receipts computed pursuant to paragraph (a) of this section by subtracting therefrom the total pounds of butterfat computed pursuant to paragraph (b) of this section;

(d) Determine the total pounds of butterfat in Class I milk by: (1) Computing the aggregate amount of butterfat included in each of the several items of Class I milk; and (2) adding all other butterfat not specifically accounted for under subparagraph (1) of this paragraph or in Class II milk or Class III milk;

(e) Determine the total pounds of skim milk in Class I milk by: (1) Computing the aggregate amount of skim milk and butterfat included in each of the several items of Class I milk; (2) subtracting the result obtained in paragraph (d) (1) of this section; and (3) adding all other skim milk not specifically accounted for under subparagraph (1) of this paragraph or in Class II milk or Class III milk;

(f) Determine the total pounds of butterfat in Class II milk by computing the aggregate amount of butterfat included in each of the several items of Class II milk;

(g) Determine the total pounds of skim milk in Class II milk by: (1) Computing the aggregate amount of skim milk and butterfat included in (or, in the case of products other than cream or eggnog, used to produce) each of the several items of Class II milk; and (2) subtracting the result obtained in paragraph (f) of this section;

(h) Determine the total pounds of butterfat in Class III milk by: (1) Computing the aggregate amount of butterfat used to produce each of the several items of Class III milk; and (2) adding actual plant shrinkage of butterfat referred to in paragraph (c) (2) and (4) of § 974.41; and

(i) Determine the total pounds of skim milk in Class III milk by: (1) Computing the aggregate amount of skim milk and butterfat (in whatever form) used to produce each of the several items of Class III milk; (2) subtracting the result obtained in paragraph (h) (1) of this section; and (3) adding the actual plant shrinkage of skim milk referred to in paragraph (c) (3) and (4) of § 974.41.

§ 974.45 *Classification of skim milk and butterfat in producer milk for each handler.* For each month the market administrator shall compute separately the respective amounts of skim milk and butterfat of producer milk in Class I milk, Class II milk and Class III milk for each handler by making the following computations in the order specified:

(a) Subtracting from Class III milk (other than butterfat used in buttermaking) the actual plant shrinkage of skim milk and butterfat, respectively, allowed pursuant to paragraph (c) (3) and (4) of § 974.41;

(b) Subtracting from the remaining pounds of skim milk and butterfat, in series beginning with the lowest-priced uses, the skim milk and butterfat, respectively, received as other source milk, except that received under an emergency permit in writing issued by the appropriate health authorities in the marketing area;

(c) Subtracting from the remaining pounds of skim milk and butterfat, in series beginning with the lowest-priced uses, the skim milk and butterfat, respectively, received from any other handler who received no milk from producers or from an association of producers other than such handler's own farm production;

(d) Adding to the remaining Class III milk the amount subtracted pursuant to paragraph (a) of this section;

(e) Subtracting pro rata from the remaining pounds of skim milk and butterfat in such class, the skim milk and butterfat, respectively, received as other source milk under an emergency permit in writing issued by the appropriate health authorities in the marketing area;

(f) Subtracting from the remaining pounds of skim milk and butterfat in each class (not including plant shrinkage on producer milk in Class III milk), the total pounds of skim milk and butterfat, respectively, received from other handlers (except those referred to in paragraph (c) of this section) and stated by the transferring handler and receiver to have been used in such class, to the extent of the amounts of skim milk and butterfat remaining in such class after making the computation pursuant to paragraph (e) of this section: *Provided*, That skim milk or butterfat allocated by such statements to Class II milk or Class III milk, in excess of amounts subtracted above pursuant to this paragraph shall be subtracted from Class I milk; and

(g) If the total amount of skim milk or butterfat in all classes after the computation made above pursuant to this paragraph, is greater than the skim milk or butterfat in producer milk, decrease the lowest-priced available class, or classes, by such excess.

MINIMUM PRICES

§ 974.50 *Basic formula prices.* The basic formula price per hundredweight of milk for the month shall be the higher of the prices as computed by the market administrator for such month pursuant to paragraphs (a) and (b) of this section.

(a) Compute the arithmetical average of the basic (or field) prices per hundredweight reported to have been paid, or to be paid, for milk of 3.5 percent butterfat content received from farmers during the month at the following places for which prices are reported to the market administrator or to the Department of Agriculture by the companies listed below:

Companies	Location
Borden Co.,	Black Creek, Wis.
Borden Co.,	Greenville, Wis.
Borden Co.,	Mt. Pleasant, Mich.
Borden Co.,	New London, Wis.
Borden Co.,	Orfordville, Wis.
Carnation Co.,	Berlin, Wis.
Carnation Co.,	Jefferson, Wis.
Carnation Co.,	Chilton, Wis.
Carnation Co.,	Oconomowoc, Wis.
Carnation Co.,	Richland Center, Wis.
Carnation Co.,	Sparta, Mich.
Pet Milk Co.,	Belleville, Wis.
Pet Milk Co.,	Coopersville, Mich.
Pet Milk Co.,	Hudson, Mich.
Pet Milk Co.,	New Glarus, Wis.
Pet Milk Co.,	Wayland, Mich.
White House Milk Co.,	Manitowoc, Wis.
White House Milk Co.,	West Bend, Wis.

(b) Compute the price per hundredweight by adding together the amounts resulting under subparagraphs (1) and (2) of this paragraph:

(1) From the arithmetical average of the daily wholesale prices per pound (using the midpoint of any price range as one price) of Grade A (92-score) bulk creamery butter for the month, as reported by the Department of Agriculture for the Chicago market, subtract 3.5 cents, add 20 percent, and then multiply the resulting amount by 3.5, and

(2) From the arithmetical average of the weighted averages of the carlot prices per pound of spray and roller process nonfat dry milk solids in barrels for human consumption, f. o. b. Chicago area manufacturing plants, as published for the month by the Department of Agriculture, deduct 4 cents, multiply by 8.2.

§ 974.51 *Class I milk prices.* Subject to the provisions of § 974.54, the respective minimum prices per hundredweight to be paid by each handler for skim milk and butterfat in producer milk received at his fluid milk plant and classified as Class I milk shall be as follows, as computed by the market administrator:

(a) Add to the basic formula price the following amount for the month indicated: April, May, June and July, $0.75; and all others $1.00: *Provided*, That the price of Class I milk for any of the months of October through December, inclusive, shall not be lower than the arithmetical average of the prices computed for such class pursuant to this paragraph (prior to the provisos) for the two months immediately preceding; and the price of Class I milk for any of the months of April through June, inclusive, shall not be higher than the arithmetical average of the prices computed for such class pursuant to this paragraph (prior to this proviso) for the two months immediately preceding: *Provided further*, That for the months of August, September, October and November 1950, there shall be added to the price of Class I milk so computed 10 cents: *And provided also*, That for the months of December 1950 and January 1951, there shall be added to the price of Class I milk so computed 10 cents if the total receipts of milk from producers by all handlers during the period May 1 through August 31, 1950, inclusive, are less than 114% of the gross combined volume of Class I milk and Class II milk of all handlers during such period.

(b) Add together the amounts determined in paragraph (b) (1) and (2) of § 974.50 and divide the sum into the amount determined in subparagraph (1) of such paragraph.

(c) Multiply the price determined in paragraph (a) of this section by the percentage determined in paragraph (b) of this section and then divide by 0.035. The resulting amount shall be the Class I butterfat price per hundredweight.

(d) From the price determined in paragraph (a) of this section subtract the amount determined in paragraph (c) of this section times 0.035 and divide the remainder by 0.965. The resulting amount shall be the Class I skim milk price per hundredweight: *Provided*, That in no event shall the price of skim milk or butterfat in Class I milk be lower, respectively than the skim milk and butterfat price in Class II milk.

§ 974.52 *Class II milk prices.* Subject to the provisions of § 974.54, the respective minimum prices per hundredweight to be paid by each handler for skim milk and butterfat in producer milk received at his fluid milk plant and classified as Class II milk shall be as follows, as computed by the market administrator:

(a) Add to the basic formula price the following amount for the month indicated: April, May, June, and July, $0.35; and all others, $0.60: *Provided*, That for the months of August, September, October, and November, 1950, there shall be added to the price of Class II milk so computed 10 cents: *And provided also*, That for the months of December 1950 and January 1951, there shall be added to the price of Class II milk so computed 10 cents if the total receipts of milk from producers by all handlers during the period May 1 through August 31, 1950, inclusive, are less than 114 percent of the gross combined volume of Class I milk and Class II milk of all handlers during such period.

(b) Multiply the price computed in paragraph (a) of this section by the percentage computed in paragraph (b) of § 974.51 and then divide by 0.035. The resulting amount shall be the Class II butterfat price per hundredweight: *Provided*, That in no event shall the price of butterfat pursuant to this subparagraph be less than the price computed pursuant to paragraph (b) of § 974.53 prior to the proviso therein.

(c) Subtract from the price computed in paragraph (a) of this section the amount computed in paragraph (b) of this section times 0.035 and divide the remainder by 0.965. The resulting amount shall be the Class II skim milk price per hundredweight.

§ 974.53 *Class III milk prices.* The respective minimum prices per hundred-

weight to be paid by each handler for skim milk and butterfat in producer milk received at his fluid milk plant and classified as Class III milk shall be as follows, as computed by the market administrator:

(a) The price per hundredweight of such skim milk shall be computed as follows: From the arithmetical average of the weighted average of the carlot prices per pound of spray and roller process nonfat dry milk solids in barrels for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the month by the Department of Agriculture, subtract 5.5 cents, and multiply the result by 8.5.

(b) The price per hundredweight of butterfat shall be computed as follows: Multiply the arithmetical average of the daily wholesale prices per pound of 92-score butter in the Chicago market as reported by the Department of Agriculture during the month by 120: *Provided*, That the price per hundredweight of butterfat made into butter shall be such price per hundredweight less $5.00.

§ 974.54 *Prices of Class I milk and Class II milk disposed of outside the marketing area.* The price to be paid by a handler for Class I milk or Class II milk disposed of outside the marketing area shall be the same as the price applicable within the Columbus, Ohio, marketing area: *Provided*, That Class I milk or Class II milk disposed of in another fluid milk marketing area covered by a Federal milk marketing agreement or order, issued pursuant to the act, shall be the price applicable within the Columbus, Ohio, marketing area, pursuant to this section, or the price applicable for milk of similar use or disposition in the other marketing area, whichever is higher.

DETERMINATION OF UNIFORM PRICE

§ 974.60 *Computation of value of milk for each handler.* Subject to the location adjustment provided in § 974.61, the value of producer milk received by each handler during each month shall be a sum of money computed by the market administrator by multiplying by the respective class prices for skim milk and butterfat, the skim milk and butterfat according to classification pursuant to § 974.45, and adding together the resulting amounts: *Provided*, That if such handler, after subtracting all receipts other than producer milk has disposed of skim milk or butterfat in excess of the skim milk or butterfat received in producer milk, there shall be added a further amount equal to the value of such skim milk or butterfat in the class from which subtracted pursuant to § 974.45 (g): *Provided further*, That if in the verification of the reports or payments of such handler for any previous month, the market administrator discovers errors which result in payments due the producer-settlement fund or the handler, there shall be added, or subtracted, as the case may be, the amount necessary to correct such errors: *Provided further*, That such handler shall be credited at the difference between the applicable class prices for skim milk and butterfat and the Class II prices for skim milk and butterfat, respectively, with respect to milk or skim milk disposed of in bulk fluid form during April, May, June, or July, to a manufacturer of soup, candy, or bakery products for use in such manufacturing operations: *And provided also*, That such handler shall be credited with the difference between the Class II and Class III prices for skim milk received in producer milk in excess of skim milk classified as Class I milk or Class II milk (other than that used to produce condensed skim milk) in any of the months of April, May, June and July which is disposed of in any such month in the form of condensed skim milk to a person whose supply of milk is not produced under permits or specified in § 974.7.

§ 974.61 *Location adjustment to handlers.* With respect to the actual weight of whole milk which is moved directly to the marketing area from a fluid milk plant located more than 40 miles from the Ohio State Capitol, Columbus, by shortest highway distance as determined by the market administrator, there shall be deducted 17 cents per hundredweight in the computation of the value of producer milk received by the handler operating such plant.

§ 974.62 *Notification of handlers.* On or before the 10th day after the end of each month, the market administrator shall notify each handler of (a) the amount and value of his milk in each class as computed pursuant to §§ 974.45 and 974.60, respectively, and the totals of such amounts and values, including any adjustments thereto; (b) the uniform price computed pursuant to § 974.63; (c) the amount due each handler from the producer-settlement fund or the amount to be paid by such handler to the producer-settlement fund, as the case may be; and (d) the total amounts to be paid by such handler pursuant to §§ 9 4.70, 974.73, 974.77 and 974.78.

§ 974.63 *Computation of uniform price.* For each month, the market administrator shall compute a uniform price per hundredweight for producer milk by:

(a) Combining into one total the values computed pursuant to § 974.60 for all handlers except those who did not make the payments required pursuant to § 974.73 for the previous delivery period;

(b) Adding an amount representing not less than one-half the unobligated balance in the producer-settlement fund;

(c) Adding the aggregate of the values of all allowable location adjustments computed pursuant to § 974.71;

(d) Subtracting, if the weighted average butterfat test of all pooled milk is greater than 3.5 percent, or adding, if the weighted average butterfat test of such milk is less than 3.5 percent, an amount computed by multiplying the total pounds of butterfat represented by the difference of such weighted average butterfat test from 3.5 percent by the butterfat differential computed pursuant to § 974.76 times 10.

(e) Dividing by the hundredweight of producer milk pooled; and

(f) Subtracting not less than 4 cents nor more than 5 cents. The result shall be known as the "uniform price" per hundredweight for producer milk of 3.5 percent butterfat content.

PAYMENTS

§ 974.70 *Time and method of payment.* On or before the 15th day after the end of each month, each handler shall make payment to each producer for milk received during the month at not less than the uniform price per hundredweight, subject to the location adjustment pursuant to § 974.71 and the butterfat differential computed pursuant to § 974.76: *Provided*, That payment may be made to a cooperative association qualified under § 974.79 with respect to milk received from any producer who has given such association authorization by contract or other written instrument to collect the proceeds from the sale of his milk and any payment made pursuant to this proviso shall be made on or before the 10th day after the end of each month: *And provided further*, That if by such date such handler has not received full payment for such month pursuant to § 974.74, he shall not be deemed to be in violation of this section if he reduces uniformly for all producers his payments per hundredweight by a total amount not in excess of the reduction in payment from the market administrator; however, the handler shall make such balance of payment uniformly to those producers to whom it is due on or before the date for making payments pursuant to this paragraph next following that on which such balance of payment is received from the market administrator.

§ 974.71 *Location adjustment to producers.* In making payments pursuant to § 974.70 a handler may deduct, with respect to producer milk received at a fluid milk plant located more than 40 miles from the Ohio State Capitol, Columbus, by shortest highway distance as determined by the market administrator not more than 17 cents per hundredweight.

§ 974.72 *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to § 974.73 and out of which he shall make all payments to handlers pursuant to § 974.74: *Provided*, That the market administrator shall offset any such payment due any handler against payments due from such handler.

§ 974.73 *Payments to the producer-settlement fund.* On or before the 12th day after the end of each month each handler shall pay to the market administrator the amount by which the total value computed for him pursuant to § 974.60 for such month is greater than the sum required to be paid by such handler pursuant to § 974.70.

§ 974.74 *Payments out of the producer-settlement fund.* On or before the 14th day after the end of each month, the market administrator shall pay to each handler the amount by which the sum required to be paid producers by such handler pursuant to § 974.70 is greater than the total value computed for him pursuant to § 974.60 for such month: *Provided*, That if the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available.

§ 974.75 *Adjustment of errors.* Whenever audit by the market administrator of the payment required to be made by a handler to a producer pursuant to § 974.70 discloses payment of less than is required, the handler shall make up such payment not later than the time for making payments pursuant to § 974.70 next following such disclosure.

§ 974.76 *Butterfat differential.* For each month the market administrator shall compute (to the nearest one-tenth cent) a butterfat differential by subtracting from the weighted average price per hundredweight of all butterfat from producer milk in Class II milk and Class III milk the weighted average price per hundredweight of all skim milk from producer milk in Class II milk and Class III milk and dividing the remainder by 1,000.

§ 974.77 *Expense of administration.* As his pro rata share of the expense incurred pursuant to § 974.22 (c) each handler shall pay the market administrator on or before the 12th day after the end of each delivery period 2 cents per hundredweight, or such lesser amount as the Secretary from time to time may prescribe, with respect to all receipts of skim milk and butterfat (except receipts from other handlers) in (a) producer milk and (b) other source milk at a fluid milk plant.

§ 974.78 *Marketing services.* Except as set forth in § 974.79, each handler for each delivery period shall deduct 5 cents per hundredweight or such amount not to exceed 5 cents as the Secretary may from time to time prescribe, from the payments made to each producer pursuant to § 974.70, and shall pay such deductions to the market administrator on or before the 12th day after the end of such delivery period. Such moneys shall be used by the market administrator to check weights, samples, and tests of producer milk received by handlers and to provide producers with market information, such services to be performed by the market administrator or by an agent engaged by and responsible to him.

§ 974.79 *Cooperative associations.* In the case of producers for whom a cooperative association which, as determined by the Secretary, has its entire activities under the control of its members and meets the standards set forth in the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," is actually performing, as determined by the Secretary, the services set forth in § 974.78, each handler shall make, in lieu of the deductions specified in § 974.78, such deductions from the payments to be made to such producers as may be authorized by the membership agreement or marketing contract between such cooperative association and such producers and, on or before the 12th day after the end of each delivery period, pay over such deductions to the cooperative association rendering such services.

EFFECTIVE TIME; SUSPENSION AND TERMINATION

§ 974.80 *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated, pursuant to § 974.81.

§ 974.81 *Suspension or termination.* The Secretary may suspend or terminate this order or any provision hereof, whenever he finds that this order or any provision hereof obstructs, or does not tend to effectuate the declared policy of the act. This order shall terminate, in any event, whenever the provisions of the act authorizing it cease to be in effect.

§ 974.82 *Continuing power and duty of the market administrator.* If, upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder, the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(a) The market administrator, or such other person as the Secretary may designate, shall (1) continue in such capacity until discharged by the Secretary, (2) from time to time account for all receipts and disbursements, and, when so directed by the Secretary, deliver all funds or property on hand, together with the books and records of the market administrator, or such person to such person as the Secretary may direct, and (3) if so directed by the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant hereto.

(b) Upon the suspension or termination of any or all provisions hereof, the market administrator, or such person as the Secretary may designate shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 974.90 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions hereof.

§ 974.91 *Producer-handlers.* Sections 974.50, 974.51, 974.52, 974.53, 974.54, 974.60, 974.61, 974.62, 974.70, 974.71, 974.73, 974.74, 974.75, 974.76, 974.77 and 974.78 shall not apply to a handler who handles only milk from his own farm production or received from other handlers.

§ 974.92 *Separability of provisions.* If any provision hereof, or its application to any person or circumstances, is held invalid, the application of such provision and of the remaining provisions hereof to other persons or circumstances shall not be affected thereby.

§ 974.93 *Termination of obligations.* The provisions of this section shall apply to any obligation under this order for the payment of money irrespective of when such obligation arose, except an obligation involved in an action instituted before August 1, 1949, under section 8c (15) (A) of the act or before a court.

(a) The obligation of any handler to pay money required to be paid under the terms of this order shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this order, to make available to the market administrator or his representatives all books and records required by this order to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section,

a handler's obligation under this order to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this order shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or setoff by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler, within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

NOTICES

FEDERAL POWER COMMISSION

[Docket No. G-1443]

OHIO FUEL GAS CO.

NOTICE OF APPLICATION

JULY 26, 1950.

Take notice that on July 19, 1950, Ohio Fuel Gas Company (Applicant), an Ohio corporation with its principal place of business in Columbus, Ohio, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following described facilities:

1. The construction and operation of approximately 12.7 miles of 12¾ inch O. D. natural gas transmission line, together with incidental facilities necessary for normal operation, such proposed facilities to extend from Applicant's Benton compressor station, Benton Township, Hocking County, Ohio, to a point of connection with its existing Line "C" near Hallsville in Colerain Township, Ross County, Ohio.

2. The subsequent removal of 15.7 miles of Applicant's 8⅝ inch and 10¾ inch O. D. Line "C" extending from its Crawford compressor station to the vicinity of Laurelville, Ohio.

Applicant seeks the above-described authorization stating that its Line "C" from Crawford compressor station to Chillicothe was constructed in 1895, is now badly deteriorated and corroded, and is susceptible of safe operation at pressures not in excess of 150 psig at Crawford station whereas to serve the peak load of 6.8 million cubic feet anticipated for the winter of 1950-51 with the present line would require 180 psig at that station.

Rather than replace the existing line in its present location, Applicant proposes to construct the new line from Benton, thereby requiring less construction, providing a direct connection with the Benton storage area and its Line R-501, and decreasing the total distance for market service.

The total estimated cost of construction for which authorization is sought will approximate $319,000. Applicant's parent, the Columbia Gas System, Inc., has by letter to the Applicant, agreed to provide or cause to be provided from other sources the necessary financing, the nature and terms of which will be subject to the jurisdiction of the Securities and Exchange Commission.

The application is on file with the Commission for public inspection. Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) before the 14th day of August 1950.

TEXAS EASTERN TRANSMISSION CO.

NOTICE OF APPLICATION

JULY 26, 1950.

Take notice that on July 7, 1950, Texas Eastern Transmission Company (Applicant), a Delaware corporation with its principal office at Shreveport, Louisiana, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following natural gas facilities:

Two 24-inch pipe lines, approximately 6,000 feet in length, extending from a point on the west bank of the Arkansas River, near the point where Applicant's present 24- and 20-inch pipelines cross the river at Little Rock, Arkansas, to a point on the east bank of the said river.

Applicant states that proposed facilities are necessary to safeguard against future "washouts" and to provide for continuous and uninterrupted service, that no new service will be rendered by the facilities proposed, and that the existing 24-inch pipeline has been washed out by the shifting river course.

The estimated total over-all capital cost of construction is $540,000, which is to be financed from funds on hand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.10) on or before the 14th day of August 1950. The application is on file with the Commission for public inspection.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2425]

CONSOLIDATED NATURAL GAS CO. AND EAST OHIO GAS CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 26th day of July A. D. 1950.

Consolidated Natural Gas Company ("Consolidated"), a registered holding company, and its subsidiary, The East Ohio Gas Company ("East Ohio"), having filed a joint application-declaration, pursuant to the provisions of sections 6 (b), 9 (a), 10, and 12 (f) of the Public Utility Holding Company Act of 1933 and Rule U-43 promulgated thereunder, with respect to the following proposed transaction:

East Ohio proposes to issue and sell to Consolidated and Consolidated proposes to acquire 25,000 additional shares of the common stock of East Ohio of a par value of $100 per share for a cash consideration of $2,500,000. Proceeds of the sale of common stock will be utilized by East Ohio to provide larger underground gas storage capacity, increase gas inventories, and enlarge its pipe line system. The proposed transaction has been approved by the Public Service Commission of Ohio.

Said joint application-declaration having been duly filed and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said joint application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and
